Grand Horoscope 2015 for Scarlett

Introduction

Astrological techniques, used for millennia and fine-tuned throughout centuries, provide information on events and feelings that we are likely to experience in different fields: affective life, social and professional life, financial life etc. Among astrological forecasting techniques, the Transit technique is the most commonly used worldwide and is deemed the most reliable one: it is precisely what we use for our Forecast Report.

The Transit technique superimposes the actual position of transiting planets of the period considered over the natal chart. Then, it analyzes all the aspects formed among transiting planets and natal strategic points, that is to say, mainly fast planets - the Sun, the Moon, Mercury, Venus, Mars - the Ascendant and the Medium Coeli.

The analysis of the nature of astrological aspects formed among transiting planets and the above-enumerated strategic points is carried out while taking into account the meaning of the planets involved, the exactness of the aspects and their location. This is how it becomes possible to establish a forecast report for a date but also for a sequence of dates or a period of time.

Each forecast text displays several pieces of information in its heading:

- a comment summing up the major trend of the period,
- the nature of the active transit, the planets involved and the type of major aspect (in forecasting, it is hazardous to use minor aspects),
- the period considered, with automatic spotting of the previously repeated transit, if any,
- 5 coloured stars point out an important forecast: the level of importance is computed on the basis of the duration of the transit and its nature. 4 or 5 coloured stars highlight an important period with possible concretely noticeable events. 3 stars indicate an average importance and 1 or 2 stars, a transient and less important influence. The red colour signals a period with tensions (please keep in mind that tensions are factors of progress and evolution and are not useless). The gold colour heralds a period of satisfaction, sometimes a passive one.

Introduction

Please, discover now your forecast for the period you ordered and keep in mind that, more than ever for this type of report, the stars incline but do not compel: astrology is a tool, the sole usefulness of which is to improve our life, to take advantage of harmonious periods or to step back during more sensitive periods. Astrology is not to be subjected to, but it is meant to be helpful.

Important note: some paragraphs are repeated several times. It is normal and deliberate for clarity's sake. Indeed, when they are seen from Earth, the stars, our system of reference in astrology, periodically move in the retrograde mode and therefore, they may contact sensitive points of your natal chart several times and produce exactly the same influences later on.

Now, here is one last remark about a possible blank paragraph in your Report. The description of your transits is given in the month corresponding to the date when the said transit start, and therefore, it is absolutely normal that, sometimes, a given month has no text displayed. You can rest assured that all twelve months were thoroughly analysed and interpreted and that nothing is overlooked. For instance, if a Pluto transit is active from September till December, its interpretation is displayed in the month of September only. October may contain no text if no other transit starts during this month. You can check on your Aspectarian the starting date and the duration of all your transits.

Your January Forecast

Wisdom, Renunciation and Construction

Conjunction ♄ Saturn AS Ascendant

★★★★★ Valid from Thursday 1 January till Wednesday 4 February included (particularly active on Saturday 3 January, the transit orb is 0')

Saturn takes almost thirty years to travel through the Zodiac. His action on your Ascendant, especially the conjunction, constitutes an important period and marks the beginning of a new cycle. You carry out an intense inner reflection. Saturn invites you to sobriety, sometimes, to renunciation. With obviously high demands, you seek a lifestyle that is more in line with your deep aspirations. In the process, you sweep away outdated habits that belong to the past and you build yourself a life setting that is more suitable to your heart of hearts. It is the time to take stock, to make a break and to get back to the essentials. You dismiss shams so as to dedicate yourself to safe values. In this context, you don't choose the easy way out and you prefer sound constructions and rigorous choices. As a result, the period may be quite stern but rich in potentialities and it offers new prospects to a future that you have to build step by step.

Constructive Clear-sightedness

Conjunction ♄ Saturn ☉ Sun

★★★★★ Valid from Thursday 1 January till Sunday 25 January included (particularly active on Thursday 1 January, the transit orb is 0°33')

Although some situations lend themselves to radical changes, some others, on the contrary, require rigour and consistency. A constructive phase is starting, not because everything is easy, but because you accept the difficulties inherent to your task. You are more realistic than ever and you display strong clear-sightedness. You experience a period marked by sound and considerate judgments. The success of your personal and professional undertakings stems from your rigorous management and not from opportunism. Outgrown elements are relegated to a position of secondary importance, to the benefit of the essentials: to manage your life according to your fundamental demands and to unavoidable constraints linked to the situation. In the best cases, you go straight to the point and you clearly look into your life. You mobilize and focus your energy on constructive objectives, without being lured by short-term considerations. You readily accept the sacrifices that are necessary to achieve your objectives. The present may suffer from your persistence to pursue a plan that is yet uncertain. It doesn't matter! You take the time needed to bring to a successful conclusion those very projects, which, in other times, you would have given up because you wanted to quickly reach your purposes. Presently, you disdain over-rated honours and easy successes and

Your Forecast

you steadfastly commit yourself to a long-term strategy. This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

Fruitful Contacts

Trine ♃ Jupiter ♀ Mercury

★★★★★ Valid from Thursday 1 January till Friday 23 January included (particularly active on Thursday 1 January, the transit orb is 0°03')

This period favours fruitful relations and useful dialogues. You easily mobilize your adaptation and insertion abilities. You display more diplomacy than ever, you make the most of your contacts and you make use of your improvisation skills. The influence favours any sensitive enterprise requiring persuasion powers. You charm and convince your entourage. Business or commercial initiatives are also protected... if your life context agrees, of course. You enjoy some degree of relaxation because you try to negotiate and dispel surrounding tensions. Social life prevails over individualism and personal plans. You are likely to make an encounter that offers new prospects, an agreement or a contract. In order to make the most of your current negotiations, you must constantly remain clear-sighted during your debates. Your open-mindedness may bring about amazing prospects. This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

Lively Talks

Sextile ♂ Mars ♀ Mercury

★★★★★ Valid from Thursday 1 January till Sunday 4 January included (particularly active on Thursday 1 January, the transit orb is 0°15')

You demonstrate an alert mind and a strong will. You take your decisions promptly and you implement them straight away. Your great mobility endows you with a formidable efficiency. Dialogues are lively and words, brilliant. It is hard to counter your arguments. During this period, you adjust amazingly well to complex surroundings and you know how to quickly impose your ideas. Straightforward explanations may break a deadlock. In the relationship department, the pace speeds up with an encounter leading to new prospects or a contact that proves helpful, here and now. It may also be the beginning of a dialogue or some initiative that requires a follow-up. In all cases, it seems interesting to pay special attention to any new relationship, although and particularly if you don't fully realize its importance yet. In the short or

Your Forecast

longer-term, contacts established during this period will yield nice fruits. Of course, it is up to you to make the first steps... This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

Hustle and Bustle

Square ♀ Mars ☾ Moon

★★★★★ Valid from Friday 2 January till Wednesday 7 January included (particularly active on Sunday 4 January, the transit orb is 0°2')

Tension is rising, particularly in your intimate sphere, and the atmosphere is getting quite electric. Your habits may be disrupted and your daily life sometimes seems restrictive. Your mood is affected during this period. You are irritable and you do not hesitate to raise your voice. Your first targets are your close friends and all the members of your intimate realm. Although it is possible that some events justify your bad language and behaviour, it is prudent to control the soaring fever... Otherwise, there may be a danger that you spark off quarrels and private conflicts. Another important point: this period may prove constructive in the end, if you relinquish laziness and inertia. Force of habit conflicts with needs and passions. Of course, tensions may lead to unsuspected perspectives and set you free. However, the vagaries of this period must be avoided and the balance of your private life must be kept under control, as much as possible. In short, it is all about finding your own pace of life. During this period, owing to the fact that the natal planet receiving this transit is in your 12th House, it is likely that, beyond or, in addition to the effects described above, you feel that the areas indicated by this House are affected: your inner self, ordeals, hidden enemies, sickness sometimes, but always with a prospect of evolution, solitude, some degree of isolation, whether it is chosen or imposed by the situation.

Wrong Timing

Square ♀ Mars ☉ Sun

★★★★★ Valid from Saturday 10 January till Thursday 15 January included (particularly active on Monday 12 January, the transit orb is 0°15')

Heroism is valuable, provided it is relevant to the situation. Otherwise, your attitudes, as honest and direct as they may be, may only worsen existing tensions. Things speed up and if the situation is stuck, you manage to forcefully break the deadlock. You lack neither energy nor fighting spirit. But it is likely that you will often take action at an inopportune moment and be carried away by impulsive and thoughtless initiatives. Therefore, this period may be filled with regrettable incidents. You are prone to make blunders.

Your Forecast

Beware of clumsiness, take advantage of your punch and your fighting spirit but don't start anything that cannot be undone and don't handle your entourage roughly. More than ever, you must calm things down and dispel misunderstandings because an uncontrolled skid is bound to happen. Do not get carried away by any provocation, or by your own determination to sort out problems and to put an end to disputes once for all. Other periods are more suitable for these final settlements... For the time being, try to make use of your exacerbated fighting spirit as wisely as possible. This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

Patience and Tenacity

Sextile ♃ Saturn ♂ Mars

★★★★★ Valid from Thursday 22 January till Thursday 7 May included (particularly active from Tuesday 10 March till Tuesday 10 March, the transit orb is 0.08')

You demonstrate tenacity in your activities. This period favours long-term enterprises and projects requiring patience and persistence. Your strength lies in your capacity to adjust to difficult circumstances. You reach your aims without shrinking from effort, without allowing hurdles to dishearten you. You leave to others the easy task to accomplish hit-and-run actions, as you prefer to entirely dedicate yourself to achieving objectives you have pondered over at length. This period is excellent for brand new experiences, just "to see". It is also the good moment to test people whose motivations you don't know yet. You behave empirically but efficiently and you don't need sophisticated concepts or complicated reflection, since your attitudes are dictated by facts. You cope with all possible pitfalls and you calmly resist external pressures. More than ever, you feel that you are able to tackle all upcoming crises, to get out of the rut and to handle your life without being overwhelmed by events. The natal planet involved in the transit is in your 2nd House. It is directly linked to the way you make a living, your personal finances, your income and the money you earn. Therefore, it is likely that this period coincides with a modification of your material life.

Exalted Feelings

Sextile ♂ Mars ♀ Venus

★★★★★ Valid from Thursday 22 January till Tuesday 27 January included (particularly active on Sunday 25 January, the transit orb is 0°04')

You successfully mobilize all your affective and instinctive resources and you let your sensitivity guide your decisions and your actions. Moods prevail over

reason. During this period, you should take advantage of the exaltation of your vital forces. You feel the desire to intensely experience each instant and to give your awakened feelings free rein. You may be tempted by passionate love or any other adventure that includes a fair share of thrills. You give your affectivity a new impetus, you express your passions with force and fieriness and you can tell whom you really love. You may experience an encounter that changes the nature of your love life and contrasts sharply with your habits. It may also be an opportunity to reveal your essential desires and to overcome some limitations. More than ever, you display an amazing sincerity and you do not seek anything but a life in harmony with your affective aspirations. The natal planet involved in the transit is in your 2nd House. It is directly linked to the way you make a living, your personal finances, your income and the money you earn. Therefore, it is likely that this period coincides with a modification of your material life.

Dynamism (excessive?) in Your Family Environment

Conjunction ♀ Mars FC Nadir

★★★★★ Valid from Friday 30 January till Thursday 5 February included (particularly active on Monday 2 February, the transit orb is 0°03')

You decide to fight hard in order to improve your intimate life setting. Once again, your home must turn into the place where you go back to your roots and where you recover your forces. To that aim, a straightforward explanation may be necessary... You are up against the wall and you cannot repress any longer your need for clarification. While you remain on the defensive, you start a constructive dialogue, which is likely to allow, later, to break the deadlock and to discover a context respectful of your fundamental bases. In the meantime, tread carefully because people get worked up more than quickly!

Your February Forecast

Beware of Blunders

Square ♀ Mars ♀ Mercury

★★★★★ Valid from Friday 6 February till Wednesday 11 February included (particularly active on Monday 9 February, the transit orb is 0°1')

Electricity can be felt in the air! Your impulsiveness does not facilitate smooth relations and contacts. You are prone to verbal clumsiness and thoughtless actions. Your state of mind brings about criticisms and controversy. If you cannot take action, you will probably demonstrate verbal violence. If, on the contrary, you cannot explain yourself honestly, your foolish actions will

Your Forecast

probably provoke forceful events. Beware of all kinds of blunders! It is certain that this climate favours latent conflicts that are likely to break out in broad daylight, forcing straightforward and constructive explanations to take place. But as we all know, settling of scores is not devoid of danger. For instance, there is the danger to overstep the line, at least verbally, and to utter loud and clear words that you had better kept to yourself. Therefore, even though you feel the urge to interfere, you must control yourself and strive to count to ten before you shout out words that cause irreversible harm. This is how you can get the best of this planetary configuration: straightforwardness that dispels many a misunderstanding. This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

Renewed Personal Balance

Trine  Mars  Moon

★★★★★ Valid from Monday 9 February till Sunday 15 February included (particularly active on Thursday 12 February, the transit orb is 0°04')

During this period, events are likely to concern your domestic sphere, your habits and your major bases. Anything involving your private life will be particularly highlighted. Whether you have to sort out a personal problem or to take an action related to your family life, you display a great deal of energy. You find the strength needed to get a situation out of the rut. In order to make your intimate realm evolve the way you want it to, action is more efficient than words. The situation develops quickly, very quickly. Facts prompt you to respond and to adjust your pace and your behaviours to the constraints of a situation that is new to you, in many respects. A chief preoccupation: how is it possible for you to feel at ease and to be in good shape? You try to find a balance between your peace of mind and your cravings, between your desire for quietness and your need to have your desires fulfilled in an intense way. This may be a very good time to improve your daily life... in sheer simplicity. You do not allow anyone or anything to hinder your efforts towards a new personal balance. During this period, owing to the fact that the natal planet receiving this transit is in your 12th House, it is likely that, beyond or, in addition to the effects described above, you feel that the areas indicated by this House are affected: your inner self, ordeals, hidden enemies, sickness sometimes, but always with a prospect of evolution, solitude, some degree of isolation, whether it is chosen or imposed by the situation.

Trial of Strength

Trine ♀ Mars ☉ Sun

★★★★★ Valid from Tuesday 17 February till Monday 23 February included (particularly active on Friday 20 February, the transit orb is 0°04')

There is a touch of heroism in your attitude... You display dynamism and an enterprising spirit. You try to implement your projects and to take action in areas where, so far, you have been nurturing your plans only. Far from yesterday's renunciation, you can mobilize your energy as much as you like. Should events impose trials of strength on you, it is very likely that you will be able to cope with them. Instead of harming you, confrontations reinforce your position and allow you to assert your choices. If your situation is stuck or slowed down by external forces, you must take action and face adversity. It is important that you achieve what you have not dared to undertake, so far. This is a constructive period, even though you must confront the facts and prove yourself. With this configuration, the only danger may be that you overestimate your strength and you set out to conquer an objective that is still inaccessible. But the will to do and dare may brush aside many doubts and suppress reservations and limitations that used to paralyse your life. This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

Conquering Spirit

Sextile ♀ Mars ♀ Mars

★★★★★ Valid from Tuesday 24 February till Sunday 1 March included (particularly active on Thursday 26 February, the transit orb is 0°01')

It is the moment to take action. Not under any circumstance, nor upstream. Whether it is granted to you or you provoke it, you have the opportunity to highlight your dynamism without gratuitously offending your entourage. This is how you can best manage trials of strength. If you want to settle the scores without causing irreversible harm, it's now or never. When it is fully controlled, a forceful action proves quite an irresistible asset! Your conquering spirit often opens the path to new possibilities. If you find it hard to get out of the rut, it is now a good time to attempt a healthy confrontation and to "take the bull by its horns". Should the context be calmer, you can take advantage of this planetary configuration through audacity and boldness. Do not hesitate to face up to things and accept challenges. The natal planet involved in the transit is in your 2nd House. It is directly linked to the way you make a living, your personal finances, your income and the money you earn. Therefore, it is likely that this period coincides with a modification of your material life.

Your March Forecast

Explosive Temper

Square ♂ Mars ♀ Venus

★★★★★ Valid from Monday 2 March till Saturday 7 March included (particularly active on Thursday 5 March, the transit orb is 0°1')

You display strong impulsiveness. Your sensitivity all on edge may turn your life setting into battlefields! If you are a thrill-lover, you will certainly get what you want. Perhaps a bit too much, if you give free rein to your whimsical moods and your explosive temper. Your exacerbated sensuality may seduce your partner. However, the violence of your feelings gives you no respite. During this period, your instincts override reason. For better and probably for worse. Sensual exaltation turns into outrageousness. It is likely that you listen to the sole intoxication of transient love or feelings. Hearts are pounding wildly. This heated climate is very good for putting an end to a monotonous life devoid of adventure and to a meaningless love. Romanticism becomes impetuous and prevails. One knows that love lives on passion and fevers. The natal planet involved in the transit is in your 2nd House. It is directly linked to the way you make a living, your personal finances, your income and the money you earn. Therefore, it is likely that this period coincides with a modification of your material life.

A Heart Open to the Unknown

Sextile ♃ Neptune ♀ Venus

★★★★★ Valid from Sunday 15 March till Friday 18 September included (particularly active from Friday 5 June till Friday 5 June, the transit orb is 0.24')

Neptune and Venus have in common that they involve the core part of our affectivity. With the difference that for Venus, affections are primarily memories and models, whereas Neptune radically changes their nature. You don't love any more what is available, and even lesser, what you know. With your "heart open to the unknown", you discover love's new dimension that is as unavoidable as difficult to express. "There's nothing I can do"... Your romantic life unfolds as an odd dream. Love coming from elsewhere plays tricks on you! You follow your heart's impulses in an idyllic climate, far from the ordinary constraints of reality. You exude a peculiar, discreet and subtle charm that is the source of your disconcerting sensitiveness. It is likely that moments of intense excitement are in store. But this paradise may be too good to be true. Because your motivations are totally sincere and they don't match facts or conventions, the danger may be that you let yourself be carried away in a dream without future. Clear-sightedness is absolutely needed, here as elsewhere. However, for many of you, this period is the opportunity to discover the magical, implacable and essential aspects of your affectivity.

Your Forecast

Some degree of letting-go is the only way to be fully sensitized to the unknown and to allow all potentialities to arise. The natal planet involved in the transit is in your 2nd House. It is directly linked to the way you make a living, your personal finances, your income and the money you earn. Therefore, it is likely that this period coincides with a modification of your material life.

Lively Talks

Trine ♀ Mars ♀ Mercury

★★★★★ Valid from Wednesday 18 March till Monday 23 March included (particularly active on Friday 20 March, the transit orb is 0°03')

This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

Your April Forecast

Uncontrolled Skid

Square ♀ Mars ♀ Mars

★★★★★ Valid from Saturday 4 April till Friday 10 April included (particularly active on Tuesday 7 April, the transit orb is 0')

There is a storm brewing... This period lends itself to all sorts of skids and exaggerations. Therefore, you must not let your impulsiveness prevail over reason. Of course, there are times when a forceful action bears fruit and when the situation requires strong determination. However, don't overdo. Hastening the course of events does not seem to be the best solution. A bit of moderation will turn your dogged determination to win into an efficient tool.

Your Forecast

You may feel the urge to make a firm and final intervention. Nevertheless, as it is well-known, vehemence is a double-edged weapon. It can clear the air in case of dormant conflicts, but it can also speed up a vicious circle process where provocations and reactions follow one another. It is wiser to wait for an upswing before you attempt to settle the scores... The natal planet involved in the transit is in your 2nd House. It is directly linked to the way you make a living, your personal finances, your income and the money you earn. Therefore, it is likely that this period coincides with a modification of your material life.

Exalted Feelings

Trine ♂ Mars ♀ Venus

Outgrown elements are relegated to a position of secondary importance, to the benefit of the essentials: to manage your life according to your fundamental demands and to unavoidable constraints linked to the situation. In the best cases, you go straight to the point and you clearly look into your life. You mobilize and focus your energy on constructive objectives, without being lured by short-term considerations. You readily accept the sacrifices that are necessary to achieve your objectives. The present may suffer from your persistence to pursue a plan that is yet uncertain. It doesn't matter! You take the time needed to bring to a successful conclusion those very projects, which, in other times, you would have given up because you wanted to quickly reach your purposes. Presently, you disdain over-rated honours and easy successes and you steadfastly commit yourself to a long-term strategy. This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

Wrong Timing

Opposition ♂ Mars ☉ Sun

★★★☆☆ Valid from Saturday 9 May till Friday 15 May included (particularly active on Tuesday 12 May, the transit orb is 0°04')

Heroism is valuable, provided it is relevant to the situation. Otherwise, your attitudes, as honest and direct as they may be, may only worsen existing tensions. Things speed up and if the situation is stuck, you manage to forcefully break the deadlock. You lack neither energy nor fighting spirit. But it is likely that you will often take action at an inopportune moment and be carried away by impulsive and thoughtless initiatives. Therefore, this period may be filled with regrettable incidents. You are prone to make blunders.

Your Forecast

Beware of clumsiness, take advantage of your punch and your fighting spirit but don't start anything that cannot be undone and don't handle your entourage roughly. More than ever, you must calm things down and dispel misunderstandings because an uncontrolled skid is bound to happen. Do not get carried away by any provocation, or by your own determination to sort out problems and to put an end to disputes once for all. Other periods are more suitable for these final settlements... For the time being, try to make use of your exacerbated fighting spirit as wisely as possible. This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

It is the right time to negotiate a deal that serves your interests, to champion your objectives and get a contract that matches the demands of the moment. The energy you display earns you the admiration of your entourage and... wears them out! You move quickly, you are present on all fronts and you disconcert your partners. Will you keep up the same tension during the coming weeks? In any case, the efficiency of your actions is undeniable and it can only break a deadlock in a situation you find too static. You wield fighting spirit and the art of diplomacy with cleverness...

Your June Forecast

Original solutions

Trine ♃ Uranus ♀ Mercury

★★★★★ Valid from Friday 5 June till Wednesday 16 September included (particularly active from Tuesday 21 July till Tuesday 21 July, the transit orb is 1.16')

Events prompt you to opt for an original course of action and to find unexpected solutions. In a split second, you seize opportunities, be it a useful information, an enriching encounter or an idea coming out of nowhere. Apparently fanciful or fringe attitudes may turn out to be the most efficient ones. With a tiny touch of madness, but very tiny only, you will amaze your entourage and perhaps, you will be amazed yourself. You use a new language that matches your aspirations. Lively debates are to be expected as you are certain of your arguments and you initiate dialogues with a view to convincing and asserting your choices. Yesterday's hesitations give way to an unwavering will to assert your convictions and to tell outloud your inner certainties, even if it means hurting your entourage and upsetting commonplaces! This is a very good period for gaining more autonomy and experiencing a personal and independent path. In this regard, your encounters are likely to prove valuable and your meetings, decisive. This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

Beware of Blunders

Opposition ♂ Mars ♀ Mercury

★★★☆☆ Valid from Tuesday 9 June till Monday 15 June included (particularly active on Friday 12 June, the transit orb is 0°03')

Electricity can be felt in the air! Your impulsiveness does not facilitate smooth relations and contacts. You are prone to verbal clumsiness and thoughtless actions. Your state of mind brings about criticisms and controversy. If you cannot take action, you will probably demonstrate verbal violence. If, on the contrary, you cannot explain yourself honestly, your foolish actions will probably provoke forceful events. Beware of all kinds of blunders! It is certain that this climate favours latent conflicts that are likely to break out in broad daylight, forcing straightforward and constructive explanations to take place.

But as we all know, settling of scores is not devoid of danger. For instance, there is the danger to overstep the line, at least verbally, and to utter loud and clear words that you had better kept to yourself. Therefore, even though you feel the urge to interfere, you must control yourself and strive to count to ten before you shout out words that cause irreversible harm. This is how you can get the best of this planetary configuration: straightforwardness that dispels many a misunderstanding. This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

This period favours fruitful relations and useful dialogues. You easily mobilize your adaptation and insertion abilities. You display more diplomacy than ever, you make the most of your contacts and you make use of your improvisation skills. The influence favours any sensitive enterprise requiring persuasion powers. You charm and convince your entourage. Business or commercial initiatives are also protected... if your life context agrees, of course. You enjoy some degree of relaxation because you try to negotiate and dispel surrounding tensions. Social life prevails over individualism and personal plans. You are likely to make an encounter that offers new prospects, an agreement or a contract. In order to make the most of your current negotiations, you must constantly remain clear-sighted during your debates. Your open-mindedness may bring about amazing prospects. This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

Your July Forecast

Illusory Improvement

Square ♃ Jupiter ☾ Moon

★★★★★ Valid from Thursday 2 July till Saturday 25 July included (particularly active on Tuesday 14 July, the transit orb is 0°01')

As you are looking for a different life pace and a lifestyle offering more conveniences, you may be lured into apparent and illusory easiness. Peace of mind has got a cost... how is it possible to spend without wasting, to increase one's comfort without disrupting the surrounding balance? Indeed, you seek more comfort, "more and immediately". However, events may prove you wrong. You want to get rid of complications, once for all. Fine. But are your solutions relevant? You should ask yourself this question before you get entangled into some sort of bulimia for betterment that may harm your private life, in the end. You expect too much from the situation. It is advisable that you choose a long-term perspective, forget attractive but illusory solutions and only keep the essentials: a genuine improvement based on a lifestyle in harmony with your rhythms and your heart of hearts. It is this clear-sightedness that will allow you to thwart the traps of this planetary configuration: casualness, sacrifice of major values for the sake of transient quietness and uncertain opportunities. During this period, owing to the fact that the natal planet receiving this transit is in your 12th House, it is likely that, beyond or, in addition to the effects described above, you feel that the areas indicated by this House are affected: your inner self, ordeals, hidden enemies, sickness sometimes, but always with a prospect of evolution, solitude, some degree of isolation, whether it is chosen or imposed by the situation.

Explosive Temper

Opposition ♂ Mars ♀ Venus

★★★★★ Valid from Monday 6 July till Monday 13 July included (particularly active on Thursday 9 July, the transit orb is 0°11')

You display strong impulsiveness. Your sensitivity all on edge may turn your life setting into battlefields! If you are a thrill-lover, you will certainly get what you want. Perhaps a bit too much, if you give free rein to your whimsical moods and your explosive temper. Your exacerbated sensuality may seduce your partner. However, the violence of your feelings gives you no respite. During this period, your instincts override reason. For better and probably for worse. Sensual exaltation turns into outrageousness. It is likely that you listen to the sole intoxication of transient love or feelings. Hearts are pounding wildly. This heated climate is very good for putting an end to a monotonous life devoid of adventure and to a meaningless love. Romanticism becomes

impetuous and prevails. One knows that love lives on passion and fevers. The natal planet involved in the transit is in your 2nd House. It is directly linked to the way you make a living, your personal finances, your income and the money you earn. Therefore, it is likely that this period coincides with a modification of your material life.

During this period, events are likely to concern your domestic sphere, your habits and your major bases. Anything involving your private life will be particularly highlighted. Whether you have to sort out a personal problem or to take an action related to your family life, you display a great deal of energy. You find the strength needed to get a situation out of the rut. In order to make your intimate realm evolve the way you want it to, action is more efficient than words. The situation develops quickly, very quickly. Facts prompt you to respond and to adjust your pace and your behaviours to the constraints of a situation that is new to you, in many respects. A chief preoccupation: how is it possible for you to feel at ease and to be in good shape? You try to find a balance between your peace of mind and your cravings, between your desire for quietness and your need to have your desires fulfilled in an intense way. This may be a very good time to improve your daily life... in sheer simplicity. You do not allow anyone or anything to hinder your efforts towards a new personal balance. During this period, owing to the fact that the natal planet receiving this transit is in your 12th House, it is likely that, beyond or, in addition to the effects described above, you feel that the areas indicated by this House are affected: your inner self, ordeals, hidden enemies, sickness sometimes, but always with a prospect of evolution, solitude, some degree of isolation, whether it is chosen or imposed by the situation.

Your August Forecast

Excesses of All Sorts

Square ♃ Jupiter ☉ Sun

★★★★★ Valid from Sunday 2 August till Sunday 23 August included (particularly active on Thursday 13 August, the transit orb is 0°04')

During this period, you are driven by the determination to reach a new social and professional level: you may try to seize a power that has been so far out of your reach. You may also be willing to make use of your interpersonal assets in order to achieve an objective you have been coveting for a long time. It is certain that your ambitions contribute to have many doors flung open. However, delusions abound and outcomes are uncertain... When it is not well integrated, this planetary configuration prompts you to overdo, although the situation forbids forceful initiatives. Excesses of all sorts appeal to you! You will not miss a single opportunity to have your qualities highlighted. Nevertheless, your actions and your judgments reveal your true self. You may go through a period of euphoria during which you are lured by a fantastic proposal or an inordinate project. You believe in the impossible and in mirages. It's make or break time. More often than not, it breaks. Your dreams and ambitions collide with an implacable reality. But faith can move mountains. A point remains to be considered, though: it will be difficult for you to reconcile your ideals with your actions, to respect moral standards and ethics that are deeply rooted in you and to face up to the constraints imposed by circumstances. Your public image may be tarnished... The end does not justify all the means that you feel you are able to mobilize. This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

Trial of Strength

Trine ♂ Mars ☉ Sun

★★★★★ Valid from Thursday 6 August till Wednesday 12 August included, this transit is repeated: it previously occurred from 17 February till 23 February (particularly active on Sunday 9 August, the transit orb is 0')

There is a touch of heroism in your attitude... You display dynamism and an enterprising spirit. You try to implement your projects and to take action in areas where, so far, you have been nurturing your plans only. Far from yesterday's renunciation, you can mobilize your energy as much as you like. Should events impose trials of strength on you, it is very likely that you will be able to cope with them. Instead of harming you, confrontations reinforce your position and allow you to assert your choices. If your situation is stuck or

Your Forecast

slowed down by external forces, you must take action and face adversity. It is important that you achieve what you have not dared to undertake, so far. This is a constructive period, even though you must confront the facts and prove yourself. With this configuration, the only danger may be that you overestimate your strength and you set out to conquer an objective that is still inaccessible. But the will to do and dare may brush aside many doubts and suppress reservations and limitations that used to paralyse your life. This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

Uncontrolled Skid

Opposition ♀ Mars ♀ Mars

★★★★ Valid from Thursday 13 August till Thursday 20 August included (particularly active on Sunday 16 August, the transit orb is 0°1')

There is a storm brewing... This period lends itself to all sorts of skids and exaggerations. Therefore, you must not let your impulsiveness prevail over reason. Of course, there are times when a forceful action bears fruit and when the situation requires strong determination. However, don't overdo. Hastening the course of events does not seem to be the best solution. A bit of moderation will turn your dogged determination to win into an efficient tool. You may feel the urge to make a firm and final intervention. Nevertheless, as it is well-known, vehemence is a double-edged weapon. It can clear the air in case of dormant conflicts, but it can also speed up a vicious circle process where provocations and reactions follow one another. It is wiser to wait for an upswing before you attempt to settle the scores... The natal planet involved in the transit is in your 2nd House. It is directly linked to the way you make a living, your personal finances, your income and the money you earn. Therefore, it is likely that this period coincides with a modification of your material life.

Trine ♃ Jupiter ♀ Venus

★★★★★ Valid from Thursday 17 September till Thursday 8 October included (particularly active on Sunday 27 September, the transit orb is 0°05')

This planetary configuration is well thought of. It suggests a fruitful stage in romance that is favourable to some sort of legalization (such as getting married) or to perfect bliss. However, this interpretation must be relativized: of course, your forte lies in your seductive abilities and your capacity to adjust your desires to the constraints of the moment. Although feelings are wild, you don't lose the sense of realities. Therefore, more than usual, you arouse a sympathy for which you are willing to compromise. In most cases, you discover in yourself a new interest for socializing. You may seek easy contacts, sometimes in superficial ways. Love has got a price and you are ready to pay. The danger may be that you accept several concessions that turn out to be impossible to bear in the long run. The euphoria of the moment must be carefully balanced. Finally, this period is excellent for expressing (Jupiter is the planet of language) your feelings (Venus) and translating your heart's reasons into actions. The natal planet involved in the transit is in your 2nd House. It is directly linked to the way you make a living, your personal finances, your income and the money you earn. Therefore, it is likely that this period coincides with a modification of your material life.

Conclusion

In astrology, the level of accuracy and importance of events forecast depends on repetitions or development of aspects found in the natal chart. It is crucial to understand one's assets and weaknesses on the basis of one's natal chart. Indeed, when dealing with transits, the phenomenon of resonance considerably increases the probabilities for any given event to actually take place.

For instance, transiting Jupiter over your natal Sun will have a more potent influence if, in your natal chart, there is an aspect linking the two planets. This principle holds true regardless of the nature of the aspect, whether it is hard or soft.

Therefore, it is important and even crucial that your natal chart or your astrological portrait be thoroughly understood in order to appreciate the validity of the Forecast established for the current year. This is all the more true whenever software programmes are used, as in the case of the current Report. As you order your Comprehensive Astrological Portrait (35 to 40 pages, comprising your Personality Report with dominants and planetary repartitions, your detailed psychological portrait etc., delivered into your e-mail within a few seconds) you become able to make the most of your Forecast and to take into account all the riches of your personality's facets.

Re-reading your Forecast and heeding our pieces of advice always prove helpful: astrology discloses a great deal of secrets to those who can observe. The game is worth it. Always keep in mind that you are dealing with a climate, a tendency or a probability, never with fate, and that enterprising spirit and willpower play the most prominent part. Indeed, the best planetary influence in the world won't bring about any concrete event if there is no willingness and action to support it. And conversely, potential dangers indicated in your Forecast can be weakened or cancelled, provided that you remain calm, that you step back and understand how some ordeals can benefit you, be it only spiritually, which means asking real questions about life's purpose, as well as making progress in order to find the answers.

An overall remark that can be helpful: never forget that the fact that you know your upcoming planetary climate must never become a burden. Astrology is at the service of the human being and, under no circumstances, must the information provided trouble you. The objective, in each and every case, is to render a service, to help you become stronger, if necessary, to relativize things or on the contrary, to boost your energy.

Astrology allows us to realize that everything is part of a cycle and that everything has got ups-and-downs. Therefore, beyond the events that you learn to experience, and based on your knowledge of upcoming influences, the most important thing, far from all worldly contingencies, satisfactions or

disappointments, is to understand who you are and what you want to do with you life. For instance, you may wonder about the nature of your constantly changing and troubled thoughts and realize that You are... uphill from them. The differentiation between your consciousness of being and your thoughts is the first step towards a spiritual quest.

Through the visualisation and concrete observation of endless ups-and-downs, or cycles, that are imposed on us, astrology allows to put experiences in perspective and to pass a step uphill, towards a more authentic reality: it is, indeed, a wonderful side effect of the practice of astrology.
