Detailed Summer Forecast from 1 July till 30 September for Scarlett

Introduction

Astrological techniques, used for millennia and fine-tuned throughout centuries, provide information on events and feelings that we are likely to experience in different fields: affective life, social and professional life, financial life etc. Among astrological forecasting techniques, the Transit technique is the most commonly used worldwide and is deemed the most reliable one: it is precisely what we use for our Forecast Report.

The Transit technique superimposes the actual position of transiting planets of the period considered over the natal chart. Then, it analyzes all the aspects formed among transiting planets and natal strategic points, that is to say, mainly fast planets - the Sun, the Moon, Mercury, Venus, Mars - the Ascendant and the Medium Coeli.

Each forecast text displays several pieces of information in its heading:

- a comment summing up the major trend of the period,
- the nature of the active transit, the planets involved and the type of major aspect (in forecasting, it is hazardous to use minor aspects),
- the period considered, with automatic spotting of the previously repeated transit, if any,
- 5 coloured stars point out an important forecast: the level of importance is computed on the basis of the duration of the transit and its nature. 4 or 5 coloured stars highlight an important period with possible concretely noticeable events. 3 stars indicate an average importance and 1 or 2 stars, a transient and less important influence. The red colour signals a period with tensions (please keep in mind that tensions are factors of progress and evolution and are not useless). The gold colour heralds a period of satisfaction, sometimes a passive one.

Our Detailed Forecast takes into account "slow transits", considered to be the most important ones because they are long lasting and produced by slow planets, as well as "fast transits", i.e. those of the Moon, Mercury, Venus and

Introduction

the Sun. It implies that our Report provides you at the same time with predictions and with a valuable diary of possible minor events and experiences: it constitutes the most detailed delineation that can be carried out in terms of forecasting.

It is important to understand that slow transits are the real mainspring of the climate that you are going to experience, whereas fast transits bring about minor fluctuations only, although sometimes very active. It is the reason why the titles of the texts introducing slow transits are underlined, which is not the case for fast transits, since the latter can only alter the nature of the event forecasted and can never produce it. Therefore, fast transits must be considered as nothing more than complements to major slow transits influences.

Please, discover now your forecast for the period you ordered and keep in mind that, more than ever for this type of report, the stars incline but do not compel: astrology is a tool, the sole usefulness of which is to improve our life, to take advantage of harmonious periods or to step back during more sensitive periods. Astrology is not to be subjected to, but it is meant to be helpful.

Important note: some paragraphs are repeated several times. It is normal and deliberate for clarity's sake. Indeed, when they are seen from Earth, the stars, our system of reference in astrology, periodically move in the retrograde mode and therefore, they may contact sensitive points of your natal chart several times and produce exactly the same influences later on.

Your July Forecast

★ Amorous Subtleties and Potential Passion

Conjunction ♃ Pluto ♀ Venus

★★★★★ Valid from Monday 1 July till Monday 30 September included (particularly active on Thursday 4 July and on Friday 5 July, the transit orb is 0')

When the god of the Underworld sets about Venus, does love become diabolical? Not necessarily. But it may be dreadful for your acquaintances. Your affectivity changes in a discreet but deep, subtle and imperceptible way. You gain in clear-sightedness what you lose in naivety and innocence. Now, you can grasp what is really at stake in your couple's relationship. Love does not exactly mean the same thing any more, nor does it have the same dimension. You successfully handle your sensitivity without believing in romantic mirages, without being fooled by simplistic affectivity. You are sensitive to the underlying dimension of relationships and you deeply understand the stakes that are often beyond "ordinary people". This may be the reason behind your attitude that is more complex than before, and more paradoxical too. You take malicious pleasure in playing with fire, all the more so because you believe that you have the situation under your control and that you know its machinery. The danger is that you may be wrong, of course. But the game is worth it... More than ever, the essential and invisible spark of love is in your heart. The natal planet involved in the transit is in your 2nd House. It is directly linked to the way you make a living, your personal finances, your income and the money you earn. Therefore, it is likely that this period coincides with a modification of your material life.

Minor Romantic Gap

Opposition ☉ Sun ♀ Venus

★☆☆☆☆ Valid from Monday 1 July till Thursday 4 July included (particularly active on Monday 1 July, the transit orb is 0°21')

Is your partner unable to take a decision? This is something you quite rightly find irritating! However, it is wise to postpone an explanation. Give time to people who don't share your reasons to force destiny's unfoldment. In love, one must know to give in and lose some ground in order to be revived later on. Indeed, it is your demand that is at stake: love does not always seem to you an idyllic model since desires and aspirations sometimes clash. The natal planet involved in the transit is in your 2nd House. It is directly linked to the way you make a living, your personal finances, your income and the money you earn. Therefore, it is likely that this period coincides with a modification of your material life.

★ Beware of Blunders

Opposition ♀ Mars ♂ Mercury

★★★★★ Valid from Monday 1 July till Thursday 4 July included (particularly active on Monday 1 July, the transit orb is 0°01')

Electricity can be felt in the air! Your impulsiveness does not facilitate smooth relations and contacts. You are prone to verbal clumsiness and thoughtless actions. Your state of mind brings about criticisms and controversy. If you cannot take action, you will probably demonstrate verbal violence. If, on the contrary, you cannot explain yourself honestly, your foolish actions will probably provoke forceful events. Beware of all kinds of blunders! It is certain that this climate favours latent conflicts that are likely to break out in broad daylight, forcing straightforward and constructive explanations to take place. But as we all know, settling of scores is not devoid of danger. For instance, there is the danger to overstep the line, at least verbally, and to utter loud and clear words that you had better kept to yourself. Therefore, even though you feel the urge to interfere, you must control yourself and strive to count to ten before you shout out words that cause irreversible harm. This is how you can get the best of this planetary configuration: straightforwardness that dispels many a misunderstanding. This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

Romantic Outburst of Anger: Caution

Opposition ♀ Venus ♂ Mars

★★★★★ Valid from Monday 1 July till Wednesday 3 July included (particularly active on Monday 1 July, the transit orb is 0°24')

In the love department, electricity is in the air! Admit that you never overlook your partner's slightest mistake and that you are often irritated... You are now extremely annoyed by some traits of behaviour, whereas you readily accepted them so far. Your pernickety side surprises your entourage. It is, perhaps, a way to make your couple's life evolve. The positive feature of this influence remains: extreme passion, desire for unrestrained emotions, hearts pounding wildly... The natal planet involved in the transit is in your 2nd House. It is directly linked to the way you make a living, your personal finances, your income and the money you earn. Therefore, it is likely that this period coincides with a modification of your material life.

★ The Lesson from Experience

Square ♄ Saturn ♂ Mars

★★★★★ Valid from Monday 1 July till Tuesday 3 September included (particularly active on Thursday 25 July, the transit orb is 0')

During this period, your impetus and your projects may be impeded. Events complicate the situation and outcomes are delayed. In some cases, this may concern the relationship with your suitor if you have any, since Mars symbolises the lover in a female chart. You are overwhelmed by self-doubt and you think twice before taking action. You dread confrontations and traps and you may miss the target because you are scared to move forward. Of course, this relative paralysis is not unavoidable but you have to show courage and discernment in order to achieve your objectives. This period may prove constructive if you can draw the lesson from experiences and take into account the implacable reality, whose strength you underestimated. Facts underline the boundaries that from now on you must not ignore, lest you undergo setbacks. Some ordeals are indispensable and some unsuccessful attempts lead to growth. What is currently at stake seems to be confrontation with life, adjustment to your context, with its flaws and limitations, but also with its resources. Pragmatism is the top priority: concepts, dreams and ideals must not lead you to forget reality and tangible, inescapable events. The natal planet involved in the transit is in your 2nd House. It is directly linked to the way you make a living, your personal finances, your income and the money you earn. Therefore, it is likely that this period coincides with a modification of your material life.

Intellectual Fertility

Trine ♀ Mercury ☾ Moon

★★★★★ Valid from Monday 1 July till Tuesday 2 July included (particularly active on Monday 1 July, the transit orb is 2')

Imagination is back in full force. It is an excellent day for exchanging ideas and viewpoints. A few interesting debates may give birth to a very attractive project that makes you dream, in a period that is far too serious to you! A dawning hope has every chance to develop and bear fruit in the near future... Your intellectual fertility is obvious and it seems that you live on all the pieces of information provided by your more than ever conducive environment. In this context, curiosity is the most charming flaw. During this period, owing to the fact that the natal planet receiving this transit is in your 12th House, it is likely that, beyond or, in addition to the effects described above, you feel that the areas indicated by this House are affected: your inner self, ordeals, hidden enemies, sickness sometimes, but always with a prospect of evolution, solitude, some degree of isolation, whether it is chosen or imposed by the situation.

★ The cost of freedom

Square ♃ Uranus ♀ Venus

★★★★★ Valid from Monday 1 July till Saturday 13 July included (particularly active on Monday 1 July, the transit orb is 2°11')

Attachment is attributed to Venus, and liberation to Uranus. Sensual delight to the former, discipline and rigour to the latter. These two contradictory principles clash under such skies. It is likely that you find it hard to reconcile desires and affective needs with the demand for autonomy that you now claim outloud. A thunderbolt in your romantic life is to be dreaded. However, some people enjoy it. Events upset your habits and trouble your serenity. It is difficult for you to resist your heart's impulses and untimely passions, which may challenge your affectivity. You need fresh air and freedom. You want to fully experience your concepts about love, whatever it may cost you. Your heart has got its reasons that no rule can hinder or thwart. Nevertheless, this influence may prove healthy when too many fetters or constraints are smothering a couple's life that has become overwhelming. You simplify, you prune unhealthy branches in order to give free rein to your feelings. It is quite dangerous, of course, but not necessarily negative: personal assertion has a price that you are willing to pay. For worse, or more often than not, for the best part of yourself. The natal planet involved in the transit is in your 2nd House. It is directly linked to the way you make a living, your personal finances, your income and the money you earn. Therefore, it is likely that this period coincides with a modification of your material life.

Your objectives clash with the situation. After days of tension, a hot discussion is likely to take place. ★ Affective Extravagance

Opposition ♃ Jupiter ♀ Venus

★★★★★ Valid from Wednesday 31 July till Saturday 24 August included (particularly active on Sunday 11 August, the transit orb is 0°03')

What could a clash between two traditionally benign planets such as Jupiter and Venus translate into? Popular sayings give us the key: "love is priceless" or, "there is no accounting for tastes". If Venus sensitizes to natural affections, Jupiter's function deals with adaptation and insertion through language. When these two principles clash, they produce shaky compromises. The reasons of the moment are not necessarily in line with the heart's impulses. One must compromise and sacrifice one's desires to conventions, or conversely, one must sacrifice one's habits to affective considerations. Of course, the will to please is intense... But the desire to seduce is so strong that you may be carried away by a whirlwind of emotions, arrangements, pleasures and tacit agreements that are hardly compatible. It is likely that you don't take long-term parameters into account, nor do you pay attention to the possible consequences of your superficial attitude. Your quest of well being makes you experience intense excitements frequently, in a happy-go-lucky climate. However, the state of grace may turn into delusion, if you are not careful. The natal planet involved in the transit is in your 2nd House. It is directly linked to the way you make a living, your personal finances, your income and the money you earn. Therefore, it is likely that this period coincides with a modification of your material life.

Minor Annoyance With Your Contacts

☾ Moon in House VII

★★★★★ Valid from Thursday 1 August till Friday 2 August included

In the communication area, the day is not really impressive. Whether at work or at home, you have the feeling that everyone has become deaf. No one hears you and what you say receives no echo. Instead of complaining about an unwillingness to understand and taking the risk to create misunderstandings and conflicts, try to write down everything... And since you feel that you are cut off from the world, stay in your own! It is better than to follow the crowd at any cost and be influenced by people. Indeed, you may not forgive them, later on. Quietly wait until they get out of their personal bubble!

Conclusion

In astrology, the level of accuracy and importance of events forecast depends on repetitions or development of aspects found in the natal chart. It is crucial to understand one's assets and weaknesses on the basis of one's natal chart. Indeed, when dealing with transits, the phenomenon of resonance considerably increases the probabilities for any given event to actually take place.

For instance, transiting Jupiter over your natal Sun will have a more potent influence if, in your natal chart, there is an aspect linking the two planets. This principle holds true regardless of the nature of the aspect, whether it is hard or soft.

Therefore, it is important and even crucial that your natal chart or your astrological portrait be thoroughly understood in order to appreciate the validity of the Forecast established for the current year. This is all the more true whenever software programmes are used, as in the case of the current Report. As you order your Comprehensive Astrological Portrait (35 to 40 pages, comprising your Personality Report with dominants and planetary repartitions, your detailed psychological portrait etc., delivered into your e-mail within a few seconds) you become able to make the most of your Forecast and to take into account all the riches of your personality's facets.

Re-reading your Forecast and heeding our pieces of advice always prove helpful: astrology discloses a great deal of secrets to those who can observe. The game is worth it. Always keep in mind that you are dealing with a climate, a tendency or a probability, never with fate, and that enterprising spirit and willpower play the most prominent part. Indeed, the best planetary influence in the world won't bring about any concrete event if there is no willingness and action to support it. And conversely, potential dangers indicated in your Forecast can be weakened or cancelled, provided that you remain calm, that you step back and understand how some ordeals can benefit you, be it only spiritually, which means asking real questions about life's purpose, as well as making progress in order to find the answers.

An overall remark that can be helpful: never forget that the fact that you know your upcoming planetary climate must never become a burden. Astrology is at the service of the human being and, under no circumstances, must the information provided trouble you. The objective, in each and every case, is to render a service, to help you become stronger, if necessary, to relativize things or on the contrary, to boost your energy.

disappointments, is to understand who you are and what you want to do with you life. For instance, you may wonder about the nature of your constantly changing and troubled thoughts and realize that You are... uphill from them. The differentiation between your consciousness of being and your thoughts is the first step towards a spiritual quest.

Through the visualisation and concrete observation of endless ups-and-downs, or cycles, that are imposed on us, astrology allows to put experiences in perspective and to pass a step uphill, towards a more authentic reality: it is, indeed, a wonderful side effect of the practice of astrology.
