## Ann Lennox's Astrological Portrait

### Introduction

To fully benefit from this portrait, we suggest that you read its introduction and its preamble carefully, and then that to take the time to soak up the interpretations of each chapter. Given the large number of texts, which mirrors the human being's complexity, you may need to go through the contents several times, so as to get a good grasp of their meaning and to know yourself better. This will reward your patience.

The purpose of this report is to describe your psychological portrait and to highlight the most fundamental features on the personal area. The report begins with the analysis of your planetary dominants and outlines your personality's general traits before going into further detail. Minor dominants are analysed at the end of Annex 1, for purposes of clarity. Your report then delineates the various facets of your personality:

In general, even when relationships are not involved, we express ourselves and we feel according to our character and our personal motivations: this is indicated by the Ascendant and the Sun sign which both give details on the way we function. They shed a tremendously important light which allows to figure out your personality. Here, we describe your Sun sign (your inner self), your Ascendant (your behaviour as seen by others), and the ruler of the Ascendant (interesting additional pieces of information about the style of your personality). These descriptions alone cover nearly a third or a half of your psychological signature, depending on your natal chart characteristics.

Then, we address your sensitivity, or in other words, the way you receive things and how you express your emotions ; it works as a constant filter for all your exchanges, even when it becomes a more secondary element in your amorous relationship, because at that moment, affectivity prevails. Sensitivity is the way you perceive things, it is your radar, your daily mood, and at the same time, it indicates how you react to your entourage, on a daily basis. It is what others immediately see of you. In the second paragraph, we explain in which areas of life your sensitivity and your emotions are strongest, therefore, where you are most vulnerable.

After this, it is your affectivity, the way you love and how you charm, that comes into play as soon as you fall in love: the first part indicates its basic structure or its main form. The second part describes the areas where it is best expressed and how you display it, according to your personality.

A third fundamental area deals with your mode of action and your sexuality: how you behave, how you manage to obtain what you want, what kind of desires you have. There are twelve possibilities, very

different from one another. The study discloses the specific one that applies to you. In the second paragraph, we explain in which life areas you may most efficiently take advantage of your capacity for action and for conquest.

Your ways of communicating and of thinking are obviously among the major elements that must be integrated into the delineation and the description of your personality. Indeed, they influence your general behaviour and may modify or enhance the image your project (for instance, extraversion may “compensate” a weak affectivity, but a huge number of cases are possible). An additional chapter indicates the favourite areas where you enjoy communicating, thinking and meeting with people.

Besides, we analyze an even more personal aspect that is important to define and understand what may occur within your couple: each of us have a centre of interest, a privileged manner to be fulfilled or to achieve our destiny; this main motivation is indicated by the positions of your Sun and your chart ruler in the astrological houses and we provide you with its detailed description.

A natal chart contains the potential for specific fulfilment and a whole range of assets, protections and qualities. How does the lucky factor manifest in your personality? In which area can you best exploit your qualities? The answers are precisely revealed to you in this chapter.

On the other hand, we all feel in us a part of vulnerability, doubts and fears. How does this part of solemnity or serious side play out? How is it possible to handle it in order to evolve and to get rid of useless elements? All this information is provided to you in these two paragraphs.

Then, you can discover three additional traits of your personality that must be considered as secondary ones. They deal with your predispositions, which means that they need to be triggered by external events because they are not influenced by your will; let's call it a part of fate. Please, bear in mind that your destiny can unfold only in accordance with what you are: therefore, even if they belong to your more unconscious self, these characteristics are parts of you, definitely.

The karmic chart complements the psychological portrait or natal chart. It is based on the positions of the Lunar Nodes, the Black Moon, and the Part of Fortune. These elements of the chart, sometimes referred to as fictitious points, provide information about the spiritual meaning of your destiny. Owing to the fact that we all have in us acquired knowledge and the urge to go on a quest, our life is an evolutionary journey... However, these texts must be read with great caution: this is the reason why you will find this analysis in the Annex 2 of your report.

# Your Planets, Houses, Aspects, and Natal Chart

Ann Lennox, born December 25, 1954, at 11:10 PM, Aberdeen (Aberdeenshire), United Kingdom [2.04W ; 57.10N ; 0W00]

Natal Planets				In House	Natal Houses (Placidus)

## Meaning of Stars

Stars indicate the strength of the aspects. Two solid coloured stars (there are half-stars also), mean that the aspect is powerful enough to be noticed at the first reading.

We strongly advise that you read the paragraphs displaying less than two stars later on, after you have

absorbed the full import of the other texts.

The yellow colour indicates a soothing and conciliating aspect, and the red colour, a dynamic and tense aspect. The red aspects enable you to evolve, to take action, and to learn to turn your "weaknesses" into assets through your life experiences. The yellow aspects are innate strengths on which you rely in order to grow better with the former...

## Preamble

When interpreting a natal chart, the best method is to start gradually from general features to specific ones. Thus, there is usually a plan to be followed, from the overall analysis of the chart and its structure, to the description of its different character traits.

In the first part, an overall analysis of the chart enables us to figure out the personality's main features and to emphasize several points that are confirmed or not in the detailed analysis: in any case, those general traits are taken into account. Human personality is an infinitely intricate entity and describing it is a complex task. Claiming to rapidly summarize it is illusory, although it does not mean that it is an impossible challenge. It is essential to read a natal chart several times in order to absorb all its different meanings and to grasp all this complexity. But the exercise is worthwhile.

In brief, a natal chart is composed of ten planets: two luminaries, the Sun and the Moon, three fast-moving or individual planets, Mercury, Venus and Mars, two slow-moving planets, Jupiter and Saturn, and three very slow-moving planets, Uranus, Neptune and Pluto. Additional secondary elements are: the Lunar Nodes, the Dark Moon or Lilith, Chiron and other minor objects. They are all posited on the Zodiac wheel consisting of twelve signs, from Aries to Pisces, and divided into twelve astrological houses.

The first step is to evaluate the importance of each planet. This is what we call identifying the dominant planets. This process obeys rules that depend on the astrologer's sensitivity and experience but it also has precise and steady bases: thus, we can take into account the parameters of a planet's activity (the number of active aspects a planet forms, the importance of each aspect according to its nature and its exactness), angularity parameters; (proximity to the four angles, Ascendant, Midheaven, Descendant and Imum Coeli or Nadir, all of them being evaluated numerically, according to the kind of angle and the planet-angle distance) and quality parameters (rulership, exaltation, exile and fall). Finally, other criteria such as the rulership of the Ascendant and the Midheaven etc. are important.

These different criteria allow a planet to be highlighted and lead to useful conclusions when interpreting the chart.

The overall chart analysis begins with the observation of three sorts of planetary distributions in the chart: Eastern or Western hemisphere, Northern or Southern hemisphere, and quadrants (North-eastern, North-western, South-eastern and South-western). These three distributions give a general tone in terms of introversion and extraversion, willpower, sociability, and behavioural predispositions.

Then, there are three additional distributions: elements (called triplicity since there are three groups of signs for each one) - Fire, Air, Earth and Water - corresponding to a character typology, modality (or quadruplicity with four groups of signs for each one) - Cardinal, Fixed and Mutable - and polarity (Yin and Yang).

There are three types of dominants: dominant planets, dominant signs and dominant houses. The novice thinks astrology means only "to be Aries" or sometimes, for example, "to be Aries Ascendant Virgo". It is actually far more complex. Although the Sun and the Ascendant alone may reveal a large part of the character - approximately a third or a half of your psychological signature, a person is neither "just the Sun" (called the sign) nor just "the first house" (the Ascendant). Thus, a particular planet's influence

may be significantly increased; a particular sign or house may contain a group of planets that will bring nuances and sometimes weaken the role of the Ascendant, of the Sun sign etc.

Lastly, there are two other criteria: accentuations (angular, succedent and cadent) which are a classification of astrological houses and types of decanates that are occupied (each sign is divided into three decanates of ten degrees each). They provide some additional informations.

These general character traits must not be taken literally; they are, somehow, preparing for the chart reading. They allow to understand the second part of the analysis, which is more detailed and precise. It focuses on every area of the personality and provides a synthesis of all the above-mentioned parameters according to sound hierarchical rules.

As explained in the introduction of your Psychological Portrait report, minor dominants are analysed at the end of Annex 1, for purposes of clarity.

## Your Planetary Repartitions

Each quadrant is a combination of the four hemispheres of your birth chart and relates to a character typology. The Southern hemisphere – the top of your chart, around the Midheaven – is associated with extraversion, action, and public life, whereas the Northern hemisphere prompts to introversion, reflexion, and private life. The Eastern hemisphere – the left part, around the Ascendant – is linked to your ego and your willpower, whereas the Western hemisphere indicates how other people influence you, and how flexible you are when you make a decision.

### Your Four Quadrants

Ann Lennox, the nocturnal North-western quadrant, consisting of the 4th, 5th and 6th houses, prevails in your chart: this sector favours creativity, conception and some sort of specialization or training, with helpfulness and relations as strong components. You need others' cooperation in order to work properly, although you are not very expansive: creating, innovating and thinking are what matter most to you because this self-expression enriches you and totally satisfies you.

## Your Dominant Modes and Elements

Ann Lennox, here are the graphs of your Elements and Modes, based on planets' position and angles in the twelve signs:

### Your Four Elements

Like the majority of Earth signs, Ann Lennox, you are efficient, concrete and not too emotional. What matters to you is what you see: you judge the tree by its fruits. Your ideas keep changing, words disappear, but actions and their consequences are visible and remain. Express your sensitivity, even if it means revealing your vulnerability. Emotions, energy and communication must not be neglected; concrete action is meaningless if it is not justified by your heart, your intellect or your enthusiasm.

The predominance of Water signs indicates high sensitivity and elevation through feelings, Ann Lennox. Your heart and your emotions are your driving forces, and you can't do anything on Earth if you don't feel a strong affective charge (as a matter of fact, the word "feeling" is essential in your psychology). You need to love in order to understand, and to feel in order to take action, to the detriment of a certain vulnerability against which you should learn to fight.

Fire's qualities are not very present in your chart, with only 3.31% instead of the average 25%, which means that you may lack warmth, enthusiasm, conquering spirit, or energy. You may look indifferent to others, with almost no desire, no joy of life or no enterprising ability. Actually, it is not true, but you should let go, force yourself to be more daring, and show your amazement as well as your vitality. You certainly have as much energy as others, you just need to release it, and it is up to you to display more of it, since it will be all to your benefit: shout, sing, pull faces, dance! That's the right mean for you... In the end, you'll never be accused of being sad, phlegmatic or a killjoy!

The twelve zodiacal signs are split up into three groups or modes, called quadruplicities, a learned word meaning only that these three groups include four signs. The Cardinal, Fixed and Mutable modes are more or less represented in your natal chart, depending on planets' positions and importance, and on angles in the twelve signs.

## Your Modes

Ann Lennox, the Cardinal mode is dominant here and indicates a predisposition to action, and more exactly, to impulsion and to undertake: you are very keen to implement the plans you have in mind, to get things going and to create them. This is the most important aspect that inspires enthusiasm and adrenalin in you, without which you can grow weary rapidly. You are individualistic (maybe too much?) and assertive. You let others strengthen and improve the constructions which you built with fervour.

## Your Dominants: Planets, Signs and Houses

The issue of dominant planets has existed since the mists of time in astrology: how nice it would be if a person could be described with a few words and one or several planets that would represent their character, without having to analyse such elements as rulerships, angularities, houses, etc!

The ten planets - the Sun throughout Pluto - are a bit like ten characters in a role-play, each one has its own personality, its own way of acting, its own strengths and weaknesses. They actually represent a classification into ten distinct personalities, and astrologers have always tried to associate one or several dominant planets to a natal chart as well as dominant signs and houses.

Indeed, it is quite the same situation with signs and houses. If planets symbolize characters, signs represent hues - the mental, emotional and physical structures of an individual. The sign in which a planet is posited is like a character whose features are modified according to the place where he lives. In a chart, there are usually one, two or three highlighted signs that allow to rapidly describe its owner.

Regarding astrological houses, the principle is even simpler: the twelve houses correspond to twelve fields of life, and planets tenanted any given house increase that house's importance and highlight all relevant life departments: it may be marriage, work, friendship etc.

Ann Lennox, here is the evaluation diagramme for your planets:

## Your Dominant Planets

The three planets that are most highlighted in your chart are Mercury, Mars and Jupiter.

With Mercury among your dominant planets, you are certainly cerebral, nervous, swift, curious, quick-witted, and you love to communicate. Your psychological pattern is intellectual, all the more so since Mercury is important, with its whole set of assets but also of weaknesses, obviously.

Your sensitivity, emotions, and heart's impulses give precedence to thinking, which can lead people to believe that you are a playful and witty but heartless person, intellectualizing situations and juggling with words and numbers whilst ignoring human aspects of things. Of course, it is said that cats always land on their feet - this is your Mercurian strength and your trump card!

Your weakness lies in your nervousness, and you may miss your goal because of your "over-intellectualization" that may be detrimental to other kind of energies such as instinct, spontaneity, heart, sensitivity, etc.

Mars is one of your dominant planets and provides you with its efficient energy and enthusiasm: with a powerful Mars in your chart, action - but also will and ability to undertake - is not an empty word for you. You are active, dynamic, willing to fight, courageous, and you are never afraid to move mountains, even though risks are part of the adventures that you start with determination.

However, your patience is not always up to your boldness and a kind of feverishness, or even anger, can tarnish the quality of your achievements. That would be a pity since the Marsian is a champion in matters of efficiency! Mars symbolizes display of action, conquering spirit that favours discipline and order - beware of not being fussy - and lies at the frontier between action and brutality, between conquest and potential aggressiveness.

Jupiter, the planet of expansion, organization, power and benevolence, is quite emphasized in your chart. Like any Jupiterian, you are warm, open, sociable, consensual, active and optimistic. You can use your self-confidence to erase differences of opinion, and you leave the task of analyzing and perfecting things to specialists. Your role, and you know it since you were young, is to gather, to demonstrate your synthesizing and conciliatory mind, and to naturally reap its fruits - power.

You appreciate legality, social order but also order in general. With you as a leader, every plan or human entity can be organized and structured. You excel at supervising. The Jupiterian type is indeed the politician par excellence, and a positive Jupiter in your chart is synonymous with good integration into society, whatever the chosen path.

Is this idyllic picture really perfect? Certainly not: each planet's typology has its own weaknesses. One of yours is pride, like the Solarian, but your will of expansion at all costs may generate a form of exaggeration in everything, endless pleasure, inappropriate self-confidence that could lead you to rough materialism and the thirst for absurd material comfort - in the worst cases, of course.

### Your Dominant Signs

In your natal chart, the three most important signs, delineated according to the above-mentioned criteria, are, in decreasing order of strength, Capricorn, Virgo and Cancer. They are often prominent because your Ascendant and your Sun are posited there. However, it is not always the case: it may be because they are occupied by a cluster of planets, by a planet near an angle other than the Midheaven and the Ascendant, or because two or three planets are very active and form numerous aspects from these signs. Therefore, you partly take on the three signs' characteristics, which are somehow superimposed on your natal chart, and all the more so if any of the signs in question is highlighted.

Capricorn is one of your dominant signs and endows you with a grave and serious style that seems to stick to you constantly. But if you have that reserved and cold side - as some extrovert people may think - on the other hand you possess sturdy qualities: you are strong-willed and tough. Your long-term vision, your sense of duty, and your ambition are not affected by the derisory and erratic motions that seem to upset most mortals less steady than you. Besides, you are like a good wine, you age well and your natural solemnity or serious side paradoxically turns into an almost cheerful appearance, as you grow older. You are actually very sensitive when it comes to love. Faithful, caring, sweet, and sensitive, your behaviour is very different in your everyday, sentimental life. A golden heart beats under your tough and austere appearance...

Virgo, associated with perfectionism, numbers and reason, is among your dominant signs: you inherit its sense of responsibility and tidiness, a clear mind, an unfailing logic, as well as a need to be useful and to fulfil your task to the best of your abilities. Obviously, people may think that you are too modest or reserved, suspicious or pessimistic because of your exceedingly critical mind, but aren't logic and wisdom great qualities? Of course, they are. Moreover, you keep your feet on the ground, you never

behave irrationally and you are helpful and hardworking - what more can you ask for?!

Cancer is one of your dominant signs and endows you with imagination and exceptionally shrewd sensitivity. Although suspicious at first sight - and even at second...- as soon as you get familiar with people and let them win your confidence, your golden heart eventually shows up, despite your discretion and your desire for security that makes you return into your shell at the slightest alert! Actually, you are a poetess and if you are sometimes blamed for your nostalgia and your laziness, it is because your intense inner life is at full throttle...

### Your Dominant Houses

Houses 4, 10 and 3 are the most tenanted ones in your natal chart. To compute their strength, planets and angles are weighed according to various astrological criteria such as swiftness, activity, angularity, rulership etc. From the analysis of the most tenanted Houses, the Astrologer deduces the fields of activity that are most relevant to you, be it because of what you are experiencing, or what you may experience in the future, or because of your deep inner motivations.

With an important 4th house in your chart, your private life, your intimacy, as well as your family and home, play a fundamental role. Your security and your family unit, the one you come from, but also the one you set up when you get married and start a family - or even as a girl bachelor living alone in your sweet home - are necessary for you to blossom. According to the Tradition, your father may play an important role in your life.

With a prominent 10th house, your destiny's achievement may be very notable: the 10th house represents your career, your public life, and your ambitions. A good deal of your energy may thus be used to successfully implement what you have in mind. Instinctively, you are very keen to make your dreams come true. Sooner or later, you will deal with the public, and your personal achievement will go through trials and ordeals: other people and visible actions.

As the 3rd house is one of the most important houses in your chart, communication plays a major role in your life or in your deep motivations: frequent short trips, open-mindedness - which may offset a lack of mutable signs for instance - listening, discussion, interest in learning, knowledge accumulation or long-term studies, etc., are all areas that greatly appeal to you and are part of your daily life.

## Your Style, Behaviour, and Peculiarities

What is commonly known as "sign" indicates the position of the Sun in the Zodiac. The Sun highlights all the characteristics of the sign he tenants. According to astrology traditional rules, these characteristics are all the more pure and exact when the Sun is strong in the sign, or when the sign is particularly highlighted within the chart. Here, we indicate the pure characteristics of the sign but you must bear in mind that they may only shed a light on a particular aspect of your personality. Indeed, the sole sign of the Sun, or of the Ascendant, can never describe an astrological chart because it depends on the degree of strength of the said sign in your chart.

Another important point must be underlined. Contrary to the Ascendant, which clearly describes your appearance, your vitality, your physical constitution, your spontaneous behaviour and the image you project, your Sun sign describes your inner self, which you may not completely be aware of, and which may emerge gradually as you mature: it is about your inner personality that you reveal only to the members of your entourage whom you trust. The Sun sign is likely to be the final form of your personality, once it has evolved in line with the energies of the other parts of your chart, the beginning of which is seen in the Ascendant, your external "bark".

The Ascendant is one of the major components of your natal chart. It is the zodiacal sign that rises in the East at the very moment of your birth. To calculate it, it is therefore necessary to know your exact time of birth.

It provides with a wealth of information on your personality. It is one of the key features that allows the analysis of several parts of you, such as your appearance, your character as it is initially perceived and your immediate behaviour. It describes the external aspect of your personality which you always display, but it also describes your physical constitution in the long-term, in other words, your health.

Please be aware that, in spite of the importance of the Ascendant, the accuracy of its description depends on how strongly highlighted it is in your natal chart. We use the entire set of astrological rules to assess the strength of the Ascendant. In most cases, the Ascendant is as revealing as your "sign", i.e., the sign where the Sun is posited at the time of birth.

## You were born under the sign of Capricorn and your Ascendant is in Virgo

Before broaching the details of the meaning of your Sun and your Ascendant, as a preamble, we offer a brief generic interpretation of their combination in your chart:

It is obvious that presence of mind and good judgment are part of your major qualities. Your Sun and your Ascendant are both in Earth signs and characterised by circumspection and the sense of organisation. Your sensuality is strong, though discreet and highly intellectual. Capricorn appreciates simplicity and genuineness, while Virgo is concerned about precision and pays utmost attention to the smallest details, probably because it constantly strives to improve its skills. Owing to your Virgo Ascendant, you come across as a humble and flexible person. You dislike being in the spotlight, and you prefer to quietly provide people with your wise advice. Your Capricorn inner self, which is known by your close friends and relatives only, is quite different from Virgo in the sense that the former seeks profundity and is more detached towards society and people's judgments. Time is Capricorn's friend. Although you

are a born loner and an ambitious person, you display unfailing loyalty towards the people you care for. In all circumstances, perfectionism and discipline, which Virgo and Capricorn have in common, delight or astonish the members of your entourage.

### **You were born with the Sun in Capricorn**

Psychologically speaking, your nature is introverted and cold, totally controlled and phlegmatic, at least regarding the image you project invariably. You seem unemotional and austere. Actually, due to your secondarity, you chew over your strategies or your reactions required by your environment. You are slow but very thoughtful, solid and balanced. You are as curt as you are cold and you put the entire strength of your character at the service of your huge and long-term ambition or of your detachment from earthly riches and you focus on spiritual values.

Like all the persons born under an apparently reserved and tough sign, your inner personality is often charming and gentle, as if the thick armour, forged throughout childhood, had entirely preserved the purity and the warmth of the soul imprisoned within.

As you are born under this sign, you are serious, cold, disciplined, patient, focused, thoughtful, ambitious, indomitable, cautious, lucid, persistent, provident, steady, introverted, stern, wilful, hard-working, responsible, persevering, honest, realistic, loyal, reserved, resolute, moralistic, quiet, rigorous, attached and reliable. But you may also be curt, withdrawn, calculating, petty, cruel, unpleasant, ruthless, selfish, dull, rigid, slow or sceptical.

You are courageous and rational, Madam, but you need affection and tenderness in spite of what you say. You try constantly to be reasonable and to repress the sentimental weaknesses that come up once in a while. In general, there are few amorous encounters at the beginning of your life.

But quite rapidly, you become aware that solitude is not good for your balance. You remain on the defensive, you are hurting in your shell, that convenient ivory tower where you protect yourself in all areas, except this particular one...

With an aching heart, you will finally forsake your defences and you eventually experience a few rare exceptional encounters. Among them, you will meet with your soul mate, to whom you will dedicate all your time and your love with loyalty, faithfulness, a strong sense of duty and maximal efficiency.

You will control your children's education, inculcating in them the values of effort, patience, perseverance and social rules. You will teach them that the old saying applies to them too, that slow and steady wins the race. To be early is not to be on time... but their time will come!

### **Your Ascendant is in Virgo**

Psychologically speaking, your nature is nervous and secondary. Before you take action, you cautiously ponder over things and you review any possible alternative and reaction. You strive systematically to find the best possible response to any given problem. You are a perfectionist above all and you have no rest until you optimize a situation, in each and every area, be it professional, pragmatic, aesthetic or in pleasure. You do not accept spontaneity and, to fully enjoy life and go further, you consider that demanding the best is the least you can do, even though it is detrimental to the rough force associated with your instinct. The intellectual element intervenes before both the physical ones and your feelings: it

is one of the essential clues to understanding your personality.

As you are born under this sign, you are cerebral, clear-sighted, focused on details and on numbers, analytic, serious, competent, reasonable, modest, tidy, organized, spruce, industrious, provident, honest, loyal, reserved, shy, helpful, willing to progress, talkative, perfectionist, logical, hardworking, tactful, patient, precise, concrete, spiritual. You can also be narrow-minded, calculating, irritating, petty, pernickety, hung up, anxious, cold, repressed or sarcastic.

In love, Madam, you are discreet, modest and intellectual. You may experience love only in the second part of your life if you do not make the effort to become aware that feelings and sexuality don't fare well with excessive reflection and prudence. In this area, one must not rely on reason...

Once you understand this principle, you will become the best wife, meticulous, tidy, but warm and withdrawn, caring for your family's well being and perfectly tackling your children's minor health problems. Your concern for tidiness and cleanliness allows you to have a healthy, safe and refined home.

You are fond of changes, variety and humour and you attach a special importance to your partner's comments and attentions.

You may marry twice or you may have a secret love affair, in spite of your seriousness, because Virgo is a dual sign, like Gemini, Pisces and Sagittarius.

### **The ruler of your chart is in Capricorn**

The ruler of the Ascendant, also referred to as the chart ruler, brings a few interesting nuances to the meanings provided by the Sun and the Ascendant. The sign in which the ruler of the Ascendant is posited fine-tunes the style of personality described by the Sun and the Ascendant. It may strengthen it if the sign is identical to either of them.

The ruler of your Ascendant is in the same sign as your Sun. This specific feature means that the Sun's characteristics in sign previously delineated are strengthened.

### **Aspects to your Ascendant**

Several planets form an aspect with your Ascendant, Ann Lennox. Therefore, in their specific way, they modify your behaviour and your personality, which do not take on the pure characteristics of your Virgo Ascendant only, but which are a blend of its characteristics with those of the said aspects.

★★★★☆ Venus sextile Ascendant, orb -1° 23'

Thanks to Venus, Ann Lennox, your behaviour is in harmony with your affective life, and you need not make any special effort in order to express your feelings in a natural way and without arousing people's criticisms. This asset enhances your natural easiness and charm, which is definitely not unpleasant!

★★★★☆ Uranus sextile Ascendant, orb -3° 3'

Uranus is in soft aspect with your Ascendant, Ann Lennox. Although your behaviour is original, nonconformist, and free, it is not unpleasant. On the contrary, this facet of your personality is sometimes considered by other people as endearing and unpredictable, in the good sense of the word. One never gets bored in your company because you are often found where you are not expected, whether regarding

your ideas, your lifestyle or the way you react. You possess the charm independent and free persons are endowed with!

★★★★★ Mars opposite Ascendant, orb -7° 35'

Mars in opposition to your Ascendant is not strictly speaking a dissonance, Ann Lennox, since at the same time, he is in conjunction with your Descendant, the angle facing the Ascendant. Therefore, this configuration should be interpreted as a conjunction. Mars on the Descendant indicates a good capacity for action with an above average energy which may be excessive. You tend to take action for, and according to other people rather than for your own interests - which is all to your credit. In some circumstances, your behaviour may come across as hot-tempered, even aggressive, whereas you intend to act smoothly for everyone's good. Generally speaking, with this dynamic configuration, you can but benefit from toning down your actions with more flexibility and gentleness. This is how the image you project can become more appreciated and more rewarding. Indeed, whilst you mean to do good, you may be a bit brutal!

★★★★★ Jupiter sextile Ascendant, orb -4° 3'

Jupiter in soft aspect with your Ascendant naturally endows you with a reassuring, calm, and benevolent side, Ann Lennox. You honour your commitments without qualms, and thanks to your heart of gold and your generosity, your behaviour is protective and nice. You like to please other people, and whenever it is possible, you enjoy finding compromise solutions to all problems.

★★★★★ Saturn sextile Ascendant, orb -5° 16'

Saturn is in soft aspect with your Ascendant, Ann Lennox. This harmonious configuration brings about a responsible, loyal, persevering, and patient behaviour, and in a word, reliable. Your seriousness is appreciated, and owing to your capacity to easily analyse situations, you come across as a sincere and trustworthy person.

## Your Sensitivity

Your sensitivity is withdrawn, Ann Lennox: more than anyone, you tend to lock yourself in your ivory tower, as you are aware of a kind of superiority that may be real, though overrated. Your moods are not perceptible because you control them with a tight fist. It is difficult to know if you are happy or upset because you show nothing. You avoid situations which compel you to reveal your emotions because you are not demonstrative. Please, be aware that it is not your amorous behaviour that is being analyzed, but the daily expression of your sensitivity. You dread the crowd and you need calm, and even solitude, to feel comfortable. You are well-equipped to remain balanced in all circumstances, but it may prove beneficial if you progressively take a relaxed attitude and show more dedication, as you are worth it; it is easier for you to exteriorize your feelings when your projects or your ambitions justify that you do so. You do not practice gratuitous outpourings, particularly when you are with a group, because you are afraid to open up, as if you were on the defensive, without any reason most of the times.

Your family, your home and often your mother, Ann Lennox, have a strong emotional importance. You feel attached to your roots and the intimate surroundings in which you live are essential; you are deeply fulfilled by this continuous source of affective charges: your home and private life are sacred for you, and you can feel very uncomfortable or unsafe if you are deprived of your haven of peace.

Paradoxically, the Tradition indicates that you are predisposed to frequent home moves.

### ★★★★★ Sun conjunction Moon, orb 7° 17'

This aspect is a strong homogeneity factor: the image you project is in conformity with your real nature and does not upset your basic balance. This is probably the cause of your feeling at ease, your consistent behaviour and your determination to remain your true self, regardless of external pressures and whatever is expected from you. At best, your will and your sensitivity are in harmony, your unconscious abilities are mobilized and controlled by your conscious will, with no imbalance. However, it is important to avoid the traps of self-satisfaction that would be harmful to your real exchanges and would lock you up in comfortable and rigid schemes. It is possible to remain natural and yet, not be content with the sole well being of those who never cheat themselves.

### ★★★★★ Moon sesqui-quadrate Pluto, orb -0° 41'

This planetary configuration causes distrust (Plutonian distance) towards individuals, groups, or your own family environment (lunar values). It may bring about a feeling of affective or relational wound. The feeling of security is absent, or fragmented or illusive. How is it possible to feel integrated whereas you know that you are different and on your own? It is the myth of the « ugly duckling », with its different specific characteristics, an alien to its origins and its roots. It is important that you accept your differences and that you have them accepted by others, without forsaking your essential values. This is how you can exercise your group ownership without allowing them to exclude you or to repress your secret determinations. When this aspect is well integrated, it is a factor of lucidity for your emotions. You perceive without gullibility what is really at stake in your intimate relationships and the flaws of your environment. The fact that you do not readily trust people spares you many traps and delusions.

### ★★★★★ Moon sextile Mars, orb 4° 32'

Your vivid imagination goes hand in hand with your desire to make your dream come true and to fight, so as to remain true to yourself. You easily mobilize your energy and your resources. This harmonic Moon-Mars aspect indicates the will to keep your intimate balance under all circumstances. You thrive in action; you court danger, particularly when your regular environment is endangered. In the private

sphere, you exhibit complete straightforwardness. This planetary configuration allows you to quickly get back on your feet within a new context. You adjust well to unprecedented situations. Your capacity to integrate events rapidly can only increase your adaptation abilities.

★★★★★ Moon quintile Neptune, orb 1° 02'

This harmonious Moon-Neptune aspect indicates an exceptional receptivity. You are sensitive to ambiances and you can grasp what is at stake in any given situation. You can pick up things in the general atmosphere that the majority of people miss out. Your deep intuition allows you to feel the subtlest details, that « little nothing » which is the key to behavioural patterns. Inspiration is your guide and imagination accompanies your daily rhythms. Mysteries, psychology, esoterism, fantasy, the supernatural... one of these fields, at least, is of concern to you. You pay utmost attention to your inner life, to moments of tranquillity when you relax, when you allow your mind to wander at will. The danger is that you may seek refuge in the imaginary and that you shirk reality.

## Your Affectivity

In your chart, the Sun is in Capricorn and Venus, in Scorpio. Your solar and Venusian signs have in common a marked tendency to resilience. Here, there are two distinctive forms of resistance, which may clash as much as they may complete each other: while Capricorn strives to preserve his own logic (ivory tower is often mentioned with this sign) and resists external stimulations, Venus in Scorpio is fond of situations of crisis, and she is more an opponent than she is distant. With this Venus, your passions have quite particular contours. There may be some sort of dramatized dimension of your affective experiences. This is an aspect that the Sun in Capricorn does not appreciate too much... You probably handle the art of paradoxes skilfully, shifting from a cautious, distant and self-protective attitude to an excited, passionate and extremist behaviour. In these conditions, it is difficult for your entourage to grasp the logic presiding over your sentimental life! There is also an obvious rejection of situations that you deem too simple, a form of reserve, especially when you feel moved in the deepest parts of your sensitivity. How is it possible to protect yourself from passionate injuries without renouncing your desires, without forsaking the thrills and fantasies that give a fulfilled relation all its savour?

You cannot dissociate love from passion, Ann Lennox. Your feelings are immediate, imperious, intense, and it is absolutely impossible for you to think of an amorous relationship without fusion, without the irresistible desire to know everything about your partner: emotions, feelings, sexuality, everything must be experienced in a possessive, absolute and unrestricted way. Actually, your feelings are as complex as they are deep. You seldom love, but when you do, a burning ardour and its torrid, violent frolics consume your couple. It is obvious that such powerful feelings may lead to jealousy and absolute exclusivity, almost bordering on the will to control your partner. If your relationship is genuine, all is fine. But if it is not the case, there are real dangers of shared wounds within your couple; it is hard to reconcile passion with tranquillity and it is clear that for you, sentimental serenity involves a partner who is either as complex as you and who instinctively understands you, or who is complementary, and as calm and steady as your impulses are intense and deep.

With such a configuration, Ann Lennox, you are inclined to scattering regarding the expression of your feelings which can easily get carried away in your multiple relationships or within your surroundings. The medium to express your feelings often consists in shared interests for cultural, journalistic or scientific knowledge and frequent short trips. In a way, they lead you to open up more easily, may be

because you want to ensure that you don't commit yourself more seriously than you really wish to. Correspondences are high on your agenda, ranging from exchanging letters, via the Internet - oh virtuality...! - to telephone talks. Indeed, you tremendously enjoy communicating in this superficial and a bit distant fashion where you know best how to open up and blend love and friendship without asking yourself too many questions. You are sometimes a SMS champion, always happy with changes and thoughtlessness. For you, undertaking a sole commitment is near to impossible....

★★★★★ Venus conjunction Saturn, orb 3° 52'

You favour deep feelings and a sincere affective life. In love, you are not content with shams or uncertain compromises. Your couple's relationship is based on mutual trust. You strive to build a lasting link, a true love that complies with your aspirations and your heart of hearts. This harmonious Venus-Saturn aspect indicates wisdom. Inexpressible truth is preferred to appearances. A love affair is an adventure, above all. Discovering the other one, step by step... any relationship takes a fundamental dimension right away. It is relevant to mention a little puff of romanticism and a passionate nature, although quite modest and reserved. You do not commit yourself thoughtlessly! This is a major asset for long lasting love. You are able to question your affective behaviour and to adjust to your significant other. You handle crises quite well and you overcome all the difficulties inherent to amorous rapports.

★★★★★ Venus trine Uranus, orb -4° 54'

Your charm lies in the originality of your approach to love and in your uncompromising attitudes. Your motto? Freedom of love, whatever the price! Should your sentimental life become dull, you find a solution: you are romantic and you reinvent your couple's life, you give a new and unexpected momentum to your emotions. You create the kind sharpness that contributes to your exceptional affective life. You do not fear love at first sight or blazing passions. On the affective plane, you know where you are heading for, whom you love ... or love not. There is an indisputable intransigence. The heart impulses are irrevocable and implacable. You dream of a sentimental life that fulfils your aspirations and you use all possible means to achieve your ideal. Even though you may have to make the necessary sacrifices.

★★★☆☆ Venus square Pluto, orb -4° 57'

Nothing is simple in love. You consider your love life with a distant and remote glance. You do not believe in obvious, transparent relationships. Love is a complex issue and its machinery is beyond you. To avoid delusions and indifference, the rules must be changed. Your feelings are alternately cruel and passionate, distant and burning, often paradoxical. Are you the executioner or the victim? Power struggles are omnipresent in your affective life. You seem unable to take life as it comes and to love without asking yourself questions, without doubting. You often love those who are indifferent towards you, while you despise those who love you. It is important that you change your attitude if you want a smooth and happy life. Rely on your forte: an indisputable lucidity that makes it impossible to delude your heart.

★★★★★ Venus trine Jupiter, orb -5° 54'

Charm and seduction are your assets. This harmonious Venus-Jupiter aspect favours your affective fulfilment and your sentimental well being. You earn your entourage's sympathy thanks to your conciliating sensitivity, your desire to please and your behaviour in society. In many circumstances, you arouse esteem and consideration – essential values to you. You like social whirls, life in society, the aesthetics and the arts. You often tend to look for the easy way out in your business and your affective relationships. You are known as a complacent person. However, your amorous commitments may be

quite superficial. It is important that, without breaking the spell, you opt for a more genuine attitude, respectful of your essential desires. As we all know it, love cannot be bought. An indication of balance: because you are aware that compromises are necessary for a love affair to endure, better than anyone else, you know how to maintain harmony in love.

★★★★★ Venus trine Mars, orb -6° 11'

With this aspect, innate affective behaviours prevail over opportunism and calculations. You do not cheat with feelings and you prefer to be guided by your likes ... or your dislikes. Love is neither to be reasoned upon nor to be explained. It is important to experience one's passions spontaneously and to give free rein to the heart's tumultuous manifestations as well as to the body's demands. In other words, to be one's true self in the "now". You need to live intensely, to try all kinds of situations, sometimes to get hurt. Your sensitivity is the driving force behind your decisions and your actions. Real experiences are worth the best intellectual concepts. Spurred by your thirst for emotions, you try to build your life on bases that match your desires. Here, the trap may be that you pay too much attention to your moods and affects. But without them, life would be so dull. Even though emotionalism betrays you occasionally, it remains your best ally.

## The Way You Take Action and Your Sexuality

You express your energy in a vague and random manner, Ann Lennox. This is not a handicap, but it prevents you from reasonably planning your long-term actions. You are a bit whimsical and scattered, sometimes hyperactive and willing to devour obstacles with your big shark teeth, but often, you take the easy way out because of your desire for tranquillity. You loathe conflicts and your cleverness and your flexibility allow you to achieve your goals while shrewdly worming your way through difficulties. Your intuition and your imagination are the assets that compensate your lack of efficiency and discipline. You are much more successful when you work for a noble cause, usually a collective one, sometimes political or spiritual ones. On the sexual plane, you are whimsical and impossible to categorize. You are so changing and malleable that you can shift from one extreme to another, according to your partner's personality, because your adaptability and your flexibility are really strong.

It is in the area of your work environment that you are most active and pugnacious, Ann Lennox. Or in your daily life, if you do not work.

You are a hard-worker, completely dedicated to the service of others: being helpful and efficient is your battle horse. Indeed, it is so obvious! Ask the opinion of your colleagues or your entourage... Your efficiency is not to be proved. You get things moving, you progress, you are very keen to improve yourself, and your boss can only rejoice that his staff contributes so actively.

The areas of health and pets are traditionally favoured by this planetary configuration. However, do check your Mars' aspects if you intend to be a tamer!

In any case, the daily work sphere is the area where you can deliver to the best of your abilities, in terms of action. The only reservation may be not to overdo.

#### ★★★★★ Mars trine Saturn, orb -2° 18'

Persistent action always bears fruit eventually. All that is needed is patience... A quality you have, undoubtedly. As confrontations become unavoidable, you show strong persistence and indisputable perseverance. Potential obstacles are more stimulating to you than they are discouraging. You are naturally fit for effort and for confronting realities and facts. You quickly overcome difficulties and you respond to crises in an efficient and considerate manner. You are enduring. You handle events with rigour and precision. These are valuable qualities nowadays, for they often come with the capacity to undertake adventurous experiences and to take limited risks!

#### ★★★★★ Sun quintile Mars, orb -0° 1'

This planetary Sun-Mars aspect reinforces courage, determination and energy. The need for action is obvious. Whatever your will designs is implemented with fieriness, despite all oppositions. You are decisive and wilful, even foolhardy. Your behaviour may be heroic: you know how to face adversity, to stand for your rights and your decisions, regardless of any confrontation you may have to cope with. The only danger may be that you overestimate your chances and your strength. But your audacity turns out to be rewarding, more often than not.

## Your Intellect and Your Communication Style

You need to concentrate on a subject, Ann Lennox, to deepen your research and to follow your reasoning through with persistence and determination. You are the very type of the thinker who needs time and isolation to meditate at length and allow her serious, methodical and rigorous mind to show its worth. Your feet are firmly planted on the ground and to get your attention, ideas must be followed by implementation, for instance as in the case of mathematics applied to physics. You focus on the essential and you look at the world around you with clear-sightedness. You are not very talkative and you act with caution. You may come across as cold and ambitious even though your comments are always sincere and practical. However, be careful not to isolate yourself and to appear as a lofty and intolerant person.

It is usually in the private sphere that you can communicate and think for your best interests, Ann Lennox. Your family is very important to you, and your intellectual interests incline you towards real estate matters, asset management, family business, etc.

You may also work at home, and in any case, you are generally more outgoing when you are in a safe and private environment. When you are outside, you come across as unobtrusive, either because you don't pay much attention to events that are not directly related to you, or because you are just shy and on the defensive when it comes to worldly things or public domain.

#### ★★★★★ Sun conjunction Mercury, orb 0° 15'

You know how to play with your image, how to give multiple representations of yourself. A precious asset: you are sensitive to other people's opinion and you adapt yourself to the audience. Of course, there is a "show" side in your manner that may prevent perfect cohesion. But that's the other side of the coin, for an extraordinary capacity to discover. This aspect translates into an acute sense of observation, an intense desire to learn and to bring everything to light. You strive to be informed in many circumstances, to understand the machinery of the world surrounding you, particularly regarding all human topics. And you will change according to that information and the knowledge gained. You have the chameleon's adaptation powers. And its vulnerability, as well.

★★★★★ Moon conjunction Mercury, orb 7° 01'

Curiosity is part of your nature. You perceive everything with sharp acuity. You increase your attempts to establish connections and to exchange opinions and information, particularly when you are in a familiar and intimate context. When this configuration is well integrated, it underlines the multi-faceted nature of the mobility that defines your behaviour and your living conditions and endows you with strong adaptation abilities. You also show a remarkable gift for improvisation and you pick up the quality of the atmosphere so swiftly that you get off any tricky situations. However, you must keep your adaptation capacity under control because when it is overdeveloped, it may become an agent for instability.

★★★★★ Mercury quintile Mars, orb -0° 25'

This harmonic Mercury-Mars aspect is the signature of a quick wit and an energetic character. You take decisions rapidly and you implement them straight away. You never accept stiff situations. You need to design, to take action, to fight to express your acute sense of relation: the world, the people, everything is of concern to you... You need to be involved in relationships and in dialogues. Your sharp retorts earn you a reputation of straightforwardness. On the relations' area, your quick wit and your mobility are greatly appreciated. You find the allies and partners you need at the right time. An art of resourcefulness that is precious...

★★★★★ Mercury trine Pluto, orb 7° 16'

Gullibility does not belong to the collection of your faults! You have a good grasp of human mechanisms and you easily detect flaws, calculations and hidden motivations. Human relations are subtle, never black or white, always complex. You often speak in riddles or in negations and you prefer to use the ambiguous language of symbols rather than the simplistic clarity of words. In this way, you fuel your mystery. On the relationship plane, your strength lies in the delicate art of highlighting flaws, detecting what destabilizes the enemy or, on the contrary, identifying what is relevant to your friends. You are more interested in what is concealed than in what is openly said. More often than not, you exercise an indisputable clear-sightedness.

★★★★★ Mercury semi-square Saturn, orb 1° 07'

This Mercury-Saturn dissonance does not allow for simple and spontaneous relations. Your vision of the world is complex. You are sensitive to the fragileness of human relations and you are doubtful of transparent situations. You need to look for hypothetical calculations and you suspect that unclear reasons are underlying beneath dialogues and encounters. Your sociability is limited. You are a loner because you dread relationships and you trust very few people among your close friends. You ask yourself more questions than you can find answers! Therefore, you are on the look out, troubled by the unknown. Everything is subjected to your questionings. It seems difficult to find certainties and to be satisfied with commonplaces that cannot soothe your doubting mind. The forte of this aspect is that it brings about undisputable capacities for discernment. Although your lucidity may hinder your relations, it also grants a lasting protection against gullibility. By nature, you belong to the category of the sceptics!

★★★★★ Mercury sextile Neptune, orb 6'

Your sense of psychology and of human intimate mechanisms is acutely developed. Your relations are nuanced, clever and guided by a good intuition of individuals. Without effort, you pick up what is at stake in relationships and in contacts. Your « sixth sense » inspires you and may take you into strange roads. On the relations' plane, there is an indisputable subtlety. You know what you should not say or, on the contrary, you naturally find the suitable words. Your natural and non-rational attitudes often prove right. The unknown fascinates you... Your curiosity for occultism and mystery is keen. Besides, life is a

huge human enigma for you.

## Your Goals, Motivations, Career, and Destiny

### Your Sun is posited in the 4th House

Unless salient factors indicate otherwise, Ann Lennox, your nature is not very extroverted and your tendency is to keep to yourself emotions that may run very deep. Your will prompts you to create some sort of security, or cocoon, around you.

You are deeply attached to your family and to your initial home. You need this cosy and warm atmosphere, your parents' love and your family security, and later you reproduce them in your adult's home. Such strong bonds with your family and your home benefit your self-assertion as they combine professional efforts with presence at home. Working at home is particularly suitable, as are, indirectly, professions related to genealogy or even more, to real estate, because you are comfortable with the security aspects of the places you visit.

Your father often plays a major role, possibly an excessive one, with the danger that he may smother your desire for freedom and autonomy and contribute to aggravate your already strong natural introversion.

You are what is called belated and it is mainly during the second part of your life that you can concretely and efficiently exercise your will. Your assets lie in your determination to build a stable and comfortable home. However, family conflicts may exist and you may quarrel with your father over authority matters or over your projects; later, you may even undergo this sort of troubles in your own home if you are not flexible enough.

### The ruler of your chart is in the 4th House

The ruler of the Ascendant, also referred to as the chart ruler as explained in a previous chapter, is also posited in one of the twelve Houses of the chart. Just like the Sun in his House, the ruler of the Ascendant provides certain abilities, or it makes you appreciate more keenly certain areas of life.

The ruler of your Ascendant is in the same House as your Sun. This specific feature of your chart strengthens the Sun's characteristics previously delineated.

### Aspects influencing your ambitions

Regarding your destiny or your career, the following aspects of your natal chart allow to fine-tune what has just been said above:

★★★★★ Mars square Midheaven, orb 4° 44'

Because Mars is in dissonance with your Midheaven, in some circumstances, you may feel misunderstood, Ann Lennox. In society, you may even feel hostility towards you as you try to climb up the steps of your professional life, or when you strive to reach a higher social status. Your efforts may be resented. You must be twice as careful as you usually are and tone down your behaviour in order not to be rude to other people, even though from your viewpoint, and it is actually most often the case, it only has to do with misunderstandings or some eagerness on your part.

★★★★★ Sun trine Pluto, orb 7° 01'

This harmonious Sun-Pluto aspect indicates an exemplary clear-sighted mind. Without destabilizing your appearances or your personality mask, Pluto makes you aware of your subjective and questionable character, as well as of your manner. You never take yourself completely seriously. You have a good grasp of human nature's complex games, without gullibility, without excessive simplification. Because you can perceive hidden elements underlying any situation better than anyone else, you are acknowledged as perspicacious. This aspect allows you to distance yourself from difficult circumstances and to remain impassive when you must overcome pitfalls.

★★★★★ Venus inconjunction Midheaven, orb 1° 27'

Venus is in slight dissonance with your Midheaven, Ann Lennox. There is nothing really serious with this type of configuration, except that in some circumstances, you feel that your natural kindness is not acknowledged rapidly enough, or that it is not as appreciated as it should. It may happen that a female, or the fair sex in general, does not correctly understand you, or that she acts against your interests. There are usually no negative consequences since Venus is not a "harsh" planet. It is up to you to put in the effort to better show your sincerity and to avoid any misunderstanding.

★★★★★ Sun semi-square Saturn, orb 0° 51'

The Sun-Saturn dissonance indicates frequent questionings. For the sake of lucidity, you are doubtful of everything that makes up your life environment, as well as of your entourage and of yourself. Past events are the cause of your distrust. Your motivations are not based on conventions or established norms. They may produce a feeling of loneliness or of revolt. However, you withstand difficult situations. You are pre-adapted to changes of direction and you are able to question the very basis of your life. Doubts are often overwhelming and hamper your steps. It is important that you accept facts with more simplicity and that you take life as it comes, without constantly questioning the validity of this or that option. It does not imply that you must lose the lucidity that is your characteristic. It only means that you have to build the self-confidence that you are lacking.

★★★★★ Neptune trine Midheaven, orb 7° 4'

Thanks to this soft aspect of Neptune to your Midheaven, Ann Lennox, your intuition is very sharp, as far as your possibilities for success are concerned. Thus, you have no difficulties in finding your professional or social path, and your nose tells you whether something is good or not for you, even before you start to analyse it. Your imagination and your visionary qualities accompany you along your journey towards success.

★★★★★ Sun sextile Neptune, orb 5° 44'

This harmonious Sun-Neptune aspect indicates a highly developed intuition and clear-sightedness and sometimes, a sixth sense. Mental images or information drawn from the unconsciousness impress your mind. What was only a muddled feeling turns into certainty and deep conviction. You do not necessarily need to justify your attitudes: you take a decision because you feel that you have to do so, although you may not control the underlying logics. The danger is that you may follow fanciful or adventurous roads. Beliefs you cannot explain may prove wrong or over-optimistic. However, your intuition is seldom misleading. One last comment: there is often a keen curiosity for the « bizarre » and the paranormal with this planetary aspect.

★★★★★ Saturn inconjunction Midheaven, orb -2° 25'

Saturn is in dissonance with your Midheaven, Ann Lennox. Of course, nothing really serious is to be feared. It is just that sometimes, you feel that an unfair slowness keeps on delaying the achievements you deem that you deserve right now. You must work twice as hard to climb up the rungs of success, and above all, you must not get disheartened. Effort is one of the values you must work on, and it is a punishment by no means. It is obvious that your goals are achievable, but you must remain on the right track and show perseverance. That's all!

## Your Assets and Your Part of Joviality

This planetary configuration in your chart is very positive, Ann Lennox, because Jupiter, the planet of Greater Fortune, is in his exaltation, which means, in a privileged position. Jupiter protects your family area and later, your own home. Your sense of responsibilities is increased, your inclinations for comfort and customs are strengthened; usually, you are well integrated in society. You mature affectively early, and this fact enables you to avoid many setbacks. The only danger with this pleasant configuration may be your attraction to good things, in all areas, and their consequences.

This present from the stars is by no means insignificant, Ann Lennox, the house of career, hosting the planet of Greater Fortune, can but favour your professional life. As time unfolds, it develops into a most pleasant scope. Sooner or later, it brings about success and your peers' recognition. You do not fear responsibilities, and you face them properly.

The planet Jupiter symbolizes expansion, broadness and generosity. Jupiter is associated with the functions of synthesis, enthusiasm and optimism. In your natal chart, his house position is more important than his sign position because, like Saturn, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Jupiter in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Jupiter in Cancer is in the sign of his exaltation, which means that he is at great ease and he can express his essence more powerfully. He amplifies your emotions, your imagination and your optimism. You can be a good head of family or you develop a natural interest for matters linked to your home, your roots, your patrimony or that of your family. All your domestic affairs are protected.

## Your Serious Side

Perspicacity and profundity, and ability to dissect your passions. You manage to add a dose of reason into the analysis of your most intense moods, and you learn to step back from them. Your instincts are well-controlled, sometimes, a bit too much.

Impersonal detachment or cold-looking demeanours may hamper your communications, Ann Lennox, although they increase your concentration, your patience, and your ability to study and to accumulate knowledge. As far as your entourage is concerned, quality prevails over quantity, and you can easily alternate agitated and eventful periods with periods of solitude.

Your challenge is certainly to make an effort in order to be less demanding from people and to keep a minimal number of relations. Nobody is perfect, and neither are you! Pay attention to people's qualities and forget their flaws, for they should not prevent you from enjoying their company.

The planet Saturn symbolizes contraction, effort, time, limitation and concentration. Saturn eliminates anything that is not authentic, sooner or later. It is impossible to cheat him as he gives an irresistible desire to form a coherent whole with oneself, in responsible and wise ways. He is the great purifier. He represents our limitations but also our truth. In your natal chart, the house position where Saturn is posited is more important than his sign position because, like Jupiter, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Saturn in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Saturn in Scorpio reinforces your resistance. Your demand for precision and your will to comprehend all things may make you seem a bit tough or harsh to your entourage. Because you are fond of precision, you are interested in exact sciences; your capacity to understand mysteries is strengthened. You learn to control your instincts, even though it may be detrimental to your spontaneity.

## A Few Special Points

### Your Uniqueness and Your Utopias

This is one of the most potent configurations. Unexpected disruptions of considerable intensity often occur on the factual plane. Embracing changes is the basis of the success of your destiny, which is very likely to include extreme variations, sometimes towards the most glorious heights, sometimes towards ordeals that you face with courage and determination, despite your unpreparedness.

Originality is certainly the context of your professional life or your destiny, in one way or another. Whether it is expressed through your very special area of expertise (high technology, space, aviation, astrology, television, etc.) or through the totally hectic nature of your progression (sudden changes of orientation), you are not able to plan what is coming next. Unforeseen events undertake to make a clean sweep of your certainties. This may offer many advantages if your state of mind is ready to approach life as a journey where your only freedom is to adjust in the best possible way to new emerging situations.

Most of the time, you are very independent, very keen to show your professional talents in a unique and modern way. You are a kind of pioneer or rebel in your area, which allows you to better assert your genius.

### Your Inspiration and Your Illusions

Your relationship to money is particularly vague. You tend to avoid analyzing your financial resources, as though this topic were neither important nor real. You belong to the category of people who never know how much they have in their bank account and in their purse.

This approach is positive in that, if you have a strong sixth sense, you can get good bargains more easily

than other people... It may be some sort of blindfolded fortune, although there are real dangers of losing a lot and of being deceived.

Beware not to overstep legal boundaries, lest someday your carelessness in the financial area gets you into big troubles. It would be a pity if what you earned, thanks to your sixth sense, were taken away from you.

## **Your Passion and Your Authority**

Your approach to friendship is peculiar, and your affective tendency is to commit yourself in an intense and passionate way. In other words, you do not want to, or you cannot be satisfied with a light and superficial friendship where you lose sight of your friends or meet with them sporadically. It is all or nothing, with you. Preferably all, of course, with the potential for evolution and transformation for both you and your friends.

In most cases, all is well, as long as your friends' character puts up with a relationship that may appear as burdensome, or even threatening, due to your desire for domination. You tend to influence your friends and to show your might. When they resist you or antagonize you, it is hard for you to remain cool.

Passion and friendship certainly get along well and, more generally, you may exercise your influence and play a major role in team works, within collective projects.

Your friendships, as well as the supports and protections granted to you, are likely to bring about both the better and the worse. If you are aware of that, you may become able to choose only the better.

## **Your Isolated Planets**

In general, the ten planets of the chart are connected to other planets by major or minor astrological aspects. It is owing to those ties that the planets' energies can manifest in the chart owner's personality and play out within safeguards according to a specific tonality.

It seldom happens that in a natal chart, a planet is totally disconnected from the nine other planets.

Astrologers have observed that when such a case occurs, the person feels the energy of the unaspected planet in quite a singular way, very jerky and powerful at the same time. Thus, for instance, the famed astrologer Jean-Baptiste Morin de Villefranche wrote that "an unaspected planet heralds that something strange or extraordinary will take place regarding the meanings of the house in which the said planet is posited" (source : l'astrologie selon Morin).

Rules for detecting an unaspected planet: among all the testimonies that we have reviewed to this day, based on our experience, we tend to agree with American astrologer Janis Huntley who accepts seven aspects, which involve the zodiacal twelve sections of 30 degrees. The aspects to be considered are the conjunction (0 degree, cooperation or tension), the semi-sextile (30 degrees), the sextile and the trine (60 and 120 degrees respectively, aspects of cooperation), the square and the opposition (90 and 180 degrees respectively, tensed aspects), and the quincunx (150 degrees, slightly tensed). In this detection, the chart's angles are not taken into account.

In any case, it is important to remember that an isolated planet clearly expresses its influence when it is a personal planet. Thus, when the Sun, the Moon, Mercury, Venus, or Mars is isolated, it is certain that the effects described by Jean-Baptiste Morin de Villefranche will become manifest. As for Jupiter, Saturn, Uranus, Neptune, and Pluto, one must be cautious because the volume of cases documented is not yet large enough.

Your chart has no isolated planet, and this particular case does not apply to you.

## Annex 1: Your Minor Dominants

The five following dominants are less significant than those described at the beginning of your report. They may not be strongly felt. In some cases, they add several minor details to the analysis of your character, but they are rather for curiosity purposes. It is not necessary to take them into account when you first read your portrait.

### Your Planetary Repartitions: Northern, Southern, Eastern and Western Hemispheres

The axis linking the 1st house's cuspide (the Ascendant) to the 7th house's cuspide - the Descendant - divides the zodiac into two bowls, a superior bowl, in the South, and an inferior bowl in the North. Quoting an expression by the famous American astrologer Rudhyar, the Southern part and the Northern part correspond to two functions: "being" and "doing". Other concepts are also associated with this North and South distribution, such as introversion - Northern hemisphere - and extraversion - Southern hemisphere - being or appearances, inner life or external life, reflection or action, dreaming one's life or living one's dreams, the abstract or the concrete, backstage or limelight.

This is not about determination but about personal inclination: thus, some people will be thrown into public life despite a prominent Northern hemisphere. If this happens, however, it will not be due to their will, their taste or their deep nature. Conversely, a prominent Southern hemisphere will not bring about a famous destiny to its owner, even if he tends to turn the spotlight on himself, or if he looks for a more active life. It is a matter of deep nature and natural inclination. Of course, none of the typologies is "superior" to another.

In your birth chart, Ann Lennox, the ten main planets are distributed as follows:

### Your Northern and Southern Hemispheres

Ann Lennox, the predominance of planets in the Northern hemisphere prompts you to reflect and imagine rather than to exteriorize your actions and to be at the forefront of the stage. So, should you wish to remedy this situation, it is up to you to force your nature to take action in broad daylight, to communicate, and to assert yourself... then, you can move forward in this concrete life and enjoy your newly won situation.

The birth chart is divided into two other parts, Eastern and Western, by the axis linking the Midheaven

to the Imum Coeli.

The Eastern part, on the Ascendant side, shows the person's ego, will, magnetism, and vitality, whereas the Western part, on the Descendant side, symbolizes other people, communication, relationships and their influence, as well as flexibility and adaptability.

Ann Lennox, here is the planetary repartition in your Eastern and your Western hemispheres:

### Your Eastern and Western Hemisphere:

Ann Lennox, the East and West sides are well balanced in your chart. This means that you are not too determined or authoritarian, and that you are neither impressionable nor fragile. You are capable of taking decisions, in full awareness, without anyone's help when circumstances so require. However, you have no problem taking your entourage's viewpoints into consideration, with tact and intelligence.

### Your Yin and Yang Polarity

The twelve signs are divided into two polarities, called active or passive, or sometimes masculine and feminine, positive and negative, Yang and Yin. This classification corresponds to two quite distinct tonalities, the first one bringing extraversion, action, self-confidence and dynamism, the second one, introversion, reactivity, reflection and caution. None is superior to the other, each group has its own assets and shortcomings. Odd signs - Aries, Gemini, Leo, Libra, Sagittarius and Aquarius - belong to the first group, whereas even signs - Taurus, Cancer, Virgo, Scorpio, Capricorn and Pisces - belong to the second group.

## Your Yin and Yang Polarity

According to the disposition and qualities of your planets and angles, you are rather influenced by Yin energy, the passive polarity, Ann Lennox: you are quite introverted, imaginative and sometimes discreet, but you are a deep and wise person who is not content with just noisy and flashy things. At times, you doubt but you think that those who don't are a bit... thoughtless. Allow yourself to take more laid-back attitudes and put your reserve aside, because good equilibrium is always healthier.

### Your Houses' Accentuations

Houses are split up into three groups: angular, succedent and cadent.

The first ones are the most important ones, the most "noticeable" and energetic houses. They are the 1st, 4th, 7th and 10th houses. Their cusps correspond to four famous angles: Ascendant for the 1st house, Imum Coeli for the 4th house, Descendant, opposite the Ascendant, for the 7th house and Midheaven for the 10th house, opposite the Imum Coeli.

Planets are evaluated according to a whole set of criteria that includes comprehensive Western astrology rules. At their turn, planets emphasize specific types of houses, signs, repartitions etc., as previously explained.

## Your Houses' Accentuations

Your angular houses, namely, the 1st, 4th, 7th and 10th houses, are very emphasized in your chart, Ann Lennox: according to the Tradition, they are the strongest and most dynamic houses. Should the rest of your chart concur, angular houses suggest that you are an enterprising, energetic and assertive woman. Indeed, angular houses are said to generate impulsions and to give a powerful and domineering personality.

Unusual fates are often linked to a predominance of angular houses, but this is only a partial indication...

### Your Esoteric Decanates

Each sign contains 30 degrees and can be divided into three equal parts: the decanates. The Tradition indicates that specific meanings can be associated to each of the three decanates. Their sphere of activity is usually limited to the Sun sign, however, it is even more interesting to observe the distribution of all the planets in the chart to get an idea of the respective importance of the three decanates, which can complement the description of the personality.

These meanings must be considered with the greatest caution. Indeed, they are minor characteristics that can only underline other outstanding traits of character.

Traditionally, the first decanate highlights the characteristics of the sign where a planet is located. The two other decanates correspond to sub-dominant planets, depending on the nature of each sign. This system leads to a multiplication of meanings and it is impossible to have a clear understanding: here, we prefer to give only the meaning of one decanate in comparison with the other two, within the birth chart as a whole. Again, the greatest caution is needed with regard to this minor indication as it is not always reliable: it is not essential that you read these texts in the beginning. You can get back to them later on, once you have read more important interpretations

### Your Esoteric Decanates

The third decanate, which means the part between 20° and 30° of any zodiacal sign, prevails in your natal chart, Ann Lennox. It contains the degrees of spirituality, traditionally more delicate to deal with, since they incline towards evolution and therefore, destabilizations. Individuals with an emphasised third decanate may have a deeper sensitivity than most people, which often brings about ordeals, but also spiritual rewards.

## Annex 2: Karmic Study

The karmic theme is a good complement to the psychological portrait, or natal chart. This analysis is based on the positions of the Lunar Nodes, the Black Moon and the Part of Fortune: they are also called fictitious points and describe the spiritual purpose of your destiny. Because there is in all of us an experience and a quest, our life is an evolutionary journey... provided that we head towards the right direction, of course! Indian astrologers highly prize the Nodes axis (North Node and South Node). It is the Ariadne's thread that we are invited to follow. The Black Moon indicates the sector where we are most likely to transform or to transcend, whereas the Part of Fortune points out the area where we can easily express our specificity.

### The Lunar Nodes: a spiritual path

Lunar Nodes have their roots in the Indian tradition and they are based on a simple concept: each of us have a mission of their own, here on earth, a destiny, a course. According to the Indian philosophy, life is a school: the nodal axis describes our past experiences (South Node, our karma, our spiritual inheritance or our previous lives), and our aims on earth (North Node, our Dharma, the purpose of our current incarnation). This is the reason why the study of the lunar nodes is called "Karmic astrology". Here, we shall not step into hypothetical past lives. Wherever our current trends may come from, all that really matters is that we become aware of the purpose of our life, its finality and our dharma. We are likely to understand our life purpose around the age of 37, when the Lunar Nodes return to their natal position.

Your life is marked with the major challenge of developing your social image, of asserting your personality... and of leaving your shell. Your childhood and your family roots are very present. You have an inclination for quietness, protections and intimacy. You enjoy at will the moments when you feel "at home", in known territory and familiar situations. But you must learn to thrive in society, to give of your best, to socially shine, particularly when you feel that external pressure and opinions are upsetting. Do not fall in the trap of your dreams and souvenirs! Life implies responsibilities and the will to control, otherwise you cannot feel your true self. You may be too dependent and you must learn to slowly become autonomous, free to take decisions and to take action. Your sense of duty allows you to climb all the steps of a perilous, yet thrilling, social ladder. As years go by, you claim more autonomy, more power and more freedom of action.

Your entourage respects your manner: you belong to the category of persons who arouse their close friends' consideration because of their straightforward, sometimes rigid attitude. The concern that you must "maintain your rank" may increase the severity of your judgments and lead to intransigence. You are sensitive to the prestige of your social standing and you show an acute sense of responsibilities since your youth. You become an adult early in life and you always avoid dependency. Your life's challenge is to learn to handle your intimate and family life as well as you manage your career. In the private sphere, you may undergo difficulties: you are a real loner and you turn down any help and affection offered by your entourage. You deny yourself the sweetness of a comfortable and reassuring home. However, as time goes by, you will overcome your reluctance and you will allow what you most value, deep down: love and tenderness to blossom within a privileged relationship, within a family...

### Lilith or the Dark Moon

The Black Moon is the spark of refusal and distance that is dormant in all of us. Depending on the sign where she is found in your chart, she highlights the desire to transform and to sublimate a part of your life. The Black Moon is unfathomable and mysterious. She gives a different dimension to the sector she

touches. Her manifestations are subtle; nonetheless, she is powerful, implacable, demanding to the extreme... The Black Moon is also called Lilith. She is the inner flame of your heroism and insubordination.

This configuration predisposes to the quest of the absolute on two accounts: firstly, the very nature of the Black Moon, implacable and extremist, and secondly, she is in a sector of the Zodiac that is traditionally evolutional but extremist. Here, you flirt with death, danger and challenge. Everything suggests transformation, abandonment and revival, passion and cruelty. There is no half-measure in your behaviour, only a terrifying and marvellous thirst for the absolute... That'll take some doing for the person who will experience it with required intensity!

Twin relations (those that include your fellow creature, your double) are an object of fascination. You are in quest of your soul mate, your identical being rather than your complement... This attitude brings about exaltations and setbacks: you think that you recognize that special one who really resembles you? Differences, however, grow more painfully as time unfolds. But your search of an absolute relation may also become the cement of a close and privileged couple, impervious to life vagaries.

### **The Part of Fortune in House**

The Part of Fortune is a very ancient fictitious point that depends on the lunar phase at the time of birth. The astrological house tenanted is particularly strengthened. In your chart, the Part of Fortune is in the 12th house: it is when you face difficult situations that you give of your best. Ordeals have a stimulating effect on you, once the first moment of bitterness or of despondency is gone. Life hardships make you stronger and make you grow. You can better than anyone else shift cycles or lines of conduct: you are detached from events and you give them their inner and spiritual dimension. You challenge yourself and you evolve according to the obstacles laid on your path. Your destiny is particularly influenced by altruism, dedication and renunciation. Your spiritual progression may take precedence over your everyday constraints: source of ordeals, but above all, of inner growth. Life is a perpetual initiation and a quest beyond the invisible.

### **Retrograde Planets**

The karmic tradition insists on the issues related to the so-called retrograde planets. They are considered to be the inheritance of a past that was not well experienced, a sort of unfinished business. The interpretations of the retrogradation may seem negative or excessive to you. However, you may relate to a scenario that you have often and repeatedly experienced... as if you underwent several setbacks that all have the same cause. Until the day you become aware of it and you can free yourself from it! Through the slow integration of these planetary energies, you will be able to overcome your difficulties and to pay your karmic debt. Actually, each retrograde planet highlights an opportunity for evolution. Nothing can be achieved without the will to grow spiritually and to defeat your own demons.

With Jupiter retrograding on the day of your birth, the lesson is about grasping the opportunities that are offered to all of us but that some people take advantage of, while others don't. Persons who quickly adjust to circumstances are more likely to achieve their ambitions than those who need to be encouraged to take action. During your childhood, you may not have efficiently responded to life's concrete enticements, leaving other "luckier" people to achieve what you were dreaming of. You preferred to enjoy yourself, here and now, rather than to look for new paths of development or exploration. It is possible that you were not optimistic enough. Enterprising minds were alien to you... Later, you find out that, indeed, you give little importance to the credit of the frenzied expansion praised by the modern

world. Your path is not oriented towards personal prestige. With subtlety, you integrate non-material values and you accept well the fact that you missed past opportunities.

Uranus was retrograding on the day of your birth: you have the soul of a rebel and your behaviour may often be tyrannical or extremist. Your manner has brought you setbacks. You lack the flexibility that spares you the pain of forcing your ways through events. The danger may be that you get trapped into rigid patterns and into personal logics incompatible with others'. This is precisely what your life's lesson is about: as years go by, your judgments are more qualified and your attitudes become less cut-and-dried, less stubborn. You must lose the essentially individualistic character of your childhood and be more open to other people's ideas and problems. In other words, a path of love. Without losing your remarkable resolution, you must practice some form of renunciation and be sensitive to various logics that constitute the wealth of your social life.

Pluto retrograde suggests power issues and mishandled relations: for you, everything comes down to power struggles, submission and domination, Machiavellian manoeuvres, including within your couple... The results are complex behaviours and an obsession for the power to influence people. Yet, life teaches that you must simplify your relations and adopt more transparent attitudes and healthier desires... As years go by, you will tend towards more simplicity and you will slowly discover that human energy can, and must, be at the service of the good, or of well being, in compliance with our individual progression.

N.B: modern astrology attaches less and less importance to the principles of retrograding planets.

## Conclusion

A few remarks are needed here in order to allow you to fully take advantage of your astrological portrait: firstly, do not forget that a birth chart is also a photograph of the sky at birth and a structure that not only contains the personality's characteristics, but also its potential evolution.

We all know that, in real life, people begin to know themselves when they are in their forties, or even later. Likewise, several traits of character in a portrait may seem surprising: in most cases, it means that such features are not yet developed.

Some personalities reveal themselves late in life, whereas others are more precocious. It must be remembered that psychological structures are in a state of continuous evolution because they are influenced by unfolding events and gradual maturity. We can never underline strongly enough the "mobile" nature of the personality, throughout a lifetime.

On the other hand, it is difficult to discriminate what is "already present" at this moment in your life when you are reading your chart's interpretation, from what will appear later in the logic of your evolution: you must sort out all the pieces of information provided and, in most cases, you will see that your astrological portrait is helpful for your endeavours to know yourself better.

Finally, several readings of an astrological portrait are usually necessary in order to absorb all its different meanings and to evaluate the relevance of each character trait.

In any case, better self-knowledge obviously contributes to faster personal blossoming, and it is undoubtedly one of astrology's major roles: contributing to know oneself better, in order to improve more rapidly, to deal with one's weaknesses and to avoid its drawbacks, and to take advantage of one's assets as efficiently as possible.
