# George W. Bush's Astrological Portrait

## Introduction

To fully benefit from this portrait, we suggest that you read its introduction and its preamble carefully, and then that to take the time to soak up the interpretations of each chapter. Given the large number of texts, which mirrors the human being's complexity, you may need to go through the contents several times, so as to get a good grasp of their meaning and to know yourself better. This will reward your patience.

The purpose of this report is to describe your psychological portrait and to highlight the most fundamental features on the personal area. The report begins with the analysis of your planetary dominants and outlines your personality's general traits before going into further detail. Minor dominants are analysed at the end of Annex 1, for purposes of clarity. Your report then delineates the various facets of your personality:

In general, even when relationships are not involved, we express ourselves and we feel according to our character and our personal motivations: this is indicated by the Ascendant and the Sun sign which both give details on the way we function. They shed a tremendously important light which allows to figure out your personality. Here, we describe your Sun sign (your inner self), your Ascendant (your behaviour as seen by others), and the ruler of the Ascendant (interesting additional pieces of information about the style of your personality). These descriptions alone cover nearly a third or a half of your psychological signature, depending on your natal chart characteristics.

Then, we address your sensitivity, or in other words, the way you receive things and how you express your emotions ; it works as a constant filter for all your exchanges, even when it becomes a more secondary element in your amorous relationship, because at that moment, affectivity prevails. Sensitivity is the way you perceive things, it is your radar, your daily mood, and at the same time, it indicates how you react to your entourage, on a daily basis. It is what others immediately see of you. In the second paragraph, we explain in which areas of life your sensitivity and your emotions are strongest, therefore, where you are most vulnerable.

After this, it is your affectivity, the way you love and how you charm, that comes into play as soon as you fall in love: the first part indicates its basic structure or its main form. The second part describes the areas where it is best expressed and how you display it, according to your personality.

A third fundamental area deals with your mode of action and your sexuality: how you behave, how you manage to obtain what you want, what kind of desires you have. There are twelve possibilities, very

different from one another. The study discloses the specific one that applies to you. In the second paragraph, we explain in which life areas you may most efficiently take advantage of your capacity for action and for conquest.

Your ways of communicating and of thinking are obviously among the major elements that must be integrated into the delineation and the description of your personality. Indeed, they influence your general behaviour and may modify or enhance the image your project (for instance, extraversion may “compensate” a weak affectivity, but a huge number of cases are possible). An additional chapter indicates the favourite areas where you enjoy communicating, thinking and meeting with people.

Besides, we analyze an even more personal aspect that is important to define and understand what may occur within your couple: each of us have a centre of interest, a privileged manner to be fulfilled or to achieve our destiny; this main motivation is indicated by the positions of your Sun and your chart ruler in the astrological houses and we provide you with its detailed description.

A natal chart contains the potential for specific fulfilment and a whole range of assets, protections and qualities. How does the lucky factor manifest in your personality? In which area can you best exploit your qualities? The answers are precisely revealed to you in this chapter.

On the other hand, we all feel in us a part of vulnerability, doubts and fears. How does this part of solemnity or serious side play out? How is it possible to handle it in order to evolve and to get rid of useless elements? All this information is provided to you in these two paragraphs.

Then, you can discover three additional traits of your personality that must be considered as secondary ones. They deal with your predispositions, which means that they need to be triggered by external events because they are not influenced by your will; let's call it a part of fate. Please, bear in mind that your destiny can unfold only in accordance with what you are: therefore, even if they belong to your more unconscious self, these characteristics are parts of you, definitely.

The karmic chart complements the psychological portrait or natal chart. It is based on the positions of the Lunar Nodes, the Black Moon, and the Part of Fortune. These elements of the chart, sometimes referred to as fictitious points, provide information about the spiritual meaning of your destiny. Owing to the fact that we all have in us acquired knowledge and the urge to go on a quest, our life is an evolutionary journey... However, these texts must be read with great caution: this is the reason why you will find this analysis in the Annex 2 of your report.

## Meaning of Stars

Stars indicate the strength of the aspects. Two solid coloured stars (there are half-stars also), mean that the aspect is powerful enough to be noticed at the first reading.

We strongly advise that you read the paragraphs displaying less than two stars later on, after you have absorbed the full import of the other texts.

The yellow colour indicates a soothing and conciliating aspect, and the red colour, a dynamic and tense aspect. The red aspects enable you to evolve, to take action, and to learn to turn your "weaknesses" into

assets through your life experiences. The yellow aspects are innate strengths on which you rely in order to grow better with the former...

## Preamble

When interpreting a natal chart, the best method is to start gradually from general features to specific ones. Thus, there is usually a plan to be followed, from the overall analysis of the chart and its structure, to the description of its different character traits.

In the first part, an overall analysis of the chart enables us to figure out the personality's main features and to emphasize several points that are confirmed or not in the detailed analysis: in any case, those general traits are taken into account. Human personality is an infinitely intricate entity and describing it is a complex task. Claiming to rapidly summarize it is illusory, although it does not mean that it is an impossible challenge. It is essential to read a natal chart several times in order to absorb all its different meanings and to grasp all this complexity. But the exercise is worthwhile.

In brief, a natal chart is composed of ten planets: two luminaries, the Sun and the Moon, three fast-moving or individual planets, Mercury, Venus and Mars, two slow-moving planets, Jupiter and Saturn, and three very slow-moving planets, Uranus, Neptune and Pluto. Additional secondary elements are: the Lunar Nodes, the Dark Moon or Lilith, Chiron and other minor objects. They are all posited on the Zodiac wheel consisting of twelve signs, from Aries to Pisces, and divided into twelve astrological houses.

The first step is to evaluate the importance of each planet. This is what we call identifying the dominant planets. This process obeys rules that depend on the astrologer's sensitivity and experience but it also has precise and steady bases: thus, we can take into account the parameters of a planet's activity (the number of active aspects a planet forms, the importance of each aspect according to its nature and its exactness), angularity parameters; (proximity to the four angles, Ascendant, Midheaven, Descendant and Imum Coeli or Nadir, all of them being evaluated numerically, according to the kind of angle and the planet-angle distance) and quality parameters (rulership, exaltation, exile and fall). Finally, other criteria such as the rulership of the Ascendant and the Midheaven etc. are important.

These different criteria allow a planet to be highlighted and lead to useful conclusions when interpreting the chart.

The overall chart analysis begins with the observation of three sorts of planetary distributions in the chart: Eastern or Western hemisphere, Northern or Southern hemisphere, and quadrants (North-eastern, North-western, South-eastern and South-western). These three distributions give a general tone in terms of introversion and extraversion, willpower, sociability, and behavioural predispositions.

Then, there are three additional distributions: elements (called triplicity since there are three groups of signs for each one) - Fire, Air, Earth and Water - corresponding to a character typology, modality (or quadruplicity with four groups of signs for each one) - Cardinal, Fixed and Mutable - and polarity (Yin and Yang).

There are three types of dominants: dominant planets, dominant signs and dominant houses. The novice thinks astrology means only "to be Aries" or sometimes, for example, "to be Aries Ascendant Virgo". It is actually far more complex. Although the Sun and the Ascendant alone may reveal a large part of the character - approximately a third or a half of your psychological signature, a person is neither "just the Sun" (called the sign) nor just "the first house" (the Ascendant). Thus, a particular planet's influence

may be significantly increased; a particular sign or house may contain a group of planets that will bring nuances and sometimes weaken the role of the Ascendant, of the Sun sign etc.

Lastly, there are two other criteria: accentuations (angular, succedent and cadent) which are a classification of astrological houses and types of decanates that are occupied (each sign is divided into three decanates of ten degrees each). They provide some additional informations.

These general character traits must not be taken literally; they are, somehow, preparing for the chart reading. They allow to understand the second part of the analysis, which is more detailed and precise. It focuses on every area of the personality and provides a synthesis of all the above-mentioned parameters according to sound hierarchical rules.

As explained in the introduction of your Psychological Portrait report, minor dominants are analysed at the end of Annex 1, for purposes of clarity.

## Your Planetary Repartitions

Each quadrant is a combination of the four hemispheres of your birth chart and relates to a character typology. The Southern hemisphere – the top of your chart, around the Midheaven – is associated with extraversion, action, and public life, whereas the Northern hemisphere prompts to introversion, reflexion, and private life. The Eastern hemisphere – the left part, around the Ascendant – is linked to your ego and your willpower, whereas the Western hemisphere indicates how other people influence you, and how flexible you are when you make a decision.

### Your Four Quadrants

George W. Bush, the nocturnal North-eastern quadrant, consisting of the 1st, 2nd and 3rd houses, prevails in your chart: this sector favours self-assertion and material security to the detriment of your perception of others. You consider self-transformation to be a hazardous adventure. You are inclined to seek stability and you tend to protect yourself with your actions. Possession, acquisition but also communication, without opening up too much, are part of your deep motivations. You are rather autonomous and constant, however it is important that you pay more attention to others, so that you can improve your outcomes.

## Your Dominant Modes and Elements

George W. Bush, here are the graphs of your Elements and Modes, based on planets' position and angles in the twelve signs:

### Your Four Elements

George W. Bush, Fire is dominant in your natal chart and endows you with intuition, energy, courage, self-confidence, and enthusiasm! You are inclined to be passionate, you assert your willpower, you move forward, and come hell or high water, you achieve your dreams and your goals. The relative weakness of this element is the difficulty to step back or a kind of boldness that may prompt you to do foolish things.

Cheers for communication and mobility, George W. Bush! The predominance of Air signs in your chart favours and amplifies your taste for relations and for all kinds of short trips, whether real (travels) or symbolic (new ideas, mind speculations). You gain in flexibility and adaptability what you lose in self-assertion or in pragmatism.

Earth qualities are under-represented in your chart, with only 7.47% instead of the average 25%. Deficiency in Earth may indicate that you have no interest in material and concrete values. It is likely that you live too much in your heart or in your mind, or even in your enthusiasm! The fact remains that you may end up in tricky situations, due to your lack of good sense or forethought: material life is unavoidable even if you are rather idealistic, dreamy, or easily content. You must tackle concrete life necessities, for fear of... being forced to cope with them, later, in much more unpleasant ways!

The twelve zodiacal signs are split up into three groups or modes, called quadruplicities, a learned word meaning only that these three groups include four signs. The Cardinal, Fixed and Mutable modes are more or less represented in your natal chart, depending on planets' positions and importance, and on angles in the twelve signs.

## Your Modes

George W. Bush, the Cardinal mode is dominant here and indicates a predisposition to action, and more exactly, to impulsion and to undertake: you are very keen to implement the plans you have in mind, to get things going and to create them. This is the most important aspect that inspires enthusiasm and adrenalin in you, without which you can grow weary rapidly. You are individualistic (maybe too much?) and assertive. You let others strengthen and improve the constructions which you built with fervour.

## Your Dominants: Planets, Signs and Houses

The issue of dominant planets has existed since the mists of time in astrology: how nice it would be if a person could be described with a few words and one or several planets that would represent their character, without having to analyse such elements as rulerships, angularities, houses, etc!

The ten planets - the Sun throughout Pluto - are a bit like ten characters in a role-play, each one has its own personality, its own way of acting, its own strengths and weaknesses. They actually represent a classification into ten distinct personalities, and astrologers have always tried to associate one or several dominant planets to a natal chart as well as dominant signs and houses.

Indeed, it is quite the same situation with signs and houses. If planets symbolize characters, signs represent hues - the mental, emotional and physical structures of an individual. The sign in which a planet is posited is like a character whose features are modified according to the place where he lives. In a chart, there are usually one, two or three highlighted signs that allow to rapidly describe its owner.

Regarding astrological houses, the principle is even simpler: the twelve houses correspond to twelve fields of life, and planets tenanted any given house increase that house's importance and highlight all relevant life departments: it may be marriage, work, friendship etc.

George W. Bush, here is the evaluation diagramme for your planets:

The three planets that are most highlighted in your chart are Mercury, Pluto and the Moon.

With Mercury among your dominant planets, you are certainly cerebral, nervous, swift, curious, quick-witted, and you love to communicate. Your psychological pattern is intellectual, all the more so since Mercury is important, with its whole set of assets but also of weaknesses, obviously.

Your sensitivity, emotions, and heart's impulses give precedence to thinking, which can lead people to believe that you are a playful and witty but heartless person, intellectualizing situations and juggling with words and numbers whilst ignoring human aspects of things. Of course, it is said that cats always land on their feet - this is your Mercurian strength and your trump card!

Your weakness lies in your nervousness, and you may miss your goal because of your "over-intellectualization" that may be detrimental to other kind of energies such as instinct, spontaneity, heart, sensitivity, etc.

With Pluto as a dominant planet in your chart, you are a magnetic and mighty predator, like the Scorpio sign ruled by this planet, who needs to exert pressure on others in order to "test" them. You are always ready to evolve, to risk destruction for reconstruction - including your own - to live more intensely whilst imposing your secret authority on things and on people you encounter.

You may come across as wicked, cruel or too authoritarian, but actually you only follow your instinct, you sound people out, and you like to exert your domination simply because your vital energy is too powerful to remain inside. You are inclined to be passionate, with hidden motivations. You are sometimes misunderstood but one of your great Plutonian assets is to go successfully through each life ordeal with ever growing strength.

The Moon is one of the most important planets in your chart and endows you with a receptive, emotive, and imaginative nature. You have an innate ability to instinctively absorb atmospheres and impressions that nurture you, and as a result, you are often dreaming your life away rather than actually living it.

One of the consequences of your spontaneity may turn into popularity, or even fame: the crowd is a living and complex entity, and it always appreciates truth and sincerity rather than calculation and total

self-control.

As a Lunar character, you find it difficult to control yourself, you have to deal with your moods, and you must be careful not to stay passive in front of events: nothing is handed on a plate, and although your sensitivity is rich, even richer than most people's, you must make a move and spare some of your energy for... action!

In your natal chart, the three most important signs, delineated according to the above-mentioned criteria, are, in decreasing order of strength, Leo, Libra and Cancer. They are often prominent because your Ascendant and your Sun are posited there. However, it is not always the case: it may be because they are occupied by a cluster of planets, by a planet near an angle other than the Midheaven and the Ascendant, or because two or three planets are very active and form numerous aspects from these signs. Therefore, you partly take on the three signs' characteristics, which are somehow superimposed on your natal chart, and all the more so if any of the signs in question is highlighted.

With Leo as a dominant sign, you naturally shine brightly. Your dignity, your sense of honour, and your generosity can almost turn you into a solar mythological hero, a knight or a lord from the ancient times. People may blame you for your selfishness, your pride or your somewhat loud authority, but if you are self-confident, kind-hearted and strong-willed, it surely makes up for your little flaws, as long as they remain moderate...

With Libra as a dominant sign in your natal chart, you love to please, to charm, and to be likeable. Moreover, you are naturally inclined towards tolerance and moderation, as well as elegance and tact, as if you were meant to please! Of course, you always find malcontents who criticize your lack of authenticity or of courage and your half-heartedness, but your aim is to be liked, and in this field, you are an unrivalled champion!

Cancer is one of your dominant signs and endows you with imagination and exceptionally shrewd sensitivity. Although suspicious at first sight - and even at second...- as soon as you get familiar with people and let them win your confidence, your golden heart eventually shows up, despite your discretion and your desire for security that make you return into your shell at the slightest alert! Actually, you are a poet and if you are sometimes blamed for your nostalgia and your laziness, it is because your intense inner life is at full throttle...

## Your Dominant Houses

Houses 1, 3 and 12 are the most tenanted ones in your natal chart. To compute their strength, planets and angles are weighed according to various astrological criteria such as swiftness, activity, angularity, rulership etc. From the analysis of the most tenanted Houses, the Astrologer deduces the fields of activity that are most relevant to you, be it because of what you are experiencing, or what you may experience in the future, or because of your deep inner motivations.

With a dominant 1st house, your magnetism is powerful, and your individuality as well as your willpower are out of the ordinary. You are a determined, strong-willed, and assertive person, with this relative criterion at least.

It is likely that you never go unnoticed when you are in a crowd or in a reunion: an important 1st house suggests that you are a charismatic person with above average vital energy, especially if the Sun is present in this sector.

Your personal interests are always important and you never forget them, which doesn't mean that you are self-centered, but only that you behave according to what is in harmony with your deep nature!

As the 3rd house is one of the most important houses in your chart, communication plays a major role in your life or in your deep motivations: frequent short trips, open-mindedness - which may offset a lack of mutable signs for instance - listening, discussion, interest in learning, knowledge accumulation or long-term studies, etc., are all areas that greatly appeal to you and are part of your daily life.

The 12th house is emphasized in your chart: like the 8th house, it has a rich and complex meaning. Although its bad reputation is likely to scare most readers in the first place - it is indeed the house of hidden or isolated places, of solitude, of ordeals or enemies - it can also mean that a part of your life is very deep and intense. If your achievements are not visible in the public eye, you may fulfil yourself in a different but equally important way: you may be involved in secret activities, humanitarian causes, and projects in favour of disadvantaged people. You are likely to work in quiet and remote places. In many cases, you will gain from these hidden activities as many treasures as people who have a more public destiny. It may be because you sublimate your work, or only because you successfully carry out your task within your environment. There is no such thing as a good or a bad house, because each area of life is necessary in its own way, and we need all of them, if we are to improve spiritually.

## Your Style, Behaviour, and Peculiarities

What is commonly known as "sign" indicates the position of the Sun in the Zodiac. The Sun highlights all the characteristics of the sign he tenants. According to astrology traditional rules, these characteristics are all the more pure and exact when the Sun is strong in the sign, or when the sign is particularly highlighted within the chart. Here, we indicate the pure characteristics of the sign but you must bear in mind that they may only shed a light on a particular aspect of your personality. Indeed, the sole sign of the Sun, or of the Ascendant, can never describe an astrological chart because it depends on the degree of strength of the said sign in your chart.

Another important point must be underlined. Contrary to the Ascendant, which clearly describes your appearance, your vitality, your physical constitution, your spontaneous behaviour and the image you project, your Sun sign describes your inner self, which you may not completely be aware of, and which may emerge gradually as you mature: it is about your inner personality that you reveal only to the members of your entourage whom you trust. The Sun sign is likely to be the final form of your personality, once it has evolved in line with the energies of the other parts of your chart, the beginning of which is seen in the Ascendant, your external "bark".

The Ascendant is one of the major components of your natal chart. It is the zodiacal sign that rises in the East at the very moment of your birth. To calculate it, it is therefore necessary to know your exact time of birth.

It provides with a wealth of information on your personality. It is one of the key features that allows the analysis of several parts of you, such as your appearance, your character as it is initially perceived and your immediate behaviour. It describes the external aspect of your personality which you always display, but it also describes your physical constitution in the long-term, in other words, your health.

Please be aware that, in spite of the importance of the Ascendant, the accuracy of its description depends on how strongly highlighted it is in your natal chart. We use the entire set of astrological rules to assess the strength of the Ascendant. In most cases, the Ascendant is as revealing as your "sign", i.e., the sign where the Sun is posited at the time of birth.

## You were born under the sign of Cancer and your Ascendant is in Leo

Before broaching the details of the meaning of your Sun and your Ascendant, as a preamble, we offer a brief generic interpretation of their combination in your chart:

The Lord in his kingdom... With your Cancer Sun, you endlessly roam your inner world or your favourite place like a king who inventories his lands and his subjects. Owing to your Leo Ascendant, you strive to keep your head high in order not to disappoint anybody. When people meet you for the first time, they notice your warm individualism and your shining self-assurance, and they fall under the charm of Leo's unique sense of humour. Even when your extroverted manners are not too obvious, your desire for recognition and admiration is clearly palpable, which does not necessarily mean that you are egocentric, although there are grounds for wondering... Your Ascendant Leo enjoys the dramatic and spectacular sides of life, whereas your Cancer Sun is deeply moved by its fanciful and marvellous aspects. Unlike Leo, Cancer has a strong tendency to become withdrawn and protect itself. Some people think that you

are pusillanimous, while some others say that you are careful. In both cases, you are definitely more vulnerable than you would like to appear to be.

### **You were born with the Sun in Cancer**

Psychologically speaking, your nature is dreamy, oriented towards nostalgia for things past. You are very instinctive and you protect yourself against the outside world. Your inner life is rich, with fertile and even unlimited imagination, a propensity to avoid unnecessary risks and to pursue security. You show your true face only to persons you can trust, when there is a kind of well being triggered by the nostalgia for the past.

As you are born under this sign, you are emotional, sentimental, restful, imaginative, sensitive, loyal, enduring, protective, vulnerable, generous, romantic, tender, poetic, maternal, dreamy, indolent, greedy and dedicated. You may also be fearful, unrealistic, evasive, passive, touchy, anxious, dependent, stubborn, lunatic, backward-looking, lazy, burdensome, impenetrable and a homebody.

Love in the masculine mode: for you, Sir, in love, you are tender, sensitive and quite loyal. You are influenced by a mother-figure and you unconsciously look for a partner who will offer as much attention and affection as you used to receive as a child. You are a homebody and a dreamer and you blossom in the family cocoon you create, dreaming of adventures and extraordinary trips... that you most often take in your head.

Tenderness is more important than sexuality, even though it is also an agent for security and for stability. You tremendously appreciate to be again the spoiled child that you used to be, as you savour tasty little dishes or as you receive the frequent praises you need in order to feel reassured.

You are sheltered from tragedies and life complications because at the very moment when a difficult situation emerges, you nip it in the bud either by ignoring it or by withdrawing into your shell quietly, until the storm subsides.

Your home is happy and rich, quiet and harmonious, throughout your life.

### **Your Ascendant is in Leo**

Psychologically speaking, your nature is powerful and self-assured. You are a leader whose strength and nobleness naturally arouse your entourage's respect and adherence and your legitimacy is unquestioned. Your sense of commandment, the honour your person constantly exudes, your prestige and your charisma is a whole which puts you into the spotlight wherever you go.

As you are born under this sign, you are proud, determined, wilful, loyal, solemn, generous, ambitious, courageous, heroic, full of vitality, creative, confident, seductive, happy, daring, proud, majestic, honest, magnanimous, charismatic, responsible, noble, brilliant, radiant, dramatic, affectionate, full of humour, demonstrative, swaggering and self-confident. You can also be domineering, conceited, touchy, authoritarian, stubborn, intolerant, self-centered, irascible, violent, and nonchalant.

In love, Sir, you are very demanding. You are a powerful and loyal lover. Your partner must be the most beautiful and the most brilliant person and she must make you feel that she admires you. In such a case, your generosity has no limit and you give your love without reservation, with nobleness, liberalities and

luxury. You set up a stable and brilliant home where children have the essential part.

The main danger is that you value trust to the extent that you grant it generously but too hastily: if you happen to find out that your trust is misplaced, the whole world around you crumbles and the relationship is forever damaged. In this regard, you are cut-and-dried and you feel so hurt and humiliated that you seldom can forgive.

Another similar danger comes from the fact that your expectations are very high and it is very unlikely that real life offers such unconditional and lasting love: for this reason, it is not unusual that you never marry, all the more so because your self-centered character is not prone to self-questioning...

### The ruler of your chart is in Cancer

The ruler of the Ascendant, also referred to as the chart ruler, brings a few interesting nuances to the meanings provided by the Sun and the Ascendant. The sign in which the ruler of the Ascendant is posited fine-tunes the style of personality described by the Sun and the Ascendant. It may strengthen it if the sign is identical to either of them.

In your chart, the ruler of the Ascendant is the Sun. This specific feature means that the Sun's characteristics previously delineated are strengthened.

### Aspects to your Ascendant

Several planets form an aspect with your Ascendant, George W. Bush. Therefore, in their specific way, they modify your behaviour and your personality, which do not take on the pure characteristics of your Leo Ascendant only, but which are a blend of its characteristics with those of the said aspects.

#### ★★★★★ Mercury conjunction Ascendant, orb 2° 42'

Your sense of communication and your intellectual process perfectly match your external appearance, George W. Bush. Thanks to Mercury, you are able to carry out your self-analysis very well and quickly, which gives a lot of spontaneity to your intellectual exchanges with other people.

#### ★★★★★ Pluto conjunction Ascendant, orb 3° 27'

Pluto is in conjunction with your Ascendant, George W. Bush. The planet of taboos, power, secrets, and instinct endows your behaviour with an uncontrollable domineering note which is not negative as such. At the same time, it also provides you with exceptional lucidity. In spite of yourself, Pluto prompts you to discover people's secrets, to provoke them in order to better understand their "truth". Your mysterious and slightly frightening magnetism is definitely part of your seduction!

#### ★★★★★ Neptune sextile Ascendant, orb -1° 1'

Neptune in soft aspect with your Ascendant endows you with a sharp intuition which enables you to instinctively adopt the behaviour which your entourage appreciates, George W. Bush. You have the natural flair which prevents you from making errors of judgment on people. You understand the crowd, and you have the good reflexes for being well-accepted by all.

#### ★★★★★ Jupiter quintile Ascendant, orb -0° 58'

Jupiter in soft aspect with your Ascendant naturally endows you with a reassuring, calm, and benevolent side, George W. Bush. You honour your commitments without qualms, and thanks to your heart of gold

and your generosity, your behaviour is protective and nice. You like to please other people, and whenever it is possible, you enjoy finding compromise solutions to all problems.

## Your Sensitivity

You are sensitive to beauty, George W. Bush, and your emotional reactions are often of an aesthetical order because, even in the appearances, balance and harmony are necessary for your well being. You easily identify with others, you have a talent for emphasizing their best qualities and you solve their problems with tact and diplomacy. You endlessly weigh the pros and the cons and you constantly try to please your interlocutors. In doing so, you may develop a strong dependency because you need their approval too much. It is difficult for you and your entourage to deal with your indecisiveness because it inclines you towards contemplation more than towards creation and you are tempted to procrastinate unless you try to charm others into doing things for you. But as long as harmony prevails... isn't it what matters?

Lively, even restless sometimes, George W. Bush, your thoughts are roaming, prolific, fluctuating: you are interested in many things and your “Jack of all trades” side is part of your charm, even if you have difficulties in concentrating and completing what you start.

Your emotions are particularly active during your contacts and your frequent travels. You almost chat too much sometimes, mixing practical and affective matters, often changing your mind. However, you are very intuitive when it comes to instantly grasp the personality of the person you are dealing with. If you are a journalist or a writer, you probably have chosen the best direction for you! Relations with females are usually favoured, or at least, they are numerous and intense.

### ★★★★★ Moon conjunction Jupiter, orb 1° 26'

Why should one complicate one's life if it is possible to enjoy the simple joys of the present? This harmonic Moon-Jupiter aspect indicates a cheerful nature, which earns your entourage's liking and protects the balance of your intimate life. Your sociability is supported by your desire to smoothly adhere to a group, a social or family cell. You are fond of moments where you unwind and relax. You value your daily comfort and, to preserve it, you accept to play by the rules of privacy. When this aspect dictates your attitudes, you behave like a person easy to get along with... even though your personal demands, relegated to the backseat, come up again at top speed and force you to behave more in line with your inner needs.

### ★★★★★ Moon trine Uranus, orb -2° 26'

This harmonious Moon-Uranus aspect indicates that your well being depends on the original quality of your charm and on new-ness. You are not influenced by prevailing trends and fashion. You have a personal view of what a balancing private life should be. You enjoy unexpected situations, even extravagant ones. But if you feel that your living environment hampers your freedom, you suddenly change your attitudes and your habits. Independence is your true realm. You may show an exceptional inflexibility when your intimate life moves away from the patterns you need, deep down. Your entourage must get used to your demands and to the values you are determined to keep with all your might and on which you are uncompromising. This determination does not allow for a laid-back attitude, or an indolence that so often causes degradations. You keep your own daily rhythms under control.

### ★★★☆☆ Sun square Moon, orb 2° 55'

In your chart, two polarities are clearly opposing - or complementing – each other: on the one hand, solar values, the image you project and the models you follow. On the other hand, lunar values, moments of letting-go and well being through casualness. When you commit yourself in a project, it is often to the detriment of your peace of mind. Conversely, you completely feel that you are your true self only when

you are no more under the scrutiny of the outside world. Therefore, you separate your social and professional activities from your private life and you seldom match the requirements of the former with those of the latter. It may be a hurdle, a fundamental anxiety. It may also be an obvious asset, when it is well integrated: in that case, you succeed in assigning to yourself, and in fulfilling, objectives that are not necessarily in line with your intimate natural demands, which are preserved and separated from your intentions, your ambitions and your expectations. Thus, a strong will can turn this Sun-Moon hard aspect into a rich instrument for creativity. A shadow zone, or uncertainty, still remains: on the affective plane, you are very sensitive. May be too much, to the extent that you become vulnerable in many circumstances. Because in different periods of your life, your landmarks (solar) and your intimate balance (lunar) will be simultaneously challenged.

★★★★★ Moon sextile Venus, orb -4° 47'

The harmonious Moon-Venus aspect is an element of intimate balance that favours sensual and affective fulfilment. The search of well being includes all kinds of emotions and feelings. You love, you enjoy life in simple ways and you arouse your entourage's affection. The persons belonging to your inner circle are also objects of desire and pleasure. Tenderness and love are probably one and only thing: you are moved by the gestures of affection provided to you and by the daily acts which strengthen two persons' mutual attachment. Whereas other people dread routine, in your case on the contrary, it increases your amorous feelings. You loathe all kinds of violence, particularly in your intimate life. The danger of this planetary configuration may be your constant changes of mood: whims are often on the agenda... and your will is quite weak. One last point: this aspect is frequently found in the charts of people with an aesthetic or artistic sensitivity.

★★★★★ Moon sextile Pluto, orb 6° 07'

You are a riddle for people... and for yourself. This harmonious Moon-Pluto aspect arouses your desire to understand and to express elements hidden in your unconsciousness. You are interested in the occult, in laws that rule beings and things in the dark. You like to pull strings and to manipulate situations without people's knowledge in order to remain mysterious. You feel fine when you are not in the limelight, but you intervene in the dark, with subtlety. Your intimate behaviour reveals the distance that you strive to keep in order to protect your inner life. You gladly cultivate the angel of the bizarre, even in your life habits and in your daily rhythms.

★★★★★ Moon conjunction Neptune, orb 10° 46'

This harmonious Moon-Neptune aspect indicates an exceptional receptivity. You are sensitive to ambiances and you can grasp what is at stake in any given situation. You can pick up things in the general atmosphere that the majority of people miss out. Your deep intuition allows you to feel the subtlest details, that « little nothing » which is the key to behavioural patterns. Inspiration is your guide and imagination accompanies your daily rhythms. Mysteries, psychology, esoterism, fantasy, the supernatural... one of these fields, at least, is of concern to you. You pay utmost attention to your inner life, to moments of tranquillity when you relax, when you allow your mind to wander at will. The danger is that you may seek refuge in the imaginary and that you shirk reality.

## Your Affectivity

In your chart, the Sun is in Cancer and Venus, in Leo. In spite of your apparent reserve and the selective nature of your affectivity (Sun in Cancer), you have a strong desire for conquest and seduction (Venus in

Leo). This configuration is part of an often-repeated pattern: you are chosen, pampered and protected, sometimes, adulated. One must earn your esteem, your love and your confidence. Your affectivity is romantic, even dramatic. There is an obvious desire for the absolute. Let's begin with Venus in Leo: passion cannot be satisfied with half-measures. You love with all your heart, or not at all. The desire for the absolute is also true for the Sun in Cancer who sees the couple as sacred and indivisible. It is likely that you demand as much as you give. The danger may be that you expect so much from a love affair that you forget to step back. You may smother, you may destroy love because you embrace it too tightly. Your sensitivity is all on edge and your vulnerability allows your affective life to fully develop. If your partner does not disappoint you, you display a boundless generosity. But your mutual confidence (Cancer) and admiration (Leo) must not fade. More than anyone in this regard, you are touchy and extremely uncompromising. One last point: jealousy often constitutes a very common but minor flaw.

You are so proud and generous, George W. Bush, that the power of your love contains in itself your vulnerability. However, this is precisely what makes you charming and original. You are loyal and straightforward and you need to love as much as you need to be loved. Both feelings are tightly linked and there is a real danger that love is broken up by trivial misunderstandings, just because your touchiness is affected. You are demonstrative, brilliant, and even dramatic, with a legendary generosity. For you, everything is, or must be, excessive: gestures of love towards your partner, your presents, your comfort and the luxury, which marks your outings and your travels. You are physically a lion, at least, you have its sexual appetite; you are voluptuous and passionate. Flexibility is the only thing that is out of your reach, in the ways you show your love, as well as in your responses to annoying events.

George W. Bush, Venus in the 1st house (also called Ascendant) represents your behaviour or your character, as seen by others. This position contributes to soften your personality and to bring a natural charm and an easygoing quality. It gives you a sparkling, attractive and sexy side: not only do you easily express your feelings in a seductive and affectionate way, but they are also an integral part of your vision and the image you project. You want to please, you have a taste for beauty, even luxury, arts, music, you especially look for harmony in everything and diplomacy is one of your most renowned qualities. Therefore, you are lucky in the sentimental sphere, you establish links easily and you can expect to have long-lasting relations. Since you happily express your feelings, it's only right that you reap what you sow. There is no gap between your behaviour and your feelings, which endows you with exceptional assets for seduction.

#### ★★★★★ Venus sextile Uranus, orb 2° 2'

Your charm lies in the originality of your approach to love and in your uncompromising attitudes. Your motto? Freedom of love, whatever the price! Should your sentimental life become dull, you find a solution: you are romantic and you reinvent your couple's life, you give a new and unexpected momentum to your emotions. You create the kind sharpness that contributes to your exceptional affective life. You do not fear love at first sight or blazing passions. On the affective plane, you know where you are heading for, whom you love ... or love not. There is an indisputable intransigence. The heart impulses are irrevocable and implacable. You dream of a sentimental life that fulfils your aspirations and you use all possible means to achieve your ideal. Even though you may have to make the necessary sacrifices.

#### ★★★★★ Venus sextile Jupiter, orb -3° 21'

Charm and seduction are your assets. This harmonious Venus-Jupiter aspect favours your affective fulfilment and your sentimental well being. You earn your entourage's sympathy thanks to your

conciliating sensitivity, your desire to please and your behaviour in society. In many circumstances, you arouse esteem and consideration – essential values to you. You like social whirls, life in society, the aesthetics and the arts. You often tend to look for the easy way out in your business and your affective relationships. You are known as a complacent person. However, your amorous commitments may be quite superficial. It is important that, without breaking the spell, you opt for a more genuine attitude, respectful of your essential desires. As we all know it, love cannot be bought. An indication of balance: because you are aware that compromises are necessary for a love affair to endure, better than anyone else, you know how to maintain harmony in love.

★★★★★ Venus semi-square Neptune, orb -0° 33'

You are very idealistic in love and you may be blind. In many circumstances, you deem your sentimental life heavenly and you lay yourself open to delusions. Love is a dream and waking up is often painful. Your imagination distorts the game of intimate situations. It is important that you keep your sense of reality and that you avoid to embark upon dark or muddled paths. Forget about artificial paradises! The Tradition very rightly insists on the tendency for impossible love affairs. Your demand and your thirst for the absolute may make you dread to experience a common life that is inevitably flawed with compromises and vagaries. The object of your affection is idealized « because it was her, because it was me » and you do not reckon objective elements that will resurface later in full force. With this planetary configuration, the danger is in the idealistic, even fanciful, nature of your affectivity. It is certain that love cannot be bought or reasoned. But how is it possible to live an absolute passion on a daily basis? You must control your heart impulses and, without losing the sentimental riches that are part of your charm, you must put what you love in harmony with what you dream of.

## The Way You Take Action and Your Sexuality

George W. Bush, you skilfully make use of your energy and you are like the arrow that reaches its target with great precision: with piercing eye and sharp mind, you take action meticulously and efficiently. Like the surgeon with his scalpel, you know exactly what you want and you belong to the category of specialists, not the generalists. Critical, pernickety, extremely organized, you want to foresee and to analyze. You prefer to master your business too well rather than not enough, even if you must put a huge, sustained, long lasting effort into it. Sexually, you remain fanatical about cleanliness. You may be prone to fantasies such as fetishism. Your love life is fine if you avoid the unforeseen events that you loathe.

George W. Bush, your capacity for action perfectly matches your personal enrichment and enhances your earning abilities! It is easy for you to engage into fights aiming at ensuring your material security, as it is the best outlet for your energy: it must serve a purpose, otherwise why bother? Consciously or not, your ardour is going full steam ahead for the success of your business and the protection of your interests.

This energy may also be understood in a figurative sense, and in that case, it involves your affective, family or professional security and has no direct link to money. You may be possessive, and you defeat those who intend to come too near to what belongs to you.

In any case, you are well-equipped and you usually get what you want. This is a valuable asset throughout your life because, indirectly, it turns you into a more independent person who does not need any protection.

#### ★★★★★ Sun sextile Mars, orb -4° 28'

This planetary Sun-Mars aspect reinforces courage, determination and energy. The need for action is obvious. Whatever your will designs is implemented with fieriness, despite all oppositions. You are decisive and wilful, even foolhardy. Your behaviour may be heroic: you know how to face adversity, to stand for your rights and your decisions, regardless of the confrontations you may have to cope with. The only danger may be that you overestimate your chances and your strength. But your audacity turns out to be rewarding, more often than not.

#### ★★★★★ Mars semi-sextile Pluto, orb -1° 16'

You have a very personal way of taking action and of experiencing confrontations and struggles. The laws of the world are subtle, often with complex and hidden mechanisms. For these reasons, you prefer to act behind the scenes rather than openly. You manage your daily life in a distant and subtle fashion while you try to understand the logic underlying observed facts. You may also provoke events although you act as if you were not concerned. Your interventions will be as efficient as they are discreet. You may secretly transform your life and you live through the inexpressible motivations that connect you with the invisible realm. Things, which cannot be formulated, must be experimented and felt. You test experiences that your entourage find uninteresting and meaningless.

## Your Intellect and Your Communication Style

Your intellectual and nervous energy is considerable, George W. Bush, with good concentration abilities and a strong determination. You have plenty of planning and organization skills and enthusiasm. Your helpfulness is deep and you never hesitate to solve other people's problems. You are thought of as a reliable person and you enjoy it very much. You believe in your own capacities and you tend to speak with a dramatic pomposity because you want to attract attention. People who do not share your opinion are in trouble! Your determination is strongest and you may show stubbornness and inflexibility because you do not easily accept it when your ideas or your actions are criticized. Some people believe that you assert yourself in an authoritarian and condescending way, but you are not aware of it and therefore, you keep on thinking that you are right.

Your intellect and your communication abilities are not directed towards any particular field, George W. Bush: indeed, you are by nature curious, lively, mobile and you generally adjust remarkably well to your surroundings.

Your versatile personality prompts you to get interested in many things, and it is not exaggerated to say that your intellect and your flexibility constitute strong assets for your life. People around you may rightly or wrongly perceive a kind of shallowness because of your adaptability and skilfulness - sometimes too opportunistic - that are your strong points.

#### ★★★★★ Mercury conjunction Pluto, orb 0° 44'

Gullibility does not belong to the collection of your faults! You have a good grasp of human mechanisms and you easily detect flaws, calculations and hidden motivations. Human relations are subtle, never black or white, always complex. You often speak in riddles or in negations and you prefer to use the ambiguous language of symbols rather than the simplistic clarity of words. In this way, you fuel your mystery. On the relationship plane, your strength lies in the delicate art of highlighting flaws, detecting what destabilizes the enemy or, on the contrary, identifying what is relevant to your friends. You are

more interested in what is concealed than in what is openly said. More often than not, you exercise an indisputable clear-sightedness.

#### ★★★★★ Mercury sextile Neptune, orb -3° 53'

Your sense of psychology and of human intimate mechanisms is acutely developed. Your relations are nuanced, clever and guided by a good intuition of individuals. Without effort, you pick up what is at stake in relationships and in contacts. Your « sixth sense » inspires you and may take you into strange roads. On the relations' plane, there is an indisputable subtlety. You know what you should not say or, on the contrary, you naturally find the suitable words. Your natural and non-rational attitudes often prove right. The unknown fascinates you... Your curiosity for occultism and mystery is keen. Besides, life is a huge human enigma for you.

#### ★★★★★ Mercury semi-sextile Mars, orb -0° 31'

The harmonic Mercury-Mars aspect is the signature of a quick wit and an energetic character. You take decisions rapidly and you implement them straight away. You never accept stiff situations. You need to design, to take action, to fight to express your acute sense of relation: the world, the people, everything is of concern to you... You need to be involved in relationships and in dialogues. Your sharp retorts earn you a reputation of straightforwardness. On the relations' area, your quick wit and your mobility are greatly appreciated. You find the allies and partners you need at the right time. An art of resourcefulness that is precious...

## Your Goals, Motivations, Career, and Destiny

### Your Sun is posited in the 12th House

George W. Bush, your desire for accomplishment goes through a quite peculiar and original form, in the sense that you cannot resist the appeal of mystery and of withdrawing from events and situations. Your natural inclinations often prompt you to isolate yourself and to keep your private secrets intact. Indeed, it is during such privileged moments, when you are alone, that you can recharge your batteries and eventually blossom up.

Somewhere in you, there is a propensity for introversion, quietness and even a kind of isolation, whether they stem from a natural taste or from force of habit. However, beware... you are more secretive and more enigmatic than you are solitary. The reason is because a more or less important part of you (depending on the rest of your chart) is hidden and inaccessible to others.

You are sociable but you appreciate discretion. You often show a real dedication towards people and your compassion is one of the original facets of your personality, which is difficult to figure out. Your individuality is finally forgotten, almost negated in some cases: you are not interested in personal glory, which is all to your credit. You thrive through dedication, volunteer work, humanitarian action and alleviating the distress around you, since you perceive the weight of injustice more acutely than others.

Here is the paradox you are entangled in: the more you keep your distance from society, the more you are successful, at least regarding the things that strengthen you and make you evolve. Working in secret or in a withdrawn environment suits you very well: you are favoured if you are a writer, a painter, a medical practitioner, a psychiatrist or even a monk. You may also work in a penitentiary institution etc.,

as well as in any occupation conducive to quietness and contemplation. It does not imply that you cannot achieve fame, but when you do, a hidden part of you must express itself in one of the above areas, for your own good.

The Tradition indicates that with this configuration, your evolution goes through ordeals or obstacles that lead to a crisis and to a period of solitude so that you are on your own and, may be, that you have the time to ponder over what is really important in your life journey that seems at first sight so absurd and crazy. Do not worry, there is no such thing as a better predisposition. Everyone has one's own path and yours goes through an unpretentious authenticity, secrecy and the regeneration of your whole being during a few periods of your life, faraway from social whirls and false relations that are time wasting.

Your accomplishment may turn you into the power behind the throne. It may also take you into hidden topics people do not talk about, the supernatural, occultism, great mysteries etc.

Your destiny contains a mysterious part that no one suspects: you are far from being as simple as people might think.

Although nothing appears externally, you know to which extent you are remote from the idea that the majority of people have of you. You are interested in situations that allow you to hide or to withdraw at some periods of your life; it is often due to a series of ordeals. But beyond your reaction of defence while facing events, you have a true inclination for mystery and secret.

You must overcome the periods of isolation or of ordeals because the reward is proportional to what you are entitled to expect: a more rapid moral and spiritual evolution, wisdom, and a blooming personality. Some people may choose small roads in the countryside to unfold their life. You choose highways to earn your salvation and you avoid the socialite and false delusions inherent to an ordinary life in society. More than anyone, you are favoured, you are prompted to overcome pitfalls and to never let pessimism discourage you.

## **The ruler of your chart is in the 12th House**

The ruler of the Ascendant, also referred to as the chart ruler as explained in a previous chapter, is also posited in one of the twelve Houses of the chart. Just like the Sun in his House, the ruler of the Ascendant provides certain abilities, or it makes you appreciate more keenly certain areas of life.

The ruler of your Ascendant is in the same House as your Sun. This specific feature of your chart strengthens the Sun's characteristics previously delineated.

## **Aspects influencing your ambitions**

Regarding your destiny or your career, the following aspects of your natal chart allow to fine-tune what has just been said above:

★★★★☆ Saturn square Midheaven, orb 2° 17'

Saturn is in dissonance with your Midheaven, George W. Bush. Of course, nothing really serious is to be feared. It is just that sometimes, you feel that an unfair slowness keeps on delaying the achievements you deem that you deserve right now. You must work twice as hard to climb up the rungs of success, and above all, you must not get disheartened. Effort is one of the values you must work on, and it is a

punishment by no means. It is obvious that your goals are achievable, but you must remain on the right track and show perseverance. That's all!

#### ★★★★★ Venus trine Midheaven, orb -2° 43'

In your natal chart, George W. Bush, sweet Venus is in soft aspect with your Midheaven. It means that your natural charm and the way you express your feelings are appreciated in society. Usually, this configuration speeds up the achievement of your professional goals, or in any case, of a certain social status. A female - or females - may prove helpful for your career or your destiny.

#### ★★★★★ Jupiter opposite Midheaven, orb -6° 04'

As Jupiter, the most beneficial planet of the Zodiac, makes an opposition to your Midheaven, he also makes a conjunction with the opposite angle, the Imum Coeli which represents your family, your home, and your roots. Therefore, it is not correct to talk about a dissonance, strictly speaking. It does not indicate that your social ascent is slowed down, at least, not directly. It is more that you have a certain amount of good luck in the opposite area, meaning your domestic and family spheres. You feel more comfortable in your "home, sweet home" than in society, and you are more sociable or more blossoming when you feel in security with your close friends, in your territory. Indirectly, you may feel that there is a discrepancy between the success of your career and the fulfilment of your family life.

#### ★★★☆☆ Sun square Jupiter, orb 4° 21'

This Sun-Jupiter aspect indicates a strong desire for social and professional integration but it may cause a few difficulties of expression in that regard, owing to excesses or immoderation. There may be discrepancies between your objectives and the means implemented to achieve them. The danger of this configuration may be that you forsake an essential part of yourself for some ambitious but out of proportion plan. Too many efforts of adaptation and an excess of opportunism may make you miss the target. It is important that you remain true to your values and that you do not seek, at any cost, to adjust your attitudes to the situation. However, do not fall into the opposite trap: a need for the absolute that forbids compromises, although they are so necessary. You must reconcile idealism with the demands of the moment, the respect for principles with the sense of timeliness. When this configuration is not well integrated, things get out of hand. Extravagances are glaring. They may translate into an exuberant, overly demonstrative disposition. Personal ambition turns into pride, and joviality becomes immoderation. Outbursts of anger are frequent. However, in a reserved and cautious context, this configuration reveals its positive nature.

#### ★★★★★ Moon opposite Midheaven, orb -7° 3'

The Moon in opposition to your MC does not create a real dissonance in your natal chart, George W. Bush. Actually, the Moon is also in conjunction with your Imum Coeli which represents your roots, your family, and your home. In fact, you take pleasure in letting yourself go when you are with your entourage, in the privacy of your home, rather than in society, where you keep your guard on, for fear of criticisms. Thus, your emotions are not at the service of your career, but rather exclusively dedicated to your family circle.

#### ★★★☆☆ Mars sesqui-square Midheaven, orb 0° 05'

Because Mars is in dissonance with your Midheaven, in some circumstances, you may feel misunderstood, George W. Bush. In society, you may even feel hostility towards you as you try to climb up the steps of your professional life, or when you strive to reach a higher social status. Your efforts may be resented. You must be twice as careful as you usually are and tone down your behaviour in order not

to be rude to other people, even though from your viewpoint, and it is actually most often the case, it only has to do with misunderstandings or some eagerness on your part.

★★★★★ Uranus sextile Midheaven, orb -5° 03'

Thanks to this soft aspect of Uranus to your Midheaven, George W. Bush, you are endowed with the gift to let yourself be carried away by the changes cropping up on your way. Instead of being disheartening, modifications affecting your professional or social environment... stimulate you! Then, you may show opportunism, in the good sense of the word, and throughout your life, you may experience strokes of good luck, the consequences of which can be increased, thanks to your talent and your lack of fear whenever you face newness.

★★★★★ Sun square Neptune, orb -7° 5'

If this Sun-Neptune dissonance is not well integrated, it may bring about confusions and errors of judgment. It is the signature for Don Quixote in search of chimera, pursuing impossible dreams. Your intuitions may lead to an incorrect estimation of facts. Bohemian life is certainly pleasant. But it is often necessary to remain realistic, lest to be exposed to delusions. Carelessness and letting-go is not suitable. In order to properly integrate this aspect, you must control the possible drift of a wandering and fabulous sensitivity. This aspect favours poetic and romantic inspiration. But you must not let it rule your concrete actions. It is important to allow your intuitive capacities to be fully expressed while keeping a lucid mind, simultaneously.

## Your Assets and Your Part of Joviality

George W. Bush, seeking consensus and compromise, as well as moderation at any cost: these components are part of the natural qualities endowed by the position of the planet of Greater Fortune in your chart. It may also give you a very good taste and a charm that enhances the quality of your contacts, particularly regarding all your associations, professional ones as well as the most intimate ones, such as marriage.

George W. Bush, the position of the planet of Greater Fortune in this astrological house brings about easy interpersonal relations, your siblings' love, great communication abilities within your neighbourhood, and pleasant short trips throughout your life.

The planet Jupiter symbolizes expansion, broadness and generosity. Jupiter is associated with the functions of synthesis, enthusiasm and optimism. In your natal chart, his house position is more important than his sign position because, like Saturn, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Jupiter in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Jupiter in Libra endows you with sociability, popularity and charm! You are very appreciated because your open-mindedness and your generosity naturally prompt you to compromise in all things: what is important to you is not to have the last word, but to reach an agreement with your entourage and to establish nice relationships with them. You are diplomatic and your sense of justice is expressed in a humanistic and benevolent way.

## Your Serious Side

Your emotions are controlled and your imagination is analyzed through a magnifying glass. You gain in lucidity what you lose in emotionalism. You may be interested in your origins, in your roots and in real estate matters. You become thrifty as time goes by.

The combination of the house of ordeals and sacrifices with the planet of renunciation may seem awkward at first. However, George W. Bush, it may help you assert yourself when you are facing painful circumstances, or when destiny's strikes bring about periods of isolation.

If your generosity of spirit and your will are up to the stake – your quick and intense evolution - you may take advantage of this promising but difficult configuration. Then, you become stronger, more lucid, and more dedicated than ever.

The planet Saturn symbolizes contraction, effort, time, limitation and concentration. Saturn eliminates anything that is not authentic, sooner or later. It is impossible to cheat him as he gives an irresistible desire to form a coherent whole with oneself, in responsible and wise ways. He is the great purifier. He represents our limitations but also our truth. In your natal chart, the house position where Saturn is posited is more important than his sign position because, like Jupiter, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Saturn in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Saturn in Cancer decreases your emotionalism. You are less vulnerable as you build a protective carapace, with all the good and the bad consequences that may be implied. You are provident and wise in the family and real estate areas, may be a bit too much.

## A Few Special Points

### Your Uniqueness and Your Utopias

Powerful protections, friendships, and supports are granted to you at a jerky rhythm throughout your life. There may also be break-ups that are as brutal as they are easy to forget because you manage to ensure that your contacts are brilliantly revived.

The friends you meet have strong personalities, or they may be quite special persons; indeed, you think of friendship as a rich and varied soil in which everyone must bring one's own contribution with one's touch of originality and difference. Otherwise, what's the use?

The danger is that you may embark upon projects that you cannot see through in the long run because they are too utopian. You may also count on partners who are too eccentric to be reliable. Or, on some occasions, you may show too much independence of mind or a boldness that is too strong to really last.

With this typical configuration, your popularity may fluctuate and disappear as quickly as it comes. It is up to you to set the limits of originality that you must not overstep, lest you should undergo unfortunate consequences.

## Your Inspiration and Your Illusions

The way you think and communicate, as well as the organization of your trips, are deeply emotional and sensitive and lack rigour. On the other hand, you are able to "sense" things directly. Your mind gains in synthesizing ability what it loses in analysis capacity.

You have bohemian ideas, and the way you look at things is quite flexible. As you daydream and you indulge in your emotions, you may be cut off from reality and may lose important relationships! Do not run away, do not tell lies, and take advantage of the best aspects of this configuration: intuition and inspiration.

## Your Passion and Your Authority

Your close friends are aware that your underlying tension may break open as soon as you feel threatened or when your honour is tarnished by ambiguous actions or talks. You have an innate taste for power, and you exude a strong form of magnetism and authority.

Your need to transform both your environment and your personality may prompt you to display aggressiveness. But more often than not, it remains a form of blackmail in order to dominate others, something similar to the chess principle that "threat is better than implementation".

## Your Isolated Planets

In general, the ten planets of the chart are connected to other planets by major or minor astrological aspects. It is owing to those ties that the planets' energies can manifest in the chart owner's personality and play out within safeguards according to a specific tonality.

It seldom happens that in a natal chart, a planet is totally disconnected from the nine other planets.

Astrologers have observed that when such a case occurs, the person feels the energy of the unaspected planet in quite a singular way, very jerky and powerful at the same time. Thus, for instance, the famed astrologer Jean-Baptiste Morin de Villefranche wrote that "an unaspected planet heralds that something strange or extraordinary will take place regarding the meanings of the house in which the said planet is posited" (source : l'astrologie selon Morin).

Rules for detecting an unaspected planet: among all the testimonies that we have reviewed to this day, based on our experience, we tend to agree with American astrologer Janis Huntley who accepts seven aspects, which involve the zodiacal twelve sections of 30 degrees. The aspects to be considered are the conjunction (0 degree, cooperation or tension), the semi-sextile (30 degrees), the sextile and the trine (60 and 120 degrees respectively, aspects of cooperation), the square and the opposition (90 and 180 degrees respectively, tensed aspects), and the quincunx (150 degrees, slightly tensed). In this detection, the chart's angles are not taken into account.

In any case, it is important to remember that an isolated planet clearly expresses its influence when it is a personal planet. Thus, when the Sun, the Moon, Mercury, Venus, or Mars is isolated, it is certain that the effects described by Jean-Baptiste Morin de Villefranche will become manifest. As for Jupiter, Saturn,

Uranus, Neptune, and Pluto, one must be cautious because the volume of cases documented is not yet large enough.

### **In your natal chart, Saturn is unaspected**

Saturn, the planet of time, prudence, and effort, may express himself in a tricky way when he is unaspected. Inhibition, inferiority complex, melancholy, and failures are the negative characteristics of this planet of ill repute.

Having said this, many authors have a contrary opinion and believe that Saturn's damages are lessened when he is unaspected. Like all collective planets (Jupiter, Saturn, Uranus, Neptune and Pluto), caution is required for the interpretation of this configuration.

However, one can guess that the phenomena of personality structuring and of constructing long-term projects might be less powerful than when Saturn is strong and harmonious. In compensation, he endows with a less rigid character.

## Annex 1: Your Minor Dominants

The five following dominants are less significant than those described at the beginning of your report. They may not be strongly felt. In some cases, they add several minor details to the analysis of your character, but they are rather for curiosity purposes. It is not necessary to take them into account when you first read your portrait.

### Your Planetary Repartitions: Northern, Southern, Eastern and Western Hemispheres

The axis linking the 1st house's cuspide (the Ascendant) to the 7th house's cuspide - the Descendant - divides the zodiac into two bowls, a superior bowl, in the South, and an inferior bowl in the North. Quoting an expression by the famous American astrologer Rudhyar, the Southern part and the Northern part correspond to two functions: "being" and "doing". Other concepts are also associated with this North and South distribution, such as introversion - Northern hemisphere - and extraversion - Southern hemisphere - being or appearances, inner life or external life, reflection or action, dreaming one's life or living one's dreams, the abstract or the concrete, backstage or limelight.

This is not about determination but about personal inclination: thus, some people will be thrown into public life despite a prominent Northern hemisphere. If this happens, however, it will not be due to their will, their taste or their deep nature. Conversely, a prominent Southern hemisphere will not bring about a famous destiny to its owner, even if he tends to turn the spotlight on himself, or if he looks for a more active life. It is a matter of deep nature and natural inclination. Of course, none of the typologies is "superior" to another.

In your birth chart, George W. Bush, the ten main planets are distributed as follows:

### Your Northern and Southern Hemispheres

George W. Bush, the predominance of planets in the Northern hemisphere prompts you to reflect and imagine rather than to exteriorize your actions and to be at the forefront of the stage. So, should you wish to remedy this situation, it is up to you to force your nature to take action in broad daylight, to communicate, and to assert yourself... then, you can move forward in this concrete life and enjoy your newly won situation.

The birth chart is divided into two other parts, Eastern and Western, by the axis linking the Midheaven

to the Imum Coeli.

The Eastern part, on the Ascendant side, shows the person's ego, will, magnetism, and vitality, whereas the Western part, on the Descendant side, symbolizes other people, communication, relationships and their influence, as well as flexibility and adaptability.

George W. Bush, here is the planetary repartition in your Eastern and your Western hemispheres:

### Your Eastern and Western Hemisphere:

The predominance of planets in the Eastern hemisphere of your chart enables you, George W. Bush, to assert yourself and to rely on your determination: you know what you want and you have a tendency to take action and to decide with your personal goals as priorities, even if they can be in contradiction with what others think.

A definite asset... provided that you never make mistakes in your choices. You should pay more attention to your entourage in order to counterbalance your nature and to take advantage of your assets wisely. The danger is that you may be too authoritarian and not conciliating enough. Strong determination coupled with flexibility and acute sense of communication are qualities you should develop.

### Your Yin and Yang Polarity

The twelve signs are divided into two polarities, called active or passive, or sometimes masculine and feminine, positive and negative, Yang and Yin. This classification corresponds to two quite distinct tonalities, the first one bringing extraversion, action, self-confidence and dynamism, the second one, introversion, reactivity, reflection and caution. None is superior to the other, each group has its own assets and shortcomings. Odd signs - Aries, Gemini, Leo, Libra, Sagittarius and Aquarius - belong to the first group, whereas even signs - Taurus, Cancer, Virgo, Scorpio, Capricorn and Pisces - belong to the second group.

## Your Yin and Yang Polarity

According to the disposition and qualities of your planets and angles, you are rather influenced by Yang energy, the active polarity, George W. Bush: more concerned about actions than reflection, you sometimes rush without standing back and without the deepness that is needed. However, your spontaneity prompts you to take fresh starts, even after repeated failures caused by your rashness.

### Your Houses' Accentuations

Houses are split up into three groups: angular, succedent and cadent.

The first ones are the most important ones, the most "noticeable" and energetic houses. They are the 1st, 4th, 7th and 10th houses. Their cuspides correspond to four famous angles: Ascendant for the 1st house, Imum Coeli for the 4th house, Descendant, opposite the Ascendant, for the 7th house and Midheaven for the 10th house, opposite the Imum Coeli.

Planets are evaluated according to a whole set of criteria that includes comprehensive Western astrology rules. At their turn, planets emphasize specific types of houses, signs, repartitions etc., as previously explained.

## Your Houses' Accentuations

Cadent houses, namely the 3rd, 6th, 9th and 12th houses, are very emphasized in your chart, George W.

Bush. They indicate important potential for communication, adaptability and flexibility. These houses are symbolically linked to the mind and intellect. The relative weakness implied by these characteristics indicates your tendency to hesitate or to be indecisive, but also your remarkable ability to start off again, which is a nice quality, finally: you can easily get yourself out of a tight spot thanks to your mobility and casualness, in the best sense of the term. This group of houses corresponds to evolutionary characteristics of your personality. However, they are only indications and you must include them in the rest of your chart in order to see whether they are validated or not!

### Your Esoteric Decanates

Each sign contains 30 degrees and can be divided into three equal parts: the decanates. The Tradition indicates that specific meanings can be associated to each of the three decanates. Their sphere of activity is usually limited to the Sun sign, however, it is even more interesting to observe the distribution of all the planets in the chart to get an idea of the respective importance of the three decanates, which can complement the description of the personality.

These meanings must be considered with the greatest caution. Indeed, they are minor characteristics that can only underline other outstanding traits of character.

Traditionally, the first decanate highlights the characteristics of the sign where a planet is located. The two other decanates correspond to sub-dominant planets, depending on the nature of each sign. This system leads to a multiplication of meanings and it is impossible to have a clear understanding: here, we prefer to give only the meaning of one decanate in comparison with the other two, within the birth chart as a whole. Again, the greatest caution is needed with regard to this minor indication as it is not always reliable: it is not essential that you read these texts in the beginning. You can get back to them later on, once you have read more important interpretations

### Your Esoteric Decanates

The second decanate, which means the part between 10° and 20° of any zodiacal sign, prevails in your natal chart, George W. Bush: these 10 zodiacal degrees emphasize logical thought and mental values. Therefore, you may be drawn to some kind of scientific activities, research, writing or any sort of expression where you have to... think a lot.

## Annex 2: Karmic Study

The karmic theme is a good complement to the psychological portrait, or natal chart. This analysis is based on the positions of the Lunar Nodes, the Black Moon and the Part of Fortune: they are also called fictitious points and describe the spiritual purpose of your destiny. Because there is in all of us an experience and a quest, our life is an evolutionary journey... provided that we head towards the right direction, of course! Indian astrologers highly prize the Nodes axis (North Node and South Node). It is the Ariadne's thread that we are invited to follow. The Black Moon indicates the sector where we are most likely to transform or to transcend, whereas the Part of Fortune points out the area where we can easily express our specificity.

### The Lunar Nodes: a spiritual path

Lunar Nodes have their roots in the Indian tradition and they are based on a simple concept: each of us have a mission of their own, here on earth, a destiny, a course. According to the Indian philosophy, life is a school: the nodal axis describes our past experiences (South Node, our karma, our spiritual inheritance or our previous lives), and our aims on earth (North Node, our Dharma, the purpose of our current incarnation). This is the reason why the study of the lunar nodes is called "Karmic astrology". Here, we shall not step into hypothetical past lives. Wherever our current trends may come from, all that really matters is that we become aware of the purpose of our life, its finality and our dharma. We are likely to understand our life purpose around the age of 37, when the Lunar Nodes return to their natal position.

The Lunar Nodes highlight all types of discoveries and explorations. There is a strong desire for travels, whether actual trips or spiritual, inner ones. Since your childhood, you are particularly interested in unlimited spaces and total freedom. You never trusted smothering attachments and you always allow your thoughts and actions a free hand. The danger is that your life may be unstable because you so badly need to evolve and to discover... Life is an eternal quest of something else, some vital but hidden dimension that is beyond you. Therefore, it is difficult for you to blossom when your family or work environment is routine. However, it is important that you control your wild tendency (the other side of the coin of the wonderful freedom of thought): life requires more sociability. It does not mean that you must accept a conformism that is too far from your inner aspirations. More than other people, you need to develop your relations, your exchanges and your dialogues. In this regard, your destiny is marked by communication.

Very early in life you showed a strong desire to intensely live through your passions. You are sensitive to your personal prestige and you adopted dramatic attitudes as you needed your merits to be acknowledged and you wanted to arouse esteem and admiration. Your individualistic ways may have caused setbacks: you are criticized for your egocentrism or at least, for your lack of openness and compassion. As time goes by, your life's challenge is probably to gain a taste for collaborations, fraternity, and unselfish love. If you can put aside your touchiness, you become able to relinquish your pride and to focus your energy on larger actions such as collective tasks, or even, universal works. Life teaches you a philosophy of harmony and union, far from your primary desires and needs. You then discover an entirely different realm, a spiritual dimension, the major features of which are abnegation, selflessness and the access to a world of altruism that provides more satisfactions than anything else. Self-sacrifice, friendship and fraternity are the path to your fulfilment.

## **Lilith or the Dark Moon**

The Black Moon is the spark of refusal and distance that is dormant in all of us. Depending on the sign where she is found in your chart, she highlights the desire to transform and to sublimate a part of your life. The Black Moon is unfathomable and mysterious. She gives a different dimension to the sector she touches. Her manifestations are subtle; nonetheless, she is powerful, implacable, demanding to the extreme... The Black Moon is also called Lilith. She is the inner flame of your heroism and insubordination.

The notion of freedom takes a special meaning: to be free does not only mean being able to move as you please here and there, nor does it mean having a few hours of leisure available. Above all, it means being able to lead a spiritual quest, to access a different dimension in life: to encounter, to travel, to love and to never be hampered by contingencies, never be slowed down by daily life. That'll take some doing! The comfortable routine of the contemporary world, in this regard, puts you off.

One of the main drives of your life is your rejection of mediocrity: the intention is commendable although it is two-edged. You attach so much importance to charisma that you may reject a person whom you deem – wrongly – unworthy of your esteem! If you avoid this trap, the requirements that you demand from yourself as well as from your close friends become an exceptional springboard for evolution.

## **The Part of Fortune in House**

The Part of Fortune is a very ancient fictitious point that depends on the lunar phase at the time of birth. The astrological house tenanted is particularly strengthened. In your chart, the Part of Fortune is in the 4th house: you are constantly looking for basis and for roots. You seek security and integration into a group, a clan or a family. To fully blossom, you need to feel that you are in harmony with your environment. Sound concepts and stable ambiances are reassuring to you. It is within the familiarity of a homogeneous entourage that you are at your best.

## Conclusion

A few remarks are needed here in order to allow you to fully take advantage of your astrological portrait: firstly, do not forget that a birth chart is also a photograph of the sky at birth and a structure that not only contains the personality's characteristics, but also its potential evolution.

We all know that, in real life, people begin to know themselves when they are in their forties, or even later. Likewise, several traits of character in a portrait may seem surprising: in most cases, it means that such features are not yet developed.

Some personalities reveal themselves late in life, whereas others are more precocious. It must be remembered that psychological structures are in a state of continuous evolution because they are influenced by unfolding events and gradual maturity. We can never underline strongly enough the "mobile" nature of the personality, throughout a lifetime.

On the other hand, it is difficult to discriminate what is "already present" at this moment in your life when you are reading your chart's interpretation, from what will appear later in the logic of your evolution: you must sort out all the pieces of information provided and, in most cases, you will see that your astrological portrait is helpful for your endeavours to know yourself better.

Finally, several readings of an astrological portrait are usually necessary in order to absorb all its different meanings and to evaluate the relevance of each character trait.

In any case, better self-knowledge obviously contributes to faster personal blossoming, and it is undoubtedly one of astrology's major roles: contributing to know oneself better, in order to improve more rapidly, to deal with one's weaknesses and to avoid its drawbacks, and to take advantage of one's assets as efficiently as possible.
