# James Franco's Astrological Portrait

## Introduction

To fully benefit from this portrait, we suggest that you read its introduction and its preamble carefully, and then that to take the time to soak up the interpretations of each chapter. Given the large number of texts, which mirrors the human being's complexity, you may need to go through the contents several times, so as to get a good grasp of their meaning and to know yourself better. This will reward your patience.

The purpose of this report is to describe your psychological portrait and to highlight the most fundamental features on the personal area. The report begins with the analysis of your planetary dominants and outlines your personality's general traits before going into further detail. Minor dominants are analysed at the end of Annex 1, for purposes of clarity. Your report then delineates the various facets of your personality:

In general, even when relationships are not involved, we express ourselves and we feel according to our character and our personal motivations: this is indicated by the Ascendant and the Sun sign which both give details on the way we function. They shed a tremendously important light which allows to figure out your personality. Here, we describe your Sun sign (your inner self), your Ascendant (your behaviour as seen by others), and the ruler of the Ascendant (interesting additional pieces of information about the style of your personality). These descriptions alone cover nearly a third or a half of your psychological signature, depending on your natal chart characteristics.

Then, we address your sensitivity, or in other words, the way you receive things and how you express your emotions ; it works as a constant filter for all your exchanges, even when it becomes a more secondary element in your amorous relationship, because at that moment, affectivity prevails. Sensitivity is the way you perceive things, it is your radar, your daily mood, and at the same time, it indicates how you react to your entourage, on a daily basis. It is what others immediately see of you. In the second paragraph, we explain in which areas of life your sensitivity and your emotions are strongest, therefore, where you are most vulnerable.

After this, it is your affectivity, the way you love and how you charm, that comes into play as soon as you fall in love: the first part indicates its basic structure or its main form. The second part describes the areas where it is best expressed and how you display it, according to your personality.

A third fundamental area deals with your mode of action and your sexuality: how you behave, how you manage to obtain what you want, what kind of desires you have. There are twelve possibilities, very

different from one another. The study discloses the specific one that applies to you. In the second paragraph, we explain in which life areas you may most efficiently take advantage of your capacity for action and for conquest.

Your ways of communicating and of thinking are obviously among the major elements that must be integrated into the delineation and the description of your personality. Indeed, they influence your general behaviour and may modify or enhance the image your project (for instance, extraversion may “compensate” a weak affectivity, but a huge number of cases are possible). An additional chapter indicates the favourite areas where you enjoy communicating, thinking and meeting with people.

Besides, we analyze an even more personal aspect that is important to define and understand what may occur within your couple: each of us have a centre of interest, a privileged manner to be fulfilled or to achieve our destiny; this main motivation is indicated by the positions of your Sun and your chart ruler in the astrological houses and we provide you with its detailed description.

A natal chart contains the potential for specific fulfilment and a whole range of assets, protections and qualities. How does the lucky factor manifest in your personality? In which area can you best exploit your qualities? The answers are precisely revealed to you in this chapter.

On the other hand, we all feel in us a part of vulnerability, doubts and fears. How does this part of solemnity or serious side play out? How is it possible to handle it in order to evolve and to get rid of useless elements? All this information is provided to you in these two paragraphs.

Then, you can discover three additional traits of your personality that must be considered as secondary ones. They deal with your predispositions, which means that they need to be triggered by external events because they are not influenced by your will; let's call it a part of fate. Please, bear in mind that your destiny can unfold only in accordance with what you are: therefore, even if they belong to your more unconscious self, these characteristics are parts of you, definitely.

The karmic chart complements the psychological portrait or natal chart. It is based on the positions of the Lunar Nodes, the Black Moon, and the Part of Fortune. These elements of the chart, sometimes referred to as fictitious points, provide information about the spiritual meaning of your destiny. Owing to the fact that we all have in us acquired knowledge and the urge to go on a quest, our life is an evolutionary journey... However, these texts must be read with great caution: this is the reason why you will find this analysis in the Annex 2 of your report.

## Meaning of Stars

Stars indicate the strength of the aspects. Two solid coloured stars (there are half-stars also), mean that the aspect is powerful enough to be noticed at the first reading.

We strongly advise that you read the paragraphs displaying less than two stars later on, after you have absorbed the full import of the other texts.

The yellow colour indicates a soothing and conciliating aspect, and the red colour, a dynamic and tense aspect. The red aspects enable you to evolve, to take action, and to learn to turn your "weaknesses" into assets through your life experiences. The yellow aspects are innate strengths on which you rely in order to grow better with the former...

## Preamble

When interpreting a natal chart, the best method is to start gradually from general features to specific ones. Thus, there is usually a plan to be followed, from the overall analysis of the chart and its structure, to the description of its different character traits.

In the first part, an overall analysis of the chart enables us to figure out the personality's main features and to emphasize several points that are confirmed or not in the detailed analysis: in any case, those general traits are taken into account. Human personality is an infinitely intricate entity and describing it is a complex task. Claiming to rapidly summarize it is illusory, although it does not mean that it is an impossible challenge. It is essential to read a natal chart several times in order to absorb all its different meanings and to grasp all this complexity. But the exercise is worthwhile.

In brief, a natal chart is composed of ten planets: two luminaries, the Sun and the Moon, three fast-moving or individual planets, Mercury, Venus and Mars, two slow-moving planets, Jupiter and Saturn, and three very slow-moving planets, Uranus, Neptune and Pluto. Additional secondary elements are: the Lunar Nodes, the Dark Moon or Lilith, Chiron and other minor objects. They are all posited on the Zodiac wheel consisting of twelve signs, from Aries to Pisces, and divided into twelve astrological houses.

The first step is to evaluate the importance of each planet. This is what we call identifying the dominant planets. This process obeys rules that depend on the astrologer's sensitivity and experience but it also has precise and steady bases: thus, we can take into account the parameters of a planet's activity (the number of active aspects a planet forms, the importance of each aspect according to its nature and its exactness), angularity parameters; (proximity to the four angles, Ascendant, Midheaven, Descendant and Imum Coeli or Nadir, all of them being evaluated numerically, according to the kind of angle and the planet-angle distance) and quality parameters (rulership, exaltation, exile and fall). Finally, other criteria such as the rulership of the Ascendant and the Midheaven etc. are important.

These different criteria allow a planet to be highlighted and lead to useful conclusions when interpreting the chart.

The overall chart analysis begins with the observation of three sorts of planetary distributions in the chart: Eastern or Western hemisphere, Northern or Southern hemisphere, and quadrants (North-eastern, North-western, South-eastern and South-western). These three distributions give a general tone in terms of introversion and extraversion, willpower, sociability, and behavioural predispositions.

Then, there are three additional distributions: elements (called triplicity since there are three groups of signs for each one) - Fire, Air, Earth and Water - corresponding to a character typology, modality (or quadruplicity with four groups of signs for each one) - Cardinal, Fixed and Mutable - and polarity (Yin and Yang).

There are three types of dominants: dominant planets, dominant signs and dominant houses. The novice thinks astrology means only "to be Aries" or sometimes, for example, "to be Aries Ascendant Virgo". It is actually far more complex. Although the Sun and the Ascendant alone may reveal a large part of the character - approximately a third or a half of your psychological signature, a person is neither "just the Sun" (called the sign) nor just "the first house" (the Ascendant). Thus, a particular planet's influence

may be significantly increased; a particular sign or house may contain a group of planets that will bring nuances and sometimes weaken the role of the Ascendant, of the Sun sign etc.

Lastly, there are two other criteria: accentuations (angular, succedent and cadent) which are a classification of astrological houses and types of decanates that are occupied (each sign is divided into three decanates of ten degrees each). They provide some additional informations.

These general character traits must not be taken literally; they are, somehow, preparing for the chart reading. They allow to understand the second part of the analysis, which is more detailed and precise. It focuses on every area of the personality and provides a synthesis of all the above-mentioned parameters according to sound hierarchical rules.

As explained in the introduction of your Psychological Portrait report, minor dominants are analysed at the end of Annex 1, for purposes of clarity.

## Your Planetary Repartitions

Each quadrant is a combination of the four hemispheres of your birth chart and relates to a character typology. The Southern hemisphere – the top of your chart, around the Midheaven – is associated with extraversion, action, and public life, whereas the Northern hemisphere prompts to introversion, reflexion, and private life. The Eastern hemisphere – the left part, around the Ascendant – is linked to your ego and your willpower, whereas the Western hemisphere indicates how other people influence you, and how flexible you are when you make a decision.

### Your Four Quadrants

James Franco, the diurnal South-western quadrant, consisting of the 7th, 8th and 9th houses, prevails in your chart: this sector brings about a thirst for communication and sometimes a need to take risks in your dealings with others. Relations are a factor of your evolution and your transformation, which you accept serenely. Indeed, what matters to you is the movement and the energy that link you to others and that make you gain more awareness. A kind of rebellion or a desire to get away from it all is rooted in you.

## Your Dominant Modes and Elements

James Franco, here are the graphs of your Elements and Modes, based on planets' position and angles in the twelve signs:

### Your Four Elements

James Franco, Fire is dominant in your natal chart and endows you with intuition, energy, courage, self-confidence, and enthusiasm! You are inclined to be passionate, you assert your willpower, you move forward, and come hell or high water, you achieve your dreams and your goals. The relative weakness of this element is the difficulty to step back or a kind of boldness that may prompt you to do foolish things.

The predominance of Water signs indicates high sensitivity and elevation through feelings, James Franco. Your heart and your emotions are your driving forces, and you can't do anything on Earth if you don't feel a strong affective charge (as a matter of fact, the word "feeling" is essential in your psychology). You need to love in order to understand, and to feel in order to take action, which causes a certain vulnerability which you should fight against.

Air is under-represented in your natal chart, with only 7.35% instead of the average 25%. Air symbolizes the values of communication, exchanges with others, but also adaptability and flexibility abilities: if you don't get out of your cocoon to talk, to show interest in others, and to socialize, you may have problems understanding others. Because of your lack of flexibility or of your refusal to adapt yourself, you may be suddenly overwhelmed by events. You should get into the habit of talking, of phoning, and of thinking in terms of "mobility, flexibility, adaptability, change" in every circumstance. It will spare you so many troubles!

The twelve zodiacal signs are split up into three groups or modes, called quadruplicities, a learned word meaning only that these three groups include four signs. The Cardinal, Fixed and Mutable modes are more or less represented in your natal chart, depending on planets' positions and importance, and on angles in the twelve signs.

## Your Modes

The Fixed mode corresponds to a majority of elements in your chart, James Franco, and represents the desire for security and durability: you are able to concretely appreciate a situation and its stability. You definitely prefer to play the role of a loyal, obstinate and hard-working person, rather than to try new and risky experiences - beware, however, not to confuse obstinacy with intransigence. You structure, cement, and strengthen everything you find on your way: it is your nature, although you are not especially interested in swiftness: slow and steady...

## Your Dominants: Planets, Signs and Houses

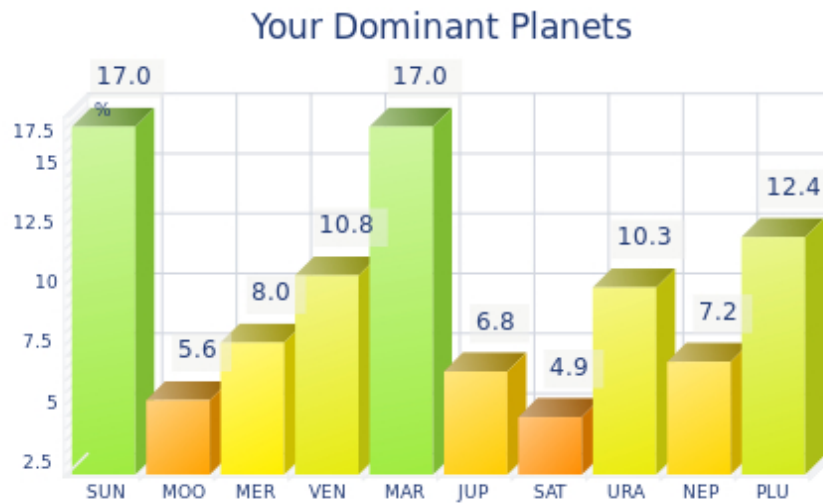

The issue of dominant planets has existed since the mists of time in astrology: how nice it would be if a person could be described with a few words and one or several planets that would represent their character, without having to analyse such elements as rulerships, angularities, houses, etc!

The ten planets - the Sun throughout Pluto - are a bit like ten characters in a role-play, each one has its own personality, its own way of acting, its own strengths and weaknesses. They actually represent a classification into ten distinct personalities, and astrologers have always tried to associate one or several dominant planets to a natal chart as well as dominant signs and houses.

Indeed, it is quite the same situation with signs and houses. If planets symbolize characters, signs represent hues - the mental, emotional and physical structures of an individual. The sign in which a planet is posited is like a character whose features are modified according to the place where he lives. In a chart, there are usually one, two or three highlighted signs that allow to rapidly describe its owner.

Regarding astrological houses, the principle is even simpler: the twelve houses correspond to twelve fields of life, and planets tenanted any given house increase that house's importance and highlight all relevant life departments: it may be marriage, work, friendship etc.

James Franco, here is the evaluation diagramme for your planets:

The three planets that are most highlighted in your chart are Mars, the Sun and Pluto.

Mars is one of your dominant planets and provides you with its efficient energy and enthusiasm: with a powerful Mars in your chart, action - but also will and ability to undertake - is not an empty word for you. You are active, dynamic, willing to fight, courageous, and you are never afraid to move mountains, even though risks are part of the adventures that you start with determination.

However, your patience is not always up to your boldness and a kind of feverishness, or even anger, can tarnish the quality of your achievements. That would be a pity since the Marsian is a champion in matters of efficiency! Mars symbolizes display of action, conquering spirit that favours discipline and order - beware of not being fussy - and lies at the frontier between action and brutality, between conquest and potential aggressiveness.

One of the dominant planets in your natal chart is the Sun. He symbolizes will, magnetism, sense of honour and dignity. You are a Solar being, and you often display charismatic and leadership qualities. Your warmth and your persuasive power lead you far away from pettiness. You enjoy thinking big and, consequently, you move forward according to what you decide.

Your Solarian weakness may be related to the sin of pride or to excessive authority. The frontier between pride and vanity is tenuous: be careful not to overstep it and to keep the nobleness of heart that is part of your charm.

With Pluto as a dominant planet in your chart, you are a magnetic and mighty predator, like the Scorpio sign ruled by this planet, who needs to exert pressure on others in order to "test" them. You are always ready to evolve, to risk destruction for reconstruction - including your own - to live more intensely whilst imposing your secret authority on things and on people you encounter.

You may come across as wicked, cruel or too authoritarian, but actually you only follow your instinct, you sound people out, and you like to exert your domination simply because your vital energy is too powerful to remain inside. You are inclined to be passionate, with hidden motivations. You are sometimes misunderstood but one of your great Plutonian assets is to go successfully through each life ordeal with ever growing strength.

## Your Dominant Signs

In your natal chart, the three most important signs, delineated according to the above-mentioned criteria, are, in decreasing order of strength, Aries, Leo and Scorpio. They are often prominent because your Ascendant and your Sun are posited there. However, it is not always the case: it may be because they are occupied by a cluster of planets, by a planet near an angle other than the Midheaven and the Ascendant, or because two or three planets are very active and form numerous aspects from these signs. Therefore, you partly take on the three signs' characteristics, which are somehow superimposed on your natal chart, and all the more so if any of the signs in question is highlighted.

Arian blood runs through your veins! You have that enthusiasm, frankness, courage, and fastness which usually make you so likeable in spite of your somewhat rough, naive, or violent side. As a bonus, Aries' gushing fire always gives you the impetus to make a fresh start, should you stumble or undergo life hardship!

With Leo as a dominant sign, you naturally shine brightly. Your dignity, your sense of honour, and your generosity can almost turn you into a solar mythological hero, a knight or a lord from the ancient times. People may blame you for your selfishness, your pride or your somewhat loud authority, but if you are self-confident, kind-hearted and strong-willed, it surely makes up for your little flaws, as long as they remain moderate...

With Scorpio as a dominant sign, you are a strong and astute person, complicated and passionate, sometimes destructive and intolerant, but strong-willed, tough and daring, sometimes bordering on aggressive. So many qualities and dangers combined in one person! Obviously, this often results in a natural selection of people around you: those who stand up to you or admire you and those who can't bear you anymore! But that is precisely what you want. You are what you are and you are not going to transform yourself just to please. You are too proud and you never dread confrontations, although your way of fighting is secret, like your nature that, mysteriously enough, you are so reluctant to reveal even to your close friends who will never understand you. That said... what a hellish charm you have!

## Your Dominant Houses

Houses 6, 9 and 7 are the most tenanted ones in your natal chart. To compute their strength, planets and angles are weighed according to various astrological criteria such as swiftness, activity, angularity, rulership etc. From the analysis of the most tenanted Houses, the Astrologer deduces the fields of activity that are most relevant to you, be it because of what you are experiencing, or what you may experience in the future, or because of your deep inner motivations.

Your 6th house is quite emphasized and indicates interest in work and daily occupations that take up a lot of your time: in analogy with Virgo, this house inclines towards perfectionism and training; somehow, you may be fulfilled through the process of being useful and investing your energy in your work. An environment appealing to you may be involved - your colleagues, for example - or a passion for one of these daily occupations. Medical positions or pets may play a role in your life; or ancillary love affairs too... These are a few possibilities indicated by an important 6th house.

Your 9th house being one of your most tenanted house, or at least emphasized, travels and faraway places play a major role for you: travels may take place in a symbolic sense, namely mind speculations or conceptions about political matters, philosophy, religion or spirituality, or in the literal sense, such as real long distance travels by plane. It may also be that you spend a part of your life far from home, etc. You are driven by some kind of rebelliousness, which urges you to explore the Unknown; it may also be the call of the adventure. Besides, if the rest of your chart concurs, you may be considered as a real draught, often up hill and down dale, constantly on the lookout for exciting discoveries and new, enchanting horizons.

Your 7th house is one of your dominant houses: it symbolizes other people, marriages, associations, contracts, and partnerships. Your personal achievement and maybe your problems - depending on the rest of your chart - are mainly influenced by your rapports with others, the area in which you tend to commit yourself a lot. You appreciate communication, and you give importance to others' opinions. Success requires the support of others, which seems obvious and natural to you. Your marriage generally contributes to your fulfilment.

## Your Style, Behaviour, and Peculiarities

What is commonly known as "sign" indicates the position of the Sun in the Zodiac. The Sun highlights all the characteristics of the sign he tenants. According to astrology traditional rules, these characteristics are all the more pure and exact when the Sun is strong in the sign, or when the sign is particularly highlighted within the chart. Here, we indicate the pure characteristics of the sign but you must bear in mind that they may only shed a light on a particular aspect of your personality. Indeed, the sole sign of the Sun, or of the Ascendant, can never describe an astrological chart because it depends on the degree of strength of the said sign in your chart.

Another important point must be underlined. Contrary to the Ascendant, which clearly describes your appearance, your vitality, your physical constitution, your spontaneous behaviour and the image you project, your Sun sign describes your inner self, which you may not completely be aware of, and which may emerge gradually as you mature: it is about your inner personality that you reveal only to the members of your entourage whom you trust. The Sun sign is likely to be the final form of your personality, once it has evolved in line with the energies of the other parts of your chart, the beginning of which is seen in the Ascendant, your external "bark".

The Ascendant is one of the major components of your natal chart. It is the zodiacal sign that rises in the East at the very moment of your birth. To calculate it, it is therefore necessary to know your exact time of birth.

It provides with a wealth of information on your personality. It is one of the key features that allows the analysis of several parts of you, such as your appearance, your character as it is initially perceived and your immediate behaviour. It describes the external aspect of your personality which you always display, but it also describes your physical constitution in the long-term, in other words, your health.

Please be aware that, in spite of the importance of the Ascendant, the accuracy of its description depends on how strongly highlighted it is in your natal chart. We use the entire set of astrological rules to assess the strength of the Ascendant. In most cases, the Ascendant is as revealing as your "sign", i.e., the sign where the Sun is posited at the time of birth.

### You were born under the sign of Aries and your Ascendant is in Scorpio

Before broaching the details of the meaning of your Sun and your Ascendant, as a preamble, we offer a brief generic interpretation of their combination in your chart:

Owing to your Aries Sun, which defines your inner self, honesty and frankness are your major features. You believe that it is important that everyone expresses one's uniqueness and one's individuality without hypocrisy, and puts forward one's opinion without fear. Scorpio values its difference as much as Aries, and perhaps, in a more acute way, although it seems more reserved at first glance. Scorpio selects its relationships with extreme care and quickly picks up any incompatibility, probably because it is utterly clear-sighted. Your behaviour may be perceived as aggressive or provocative by more accommodating people, but actually, you are only trying to protect your integrity and to ensure that your relationships are fulfilling. Since neither Aries nor Scorpio tolerate shams, when you first meet with people, you are quite mistrustful and you display shrewdness in the way you spot weaknesses, and particularly, the straw that

breaks the camel's back. However, if you listen too much to your thirst for truth, you may become too intransigent. You would feel better if you showed more tolerance towards the so imperfect human beings who surround you.

### **You were born with the Sun in Aries**

Your natural energy is cut-and-dried. It may prompt you to take the driver's seat wherever you are. Were it not for the strange feeling of sympathy you arouse, you would seem to be arrogant. Charging ahead is not devoid of drawbacks. Your courage and your restlessness may hurt you and cause you to doubt, all of a sudden. As a consequence, your courage, your honesty, your enthusiasm and your straightforwardness may turn into aggressiveness, rebellion and vulnerability that were never suspected. Fortunately, the level of your dynamism is very high and your instinctive and pugnacious side, your particularly profuse energy will not leave you helpless for too long. The fire in your blood will put you back on the saddle towards new stampedes and conquests, as ambitious and glorious as they are perilous.

Because you are born under this sign, you are courageous, honest, enthusiastic, dynamic, swift, extroverted, straightforward, effusive, warm, impulsive, adventurous, bold, martial, competitive, but you may also be gullible, domineering, self-centered, impatient, foolish, thoughtless, childish, irascible, reckless, primary and a blunderer.

In love, Sir, more often than not, your passions are strong and varied. Far from being roadblocks, obstacles have a stimulating effect. You like quick victories and your love life is a series of conquests and of break-ups, as boredom often puts an end to the initial love that made you move mountains.

Your sexuality is powerful and prevails over feelings. You may marry early or on impulse, but it does not prevent you from having a rich and varied love life. Usually, you have few children.

### **Your Ascendant is in Scorpio**

Psychologically speaking, your nature is bilious, with aggressive impulses that lead you towards the transformation of your entire being and, continuously, of the situation surrounding you. You seem to be constantly struggling for your self-assertion. You cannot refrain from testing others with cutting remarks, not because you want to hurt them, but because you want to know them better through their reaction; for you, life and the feeling of aliveness are experienced through rebellion and tension. You may be manipulative and your aggressive attitude may equate with sly inquisition. You often remain silent, introverted and secretive, mulling over turbulent thoughts in the depths of your mind, leaving others puzzled by your somewhat peculiar behaviour.

As you are born under this sign, you are secretive, powerful, domineering, enduring, intuitive, assertive, charismatic, magnetic, wilful, daring, clear-sighted, passionate, creative, independent, vigorous, generous, loyal, hard-working, persevering, indomitable, possessive, shrewd, stubborn, ambitious, instinctive, tenacious, sexual, sexy, proud, intense and competitive. But you may also be aggressive, destructive, stubborn, anxious, tyrannical, perverse, sadistic, violent, self-centered, complex, critical, cruel, nasty, jealous, calculating, vulnerable and dissembling.

In love, Sir, you are very magnetic, with a discreet and indefinable charm that inevitably attracts the persons you set your heart on. You detect their weaknesses so well that you can, at will, exert your powers and your manipulation tendencies over them. There are no negative consequences, as long as

things go well, because you are very sensual, charming, possessive and swaggering and you make happy all the people who look for this domineering aspect in their partner. However, when things start to deteriorate, your almost pathological jealousy and your capacity to harm when you feel threatened are the causes of your partners' tears.

For you, passion means tension and tragedy. It is the price to be paid for sharing your sexuality loaded with unlimited fantasies, male ardour, loyalty and generosity. You are excessive, but very endearing, and your partner finds it very hard to leave you. It is preferable when things are fine between you.

### **The ruler of your chart is in Libra**

The ruler of the Ascendant, also referred to as the chart ruler, brings a few interesting nuances to the meanings provided by the Sun and the Ascendant. The sign in which the ruler of the Ascendant is posited fine-tunes the style of personality described by the Sun and the Ascendant. It may strengthen it if the sign is identical to either of them.

The ruler of the Ascendant, James Franco, is Pluto. It is posited in the sign of Libra and endows you with diplomacy and a deep sense of justice. Amiable, courteous, and moderate, nothing pleases you more than being able to help opposing parties reconcile, which encourages you to develop your power of seduction, or to flee with swiftness when you deem that the cause you stand up for is a lost cause.

### **Aspects to your Ascendant**

Several planets form an aspect with your Ascendant, James Franco. Therefore, in their specific way, they modify your behaviour and your personality, which do not take on the pure characteristics of your Scorpio Ascendant only, but which are a blend of its characteristics with those of the said aspects.

#### **★★★★★ Mars square Ascendant, orb 0° 26'**

When Mars is in dissonance with the Ascendant, James Franco, in some particular circumstances, it may translate into hastiness, and even hostility on your part, which your entourage may not understand. You have audacity galore, but it is up to you to show alertness, so that you don't come across as a short-tempered person unable of self-control.

#### **★★★★★ Sun opposite Ascendant, orb -4° 13'**

The opposition of the Sun to your Ascendant cannot be really interpreted as a dissonance, James Franco, but rather as a conjunction with your Descendant, or DS, the angle symbolising "other people". Thus, although your capacities for self-assertion, decision-making and shining may not entirely match your natural demeanour as an isolated individual, they can be wonderfully expressed through unions and associations. Indeed, there is a discrepancy between the Self and your behaviour. It is obvious that this aspect slightly tones down magnetism and strength, but at the same time, it puts you at the service of other people in a way that neither alters your personal value, nor puts you in tricky situations.

#### **★★★★★ Jupiter trine Ascendant, orb 2° 4'**

Jupiter in soft aspect with your Ascendant naturally endows you with a reassuring, calm, and benevolent side, James Franco. You honour your commitments without qualms, and thanks to your heart of gold and your generosity, your behaviour is protective and nice. You like to please other people, and whenever it is possible, you enjoy finding compromise solutions to all problems.

★★★★★ Neptune semi-square Ascendant, orb -0° 49'

Neptune is in dissonance with your Ascendant, James Franco. You may have difficulties in controlling your emotions, and you tend to hesitate about the behaviour to adopt in society. In some circumstances, you distrust everyone, yourself and other people, without knowing the reason why. Keep your feet on the ground and do not allow your imagination to carry you too far away from sheer reality! No one nurtures bad intentions towards you. This is something you must realise if you do not want to get worked up about... nothing.

## Your Sensitivity

Your sensitivity is dominated by your reason, James Franco, and you tend to analyze your emotional reactions in the slightest details, as if you wanted you hold them at bay so that they cannot overwhelm you or weaken you. Your nature is anxious, shy, you do not like to be in the forefront and you lack self-confidence. You are extremely perfectionist, you need to examine, to organize and to plan everything according to your logic. You like to help and to feel that you are useful, in your own work or through your wise and clever advice. You may also be very demanding and critical, even unbearable, because you are insistent and you find fault in everything. Learn to gain some self-confidence and do not constantly be ready to criticize...

You are popular with your friends, James Franco. You easily shine, thanks to your sensitivity, your whimsical side, your mobility and your charm tinged with imagination. Even at work, you often win your clientele's favours, and if by chance, you are in a commercial team, you are chosen and sent ahead to deal with customers because you are so likeable!

You can happily express your emotions through shared projects - with your friends, preferably - in which you shine with selflessness and your childlike but endearing charm.

### ★★★★★ Moon trine Venus, orb 0° 09'

The harmonious Moon-Venus aspect is an element of intimate balance that favours sensual and affective fulfilment. The search of well being includes all kinds of emotions and feelings. You love, you enjoy life in simple ways and you arouse your entourage's affection. The persons belonging to your inner circle are also objects of desire and pleasure. Tenderness and love are probably one and only thing: you are moved by the gestures of affection provided to you and by the daily acts which strengthen two persons' mutual attachment. Whereas other people dread routine, in your case on the contrary, it increases your amorous feelings. You loathe all kinds of violence, particularly in your intimate life. The danger of this planetary configuration may be your constant changes of mood: whims are often on the agenda... and your will is quite weak. One last point: this aspect is frequently found in the charts of people with an aesthetic or artistic sensitivity.

### ★★★☆☆ Moon square Neptune, orb -3° 16'

This Moon-Neptune dissonance wonderfully turns on the poetic soul, the exhilaration of feelings and dreams... and disturbs your practical life, as well as the management of contingencies. You do not lack inspiration but your reasons of living may be beyond your entourage's understanding! Bohemian life is pleasant but it is probable that you experience muddled situations. Your aims are noble and your intentions are very good. But you may not have the will to turn them into reality. It is important that you are wary of artificial paradises: escaping in the imaginary is not necessarily the best solution for problem solving. You are in search of an inaccessible tranquillity and you tend to procrastinate chores. Nevertheless, facts remain present and you may see that non-interventionism can only increase your difficulties. You must put an end to this vicious let-go circle. This does not imply that you have to forsake your dreams or to repress your very rich sensitivity.

### ★★★★★ Moon sextile Uranus, orb -6° 2'

This harmonious Moon-Uranus aspect indicates that your well being depends on the original quality of your charm and on new-ness. You are not influenced by prevailing trends and fashion. You have a personal view of what a balancing private life should be. You enjoy unexpected situations, even extravagant ones. But if you feel that your living environment hampers your freedom, you suddenly

change your attitudes and your habits. Independence is your true realm. You may show an exceptional inflexibility when your intimate life moves away from the patterns you need, deep down. Your entourage must get used to your demands and to the values you are determined to keep with all your might and on which you are uncompromising. This determination does not allow for a laid-back attitude, or an indolence that so often causes degradations. You keep your own daily rhythms under control.

## Your Affectivity

In your chart, the Sun is in Aries and Venus, in Taurus. Both your solar and Venusian signs belong to spring: in this regard, the Tradition mentions some degree of animality... fieriness and strength are the common components of these two signs. The Tradition also underlines your strong instincts and your desire to experience intense amorous passions. Yet, this zodiacal duet confronts each other: Aries' naivety reacts to Taurus' cautious lucidity and the inertia of the latter opposes the natural fieriness of the former. When this configuration is well integrated, it brings about complementary tendencies: swiftness of emotions, ability to establish a lasting relationship, candour and faithfulness, strong emotionalism and mighty sensuality. However, this duet's potential dangers are not to be overlooked: firstly, difficulties in keeping one's instincts under control. Possessiveness, jealousy and quick-temperedness are among your flaws when you experience the Aries-Taurus couple in a "primary" manner. This is the other side of the coin of vitality! Therefore, you must learn to live with some detachment, a distance that is indispensable if you do not want to be dragged off by the inexorable current of an overwhelming affectivity. Another way out: unbridle your impulses – for lack of control over them – accept the excessive but seductive presence of the most commendable instinct in the world: love.

There is so much voluptuousness and so much charm in your personality, James Franco! You are what is called a "nature" and when confidence is established, slowly but steadily, you become deeply attached to your partner and you can be filled with passion. It may take months, even years, but you are so generous and affectionate that, in most cases, your relationship has many chances to blossom, with time. You are very physical and sensual and you are very keen to delight in your intimate moments. This aspect of your amorous relationship usually contributes to its sustainability. Everything seems idyllic, James Franco. It would be so if your jealousy and your possessiveness did not get started simultaneously with your powerful feelings. But you have so many assets, so be content!

James Franco, your warmth and your attractiveness are at the service of your future or current marriage! In the 7th house, Venus colours the expression of your feelings with commitment, a request for reciprocation and for something concrete. Venus gives way, to a great extent, to your desire to be loved as much as to love: in the romantic field, your entire being aims at harmony, diplomacy, mind-openness so as to find, at any cost, a common ground where you can achieve your aim, that is to say a sweet idyll and, why not if it is possible, a nice marriage as an ending. Are problems arising? A disagreement? A lack of understanding? Immediately, you undertake to soothe your partner and to highlight what brings you together, while skilfully omitting anything that might harm the so much sought after harmony. Of course, this merely complacent attitude seems to allow you to progress with conviction towards your goals but there is a price to be paid. The dependency upon your couple becomes tangible. Paradoxically, anyway, you care little about that because it is just the way you are and that, worst comes to worst, you prefer to continue this constant game consisting in a kind of self-sacrifice with its fruitful benefits, rather than to push yourself to the forefront and to take the risk of being less attractive... Actually, you are never happier than when you formalize your union and there is no doubt that, once you are married, you will be

a charming spouse and you will strive to make your conjugal life a pleasant one in a spirit of sharing and warmth.

★★★★☆ Venus square Saturn, orb 2° 28'

This Venus-Saturn dissonance indicates a demanding, complex and often challenged affectivity. You are wondering about the meanings of love, pleasure and emotions. Your passions take an absolute character right away. No compromise, no sham must stain your sentimental life. In such a context, doubts abound. This aspect prompts you to review the roots of your affectivity, so as to find the assurance you lack and to soothe your dormant sentimental anxiety. Love is an eternal and endless quest. Because you are doubtful of the affection people have for you, you may never feel that you are really loved. Your affective behaviour reveals your uncertainties: tests and challenges follow one another until, eventually, you are certain to experience a love that meets your demands. It is obvious that on the sentimental area, you are not looking for the easy way out.

★★★★☆ Venus opposite Uranus, orb -6° 1'

Your sentimental life is adventurous: you prefer Bohemia to the comfort of a quiet but shaky love affair. You are a hard-liner and you think that love should be genuine or it should not be at all! You have difficulties in resisting your heart impulses and untimely passions that may challenge your affectivity. You need air, freedom and a relative independence. You also need to fully experience your love impulses, regardless of the price to be paid. The heart has its own reasons that no rules can hamper... The obvious danger may be to cause dramatic hurly-burly. Your inflexibility on the affective plane does not favour a quiet life where « one makes do with very little ». You are the all or nothing type. But does the absolute really belong to our world?

★★★★☆ Venus quintile Mars, orb 0° 15'

With this aspect, innate affective behaviours prevail over opportunisms and calculations. You do not cheat with feelings and you prefer to be guided by your likes ... or your dislikes. Love is neither to be reasoned upon nor to be explained. It is important to experience one's passions spontaneously and to give free rein to the heart's tumultuous manifestations as well as to the body's demands. In other words, to be one's true self in the "now". You need to live intensely, to try all kinds of situations, sometimes to get hurt. Your sensitivity is the driving force behind your decisions and your actions. Real experiences are worth the best intellectual concepts. Spurred by your thirst for emotions, you try to build your life on bases that match your desires. Here, the trap may be that you pay too much attention to your moods and affects. But without them, life would be so dull. Even though emotionalism betrays you occasionally, it remains your best ally.

★★★★☆ Venus bi-quintile Pluto, orb -0° 16'

You exercise exceptional clear-sightedness in love. Your passions are subtle, deep, although disconcerting and imperceptible to the outsider. You display no gullibility and you keep your distance. This is part of your charm. You detect what is really at stake in your couple's relationship and in your sentimental attitude. You drive the boat of your sensitivity without falling victim to mirages and affective traps. The only danger is that you may be too calculating. As you try to totally control love and to constantly pull the strings, you may lose the ingenuity and innocence which are necessary to nurture a relationship. You give proofs of your love in a very personal way and you never hesitate to use paradoxes to preserve the authenticity of your relations. You can anticipate problems and prevent difficulties.

## The Way You Take Action and Your Sexuality

What an energy, James Franco! You take so many initiatives, you have so much strength for action, construction and struggle! You are part of the conquerors, loyal and concerned about panache. Your vitality is such that you can achieve your objectives and release all your creativity. However, you are so proud and so unyielding that you cannot tolerate the faintest annoyance on your way: if you are vexed, you may turn into the opposite direction as a matter of reaction. Sexually, your magnetism and your energy work wonders. You are not complicated and, as long as your slightly domineering nature is respected and you are granted due admiration, all goes perfectly well. You usually have a lot of self-confidence and you believe in you. This characteristic feature may turn you into a hero with Hercules's strength and solar charisma.

You may focus all your energy into your ideal, James Franco, be it political, religious, ethical, moral or, under its highest form, spiritual. Several areas may be involved simultaneously.

Taking action with all your heart may reveal a dialectics, and you will not rest until you are understood and you have earned other people's adherence. You exchange with keen pleasure. You embrace the causes enumerated above, at the exception of spirituality, as it could never be a subject for proselytism.

You are able to instinctively identify the most important element in life from a remote distance and, inevitably, it does not belong to the material plane. You are not too interested in working for the concrete realm. You aim at longer-term objectives... and even further. Your energy is deliberately, fierily and boldly poured into the realms of the thought and the soul. You chose them all, some of them may be more futile than others, but they are all oriented towards abstraction, concepts, some of them being often more essential.

Your nature may also be more fact-oriented. In that case, you feel that the enrichment of your soul is particularly favoured when you deal with persons and environments that are alien to you: you express your capacity of action through frequent and long-distance travels so as to progress in your personal quest for knowledge.

### ★★★★★ Sun square Mars, orb 3° 46'

This aspect shows impulsivity, a fiery character and sensitivity all on edge. The excess of strength and energy may jeopardize your life balance and cause impulsive and unconsidered actions. Your ideals are not always in line with your deeds. You are certainly reactive and you stand for yourself heroically. But your untimely fits of anger may worsen existing tensions and bring about uncontrollable situations. Facts contradict your aspirations. When this configuration is properly reined in, it becomes an inexhaustible source of passion and energy.

### ★★★★★ Mars sesqui-quadrate Neptune, orb -0° 23'

You behave like a bohemian person and you are led by an ideal that you may not control. Your passions are undoubtedly sincere. However, you may target wrong objectives. You engage on hopeless struggles and meaningless confrontations. It is important that you watch out for fanaticisms from all sides and that you remain clear-sighted in the face of your exalted feelings. Your sincerity may work wonders when you champion lost causes. The most difficult thing is probably to keep your exacerbated sensitivity under control. Because you are deeply moved by facts, because you are sensitive to injustices and to the world's woes more than the average people, you embark on incessant battles, at the risk of undergoing a few delusions, on occasions.

★★★★★ Mars quintile Pluto, orb -0° 32'

You have a very personal way of taking action and of experiencing confrontations and struggles. The laws of the world are subtle, often with complex and hidden mechanisms. For these reasons, you prefer to act behind the scenes rather than openly. You manage your daily life in a distant and subtle fashion while you try to understand the logic underlying observed facts. You may also provoke events although you act as if you were not concerned. Your interventions will be as efficient as they are discreet. You may secretly transform your life and you live through the inexpressible motivations that connect you with the invisible realm. Things, which cannot be formulated, must be experimented and felt. You test experiences that your entourage find uninteresting and meaningless.

## Your Intellect and Your Communication Style

You enjoy discussing and exchanging ideas. You know how to put forward sharp and provoking comments in order to keep the debate moving ahead. You tend to use words to put yourself in the forefront and you may become a leader. Your exact and swift, dazzling understanding favours a direct approach to problems and helpful decisions. You are inventive, intuitive and you are in a hurry to bring your projects to a successful conclusion. You do not pay attention to details and you prefer to go to the essentials. However, your decision-making process may be too impulsive and may throw you into unconsidered actions; this is the reason why it may be good that you listen to other people's advice, that you do not walk headlong, and later, be forced to reverse back as a result, a situation you do not appreciate too much.

It is at work that you can release your mental power full steam ahead, James Franco. What's the point of racking one's brains if it's not to show one's professional value, to climb the social ladder, to earn one's colleagues' esteem, and to improve oneself every day. You adjust very well to your work environment or at least, this is one of your main concerns.

Your intelligence is rather practical or concrete and you are often interested in health and sometimes in pets, and you are very keen to turn each day into a source of intellectual stimulation.

★★★★★ Mercury opposite Pluto, orb -1° 02'

Forget simplicity! You definitely enjoy acting behind the scenes and dealing with what is going on underneath. You play games and you operate in the dark. You leave the front of the stage to others and to the gullible ones. You don't display much sociability. When you are nice, it is because you are looking for flaws. This Mercury-Pluto dissonance mingles unconscious fantasies with reality. When it is kept under control, this aspect becomes an unparalleled source of discernment. To that aim, you must overcome your strong tendency for provocations. It is certainly amusing to play destabilizing games but it may also be dangerous. Keep this treatment for your opponents only.

★★★★★ Mercury trine Neptune, orb -2° 07'

Your sense of psychology and of human intimate mechanisms is acutely developed. Your relations are nuanced, clever and guided by a good intuition of individuals. Without effort, you pick up what is at stake in relationships and in contacts. Your « sixth sense » inspires you and may take you into strange roads. On the relations' plane, there is an indisputable subtlety. You know what you should not say or, on the contrary, you naturally find the suitable words. Your natural and non-rational attitudes often prove right. The unknown fascinates you... Your curiosity for occultism and mystery is keen. Besides, life is a

huge human enigma for you.

★★★★★ Mercury inconjunction Uranus, orb 0° 56'

You are the champion for useless intellectual speculations, for crazy and revolutionary ideas. This Mercury-Uranus dissonance is the signature for an eccentric character, more ready to ridicule generally accepted ideas than to build up stable patterns. Your sense of humour reveals a critical and forceful mind. You can stand for an idea in the face of all opposition but you do not hesitate to support the opposite thesis the day after... with the same conviction. The coherence of your points of view is harmed by these spectacular reversals that constitute your speciality. In the relationship area, you may also provoke dramatic turns of events if your ideas are conflicted. The good news is that it seems difficult to convince you to accept points of view running counter to your principles. Intransigence also has its virtues.

★★★★★ Mercury trine Saturn, orb 7° 43'

Your vision of the world is rigorous and objective. An exemplary logic characterizes your mental attitude and your human relations. Your discerning faculties overlook no detail. You need to know the whys of your life and to explore the backstage of your surrounding world. The deepness of your relations dismisses superficial connections. It may be the reason why your interest is aroused when you are in touch with elements that are alien to your mode of functioning. You have the soul of a researcher, regardless of the form that your investigations may take. It may be an exacerbated curiosity for human topics or a will to understand relationship stakes. It may also be a hobby or a course of study that introduces you to a riddle. It does not matter! Life is a perpetual quest for the unknown. Your critical mind is highly developed and you take commonplaces for granted only after thorough consideration.

## Your Goals, Motivations, Career, and Destiny

### Your Sun is posited in the 6th House

You are a perfectionist, James Franco. Your constant concern is to improve yourself in every regard, to amass knowledge, to become helpful and to be at the top of your performances and your competencies. Work is an important area and, contrarily to many others, you are comfortable in this field where you can expend a lot of efforts and progress.

You are obsessive about organization and tidiness. Your varied interests - service to others is their common aspect - are less important than the harmonious and quiet ways you display when you carry out your responsibilities.

Being helpful is one of the important motivations that make you feel alive. You can't help it, you are very keen, not only to use your work capacity in a lasting and well-organized way, but also to feel the gratitude of your superiors or of the persons you commit yourself to with loyalty and with the constant concern to demonstrate that you improve yourself.

According to the Tradition, you are naturally interested in health, dietetics and all medicines dealing with well being and fitness. You may work happily in medical fields because they suit your tendency to do favours, to be helpful and to continuously improve your efficiency.

Your strong predisposition to be helpful is in contradiction with the taste for commandment. To become a leader or to accept too many responsibilities is not your cup of tea. You prefer to be the accomplished number 2 and to make yourself indispensable, rather than to take on the burden of authority struggles and to embark upon unsafe territories. For this reason, with this configuration, you may be somehow over-competent for the position you hold, contrarily to the well known Peter's principle stipulating that one reaches one's highest level... of incompetence at the end of one's career. You are a good specialist, a trustworthy person, an irreplaceable aid and that's more than enough for you.

Going further into the description of your deep motivations, in the least favourable cases, you may repress your legitimate ambitions. You are among the persons who need to be encouraged to free themselves from their inhibitions and to not fear the Unknown. You may worry over the fact that you are not up to it or over your health condition: the cure? Charge ahead, go for it, handle your career without fear and beware of ever becoming a hypochondriac...

### **The ruler of your chart is in the 12th House**

The ruler of the Ascendant, also referred to as the chart ruler as explained in a previous chapter, is also posited in one of the twelve Houses of the chart. Just like the Sun in his House, the ruler of the Ascendant provides certain abilities, or it makes you appreciate more keenly certain areas of life.

The ruler of your chart is in the 12th House, James Franco. Your private and inner life is of utmost importance to you. "To have a happy life, live unexposed" is a proverb that you can apply to yourself. You are particularly fond of quietness, and sometimes even of solitude. You steer clear of agitation and hubbub, and you prefer to dedicate yourself to values you deem essential, without making any noise.

### **Aspects influencing your ambitions**

Regarding your destiny or your career, the following aspects of your natal chart allow to fine-tune what has just been said above:

★★★★★ Mars conjunction Midheaven, orb 5° 47'

Your dynamism and your capacity for action work wonders and serve your interests, thanks to the conjunction of Mars with your Midheaven, James Franco. You undoubtedly have strong courage and fighting spirit, which enables you to achieve your professional goals, or your career progression, even though they imply struggles. More often than not, you triumph. As the French saying goes, "We triumph without glory when we conquer without danger"... Nevertheless, do not be too reckless. There is also a possibility that your profession is related to activities symbolised by Mars, such as the police, fire-fighting, surgery, metallurgy, the military, butchery, competition sports, etc.

★★★★★ Sun sextile Jupiter, orb 1° 32'

This harmonious Sun-Jupiter aspect indicates an optimistic background that usually wins the entourage's adherence. It also suggests ambition and generosity and favours social integration and success. The desire to earn general consideration prompts you to display energy, joviality and benevolence. However, opportunism may be the other side of the coin. As you strive to win everyone's esteem, you may fall into disrepute. It is important that you remain clear-sighted so as to persistently pursue your long-term aims without believing that you should always « grab each and every opportunity ». However, this aspect remains an element of success because it allows you to adjust your objectives to the context, to whatever the situation offers or, on the contrary, to force your way through events and to

achieve your ideals.

★★★★★ Sun trine Saturn, orb -6'

This aspect indicates a firm and discreet will, a rigorous and objective character. You are clear-sighted, particularly in difficult situations. You enjoy the moments of calm and solitude during which you can review your life at will. Your judgments are enduring and often extremist. You are outraged by injustice and inconsistency. When a problem arises, you do not take the easy way out with short-term solutions, on the contrary, you strive to solve the issue thoroughly. Better than anyone else, you challenge yourself, you review your choices and your attitudes. This is the reason why you are capable of handling crises and of overcoming any obstacle that requires an in-depth and relevant response. You may lack spontaneity but your behaviour reveals your wisdom. When you are facing an issue, you put forward the good question, to others, but also to yourself.

★★★★★ Uranus square Midheaven, orb 5° 46'

Uranus is in hard aspect with your Midheaven, James Franco. There is definitely nothing serious to worry about. There may be a lack of perseverance in the efforts you put in order to move forward in your career or your social destiny. When unexpected hurdles crop up, more than anyone else, you must accept the unavoidable changes without losing sight of your aims, and above all, without getting disheartened. More than anyone, you must learn to accept the values of time and duration, if you are to reap their fruits.

★★★★★ Mercury trine Midheaven, orb -6° 42'

Mercury in soft aspect to your Midheaven enables you to easily communicate with your entourage and to climb up the social ladder, James Franco. Your strategy is often good, and you correctly think about your interests. Do not change anything!

★★★★★ Pluto sextile Midheaven, orb 5° 4'

Pluto is in soft aspect with your Midheaven, James Franco. Your natural perspicacity and your propensity to move deeper into the understanding of all the things surrounding you may favour your career. Besides, in some circumstances, secret protections or relationships at work in the dark may very well help you climb up the stairs to success. At the same time, your intuition and your capacity to overcome pitfalls are your constant assets.

## Your Assets and Your Part of Joviality

This planetary configuration in your chart is very positive, James Franco, because Jupiter, the planet of Greater Fortune, is in his exaltation, which means, in a privileged position. Jupiter protects your family area and later, your own home. Your sense of responsibilities is increased, your inclinations for comfort and customs are strengthened; usually, you are well integrated in society. You mature affectively early, and this fact enables you to avoid many setbacks. The only danger with this pleasant configuration may be your attraction to good things, in all areas, and their consequences.

James Franco, the planet of Greater Fortune in this house is a heaven-sent present. It indicates inheritances, intense and fulfilling sexuality as well as a strong and secret intuition. You may be content! Your feelings also are magnified and deep. Undeniably, you are very lucky with this position of Jupiter in your chart.

The planet Jupiter symbolizes expansion, broadness and generosity. Jupiter is associated with the functions of synthesis, enthusiasm and optimism. In your natal chart, his house position is more important than his sign position because, like Saturn, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Jupiter in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Jupiter in Cancer is in the sign of his exaltation, which means that he is at great ease and he can express his essence more powerfully. He amplifies your emotions, your imagination and your optimism. You can be a good head of family or you develop a natural interest for matters linked to your home, your roots, your patrimony or that of your family. All your domestic affairs are protected.

## Your Serious Side

Your ambitions and your self-perception are marked with some degree of detachment. You become less frivolous and more detached from individual and superficial values as time goes by.

Your responsibilities, James Franco, constantly increase, slowly, but steadily, as years go by. Your acute sense of duty, your good management of time, your long-term vision, and your moral rigour are the qualities which contribute to your inexorable rise to power with, deep down, odd feelings of anxiety.

With your definite taste for power or for success, you work your way up the top place. But the danger to fall is strong. You need as much persistence to reach the heights of your career, as to... remain there! Many Heads of State have this configuration, at the same time beneficial and a source of potential disappointments if too much importance and energy are dedicated to it. Indeed, climbing to the top should be only one facet of life.

The planet Saturn symbolizes contraction, effort, time, limitation and concentration. Saturn eliminates anything that is not authentic, sooner or later. It is impossible to cheat him as he gives an irresistible desire to form a coherent whole with oneself, in responsible and wise ways. He is the great purifier. He represents our limitations but also our truth. In your natal chart, the house position where Saturn is posited is more important than his sign position because, like Jupiter, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Saturn in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Saturn in Leo tends to detach you from pleasure and leisure and gives you a serious and responsible nature. These are good qualities if Saturn is not badly aspected, even if your inclination for having fun is not particularly increased by this planetary configuration...

## A Few Special Points

## **Your Uniqueness and Your Utopias**

You are an original person, sometimes eccentric, even extravagant, and your actions or your words are always surprising. The expression of your humour is out of touch with reality and unpredictable. Most of the times, things are fine and you radiate with a peculiar and very special charm. With you, it is impossible to get bored!

Your will to behave differently from the mass of your fellow men and to assert your independence is part of your pride. Be wary that it does not backfire on you. It would be a pity if excessive unpredictability made you appear as... bizarre!

## **Your Inspiration and Your Illusions**

Your relationship to money is particularly vague. You tend to avoid analyzing your financial resources, as though this topic were neither important nor real. You belong to the category of people who never know how much they have in their bank account and in their purse.

This approach is positive in that, if you have a strong sixth sense, you can get good bargains more easily than other people... It may be some sort of blindfolded fortune, although there are real dangers of losing a lot and of being deceived.

Beware not to overstep legal boundaries, lest someday your carelessness in the financial area gets you into big troubles. It would be a pity if what you earned, thanks to your sixth sense, were taken away from you.

## **Your Passion and Your Authority**

You have an unconscious desire to experience your ordeals to the bitter end, regardless of their consequences for your future.

Your clear-sightedness and your investigative capacity enable you to solve mysteries in a deep and intuitive way. But they may also lead you into conflicts, crises and confrontations with enemies who are ruthless, at least in your opinion; having said this, you precisely have the ability to cope with them and to deeply evolve in the process.

You are predisposed to go through ordeals, on the human plane or in the area of health. The pains thus triggered contribute to transform you more rapidly than the majority of people. Your destiny is certainly to progress forward and, above all, to consider such ordeals as stepping-stones instead of signs of some unhealthy fatality.

The Tradition indicates that you may be prompted to take action in humanitarian causes, all the more so, because your personal ordeals incite you to readily help others, even though this tendency is not at once visible.

## Your Isolated Planets

In general, the ten planets of the chart are connected to other planets by major or minor astrological aspects. It is owing to those ties that the planets' energies can manifest in the chart owner's personality and play out within safeguards according to a specific tonality.

It seldom happens that in a natal chart, a planet is totally disconnected from the nine other planets.

Astrologers have observed that when such a case occurs, the person feels the energy of the unaspected planet in quite a singular way, very jerky and powerful at the same time. Thus, for instance, the famed astrologer Jean-Baptiste Morin de Villefranche wrote that "an unaspected planet heralds that something strange or extraordinary will take place regarding the meanings of the house in which the said planet is posited" (source : l'astrologie selon Morin).

Rules for detecting an unaspected planet: among all the testimonies that we have reviewed to this day, based on our experience, we tend to agree with American astrologer Janis Huntley who accepts seven aspects, which involve the zodiacal twelve sections of 30 degrees. The aspects to be considered are the conjunction (0 degree, cooperation or tension), the semi-sextile (30 degrees), the sextile and the trine (60 and 120 degrees respectively, aspects of cooperation), the square and the opposition (90 and 180 degrees respectively, tensed aspects), and the quincunx (150 degrees, slightly tensed). In this detection, the chart's angles are not taken into account.

In any case, it is important to remember that an isolated planet clearly expresses its influence when it is a personal planet. Thus, when the Sun, the Moon, Mercury, Venus, or Mars is isolated, it is certain that the effects described by Jean-Baptiste Morin de Villefranche will become manifest. As for Jupiter, Saturn, Uranus, Neptune, and Pluto, one must be cautious because the volume of cases documented is not yet large enough.

Your chart has no isolated planet, and this particular case does not apply to you.

## Annex 1: Your Minor Dominants

The five following dominants are less significant than those described at the beginning of your report. They may not be strongly felt. In some cases, they add several minor details to the analysis of your character, but they are rather for curiosity purposes. It is not necessary to take them into account when you first read your portrait.

### Your Planetary Repartitions: Northern, Southern, Eastern and Western Hemispheres

The axis linking the 1st house's cuspide (the Ascendant) to the 7th house's cuspide - the Descendant - divides the zodiac into two bowls, a superior bowl, in the South, and an inferior bowl in the North. Quoting an expression by the famous American astrologer Rudhyar, the Southern part and the Northern part correspond to two functions: "being" and "doing". Other concepts are also associated with this North and South distribution, such as introversion - Northern hemisphere - and extraversion - Southern hemisphere - being or appearances, inner life or external life, reflection or action, dreaming one's life or living one's dreams, the abstract or the concrete, backstage or limelight.

This is not about determination but about personal inclination: thus, some people will be thrown into public life despite a prominent Northern hemisphere. If this happens, however, it will not be due to their will, their taste or their deep nature. Conversely, a prominent Southern hemisphere will not bring about a famous destiny to its owner, even if he tends to turn the spotlight on himself, or if he looks for a more active life. It is a matter of deep nature and natural inclination. Of course, none of the typologies is "superior" to another.

In your birth chart, James Franco, the ten main planets are distributed as follows:

### Your Northern and Southern Hemispheres

James Franco, the planetary elements of your chart are well balanced between the North and South hemispheres. As a result, your public destiny and your inner life are harmonious, and there is no conflict between your actions and your thoughts. Your private and public spheres coexist in harmony and naturally match your temperament.

The birth chart is divided into two other parts, Eastern and Western, by the axis linking the Midheaven to the Imum Coeli.

The Eastern part, on the Ascendant side, shows the person's ego, will, magnetism, and vitality, whereas the Western part, on the Descendant side, symbolizes other people, communication, relationships and their influence, as well as flexibility and adaptability.

James Franco, here is the planetary repartition in your Eastern and your Western hemispheres:

### Your Eastern and Western Hemisphere:

The predominance of planets in the Western hemisphere of your chart means that you are quite flexible, capable of empathy, convivial and communicative. An excellent factor for many professional activities or for your social or sentimental life for example.

A definite asset... provided that you are not at the centre of the decisions you must take in your life: you may be tempted to listen to the last person who spoke, and your flexibility won't always get you out of the tight spot. You are therefore advised to learn to decide alone and to cope with the consequences of your actions with courage and without regrets. This attitude will allow you to combine flexibility and action, adaptability and absence of hesitation.

### Your Yin and Yang Polarity

The twelve signs are divided into two polarities, called active or passive, or sometimes masculine and feminine, positive and negative, Yang and Yin. This classification corresponds to two quite distinct tonalities, the first one bringing extraversion, action, self-confidence and dynamism, the second one, introversion, reactivity, reflection and caution. None is superior to the other, each group has its own assets and shortcomings. Odd signs - Aries, Gemini, Leo, Libra, Sagittarius and Aquarius - belong to the first group, whereas even signs - Taurus, Cancer, Virgo, Scorpio, Capricorn and Pisces - belong to the second group.

## Your Yin and Yang Polarity

According to the disposition and qualities of your planets and angles, you are rather influenced by Yang energy, the active polarity, James Franco: more concerned about actions than reflection, you sometimes rush without standing back and without the deepness that is needed. However, your spontaneity prompts you to take fresh starts, even after repeated failures caused by your rashness.

### Your Houses' Accentuations

Houses are split up into three groups: angular, succedent and cadent.

The first ones are the most important ones, the most "noticeable" and energetic houses. They are the 1st, 4th, 7th and 10th houses. Their cuspides correspond to four famous angles: Ascendant for the 1st house, Imum Coeli for the 4th house, Descendant, opposite the Ascendant, for the 7th house and Midheaven for the 10th house, opposite the Imum Coeli.

Planets are evaluated according to a whole set of criteria that includes comprehensive Western astrology rules. At their turn, planets emphasize specific types of houses, signs, repartitions etc., as previously explained.

## Your Houses' Accentuations

Cadent houses, namely the 3rd, 6th, 9th and 12th houses, are very emphasized in your chart, James

Franco. They indicate important potential for communication, adaptability and flexibility. These houses are symbolically linked to the mind and intellect. The relative weakness implied by these characteristics indicates your tendency to hesitate or to be indecisive, but also your remarkable ability to start off again, which is a nice quality, finally: you can easily get yourself out of a tight spot thanks to your mobility and casualness, in the best sense of the term. This group of houses corresponds to evolutionary characteristics of your personality. However, they are only indications and you must include them in the rest of your chart in order to see whether they are validated or not!

### Your Esoteric Decanates

Each sign contains 30 degrees and can be divided into three equal parts: the decanates. The Tradition indicates that specific meanings can be associated to each of the three decanates. Their sphere of activity is usually limited to the Sun sign, however, it is even more interesting to observe the distribution of all the planets in the chart to get an idea of the respective importance of the three decanates, which can complement the description of the personality.

These meanings must be considered with the greatest caution. Indeed, they are minor characteristics that can only underline other outstanding traits of character.

Traditionally, the first decanate highlights the characteristics of the sign where a planet is located. The two other decanates correspond to sub-dominant planets, depending on the nature of each sign. This system leads to a multiplication of meanings and it is impossible to have a clear understanding: here, we prefer to give only the meaning of one decanate in comparison with the other two, within the birth chart as a whole. Again, the greatest caution is needed with regard to this minor indication as it is not always reliable: it is not essential that you read these texts in the beginning. You can get back to them later on, once you have read more important interpretations

### Your Esoteric Decanates

The third decanate, which means the part between 20° and 30° of any zodiacal sign, prevails in your natal chart, James Franco. It contains the degrees of spirituality, traditionally more delicate to deal with, since they incline towards evolution and therefore, destabilizations. Individuals with an emphasised third decanate may have deeper sensitivity than most people, which often brings ordeals but also spiritual rewards.

## Annex 2: Karmic Study

The karmic theme is a good complement to the psychological portrait, or natal chart. This analysis is based on the positions of the Lunar Nodes, the Black Moon and the Part of Fortune: they are also called fictitious points and describe the spiritual purpose of your destiny. Because there is in all of us an experience and a quest, our life is an evolutionary journey... provided that we head towards the right direction, of course! Indian astrologers highly prize the Nodes axis (North Node and South Node). It is the Ariadne's thread that we are invited to follow. The Black Moon indicates the sector where we are most likely to transform or to transcend, whereas the Part of Fortune points out the area where we can easily express our specificity.

### The Lunar Nodes: a spiritual path

Lunar Nodes have their roots in the Indian tradition and they are based on a simple concept: each of us have a mission of their own, here on earth, a destiny, a course. According to the Indian philosophy, life is a school: the nodal axis describes our past experiences (South Node, our karma, our spiritual inheritance or our previous lives), and our aims on earth (North Node, our Dharma, the purpose of our current incarnation). This is the reason why the study of the lunar nodes is called "Karmic astrology". Here, we shall not step into hypothetical past lives. Wherever our current trends may come from, all that really matters is that we become aware of the purpose of our life, its finality and our dharma. We are likely to understand our life purpose around the age of 37, when the Lunar Nodes return to their natal position.

During the first part of your life, you manifested an acute sense of challenge, a taste for personal initiatives and an unflinching fighting spirit: these qualities prove helpful in handling any possible setback today. However, you must make an effort to accept your entourage and adopt more open and accommodating attitudes! Life teaches that you must become more sociable and develop the flexible behaviour that you lack. Do not play around with mavericks; It is important that you earn your close friends' affection and that you rely on their collaboration. You slowly become more aware of other people's reasons, of their desires and their concerns. Your destiny may be influenced by relationships. If you had a tendency to provoke people or events, now you have gained complementary qualities: diplomacy and human tact, cleverness in the art of reconciling opposite views. It is true that it required a huge personal effort!

Very early in life you showed a strong desire to intensely live through your passions. You are sensitive to your personal prestige and you adopted dramatic attitudes as you needed your merits to be acknowledged and you wanted to arouse esteem and admiration. Your individualistic ways may have caused setbacks: you are criticized for your egocentrism or at least, for your lack of openness and compassion. As time goes by, your life's challenge is probably to gain a taste for collaborations, fraternity, and unselfish love. If you can put aside your touchiness, you become able to relinquish your pride and to focus your energy on larger actions such as collective tasks, or even, universal works. Life teaches you a philosophy of harmony and union, far from your primary desires and needs. You then discover an entirely different realm, a spiritual dimension, the major features of which are abnegation, selflessness and the access to a world of altruism that provides more satisfactions than anything else. Self-sacrifice, friendship and fraternity are the path to your fulfilment.

### Lilith or the Dark Moon

The Black Moon is the spark of refusal and distance that is dormant in all of us. Depending on the sign where she is found in your chart, she highlights the desire to transform and to sublimate a part of your

life. The Black Moon is unfathomable and mysterious. She gives a different dimension to the sector she touches. Her manifestations are subtle; nonetheless, she is powerful, implacable, demanding to the extreme... The Black Moon is also called Lilith. She is the inner flame of your heroism and insubordination.

Twin relations (those that include your fellow creature, your double) are an object of fascination. You are in quest of your soul mate, your identical being rather than your complement... This attitude brings about exaltations and setbacks: you think that you recognize that special one who really resembles you? Differences, however, grow more painfully as time unfolds. But your search of an absolute relation may also become the cement of a close and privileged couple, impervious to life vagaries.

This configuration predisposes to the quest of the absolute on two accounts: firstly, the very nature of the Black Moon, implacable and extremist, and secondly, she is in a sector of the Zodiac that is traditionally evolutional but extremist. Here, you flirt with death, danger and challenge. Everything suggests transformation, abandonment and revival, passion and cruelty. There is no half-measure in your behaviour, only a terrifying and marvellous thirst for the absolute... That'll take some doing for the person who will experience it with required intensity!

### **The Part of Fortune in House**

The Part of Fortune is a very ancient fictitious point that depends on the lunar phase at the time of birth. The astrological house tenanted is particularly strengthened. In your chart, the Part of Fortune is in the 8th house: you need to constantly transform your life, to evolve and to shed your skin. You do not hesitate to regularly question the basis of your manner. Everything is death and revival and the wheel of life is ruthless: what was still yours yesterday will be a mere souvenir tomorrow... Your wealth is the know-how you demonstrate when you cope with changes imposed by events, while always remaining true to yourself.

### **Retrograde Planets**

The karmic tradition insists on the issues related to the so-called retrograde planets. They are considered to be the inheritance of a past that was not well experienced, a sort of unfinished business. The interpretations of the retrogradation may seem negative or excessive to you. However, you may relate to a scenario that you have often and repeatedly experienced... as if you underwent several setbacks that all have the same cause. Until the day you become aware of it and you can free yourself from it! Through the slow integration of these planetary energies, you will be able to overcome your difficulties and to pay your karmic debt. Actually, each retrograde planet highlights an opportunity for evolution. Nothing can be achieved without the will to grow spiritually and to defeat your own demons.

The planet Mercury was retrograde on the day of your birth. You probably have to make an effort to harmonize your relations: you are prone to screen others with a critical eye and you do not overlook the slightest flaw. You are exceedingly clear-sighted and you approach your contemporaries with distance rather than with natural. This type of behaviour may be an asset: your enquiring and picky mind prevents you from being too gullible. However, your reservations may impede your communication. As time goes by, you learn to establish contacts more spontaneously. During your childhood, you faced problems of expression in your heart of hearts: your doubts prompted you to project an image that was out of touch with the reality... turbulent or withdrawn, you could hardly establish conventional ties. As an adult, you are in a better control of these elements. You still have to find the right way to tell who you really are: this is how you can improve your relationships.

The karma associated with Saturn may border on self-censorship: during your childhood, particularly, you were doubtful of your abilities and your talents. You had a propensity to put yourself in a no-win situation and to under-estimate yourself. Obstacles abound: taboos and prohibitions of all kind slow down your evolution. Little by little, you learn to re-evaluate your possibilities and to gain more self-confidence. Your personal rigour then turns out to be constructive: you are not destabilized by life ordeals and you practice a self-discipline that favours steady evolution. Although your path may be steep, it is nonetheless safe.

Uranus was retrograding on the day of your birth: you have the soul of a rebel and your behaviour may often be tyrannical or extremist. Your manner has brought you setbacks. You lack the flexibility that spares you the pain of forcing your ways through events. The danger may be that you get trapped into rigid patterns and into personal logics incompatible with others'. This is precisely what your life's lesson is about: as years go by, your judgments are more qualified and your attitudes become less cut-and-dried, less stubborn. You must lose the essentially individualistic character of your childhood and be more open to other people's ideas and problems. In other words, a path of love. Without losing your remarkable resolution, you must practice some form of renunciation and be sensitive to various logics that constitute the wealth of your social life.

Neptune retrograding concerns spirituality. You may have expressed early in life a few reluctances about the subtle world of faith. You may have ignored destiny's signs and winks and you preferred to stick to your certainties, to a rigorous and objective control of your life. You dread your own aspirations and you readily trust others': this causes a lack of autonomy and the feeling that you may not receive as much as you give. However, several delusions teach you that you must relativize your calculating and methodical attitude and open up to the irrationality of love in order to find an inner and more spiritual progression. Embracing the invisible is a process that unfolds as years and experiences go by. Your own generosity increases as you become aware of your entourage's generosity.

Pluto retrograde suggests power issues and mishandled relations: for you, everything comes down to power struggles, submission and domination, Machiavellian manoeuvres, including within your couple... The results are complex behaviours and an obsession for the power to influence people. Yet, life teaches that you must simplify your relations and adopt more transparent attitudes and healthier desires... As years go by, you will tend towards more simplicity and you will slowly discover that human energy can, and must, be at the service of the good, or of well being, in compliance with our individual progression.

N.B: modern astrology attaches less and less importance to the principles of retrograding planets.

## Conclusion

A few remarks are needed here in order to allow you to fully take advantage of your astrological portrait: firstly, do not forget that a birth chart is also a photograph of the sky at birth and a structure that not only contains the personality's characteristics, but also its potential evolution.

We all know that, in real life, people begin to know themselves when they are in their forties, or even later. Likewise, several traits of character in a portrait may seem surprising: in most cases, it means that such features are not yet developed.

Some personalities reveal themselves late in life, whereas others are more precocious. It must be remembered that psychological structures are in a state of continuous evolution because they are influenced by unfolding events and gradual maturity. We can never underline strongly enough the "mobile" nature of the personality, throughout a lifetime.

On the other hand, it is difficult to discriminate what is "already present" at this moment in your life when you are reading your chart's interpretation, from what will appear later in the logic of your evolution: you must sort out all the pieces of information provided and, in most cases, you will see that your astrological portrait is helpful for your endeavours to know yourself better.

Finally, several readings of an astrological portrait are usually necessary in order to absorb all its different meanings and to evaluate the relevance of each character trait.

In any case, better self-knowledge obviously contributes to faster personal blossoming, and it is undoubtedly one of astrology's major roles: contributing to know oneself better, in order to improve more rapidly, to deal with one's weaknesses and to avoid its drawbacks, and to take advantage of one's assets as efficiently as possible.
