John F. Kennedy's Astrological Portrait

Introduction

To fully benefit from this portrait, we suggest that you read its introduction and its preamble carefully, and then that to take the time to soak up the interpretations of each chapter. Given the large number of texts, which mirrors the human being's complexity, you may need to go through the contents several times, so as to get a good grasp of their meaning and to know yourself better. This will reward your patience.

The purpose of this report is to describe your psychological portrait and to highlight the most fundamental features on the personal area. The report begins with the analysis of your planetary dominants and outlines your personality's general traits before going into further detail. Minor dominants are analysed at the end of Annex 1, for purposes of clarity. Your report then delineates the various facets of your personality:

In general, even when relationships are not involved, we express ourselves and we feel according to our character and our personal motivations: this is indicated by the Ascendant and the Sun sign which both give details on the way we function. They shed a tremendously important light which allows to figure out your personality. Here, we describe your Sun sign (your inner self), your Ascendant (your behaviour as seen by others), and the ruler of the Ascendant (interesting additional pieces of information about the style of your personality). These descriptions alone cover nearly a third or a half of your psychological signature, depending on your natal chart characteristics.

Then, we address your sensitivity, or in other words, the way you receive things and how you express your emotions ; it works as a constant filter for all your exchanges, even when it becomes a more secondary element in your amorous relationship, because at that moment, affectivity prevails. Sensitivity is the way you perceive things, it is your radar, your daily mood, and at the same time, it indicates how you react to your entourage, on a daily basis. It is what others immediately see of you. In the second paragraph, we explain in which areas of life your sensitivity and your emotions are strongest, therefore, where you are most vulnerable.

After this, it is your affectivity, the way you love and how you charm, that comes into play as soon as you fall in love: the first part indicates its basic structure or its main form. The second part describes the areas where it is best expressed and how you display it, according to your personality.

A third fundamental area deals with your mode of action and your sexuality: how you behave, how you manage to obtain what you want, what kind of desires you have. There are twelve possibilities, very

different from one another. The study discloses the specific one that applies to you. In the second paragraph, we explain in which life areas you may most efficiently take advantage of your capacity for action and for conquest.

Your ways of communicating and of thinking are obviously among the major elements that must be integrated into the delineation and the description of your personality. Indeed, they influence your general behaviour and may modify or enhance the image your project (for instance, extraversion may “compensate” a weak affectivity, but a huge number of cases are possible). An additional chapter indicates the favourite areas where you enjoy communicating, thinking and meeting with people.

Besides, we analyze an even more personal aspect that is important to define and understand what may occur within your couple: each of us have a centre of interest, a privileged manner to be fulfilled or to achieve our destiny; this main motivation is indicated by the positions of your Sun and your chart ruler in the astrological houses and we provide you with its detailed description.

A natal chart contains the potential for specific fulfilment and a whole range of assets, protections and qualities. How does the lucky factor manifest in your personality? In which area can you best exploit your qualities? The answers are precisely revealed to you in this chapter.

On the other hand, we all feel in us a part of vulnerability, doubts and fears. How does this part of solemnity or serious side play out? How is it possible to handle it in order to evolve and to get rid of useless elements? All this information is provided to you in these two paragraphs.

Then, you can discover three additional traits of your personality that must be considered as secondary ones. They deal with your predispositions, which means that they need to be triggered by external events because they are not influenced by your will; let's call it a part of fate. Please, bear in mind that your destiny can unfold only in accordance with what you are: therefore, even if they belong to your more unconscious self, these characteristics are parts of you, definitely.

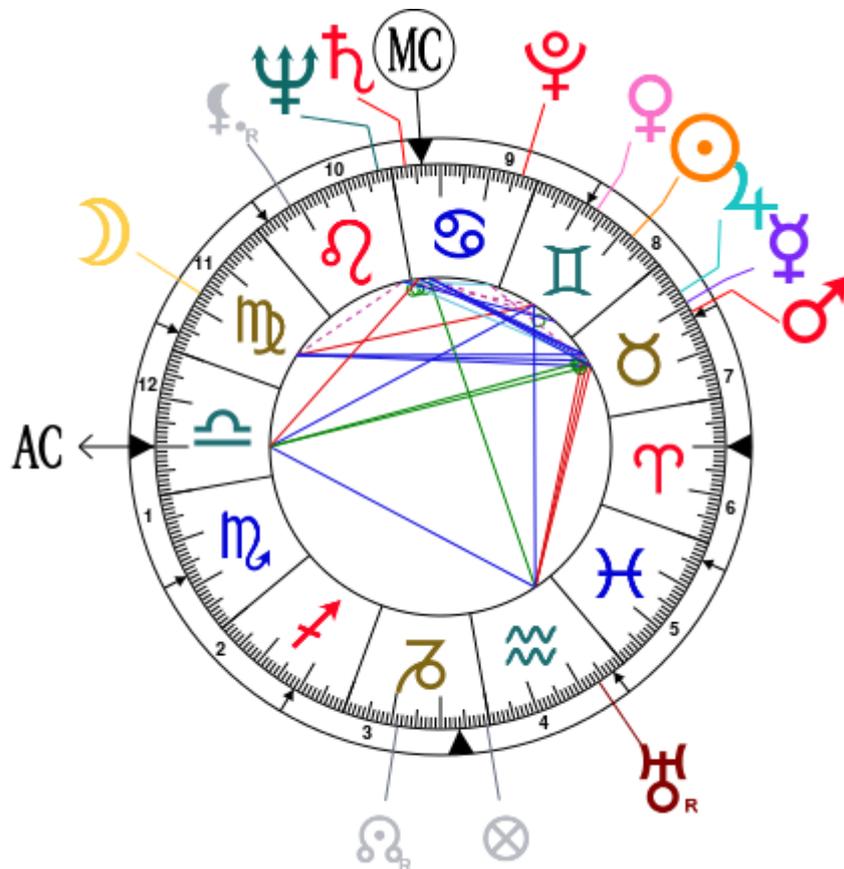

The karmic chart complements the psychological portrait or natal chart. It is based on the positions of the Lunar Nodes, the Black Moon, and the Part of Fortune. These elements of the chart, sometimes referred to as fictitious points, provide information about the spiritual meaning of your destiny. Owing to the fact that we all have in us acquired knowledge and the urge to go on a quest, our life is an evolutionary journey... However, these texts must be read with great caution: this is the reason why you will find this analysis in the Annex 2 of your report.

Meaning of Stars

Stars indicate the strength of the aspects. Two solid coloured stars (there are half-stars also), mean that the aspect is powerful enough to be noticed at the first reading.

We strongly advise that you read the paragraphs displaying less than two stars later on, after you have

absorbed the full import of the other texts.

The yellow colour indicates a soothing and conciliating aspect, and the red colour, a dynamic and tense aspect. The red aspects enable you to evolve, to take action, and to learn to turn your "weaknesses" into assets through your life experiences. The yellow aspects are innate strengths on which you rely in order to grow better with the former...

Preamble

When interpreting a natal chart, the best method is to start gradually from general features to specific ones. Thus, there is usually a plan to be followed, from the overall analysis of the chart and its structure, to the description of its different character traits.

In the first part, an overall analysis of the chart enables us to figure out the personality's main features and to emphasize several points that are confirmed or not in the detailed analysis: in any case, those general traits are taken into account. Human personality is an infinitely intricate entity and describing it is a complex task. Claiming to rapidly summarize it is illusory, although it does not mean that it is an impossible challenge. It is essential to read a natal chart several times in order to absorb all its different meanings and to grasp all this complexity. But the exercise is worthwhile.

In brief, a natal chart is composed of ten planets: two luminaries, the Sun and the Moon, three fast-moving or individual planets, Mercury, Venus and Mars, two slow-moving planets, Jupiter and Saturn, and three very slow-moving planets, Uranus, Neptune and Pluto. Additional secondary elements are: the Lunar Nodes, the Dark Moon or Lilith, Chiron and other minor objects. They are all posited on the Zodiac wheel consisting of twelve signs, from Aries to Pisces, and divided into twelve astrological houses.

The first step is to evaluate the importance of each planet. This is what we call identifying the dominant planets. This process obeys rules that depend on the astrologer's sensitivity and experience but it also has precise and steady bases: thus, we can take into account the parameters of a planet's activity (the number of active aspects a planet forms, the importance of each aspect according to its nature and its exactness), angularity parameters; (proximity to the four angles, Ascendant, Midheaven, Descendant and Imum Coeli or Nadir, all of them being evaluated numerically, according to the kind of angle and the planet-angle distance) and quality parameters (rulership, exaltation, exile and fall). Finally, other criteria such as the rulership of the Ascendant and the Midheaven etc. are important.

These different criteria allow a planet to be highlighted and lead to useful conclusions when interpreting the chart.

The overall chart analysis begins with the observation of three sorts of planetary distributions in the chart: Eastern or Western hemisphere, Northern or Southern hemisphere, and quadrants (North-eastern, North-western, South-eastern and South-western). These three distributions give a general tone in terms of introversion and extraversion, willpower, sociability, and behavioural predispositions.

Then, there are three additional distributions: elements (called triplicity since there are three groups of signs for each one) - Fire, Air, Earth and Water - corresponding to a character typology, modality (or quadruplicity with four groups of signs for each one) - Cardinal, Fixed and Mutable - and polarity (Yin and Yang).

There are three types of dominants: dominant planets, dominant signs and dominant houses. The novice thinks astrology means only "to be Aries" or sometimes, for example, "to be Aries Ascendant Virgo". It is actually far more complex. Although the Sun and the Ascendant alone may reveal a large part of the character - approximately a third or a half of your psychological signature, a person is neither "just the Sun" (called the sign) nor just "the first house" (the Ascendant). Thus, a particular planet's influence

may be significantly increased; a particular sign or house may contain a group of planets that will bring nuances and sometimes weaken the role of the Ascendant, of the Sun sign etc.

Lastly, there are two other criteria: accentuations (angular, succedent and cadent) which are a classification of astrological houses and types of decanates that are occupied (each sign is divided into three decanates of ten degrees each). They provide some additional informations.

These general character traits must not be taken literally; they are, somehow, preparing for the chart reading. They allow to understand the second part of the analysis, which is more detailed and precise. It focuses on every area of the personality and provides a synthesis of all the above-mentioned parameters according to sound hierarchical rules.

As explained in the introduction of your Psychological Portrait report, minor dominants are analysed at the end of Annex 1, for purposes of clarity.

Your Planetary Repartitions

Each quadrant is a combination of the four hemispheres of your birth chart and relates to a character typology. The Southern hemisphere – the top of your chart, around the Midheaven – is associated with extraversion, action, and public life, whereas the Northern hemisphere prompts to introversion, reflexion, and private life. The Eastern hemisphere – the left part, around the Ascendant – is linked to your ego and your willpower, whereas the Western hemisphere indicates how other people influence you, and how flexible you are when you make a decision.

Your Four Quadrants

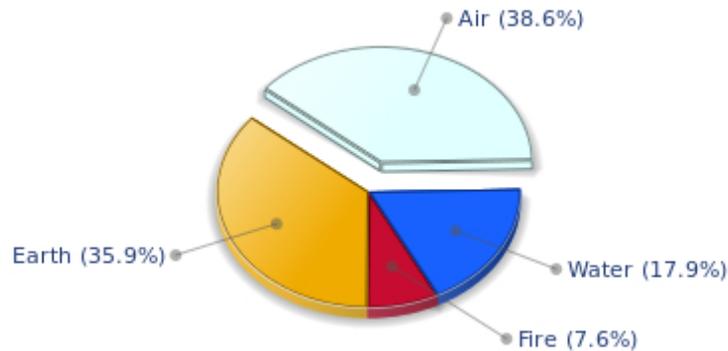

John F. Kennedy, the diurnal South-western quadrant, consisting of the 7th, 8th and 9th houses, prevails in your chart: this sector brings about a thirst for communication and sometimes a need to take risks in your dealings with others. Relations are a factor of your evolution and your transformation, which you accept serenely. Indeed, what matters to you is the movement and the energy that link you to others and that make you gain more awareness. A kind of rebellion or a desire to get away from it all is rooted in you.

Your Dominant Modes and Elements

John F. Kennedy, here are the graphs of your Elements and Modes, based on planets' position and angles in the twelve signs:

Your Four Elements

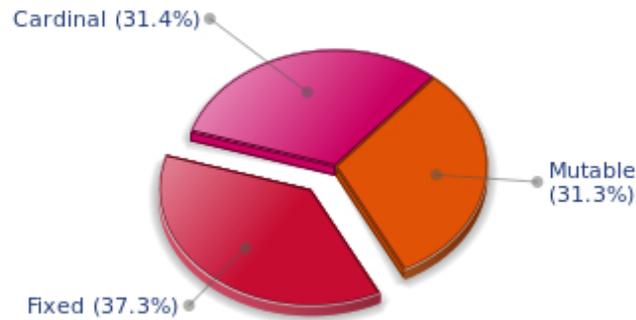

Cheers for communication and mobility, John F. Kennedy! The predominance of Air signs in your chart favours and amplifies your taste for relations and for all kinds of short trips, whether real (travels) or symbolic (new ideas, mind speculations). You gain in flexibility and adaptability what you lose in self-assertion or in pragmatism.

Like the majority of Earth signs, John F. Kennedy, you are efficient, concrete and not too emotional. What matters to you is what you see: you judge the tree by its fruits. Your ideas keep changing, words disappear, but actions and their consequences are visible and remain. Express your sensitivity, even if it means revealing your vulnerability. Emotions, energy and communication must not be neglected; concrete action is meaningless if it is not justified by your heart, your intellect or your enthusiasm.

Fire's qualities are not very present in your chart, with only 7.61% instead of the average 25%, which means that you may lack warmth, enthusiasm, conquering spirit, or energy. You may look indifferent to others, with almost no desire, no joy of life or no enterprising ability. Actually, it is not true, but you should let go, force yourself to be more daring, and show your amazement as well as your vitality. You certainly have as much energy as others, you just need to release it, and it is up to you to display more of it, since it will be all to your benefit: shout, sing, pull faces, dance! That's the right mean for you... In the end, you'll never be accused of being sad, phlegmatic or a killjoy!

The twelve zodiacal signs are split up into three groups or modes, called quadruplicities, a learned word meaning only that these three groups include four signs. The Cardinal, Fixed and Mutable modes are more or less represented in your natal chart, depending on planets' positions and importance, and on angles in the twelve signs.

Your Modes

The Fixed mode corresponds to a majority of elements in your chart, John F. Kennedy, and represents the desire for security and durability: you are able to concretely appreciate a situation and its stability. You definitely prefer to play the role of a loyal, obstinate and hard-working person, rather than to try new and risky experiences - beware, however, not to confuse obstinacy with intransigence. You structure, cement, and strengthen everything you find on your way: it is your nature, although you are not especially interested in swiftness: slow and steady...

Your Dominants: Planets, Signs and Houses

The issue of dominant planets has existed since the mists of time in astrology: how nice it would be if a person could be described with a few words and one or several planets that would represent their character, without having to analyse such elements as rulerships, angularities, houses, etc!

The ten planets - the Sun throughout Pluto - are a bit like ten characters in a role-play, each one has its own personality, its own way of acting, its own strengths and weaknesses. They actually represent a classification into ten distinct personalities, and astrologers have always tried to associate one or several dominant planets to a natal chart as well as dominant signs and houses.

Indeed, it is quite the same situation with signs and houses. If planets symbolize characters, signs represent hues - the mental, emotional and physical structures of an individual. The sign in which a planet is posited is like a character whose features are modified according to the place where he lives. In a chart, there are usually one, two or three highlighted signs that allow to rapidly describe its owner.

Regarding astrological houses, the principle is even simpler: the twelve houses correspond to twelve fields of life, and planets tenanted any given house increase that house's importance and highlight all relevant life departments: it may be marriage, work, friendship etc.

John F. Kennedy, here is the evaluation diagramme for your planets:

Your Dominant Planets

The three planets that are most highlighted in your chart are Neptune, Venus and Saturn.

With Neptune as one of your three dominant planets, you are a secretive and ambiguous person, often confused or unclear about your own motivations! Indeed, you are endowed with unlimited imagination and inspiration, as well as with an extreme sensibility that may turn you into a psychic or a clairvoyant. On the other hand, your impressionability is such that you may have difficulties in separating what is concrete and solid from illusions or dreams.

A mystic, a visionary or a poet, you daydream, like any Neptunian, and you see what few people only can see, all of this being shrouded in aesthetic mists when you are fired with enthusiasm.

A boundless, infinity-loving man like you is inevitably likely to be more vulnerable and easily hurt because of your acute perception of events. In such cases, you are hit full in the face, and you may sink into gloomy daydreamings and dark melancholy.

That said, this mysterious aura definitely gives you an indefinable charm in the eyes of your close friends who are often fascinated by your unique ability to feel and to see what ordinary people can never see!

With Venus among your dominant planets, one of your first reflexes is... to please! Your look, your charm, and your seduction are omnipresent elements in your behaviour.

Your approach to things is connected to your heart, and for you, no real communication can flow if your interlocutors exude no sympathy or warmth. Cold and logical reasoning, clear thoughts and good sense are not important to you: if there is no affective bond with your environment, no connection can be established with the Venusian that you are, and nothing happens.

You have a strong artistic side, and you never neglect subjective but clear concepts such as pleasure, beauty, and also sensuality. However, sometimes to the detriment of efficiency, durability, logic, and... detachment.

Saturn is part of your dominant planets: among the facets of your character, you have a grave and serious side, wise and somewhat severe, since your concentration can be powerful, to the detriment of

carelessness and friendliness.

You often look austere, but it is only an appearance, a kind of modesty or reserve; however, it is true that the Saturnian, who is fond of time, effort, asceticism, rigour and sobriety, may have popularity issues. Nevertheless, honesty and straightforwardness, reliability, as well as slow, wise and deep mental process, although not very popular and visible qualities, eventually become noticed and appreciated. Saturnians' second part of life is usually easier and more fulfilling.

Like the Jupiterian, your Saturnian facet prompts you to seek the essential, security, and longevity. However, the difference with the former is that you will never give priority to wealth or "the bigger, the better" philosophy for the sake of power. Saturn, like Jupiter, symbolizes social integration, and it is usually considered positive to have a harmonic Jupiter and Saturn in one's chart because of their social adaptation capacities.

Your vulnerability lies in your too serious and austere side, which may lead to unwanted loneliness and affective frustration. This generally does not last because Saturnians often hide deep down a golden heart that ends up revealing itself...

Your Dominant Signs

In your natal chart, the three most important signs, delineated according to the above-mentioned criteria, are, in decreasing order of strength, Taurus, Gemini and Cancer. They are often prominent because your Ascendant and your Sun are posited there. However, it is not always the case: it may be because they are occupied by a cluster of planets, by a planet near an angle other than the Midheaven and the Ascendant, or because two or three planets are very active and form numerous aspects from these signs. Therefore, you partly take on the three signs' characteristics, which are somehow superimposed on your natal chart, and all the more so if any of the signs in question is highlighted.

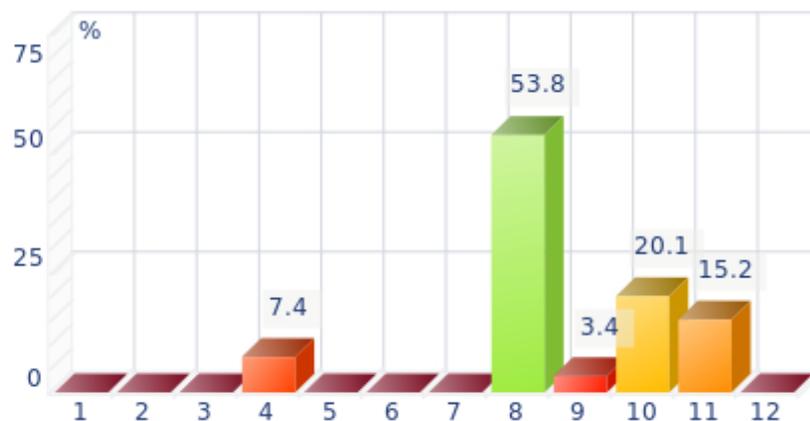

With the Taurus sign so important in your chart, you are constructive, stable, and sensual. Good taste, sense of beauty, manners, and unflinching good sense - all these qualities contribute to your charm and seductive power. Furthermore, if some people criticize your slow pace and your stubbornness, you rightly reply that this is the price for your security, and that you like the way it is - slow and steady....

With Gemini as a dominant sign, your qualities include being lively, curious, mobile, clever, and flexible: you often make others dizzy, and you may come across as a dilettante - a bit inquisitive, shallow, and

insensitive because you may be too intellectualizing. However, your natural curiosity, a nice quality, and your quick humour, allow you to demonstrate to everyone how much they may gain from your company, and that your apparent flightiness hides an appetite (particularly mental) for life, which itself conceals a terrific charm!

Cancer is one of your dominant signs and endows you with imagination and exceptionally shrewd sensitivity. Although suspicious at first sight - and even at second...- as soon as you get familiar with people and let them win your confidence, your golden heart eventually shows up, despite your discretion and your desire for security that make you return into your shell at the slightest alert! Actually, you are a poet and if you are sometimes blamed for your nostalgia and your laziness, it is because your intense inner life is at full throttle...

Your Dominant Houses

Houses 8, 10 and 11 are the most tenanted ones in your natal chart. To compute their strength, planets and angles are weighed according to various astrological criteria such as swiftness, activity, angularity, rulership etc. From the analysis of the most tenanted Houses, the Astrologer deduces the fields of activity that are most relevant to you, be it because of what you are experiencing, or what you may experience in the future, or because of your deep inner motivations.

Your 8th house is very highlighted: it is the most complex house of the Zodiac. It symbolizes above all passion and transformation, which often go hand in hand. Indeed, you have a tendency to experience everything to the bitter end, and you overstep propriety borders because you want to understand everything, even what is... forbidden. This house relates to complex spheres such as sexuality, possessions and dispossessions that don't depend on you (inheritances, donations, sudden financial losses), death too - not yours in particular, so, don't worry! - and understanding of hidden or occult things: here are the fields that affect you generally, because you are naturally interested in them or because life gets you involved in spite of yourself.

With a prominent 10th house, your destiny's achievement may be very notable: the 10th house represents your career, your public life, and your ambitions. A good deal of your energy may thus be used to successfully implement what you have in mind. Instinctively, you are very keen to make your dreams come true. Sooner or later, you will deal with the public, and your personal achievement will go through trials and ordeals: other people and visible actions.

The 11th house is among your dominant houses. Therefore, social life and friendships are very important, even strategic to you.

You think that group activities, whether in the humanitarian field or simple gatherings of friends, are endless sources of inspiration and of enjoyment, provided that there are no tensed aspects in this sector. Everything human is important to you, often more important than your own success, unless your 10th house is also powerful.

Your Style, Behaviour, and Peculiarities

What is commonly known as "sign" indicates the position of the Sun in the Zodiac. The Sun highlights all the characteristics of the sign he tenants. According to astrology traditional rules, these characteristics are all the more pure and exact when the Sun is strong in the sign, or when the sign is particularly highlighted within the chart. Here, we indicate the pure characteristics of the sign but you must bear in mind that they may only shed a light on a particular aspect of your personality. Indeed, the sole sign of the Sun, or of the Ascendant, can never describe an astrological chart because it depends on the degree of strength of the said sign in your chart.

Another important point must be underlined. Contrary to the Ascendant, which clearly describes your appearance, your vitality, your physical constitution, your spontaneous behaviour and the image you project, your Sun sign describes your inner self, which you may not completely be aware of, and which may emerge gradually as you mature: it is about your inner personality that you reveal only to the members of your entourage whom you trust. The Sun sign is likely to be the final form of your personality, once it has evolved in line with the energies of the other parts of your chart, the beginning of which is seen in the Ascendant, your external "bark".

The Ascendant is one of the major components of your natal chart. It is the zodiacal sign that rises in the East at the very moment of your birth. To calculate it, it is therefore necessary to know your exact time of birth.

It provides with a wealth of information on your personality. It is one of the key features that allows the analysis of several parts of you, such as your appearance, your character as it is initially perceived and your immediate behaviour. It describes the external aspect of your personality which you always display, but it also describes your physical constitution in the long-term, in other words, your health.

Please be aware that, in spite of the importance of the Ascendant, the accuracy of its description depends on how strongly highlighted it is in your natal chart. We use the entire set of astrological rules to assess the strength of the Ascendant. In most cases, the Ascendant is as revealing as your "sign", i.e., the sign where the Sun is posited at the time of birth.

You were born under the sign of Gemini and your Ascendant is in Libra

Before broaching the details of the meaning of your Sun and your Ascendant, as a preamble, we offer a brief generic interpretation of their combination in your chart:

Gemini and Libra are Air signs, an element symbolising communication, relations and the thought process. This sign combination suggests that you are particularly sociable and clever in the management of your contacts in general, and swift in your practice of intellectual gymnastics. Your Libra Ascendant, which influences your outward appearance and your instinctive behaviour, projects the image of a friendly and courteous person who has the talent for maintaining harmony within a group, or who avoids unfair discrimination and harsh judgments in order not to harm people's interests. Your Gemini inner self also rejects, or even just ignores, the behaviours marked by indifference and narrow-mindedness which prevent from embracing the outer world. Indeed, Gemini is much more spontaneous and eccentric than Libra and can be described as the Joker wearing an attractive and respectable mask...

You were born with the Sun in Gemini

Your mobility is such that you are in every place where you are not expected. You spend lots of time asking questions and... answering them. Your curiosity and your quick-wittedness are insatiable. Your mind is in constant turmoil, hopping from one topic to another, solving problems, accumulating anecdotes and knowledge within a short range of time. Your mobility is mostly mental, it takes you afar and turns your daily life into a mosaic of intense and pleasant moments that are not necessarily related to one another...

As you are born under this sign, you are nervous, expressive, lively and adaptable, with a quick mind and a good sense of humour. You are bubbling, playful, sociable, clever, curious, whimsical, independent, intellectual, flexible, ingenious, fanciful, imaginative, charming, cerebral, and you are into everything. You may also be whimsical, unfocused, quirky, superficial, indiscreet, opportunist, unmindful, selfish, sarcastic or mercurial.

in love, Sir, you increase the number of your love affairs, probably because you do not want to give up your freedom too quickly. You are cerebral to the extent that games of seduction remain... a real game, where feelings and carnal pleasures are merely present.

Paradoxically, you are very charming and attractive but you are more interested in the game itself. Indeed, thrills of verbal joust, fun, the pleasure to communicate over and over again, remain the centres of your concerns.

You clearly prefer to be a bachelor because you appreciate its hustle and bustle: outings, exciting parties or a wide range of encounters etc. However, when you meet with your soul mate, you turn into a pleasant and charming partner, although you may not be around too often!

Your Ascendant is in Libra

Psychologically speaking, your nature is sanguine and communicative or nervous and introverted, depending on who prevails, either Venus, the principle of harmony, extraversion, desire to seduce, easy and airy communication, or Saturn, the principle of rigour, introversion, self-control, concentration and meditation. Unless Saturn is very strong in the rest of the chart, Libra is very delicate and charming. She easily adjusts in society, particularly with her perpetual search of compromise. It is the reason why you may seem to be hesitant and weak. You do not dare to insist or to assert your views: you prefer to intervene as an agent for harmony, of rally and equity, even to the detriment of your self-assertion. You loathe violence and you strive with all your heart to pacify, to smooth things over, and to adjust to the situation with flexibility and grace.

Since you are born under this sign, you are sentimental, charming, courteous, delicate, refined, loyal, pacifist, fair, distinguished, light, romantic, cultured, airy, likeable, spruce, perfectionist, caring, gentle, quiet, tidy, social, artist, with strong aesthetic tastes, tolerant, lenient, sociable, seductive, elegant, kind, respectful, balanced, but you may also be hesitant, weak, wavering, selfish, fragile, indecisive, timid, indolent, cold or even insensitive.

In love, Sir, you cannot help but try to seduce wherever you go, and you succeed fairly well. You are a real heartbreaker and your natural gift borders on impertinence and injustice, from the outsider's point of view!

You are so likeable, easy to deal with, caring, smiling, diplomatic, you establish connections with such great ease, that you attract a majority of women, including those you are not interested in. It is not a game, it is your nature. Each and everyone believe to be the object and the target of your favours whereas, in fact, it is the way you behave with everybody.

You cannot stand solitude at all: you prefer to be ill-accompanied rather than to be alone. There is a danger that you remain attached to a person who does not suit you best. You are spoilt for choice. You should be able to find a suitable match and to reach the state of harmony that is the centre of your deep motivations.

You are a perfectionist, like Leos who are so demanding regarding the quality of their partners. Real life is seldom as beautiful as your ideal and you may be deceived and badly wounded if your couple should break down. But you will pursue the quest of your soul mate with all the natural qualities that are almost entirely dedicated to this search.

The ruler of your chart is in Gemini

The ruler of the Ascendant, also referred to as the chart ruler, brings a few interesting nuances to the meanings provided by the Sun and the Ascendant. The sign in which the ruler of the Ascendant is posited fine-tunes the style of personality described by the Sun and the Ascendant. It may strengthen it if the sign is identical to either of them.

The ruler of your Ascendant is in the same sign as your Sun. This specific feature means that the Sun's characteristics in sign previously delineated are strengthened.

Aspects to your Ascendant

Several planets form an aspect with your Ascendant, John F. Kennedy. Therefore, in their specific way, they modify your behaviour and your personality, which do not take on the pure characteristics of your Libra Ascendant only, but which are a blend of its characteristics with those of the said aspects.

★★★★★ Venus trine Ascendant, orb 3° 14'

Thanks to Venus, John F. Kennedy, your behaviour is in harmony with your affective life, and you need not make any special effort in order to express your feelings in a natural way and without arousing people's criticisms. This asset enhances your natural easiness and charm, which is definitely not unpleasant!

★★★★★ Uranus trine Ascendant, orb 3° 43'

Uranus is in soft aspect with your Ascendant, John F. Kennedy. Although your behaviour is original, nonconformist, and free, it is not unpleasant. On the contrary, this facet of your personality is sometimes considered by other people as endearing and unpredictable, in the good sense of the word. One never gets bored in your company because you are often found where you are not expected, whether regarding your ideas, your lifestyle or the way you react. You possess the charm independent and free persons are endowed with!

★☆☆☆☆ Mercury inconjunction Ascendant, orb -0° 35'

Sometimes, you find it hard to behave the way you wish, John F. Kennedy. It is because of Mercury who is not really in phase with your Ascendant. You happen to dislike the way you communicate, either

because you exceedingly intellectualise everything, or on the contrary, because you do not make the effort to thoroughly analyse the situation when you are with other people.

★★★★★ Mars inconjunction Ascendant, orb 1° 33'

When Mars is in dissonance with the Ascendant, John F. Kennedy, in some particular circumstances, it may translate into hastiness, and even hostility on your part, which your entourage may not understand. You have audacity galore, but it is up to you to show alertness, so that you don't come across as a short-tempered person unable of self-control.

★★★★★ Saturn square Ascendant, orb -7° 09'

This hard aspect between Saturn and your Ascendant may bring about a lack of self-confidence and some inhibitions in your behaviour, in people's eyes, John F. Kennedy. Therefore, you must have trust in yourself and you must not be taken away into the spiral of doubts with its usual consequences, which are to hide away, or on the contrary and as a compensation, to overdo. Please, keep in mind that all this is highly subjective, and that in most cases, if you fully understand it, you can gradually overcome this slight restraint, and even turn it into strength. This is how you can keep your self-esteem and transform your prudence into... an asset.

Your Sensitivity

Your sensitivity is dominated by your reason, John F. Kennedy, and you tend to analyze your emotional reactions in the slightest details, as if you wanted you hold them at bay so that they cannot overwhelm you or weaken you. Your nature is anxious, shy, you do not like to be in the forefront and you lack self-confidence. You are extremely perfectionist, you need to examine, to organize and to plan everything according to your logic. You like to help and to feel that you are useful, in your own work or through your wise and clever advice. You may also be very demanding and critical, even unbearable, because you are insistent and you find fault in everything. Learn to gain some self-confidence and do not constantly be ready to criticize...

You are popular with your friends, John F. Kennedy. You easily shine, thanks to your sensitivity, your whimsical side, your mobility and your charm tinged with imagination. Even at work, you often win your clientele's favours, and if by chance, you are in a commercial team, you are chosen and sent ahead to deal with customers because you are so likeable!

You can happily express your emotions through shared projects - with your friends, preferably - in which you shine with selflessness and your childlike but endearing charm.

★★★★★ Moon square Venus, orb 0° 27'

With this Moon-Venus aspect, passion and sensuality may often upset your well being and your tranquillity. Your way of loving is dual. You either accept life simple joys, or you live through intense emotions and consuming fevers. It is difficult for you to reconcile your daily life with your affective or sensual desire. Habits kill passion, whereas passion forbids the carelessness that is yet indispensable for your fulfilment. This aspect suggests the traditional mother/woman and father/lover antagonisms that are incompatible although it is possible to experience them alternately. It is important that you balance these antinomial desires: you may let the turmoil of your heart break the monotony of an amorous life devoid of excitement but it does not mean that you must forsake the reassuring values of a couple, or family cell, where you can rest at will and give free rein to your intimate behaviour. You may indulge yourself but don't forget that you must deserve love.

★★★★★ Moon trine Mars, orb -1° 13'

Your vivid imagination goes hand in hand with you desire to make your dream come true and to struggle, so as to remain true to yourself. You easily mobilize your energy and your resources. This harmonic Moon-Mars aspect indicates the will to keep your intimate balance under all circumstances. You thrive in action; you court danger, particularly when your regular environment is endangered. In the private sphere, you exhibit complete straightforwardness. This planetary configuration allows you to quickly get back on your feet within a new context. You adapt well to unprecedented situations. Your capacity to integrate events rapidly can only increase your adaptation abilities.

★★★★★ Moon trine Jupiter, orb -5° 5'

Why should one complicate one's life if it is possible to enjoy the simple joys of the present? This harmonic Moon-Jupiter aspect indicates a cheerful nature, which earns your entourage's liking and protects the balance of your intimate life. Your sociability is supported by your desire to smoothly adhere to a group, a social or family cell. You are fond of moments where you unwind and relax. You value your daily comfort and, to preserve it, you accept to play by the rules of privacy. When this aspect dictates your attitudes, you behave like a person easy to get along with... even though your personal demands, relegated to the backseat, come up again at top speed and force you to behave more in line with your

inner needs.

★★★★★ Moon semi-square Neptune, orb -0° 27'

This Moon-Neptune dissonance wonderfully turns on the poetic soul, the exhilaration of feelings and dreams... and disturbs your practical life, as well as the management of contingencies. You do not lack inspiration but your reasons of living may be beyond your entourage's understanding! Bohemian life is pleasant but it is probable that you experience muddled situations. Your aims are noble and your intentions are very good. But you may not have the will to turn them into reality. It is important that you are wary of artificial paradises: escaping in the imaginary is not necessarily the best solution for problem solving. You are in search of an inaccessible tranquillity and you tend to procrastinate chores. Nevertheless, facts remain present and you may see that non-interventionism can only increase your difficulties. You must put an end to this vicious let-go circle. This does not imply that you have to forsake your dreams or to repress your very rich sensitivity.

Your Affectivity

In your chart, the Sun and Venus are both in Gemini. On two accounts, you belong to the category of people who are praised for their open-mindedness and criticized for their superficiality. But what does superficiality exactly mean? It is a quality: the opposite of anything heavy, fatty, thick. Actually, better than anyone, you know how to make use of the mood of the moment and the trends of the times. Your healthy curiosity precludes unbearable routines, the daily grind that gets the couple bogged down in old habits and obsessions. You need to discover, to experiment and to broaden the scope of your concepts and your interests. The danger may be that you are content with relationships that are superficial, easily established and too "light". When not well integrated, this planetary duet describes an "artichoke heart" with so many crazes that love is never considered a serious matter. Your affective search becomes a finality in itself, as your heart cannot find a permanent home base. Therefore, it is important that you let go, that you cling to your certainties, as frail as they may be. Under this condition, the qualities of your sign can fully be expressed: love becomes an easy and inexhaustible source of varied emotions. So that what you dread most never settles in: the boredom of a dull life.

What is it, that really appeals to you, John F. Kennedy, to love or to please? You have so much charm and so much volubility that you easily manage to be what is known as a lady-killer. Feelings and intellect are so tightly mingled that you may not know any more whether you are really in love or whether you are acting. You have a taste for flirt and variety, and you appreciate very much complicated situations where no one knows where the truth lies any more. You shift from one game to another. To you, everything can be an agent for seduction, be it your attitudes, your words or the way you dress. You do not separate your actions from your desire to please. People who do not understand this are in trouble because, if they take your sweet and well-phrased speeches too literally, they are likely to undergo cruel disappointments: for you, it is only a matter of living in the moment and you never commit yourself because, above all, you loathe confinement, even just its thought.

When you fall in love, John F. Kennedy, your feelings immediately reach a considerable level of intensity and quickly take you into the realm of passion. You are not a mild person when it comes to love, either you love deeply, or not at all. According to the Tradition, this configuration strongly associates feelings and sexuality. In your approach to love, feelings are intimately linked to desire and love physical aspects. It does not take you long before you deliberately infuse a fair amount of torrid eroticism into your

behaviour, so as to make your idyll as burning and deep as your inner feelings are! If no adverse aspect affects Venus in the 8th house, you become possessive in the positive sense of the term: you happily care for your significant other, including for her financial interests. Venus in the 8th house protects everything that deals with investment, management of other people's possessions and particularly, those of the wife. Your benevolent attitude, which you also express outside your couple's relationship, usually causes pleasant surprises in the guise of unexpected inheritances. When there are tense aspects of square or opposition to your Venus, you may fall into the trap of obsessive and dangerous jealousy. And it would be a disgrace since, as the saying goes, jealousy is uncalled-for and very harmful when it is unjustified, and it is useless and too late when harm has been done...

★★★★★ Sun conjunction Venus, orb 8° 54'

This aspect gives a strong concern about the image you project. You pay a lot of attention to the impression you make and to the charm you exude. You need to know that you can rely on your seduction capacity and earn the liking of your entourage. What people think is important to you and you try to meet your close friends' expectations. You certainly want to please them, but above all, you need their attention. You are seeking pleasure, esteem and affection. But ideals and desires make up a whole: you can be at your best only with those who naturally attract you and for whom you have an esteem that is independent from facts. Your feelings are a response to your quest of the absolute: the persons you find likeable are adopted. Other people are rejected irrevocably! Your character is very affective and it constitutes an asset in many circumstances. Your capacity to seduce, to gain support and to earn esteem is above average. The only danger may be that you abide by the current fashion and trend more than by your own motivations and by what is essential, for the sake of appearances.

★★★★★ Venus trine Uranus, orb -6° 58'

Your charm lies in the originality of your approach to love and in your uncompromising attitudes. Your motto? Freedom of love, whatever the price! Should your sentimental life become dull, you find a solution: you are romantic and you reinvent your couple's life, you give a new and unexpected momentum to your emotions. You create the kind sharpness that contributes to your exceptional affective life. You do not fear love at first sight or blazing passions. On the affective plane, you know where you are heading for, whom you love ... or love not. There is an indisputable intransigence. The heart impulses are irrevocable and implacable. You dream of a sentimental life that fulfils your aspirations and you use all possible means to achieve your ideal. Even though you may have to make the necessary sacrifices.

★★★★★ Venus semi-square Neptune, orb 0° 55'

You are very idealistic in love and you may be blind. In many circumstances, you deem your sentimental life heavenly and you lay yourself open to delusions. Love is a dream and waking up is often painful. Your imagination distorts the game of intimate situations. It is important that you keep your sense of reality and that you avoid to embark upon dark or muddled paths. Forget about artificial paradises! The Tradition very rightly insists on the tendency for impossible love affairs. Your demand and your thirst for the absolute may make you dread to experience a common life that is inevitably flawed with compromises and vagaries. The object of your affection is idealized « because it was her, because it was me » and you do not reckon objective elements that will resurface later in full force. With this planetary configuration, the danger is in the idealistic, even fanciful, nature of your affectivity. It is certain that love cannot be bought or reasoned. But how is it possible to live an absolute passion on a daily basis? You must control your heart impulses and, without losing the sentimental riches that are part of your charm, you must put what you love in harmony with what you dream of.

The Way You Take Action and Your Sexuality

John F. Kennedy, the way you take action gains in power and in precision what it loses in rapidity and spontaneity. You are “slow”, certainly. But when you get started, you put all your ingenuity and your persistence into it and you love to see a job well done. At the end of the day, owing to your ways, you are the winner. In your sex life, similarly, you are generous and instinctive and your slowness is not an obstacle. It may even bring fulfilment to you, but above all, to your partner! In love, as well as in your exchanges in general, you tend to keep your worries to yourself because you are extremely patient; you don't say anything, you stand all the hits and one day, you explode into outbursts of anger that are as violent as they are rare, thanks God.

John F. Kennedy, this atypical configuration in your natal chart is one of the most complex to describe because of the very nature of the 8th house, the house of transformation, of crises leading to personal reconstruction, but also the house of sexuality, hidden knowledge, investment and inheritance.

In addition, the 8th house always deepens emotions and quickly brings passion into the previously mentioned areas. In this house, the quality of Mars' expression depends on the rest of the natal chart.

In order not to make mistakes, it is safer to talk about a possible range of fields of predilection: your energy can be expressed efficiently in areas dealing with financial investment, death, possessions and sexuality.

This configuration may also simply increase the intensity of emotions connected with these hidden topics and, depending on the rest of your natal chart, it may or may not translate into life assets. More than with any other placement, you can be born again from your ashes, like the phoenix. After having undergone a few major ordeals, it is likely that you will have the strength and courage to do so.

★★★★★ Mars conjunction Jupiter, orb 4° 36'

Coordinated action wins over almost all obstacles! You mobilize your energy and your fighting spirit advisedly and you take timely action. This is the reason why you are efficient in situations requiring courage, determination, swift responses and diplomacy, altogether. You do not fear confrontations but you never provoke them unnecessarily. You take advantage of your chances and you adjust your behaviour to concrete situations. You empirically handle events with relevance. The only danger is that you may be overzealous to seize any opportunity... even those that are not necessarily good in the long run. You should take the time to carefully consider the facts and their consequences. The swiftness of your reactions must remain an asset.

★☆☆☆☆ Mars square Uranus, orb -5° 17'

This Uranus-Mars dissonance indicates frequent commotions. Your actions may be foolhardy and thoughtless. You may not control your temper and you let impulsiveness take over logics. This brings about drastic, whimsical or untimely decisions. There is no monotony in your life: thunders and tyrannical behaviour are on the agenda! Your fighting spirit certainly allows you to cope with life hardships. Nevertheless, beware of damages. As one wants to act as a hero, one can make mistakes. Because forces are overestimated or because inflexibility forbids compromise solutions. Therefore, it is important to balance your decisions and to avoid solutions that are as final as inappropriate.

★★★★★ Mars semi-square Pluto, orb -0° 09'

There is a limit to your respect for laws and norms! Morals, conventions, social marks are of little value to you. With a touch of anarchy in the soul, you disregard conventions and you experience a sort of personal revolution. You prefer unconventional actions to dull conformism. To express your differences, you use a wide scope of possibilities that ranges from brewing revolt to ideological renunciation. Sometimes, you dismiss concrete facts that are nevertheless unavoidable. Hence, you undergo delusions and backlashes. You may also act rashly, to the detriment of your ideals. It is important that you control your actions and that you balance the respect for constraints with your personal demands and inner motivations.

Your Intellect and Your Communication Style

Your mind is calm and balanced; even though you assimilate slowly, your memory is remarkable. Your judgment is based on reflection and reason and draws on past experiences. John F. Kennedy, you are a good adviser, a reliable person whom people can confide in discreetly. You are full of good sense, cautious, methodical and disciplined and you are able to carry many good projects to a successful conclusion. You are very opinionated and determined in your actions. However, your tendency for intolerance and prejudices may offend your entourage. They wish that you exercised more flexibility instead of systematically refusing what cannot be immediately checked. You usually express yourself with a lot of charm and this is what allows you to get people to better accept your well-established habits.

You need to understand, to explore the unknown, to shed light on mysteries and to immerse yourself into the hidden fields of the unconscious or the afterlife, actually, into whatever escapes you, John F. Kennedy. You are not content with what seems obvious because you are on Earth to evolve and not to stagnate or remain in a mindless state and a lack of understanding.

Interestingly enough, astrology connects the spheres of death, after-life and mysteries with the spheres of other people's possessions, investments, inheritances etc. This analogy probably comes from the fact that in those two fields, everything remains inaccessible right away. It might be the reason why such mysterious topics are so attractive to you.

Your investigative mind enables you to easily express your feelings and to explain the inner mechanisms of your whole being, almost as if your own self was a specimen to study, without modesty and with the only motivation to go as far and as deeply as possible.

★★★★★ Mercury conjunction Mars, orb 2° 09'

The harmonic Mercury-Mars aspect is the signature of a quick wit and an energetic character. You take decisions rapidly and you implement them straight away. You never accept stiff situations. You need to design, to take action, to fight to express your acute sense of relation: the world, the people, everything is of concern to you... You need to be involved in relationships and in dialogues. Your sharp retorts earn you a reputation of straightforwardness. On the relations' area, your quick wit and your mobility are greatly appreciated. You find the allies and partners you need at the right time. An art of resourcefulness that is precious...

★★★★★ Mercury conjunction Jupiter, orb 2° 27'

You display strong abilities for adaptation, social insertion and various learning capacities. You are credited with an acute sense of relations, probably because you can speak other people's language. You easily assimilate the most varied settings and your qualities are acknowledged. Your attitude and the words you use have the power to seduce and to convince your entourage. Diplomacy is an asset in your game. You are fit for negotiation and you seek compromise solutions. The only danger may be that sometimes, you too readily accept agreements that turn out to be less positive than foreseen, after a while. This is the other side of the coin for your exceptional flexibility and your unquestionable tact.

★★★☆☆ Mercury square Uranus, orb -3° 07'

You are the champion for useless intellectual speculations, for crazy and revolutionary ideas. This Mercury-Uranus dissonance is the signature for an eccentric character, more ready to ridicule generally accepted ideas than to build up stable patterns. Your sense of humour reveals a critical and forceful mind. You can stand for an idea in the face of all opposition but you do not hesitate to support the opposite thesis the day after... with the same conviction. The coherence of your points of view is harmed by these spectacular reversals that constitute your speciality. In the relationship area, you may also provoke dramatic turns of events if your ideas are conflicted. The good news is that it seems difficult to convince you to accept points of view running counter to your principles. Intransigence also has its virtues.

★★★★★ Moon trine Mercury, orb -3° 23'

Curiosity is part of your nature. You perceive everything with sharp acuity. You increase your attempts to establish connections and to exchange opinions and information, particularly when you are in a familiar and intimate context. When this configuration is well integrated, it underlines the multi-faceted nature of the mobility that defines your behaviour and your living conditions and endows you with strong adaptation abilities. You also show a remarkable gift for improvisation and you pick up the quality of the atmosphere so swiftly that you get off any tricky situations. However, you must keep your adaptation capacity under control because when it is overdeveloped, it may become an agent for instability.

★★★★★ Mercury quintile Neptune, orb 0° 04'

Your sense of psychology and of human intimate mechanisms is acutely developed. Your relations are nuanced, clever and guided by a good intuition of individuals. Without effort, you pick up what is at stake in relationships and in contacts. Your « sixth sense » inspires you and may take you into strange roads. On the relations' plane, there is an indisputable subtlety. You know what you should not say or, on the contrary, you naturally find the suitable words. Your natural and non-rational attitudes often prove right. The unknown fascinates you... Your curiosity for occultism and mystery is keen. Besides, life is a huge human enigma for you.

Your Goals, Motivations, Career, and Destiny

Your Sun is posited in the 8th House

One thing is certain, John F. Kennedy, your motivations cannot be easily figured out because this configuration is quite special and complex. Everything pertaining to the realm of emotions is deepened. You have a tendency to infuse passion in nearly everything in life and it will translate differently, according to your temperament and other characteristics of your chart.

Several common elements are noted however. There is a predisposition for essential matters connected to life and death and to great mysteries that go beyond daily life. You need to understand, to drill and to always delve deeper. You are inhabited by some sort of desire for transcendence, maybe because you feel everything with deep intensity: therefore, you are more vulnerable because events hit you full in the face and you unconsciously understand that, if you manage to decipher how and why things appear, you will become tougher. But there is another reason to it. Your curiosity is continuously on the alert and you are amazed by apparently insignificant facts that stir up the chain of causes and effects and lead you towards the more essential matters that are knocking at the door of your soul.

Your concerns and your inclination may take you into such various fields as psychoanalysis, amassing knowledge in mystics, religion, occultism or spirituality (desire for transcendence and immediate access to an upstream reality). What is hidden mesmerizes you and you spend lots of time polishing your lucidity, as if progressing ahead and evolving further were the materialized forms of your life's challenge.

On a more terrestrial plane, here are the areas that are particularly important to you: sexuality, probably because of its transcendence and its hidden nature; death, either because you experienced a loss with a big impact on your evolution or on your destiny, or only because you are interested in this topic; finance, investments, inheritances, speculations, in other words, any financial area other than those of money earned by yourself, expenses, and the way you use your patrimony and your resources.

Your entire being strives towards assertion as you win over ordeals or over life hardships: nothing stimulates you better, nothing makes you evolve more than these critical periods of life when, on the brink of the abyss, you feel with maximal intensity all the choices that are offered to you. During such periods, you always manage to give of your best, you transform yourself and you come out enriched and more lucid: crisis and metamorphosis. This pattern suits you best. You want to move fast, always faster and further, because you intensely understand that daily reality is important only through its authentic and hidden contents. To discover the reality, your only tool is self-awareness development. However, do not take too many risks and do not systematically enter into the eye of the storm as you may be badly and repeatedly shaken up.

You lost your father quite early, literally or figuratively (sometimes, you find him again after an ordeal), although, paradoxically, he played a major role. If the theory is borne out, it is only an additional step towards sublimation and the overcoming of certain ordeals towards the road to wisdom. You, a mystic? Yes, in your own way, of course!

The ruler of your chart is in the 8th House

The ruler of the Ascendant, also referred to as the chart ruler as explained in a previous chapter, is also posited in one of the twelve Houses of the chart. Just like the Sun in his House, the ruler of the Ascendant provides certain abilities, or it makes you appreciate more keenly certain areas of life.

The ruler of your Ascendant is in the same House as your Sun. This specific feature of your chart strengthens the Sun's characteristics previously delineated.

Aspects influencing your ambitions

Regarding your destiny or your career, the following aspects of your natal chart allow to fine-tune what has just been said above:

★★★★★ Saturn conjunction Midheaven, orb 3° 23'

Saturn, the planet of perseverance, seriousness, time, and responsibilities, is in conjunction with your Midheaven, John F. Kennedy. It often indicates a strong potential for professional success - or bright destiny in general - even though with Saturn, nothing is easy or simple. If you are not careful, and if the situation does not fit what you wish for, reversals may occur quickly. Astrologers have observed that with this configuration, you can successfully launch an activity which matches your character, and if possible, which also corresponds to Saturn's principles, such as for instance politics, administration, sciences, agriculture. By extension, it includes all occupations requiring intense and sustained efforts (Saturn being the master of time), even though the said occupation is not too "Saturnian". Commit yourself for a long stretch of time, and with obstinacy, you can harvest the fruits of your hard work.

★★★★★ Jupiter sextile Midheaven, orb 0° 43'

Jupiter is in soft aspect with your Midheaven, John F. Kennedy. It means that you are often lucky, or that you receive support in your career or your social destiny. You trust your abilities to overcome obstacles coming up in your way, and you respect authority and laws. So, thanks to this configuration, you make your way in the world with the feeling that you move forward rather quickly, as compared to average people.

★★★★★ Mercury sextile Midheaven, orb 3° 1'

Mercury in soft aspect to your Midheaven enables you to easily communicate with your entourage and to climb up the social ladder, John F. Kennedy. Your strategy is often good, and you correctly think about your interests. Do not change anything!

★★★☆☆ Uranus inconjunction Midheaven, orb 0° 03'

Uranus is in hard aspect with your Midheaven, John F. Kennedy. There is definitely nothing serious to worry about. There may be a lack of perseverance in the efforts you put in order to move forward in your career or your social destiny. When unexpected hurdles crop up, more than anyone else, you must accept the unavoidable changes without losing sight of your aims, and above all, without getting disheartened. More than anyone, you must learn to accept the values of time and duration, if you are to reap their fruits.

★★★★★ Jupiter sextile Saturn, orb 4° 06'

Jupiter and Saturn are favourably linked to each other in your natal chart. The Tradition indicates that this planetary aspect is a good omen for your social success and good integration in the society. Indeed, Jupiter stands for public life, respect for laws and hierarchy, and acceptance of established rules, whereas Saturn symbolises wisdom, time, seriousness, and perseverance. Therefore, it is only logical that with this Jupiter - Saturn configuration, your career, or your social destiny if you do not work, is well thought of by society, and that you are most likely to experience its happy outcomes sooner or later.

★★★★★ Neptune conjunction Midheaven, orb 8° 54'

Neptune is in conjunction with your Midheaven, John F. Kennedy. This aspect indicates that your vision of your career and your destiny is idealistic. You seem to adhere to some sort of poetic - and happy - fatality regarding huge changes or your progression towards success. As a consequence, achievements

may be beyond your... will. If your professional or social circle fits your ideals, it is very likely that you experience brilliant successes in a sort of euphoria and a feeling of fusion with the world. Sometimes, this aspect indicates that your career is of a Neptunian nature, meaning that it is related to the sea, water, the world of ambiances (night-clubs, show-business, revels, etc.)

★★★★★ Sun semi-square Midheaven, orb 0° 55'

What you really want to do, or the way you consider everything, may be in contradiction with your professional goals, John F. Kennedy. You may experience conflicts of authority, or a few hesitations over how to manage your career. In any case, you must display flexibility and water down your wine if you want to remain on the right track and achieve professional success. It is the only solution to this discrepancy between the Sun and your Midheaven.

★★★★★ Sun sextile Neptune, orb -5° 1'

This harmonious Sun-Neptune aspect indicates a highly developed intuition and clear-sightedness and sometimes, a sixth sense. Mental images or information drawn from the unconsciousness impress your mind. What was only a muddled feeling turns into certainty and deep conviction. You do not necessarily need to justify your attitudes: you take a decision because you feel that you have to do so, although you may not control the underlying logics. The danger is that you may follow fanciful or adventurous roads. Beliefs you cannot explain may prove wrong or over-optimistic. However, your intuition is seldom misleading. One last comment: there is often a keen curiosity for the « bizarre » and the paranormal with this planetary aspect.

★★★★★ Mars sextile Midheaven, orb 5° 2'

Your energy serves your professional goals and your social ascent in general, John F. Kennedy. This beneficial aspect of Mars to your Midheaven endows you with strong dynamism, and it rewards your sustained and efficient efforts. You enjoy taking action, and your results are gratifying most of the time.

Your Assets and Your Part of Joviality

John F. Kennedy, your practical abilities to organize and to increase your material security are enhanced with the planet of Greater Fortune in this peaceful and warm sign. Your affectivity is strengthened, and so are your taste for comfort and your needs... Undeniably, the possibilities for affective and material fulfilment are favoured. The other side of the coin may be an exaggerated form of materialism.

John F. Kennedy, the planet of Greater Fortune in this house is a heaven-sent present. It indicates inheritances, intense and fulfilling sexuality as well as a strong and secret intuition. You may be content! Your feelings also are magnified and deep. Undeniably, you are very lucky with this position of Jupiter in your chart.

The planet Jupiter symbolizes expansion, broadness and generosity. Jupiter is associated with the functions of synthesis, enthusiasm and optimism. In your natal chart, his house position is more important than his sign position because, like Saturn, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Jupiter in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Jupiter in Taurus amplifies your practical sense and your capacity to improve your material life. You can experience a long-lasting fulfilment. You are often a bon viveur who likes life's good things. You manage and develop your patrimony with a lot of luck and generosity. Your taste is very good and your loyalty is genuine.

Your Serious Side

Your emotions are controlled and your imagination is analyzed through a magnifying glass. You gain in lucidity what you lose in emotionalism. You may be interested in your origins, in your roots and in real estate matters. You become thrifty as time goes by.

Your responsibilities, John F. Kennedy, constantly increase, slowly, but steadily, as years go by. Your acute sense of duty, your good management of time, your long-term vision, and your moral rigour are the qualities which contribute to your inexorable rise to power with, deep down, odd feelings of anxiety.

With your definite taste for power or for success, you work your way up the top place. But the danger to fall is strong. You need as much persistence to reach the heights of your career, as to... remain there! Many Heads of State have this configuration, at the same time beneficial and a source of potential disappointments if too much importance and energy are dedicated to it. Indeed, climbing to the top should be only one facet of life.

The planet Saturn symbolizes contraction, effort, time, limitation and concentration. Saturn eliminates anything that is not authentic, sooner or later. It is impossible to cheat him as he gives an irresistible desire to form a coherent whole with oneself, in responsible and wise ways. He is the great purifier. He represents our limitations but also our truth. In your natal chart, the house position where Saturn is posited is more important than his sign position because, like Jupiter, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Saturn in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Saturn in Cancer decreases your emotionalism. You are less vulnerable as you build a protective carapace, with all the good and the bad consequences that may be implied. You are provident and wise in the family and real estate areas, may be a bit too much.

A Few Special Points

Your Uniqueness and Your Utopias

As a general rule, at the end of your childhood, you quickly leave your parents' home because your thirst for independence is incompatible with a quiet life with your parents; in other cases, the atmosphere in your family is quite extravagant, even chaotic, and it is difficult for you to become stabilized, to feel secure, even though you need it for your balance. You are craving for it and this is what prompts you to leave your roots, sooner or later.

You are prone to unexpected home moves. Paradoxically enough, it seems that, as soon as you achieve stability, something makes you itch. You may be too sensitive, and when tense situations emerge, you feel an irresistible need for change. The best way to handle these problems may be that you, yourself, organize your instability at home, for instance through extensive outings or trips. In any case, you should manage to create the impression that you are not in the same place for too long.

The stages of your life unfold without continuity as if there was a rupture between each successive environment created as time goes by. The past disappears quite abruptly and allows you to grow faster. It is up to you to find some stability or some security elsewhere!

Your Inspiration and Your Illusions

This configuration indicates a significant probability that your professional destiny – even your general destiny – is linked to collective movements that are beyond you. They may constitute good opportunities to earn your marshal's baton.

Your certainties may be influenced by trends or by your osmosis with collective ideas, often because you are very sensitive to the "spirit of the times". The other side of the coin is that you may become only a representation of a collective ideal, or its victim, and be exposed to scandal or deception.

You have good predispositions for music, comedy and for anything that allows you to quench your thirst for emotions and fusion with the external world and with an audience.

Your Passion and Your Authority

Your capacity for concentration and your mental power are your major assets for the study of higher knowledge and ideological concepts. You also tend to get away from your usual geographical cocoon! You are inhabited by passion and persistence, and you do not resist the temptation to explore foreign lands or to thoroughly explore ideas.

Besides, once you enter those attractive fields, it is most likely that you become deeply transformed and shattered. Nothing is any more what it used to be, and this is precisely what your unconscious suspected when you were magnetically drawn towards these remote realms.

Sometimes, these transformations may deeply hurt you, but isn't it the only way to change and evolve? Otherwise, all the benefits are yours: adrenaline increased by the passion and creativity of the moment, along with the happiness to be spiritually enriched, later on.

Your Isolated Planets

In general, the ten planets of the chart are connected to other planets by major or minor astrological aspects. It is owing to those ties that the planets' energies can manifest in the chart owner's personality and play out within safeguards according to a specific tonality.

It seldom happens that in a natal chart, a planet is totally disconnected from the nine other planets.

Astrologers have observed that when such a case occurs, the person feels the energy of the unsuspected planet in quite a singular way, very jerky and powerful at the same time. Thus, for instance, the famed astrologer Jean-Baptiste Morin de Villefranche wrote that "an unsuspected planet heralds that something strange or extraordinary will take place regarding the meanings of the house in which the said planet is posited" (source : l'astrologie selon Morin).

Rules for detecting an unsuspected planet: among all the testimonies that we have reviewed to this day, based on our experience, we tend to agree with American astrologer Janis Huntley who accepts seven aspects, which involve the zodiacal twelve sections of 30 degrees. The aspects to be considered are the conjunction (0 degree, cooperation or tension), the semi-sextile (30 degrees), the sextile and the trine (60 and 120 degrees respectively, aspects of cooperation), the square and the opposition (90 and 180 degrees respectively, tensed aspects), and the quincunx (150 degrees, slightly tensed). In this detection, the chart's angles are not taken into account.

In any case, it is important to remember that an isolated planet clearly expresses its influence when it is a personal planet. Thus, when the Sun, the Moon, Mercury, Venus, or Mars is isolated, it is certain that the effects described by Jean-Baptiste Morin de Villefranche will become manifest. As for Jupiter, Saturn, Uranus, Neptune, and Pluto, one must be cautious because the volume of cases documented is not yet large enough.

Your chart has no isolated planet, and this particular case does not apply to you.

Annex 1: Your Minor Dominants

The five following dominants are less significant than those described at the beginning of your report. They may not be strongly felt. In some cases, they add several minor details to the analysis of your character, but they are rather for curiosity purposes. It is not necessary to take them into account when you first read your portrait.

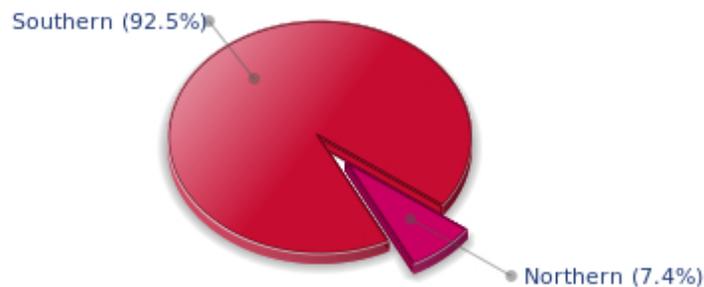

Your Planetary Repartitions: Northern, Southern, Eastern and Western Hemispheres

The axis linking the 1st house's cuspide (the Ascendant) to the 7th house's cuspide - the Descendant - divides the zodiac into two bowls, a superior bowl, in the South, and an inferior bowl in the North. Quoting an expression by the famous American astrologer Rudhyar, the Southern part and the Northern part correspond to two functions: "being" and "doing". Other concepts are also associated with this North and South distribution, such as introversion - Northern hemisphere - and extraversion - Southern hemisphere - being or appearances, inner life or external life, reflection or action, dreaming one's life or living one's dreams, the abstract or the concrete, backstage or limelight.

This is not about determination but about personal inclination: thus, some people will be thrown into public life despite a prominent Northern hemisphere. If this happens, however, it will not be due to their will, their taste or their deep nature. Conversely, a prominent Southern hemisphere will not bring about a famous destiny to its owner, even if he tends to turn the spotlight on himself, or if he looks for a more active life. It is a matter of deep nature and natural inclination. Of course, none of the typologies is "superior" to another.

In your birth chart, John F. Kennedy, the ten main planets are distributed as follows:

Your Northern and Southern Hemispheres

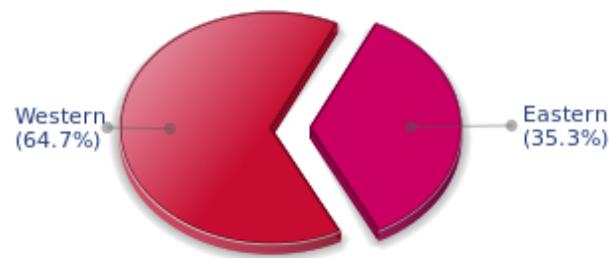

John F. Kennedy, the predominance of planets in the Southern hemisphere prompts you to take action, to draw attention on yourself, and to make your actions and what you have in mind visible to everyone. Sometimes, without giving a single thought to, and to the detriment of, a richer inner life and a deeper and wiser reflection. Action and communication are inevitable in your opinion, and you tend to think that the only thing that matters is what is seen! This is not always true, and it is up to you to progress through the development of inner qualities such as meditation, solitude and imagination so as to become stronger.

The birth chart is divided into two other parts, Eastern and Western, by the axis linking the Midheaven to the Imum Coeli.

The Eastern part, on the Ascendant side, shows the person's ego, will, magnetism, and vitality, whereas the Western part, on the Descendant side, symbolizes other people, communication, relationships and their influence, as well as flexibility and adaptability.

John F. Kennedy, here is the planetary repartition in your Eastern and your Western hemispheres:

Your Eastern and Western Hemisphere:

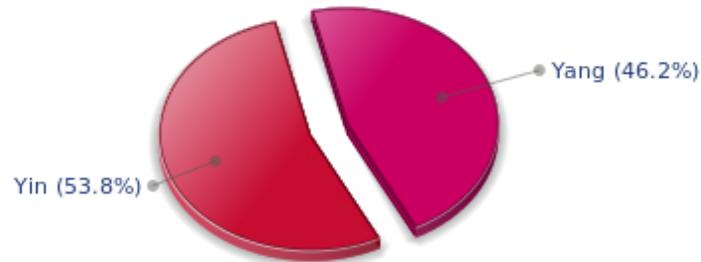

The predominance of planets in the Western hemisphere of your chart means that you are quite flexible, capable of empathy, convivial and communicative. An excellent factor for many professional activities or for your social or sentimental life for example.

A definite asset... provided that you are not at the centre of the decisions you must take in your life: you may be tempted to listen to the last person who spoke, and your flexibility won't always get you out of the tight spot. You are therefore advised to learn to decide alone and to cope with the consequences of your actions with courage and without regrets. This attitude will allow you to combine flexibility and action, adaptability and absence of hesitation.

Your Yin and Yang Polarity

The twelve signs are divided into two polarities, called active or passive, or sometimes masculine and feminine, positive and negative, Yang and Yin. This classification corresponds to two quite distinct tonalities, the first one bringing extraversion, action, self-confidence and dynamism, the second one, introversion, reactivity, reflection and caution. None is superior to the other, each group has its own assets and shortcomings. Odd signs - Aries, Gemini, Leo, Libra, Sagittarius and Aquarius - belong to the first group, whereas even signs - Taurus, Cancer, Virgo, Scorpio, Capricorn and Pisces - belong to the second group.

Your Yin and Yang Polarity

According to the disposition and qualities of your planets and angles, you are rather influenced by Yin energy, the passive polarity, John F. Kennedy: you are quite introverted, imaginative and sometimes discreet, but you are a deep and wise person who is not content with just noisy and flashy things. At times, you doubt but you think that those who don't are a bit... thoughtless. Allow yourself to take more laid-back attitudes and put your reserve aside, because good equilibrium is always healthier.

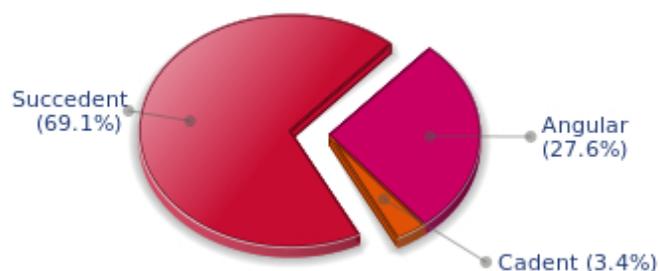

Your Houses' Accentuations

Houses are split up into three groups: angular, succedent and cadent.

The first ones are the most important ones, the most "noticeable" and energetic houses. They are the 1st, 4th, 7th and 10th houses. Their cusps correspond to four famous angles: Ascendant for the 1st house, Imum Coeli for the 4th house, Descendant, opposite the Ascendant, for the 7th house and Midheaven for the 10th house, opposite the Imum Coeli.

Planets are evaluated according to a whole set of criteria that includes comprehensive Western astrology rules. At their turn, planets emphasize specific types of houses, signs, repartitions etc., as previously explained.

Your Houses' Accentuations

The emphasis is on succedent houses in your chart, namely, the 2nd, 5th, 8th and 11th houses, John F. Kennedy: this configuration usually endows a personality with affective and sensitive qualities. Obviously, to the detriment of self-confidence or self-assertion, but your heart qualities may be very important. These houses also favour realization. Time and patience are part of their characteristics. However, they are only indications and you must include them in the rest of your chart in order to see whether they are validated or not!

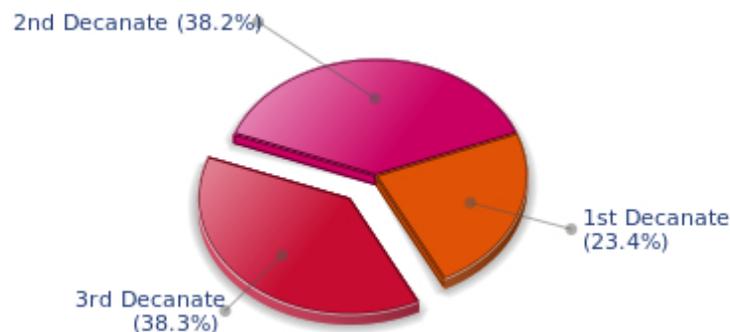

Your Esoteric Decanates

Each sign contains 30 degrees and can be divided into three equal parts: the decanates. The Tradition indicates that specific meanings can be associated to each of the three decanates. Their sphere of activity is usually limited to the Sun sign, however, it is even more interesting to observe the distribution of all the planets in the chart to get an idea of the respective importance of the three decanates, which can complement the description of the personality.

These meanings must be considered with the greatest caution. Indeed, they are minor characteristics that can only underline other outstanding traits of character.

Traditionally, the first decanate highlights the characteristics of the sign where a planet is located. The two other decanates correspond to sub-dominant planets, depending on the nature of each sign. This system leads to a multiplication of meanings and it is impossible to have a clear understanding: here, we prefer to give only the meaning of one decanate in comparison with the other two, within the birth chart as a whole. Again, the greatest caution is needed with regard to this minor indication as it is not always reliable: it is not essential that you read these texts in the beginning. You can get back to them later on, once you have read more important interpretations

Your Esoteric Decanates

The third decanate, which means the part between 20° and 30° of any zodiacal sign, prevails in your natal chart, John F. Kennedy. It contains the degrees of spirituality, traditionally more delicate to deal with, since they incline towards evolution and therefore, destabilizations. Individuals with an emphasised third decanate may have deeper sensitivity than most people, which often brings ordeals but also spiritual rewards.

Annex 2: Karmic Study

The karmic theme is a good complement to the psychological portrait, or natal chart. This analysis is based on the positions of the Lunar Nodes, the Black Moon and the Part of Fortune: they are also called fictitious points and describe the spiritual purpose of your destiny. Because there is in all of us an experience and a quest, our life is an evolutionary journey... provided that we head towards the right direction, of course! Indian astrologers highly prize the Nodes axis (North Node and South Node). It is the Ariadne's thread that we are invited to follow. The Black Moon indicates the sector where we are most likely to transform or to transcend, whereas the Part of Fortune points out the area where we can easily express our specificity.

The Lunar Nodes: a spiritual path

Lunar Nodes have their roots in the Indian tradition and they are based on a simple concept: each of us have a mission of their own, here on earth, a destiny, a course. According to the Indian philosophy, life is a school: the nodal axis describes our past experiences (South Node, our karma, our spiritual inheritance or our previous lives), and our aims on earth (North Node, our Dharma, the purpose of our current incarnation). This is the reason why the study of the lunar nodes is called "Karmic astrology". Here, we shall not step into hypothetical past lives. Wherever our current trends may come from, all that really matters is that we become aware of the purpose of our life, its finality and our dharma. We are likely to understand our life purpose around the age of 37, when the Lunar Nodes return to their natal position.

Your life is marked with the major challenge of developing your social image, of asserting your personality... and of leaving your shell. Your childhood and your family roots are very present. You have an inclination for quietness, protections and intimacy. You enjoy at will the moments when you feel "at home", in known territory and familiar situations. But you must learn to thrive in society, to give of your best, to socially shine, particularly when you feel that external pressure and opinions are upsetting. Do not fall in the trap of your dreams and souvenirs! Life implies responsibilities and the will to control, otherwise you cannot feel your true self. You may be too dependent and you must learn to slowly become autonomous, free to take decisions and to take action. Your sense of duty allows you to climb all the steps of a perilous, yet thrilling, social ladder. As years go by, you claim more autonomy, more power and more freedom of action.

The Lunar Nodes highlight all types of discoveries and explorations. There is a strong desire for travels, whether actual trips or spiritual, inner ones. Since your childhood, you are particularly interested in unlimited spaces and total freedom. You never trusted smothering attachments and you always allow your thoughts and actions a free hand. The danger is that your life may be unstable because you so badly need to evolve and to discover... Life is an eternal quest of something else, some vital but hidden dimension that is beyond you. Therefore, it is difficult for you to blossom when your family or work environment is routine. However, it is important that you control you wild tendency (the other side of the coin of the wonderful freedom of thought): life requires more sociability. It does not mean that you must accept a conformism that is too far from your inner aspirations. More than other people, you need to develop your relations, your exchanges and your dialogues. In this regard, your destiny is marked by communication.

Lilith or the Dark Moon

The Black Moon is the spark of refusal and distance that is dormant in all of us. Depending on the sign where she is found in your chart, she highlights the desire to transform and to sublimate a part of your

life. The Black Moon is unfathomable and mysterious. She gives a different dimension to the sector she touches. Her manifestations are subtle; nonetheless, she is powerful, implacable, demanding to the extreme... The Black Moon is also called Lilith. She is the inner flame of your heroism and insubordination.

One of the main drives of your life is your rejection of mediocrity: the intention is commendable although it is two-edged. You attach so much importance to charisma that you may reject a person whom you deem – wrongly – unworthy of your esteem! If you avoid this trap, the requirements that you demand from yourself as well as from your close friends become an exceptional springboard for evolution.

You have the feeling that you are different from your entourage because you are in charge of both a special mission, and an extraordinary destiny. This configuration may indicate an immoderate pride (when the Black Moon is not well integrated enough). However, when she is well integrated (and she will be, as time goes by), the Black Moon forges an exceptional destiny that implies sacrifices, asceticism and solitude to some extent. The danger is to show too strong an intransigence and to be unable to forgive your entourage's weaknesses as well as your own. But it is also where your strength is found: an innate sense of duty, regardless of the price to be paid for a slow ascension.

The Part of Fortune in House

The Part of Fortune is a very ancient fictitious point that depends on the lunar phase at the time of birth. The astrological house tenanted is particularly strengthened. In your chart, the Part of Fortune is in the 4th house: you are constantly looking for basis and for roots. You seek security and integration into a group, a clan or a family. To fully blossom, you need to feel that you are in harmony with your environment. Sound concepts and stable ambiances are reassuring to you. It is within the familiarity of a homogeneous entourage that you are at your best.

Retrograde Planets

The karmic tradition insists on the issues related to the so-called retrograde planets. They are considered to be the inheritance of a past that was not well experienced, a sort of unfinished business. The interpretations of the retrogradation may seem negative or excessive to you. However, you may relate to a scenario that you have often and repeatedly experienced... as if you underwent several setbacks that all have the same cause. Until the day you become aware of it and you can free yourself from it! Through the slow integration of these planetary energies, you will be able to overcome your difficulties and to pay your karmic debt. Actually, each retrograde planet highlights an opportunity for evolution. Nothing can be achieved without the will to grow spiritually and to defeat your own demons.

Uranus was retrograding on the day of your birth: you have the soul of a rebel and your behaviour may often be tyrannical or extremist. Your manner has brought you setbacks. You lack the flexibility that spares you the pain of forcing your ways through events. The danger may be that you get trapped into rigid patterns and into personal logics incompatible with others'. This is precisely what your life's lesson is about: as years go by, your judgments are more qualified and your attitudes become less cut-and-dried, less stubborn. You must lose the essentially individualistic character of your childhood and be more open to other people's ideas and problems. In other words, a path of love. Without losing your remarkable resolution, you must practice some form of renunciation and be sensitive to various logics that constitute the wealth of your social life.

N.B: modern astrology attaches less and less importance to the principles of retrograding planets.

Conclusion

A few remarks are needed here in order to allow you to fully take advantage of your astrological portrait: firstly, do not forget that a birth chart is also a photograph of the sky at birth and a structure that not only contains the personality's characteristics, but also its potential evolution.

We all know that, in real life, people begin to know themselves when they are in their forties, or even later. Likewise, several traits of character in a portrait may seem surprising: in most cases, it means that such features are not yet developed.

Some personalities reveal themselves late in life, whereas others are more precocious. It must be remembered that psychological structures are in a state of continuous evolution because they are influenced by unfolding events and gradual maturity. We can never underline strongly enough the "mobile" nature of the personality, throughout a lifetime.

On the other hand, it is difficult to discriminate what is "already present" at this moment in your life when you are reading your chart's interpretation, from what will appear later in the logic of your evolution: you must sort out all the pieces of information provided and, in most cases, you will see that your astrological portrait is helpful for your endeavours to know yourself better.

Finally, several readings of an astrological portrait are usually necessary in order to absorb all its different meanings and to evaluate the relevance of each character trait.

In any case, better self-knowledge obviously contributes to faster personal blossoming, and it is undoubtedly one of astrology's major roles: contributing to know oneself better, in order to improve more rapidly, to deal with one's weaknesses and to avoid its drawbacks, and to take advantage of one's assets as efficiently as possible.
