Julien Doré's Astrological Portrait

Introduction

To fully benefit from this portrait, we suggest that you read its introduction and its preamble carefully, and then that to take the time to soak up the interpretations of each chapter. Given the large number of texts, which mirrors the human being's complexity, you may need to go through the contents several times, so as to get a good grasp of their meaning and to know yourself better. This will reward your patience.

The purpose of this report is to describe your psychological portrait and to highlight the most fundamental features on the personal area. The report begins with the analysis of your planetary dominants and outlines your personality's general traits before going into further detail. Minor dominants are analysed at the end of Annex 1, for purposes of clarity. Your report then delineates the various facets of your personality:

In general, even when relationships are not involved, we express ourselves and we feel according to our character and our personal motivations: this is indicated by the Ascendant and the Sun sign which both give details on the way we function. They shed a tremendously important light which allows to figure out your personality. Here, we describe your Sun sign (your inner self), your Ascendant (your behaviour as seen by others), and the ruler of the Ascendant (interesting additional pieces of information about the style of your personality). These descriptions alone cover nearly a third or a half of your psychological signature, depending on your natal chart characteristics.

Then, we address your sensitivity, or in other words, the way you receive things and how you express your emotions ; it works as a constant filter for all your exchanges, even when it becomes a more secondary element in your amorous relationship, because at that moment, affectivity prevails. Sensitivity is the way you perceive things, it is your radar, your daily mood, and at the same time, it indicates how you react to your entourage, on a daily basis. It is what others immediately see of you. In the second paragraph, we explain in which areas of life your sensitivity and your emotions are strongest, therefore, where you are most vulnerable.

After this, it is your affectivity, the way you love and how you charm, that comes into play as soon as you fall in love: the first part indicates its basic structure or its main form. The second part describes the areas where it is best expressed and how you display it, according to your personality.

A third fundamental area deals with your mode of action and your sexuality: how you behave, how you manage to obtain what you want, what kind of desires you have. There are twelve possibilities, very

different from one another. The study discloses the specific one that applies to you. In the second paragraph, we explain in which life areas you may most efficiently take advantage of your capacity for action and for conquest.

Your ways of communicating and of thinking are obviously among the major elements that must be integrated into the delineation and the description of your personality. Indeed, they influence your general behaviour and may modify or enhance the image your project (for instance, extraversion may “compensate” a weak affectivity, but a huge number of cases are possible). An additional chapter indicates the favourite areas where you enjoy communicating, thinking and meeting with people.

Besides, we analyze an even more personal aspect that is important to define and understand what may occur within your couple: each of us have a centre of interest, a privileged manner to be fulfilled or to achieve our destiny; this main motivation is indicated by the positions of your Sun and your chart ruler in the astrological houses and we provide you with its detailed description.

A natal chart contains the potential for specific fulfilment and a whole range of assets, protections and qualities. How does the lucky factor manifest in your personality? In which area can you best exploit your qualities? The answers are precisely revealed to you in this chapter.

On the other hand, we all feel in us a part of vulnerability, doubts and fears. How does this part of solemnity or serious side play out? How is it possible to handle it in order to evolve and to get rid of useless elements? All this information is provided to you in these two paragraphs.

Then, you can discover three additional traits of your personality that must be considered as secondary ones. They deal with your predispositions, which means that they need to be triggered by external events because they are not influenced by your will; let's call it a part of fate. Please, bear in mind that your destiny can unfold only in accordance with what you are: therefore, even if they belong to your more unconscious self, these characteristics are parts of you, definitely.

The karmic chart complements the psychological portrait or natal chart. It is based on the positions of the Lunar Nodes, the Black Moon, and the Part of Fortune. These elements of the chart, sometimes referred to as fictitious points, provide information about the spiritual meaning of your destiny. Owing to the fact that we all have in us acquired knowledge and the urge to go on a quest, our life is an evolutionary journey... However, these texts must be read with great caution: this is the reason why you will find this analysis in the Annex 2 of your report.

Your Planets, Houses, Aspects, and Natal Chart

Meaning of Stars

Stars indicate the strength of the aspects. Two solid coloured stars (there are half-stars also), mean that the aspect is powerful enough to be noticed at the first reading.

We strongly advise that you read the paragraphs displaying less than two stars later on, after you have absorbed the full import of the other texts.

The yellow colour indicates a soothing and conciliating aspect, and the red colour, a dynamic and tense aspect. The red aspects enable you to evolve, to take action, and to learn to turn your "weaknesses" into assets through your life experiences. The yellow aspects are innate strengths on which you rely in order to grow better with the former...

Preamble

When interpreting a natal chart, the best method is to start gradually from general features to specific ones. Thus, there is usually a plan to be followed, from the overall analysis of the chart and its structure, to the description of its different character traits.

In the first part, an overall analysis of the chart enables us to figure out the personality's main features and to emphasize several points that are confirmed or not in the detailed analysis: in any case, those general traits are taken into account. Human personality is an infinitely intricate entity and describing it is a complex task. Claiming to rapidly summarize it is illusory, although it does not mean that it is an impossible challenge. It is essential to read a natal chart several times in order to absorb all its different meanings and to grasp all this complexity. But the exercise is worthwhile.

In brief, a natal chart is composed of ten planets: two luminaries, the Sun and the Moon, three fast-moving or individual planets, Mercury, Venus and Mars, two slow-moving planets, Jupiter and Saturn, and three very slow-moving planets, Uranus, Neptune and Pluto. Additional secondary elements are: the Lunar Nodes, the Dark Moon or Lilith, Chiron and other minor objects. They are all posited on the Zodiac wheel consisting of twelve signs, from Aries to Pisces, and divided into twelve astrological houses.

The first step is to evaluate the importance of each planet. This is what we call identifying the dominant planets. This process obeys rules that depend on the astrologer's sensitivity and experience but it also has precise and steady bases: thus, we can take into account the parameters of a planet's activity (the number of active aspects a planet forms, the importance of each aspect according to its nature and its exactness), angularity parameters; (proximity to the four angles, Ascendant, Midheaven, Descendant and Imum Coeli or Nadir, all of them being evaluated numerically, according to the kind of angle and the planet-angle distance) and quality parameters (rulership, exaltation, exile and fall). Finally, other criteria such as the rulership of the Ascendant and the Midheaven etc. are important.

These different criteria allow a planet to be highlighted and lead to useful conclusions when interpreting the chart.

The overall chart analysis begins with the observation of three sorts of planetary distributions in the chart: Eastern or Western hemisphere, Northern or Southern hemisphere, and quadrants (North-eastern, North-western, South-eastern and South-western). These three distributions give a general tone in terms of introversion and extraversion, willpower, sociability, and behavioural predispositions.

Then, there are three additional distributions: elements (called triplicity since there are three groups of signs for each one) - Fire, Air, Earth and Water - corresponding to a character typology, modality (or quadruplicity with four groups of signs for each one) - Cardinal, Fixed and Mutable - and polarity (Yin and Yang).

There are three types of dominants: dominant planets, dominant signs and dominant houses. The novice thinks astrology means only "to be Aries" or sometimes, for example, "to be Aries Ascendant Virgo". It is actually far more complex. Although the Sun and the Ascendant alone may reveal a large part of the character - approximately a third or a half of your psychological signature, a person is neither "just the Sun" (called the sign) nor just "the first house" (the Ascendant). Thus, a particular planet's influence

may be significantly increased; a particular sign or house may contain a group of planets that will bring nuances and sometimes weaken the role of the Ascendant, of the Sun sign etc.

Lastly, there are two other criteria: accentuations (angular, succedent and cadent) which are a classification of astrological houses and types of decanates that are occupied (each sign is divided into three decanates of ten degrees each). They provide some additional informations.

These general character traits must not be taken literally; they are, somehow, preparing for the chart reading. They allow to understand the second part of the analysis, which is more detailed and precise. It focuses on every area of the personality and provides a synthesis of all the above-mentioned parameters according to sound hierarchical rules.

As explained in the introduction of your Psychological Portrait report, minor dominants are analysed at the end of Annex 1, for purposes of clarity.

Your Planetary Repartitions

Each quadrant is a combination of the four hemispheres of your birth chart and relates to a character typology. The Southern hemisphere – the top of your chart, around the Midheaven – is associated with extraversion, action, and public life, whereas the Northern hemisphere prompts to introversion, reflexion, and private life. The Eastern hemisphere – the left part, around the Ascendant – is linked to your ego and your willpower, whereas the Western hemisphere indicates how other people influence you, and how flexible you are when you make a decision.

Your Four Quadrants

Julien Doré, the diurnal South-western quadrant, consisting of the 7th, 8th and 9th houses, prevails in your chart: this sector brings about a thirst for communication and sometimes a need to take risks in your dealings with others. Relations are a factor of your evolution and your transformation, which you accept serenely. Indeed, what matters to you is the movement and the energy that link you to others and that make you gain more awareness. A kind of rebellion or a desire to get away from it all is rooted in you.

Your Dominant Modes and Elements

Julien Doré, here are the graphs of your Elements and Modes, based on planets' position and angles in the twelve signs:

Your Four Elements

Cheers for communication and mobility, Julien Doré! The predominance of Air signs in your chart favours and amplifies your taste for relations and for all kinds of short trips, whether real (travels) or symbolic (new ideas, mind speculations). You gain in flexibility and adaptability what you lose in self-assertion or in pragmatism.

The predominance of Water signs indicates high sensitivity and elevation through feelings, Julien Doré. Your heart and your emotions are your driving forces, and you can't do anything on Earth if you don't feel a strong affective charge (as a matter of fact, the word "feeling" is essential in your psychology). You need to love in order to understand, and to feel in order to take action, which causes a certain vulnerability which you should fight against.

Earth qualities are under-represented in your chart, with only 7.98% instead of the average 25%. Deficiency in Earth may indicate that you have no interest in material and concrete values. It is likely that you live too much in your heart or in your mind, or even in your enthusiasm! The fact remains that you may end up in tricky situations, due to your lack of good sense or forethought: material life is unavoidable even if you are rather idealistic, dreamy, or easily content. You must tackle concrete life necessities, for fear of... being forced to cope with them, later, in much more unpleasant ways!

The twelve zodiacal signs are split up into three groups or modes, called quadruplicities, a learned word meaning only that these three groups include four signs. The Cardinal, Fixed and Mutable modes are more or less represented in your natal chart, depending on planets' positions and importance, and on angles in the twelve signs.

Your Modes

The Mutable mode is the most emphasized one in your natal chart, Julien Doré, which indicates a mobile character that is curious and thirsty for new experiences and evolution. You are lively and flexible, and you like to react quickly to solicitations, but don't confuse mobility with agitation, since this is the danger with this configuration - and with you, stagnation is out of the question. Security doesn't matter as long as you are not bored. You optimize, you change things, you change yourself... all this in a speedy way.

Your Dominants: Planets, Signs and Houses

The issue of dominant planets has existed since the mists of time in astrology: how nice it would be if a person could be described with a few words and one or several planets that would represent their character, without having to analyse such elements as rulerships, angularities, houses, etc!

The ten planets - the Sun throughout Pluto - are a bit like ten characters in a role-play, each one has its own personality, its own way of acting, its own strengths and weaknesses. They actually represent a classification into ten distinct personalities, and astrologers have always tried to associate one or several dominant planets to a natal chart as well as dominant signs and houses.

Indeed, it is quite the same situation with signs and houses. If planets symbolize characters, signs represent hues - the mental, emotional and physical structures of an individual. The sign in which a planet is posited is like a character whose features are modified according to the place where he lives. In a chart, there are usually one, two or three highlighted signs that allow to rapidly describe its owner.

Regarding astrological houses, the principle is even simpler: the twelve houses correspond to twelve fields of life, and planets tenanted any given house increase that house's importance and highlight all relevant life departments: it may be marriage, work, friendship etc.

Julien Doré, here is the evaluation diagramme for your planets:

Your Dominant Planets

The three planets that are most highlighted in your chart are Neptune, Mercury and Saturn.

With Neptune as one of your three dominant planets, you are a secretive and ambiguous person, often confused or unclear about your own motivations! Indeed, you are endowed with unlimited imagination and inspiration, as well as with an extreme sensibility that may turn you into a psychic or a clairvoyant. On the other hand, your impressionability is such that you may have difficulties in separating what is concrete and solid from illusions or dreams.

A mystic, a visionary or a poet, you daydream, like any Neptunian, and you see what few people only can see, all of this being shrouded in aesthetic mists when you are fired with enthusiasm.

A boundless, infinity-loving man like you is inevitably likely to be more vulnerable and easily hurt because of your acute perception of events. In such cases, you are hit full in the face, and you may sink into gloomy daydreamings and dark melancholy.

That said, this mysterious aura definitely gives you an indefinable charm in the eyes of your close friends who are often fascinated by your unique ability to feel and to see what ordinary people can never see!

With Mercury among your dominant planets, you are certainly cerebral, nervous, swift, curious, quick-witted, and you love to communicate. Your psychological pattern is intellectual, all the more so since Mercury is important, with its whole set of assets but also of weaknesses, obviously.

Your sensitivity, emotions, and heart's impulses give precedence to thinking, which can lead people to believe that you are a playful and witty but heartless person, intellectualizing situations and juggling with words and numbers whilst ignoring human aspects of things. Of course, it is said that cats always land on their feet - this is your Mercurian strength and your trump card!

Your weakness lies in your nervousness, and you may miss your goal because of your "over-intellectualization" that may be detrimental to other kind of energies such as instinct, spontaneity, heart, sensitivity, etc.

Saturn is part of your dominant planets: among the facets of your character, you have a grave and serious

side, wise and somewhat severe, since your concentration can be powerful, to the detriment of carelessness and friendliness.

You often look austere, but it is only an appearance, a kind of modesty or reserve; however, it is true that the Saturnian, who is fond of time, effort, asceticism, rigour and sobriety, may have popularity issues. Nevertheless, honesty and straightforwardness, reliability, as well as slow, wise and deep mental process, although not very popular and visible qualities, eventually become noticed and appreciated. Saturnians' second part of life is usually easier and more fulfilling.

Like the Jupiterian, your Saturnian facet prompts you to seek the essential, security, and longevity. However, the difference with the former is that you will never give priority to wealth or "the bigger, the better" philosophy for the sake of power. Saturn, like Jupiter, symbolizes social integration, and it is usually considered positive to have a harmonic Jupiter and Saturn in one's chart because of their social adaptation capacities.

Your vulnerability lies in your too serious and austere side, which may lead to unwanted loneliness and affective frustration. This generally does not last because Saturnians often hide deep down a golden heart that ends up revealing itself...

Your Dominant Signs

In your natal chart, the three most important signs, delineated according to the above-mentioned criteria, are, in decreasing order of strength, Sagittarius, Gemini and Libra. They are often prominent because your Ascendant and your Sun are posited there. However, it is not always the case: it may be because they are occupied by a cluster of planets, by a planet near an angle other than the Midheaven and the Ascendant, or because two or three planets are very active and form numerous aspects from these signs. Therefore, you partly take on the three signs' characteristics, which are somehow superimposed on your natal chart, and all the more so if any of the signs in question is highlighted.

Sagittarius, an adventurous and conquering fire sign, is dominant in your chart: you are enthusiastic, enterprising, optimistic, very sociable, and mobile - you have itchy feet, both physically and mentally. Nobody gets bored with you because you are always planning things and suggesting excursions, at least... when you are around and not already gone on a trip! Obviously, so many movements for one man may scare people off, and some of them may even criticize your brutality or your tendency to lose your temper, but you are so warm and genuine, so expansive, isn't this a good thing? And all the more so,

since your sense of humour is overwhelming...

With Gemini as a dominant sign, your qualities include being lively, curious, mobile, clever, and flexible: you often make others dizzy, and you may come across as a dilettante - a bit inquisitive, shallow, and insensitive because you may be too intellectualizing. However, your natural curiosity, a nice quality, and your quick humour, allow you to demonstrate to everyone how much they may gain from your company, and that your apparent flightiness hides an appetite (particularly mental) for life, which itself conceals a terrific charm!

With Libra as a dominant sign in your natal chart, you love to please, to charm, and to be likeable. Moreover, you are naturally inclined towards tolerance and moderation, as well as elegance and tact, as if you were meant to please! Of course, you always find malcontents who criticize your lack of authenticity or of courage and your half-heartedness, but your aim is to be liked, and in this field, you are an unrivalled champion!

Your Dominant Houses

Houses 4, 7 and 10 are the most tenanted ones in your natal chart. To compute their strength, planets and angles are weighed according to various astrological criteria such as swiftness, activity, angularity, rulership etc. From the analysis of the most tenanted Houses, the Astrologer deduces the fields of activity that are most relevant to you, be it because of what you are experiencing, or what you may experience in the future, or because of your deep inner motivations.

With an important 4th house in your chart, your private life, your intimacy, as well as your family and home, play a fundamental role. Your security and your family unit, the one you come from, but also the one you set up when you get married and start a family - or even as a bachelor living alone in your sweet home - are necessary for you to blossom. According to the Tradition, your father may play an important role in your life.

Your 7th house is one of your dominant houses: it symbolizes other people, marriages, associations, contracts, and partnerships. Your personal achievement and maybe your problems - depending on the rest of your chart - are mainly influenced by your rapports with others, the area in which you tend to commit yourself a lot. You appreciate communication, and you give importance to others' opinions. Success requires the support of others, which seems obvious and natural to you. Your marriage generally contributes to your fulfilment.

With a prominent 10th house, your destiny's achievement may be very notable: the 10th house represents your career, your public life, and your ambitions. A good deal of your energy may thus be used to successfully implement what you have in mind. Instinctively, you are very keen to make your dreams come true. Sooner or later, you will deal with the public, and your personal achievement will go through trials and ordeals: other people and visible actions.

Your Style, Behaviour, and Peculiarities

What is commonly known as "sign" indicates the position of the Sun in the Zodiac. The Sun highlights all the characteristics of the sign he tenants. According to astrology traditional rules, these characteristics are all the more pure and exact when the Sun is strong in the sign, or when the sign is particularly highlighted within the chart. Here, we indicate the pure characteristics of the sign but you must bear in mind that they may only shed a light on a particular aspect of your personality. Indeed, the sole sign of the Sun, or of the Ascendant, can never describe an astrological chart because it depends on the degree of strength of the said sign in your chart.

Another important point must be underlined. Contrary to the Ascendant, which clearly describes your appearance, your vitality, your physical constitution, your spontaneous behaviour and the image you project, your Sun sign describes your inner self, which you may not completely be aware of, and which may emerge gradually as you mature: it is about your inner personality that you reveal only to the members of your entourage whom you trust. The Sun sign is likely to be the final form of your personality, once it has evolved in line with the energies of the other parts of your chart, the beginning of which is seen in the Ascendant, your external "bark".

The Ascendant is one of the major components of your natal chart. It is the zodiacal sign that rises in the East at the very moment of your birth. To calculate it, it is therefore necessary to know your exact time of birth.

It provides with a wealth of information on your personality. It is one of the key features that allows the analysis of several parts of you, such as your appearance, your character as it is initially perceived and your immediate behaviour. It describes the external aspect of your personality which you always display, but it also describes your physical constitution in the long-term, in other words, your health.

Please be aware that, in spite of the importance of the Ascendant, the accuracy of its description depends on how strongly highlighted it is in your natal chart. We use the entire set of astrological rules to assess the strength of the Ascendant. In most cases, the Ascendant is as revealing as your "sign", i.e., the sign where the Sun is posited at the time of birth.

You were born under the sign of Cancer and your Ascendant is in Pisces

Before broaching the details of the meaning of your Sun and your Ascendant, as a preamble, we offer a brief generic interpretation of their combination in your chart:

Be careful not to get drowned! Cancer and Pisces are indeed Water signs. You are inhabited by an acute sensitivity which is quite difficult to control. Between the calm and pastoral ponds which invite daydreaming, and the oceanic swirls which disrupt your inner life, you don't know where you are anymore! Under your placid appearance, though your behaviour is punctuated by unpredictable tidal waves, you demonstrate empathy and innate adaptation abilities towards your interlocutors. Although your entourage may not always understand your motivations, they are bewitched by your accurate intuition about human relationships. Your Cancer Sun endows you with strong will and urges you to constantly bear in mind the protection of your self-interest and of your private world. With your friends and relatives, you behave more stubbornly, and you are more directive and less flexible than with mere

acquaintances. You easily fall into melancholy states, and your emotions disconcert other people as much as they disconcert you!

You were born with the Sun in Cancer

Psychologically speaking, your nature is dreamy, oriented towards nostalgia for things past. You are very instinctive and you protect yourself against the outside world. Your inner life is rich, with fertile and even unlimited imagination, a propensity to avoid unnecessary risks and to pursue security. You show your true face only to persons you can trust, when there is a kind of well being triggered by the nostalgia for the past.

As you are born under this sign, you are emotional, sentimental, restful, imaginative, sensitive, loyal, enduring, protective, vulnerable, generous, romantic, tender, poetic, maternal, dreamy, indolent, greedy and dedicated. You may also be fearful, unrealistic, evasive, passive, touchy, anxious, dependent, stubborn, lunatic, backward-looking, lazy, burdensome, impenetrable and a homebody.

Love in the masculine mode: for you, Sir, in love, you are tender, sensitive and quite loyal. You are influenced by a mother-figure and you unconsciously look for a partner who will offer as much attention and affection as you used to receive as a child. You are a homebody and a dreamer and you blossom in the family cocoon you create, dreaming of adventures and extraordinary trips... that you most often take in your head.

Tenderness is more important than sexuality, even though it is also an agent for security and for stability. You tremendously appreciate to be again the spoiled child that you used to be, as you savour tasty little dishes or as you receive the frequent praises you need in order to feel reassured.

You are sheltered from tragedies and life complications because at the very moment when a difficult situation emerges, you nip it in the bud either by ignoring it or by withdrawing into your shell quietly, until the storm subsides.

Your home is happy and rich, quiet and harmonious, throughout your life.

Your Ascendant is in Pisces

Psychologically speaking, your nature is adaptable and receptive, exactly the opposite of the sign of Virgo whose very essence is to analyze every detail, thus creating a definite duality between the self and the outside world: conversely, Pisces absorbs and erases all forms of differentiation they face. With Pisces, there is no opposition, no conflict and no individual reaction. There is only fusion, non-separation, a perpetual and mobile spreading of the self over some blurred and huge sensation of sympathy with the environment. It is the absolute reign of feelings and emotions over the intellect and its separative logics.

As you are born under this sign, you are emotional, sensitive, dedicated, adaptable, nice, wild, compassionate, romantic, imaginative, flexible, opportunist, intuitive, impossible to categorized, irrational, seductive, placid, secretive, introverted, pleasant, artistic, and charming. But you may also be indecisive, moody, passive, confused, wavering, lazy, scatterbrained, vulnerable, unpredictable and gullible.

In love, Sir, you are the very type of the sentimental romantic in the highest meaning of the term. You live your love affairs in your mind. You upkeep the web of your endless daydreamings just to exacerbate your emotions and your feelings, over and over again.

You fall in love frequently and according to how your encounters develop. You adjust to the person you set your heart on and you may harbour illusions because your imagination and your capacity to intensely live a virtual life are very strong. You are utopian and you are so gentle that you usually achieve your aims in spite of your boundless passivity: you seldom take the first step, except when you are thrown a line, which is as big as a tree trunk...

You live for love and through love. Your only weakness may be your lack of determination at the early stage of a relationship. However, once you get started, if there is any compatibility, you trap your prey with your overflowing affectivity and your unlimited sensuality.

Pisces' waters are shifting and changeable. When other opportunities appeal to you, you are able to handle two relationships simultaneously. You achieve an alternate osmosis with your partners and you see no harm in doing so, because you live the instant with plasticity and in communion.

You loathe solitude and you prefer to be caught in the nets of a woman even though she does not match your personality. If, by lack of chance, your partner belongs to the domineering and unscrupulous type, you may be trapped and wake up bitter and disappointed that you extended for too long the illusion of a marvellous story.

Once you find your soul mate, your home is usually harmonious. In your couple, love is immense, even mystical. Like a wave, it bathes the shores of your emotions, which range from the noblest feelings to the wildest physical passions. Since you merely live in concrete life, it is necessary that your partner be well grounded, so that your home is well up kept and your children are properly reared!

The ruler of your chart is in Sagittarius

The ruler of the Ascendant, also referred to as the chart ruler, brings a few interesting nuances to the meanings provided by the Sun and the Ascendant. The sign in which the ruler of the Ascendant is posited fine-tunes the style of personality described by the Sun and the Ascendant. It may strengthen it if the sign is identical to either of them.

The ruler of the Ascendant, Julien Doré, is Neptune. It is posited in the sign of Sagittarius and gives you a strong inclination for the open sea and for freedom. Loyal and benevolent, you put things into perspective, and you understand the true value of things, perhaps precisely because you travel - whether actually or mentally - and that stepping back from your intimate environment enables you to better perceive what is important and worthy.

Aspects to your Ascendant

Several planets form an aspect with your Ascendant, Julien Doré. Therefore, in their specific way, they modify your behaviour and your personality, which do not take on the pure characteristics of your Pisces Ascendant only, but which are a blend of its characteristics with those of the said aspects.

★★★★★ Neptune square Ascendant, orb -2° 21'

Neptune is in dissonance with your Ascendant, Julien Doré. You may have difficulties in controlling your emotions, and you tend to hesitate about the behaviour to adopt in society. In some circumstances, you distrust everyone, yourself and other people, without knowing the reason why. Keep your feet on the ground and do not allow your imagination to carry you too far away from sheer reality! No one nurtures bad intentions towards you. This is something you must realise if you do not want to get worked up about... nothing.

★★★★★ Mercury square Ascendant, orb 2° 58'

Sometimes, you find it hard to behave the way you wish, Julien Doré. It is because of Mercury who is not really in phase with your Ascendant. You happen to dislike the way you communicate, either because you exceedingly intellectualise everything, or on the contrary, because you do not make the effort to thoroughly analyse the situation when you are with other people.

★★★★★ Moon sextile Ascendant, orb 1° 29'

Your instinct seldom misleads you, as far as your external appearance is concerned, thanks to the Moon's soft aspect with your Ascendant, Julien Doré. You keep your emotions under rather good control, in instinctive and smooth ways.

★★★★★ Pluto inconjunction Ascendant, orb -1° 19'

Pluto is in dissonance with your Ascendant, Julien Doré. You may be slightly aggressive and at the same time, mysterious or impossible to understand, to people's eyes. You are sensitive, instinctive, and you feel everything more deeply than anyone else. Be careful that this feature does not mark your behaviour with too unsociable a note. Indeed, it would be a pity since the forces at work within you can be easily controlled and turned into assets if you care to stand back. Detecting other people's weaknesses is fine. But don't misuse this ability!

★★★★★ Uranus trine Ascendant, orb -8° 14'

Uranus is in soft aspect with your Ascendant, Julien Doré. Although your behaviour is original, nonconformist, and free, it is not unpleasant. On the contrary, this facet of your personality is sometimes considered by other people as endearing and unpredictable, in the good sense of the word. One never gets bored in your company because you are often found where you are not expected, whether regarding your ideas, your lifestyle or the way you react. You possess the charm independent and free persons are endowed with!

★★★★★ Sun trine Ascendant, orb -8° 17'

Your will is fuelled by a strong energy, Julien Doré. It enables you to take quick decisions which totally match your personal ethics. Thanks to this good harmony between the Sun and your Ascendant, you feel rather good about yourself, and your inner self perfectly matches the image you are willing to show!

Your Sensitivity

Your sensitivity is withdrawn, Julien Doré: more than anyone, you tend to lock yourself in your ivory tower, as you are aware of a kind of superiority that may be real, though overrated. Your moods are not perceptible because you control them with a tight fist. It is difficult to know if you are happy or upset because you show nothing. You avoid situations which compel you to reveal your emotions because you are not demonstrative. Please, be aware that it is not your amorous behaviour that is being analyzed, but the daily expression of your sensitivity. You dread the crowd and you need calm, and even solitude, to feel comfortable. You are well-equipped to remain balanced in all circumstances, but it may prove beneficial if you progressively take a relaxed attitude and show more dedication, as you are worth it; it is easier for you to exteriorize your feelings when your projects or your ambitions justify that you do so. You do not practice gratuitous outpourings, particularly when you are with a group, because you are afraid to open up, as if you were on the defensive, without any reason most of the times.

You are popular with your friends, Julien Doré. You easily shine, thanks to your sensitivity, your whimsical side, your mobility and your charm tinged with imagination. Even at work, you often win your clientele's favours, and if by chance, you are in a commercial team, you are chosen and sent ahead to deal with customers because you are so likeable!

You can happily express your emotions through shared projects - with your friends, preferably - in which you shine with selflessness and your childlike but endearing charm.

★★★★★ Moon square Pluto, orb -2° 48'

This planetary configuration causes distrust (Plutonian distance) towards individuals, groups, or your own family environment (lunar values). It may bring about a feeling of affective or relational wound. The feeling of security is absent, or fragmented or illusive. How is it possible to feel integrated whereas you know that you are different and on your own? It is the myth of the « ugly duckling », with its different specific characteristics, an alien to its origins and its roots. It is important that you accept your differences and that you have them accepted by others, without forsaking your essential values. This is how you can exercise your group ownership without allowing them to exclude you or to repress your secret determinations. When this aspect is well integrated, it is a factor of lucidity for your emotions. You perceive without gullibility what is really at stake in your intimate relationships and the flaws of your environment. The fact that you do not readily trust people spares you many traps and delusions.

★★★★★ Sun opposite Moon, orb -6° 47'

In your chart, two polarities are clearly opposing - or complementing – each other: on the one hand, solar values, the image you project and the models you follow. On the other hand, lunar values, moments of letting-go and well being through casualness. When you commit yourself in a project, it is often to the detriment of your peace of mind. Conversely, you completely feel that you are your true self only when you are no more under the scrutiny of the outside world. Therefore, you separate your social and professional activities from your private life and you seldom match the requirements of the former with those of the latter. It may be a hurdle, a fundamental anxiety. It may also be an obvious asset, when it is well integrated: in that case, you succeed in assigning to yourself, and in fulfilling, objectives that are not necessarily in line with your intimate natural demands, which are preserved and separated from your intentions, your ambitions and your expectations. Thus, a strong will can turn this Sun-Moon hard aspect into a rich instrument for creativity. A shadow zone, or uncertainty, still remains: on the affective plane, you are very sensitive. May be too much, to the extent that you become vulnerable in many circumstances. Because in different periods of your life, your landmarks (solar) and your intimate

balance (lunar) will be simultaneously challenged.

★★★★★ Moon square Saturn, orb 5° 31'

When this aspect is not well integrated, there is no feeling of integration and security. You feel that you are not understood or even, that you are rejected. It is difficult for you to find inner peace and tranquillity. You lack the quietness and the primordial confidence that would allow you to lay back and to be carried away and pampered by life. This configuration indicates questionings and doubts regarding the unconditional affection that each individual longs for. You do not trust the world. You tend to dismiss social models, as well as your close friends' attachment and tenderness, probably because you need to test them and to get the feeling of being loved that you naturally lack. It would be a mistake not to see that you desperately need affection. You are particularly vulnerable to relationship flaws and you strive to find the gestures of love that would allow you to let go and to be nurtured by life. In such a context, the sincerity you display, as you give or refuse your trust, is highly commendable.

★★★★★ Moon square Mars, orb 5° 39'

The Moon-Mars dissonance suggests touchiness and sometimes, aggressiveness. You are irascible and very sensitive to all sorts of threats and dangers. You react very quickly, too hastily. To protect your well being, you must learn to control your mood, to coordinate your actions and to balance your opinions. You are often disturbed by plain facts: Either you seek refuge in your intimate realm and refuse to face the truth or, on the contrary, you are engaged in altercations, which forbid all tranquillity. It is important that you balance these two tendencies and that you alternate moments of action with phases of carelessness and relaxation. These two attitudes are relatively irreconcilable.

Your Affectivity

In your chart, the Sun is in Cancer and Venus, in Gemini. Such different signs as Cancer and Gemini can only forge an affectivity that is rich in its contrasts and complexity. It comprises two antinomial modes: the desire for discovery of Venus in Gemini opposes the ideal of security of the Sun in Cancer. The former is a learning function and lives on the multiplicity of experiences. The latter is a protection function and tends to isolate the couple in order to enable thorough exchanges and total fusion. It is crucial that you find a good balance between these equally important tendencies: to experience renewed emotions, without endangering the absolute and unique nature of the relationship, amounts to allow your affectivity some freedom within a context of mutual respect and confidence. Freedom does not mean unfaithfulness! The wholeness and indivisibility of the cell-couple is of utmost importance. You are possessive and exclusive. However, Venus in Gemini needs her fair share of varied emotions. Routine destroys desire in the medium term. You may tend to establish a playful mode in your couple; whims and fantasy nurture steady bonds. If this condition is met, you become able to build a relationship full of tenderness, never barren, never smothered by inextricable and disastrous habits.

What is it, that really appeals to you, Julien Doré, to love or to please? You have so much charm and so much volubility that you easily manage to be what is known as a lady-killer. Feelings and intellect are so tightly mingled that you may not know any more whether you are really in love or whether you are acting. You have a taste for flirt and variety, and you appreciate very much complicated situations where no one knows where the truth lies any more. You shift from one game to another. To you, everything can be an agent for seduction, be it your attitudes, your words or the way you dress. You do not separate your actions from your desire to please. People who do not understand this are in trouble because, if they take

your sweet and well-phrased speeches too literally, they are likely to undergo cruel disappointments: for you, it is only a matter of living in the moment and you never commit yourself because, above all, you loathe confinement, even just its thought.

With such a configuration, Julien Doré, you are inclined to scattering regarding the expression of your feelings which can easily get carried away in your multiple relationships or within your surroundings. The medium to express your feelings often consists in shared interests for cultural, journalistic or scientific knowledge and frequent short trips. In a way, they lead you to open up more easily, may be because you want to ensure that you don't commit yourself more seriously than you really wish to. Correspondences are high on your agenda, ranging from exchanging letters, via the Internet - oh virtuality...! - to telephone talks. Indeed, you tremendously enjoy communicating in this superficial and a bit distant fashion where you know best how to open up and blend love and friendship without asking yourself too many questions. You are sometimes a SMS champion, always happy with changes and thoughtlessness. For you, undertaking a sole commitment is near to impossible....

★★★★★ Venus trine Mars, orb 2° 05'

With this aspect, innate affective behaviours prevail over opportunisms and calculations. You do not cheat with feelings and you prefer to be guided by your likes ... or your dislikes. Love is neither to be reasoned upon nor to be explained. It is important to experience one's passions spontaneously and to give free rein to the heart's tumultuous manifestations as well as to the body's demands. In other words, to be one's true self in the "now". You need to live intensely, to try all kinds of situations, sometimes to get hurt. Your sensitivity is the driving force behind your decisions and your actions. Real experiences are worth the best intellectual concepts. Spurred by your thirst for emotions, you try to build your life on bases that match your desires. Here, the trap may be that you pay too much attention to your moods and affects. But without them, life would be so dull. Even though emotionalism betrays you occasionally, it remains your best ally.

★★★★★ Venus trine Saturn, orb 2° 13'

You favour deep feelings and a sincere affective life. In love, you are not content with shams or uncertain compromises. Your couple's relationship is based on mutual trust. You strive to build a lasting link, a true love that complies with your aspirations and your heart of hearts. This harmonious Venus-Saturn aspect indicates wisdom. Inexpressible truth is preferred to appearances. A love affair is an adventure, above all. Discovering the other one, step by step... any relationship takes a fundamental dimension right away. It is relevant to mention a little puff of romanticism and a passionate nature, although quite modest and reserved. You do not commit yourself thoughtlessly! This is a major asset for long lasting love. You are able to question your affective behaviour and to adjust to your significant other. You handle crises quite well and you overcome all the difficulties inherent to amorous rapports.

★☆☆☆☆ Venus sesqui-quadrate Jupiter, orb 2'

This Venus-Jupiter dissonance indicates a strong will to seduce. However, there may be discrepancies between your words and your actions, as well as between your behaviour and your instinctive reactions. You may be carried away by a maelstrom of emotions, feelings and pleasures and you do not consider the possible consequences of your superficial attitude. Therefore, the apparent state of grace may turn into delusion. Proprieties and necessities of the moment forbid you to experience your desires. What you deem reasonable does not suit your heart's impulses. What a dilemma... Hopefully, as time goes by, you may reconcile your desires, your life patterns and the reasons of your heart with those of your mind.

★★★★★ Sun semi-sextile Venus, orb 0° 56'

This aspect gives a strong concern about the image you project. You pay a lot of attention to the impression you make and to the charm you exude. You need to know that you can rely on your seduction capacity and earn the liking of your entourage. What people think is important to you and you try to meet your close friends' expectations. You certainly want to please them, but above all, you need their attention. You are seeking pleasure, esteem and affection. But ideals and desires make up a whole: you can be at your best only with those who naturally attract you and for whom you have an esteem that is independent from facts. Your feelings are a response to your quest of the absolute: the persons you find likeable are adopted. Other people are rejected irrevocably! Your character is very affective and it constitutes an asset in many circumstances. Your capacity to seduce, to gain support and to earn esteem is above average. The only danger may be that you abide by the current fashion and trend more than by your own motivations and by what is essential, for the sake of appearances.

The Way You Take Action and Your Sexuality

No one can say that you are particularly aggressive, Julien Doré! Actually, it takes a great deal for you to become able to express your anger because you belong to the wavering type and you are not prone to risk-taking; you loathe violence and you would rather not intervene than start a conflict. Moderation and the happy medium in all things are your favourites. One of the only areas that makes you wage war is injustice, whether you are the one who is stricken or whether it is someone who is helpless. In this particular field, as in that of sexuality, you are not impulsive and you appreciate it very much when your partner shows the way, preferably with much serenity and gentleness. Actually, the form and characteristics of your sexuality depend on the rest of your personality.

You have a tendency to think relationships in terms of a duel, where one of the partners must hold sway over the other one, Julien Doré. It may be disturbing, but you are satisfied because you know that your strong natural authority enables you to be in the domineering, and not in the dominated position!

Therefore, you excel in all activities having an important relationship component, or with some form of rivalry, authority, or fighting: a critical and uncompromising presenter, a prosecutor, a salesperson responsible for canvassing (although it may be double-edged), an attorney (but not to the defence, of course) etc.

You appreciate people who have the energy to take decisions. For you, in the end, to take action means to confront others, for worse, but hopefully, very often, for better.

★★★★★ Mars conjunction Saturn, orb 0° 08'

Persistent action always bears fruit eventually. All that is needed is patience... A quality you have, undoubtedly. As confrontations become unavoidable, you show strong persistence and indisputable perseverance. Potential obstacles are more stimulating to you than they are discouraging. You are naturally fit for effort and for confronting realities and facts. You quickly overcome difficulties and you respond to crises in an efficient and considerate manner. You are enduring. You handle events with rigour and precision. These are valuable qualities nowadays, for they often come with the capacity to undertake adventurous experiences and to take limited risks!

★★★★★ Sun square Mars, orb 1° 08'

This aspect shows impulsivity, a fiery character and sensitivity all on edge. The excess of strength and energy may jeopardize your life balance and cause impulsive and unconsidered actions. Your ideals are not always in line with your deeds. You are certainly reactive and you stand for yourself heroically. But your untimely fits of anger may worsen existing tensions and bring about uncontrollable situations. Facts contradict your aspirations. When this configuration is properly reined in, it becomes an inexhaustible source of passion and energy.

★★★★★ Mars conjunction Pluto, orb 8° 28'

You have a very personal way of taking action and of experiencing confrontations and struggles. The laws of the world are subtle, often with complex and hidden mechanisms. For these reasons, you prefer to act behind the scenes rather than openly. You manage your daily life in a distant and subtle fashion while you try to understand the logic underlying observed facts. You may also provoke events although you act as if you were not concerned. Your interventions will be as efficient as they are discreet. You may secretly transform your life and you live through the inexpressible motivations that connect you with the invisible realm. Things, which cannot be formulated, must be experimented and felt. You test experiences that your entourage find uninteresting and meaningless.

★★★★★ Mars semi-square Uranus, orb 0° 23'

This Uranus-Mars dissonance indicates frequent commotions. Your actions may be foolhardy and thoughtless. You may not control your temper and you let impulsiveness take over logics. This brings about drastic, whimsical or untimely decisions. There is no monotony in your life: thunders and tyrannical behaviour are on the agenda! Your fighting spirit certainly allows you to cope with life hardships. Nevertheless, beware of damages. As one wants to act as a hero, one can make mistakes. Because forces are overestimated or because inflexibility forbids compromise solutions. Therefore, it is important to balance your decisions and to avoid solutions that are as final as inappropriate.

Your Intellect and Your Communication Style

Julien Doré, an enquiring intelligence, an instant understanding and a wide range of interests prompt you to go towards other people in all circumstances with a view to exchanging ideas and to show your talent for repartee. Ideas and actions must be quick and you are likely to be impatient, even critical and sarcastic with people who cannot match your frantic rhythm. You are very adaptable, you can do several different things at the same time and also think of a future action because you constantly need to be on the move. You may be criticized for your superficiality, for spreading yourself too thin and for your propensity to conceal the truth, but you always get out of tricky situations incredibly well because you are very astute, shrewd and charming.

It is usually in the private sphere that you can communicate and think for your best interests, Julien Doré. Your family is very important to you, and your intellectual interests incline you towards real estate matters, asset management, family business, etc.

You may also work at home, and in any case, you are generally more outgoing when you are in a safe and private environment. When you are outside, you come across as unobtrusive, either because you don't pay much attention to events that are not directly related to you, or because you are just shy and on the defensive when it comes to worldly things or public domain.

★★★★★ Mercury opposite Neptune, orb -0° 37'

With this Mercury-Neptune dissonance, relations may be distorted by the mirages of sensitivity. You have to make an effort to keep your objectivity. If this aspect is not well integrated, it may harm your good evaluation of human stakes. Your intimate beliefs may limit the dialogue, as if a very specific sensitivity prevented true communication. It may be difficult to find the right wording to express fragile and ineffable experiences. Imagination in power is not easy to share and the poetry of your speeches may be beyond your audience's understanding!

★★★★☆ Mercury trine Pluto, orb -1° 38'

Gullibility does not belong to the collection of your faults! You have a good grasp of human mechanisms and you easily detect flaws, calculations and hidden motivations. Human relations are subtle, never black or white, always complex. You often speak in riddles or in negations and you prefer to use the ambiguous language of symbols rather than the simplistic clarity of words. In this way, you fuel your mystery. On the relationship plane, your strength lies in the delicate art of highlighting flaws, detecting what destabilizes the enemy or, on the contrary, identifying what is relevant to your friends. You are more interested in what is concealed than in what is openly said. More often than not, you exercise an indisputable clear-sightedness.

★★★★☆ Mercury trine Jupiter, orb 4° 47'

You display strong abilities for adaptation, social insertion and various learning capacities. You are credited with an acute sense of relations, probably because you can speak other people's language. You easily assimilate the most varied settings and your qualities are acknowledged. Your attitude and the words you use have the power to seduce and to convince your entourage. Diplomacy is an asset in your game. You are fit for negotiation and you seek compromise solutions. The only danger may be that sometimes, you too readily accept agreements that turn out to be less positive than foreseen, after a while. This is the other side of the coin for your exceptional flexibility and your unquestionable tact.

Your Goals, Motivations, Career, and Destiny

Your Sun is posited in the 4th House

Unless salient factors indicate otherwise, Julien Doré, your nature is not very extroverted and your tendency is to keep to yourself emotions that may run very deep. Your will prompts you to create some sort of security, or cocoon, around you.

You are deeply attached to your family and to your initial home. You need this cosy and warm atmosphere, your parents' love and your family security, and later you reproduce them in your adult's home. Such strong bonds with your family and your home benefit your self-assertion as they combine professional efforts with presence at home. Working at home is particularly suitable, as are, indirectly, professions related to genealogy or even more, to real estate, because you are comfortable with the security aspects of the places you visit.

Your father often plays a major role, possibly an excessive one, with the danger that he may smother your desire for freedom and autonomy and contribute to aggravate your already strong natural introversion.

You are what is called belated and it is mainly during the second part of your life that you can concretely

and efficiently exercise your will. Your assets lie in your determination to build a stable and comfortable home. However, family conflicts may exist and you may quarrel with your father over authority matters or over your projects; later, you may even undergo this sort of troubles in your own home if you are not flexible enough.

The ruler of your chart is in the 10th House

The ruler of the Ascendant, also referred to as the chart ruler as explained in a previous chapter, is also posited in one of the twelve Houses of the chart. Just like the Sun in his House, the ruler of the Ascendant provides certain abilities, or it makes you appreciate more keenly certain areas of life.

The ruler of your chart is in the 10th House, Julien Doré. Your career - or your social status if you are not working - is highly important to you. You are driven by a certain ambition. You are endowed with the predisposition to lead, to shine, and to climb the hierarchical ladder. When you take action, you bear in mind the possible consequences for your social elevation.

Aspects influencing your ambitions

Regarding your destiny or your career, the following aspects of your natal chart allow to fine-tune what has just been said above:

★★★★★ Mercury opposite Midheaven, orb -0° 42'

This opposition of Mercury to your Midheaven is also a conjunction with your Imum Coeli, Julien Doré. Therefore, it is not strictly speaking a dissonance, on the contrary, it is a valuable asset for the management of your home and the interests of your family, even though somehow, it may be to the detriment of your social ascent. Actually, you feel more comfortable when you communicate with your close friends than in society.

★★★★★ Neptune conjunction Midheaven, orb 1° 19'

Neptune is in conjunction with your Midheaven, Julien Doré. This aspect indicates that your vision of your career and your destiny is idealistic. You seem to adhere to some sort of poetic - and happy - fatality regarding huge changes or your progression towards success. As a consequence, achievements may be beyond your... will. If your professional or social circle fits your ideals, it is very likely that you experience brilliant successes in a sort of euphoria and a feeling of fusion with the world. Sometimes, this aspect indicates that your career is of a Neptunian nature, meaning that it is related to the sea, water, the world of ambiances (night-clubs, show-business, revels, etc.)

★★★★★ Sun square Saturn, orb 1° 16'

The Sun-Saturn dissonance indicates frequent questionings. For the sake of lucidity, you are doubtful of everything that makes up your life environment, as well as of your entourage and of yourself. Past events are the cause of your distrust. Your motivations are not based on conventions or established norms. They may produce a feeling of loneliness or of revolt. However, you withstand difficult situations. You are pre-adapted to changes of direction and you are able to question the very basis of your life. Doubts are often overwhelming and hamper your steps. It is important that you accept facts with more simplicity and that you take life as it comes, without constantly questioning the validity of this or that option. It does not imply that you must lose the lucidity that is your characteristic. It only means that you have to build the self-confidence that you are lacking.

★★★★★ Pluto sextile Midheaven, orb 2° 21'

Pluto is in soft aspect with your Midheaven, Julien Doré. Your natural perspicacity and your propensity to move deeper into the understanding of all the things surrounding you may favour your career. Besides, in some circumstances, secret protections or relationships at work in the dark may very well help you climb up the stairs to success. At the same time, your intuition and your capacity to overcome pitfalls are your constant assets.

★★★★★ Jupiter sextile Midheaven, orb -4° 05'

Jupiter is in soft aspect with your Midheaven, Julien Doré. It means that you are often lucky, or that you receive support in your career or your social destiny. You trust your abilities to overcome obstacles coming up in your way, and you respect authority and laws. So, thanks to this configuration, you make your way in the world with the feeling that you move forward rather quickly, as compared to average people.

★★★★★ Sun sesqui-quadrate Uranus, orb 1° 31'

This Sun-Uranus dissonance indicates a dazzling will to be the centre of attention and to proclaim your specificity, by all means. This aspect belongs to the rebel and the revolutionary restive to all forms of authority and of model. To balance this interpretation, the strong need for autonomy bordering on frenzied individualism must be highlighted. You allow nothing or no one to hinder your chosen line of conduct. Obviously, your attitudes are inflexible. You prefer to continue to the bitter end, even when you are wrong, rather than to be more open to people's ideas. Tyrannical attitudes often turn against the perpetrator... However, this configuration is a powerful agent for creativity, provided your hothead and extremist nature is kept under control.

★★★★★ Mars quintile Midheaven, orb -1° 1'

Your energy serves your professional goals and your social ascent in general, Julien Doré. This beneficial aspect of Mars to your Midheaven endows you with strong dynamism, and it rewards your sustained and efficient efforts. You enjoy taking action, and your results are gratifying most of the time.

Your Assets and Your Part of Joviality

The present of the planet of Greater Fortune to you Julien Doré, is the gift for investigation, the taste for mysteries and... the capacity to solve them. Your emotions are amplified and prompt you to take your actions to the end, without fear or restraint. You also have the talent to cleverly manage your financial investments. According to the Tradition, sexuality and sensuality are equally balanced with this lucky configuration. So enjoy and be happy!

With this planetary position, Julien Doré, your natural benevolence is greatly favoured in your dealings with others. Jupiter in the 7th house is usually considered... to be one of the best possible indications for a successful marriage and a springboard for your social life! Your feelings are generously expressed, and your company is pleasant.

The planet Jupiter symbolizes expansion, broadness and generosity. Jupiter is associated with the functions of synthesis, enthusiasm and optimism. In your natal chart, his house position is more important than his sign position because, like Saturn, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Jupiter in the same sign. This is the reason why the sign

occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Jupiter in Scorpio strengthens your emotional realm and your instinctive capacity to have more lasting and deeper feelings. Your sensuality and your sexuality are favoured by this configuration. You may enjoy strokes of luck in the areas of finance, speculations, investments and inheritances. More than anyone, you can deal with mysteries and anything linked to the unknown.

Your Serious Side

Your sense of justice and your moral rigour slowly grow in importance. You are a very serious and responsible partner.

Julien Doré, you have a natural reluctance to grant your trust. As a consequence, associations, union, and sharing with others are difficult for you. On the bright side, you are endowed with caution and wisdom.

You ought to tone down this attitude because it may turn against you in the long run. You may marry late or with a person much older than you. This does not imply unhappiness! It is in your interest to open up to others, although it is hard for you to do so. At the end of the day, your harvest benefits your destiny and your evolution alike.

The planet Saturn symbolizes contraction, effort, time, limitation and concentration. Saturn eliminates anything that is not authentic, sooner or later. It is impossible to cheat him as he gives an irresistible desire to form a coherent whole with oneself, in responsible and wise ways. He is the great purifier. He represents our limitations but also our truth. In your natal chart, the house position where Saturn is posited is more important than his sign position because, like Jupiter, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Saturn in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Saturn in Libra gives you a serious and solemn nature. You may be tough in your contacts: you naturally focus on the essential and you have no concern for the charm you could display. You are irritated by flatteries or by thoughtless compromises. You are genuine and you value justice and authenticity.

A Few Special Points

Your Uniqueness and Your Utopias

Unexpected events and surprises often occur in quite special areas: finance connected to investments, to inheritances and, more generally, to external possessions or losses (taxes, stock exchange, other people's money), to the fields of occultism and death and, more symbolically, to sexuality.

In general, in one of these fields, you are likely to experience one or several reversals of situation (positive or not), on the material plane but also, as a consequence, in your approach to life and the way

you transform your personality in depth.

In any case, you are predisposed to risk-taking, as if some inner force prompted you to create maximal psychological tension, or to challenge yourself in order to know yourself better, or to explore the unknown in a constantly deepening manner.

Your Inspiration and Your Illusions

This configuration indicates a significant probability that your professional destiny – even your general destiny – is linked to collective movements that are beyond you. They may constitute good opportunities to earn your marshal's baton.

Your certainties may be influenced by trends or by your osmosis with collective ideas, often because you are very sensitive to the "spirit of the times". The other side of the coin is that you may become only a representation of a collective ideal, or its victim, and be exposed to scandal or deception.

You have good predispositions for music, comedy and for anything that allows you to quench your thirst for emotions and fusion with the external world and with an audience.

Your Passion and Your Authority

You have a natural strong authority as soon as you are with other people, and you tend to consider relationships as fights that allow you to display your might and your influence, insidiously but obviously, particularly for... the others!

Your contacts and your associations require so much emotional intensity that people who consider that relationships should be light and flowing may be frightened or disconcerted.

Your marriage is probably the all-or-nothing type. It is a passionate and intensely close relationship, an agent for your couple's transformation, with you in the domineering role. It may also lead to disintegration before it starts afresh towards new horizons.

Your Isolated Planets

In general, the ten planets of the chart are connected to other planets by major or minor astrological aspects. It is owing to those ties that the planets' energies can manifest in the chart owner's personality and play out within safeguards according to a specific tonality.

It seldom happens that in a natal chart, a planet is totally disconnected from the nine other planets.

Astrologers have observed that when such a case occurs, the person feels the energy of the unaspected planet in quite a singular way, very jerky and powerful at the same time. Thus, for instance, the famed astrologer Jean-Baptiste Morin de Villefranche wrote that "an unaspected planet heralds that something strange or extraordinary will take place regarding the meanings of the house in which the said planet is posited" (source : l'astrologie selon Morin).

Rules for detecting an unaspected planet: among all the testimonies that we have reviewed to this day, based on our experience, we tend to agree with American astrologer Janis Huntley who accepts seven aspects, which involve the zodiacal twelve sections of 30 degrees. The aspects to be considered are the conjunction (0 degree, cooperation or tension), the semi-sextile (30 degrees), the sextile and the trine (60 and 120 degrees respectively, aspects of cooperation), the square and the opposition (90 and 180 degrees respectively, tensed aspects), and the quincunx (150 degrees, slightly tensed). In this detection, the chart's angles are not taken into account.

In any case, it is important to remember that an isolated planet clearly expresses its influence when it is a personal planet. Thus, when the Sun, the Moon, Mercury, Venus, or Mars is isolated, it is certain that the effects described by Jean-Baptiste Morin de Villefranche will become manifest. As for Jupiter, Saturn, Uranus, Neptune, and Pluto, one must be cautious because the volume of cases documented is not yet large enough.

Your chart has no isolated planet, and this particular case does not apply to you.

Annex 1: Your Minor Dominants

The five following dominants are less significant than those described at the beginning of your report. They may not be strongly felt. In some cases, they add several minor details to the analysis of your character, but they are rather for curiosity purposes. It is not necessary to take them into account when you first read your portrait.

Your Planetary Repartitions: Northern, Southern, Eastern and Western Hemispheres

The axis linking the 1st house's cuspid (the Ascendant) to the 7th house's cuspid - the Descendant - divides the zodiac into two bowls, a superior bowl, in the South, and an inferior bowl in the North. Quoting an expression by the famous American astrologer Rudhyar, the Southern part and the Northern part correspond to two functions: "being" and "doing". Other concepts are also associated with this North and South distribution, such as introversion - Northern hemisphere - and extraversion - Southern hemisphere - being or appearances, inner life or external life, reflection or action, dreaming one's life or living one's dreams, the abstract or the concrete, backstage or limelight.

This is not about determination but about personal inclination: thus, some people will be thrown into public life despite a prominent Northern hemisphere. If this happens, however, it will not be due to their will, their taste or their deep nature. Conversely, a prominent Southern hemisphere will not bring about a famous destiny to its owner, even if he tends to turn the spotlight on himself, or if he looks for a more active life. It is a matter of deep nature and natural inclination. Of course, none of the typologies is "superior" to another.

In your birth chart, Julien Doré, the ten main planets are distributed as follows:

Your Northern and Southern Hemispheres

Julien Doré, the predominance of planets in the Southern hemisphere prompts you to take action, to draw attention on yourself, and to make your actions and what you have in mind visible to everyone. Sometimes, without giving a single thought to, and to the detriment of, a richer inner life and a deeper and wiser reflection. Action and communication are inevitable in your opinion, and you tend to think that the only thing that matters is what is seen! This is not always true, and it is up to you to progress through the development of inner qualities such as meditation, solitude and imagination so as to become stronger.

The birth chart is divided into two other parts, Eastern and Western, by the axis linking the Midheaven to the Imum Coeli.

The Eastern part, on the Ascendant side, shows the person's ego, will, magnetism, and vitality, whereas the Western part, on the Descendant side, symbolizes other people, communication, relationships and their influence, as well as flexibility and adaptability.

Julien Doré, here is the planetary repartition in your Eastern and your Western hemispheres:

Your Eastern and Western Hemisphere:

The predominance of planets in the Western hemisphere of your chart means that you are quite flexible, capable of empathy, convivial and communicative. An excellent factor for many professional activities or for your social or sentimental life for example.

A definite asset... provided that you are not at the centre of the decisions you must take in your life: you may be tempted to listen to the last person who spoke, and your flexibility won't always get you out of the tight spot. You are therefore advised to learn to decide alone and to cope with the consequences of your actions with courage and without regrets. This attitude will allow you to combine flexibility and action, adaptability and absence of hesitation.

Your Yin and Yang Polarity

The twelve signs are divided into two polarities, called active or passive, or sometimes masculine and feminine, positive and negative, Yang and Yin. This classification corresponds to two quite distinct tonalities, the first one bringing extraversion, action, self-confidence and dynamism, the second one, introversion, reactivity, reflection and caution. None is superior to the other, each group has its own assets and shortcomings. Odd signs - Aries, Gemini, Leo, Libra, Sagittarius and Aquarius - belong to the first group, whereas even signs - Taurus, Cancer, Virgo, Scorpio, Capricorn and Pisces - belong to the second group.

Your Yin and Yang Polarity

According to the disposition and qualities of your planets and angles, you are rather influenced by Yang energy, the active polarity, Julien Doré: more concerned about actions than reflection, you sometimes rush without standing back and without the deepness that is needed. However, your spontaneity prompts you to take fresh starts, even after repeated failures caused by your rashness.

Your Houses' Accentuations

Houses are split up into three groups: angular, succedent and cadent.

The first ones are the most important ones, the most "noticeable" and energetic houses. They are the 1st, 4th, 7th and 10th houses. Their cuspides correspond to four famous angles: Ascendant for the 1st house, Imum Coeli for the 4th house, Descendant, opposite the Ascendant, for the 7th house and Midheaven for the 10th house, opposite the Imum Coeli.

Planets are evaluated according to a whole set of criteria that includes comprehensive Western astrology rules. At their turn, planets emphasize specific types of houses, signs, repartitions etc., as previously explained.

Your Houses' Accentuations

Your angular houses, namely, the 1st, 4th, 7th and 10th houses, are very emphasized in your chart, Julien

Doré: according to the Tradition, they are the strongest and most dynamic houses. Should the rest of your chart concur, angular houses suggest that you are an enterprising, energetic and assertive man. Indeed, angular houses are said to generate impulsions and to give a powerful and domineering personality.

Unusual fates are often linked to a predominance of angular houses, but this is only a partial indication...

Your Esoteric Decanates

Each sign contains 30 degrees and can be divided into three equal parts: the decanates. The Tradition indicates that specific meanings can be associated to each of the three decanates. Their sphere of activity is usually limited to the Sun sign, however, it is even more interesting to observe the distribution of all the planets in the chart to get an idea of the respective importance of the three decanates, which can complement the description of the personality.

These meanings must be considered with the greatest caution. Indeed, they are minor characteristics that can only underline other outstanding traits of character.

Traditionally, the first decanate highlights the characteristics of the sign where a planet is located. The two other decanates correspond to sub-dominant planets, depending on the nature of each sign. This system leads to a multiplication of meanings and it is impossible to have a clear understanding: here, we prefer to give only the meaning of one decanate in comparison with the other two, within the birth chart as a whole. Again, the greatest caution is needed with regard to this minor indication as it is not always reliable: it is not essential that you read these texts in the beginning. You can get back to them later on, once you have read more important interpretations

Your Esoteric Decanates

The third decanate, which means the part between 20° and 30° of any zodiacal sign, prevails in your natal chart, Julien Doré. It contains the degrees of spirituality, traditionally more delicate to deal with, since they incline towards evolution and therefore, destabilizations. Individuals with an emphasised third decanate may have deeper sensitivity than most people, which often brings ordeals but also spiritual rewards.

Annex 2: Karmic Study

The karmic theme is a good complement to the psychological portrait, or natal chart. This analysis is based on the positions of the Lunar Nodes, the Black Moon and the Part of Fortune: they are also called fictitious points and describe the spiritual purpose of your destiny. Because there is in all of us an experience and a quest, our life is an evolutionary journey... provided that we head towards the right direction, of course! Indian astrologers highly prize the Nodes axis (North Node and South Node). It is the Ariadne's thread that we are invited to follow. The Black Moon indicates the sector where we are most likely to transform or to transcend, whereas the Part of Fortune points out the area where we can easily express our specificity.

The Lunar Nodes: a spiritual path

Lunar Nodes have their roots in the Indian tradition and they are based on a simple concept: each of us have a mission of their own, here on earth, a destiny, a course. According to the Indian philosophy, life is a school: the nodal axis describes our past experiences (South Node, our karma, our spiritual inheritance or our previous lives), and our aims on earth (North Node, our Dharma, the purpose of our current incarnation). This is the reason why the study of the lunar nodes is called "Karmic astrology". Here, we shall not step into hypothetical past lives. Wherever our current trends may come from, all that really matters is that we become aware of the purpose of our life, its finality and our dharma. We are likely to understand our life purpose around the age of 37, when the Lunar Nodes return to their natal position.

Your entourage respects your manner: you belong to the category of persons who arouse their close friends' consideration because of their straightforward, sometimes rigid attitude. The concern that you must "maintain your rank" may increase the severity of your judgments and lead to intransigence. You are sensitive to the prestige of your social standing and you show an acute sense of responsibilities since your youth. You become an adult early in life and you always avoid dependency. Your life's challenge is to learn to handle your intimate and family life as well as you manage your career. In the private sphere, you may undergo difficulties: you are a real loner and you turn down any help and affection offered by your entourage. You deny yourself the sweetness of a comfortable and reassuring home. However, as time goes by, you will overcome your reluctance and you will allow what you most value, deep down: love and tenderness to blossom within a privileged relationship, within a family...

Lilith or the Dark Moon

The Black Moon is the spark of refusal and distance that is dormant in all of us. Depending on the sign where she is found in your chart, she highlights the desire to transform and to sublimate a part of your life. The Black Moon is unfathomable and mysterious. She gives a different dimension to the sector she touches. Her manifestations are subtle; nonetheless, she is powerful, implacable, demanding to the extreme... The Black Moon is also called Lilith. She is the inner flame of your heroism and insubordination.

You have the feeling that you are different from your entourage because you are in charge of both a special mission, and an extraordinary destiny. This configuration may indicate an immoderate pride (when the Black Moon is not well integrated enough). However, when she is well integrated (and she will be, as time goes by), the Black Moon forges an exceptional destiny that implies sacrifices, asceticism and solitude to some extent. The danger is to show too strong an intransigence and to be unable to forgive your entourage's weaknesses as well as your own. But it is also where your strength is found: an innate sense of duty, regardless of the price to be paid for a slow ascension.

The Part of Fortune in House

The Part of Fortune is a very ancient fictitious point that depends on the lunar phase at the time of birth. The astrological house tenanted is particularly strengthened. In your chart, the Part of Fortune is in the 6th house: your professional life is particularly important to you. Your career is your favourite field of expression: your concern is not to be the leader but to become the best and most accurate person among all the participants. You seek perfectionism. It is within the exercise of self-discipline and a rigorous behaviour that you can fully blossom.

Retrograde Planets

The karmic tradition insists on the issues related to the so-called retrograde planets. They are considered to be the inheritance of a past that was not well experienced, a sort of unfinished business. The interpretations of the retrogradation may seem negative or excessive to you. However, you may relate to a scenario that you have often and repeatedly experienced... as if you underwent several setbacks that all have the same cause. Until the day you become aware of it and you can free yourself from it! Through the slow integration of these planetary energies, you will be able to overcome your difficulties and to pay your karmic debt. Actually, each retrograde planet highlights an opportunity for evolution. Nothing can be achieved without the will to grow spiritually and to defeat your own demons.

Uranus was retrograding on the day of your birth: you have the soul of a rebel and your behaviour may often be tyrannical or extremist. Your manner has brought you setbacks. You lack the flexibility that spares you the pain of forcing your ways through events. The danger may be that you get trapped into rigid patterns and into personal logics incompatible with others'. This is precisely what your life's lesson is about: as years go by, your judgments are more qualified and your attitudes become less cut-and-dried, less stubborn. You must lose the essentially individualistic character of your childhood and be more open to other people's ideas and problems. In other words, a path of love. Without losing your remarkable resolution, you must practice some form of renunciation and be sensitive to various logics that constitute the wealth of your social life.

Neptune retrograding concerns spirituality. You may have expressed early in life a few reluctances about the subtle world of faith. You may have ignored destiny's signs and winks and you preferred to stick to your certainties, to a rigorous and objective control of your life. You dread your own aspirations and you readily trust others': this causes a lack of autonomy and the feeling that you may not receive as much as you give. However, several delusions teach you that you must relativize your calculating and methodical attitude and open up to the irrationality of love in order to find an inner and more spiritual progression. Embracing the invisible is a process that unfolds as years and experiences go by. Your own generosity increases as you become aware of your entourage's generosity.

N.B: modern astrology attaches less and less importance to the principles of retrograding planets.

Conclusion

A few remarks are needed here in order to allow you to fully take advantage of your astrological portrait: firstly, do not forget that a birth chart is also a photograph of the sky at birth and a structure that not only contains the personality's characteristics, but also its potential evolution.

We all know that, in real life, people begin to know themselves when they are in their forties, or even later. Likewise, several traits of character in a portrait may seem surprising: in most cases, it means that such features are not yet developed.

Some personalities reveal themselves late in life, whereas others are more precocious. It must be remembered that psychological structures are in a state of continuous evolution because they are influenced by unfolding events and gradual maturity. We can never underline strongly enough the "mobile" nature of the personality, throughout a lifetime.

On the other hand, it is difficult to discriminate what is "already present" at this moment in your life when you are reading your chart's interpretation, from what will appear later in the logic of your evolution: you must sort out all the pieces of information provided and, in most cases, you will see that your astrological portrait is helpful for your endeavours to know yourself better.

Finally, several readings of an astrological portrait are usually necessary in order to absorb all its different meanings and to evaluate the relevance of each character trait.

In any case, better self-knowledge obviously contributes to faster personal blossoming, and it is undoubtedly one of astrology's major roles: contributing to know oneself better, in order to improve more rapidly, to deal with one's weaknesses and to avoid its drawbacks, and to take advantage of one's assets as efficiently as possible.
