Nolwenn Leroy's Astrological Portrait

Introduction

To fully benefit from this portrait, we suggest that you read its introduction and its preamble carefully, and then that to take the time to soak up the interpretations of each chapter. Given the large number of texts, which mirrors the human being's complexity, you may need to go through the contents several times, so as to get a good grasp of their meaning and to know yourself better. This will reward your patience.

The purpose of this report is to describe your psychological portrait and to highlight the most fundamental features on the personal area. The report begins with the analysis of your planetary dominants and outlines your personality's general traits before going into further detail. Minor dominants are analysed at the end of Annex 1, for purposes of clarity. Your report then delineates the various facets of your personality:

In general, even when relationships are not involved, we express ourselves and we feel according to our character and our personal motivations: this is indicated by the Ascendant and the Sun sign which both give details on the way we function. They shed a tremendously important light which allows to figure out your personality. Here, we describe your Sun sign (your inner self), your Ascendant (your behaviour as seen by others), and the ruler of the Ascendant (interesting additional pieces of information about the style of your personality). These descriptions alone cover nearly a third or a half of your psychological signature, depending on your natal chart characteristics.

Then, we address your sensitivity, or in other words, the way you receive things and how you express your emotions ; it works as a constant filter for all your exchanges, even when it becomes a more secondary element in your amorous relationship, because at that moment, affectivity prevails. Sensitivity is the way you perceive things, it is your radar, your daily mood, and at the same time, it indicates how you react to your entourage, on a daily basis. It is what others immediately see of you. In the second paragraph, we explain in which areas of life your sensitivity and your emotions are strongest, therefore, where you are most vulnerable.

After this, it is your affectivity, the way you love and how you charm, that comes into play as soon as you fall in love: the first part indicates its basic structure or its main form. The second part describes the areas where it is best expressed and how you display it, according to your personality.

A third fundamental area deals with your mode of action and your sexuality: how you behave, how you manage to obtain what you want, what kind of desires you have. There are twelve possibilities, very

different from one another. The study discloses the specific one that applies to you. In the second paragraph, we explain in which life areas you may most efficiently take advantage of your capacity for action and for conquest.

Your ways of communicating and of thinking are obviously among the major elements that must be integrated into the delineation and the description of your personality. Indeed, they influence your general behaviour and may modify or enhance the image your project (for instance, extraversion may “compensate” a weak affectivity, but a huge number of cases are possible). An additional chapter indicates the favourite areas where you enjoy communicating, thinking and meeting with people.

Besides, we analyze an even more personal aspect that is important to define and understand what may occur within your couple: each of us have a centre of interest, a privileged manner to be fulfilled or to achieve our destiny; this main motivation is indicated by the positions of your Sun and your chart ruler in the astrological houses and we provide you with its detailed description.

A natal chart contains the potential for specific fulfilment and a whole range of assets, protections and qualities. How does the lucky factor manifest in your personality? In which area can you best exploit your qualities? The answers are precisely revealed to you in this chapter.

On the other hand, we all feel in us a part of vulnerability, doubts and fears. How does this part of solemnity or serious side play out? How is it possible to handle it in order to evolve and to get rid of useless elements? All this information is provided to you in these two paragraphs.

Then, you can discover three additional traits of your personality that must be considered as secondary ones. They deal with your predispositions, which means that they need to be triggered by external events because they are not influenced by your will; let's call it a part of fate. Please, bear in mind that your destiny can unfold only in accordance with what you are: therefore, even if they belong to your more unconscious self, these characteristics are parts of you, definitely.

The karmic chart complements the psychological portrait or natal chart. It is based on the positions of the Lunar Nodes, the Black Moon, and the Part of Fortune. These elements of the chart, sometimes referred to as fictitious points, provide information about the spiritual meaning of your destiny. Owing to the fact that we all have in us acquired knowledge and the urge to go on a quest, our life is an evolutionary journey... However, these texts must be read with great caution: this is the reason why you will find this analysis in the Annex 2 of your report.

Meaning of Stars

Stars indicate the strength of the aspects. Two solid coloured stars (there are half-stars also), mean that the aspect is powerful enough to be noticed at the first reading.

We strongly advise that you read the paragraphs displaying less than two stars later on, after you have absorbed the full import of the other texts.

The yellow colour indicates a soothing and conciliating aspect, and the red colour, a dynamic and tense aspect. The red aspects enable you to evolve, to take action, and to learn to turn your "weaknesses" into assets through your life experiences. The yellow aspects are innate strengths on which you rely in order

to grow better with the former...

Preamble

When interpreting a natal chart, the best method is to start gradually from general features to specific ones. Thus, there is usually a plan to be followed, from the overall analysis of the chart and its structure, to the description of its different character traits.

In the first part, an overall analysis of the chart enables us to figure out the personality's main features and to emphasize several points that are confirmed or not in the detailed analysis: in any case, those general traits are taken into account. Human personality is an infinitely intricate entity and describing it is a complex task. Claiming to rapidly summarize it is illusory, although it does not mean that it is an impossible challenge. It is essential to read a natal chart several times in order to absorb all its different meanings and to grasp all this complexity. But the exercise is worthwhile.

In brief, a natal chart is composed of ten planets: two luminaries, the Sun and the Moon, three fast-moving or individual planets, Mercury, Venus and Mars, two slow-moving planets, Jupiter and Saturn, and three very slow-moving planets, Uranus, Neptune and Pluto. Additional secondary elements are: the Lunar Nodes, the Dark Moon or Lilith, Chiron and other minor objects. They are all posited on the Zodiac wheel consisting of twelve signs, from Aries to Pisces, and divided into twelve astrological houses.

The first step is to evaluate the importance of each planet. This is what we call identifying the dominant planets. This process obeys rules that depend on the astrologer's sensitivity and experience but it also has precise and steady bases: thus, we can take into account the parameters of a planet's activity (the number of active aspects a planet forms, the importance of each aspect according to its nature and its exactness), angularity parameters; (proximity to the four angles, Ascendant, Midheaven, Descendant and Imum Coeli or Nadir, all of them being evaluated numerically, according to the kind of angle and the planet-angle distance) and quality parameters (rulership, exaltation, exile and fall). Finally, other criteria such as the rulership of the Ascendant and the Midheaven etc. are important.

These different criteria allow a planet to be highlighted and lead to useful conclusions when interpreting the chart.

The overall chart analysis begins with the observation of three sorts of planetary distributions in the chart: Eastern or Western hemisphere, Northern or Southern hemisphere, and quadrants (North-eastern, North-western, South-eastern and South-western). These three distributions give a general tone in terms of introversion and extraversion, willpower, sociability, and behavioural predispositions.

Then, there are three additional distributions: elements (called triplicity since there are three groups of signs for each one) - Fire, Air, Earth and Water - corresponding to a character typology, modality (or quadruplicity with four groups of signs for each one) - Cardinal, Fixed and Mutable - and polarity (Yin and Yang).

There are three types of dominants: dominant planets, dominant signs and dominant houses. The novice thinks astrology means only "to be Aries" or sometimes, for example, "to be Aries Ascendant Virgo". It is actually far more complex. Although the Sun and the Ascendant alone may reveal a large part of the character - approximately a third or a half of your psychological signature, a person is neither "just the Sun" (called the sign) nor just "the first house" (the Ascendant). Thus, a particular planet's influence

may be significantly increased; a particular sign or house may contain a group of planets that will bring nuances and sometimes weaken the role of the Ascendant, of the Sun sign etc.

Lastly, there are two other criteria: accentuations (angular, succedent and cadent) which are a classification of astrological houses and types of decanates that are occupied (each sign is divided into three decanates of ten degrees each). They provide some additional informations.

These general character traits must not be taken literally; they are, somehow, preparing for the chart reading. They allow to understand the second part of the analysis, which is more detailed and precise. It focuses on every area of the personality and provides a synthesis of all the above-mentioned parameters according to sound hierarchical rules.

As explained in the introduction of your Psychological Portrait report, minor dominants are analysed at the end of Annex 1, for purposes of clarity.

Your Planetary Repartitions

Each quadrant is a combination of the four hemispheres of your birth chart and relates to a character typology. The Southern hemisphere – the top of your chart, around the Midheaven – is associated with extraversion, action, and public life, whereas the Northern hemisphere prompts to introversion, reflexion, and private life. The Eastern hemisphere – the left part, around the Ascendant – is linked to your ego and your willpower, whereas the Western hemisphere indicates how other people influence you, and how flexible you are when you make a decision.

Your Four Quadrants

Nolwenn Leroy, the diurnal South-western quadrant, consisting of the 7th, 8th and 9th houses, prevails in your chart: this sector brings about a thirst for communication and sometimes, a need to take risks in your dealings with others. Relations are a factor of your evolution and your transformation, which you accept serenely. Indeed, what matters to you is the movement and the energy that link you to others and that make you gain more awareness. A kind of rebellion or a desire to get away from it all is rooted in you.

Your Dominant Modes and Elements

Nolwenn Leroy, here are the graphs of your Elements and Modes, based on planets' position and angles in the twelve signs:

Your Four Elements

Cheers for communication and mobility, Nolwenn Leroy! The predominance of Air signs in your chart favours and amplifies your taste for relations and for all kinds of short trips, whether real (travels) or symbolic (new ideas, mind speculations). You gain in flexibility and adaptability what you lose in self-assertion or in pragmatism.

Like the majority of Earth signs, Nolwenn Leroy, you are efficient, concrete and not too emotional. What matters to you is what you see: you judge the tree by its fruits. Your ideas keep changing, words disappear, but actions and their consequences are visible and remain. Express your sensitivity, even if it means revealing your vulnerability. Emotions, energy and communication must not be neglected; concrete action is meaningless if it is not justified by your heart, your intellect or your enthusiasm.

The twelve zodiacal signs are split up into three groups or modes, called quadruplicities, a learned word meaning only that these three groups include four signs. The Cardinal, Fixed and Mutable modes are more or less represented in your natal chart, depending on planets' positions and importance, and on angles in the twelve signs.

Your Modes

Nolwenn Leroy, the Cardinal mode is dominant here and indicates a predisposition to action, and more exactly, to impulsion and to undertake: you are very keen to implement the plans you have in mind, to get things going and to create them. This is the most important aspect that inspires enthusiasm and adrenalin in you, without which you can grow weary rapidly. You are individualistic (maybe too much?) and assertive. You let others strengthen and improve the constructions which you built with fervour.

Your Dominants: Planets, Signs and Houses

The issue of dominant planets has existed since the mists of time in astrology: how nice it would be if a person could be described with a few words and one or several planets that would represent their character, without having to analyse such elements as rulerships, angularities, houses, etc!

The ten planets - the Sun throughout Pluto - are a bit like ten characters in a role-play, each one has its own personality, its own way of acting, its own strengths and weaknesses. They actually represent a classification into ten distinct personalities, and astrologers have always tried to associate one or several dominant planets to a natal chart as well as dominant signs and houses.

Indeed, it is quite the same situation with signs and houses. If planets symbolize characters, signs represent hues - the mental, emotional and physical structures of an individual. The sign in which a planet is posited is like a character whose features are modified according to the place where he lives. In a chart, there are usually one, two or three highlighted signs that allow to rapidly describe its owner.

Regarding astrological houses, the principle is even simpler: the twelve houses correspond to twelve fields of life, and planets tenanted any given house increase that house's importance and highlight all relevant life departments: it may be marriage, work, friendship etc.

Nolwenn Leroy, here is the evaluation diagramme for your planets:

Your Dominant Planets

The three planets that are most highlighted in your chart are Saturn, Uranus and Pluto.

Saturn is part of your dominant planets: among the facets of your character, you have a grave and serious side, wise and somewhat severe, since your concentration can be powerful to the detriment of carelessness and friendliness.

You often look austere, but it is only an appearance, a kind of modesty or reserve; however, it is true that the Saturnian, who is fond of time, effort, asceticism, rigour and sobriety, may have popularity issues. Nevertheless, honesty and straightforwardness, reliability, as well as slow, wise and deep mental process, although not very popular and visible qualities, eventually become noticed and appreciated. Saturnians' second part of life is usually easier and more fulfilling.

Like the Jupiterian, your Saturnian facet prompts you to seek the essential, security, and longevity. However, the difference with the former is that you will never give priority to wealth or "the bigger, the better" philosophy for the sake of power. Saturn, like Jupiter, symbolizes social integration, and it is usually considered positive to have a harmonic Jupiter and Saturn in one's chart because of their social adaptation capacities.

Your vulnerability lies in your too serious and austere side, which may lead to unwanted loneliness and affective frustration. This generally does not last because Saturnians often hide deep down a golden heart that ends up revealing itself...

Uranus among your dominant planets: just like Neptune and Pluto, Uranian typology is less clearly defined than the so-called classical seven planets that are visible to the naked eye, from the Sun to Saturn. However, it is possible to associate your Uranian nature with a few clear characteristics: Uranus rhymes with independence, freedom, originality, or even rebelliousness and marginality, when things go wrong...

Uranus is Mercury's higher octave and as such, he borrows some of its traits of character; namely, a tendency to intellectualize situations and emotions with affective detachment, or at least jagged affectivity.

Therefore, you are certainly a passionate woman who is on the lookout for any kind of action or revolutionary idea, and you are keen on new things. Uranians are never predictable, and it is especially when they are believed to be stable and well settled that... they change everything - their life, partner, and job! In fact, you are allergic to any kind of routine, although avoiding it must give way to many risks.

With Pluto as a dominant planet in your chart, you are a magnetic and mighty predator, like the Scorpio sign ruled by this planet, who needs to exert pressure on others in order to "test" them. You are always ready to evolve, to risk destruction for reconstruction - including your own - to live more intensely whilst imposing your secret authority on things and on people you encounter.

You may come across as wicked, cruel or too authoritarian, but actually you only follow your instinct, you sound people out, and you like to exert your domination simply because your vital energy is too powerful to remain inside. You are inclined to be passionate, with hidden motivations. You are sometimes misunderstood but one of your great Plutonian assets is to go successfully through each life ordeal with ever growing strength.

Your Dominant Signs

In your natal chart, the three most important signs, delineated according to the above-mentioned criteria, are, in decreasing order of strength, Libra, Sagittarius and Capricorn. They are often prominent because your Ascendant and your Sun are posited there. However, it is not always the case: it may be because they are occupied by a cluster of planets, by a planet near an angle other than the Midheaven and the Ascendant, or because two or three planets are very active and form numerous aspects from these signs. Therefore, you partly take on the three signs' characteristics, which are somehow superimposed on your natal chart, and all the more so if any of the signs in question is highlighted.

With Libra as a dominant sign in your birth chart, you love to please, to charm, and to be likeable. Moreover, you are naturally inclined towards tolerance and moderation, as well as elegance and tact, as if you were meant to please! Of course, you always find malcontents who criticize your lack of authenticity or of courage and your half-heartedness, but your aim is to be liked, and in this field, you are an unrivalled champion!

Sagittarius, an adventurous and conquering fire sign, is dominant in your chart: you are enthusiastic, enterprising, optimistic, very sociable, and mobile - you have itchy feet both physically and mentally. Nobody gets bored with you because you are always planning things and suggesting excursions, at

least... when you are around and not already gone on a trip! Obviously, so many movements for one woman may scare people off, and some of them may even criticize your brutality or your tendency to lose your temper, but you are so warm and genuine, so expansive, isn't this a good thing? And all the more so, since your sense of humour is overwhelming...

Capricorn is one of your dominant signs and endows you with a grave and serious style that seems to stick to you constantly. But if you have that reserved and cold side - as some extrovert people may think - on the other hand you possess sturdy qualities: you are strong-willed and tough. Your long-term vision, your sense of duty, and your ambition are not affected by the derisory and erratic motions that seem to upset most mortals less steady than you. Besides, you are like a good wine, you age well and your natural solemnity or serious side paradoxically turns into an almost cheerful appearance, as you grow older. You are actually very sensitive when it comes to love. Faithful, caring, sweet, and sensitive, your behaviour is very different in your everyday, sentimental life. A golden heart beats under your tough and austere appearance...

Your Dominant Houses

Houses 8, 10 and 1 are the most tenanted ones in your natal chart. To compute their strength, planets and angles are weighed according to various astrological criteria such as swiftness, activity, angularity, rulership etc. From the analysis of the most tenanted Houses, the Astrologer deduces the fields of activity that are most relevant to you, be it because of what you are experiencing, or what you may experience in the future, or because of your deep inner motivations.

Your 8th house is very highlighted: it is the most complex house of the Zodiac. It symbolizes above all passion and transformation, which often go hand in hand. Indeed, you have a tendency to experience everything to the bitter end, and you overstep propriety borders because you want to understand everything, even what is... forbidden. This house relates to complex spheres such as sexuality, possessions and dispossessions that don't depend on you (inheritances, donations, sudden financial losses), death too - not yours in particular, so, don't worry! - and understanding of hidden or occult things: here are the fields that affect you generally, because you are naturally interested in them or because life gets you involved in spite of yourself.

With a prominent 10th house, your destiny's achievement may be very notable: the 10th house represents your career, your public life, and your ambitions. A good deal of your energy may thus be used to successfully implement what you have in mind. Instinctively, you are very keen to make your dreams

come true. Sooner or later, you will deal with the public, and your personal achievement will go through trials and ordeals: other people and visible actions.

With a dominant 1st house, your magnetism is powerful, and your individuality as well as your willpower are out of the ordinary. You are a determined, strong-willed, and assertive person, with this relative criterion at least.

It is likely that you never go unnoticed when you are in a crowd or a in reunion: an important 1st house suggests that you are a charismatic person with above average vital energy, especially if the Sun is present in this sector.

Your personal interests are always important and you never forget them, which doesn't mean that you are self-centered, but only that you behave according to what is in harmony with your deep nature!

Your Style, Behaviour, and Peculiarities

What is commonly known as "sign" indicates the position of the Sun in the Zodiac. The Sun highlights all the characteristics of the sign he tenants. According to astrology traditional rules, these characteristics are all the more pure and exact when the Sun is strong in the sign, or when the sign is particularly highlighted within the chart. Here, we indicate the pure characteristics of the sign but you must bear in mind that they may only shed a light on a particular aspect of your personality. Indeed, the sole sign of the Sun, or of the Ascendant, can never describe an astrological chart because it depends on the degree of strength of the said sign in your chart.

Another important point must be underlined. Contrary to the Ascendant, which clearly describes your appearance, your vitality, your physical constitution, your spontaneous behaviour and the image you project, your Sun sign describes your inner self, which you may not completely be aware of, and which may emerge gradually as you mature: it is about your inner personality that you reveal only to the members of your entourage whom you trust. The Sun sign is likely to be the final form of your personality, once it has evolved in line with the energies of the other parts of your chart, the beginning of which is seen in the Ascendant, your external "bark".

The Ascendant is one of the major components of your natal chart. It is the zodiacal sign that rises in the East at the very moment of your birth. To calculate it, it is therefore necessary to know your exact time of birth.

It provides with a wealth of information on your personality. It is one of the key features that allows the analysis of several parts of you, such as your appearance, your character as it is initially perceived and your immediate behaviour. It describes the external aspect of your personality which you always display, but it also describes your physical constitution in the long-term, in other words, your health.

Please be aware that, in spite of the importance of the Ascendant, the accuracy of its description depends on how strongly highlighted it is in your natal chart. We use the entire set of astrological rules to assess the strength of the Ascendant. In most cases, the Ascendant is as revealing as your "sign", i.e., the sign where the Sun is posited at the time of birth.

You were born under the sign of Libra and your Ascendant is in Capricorn

Before broaching the details of the meaning of your Sun and your Ascendant, as a preamble, we offer a brief generic interpretation of their combination in your chart:

Although these two signs are very different, they share a few common features. Libra rules draughts, and Capricorn is willing to climb alone without expecting any external help. As a result, you are driven by the constant concern to prevent events from getting out of control. Both signs are of Saturnian essence and infuse your personality with rational and disembodied qualities. Their similarity ends there. Owing to your Capricorn Ascendant, you come across as an austere and gruff person, whereas your inner self values harmonious and cheering relations and seeks people's approval and support. Your spontaneous behaviour is marked by self-derision and cynicism, but this is merely the image you wish to project when you first meet people. Then, as they get to know you better, they notice the influence of your Libra Sun which endows you with conciliatory qualities, highly developed artistic flair, and moderation in your

general approach of things. Furthermore, you display in all circumstances an angelic idealism which has the peculiarity to be tinged with Capricorn's pessimism and ambitious pragmatism. You loathe wild and chaotic emotions because they do not suit your cold, perfectionist, and self-controlled nature.

You were born with the Sun in Libra

Psychologically speaking, your nature is sanguine and communicative or nervous and introverted, depending on who prevails, either Venus, the principle of harmony, extraversion, desire to seduce, easy and airy communication, or Saturn, the principle of rigour, introversion, self-control, concentration and meditation. Unless Saturn is very strong in the rest of the chart, Libra is very delicate and charming. She easily adjusts in society, particularly with her perpetual search of compromise. It is the reason why you may seem to be hesitant and weak. You do not dare to insist or to assert your views: you prefer to intervene as an agent for harmony, of rally and equity, even to the detriment of your self-assertion. You loathe violence and you strive with all your heart to pacify, to smooth things over, and to adjust to the situation with flexibility and grace.

Since you are born under this sign, you are sentimental, charming, courteous, delicate, refined, loyal, pacifist, fair, distinguished, light, romantic, cultured, airy, likeable, spruce, perfectionist, caring, gentle, quiet, tidy, social, artist, with strong aesthetic tastes, tolerant, lenient, sociable, seductive, elegant, kind, respectful, balanced, but you may also be hesitant, weak, wavering, selfish, fragile, indecisive, timid, indolent, cold or even insensitive.

In love, Madam, you are the seductress of the Zodiac: love is your major area of concern and to please is the very expression of your whole being. You are so charming, so considerate, you multiply your conquests with lightness and you are on top form while you are awaiting the love of your lifetime. You have every chance to find him because all your talents are oriented towards communication and meeting with people who, invariably, think that you are charming and distinguished, pleasant and educated, with a lot of good taste and that you manage to make your interlocutor feel comfortable.

As you are exceedingly demanding, it is very likely that you will be disappointed by many lovers and admirers, however, you will never be tired of starting over again your nice soul mate hunting.

You are mildly narcissistic and you have an instinctive need to charm and to see the effects of your seductive powers. The danger is that you may be selfish or that your frenzied need for compliments cannot be fulfilled by your partner who is not able to praise you as well as you expect him to...

You are more sentimental and aesthetics-oriented than Taurus, who is more physical or sexual. The relationship with your partner must include many intellectual exchanges and a deep closeness regarding your artistic tastes or your daily lifestyle.

In general, you will marry only once, in spite of your capacity to charm and to have romantic encounters.

Your Ascendant is in Capricorn

Psychologically speaking, your nature is introverted and cold, totally controlled and phlegmatic, at least regarding the image you project invariably. You seem unemotional and austere. Actually, due to your secondarity, you chew over your strategies or your reactions required by your environment. You are slow but very thoughtful, solid and balanced. You are as curt as you are cold and you put the entire strength of your character at the service of your huge and long-term ambition or of your detachment from earthly riches and you focus on spiritual values.

Like all the persons born under an apparently reserved and tough sign, your inner personality is often charming and gentle, as if the thick armour, forged throughout childhood, had entirely preserved the purity and the warmth of the soul imprisoned within.

As you are born under this sign, you are serious, cold, disciplined, patient, focused, thoughtful, ambitious, indomitable, cautious, lucid, persistent, provident, steady, introverted, stern, wilful, hard-working, responsible, persevering, honest, realistic, loyal, reserved, resolute, moralistic, quiet, rigorous, attached and reliable. But you may also be curt, withdrawn, calculating, petty, cruel, unpleasant, ruthless, selfish, dull, rigid, slow or sceptical.

You are courageous and rational, Madam, but you need affection and tenderness in spite of what you say. You try constantly to be reasonable and to repress the sentimental weaknesses that come up once in a while. In general, there are few amorous encounters at the beginning of your life.

But quite rapidly, you become aware that solitude is not good for your balance. You remain on the defensive, you are hurting in your shell, that convenient ivory tower where you protect yourself in all areas, except this particular one...

With an aching heart, you will finally forsake your defences and you eventually experience a few rare exceptional encounters. Among them, you will meet with your soul mate, to whom you will dedicate all your time and your love with loyalty, faithfulness, a strong sense of duty and maximal efficiency.

You will control your children's education, inculcating in them the values of effort, patience, perseverance and social rules. You will teach them that the old saying applies to them too, that slow and steady wins the race. To be early is not to be on time... but their time will come!

The ruler of your chart is in Libra

The ruler of the Ascendant, also referred to as the chart ruler, brings a few interesting nuances to the meanings provided by the Sun and the Ascendant. The sign in which the ruler of the Ascendant is posited fine-tunes the style of personality described by the Sun and the Ascendant. It may strengthen it if the sign is identical to either of them.

The ruler of your Ascendant is in the same sign as your Sun. This specific feature means that the Sun's characteristics in sign previously delineated are strengthened.

Aspects to your Ascendant

Several planets form an aspect with your Ascendant, Nolwenn Leroy. Therefore, in their specific way, they modify your behaviour and your personality, which do not take on the pure characteristics of your Capricorn Ascendant only, but which are a blend of its characteristics with those of the said aspects.

★★★★★ Saturn square Ascendant, orb 0° 18'

This hard aspect between Saturn and your Ascendant may bring about a lack of self-confidence and some inhibitions in your behaviour, in people's eyes, Nolwenn Leroy. Therefore, you must have trust in yourself and you must not be taken away into the spiral of doubts with its usual consequences, which are to hide away, or on the contrary and as a compensation, to overdo. Please, keep in mind that all this is highly subjective, and that in most cases, if you fully understand it, you can gradually overcome this slight restraint, and even turn it into strength. This is how you can keep your self-esteem and transform your prudence into... an asset.

★★★★★ Venus trine Ascendant, orb -2° 41'

Thanks to Venus, Nolwenn Leroy, your behaviour is in harmony with your affective life, and you need not make any special effort in order to express your feelings in a natural way and without arousing people's criticisms. This asset enhances your natural easiness and charm, which is definitely not unpleasant!

★★★★★ Pluto square Ascendant, orb -2° 57'

Pluto is in dissonance with your Ascendant, Nolwenn Leroy. You may be slightly aggressive and at the same time, mysterious or impossible to understand, to people's eyes. You are sensitive, instinctive, and you feel everything more deeply than anyone else. Be careful that this feature does not mark your behaviour with too unsociable a note. Indeed, it would be a pity since the forces at work within you can be easily controlled and turned into assets if you care to stand back. Detecting other people's weaknesses is fine. But don't misuse this ability!

★★★★★ Jupiter quintile Ascendant, orb -0° 03'

Jupiter in soft aspect with your Ascendant naturally endows you with a reassuring, calm, and benevolent side, Nolwenn Leroy. You honour your commitments without qualms, and thanks to your heart of gold and your generosity, your behaviour is protective and nice. You like to please other people, and whenever it is possible, you enjoy finding compromise solutions to all problems.

★★★★★ Neptune semi-sextile Ascendant, orb -1° 22'

Neptune in soft aspect with your Ascendant endows you with a sharp intuition which enables you to instinctively adopt the behaviour which your entourage appreciates, Nolwenn Leroy. You have the natural flair which prevents you from making errors of judgment on people. You understand the crowd, and you have the good reflexes for being well-accepted by all.

Your Sensitivity

Your sensitivity is devoid of infatuation or carelessness, Nolwenn Leroy; you belong to the cerebral type and, due to your needs for inner security and for freedom, you consider feelings and emotions as burdens. You are apparently phlegmatic and almost detached. However, your swift reactivity and your fertile imagination make you appreciate friendly gatherings with numerous and varied exchanges. You do not wear your heart on your sleeve. At first, you seem cold but those who know you are aware of your very original and unique sense of humour. Your receptiveness is remarkable. Your observation talents and your detachment work wonders in the defence of your anti-conformist and rebellious ideas. Your stubbornness is obvious and it is very difficult to make you change your mind because you are affectively too vulnerable: it would require lengthy and thorough argumentations aiming at your intellect...

You are very sensitive, emotional and intuitive, Nolwenn Leroy. You actually perceive what is said about you with shrewd acuteness, which is convenient, but it also makes you especially vulnerable. People's opinion is important to you, even though their influence may be unconsciously perceived.

You are concerned about your public image, you are nevertheless whimsical, even capricious and moody: you switch from laughter to tears so easily. You have a special relationship with crowds, probably because you can easily become popular owing to your lovable and moving personality.

Your imagination is so strong that it may become tricky: it is preferable that you be straightforward because the slightest insinuations can create beautiful - or unfortunate - stories that may take you very far away from reality, in spite of your flair and well-developed intuition!

★★★★☆ Moon square Jupiter, orb 1° 53'

When this aspect is not well integrated, there is a tendency to conceal your true nature and to cheat on your true self. Appearance, emphasis and games hide the essence of your aspirations and may trouble your intimate life. Despite your apparent joviality, it is often difficult for you to live in conformity with your inner demands. Actually, it is difficult for you to reconcile your social life with your private life. The former excludes the latter. To properly integrate this aspect, you must learn to harmonize your external attitudes (social and professional ones) with your daily rhythms. It implies that, when you are in a trustworthy situation such as your family or your home, you accept to behave differently from when you are in a larger context, exposed to social stress. You must neither ignore them, nor should you favour them.

★★★★★ Moon quintile Uranus, orb -0° 38'

This harmonious Moon-Uranus aspect indicates that your well being depends on the original quality of your charm and on new-ness. You are not influenced by prevailing trends and fashion. You have a personal view of what a balancing private life should be. You enjoy unexpected situations, even extravagant ones. But if you feel that your living environment hampers your freedom, you suddenly change your attitudes and your habits. Independence is your true realm. You may show an exceptional inflexibility when your intimate life moves away from the patterns you need, deep down. Your entourage must get used to your demands and to the values you are determined to keep with all your might and on which you are uncompromising. This determination does not allow for a laid-back attitude, or an indolence that so often causes degradations. You keep your own daily rhythms under control.

★★★★★ Sun trine Moon, orb 7° 49'

This aspect is a strong homogeneity factor: the image you project is in conformity with your real nature and does not upset your basic balance. This is probably the cause of your feeling at ease, your consistent behaviour and your determination to remain your true self, regardless of external pressures and whatever is expected from you. At best, your will and your sensitivity are in harmony, your unconscious abilities are mobilized and controlled by your conscious will, with no imbalance. However, it is important to avoid the traps of self-satisfaction that would be harmful to your real exchanges and would lock you up in comfortable and rigid schemes. It is possible to remain natural and yet, not be content with the sole well being of those who never cheat themselves.

★★★★★ Moon sesqui-quadrate Venus, orb 2° 16'

With this Moon-Venus aspect, passion and sensuality may often upset your well being and your tranquillity. Your way of loving is dual. You either accept life's simple joys, or you live through intense emotions and consuming fevers. It is difficult for you to reconcile your daily life with your affective or sensual desire. Habits kill passion, whereas passion forbids the carelessness that is yet indispensable for your fulfilment. This aspect suggests the traditional mother/woman and father/lover antagonisms that are incompatible, although it is possible to experience them alternately. It is important that you balance these antinomial desires: you may let the turmoil of your heart break the monotony of an amorous life devoid of excitement but it does not mean that you must forsake the reassuring values of a couple, or family cell, where you can rest at will and give free rein to your intimate behaviour. You may indulge yourself but don't forget that you must deserve love.

Your Affectivity

In your chart, the Sun is in Libra and Venus, in Virgo. Two signs as different as Virgo and Libra cannot indicate a monolithic affectivity. The principle of association of the Sun in Libra is coupled with the restraint and the modesty of Venus in Virgo. Your expectations may not be in line with your desires: you dream of a couple where your ideal of harmony can blossom at will through exchanges and mutual respect. But your partner's differences, so heartedly admitted at once, are not completely accepted in the long run. You appreciate only persons who are similar to you and whose rhythms naturally agree with your desires. Your aspirations lead you to accept your partner's manner, nevertheless, you know very well what you like and above all, what you dislike. The danger is that your life becomes entangled in contradictory attitudes: for the sake of quietness, you may opt for a given lifestyle, although you are aware that it does not suit you, or on the contrary, you may reject a promising relationship because a detail upsets your attachment. Your partner must display tact and refinement, otherwise all your reservations resurface, sooner or later. With time, you become capable of maintaining an undisputable balance within your couple. Better than anyone, you can handle your contradictions, you blend selectivity with open-mindedness, self-protection with active communication.

Nolwenn Leroy, inside yourself, feelings are strong and powerful. However, you never show them before weighing up and considering all the possible consequences of your words and your actions: fieriness and spontaneousness are toned down because you cannot help controlling yourself, probably due to your modesty, your discretion or your shyness; you are frightened because you are so concerned with other people's opinion that you see passion, or expressing your feelings too quickly, as sources of danger. However, you are helpful, simple, and you do not fuss around. Reason prevails in your love life but your heart may flare up when the context is well organized and everyday life is cautiously handled with good

sense, tidiness and cleanliness. Your sensitivity prompts you to avoid excesses and outbursts and this is how you think that you can achieve happiness without risk.

When you fall in love, Nolwenn Leroy, your feelings immediately reach a considerable level of intensity and quickly take you into the realm of passion. You are not a mild person when it comes to love, either you love deeply, or not at all. According to the Tradition, this configuration strongly associates feelings and sexuality. In your approach to love, feelings are intimately linked to desire and love physical aspects. It does not take you long before you deliberately infuse a fair amount of torrid eroticism into your behaviour, so as to make your idyll as burning and deep as your inner feelings are! If no adverse aspect affects Venus in the 8th house, you become possessive in the positive sense of the term: you happily care for your significant other, including for his financial interests. Venus in the 8th house protects everything that deals with investment, management of other people's possessions and particularly, those of the husband. Your benevolent attitude, which you also express outside your couple's relationship, usually causes pleasant surprises in the guise of unexpected inheritances. When there are tense aspects of square or opposition to your Venus, you may fall into the trap of obsessive and dangerous jealousy. And it would be a disgrace since, as the saying goes, jealousy is uncalled-for and very harmful when it is unjustified, and it is useless and too late when harm has been done...

★★★★★ Venus square Neptune, orb $-1^{\circ} 18'$

You are very idealistic in love and you may be blind. In many circumstances, you deem your sentimental life heavenly and you lay yourself open to delusions. Love is a dream and waking up is often painful. Your imagination distorts the game of intimate situations. It is important that you keep your sense of reality and that you avoid to embark upon dark or muddled paths. Forget about artificial paradises! The Tradition very rightly insists on the tendency for impossible love affairs. Your demand and your thirst for the absolute may make you dread experiencing a common life that is inevitably flawed with compromises and vagaries. The object of your affection is idealized « because it was him, because it was me » and you do not reckon objective elements that will resurface later in full force. With this planetary configuration, the danger is in the idealistic, even fanciful, nature of your affectivity. It is certain that love cannot be bought or reasoned. But how is it possible to live an absolute passion on a daily basis? You must control your heart impulses and, without losing the sentimental riches that are part of your charm, you must put what you love in harmony with what you dream of.

★★★★★ Venus semi-square Jupiter, orb $0^{\circ} 22'$

This Venus-Jupiter dissonance indicates a strong will to seduce. However, there may be discrepancies between your words and your actions, as well as between your behaviour and your instinctive reactions. You may be carried away by a maelstrom of emotions, feelings and pleasures and you do not consider the possible consequences of your superficial attitude. Therefore, the apparent state of grace may turn into delusion. Proprieties and necessities of the moment forbid you to experience your desires. What you deem reasonable does not suit your heart's impulses. What a dilemma... Hopefully, as time goes by, you may reconcile your desires, your life patterns and the reasons of your heart with those of your mind.

★★★★★ Venus semi-sextile Pluto, orb $0^{\circ} 15'$

You exercise exceptional clear-sightedness in love. Your passions are subtle, deep, although disconcerting and imperceptible to the outsider. You display no gullibility and you keep your distance. This is part of your charm. You detect what is really at stake in your couple's relationship and in your sentimental attitude. You drive the boat of your sensitivity without falling victim to mirages and affective traps. The only danger is that you may be too calculating. As you try to totally control love and to

constantly pull the strings, you may lose the ingenuity and innocence which are necessary to nurture a relationship. You give proofs of your love in a very personal way and you never hesitate to use paradoxes to preserve the authenticity of your relations. You can anticipate problems and prevent difficulties.

★★★★★ Sun conjunction Venus, orb 9° 26'

This aspect gives a strong concern about the image you project. You pay a lot of attention to the impression you make and to the charm you exude. You need to know that you can rely on your seductive capacity and earn the liking of your entourage. What people think is important to you and you try to meet your close friends' expectations. You certainly want to please them, but above all, you need their attention. You are seeking pleasure, esteem and affection. But ideals and desires make up a whole: you can be at your best only with those who naturally attract you and for whom you have an esteem that is independent from facts. Your feelings are a response to your quest of the absolute: the persons you find likeable are adopted. Other people are rejected irrevocably! Your character is very affective and it constitutes an asset in many circumstances. Your capacity to seduce, to gain support and to earn esteem is above average. The only danger may be that you abide by the current fashion and trend more than by your own motivations and by what is essential, for the sake of appearances.

★★★★★ Venus sextile Uranus, orb 5° 54'

Your charm lies in the originality of your approach to love and in your uncompromising attitudes. Your motto? Freedom of love, whatever the price! Should your sentimental life become dull, you find a solution: you are romantic and you reinvent your couple's life, you give a new and unexpected momentum to your emotions. You create the kind sharpness that contributes to your exceptional affective life. You do not fear love at first sight or blazing passions. On the affective plane, you know where you are heading for, whom you love ... or love not. There is an indisputable intransigence. The heart impulses are irrevocable and implacable. You dream of a sentimental life that fulfils your aspirations and you use all possible means to achieve your ideal. Even though you may have to make the necessary sacrifices.

The Way You Take Action and Your Sexuality

Nolwenn Leroy, you are a real Goliath and you often excel in sport; your thirst for conquests prompts you to constantly launch new challenges. The enthusiasm you put in your undertakings is perfectly well supported by your moral concepts and an idealism compatible with the values of the society you live in. You are pragmatic, enterprising and sometimes, naive. You do not pay attention to details and you launch various great adventurous projects that are all doomed to success. In a few rare cases, you can funnel your huge energy into more philosophical, even spiritual or religious enterprises, where your entire fieriness works wonders. On the sexual plane, your ardour and your spontaneity are your main assets. The danger is that you may spread yourself too thin in the sense that you may forget about faithfulness, particularly during the extensive faraway travels you are so fond of.

Your energy and your capacity for action are at the service of your career and your destiny, Nolwenn Leroy : No doubt, this is one of the simplest and most transparent planetary configurations. You do not hesitate. For you, action means climbing up the social ladder, sooner or later, winning the marshal's baton, defeating setbacks through efforts and work, and overcoming the obstacles on your path.

You get your reward by the sweat of your brow, and you are aware that it is no easy business. Your

personal approach is that nothing can be achieved without an effort because you are wise enough to be aware of it.

It is so deeply rooted in you that you may feel that you will get nothing if you do not fight for it. You are right, actually, at least as far as you are concerned, because it is your manner. Your destiny implies many struggles, and you have the necessary courage to join battle. However, as time unfolds, try to be gentle with yourself and indulge in a few moments of well-deserved rest and respite!

★★★★★ Mars conjunction Uranus, orb 4° 17'

This harmonious Mars-Uranus aspect indicates an unshakable determination and the will to further your ideas through drastic, sudden, sometimes dramatic actions. You bend the string of your bow before taking action and you hit at the right time. The secret of your feats? An excellent command of your blitz actions. You concoct your plans in the dark, and then you move to an efficient and quick execution step that is often dazzling. You do not have the temperament of a loser. When you face an ordeal, you focus your entire energy and will on your unique aim: victory over any obstacle. This planetary configuration may lead to dangerous, even heroic actions. The danger is that you may over-estimate your strength or your chances for success.

★★★★★ Sun sextile Mars, orb 0° 45'

This planetary Sun-Mars aspect reinforces courage, determination and energy. The need for action is obvious. Whatever your will designs is implemented with fieriness, despite all oppositions. You are decisive and wilful, even foolhardy. Your behaviour may be heroic: you know how to face adversity, to stand for your rights and your decisions, regardless of any confrontation you may have to cope with. The only danger may be that you overestimate your chances and your strength. But your audacity turns out to be rewarding, more often than not.

Your Intellect and Your Communication Style

Your thought process is rather slow because you need time and tranquillity to review everyone's ideas and opinions, to weigh the pros and the cons and to eventually take the most equitable decision. You reject all fanatical and extremist behaviours and you are always in search of the happy medium. Your tolerance, your sense of logic and your negotiating skills are acknowledged but your indecisiveness and your propensity to procrastinate are often criticized. Therefore, you may need to be encouraged and to be nudged into action, in order to offset your fatalistic attitude that may be likened to laziness. Do not seek other people's approval so constantly, express yourself more and take action...

You need to understand, to explore the unknown, to shed light on mysteries and to immerse yourself into the hidden fields of the unconscious or the afterlife, actually, into whatever escapes you, Nolwenn Leroy. You are not content with what seems obvious because you are on Earth to evolve and not to stagnate or remain in a mindless state and a lack of understanding.

Interestingly enough, astrology connects the spheres of death, after-life and mysteries with the spheres of other people's possessions, investments, inheritances etc. This analogy probably comes from the fact that in those two fields, everything remains inaccessible right away. It might be the reason why such mysterious topics are so attractive to you.

Your investigative mind enables you to easily express your feelings and to explain the inner mechanisms of your whole being, almost as if your own self was a specimen to study, without modesty and with the only motivation to go as far and as deeply as possible.

★★★★★ Moon trine Mercury, orb 0° 19'

Curiosity is part of your nature. You perceive everything with sharp acuity. You increase your attempts to establish connections and to exchange opinions and information, particularly when you are in a familiar and intimate context. When this configuration is well integrated, it underlines the multi-faceted nature of the mobility that defines your behaviour and your living conditions and endows you with strong adaptation abilities. You also show a remarkable gift for improvisation and you pick up the quality of the atmosphere so swiftly that you get off any tricky situations. However, you must keep your adaptation capacity under control because when it is overdeveloped, it may become an agent for instability.

★★★★★ Sun conjunction Mercury, orb 7° 3'

You know how to play with your image, how to give multiple representations of yourself. A precious asset: you are sensitive to other people's opinion and you adapt yourself to the audience. Of course, there is a "show" side in your manner that may prevent perfect cohesion. But that's the other side of the coin, for an extraordinary capacity to discover. This aspect translates into an acute sense of observation, an intense desire to learn and to bring everything to light. You strive to be informed in many circumstances, to understand the machinery of the world surrounding you, particularly regarding all human topics. And you will change according to that information and the knowledge gained. You have the chameleon's adaptation powers. And its vulnerability, as well.

★★★★★ Mercury quintile Neptune, orb -0° 15'

Your sense of psychology and of human intimate mechanisms is acutely developed. Your relations are nuanced, clever and guided by a good intuition of individuals. Without effort, you pick up what is at stake in relationships and in contacts. Your « sixth sense » inspires you and may take you into strange roads. On the relations' plane, there is an indisputable subtlety. You know what you should not say or, on the contrary, you naturally find the suitable words. Your natural and non-rational attitudes often prove right. The unknown fascinates you... Your curiosity for occultism and mystery is keen. Besides, life is a huge human enigma for you.

★★★★★ Mercury conjunction Saturn, orb 10° 03'

Your vision of the world is rigorous and objective. An exemplary logic characterizes your mental attitude and your human relations. Your discerning faculties overlook no detail. You need to know the whys of your life and to explore the backstage of your surrounding world. The deepness of your relations dismisses superficial connections. It may be the reason why your interest is aroused when you are in touch with elements that are alien to your mode of functioning. You have the soul of a researcher, regardless of the form that your investigations may take. It may be an exacerbated curiosity for human topics or a will to understand relationship stakes. It may also be a hobby or a course of study that introduces you to a riddle. It does not matter! Life is a perpetual quest for the unknown. Your critical mind is highly developed and you take commonplaces for granted only after thorough consideration.

Your Goals, Motivations, Career, and Destiny

Your Sun is posited in the 8th House

One thing is certain, Nolwenn Leroy, your motivations cannot be easily figured out because this configuration is quite special and complex. Everything pertaining to the realm of emotions is deepened. You have a tendency to infuse passion in nearly everything in life and it will translate differently, according to your temperament and other characteristics of your chart.

Several common elements are noted however. There is a predisposition for essential matters connected to life and death and to great mysteries that go beyond daily life. You need to understand, to drill and to always delve deeper. You are inhabited by some sort of desire for transcendence, maybe because you feel everything with deep intensity: therefore, you are more vulnerable because events hit you full in the face and you unconsciously understand that, if you manage to decipher how and why things appear, you will become tougher. But there is another reason to it. Your curiosity is continuously on the alert and you are amazed by apparently insignificant facts that stir up the chain of causes and effects and lead you towards the more essential matters that are knocking at the door of your soul.

Your concerns and your inclination may take you into such various fields as psychoanalysis, amassing knowledge in mystics, religion, occultism or spirituality (desire for transcendence and immediate access to an upstream reality). What is hidden mesmerizes you and you spend lots of time polishing your lucidity, as if progressing ahead and evolving further were the materialized forms of your life's challenge.

On a more terrestrial plane, here are the areas that are particularly important to you: sexuality, probably because of its transcendence and its hidden nature; death, either because you experienced a loss with a big impact on your evolution or on your destiny, or only because you are interested in this topic; finance, investments, inheritances, speculations, in other words, any financial area other than those of money earned by yourself, expenses, and the way you use your patrimony and your resources.

Your entire being strives towards assertion as you win over ordeals or over life hardships: nothing stimulates you better, nothing makes you evolve more than these critical periods of life when, on the brink of the abyss, you feel with maximal intensity all the choices that are offered to you. During such periods, you always manage to give of your best, you transform yourself and you come out enriched and more lucid: crisis and metamorphosis. This pattern suits you best. You want to move fast, always faster and further, because you intensely understand that daily reality is important only through its authentic and hidden contents. To discover the reality, your only tool is self-awareness development. However, do not take too many risks and do not systematically enter into the eye of the storm as you may be badly and repeatedly shaken up.

You lost your father quite early, literally or figuratively (sometimes, you find him again after an ordeal), although, paradoxically, he played a major role. If the theory is borne out, it is only an additional step towards sublimation and the overcoming of certain ordeals towards the road to wisdom. You, a mystic? Yes, in your own way, of course!

The ruler of your chart is in the 8th House

The ruler of the Ascendant, also referred to as the chart ruler as explained in a previous chapter, is also posited in one of the twelve Houses of the chart. Just like the Sun in his House, the ruler of the Ascendant provides certain abilities, or it makes you appreciate more keenly certain areas of life.

The ruler of your Ascendant is in the same House as your Sun. This specific feature of your chart strengthens the Sun's characteristics previously delineated.

Aspects influencing your ambitions

Regarding your destiny or your career, the following aspects of your natal chart allow to fine-tune what has just been said above:

★★★★★ Venus sextile Midheaven, orb $-2^{\circ} 08'$

In your natal chart, Nolwenn Leroy, sweet Venus is in soft aspect with your Midheaven. It means that your natural charm and the way you express your feelings are appreciated in society. Usually, this configuration speeds up the achievement of your professional goals, or in any case, of a certain social status. A female - or females - may prove helpful for your career or your destiny.

★★★★★ Sun sextile Uranus, orb $-3^{\circ} 32'$

This aspect reinforces the determination as well as the will to further your original, sometimes revolutionary, ideas and designs. Your capacity of innovation is important for your image. You have the soul of a leader. You display a forceful and synthesizing mind. You may tend to oversimplify or to schematize situations. In most cases, you know where you are heading to and how to reach your goals. Your determination is two-edged... not everybody will appreciate your contrasted standpoints. It is yes or no, black or white! This planetary configuration indicates certainties. When it comes to acting according to your inner motivations and to respecting your models, you can show an unusual willpower and sweep aside all obstacles lying on your path.

★★★★★ Uranus conjunction Midheaven, orb $8^{\circ} 02'$

Uranus is in conjunction with your Midheaven, Nolwenn Leroy. This very important aspect usually indicates a destiny which, in some rare life occurrences, takes most surprising twists. Like trans-Saturnian planets, out of the blue and beyond free will events occur by accident, as if they were caused by some sort of fatality. Thus, it is possible that your life changes its course completely and repeatedly, in a more than above average way, when transits and progressions activate your Uranus-Midheaven conjunction. Uranus stands for life upheavals, surprise, rebellion, freedom, and nonconformism. Whether it indicates inner needs or external events, which is the most frequent case, your destiny is very likely to be deeply disrupted, especially when transiting Uranus forms major aspects with your natal Midheaven (towards the ages of 21, 28, 42; 56, 63, and 84). Uranus' half-return (around the age of 42), is the most important one. It is also possible that your career or social destiny takes a stronger Uranian tone, with tight connections to modernity, space, astrology and out-of-the ordinary subjects, as well as physics, electricity, speed, etc.

★★★★★ Neptune semi-sextile Midheaven, orb $0^{\circ} 49'$

Thanks to this soft aspect of Neptune to your Midheaven, Nolwenn Leroy, your intuition is very sharp, as far as your possibilities for success are concerned. Thus, you have no difficulties in finding your professional or social path, and your nose tells you whether something is good or not for you, even before

you start to analyse it. Your imagination and your visionary qualities accompany you along your journey towards success.

★★★★★ Saturn semi-sextile Midheaven, orb 0° 51'

Thanks to this soft aspect between Saturn and your Midheaven, your long-term efforts and your perseverance are rewarded, and you gradually climb up the stairs of success. Time is your ally as far as your career and social destiny are concerned. Carry on the good work, and rest assured that your seriousness and your obstinacy are appreciated. They are instrumental in your success, especially during the second part of your life.

Your Assets and Your Part of Joviality

The present of the planet of Greater Fortune to you Nolwenn Leroy, is the gift for investigation, the taste for mysteries and... the capacity to solve them. Your emotions are amplified and prompt you to take your actions to the end, without fear or restraint. You also have the talent to cleverly manage your financial investments. According to the Tradition, sexuality and sensuality are equally balanced with this lucky configuration. So enjoy and be happy!

Jupiter brings you a heaven-sent present, Nolwenn Leroy, which is particularly nice because there is here an analogy between the planet and the house. Jupiter's broad, benevolent and warm vision of life is in line with the fields of higher education, philosophy, politics, and human sciences symbolized by the 9th House. As you mature, you radiate with wisdom. On the concrete plane, long-distance travels are very favoured, throughout your life.

The planet Jupiter symbolizes expansion, broadness and generosity. Jupiter is associated with the functions of synthesis, enthusiasm and optimism. In your natal chart, his house position is more important than his sign position because, like Saturn, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Jupiter in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Jupiter in Scorpio strengthens your emotional realm and your instinctive capacity to have more lasting and deeper feelings. Your sensuality and your sexuality are favoured by this configuration. You may enjoy strokes of luck in the areas of finance, speculations, investments and inheritances. More than anyone, you can deal with mysteries and anything linked to the unknown.

Your Serious Side

Your sense of justice and your moral rigour slowly grow in importance. You are a very serious and responsible partner.

Sooner or later, death and its environment – inheritances, successions, investments, sorrows, or detachment – are areas you will have to deal with, not necessarily in a negative way, Nolwenn Leroy. Besides, the Tradition believes that this configuration gives longevity, if other aspects do not strongly state otherwise.

In the affective and sexual spheres, you do not easily grant your confidence, and you need to work on your inhibitions so as to overcome your own fears. Provided you display a strong will, Saturn, as the planet of time, allows you to consider these areas with grace. They become sources of pleasure and joy, under the condition that... you put aside your serious side, precisely. This is likely to occur after your first experiences have taken place.

The planet Saturn symbolizes contraction, effort, time, limitation and concentration. Saturn eliminates anything that is not authentic, sooner or later. It is impossible to cheat him as he gives an irresistible desire to form a coherent whole with oneself, in responsible and wise ways. He is the great purifier. He represents our limitations but also our truth. In your natal chart, the house position where Saturn is posited is more important than his sign position because, like Jupiter, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Saturn in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Saturn in Libra gives you a serious and solemn nature. You may be tough in your contacts: you naturally focus on the essential and you have no concern for the charm you could display. You are irritated by flatteries or by thoughtless compromises. You are genuine and you value justice and authenticity.

A Few Special Points

Your Uniqueness and Your Utopias

This is one of the most potent configurations. Unexpected disruptions of considerable intensity often occur on the factual plane. Embracing changes is the basis of the success of your destiny, which is very likely to include extreme variations, sometimes towards the most glorious heights, sometimes towards ordeals that you face with courage and determination, despite your unpreparedness.

Originality is certainly the context of your professional life or your destiny, in one way or another. Whether it is expressed through your very special area of expertise (high technology, space, aviation, astrology, television, etc.) or through the totally hectic nature of your progression (sudden changes of orientation), you are not able to plan what is coming next. Unforeseen events undertake to make a clean sweep of your certainties. This may offer many advantages if your state of mind is ready to approach life as a journey where your only freedom is to adjust in the best possible way to new emerging situations.

Most of the time, you are very independent, very keen to show your professional talents in a unique and modern way. You are a kind of pioneer or rebel in your area, which allows you to better assert your genius.

Your Inspiration and Your Illusions

As soon as you are within a group or you are involved in a project, your attitude becomes quite peculiar. Instead of asserting yourself and differentiating yourself, you strive to completely merge into the group because you do not intend to impress or to be set apart. The danger may be that you lose your identity or

that you are abused and deceived by the group, or by one of your friends who is a group member.

In general, because of your feelings and your strong intuition, you have a good capacity to become integrated and to slowly gain self-confidence in group settings.

The same holds true for your friendship life. You tend to fuse, to be totally devoted, and to adjust with flexibility to your friends' personality. However, it is hard for you to assert yourself, and you may wrongly be considered as lacking in conviction, although not a weak person.

Your Passion and Your Authority

In the sexuality area, you are very creative and you fear nothing. You are willing to experience your fantasies to the very end because you need to understand life's most secretive and mysterious aspects.

You are usually interested in occultism and in all topics that go beyond the everyday life framework: death and after-death, parapsychical researches, etc. You have a strong sixth sense and you intuitively understand at once things that are usually hidden and private.

Your material life may be disrupted by inheritances and gains stemming from happy speculations. In the most negative cases, you undergo huge losses that are difficult to understand. In all cases, these upheavals are meant to transform your personality and your approach to life.

Your Isolated Planets

In general, the ten planets of the chart are connected to other planets by major or minor astrological aspects. It is owing to those ties that the planets' energies can manifest in the chart owner's personality and play out within safeguards according to a specific tonality.

It seldom happens that in a natal chart, a planet is totally disconnected from the nine other planets.

Astrologers have observed that when such a case occurs, the person feels the energy of the unaspected planet in quite a singular way, very jerky and powerful at the same time. Thus, for instance, the famed astrologer Jean-Baptiste Morin de Villefranche wrote that "an unaspected planet heralds that something strange or extraordinary will take place regarding the meanings of the house in which the said planet is posited" (source : l'astrologie selon Morin).

Rules for detecting an unaspected planet: among all the testimonies that we have reviewed to this day, based on our experience, we tend to agree with American astrologer Janis Huntley who accepts seven aspects, which involve the zodiacal twelve sections of 30 degrees. The aspects to be considered are the conjunction (0 degree, cooperation or tension), the semi-sextile (30 degrees), the sextile and the trine (60 and 120 degrees respectively, aspects of cooperation), the square and the opposition (90 and 180 degrees respectively, tensed aspects), and the quincunx (150 degrees, slightly tensed). In this detection, the chart's angles are not taken into account.

In any case, it is important to remember that an isolated planet clearly expresses its influence when it is a personal planet. Thus, when the Sun, the Moon, Mercury, Venus, or Mars is isolated, it is certain that the

effects described by Jean-Baptiste Morin de Villefranche will become manifest. As for Jupiter, Saturn, Uranus, Neptune, and Pluto, one must be cautious because the volume of cases documented is not yet large enough.

Your chart has no isolated planet, and this particular case does not apply to you.

Annex 1: Your Minor Dominants

The five following dominants are less significant than those described at the beginning of your report. They may not be strongly felt. In some cases, they add several minor details to the analysis of your character, but they are rather for curiosity purposes. It is not necessary to take them into account when you first read your portrait.

Your Planetary Repartitions: Northern, Southern, Eastern and Western Hemispheres

The axis linking the 1st house's cuspid (the Ascendant) to the 7th house's cuspid - the Descendant - divides the zodiac into two bowls, a superior bowl, in the South, and an inferior bowl in the North. Quoting an expression by the famous American astrologer Rudhyar, the Southern part and the Northern part correspond to two functions: "being" and "doing". Other concepts are also associated with this North and South distribution, such as introversion - Northern hemisphere - and extraversion - Southern hemisphere - being or appearances, inner life or external life, reflection or action, dreaming one's life or living one's dreams, the abstract or the concrete, backstage or limelight.

This is not about determination but about personal inclination: thus, some people will be thrown into public life despite a prominent Northern hemisphere. If this happens, however, it will not be due to their will, their taste or their deep nature. Conversely, a prominent Southern hemisphere will not bring about a famous destiny to its owner, even if he tends to turn the spotlight on himself, or if he looks for a more active life. It is a matter of deep nature and natural inclination. Of course, none of the typologies is "superior" to another.

In your birth chart, Nolwenn Leroy, the ten main planets are distributed as follows:

Your Northern and Southern Hemispheres

Nolwenn Leroy, the predominance of planets in the Southern hemisphere prompts you to take action, to draw attention on yourself, and to make your actions and what you have in mind visible to everyone. Sometimes, without giving a single thought to, and to the detriment of, a richer inner life and a deeper and wiser reflection. Action and communication are inevitable in your opinion and you tend to think that the only thing that matters is what is seen! This is not always true, and it is up to you to progress through the development of inner qualities such as meditation, solitude and imagination so as to become stronger.

The birth chart is divided into two other parts, Eastern and Western, by the axis linking the Midheaven to the Imum Coeli.

The Eastern part, on the Ascendant side, shows the person's ego, will, magnetism, and vitality, whereas the Western part, on the Descendant side, symbolizes other people, communication, relationships and their influence, as well as flexibility and adaptability.

Nolwenn Leroy, here is the planetary repartition in your Eastern and your Western hemispheres:

Your Eastern and Western Hemisphere:

The predominance of planets in the Western hemisphere of your chart means that you are quite flexible, capable of empathy, convivial and communicative. An excellent factor for many professional activities or for your social or sentimental life for example.

A definite asset... provided that you are not at the centre of the decisions you must take in your life: you may be tempted to listen to the last person who spoke, and your flexibility won't always get you out of the tight spot. You are therefore advised to learn to decide alone and to cope with the consequences of your actions with courage and without regrets. This attitude will allow you to combine flexibility and action, adaptability and absence of hesitation.

Your Yin and Yang Polarity

The twelve signs are divided into two polarities, called active or passive, or sometimes masculine and feminine, positive and negative, Yang and Yin. This classification corresponds to two quite distinct tonalities, the first one bringing extraversion, action, self-confidence and dynamism, the second one, introversion, reactivity, reflection and caution. None is superior to the other, each group has its own assets and shortcomings. Odd signs - Aries, Gemini, Leo, Libra, Sagittarius and Aquarius - belong to the first group, whereas even signs - Taurus, Cancer, Virgo, Scorpio, Capricorn and Pisces - belong to the second group.

Your Yin and Yang Polarity

According to the disposition and qualities of your planets and angles, you are rather influenced by Yang energy, the active polarity, Nolwenn Leroy: more concerned about actions than reflection, you sometimes rush without standing back and without the deepness that is needed. However, your spontaneity prompts you to take fresh starts, even after repeated failures caused by your rashness.

Your Houses' Accentuations

Houses are split up into three groups: angular, succedent and cadent.

The first ones are the most important ones, the most "noticeable" and energetic houses. They are the 1st, 4th, 7th and 10th houses. Their cuspides correspond to four famous angles: Ascendant for the 1st house, Imum Coeli for the 4th house, Descendant, opposite the Ascendant, for the 7th house and Midheaven for the 10th house, opposite the Imum Coeli.

Planets are evaluated according to a whole set of criteria that includes comprehensive Western astrology rules. At their turn, planets emphasize specific types of houses, signs, repartitions etc., as previously explained.

Your Houses' Accentuations

The emphasis is on succedent houses in your chart, namely, the 2nd, 5th, 8th and 11th houses, Nolwenn

Leroy: this configuration usually endows a personality with affective and sensitive qualities. Obviously, to the detriment of self-confidence or self-assertion, but your heart qualities may be very important. These houses also favour realization. Time and patience are part of their characteristics. However, they are only indications and you must include them in the rest of your chart in order to see whether they are validated or not!

Your Esoteric Decanates

Each sign contains 30 degrees and can be divided into three equal parts: the decanates. The Tradition indicates that specific meanings can be associated to each of the three decanates. Their sphere of activity is usually limited to the Sun sign, however, it is even more interesting to observe the distribution of all the planets in the chart to get an idea of the respective importance of the three decanates, which can complement the description of the personality.

These meanings must be considered with the greatest caution. Indeed, they are minor characteristics that can only underline other outstanding traits of character.

Traditionally, the first decanate highlights the characteristics of the sign where a planet is located. The two other decanates correspond to sub-dominant planets, depending on the nature of each sign. This system leads to a multiplication of meanings and it is impossible to have a clear understanding: here, we prefer to give only the meaning of one decanate in comparison with the other two, within the birth chart as a whole. Again, the greatest caution is needed with regard to this minor indication as it is not always reliable: it is not essential that you read these texts in the beginning. You can get back to them later on, once you have read more important interpretations

Your Esoteric Decanates

The third decanate, which means the part between 20° and 30° of any zodiacal sign, prevails in your natal chart, Nolwenn Leroy. It contains the degrees of spirituality, traditionally more delicate to deal with, since they incline towards evolution and therefore, destabilizations. Individuals with an emphasised third decanate may have a deeper sensitivity than most people, which often brings about ordeals, but also spiritual rewards.

Annex 2: Karmic Study

The karmic theme is a good complement to the psychological portrait, or natal chart. This analysis is based on the positions of the Lunar Nodes, the Black Moon and the Part of Fortune: they are also called fictitious points and describe the spiritual purpose of your destiny. Because there is in all of us an experience and a quest, our life is an evolutionary journey... provided that we head towards the right direction, of course! Indian astrologers highly prize the Nodes axis (North Node and South Node). It is the Ariadne's thread that we are invited to follow. The Black Moon indicates the sector where we are most likely to transform or to transcend, whereas the Part of Fortune points out the area where we can easily express our specificity.

The Lunar Nodes: a spiritual path

Lunar Nodes have their roots in the Indian tradition and they are based on a simple concept: each of us have a mission of their own, here on earth, a destiny, a course. According to the Indian philosophy, life is a school: the nodal axis describes our past experiences (South Node, our karma, our spiritual inheritance or our previous lives), and our aims on earth (North Node, our Dharma, the purpose of our current incarnation). This is the reason why the study of the lunar nodes is called "Karmic astrology". Here, we shall not step into hypothetical past lives. Wherever our current trends may come from, all that really matters is that we become aware of the purpose of our life, its finality and our dharma. We are likely to understand our life purpose around the age of 37, when the Lunar Nodes return to their natal position.

Your entourage respects your manner: you belong to the category of persons who arouse their close friends' consideration because of their straightforward, sometimes rigid attitude. The concern that you must "maintain your rank" may increase the severity of your judgments and lead to intransigence. You are sensitive to the prestige of your social standing and you show an acute sense of responsibilities since your youth. You become an adult early in life and you always avoid dependency. Your life's challenge is to learn to handle your intimate and family life as well as you manage your career. In the private sphere, you may undergo difficulties: you are a real loner and you turn down any help and affection offered by your entourage. You deny yourself the sweetness of a comfortable and reassuring home. However, as time goes by, you will overcome your reluctance and you will allow what you most value, deep down: love and tenderness to blossom within a privileged relationship, within a family...

A part of you is bohemian: you may shirk realities (at least during the first years of adulthood) and you keep your distance from the constraints of this world! However, life reminds you of them... As years go by, you show more pragmatism. Of course, you must keep your assets: a sharp intuition of people and things, a profitable detachment that allows you to cope with daily petty things. But you must also control the vagaries of life that may fall into the bad side of a "bohemian life" if you are not careful. The consequences may be setbacks and delusions that will cease only when you become aware of realities. As you progress, you may be a therapist who heals the body (a medical occupation)... or the soul because you are altruistic and you know how to listen.

Lilith or the Dark Moon

The Black Moon is the spark of refusal and distance that is dormant in all of us. Depending on the sign where she is found in your chart, she highlights the desire to transform and to sublimate a part of your life. The Black Moon is unfathomable and mysterious. She gives a different dimension to the sector she touches. Her manifestations are subtle; nonetheless, she is powerful, implacable, demanding to the extreme... The Black Moon is also called Lilith. She is the inner flame of your heroism and

insubordination.

You have the feeling that you are different from your entourage because you are in charge of both a special mission, and an extraordinary destiny. This configuration may indicate an immoderate pride (when the Black Moon is not well integrated enough). However, when she is well integrated (and she will be, as time goes by), the Black Moon forges an exceptional destiny that implies sacrifices, asceticism and solitude to some extent. The danger is to show too strong an intransigence and to be unable to forgive your entourage's weaknesses as well as your own. But it is also where your strength is found: an innate sense of duty, regardless of the price to be paid for a slow ascension.

The Black Moon here readily sacrifices the ties of this world to the essential: spiritual life and renunciation, fusion into an ideal. Your dreams are strange: life vagaries do not matter since your quest is internal. In the course of your progression, you may often show an unusual faculty of detachment. Although the reasons why you give up a given road for another one may not be always understood... though deep down, you know the reason why.

The Part of Fortune in House

The Part of Fortune is a very ancient fictitious point that depends on the lunar phase at the time of birth. The astrological house tenanted is particularly strengthened. In your chart, the Part of Fortune is in the 4th house: you are constantly looking for basis and for roots. You seek security and integration into a group, a clan or a family. To fully blossom, you need to feel that you are in harmony with your environment. Sound concepts and stable ambiances are reassuring to you. It is within the familiarity of a homogeneous entourage that you are at your best.

Retrograde Planets

The karmic tradition insists on the issues related to the so-called retrograde planets. They are considered to be the inheritance of a past that was not well experienced, a sort of unfinished business. The interpretations of the retrogradation may seem negative or excessive to you. However, you may relate to a scenario that you have often and repeatedly experienced... as if you underwent several setbacks that all have the same cause. Until the day you become aware of it and you can free yourself from it! Through the slow integration of these planetary energies, you will be able to overcome your difficulties and to pay your karmic debt. Actually, each retrograde planet highlights an opportunity for evolution. Nothing can be achieved without the will to grow spiritually and to defeat your own demons.

The planet Mercury was retrograde on the day of your birth. You probably have to make an effort to harmonize your relations: you are prone to screen others with a critical eye and you do not overlook the slightest flaw. You are exceedingly clear-sighted and you approach your contemporaries with distance rather than with natural. This type of behaviour may be an asset: your enquiring and picky mind prevents you from being too gullible. However, your reservations may impede your communication. As time goes by, you learn to establish contacts more spontaneously. During your childhood, you faced problems of expression in your heart of hearts: your doubts prompted you to project an image that was out of touch with the reality... turbulent or withdrawn, you could hardly establish conventional ties. As an adult, you are in a better control of these elements. You still have to find the right way to tell who you really are: this is how you can improve your relationships.

N.B: modern astrology attaches less and less importance to the principles of retrograding planets.

Conclusion

A few remarks are needed here in order to allow you to fully take advantage of your astrological portrait: firstly, do not forget that a birth chart is also a photograph of the sky at birth and a structure that not only contains the personality's characteristics, but also its potential evolution.

We all know that, in real life, people begin to know themselves when they are in their forties, or even later. Likewise, several traits of character in a portrait may seem surprising: in most cases, it means that such features are not yet developed.

Some personalities reveal themselves late in life, whereas others are more precocious. It must be remembered that psychological structures are in a state of continuous evolution because they are influenced by unfolding events and gradual maturity. We can never underline strongly enough the "mobile" nature of the personality, throughout a lifetime.

On the other hand, it is difficult to discriminate what is "already present" at this moment in your life when you are reading your chart's interpretation, from what will appear later in the logic of your evolution: you must sort out all the pieces of information provided and, in most cases, you will see that your astrological portrait is helpful for your endeavours to know yourself better.

Finally, several readings of an astrological portrait are usually necessary in order to absorb all its different meanings and to evaluate the relevance of each character trait.

In any case, better self-knowledge obviously contributes to faster personal blossoming, and it is undoubtedly one of astrology's major roles: contributing to know oneself better, in order to improve more rapidly, to deal with one's weaknesses and to avoid its drawbacks, and to take advantage of one's assets as efficiently as possible.
