Compatibility Report Catherine and William

Introduction: Relationship Analysis

This report integrates all the astrological parameters used by professional astrologers in their comparative studies of a couple's charts, also known as synastry, and uses a comprehensive methodology based on compatibility calculation: we compute the outcome of all the possible combinations existing between two charts and we establish a conjugal index, an affective index, a physical index for the couple's compatibility, and a communication index.

The programme takes eleven major and minor aspects into account, weighing with accuracy formulas for each aspect and rulership. It also analyzes fifteen astrological items (planets and angles, Chiron, Lilith and the Lunar Nodes axis). All the above factors are used for the study of couples and the assessment of our four compatibility ratings or indexes:

The conjugal index

describes the essence of the relationship in view of a marital relationship. It explains the basis and the structure of the link. It is the most important element among the four series of information that are provided here.

The affective index

describes the strength of the sentimental components; it is one of the elements of the relationship structure.

The physical index

gives an idea of the sexual attraction. It indicates only a tendency and you must bear in mind that this very subtle kind of forces may not always express themselves in a constantly equal way, but that they may vary significantly according to other modes of exchange.

The communication index

describes the easy flow of your exchanges, regardless of any affective and physical context. It provides additional and interesting information and may be a binding and amplifying agent among other modes of exchange.

These four indexes or ratings are given a grade between 0% and 100%.

Introduction

What is the concrete meaning of these ratings? They indicate the smoothness of exchanges between two persons and not the quality of their love. Indeed, both partners retain their own choices, their relationship problems or their peculiarities: therefore, it is possible to get ratings nearing 100% although the relationship does not have a positive outcome. Please, never forget a few obvious rules and facts such as in the following examples:

- everyone has one's own character and, for instance, if someone has a predisposition for a belated marriage, an encounter at the age of 18 with a compatible person does not necessarily result into a marriage or a relationship, even if the rating is very high.
- each life goes through very different periods. We may not be available for amorous relationships because we are already involved in a couple or because our state of mind is not conducive enough etc. Therefore, meetings with persons with whom ratings are very high do not necessarily result into a relationship.
- some couples may have quite low ratings; this does not mean unhappiness or problems in the relationship. A conjugal rating of 35% or 40% is absolutely not incompatible with a life-long relationship. The ratings cannot really give information on the intensity of your relationship, which defies these types of criteria. We underline again that we are dealing here with smoothness and not with quality and that two persons with an index of 30% or even 10%, will not experience an "inferior" quality of love, compared to a couple with an index of 80%: the difference probably comes from the fact that they will need to put a lot of energy and efforts in the relationship in order to enhance it and to make it last.

Please, do bear in mind that these figures represent a tendency and not a final verdict, because of all the factors we have just explained.

This report describes in detail the characteristics of your couple's relationship, sorted out in order of importance. They are arranged in two chapters, the first one deals with the relationship from an amorous perspective only, while the second chapter deals with its human aspect, not specifically amorous, which is the communication plane; of course, both parts are linked to each other since the relationship forms a whole. Read them once again, you will most probably be amazed and you will see for yourself how accurate they are. However, please bear in mind that a human relationship is complex and may contain contradictions, which our report cannot highlight, for obvious reasons: indeed, the synthesis of the compatibility indexes with their texts is the only tool that allows to understand properly your couple's relationship.

Your four compatibility indexes are provided with a comment regarding their values.

Your Astrological Parameters

Catherine, born January 9, 1982, at 07:00 PM, Reading (Berkshire), United Kingdom [0.59W ; 51.28N ; 0E00]

	Natal Planets		In William's *	Natal Houses (Placidus)		
☉ Sun	19°12'	♄ Capricorn	House 1	House 1	20°00'	♌ Leo

Love Characteristics

Your Strong Points

★★★★★ Conciliation aspect ♀ Venus ♀ Mercury, Strength: 39.5

Gentleness and affection on the one hand, and easy communication on the other hand, your qualities are in a state of permanent receptivity and bring about a most pleasant comprehension. William enjoys continuously talking, explaining and expressing his ideas, while Catherine encourages him through a warm attitude, which provides him with the necessary confidence and stimulation. In this way, Catherine can inspire William's literary or intellectual creativity and, why not, she can help him disseminate his ideas and contribute to achieve success in this regard. William will always find in Catherine the affectionate support he needs in his difficult moments or when his creativity lacks inspiration.

★★★★★ Conciliation aspect ♀ Venus ♂ Mars, Strength: 37.3

This is the best possible sign of physical compatibility between two persons and it had to be yours! Both of you have the luck of the devil because you can freely express all your desires and experience them together without restraint, with harmony and voluptuous pleasure. It is not exaggerated to say that the contact between you is magnetic, even electric: you are highly sensitive to the physical presence of your partner and both of you equally appreciate the other one, a little bit in the way children appreciate chocolate! In your couple, William is more active and dynamic, but it does not prevent Catherine from launching charm offensives and being very successful at it. Sometimes, the relationship is not an amorous one but both of you tremendously enjoy being together.

Your Relationship

★★★★★ Conciliation aspect ♃ Jupiter ☾ Moon, Strength: 33.3

You feel a soothing pleasure and a sheer comfort when you are together. Even when you are under the influence of other mutually tensed stimulations, the essential trend of your relationship is towards appeasement, generosity and esteem. Indeed, Catherine appears as a really generous person who provides all the protection William needs. And William easily adjusts his mood and his character to Catherine's reassuring and benevolent personality. Your easy and harmonious relationship is a token of success on the human, professional, and amorous planes. Your relationship may not be symmetrical, however, it is positive for both of you and if you are too lenient towards each other, who could ever blame you for that?

★★★★★ Conciliation aspect ♇ Pluto ☉ Sun, Strength: 23.1

There is an obvious and mutual need for deep transformation between you. If each of you is open to important self-questionings, your relationship promises to be intense: an almost innate understanding, as well as emotional and sexual compatibility are likely to settle in. William is under the spell and wants to help Catherine to gain confidence in her own capacity for self-expression, while in return, Catherine tremendously admires his determination and his radiance and encourages its revival in order to start anew. Catherine plays a sort of catalyst role for a remarkable evolution of your couple and she deeply influences the future of your relationship.

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

★★★★★ Conciliation aspect ♆ Neptune ♀ Venus, Strength: 13.1

Your relationship is so deeply marked with purity and an almost mystical quality that both of you feel on cloud nine. Both of you may have difficulties in discriminating between dream and reality because for you, everything plays out at a subtle and ethereal level. Your heart impulses are immediately echoed in the other one's feelings and you may experience a quality of love that Romeo and Juliet would envy you. Catherine tends towards selflessness and self-sacrifice for the sake of William's happiness, but there is no need for that because mutual tenderness and affection are strong. If physical attraction is also prevailing between you, the quality of your couple may reach a state of perfection. Artistic cooperation is an excellent outlet, should your respective contexts not be conducive to a love relationship.

Your Relationship

★★★★★ Conciliation aspect ♃ Pluto ♀ Venus, Strength: 6.1

Passion may just lay hold of you! Physical or sentimental fascination, or both at the same time, most often. It is obvious that there is a potent link between you and that it is meant to be experienced intensely. Catherine is instinctively, almost irresistibly drawn to William as soon as you are together, while William feels a deep fascination for Catherine. It is very unlikely that you can avoid each other and, sooner or later, you will feel in your flesh and your soul the unforgettable experience of this privileged, animal and long-lasting relationship.

Your Weak Points

★★★★★ Tension aspect ☾ Moon ♄ Saturn, Strength: 25.4

This is a serious warning for caution. It is likely that in the course of time, sometimes quite rapidly, communication gets bogged down. Catherine may be frustrated by William's lack of warmth and in return, William may be irritated by Catherine's lack of seriousness. The danger is present, clear and tangible, and both of you must put in a lot of effort in order to adjust to each other. Catherine often feels that William's judgement is harsh, that he is too disciplined, too tidy and too selfish, while William deplores Catherine's lightness and triviality. If you really love each other, with time, you can overcome your differences but you must not allow time to wear out the excitement of the first moments. The ball is in your court...

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

★★★★★ Tension aspect ☉ Sun ♃ Pluto, Strength: 13.7

Both of you need to assert yourselves within your couple and you both feel a personal pride in achieving your objectives. Your feelings are often excessive and you are both exposed to conflicts where rivalries and struggles for power prevail. William wants to change Catherine, he expects too many efforts from her and he manoeuvres insidiously with a view to get what he wants. Then, Catherine may lose confidence in her own capacities and, because she feels threatened by William's psychical power, she also uses her authority in order to resist this imposed metamorphosis; as a result, anger is stirred up on both sides.

★★★★★ Tension aspect ♂ Mars ♀ Venus, Strength: 9.1

Physical attraction between you is strong but it may not be expressed in the most harmonious way. William often feels that Catherine is violent or pressing. Although Catherine is drawn to William, she is unable to find the

Your Relationship

right attitude that would win his favours. Jealousy may also be an important risk factor in your couple. Therefore, tensions may settle in, blending desire and frustration. If Catherine does not understand that she is being brutal with William, there is a real danger that the relationship wears out. Similarly, William may be partly responsible for those disharmonious exchanges, for instance when he wrongly suspects Catherine of being ill-intentioned.

★★★★★ Tension aspect ♀ Venus MCMC, Strength: 8.5

Catherine may take advantage of William's position quite unfairly. Or William's reputation may be tarnished because of Catherine's whims and lack of effort. William's generosity may be misused but there is nothing really harmful for none of you. It is just a matter of discrepancy between Catherine's doings and William's interests.

★★★★★ Tension aspect ♂ Mars ☾ Moon, Strength: 6.1

The relationship is quite... explosive. Catherine can't help trying to dominate William who doesn't agree. The atmosphere is often electrical and the danger for you always comes from William's too deep receptivity as well as from Catherine's apparent violence. Unwillingly, Catherine may hurt William to the extent that fights occur and cannot be easily brought to an end because no one is ready to give in. To find the antidote against this type of behaviour, Catherine must curb her active and domineering ardour and William must tone down his touchiness. It is difficult for both of you to do so, but if you really love each other, you will succeed because your relationship is really worth it. In any case, there is always something going on!

★★★★★ Tension aspect ☾ Moon ♃ Pluto, Strength: 4.5

There is a strong sign of fascination between you but you must not allow it to turn into a power of domination from William over Catherine. The danger is there, clearly indicated, but it remains only a danger... Catherine may feel this power of domination, even some aggressiveness, in William's behaviour because William immediately finds her vulnerable spots. To solve the problem, William must become aware that he should exercise some self-restraint within his quite "predatory" approach and Catherine must tone down her natural touchiness. For both of you, caution must be borne in mind and, on this condition, you will stay together if you wish to.

Your Relationship

Communication Characteristics

Your Strong Points

★★★★★ Conciliation aspect ♂ Mars ♂ Mars, Strength: 71.4

Some sort of enriching dynamism marks your relationship. Thus, you always feel that your joint efforts significantly increase your respective successes. Your presence boosts your partner's temperament and ardour, and vice-versa. You stimulate each other and it is very likely that you happily share many concrete activities such as sport etc. If you are already a couple, your physical relationship is lively and fulfilling. You are able to implement common projects and to work together efficiently, even though both of you must sometimes personally adjust to the other one's dynamism.

★★★★★ Conciliation aspect ♂ Mars ♀ Mercury, Strength: 57.7

You mutually stimulate each other but in different ways. Catherine's dynamism and provocations put William on the alert. They prompt him to sharpen his mind and his conceptions, and thus, to constantly improve himself. Despite the tricky side of your exchanges, they constitute a positive drive. In the end, you are delighted by this pleasant joust because Catherine always feels a real intellectual excitement in William and the latter has only one desire: to brilliantly do more, in order to overcome her criticisms and to improve his own verbal strategies, which are already very impressive. Besides, you can efficiently cooperate on the professional plane, as the combination of your complementary talents proves very fruitful.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

★★★★★ Conciliation aspect ♃ Pluto ♃ Jupiter, Strength: 42.6

Catherine's ascendancy over William may have a positive transforming effect and may encourage his ambitions and his actions in the fields of business, politics, as well as his moral and philosophical ideas. As both of you unite your strong intuition and optimism, you give yourselves the means to achieve projects together and also, to be successful on a more personal plane, in your couple's life.

★★★★★ Conciliation aspect MCMC ☾ Moon, Strength: 42.4

William instinctively understands Catherine's major objectives and contributes to their achievement. Catherine finds in William all the support and the warmth she needs in order to believe in her own capacities. William is often behind Catherine's meetings with an audience, or he finds supportive persons within the circle of your friends or your customers, if you work together in the same company. Catherine's reputation and fame are shown in a flattering light when William stands by her side. This excellent sign of

Your Relationship

shared ambitions and objectives may also greatly contribute to your couple's harmony and further its integration within your respective entourages.

★★★★★ Conciliation aspect $\text{MC MC } \Upsilon$ Jupiter, Strength: 32.2

This excellent combination indicates that with William's unconditional support and benevolence, Catherine can discover new social circles or achieve her human or professional objectives. Catherine's social status is enhanced as William spares no effort in order to favour Catherine's position and to encourage her self-confidence. This is a sign of strong protection from William to Catherine who, in return, will play an important role in the development of William's abilities to display his own assets in your joint projects.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

★★★★★ Conciliation aspect Ψ Neptune AS AS , Strength: 28.2

The relationship may appear to both of you to be marvellous and ideal, straight away. Magic seems to prevail, you both feel that you are living something unique and that you have found your soul mate. Understanding is innate, almost intuitive. Catherine encourages William to develop his imagination and his spirituality, while William helps her to better formulate her mystical vision of things. In your relationship, the danger may lie in a tendency to over-idealize the partner and to create illusions.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

★★★★★ Conciliation aspect $\text{Mercury } \text{Mercury}$, Strength: 27.8

Your thoughts are always in phase, they are identical or, even better, complementary. It is an on-going renewed pleasure for both of you to talk, to reinvent the world, to weigh the alertness of your minds, and to exchange ideas, till your thirst is quenched. You share a very great number of centres of interest. You are able, not only to share many entertaining activities, but also to work together most efficiently and in a pleasant atmosphere. Learning, understanding and communicating are the major assets of your relationship.

★★★★★ Conciliation aspect $\text{Mars } \text{Saturn}$, Strength: 27.4

Action and movement are coupled with stability and patience: this is an original mix that may bring about excellent assets to both of you. Catherine is the mobile and active element, while William is the moderating agent who never loses sight of your common responsibilities. It is clear that your cooperation requires some time to get started but you both take advantage of it and, once it gets into its stride, you know perfectly well your roles within your couple. You can work together very well, with exemplary

Your Relationship

complementarity.

★★★★★ Conciliation aspect ♀ Mercury ☉ Sun, Strength: 24.9

Both of you have a very strong capacity to communicate and an obvious intellectual tie that allows Catherine to most efficiently express all her ideas, while William is always available and lends a sympathetic ear. The smoothness of your connection benefits the comprehension within the couple but it is also a major asset for any professional cooperation where contacts, communication and words play an important role. Whether you share a commercial activity, or whether you participate together in a more literary work, you can work together very well: William usually shows the way while Catherine analyzes all the possibilities and dissects the best strategies.

★★★★★ Conciliation aspect ♃ Jupiter ♃ Jupiter, Strength: 23.2

This is a plain sign of good compatibility between you on the professional and business plane. It may play out in the moral, philosophical or political areas. It may also simply indicate that both of you appreciate each other. It applies to your couple and to your relationships in general, where there is a strong tendency for appeasement, warmth and mutual esteem.

★★★★★ Conciliation aspect ♆ Neptune ☉ Sun, Strength: 21.5

You certainly have the feeling that you are experiencing a privileged and mystical relationship where both of you share the same spiritual values. Each partner is idealized and your feelings are stamped with great romanticism. Catherine deeply values William's brilliant abilities and helps him express himself with more sensitivity and develop his intuition. William welcomes Catherine's adoration and, in return, he encourages her to give concrete expression to her dreams through increased creativity. You enjoy participating in artistic activities where each of you can improve at the other one's contact.

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

★★★★★ Conciliation aspect ♇ Pluto ASAS, Strength: 15.5

Your bond is instinctive and brings about a very subtle, sensitive and sensual communication that is able to arouse very powerful feelings on both sides. You encourage each other to improve yourselves: Catherine helps William gain awareness about the necessity to question himself and to develop his own priorities, while William strongly boosts Catherine's psychical energy. You can experience a great, intense and exclusive passion, however, Catherine tends to dominate and control William who may develop a sort of

Your Relationship

dependency that, strangely enough, will be well accepted because the relationship is such a harmonious one.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

★★★★★ Conciliation aspect ♃ Pluto MCMC, Strength: 12.6

Whether you like it or not, there are power struggles between you. Catherine's authority and strength have a determining influence on William whose destiny is irresistibly and positively transformed by Catherine. In William's view, Catherine appears as a demanding but mysterious and fascinating figure, whose charisma and hidden powers impress William very deeply. All this makes your couple all the more steady.

★★★★★ Conciliation aspect ☿ Mercury ☾ Moon, Strength: 10.3

You are so lucky: Catherine instantly and almost magnetically understands William's mood and can communicate with the right words, in the simplest and most natural way. William can rejoice that his sensitivity is instinctively perceived by Catherine. This type of communication is excellent for all forms of cooperation, far beyond the amorous relationship. William's imagination and mood influence Catherine's intellectual inspiration and the sole fact that you are together constitutes the perfect stimulation. William appreciates Catherine's brilliant mind and communication is strengthened and enriched for both of you.

★★★★★ Conciliation aspect ♄ Saturn ♃ Jupiter, Strength: 9.8

A strong complementarity allows you to pool your talents for the sake of your professional or financial interests. Indeed, Catherine puts her entire experience and rigour at the service of William's will to expand and to improve: caution coupled with broadness of vision brings a significant dynamism that is very profitable to your couple or your association.

★★★★★ Conciliation aspect ♃ Uranus ☿ Mercury, Strength: 8.5

So many mutual intellectual and nervous stimulations! It is certain that there can be no boredom when you are together. One of the partner's original ideas and style of personality arouse the interest and the curiosity of the other one. Your exchanges are continuously lively and almost telepathic! Swiftiness prevails and reactions are quick. You can spend hours shifting from one topic to the next, both of you being carried away by innovative ideas or off the beaten path concepts, irresistibly engrossed in bright, endless, verbal and mental jousts. Your shared mental activities stir up your creativity with dazzling ideas sprouting all over. They make you evolve in such exquisitely original ways.

Your Weak Points

Your Relationship

★★★★★ Tension aspect ☉ Sun ♄ Saturn, Strength: 31.3

Because William gives too many pieces of advice and sets too many limits to Catherine, whom he sees as an irresponsible person, he tends to undermine Catherine's enthusiasm and creativity. As a result, Catherine may feel frustrated and guilty, with doubts and complexes developing sooner or later, as a reaction to William's determination to prevent her from succeeding. It is likely that both of you take on your responsibilities as a burden: Catherine is overwhelmed by too many criticisms and William feels threatened in his position of authority. Therefore, your relationship is not too fulfilling, unless William shows more detachment and flexibility and Catherine strives to understand the elements of her attitude that arouse William's unconscious fears.

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

★★★★★ Tension aspect ASAS ☾ Moon, Strength: 15.8

You do not really share the same approach to cooperation in a couple and both of you may have difficulties in understanding the other one's reactions. Catherine, who wishes that William were less sedentary, may be irritated by his excessive attachment to life principles and habits, whereas William disapproves of Catherine's impulsive way of expressing herself. Therefore, conflicts may crop up about domestic matters or children's education.

★★★★★ Tension aspect ♀ Mercury MCMC, Strength: 13.8

Catherine has many difficulties in explaining her objectives to William. Your discussions lead to nowhere and, despite Catherine's efforts to explain herself or to contribute to William's ambitions, the outcomes are likely to be insignificant. There is nothing really serious, but in the long run, there may be a danger that you avoid all intellectual exchanges because, at the end of the day, most of the time, they produce no benefits.

★★★★★ Tension aspect ♀ Mercury ♃ Jupiter, Strength: 2.7

When you are thinking or discussing together, try to be wary about erroneous judgements or ideas. William tends to accept Catherine's views with too much leniency or sometimes, he may use them ill-advisedly. Catherine may be influenced by his excessive kindness or she may be disappointed by his pretentious and authoritarian attitude. However, you can try to think and work together but in that case, exercise some caution, and all will be fine.

Potential Mutual Influences

When we compare two astrological themes, in addition to the blatant and directly active relations that were delineated above, there is a number of potentialities which describe secondary mutual influences playing out in different life areas: they are not visible at once, as their effect is not direct, but they shed complementary light which fine-tunes certain attitudes between two persons. Indeed, in the long run, these different energies play out in a more noticeable way and will contribute to the relationship's richness and complexity. We analyze them here in ten short chapters addressing each of the ten types of energy involved. Please, keep in mind that they will not be understood and felt until the relationship has matured.

Your Mutual Encouragements

Sympathy and mutual closeness develops instantly between you. You often have the same reactions, and this fact favours the emergence of a feeling of familiarity giving rise to a very tight link. Your instinctive trust in the other one facilitates your exchanges, encourages you to mutually give the best image of yourselves and to develop your self-confidence. Both of you find your respective place within your couple and, without rivalry, you can cooperate with a view to achieving a common task, with Catherine as the most active pole of your bond. The other side of the coin is that there may be some competition between two strong wills striving to impress each other. Thus, the image that both of you project is accentuated by the partner and this "mirror" effect highlights realities that you both would have preferred to leave in the dark.

Friendly ties and mutual aid are prevailing between you: William naturally plays the role of advisor and allows Catherine to move more efficiently towards her own goals and ideals. It is very likely that you have many centres of interests in common and that dialogue flows smoothly and pleasantly between you.

Your Mutual Influence When Facing External Events

Catherine contributes significantly to the development of William's relations in order to get him involved into more important and varied circles. Your cooperation is tight and in most cases, it constitutes a factor that brings together conjugal partners in happy and pleasant ways.

Your relations seem natural and obvious. You both feel in confidence and you give free rein to your emotions in a warm and relaxed way, without having to worry about what the other one thinks. Catherine has her head full of projects and she widens your couple's scope of vision, through meetings with new friends for instance, while William welcomes them in a convivial and fanciful atmosphere. William may also offer his intuition and his imagination, which

Your Relationship

are beneficial to Catherine's undertakings.

Your Mutual Stimulations in the Field of Communication

Your relationship is intellectually very stimulating, with each partner positively influencing the other one's personality and thoughts. Catherine gives William ideas so that William can improve his self-expression, while William encourages Catherine to take action and to implement her own theoretical representations. Your capacity for communication alleviates any possible difficulty and allows you to pursue together this positive association of thought and action. However, Catherine's remarks may be too impulsive, which may hurt William's sensitivity.

This is an excellent factor for bringing you together, thanks to the fact that William easily understands Catherine's objectives. It greatly facilitates your exchanges and, for instance, if you are in a business or work together, Catherine benefits from William's ingenuity and sense of communication. Indeed, William readily puts his entire intelligence at the service of Catherine's career or destiny. In a couple, this kind of bond favours the development of common projects, even though Catherine is the one who benefits most from William's excellent ideas. In some cases, your discussions are not right to the point but, sooner or later, your capacity to understand each other will come into play.

Your Reciprocal Abilities for Creating Harmony

Both of you immediately feel the pleasure of being together. Catherine irresistibly attracts William who falls under her spell straight away. Your amorous attachment is obvious and both of you are aware that you have the same feelings of mutual gratitude. Therefore, you emotionally identify yourself with your partner. One of the consequences of your relationship's nice characteristics is that the partner who pays the most importance to physical aspects can help the other one evolve aesthetically and find the best style or the best look!

William exerts great fascination over Catherine who is not far from idealizing William. The relationship is warm and William is happy to be the subject of Catherine's idolatry. In return, William generally contributes to the achievement of Catherine's objectives or he supports Catherine, so that the latter successfully accomplishes her professional destiny. Catherine's unlimited admiration for William is a guarantee for the solidity of your relationship, which both of you enjoy as your reward. William must be careful that, at times, his whims don't tarnish Catherine's image.

Your Relationship

Your Mutual Stimulations in the Field of Action

In your couple, Catherine encourages William to discover new horizons and to compare new intellectual and philosophical ideas. Both of you have many debates about different approaches to life and you also share a deep interest in foreign cultures. Thanks to Catherine's enthusiastic and dynamic initiatives, you travel frequently in order to put your beliefs into practice and to test them.

Intellectual communication is stimulated in your couple: you spend lots of time discussing, phoning, writing... To you, all means are good! You need to constantly exchange ideas and to share an activity with your partner. William is the driving force in your relationship and, under his impulse, both of you have a very eventful life. You make numerous short trips, which allow you to keep on learning, and then, to carry on your long and rich conversations... In this pleasant atmosphere, Catherine feels in confidence in William's company and does not hesitate to share her problems and to confide her most intimate doubts.

Your Assets, Protections and Abilities for Success

This excellent combination allows William to benefit from Catherine's unconditional support and benevolence, to discover new social circles, or to achieve his human or professional objectives. Therefore, William improves his own social status and will spare no effort in order to favour Catherine's position and self-confidence. This is a sign of strong protection from Catherine to William who, in return, will play an important role in the development of Catherine's abilities to make use of her assets in your joint projects. However, Catherine may overestimate her capacities when you are together.

William's maturity and experience rapidly offer Catherine the possibility to enlarge her knowledge and, in an atmosphere of sympathy and trust, to fill her shortcomings in the field of studies or in dealing with others. William may tend to exaggerate, which brings about a few misjudgements, and it will be Catherine's turn to make allowances and to retain only the meaningful parts of William's remarks.

Lessons Drawn From Experience and Your Responsibilities

Catherine's wisdom and detachment positively influence William in areas dealing with life's higher purpose: spirituality, religion, and philosophy. All the pieces of advice Catherine provides on these topics take a peculiar dimension and incite William to tend towards more serenity and depth. According to the Tradition, with this configuration, Catherine has a propensity to limit William's travels, probably in order that William can dedicate himself to more important tasks.

Your Relationship

William encourages Catherine to improve her intellectual stability and concentration, to sharpen her critical mind and, finally, to learn to get rid of superfluous and outgrown ideas; in short, to go right to the point... At the same time, William's serious side, or the context of your situation, may prompt him to restrict the contacts and the bustle in Catherine's environment. But here, it may only be a matter of learning some sort of stability.

How You Motivate Each Other and the Impact on Your Uniqueness

A genuine friendship unites you - in addition to other more intimate ties existing between you, of course - and both of you evolve in a spirit of mutual respect and tolerance, without ever trying to impose yourself. You always encourage each other to show more independence in your words and your actions. Catherine's dynamic personality prompts William to take increasing risks and to instil more originality into his projects. Your very unusual relationship may lead you to commit yourselves in joint humanitarian or collective actions.

Catherine tends to take on a mother-like, protective role, with a propensity to decree strict rules within your couple. But William may upset the established order as he tries to get Catherine to forsake overwhelming values passed on since childhood and urges her to undertake experiences which are new and liberating from past influences. Therefore, all changes are possible since William is unpredictable! Be careful, however, because things may get moving, in all the senses of the term...

Idealism, Compassion and Euphoria

Straight away, the relationship may appear as marvellous and ideal to both of you. Magic prevails and you both feel that you are living something unique and that you have found your soul mate. Understanding is innate, almost intuitive. Catherine encourages William to develop his imagination and his spirituality, while William helps Catherine to better formulate her mystical vision of things. In your relationship, the danger lies in a tendency to over-idealize the partner and to create illusions.

Exacerbated romanticism or delusion: it is up to you to choose the lot awaiting you in this very peculiar relationship. William's affectivity may drag you towards situations where your imaginations flare up and your bond get strengthened in an atmosphere loaded with emotions and poetry. In any case, your tie provides Catherine with inspiration and an almost magical liveliness or feeling, whenever you share entertaining or creative activities.

Your Relationship

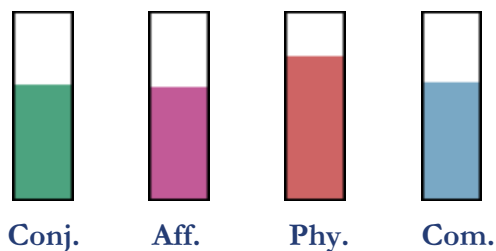

Awareness Gaining and Transformation Factors

William's religious or spiritual ideas are deeply influenced by Catherine's conceptions in this area and may bring about a beneficial transformation of his personality. Your numerous exchanges favour your mutual enrichment and increase your knowledge in matters of a higher order or in topics related to remote travels of the initiatory kind, for instance.

In the area of ideas, as well as in that of daily and close relationships, William may bring the puff of renewal and evolution into Catherine's life and make her gain awareness of several aspects that were concealed so far. Sometimes, these pieces of advice, or influences, may be expressed in a domineering way. But, at the end of the day, it does not really matter, because positive transformation is achieved.

Indexes and Couple's Diagnosis

Conjugal index	63%
Affective index	61%
Physical index	77%
Communication index	64%

Your relationship is smooth, and everything is possible. You simply need to adjust to each other and you can easily do so. It only takes a minimum of warmth and mutual understanding for your couple to function steadily in spite of some rare disagreements. You must turn your marvellous relationship into a success love story because you have all the necessary keys and assets to this end. So, go for it!

Disclaimer

As explained in our introduction, the above ratings and comments constitute only average figures based on the inter-aspects found in your synastry. The most significant part you should read is in the important relevant paragraphs and not in this conclusion, which is given for information purposes only.

Very low compatibility ratings do not rule out long and fulfilling relationships. Conversely, high ratings may not lead to the couple you are dreaming of: one's astrological climate - especially that given by your transits - as well as your natal chart may provide valuable and additional indications for the future of your relationship.

Conclusion

We hope that this Report has shed light on how your relationship works, as well as on the various aspects of your respective personalities.

There is a point that we deem necessary to underline: in our conclusion, we want to insist one last time on the meaning of the compatibility ratings; the marks that quantify your affinities never give an implacable verdict regarding the quality of your couple's relationship.

Here, we are dealing with the more or less smooth way in which you actually experience your relationship, and under no circumstances, are we addressing its beauty or its strength.

For the sceptical ones who do not believe in astrology, we do not resist the pleasure to quote a few comments by persons of authority in this area. They are drawn from the excellent book authored by one of the undisputed French masters, André Barbault, *Traité Pratique d'Astrologie* (Practical Treatise of Astrology), published by the Editions du Seuil:

KEPLER: « Twenty years of practical studies have convinced my rebellious mind of the reality of astrology. »

HENRY MILLER: « Astrology considers man in his wholeness and I believe that it is essential: man is a comprehensive being. Astrology shows that nature has its rhythms and that each human being participates in these rhythms... »

C.G. JUNG: « If people whose education leaves a lot to be desired have thought that they could, until recently, make fun of astrology, considering it as a pseudo-science dead a long time ago, this astrology, dating back to the depths of popular wisdom, comes up again at the door of our universities, which they left three centuries ago. »

SAINT-JEROME: « I remain silent on philosophers, astronomers, astrologers whose science, very useful for men, is asserted through dogma, explained through method, justified through experience... »

ARISTOTLE: « This world is linked in a necessary way to the movements of the superior world. Any power, in our world, is ruled by these movements. »

BALZAC: « Astrology is a huge science that has ruled the most intelligent minds. »

PIERRE SCHAEFFER: « It seems to me that astrology can, in its way, through the configurations studied, detect the most secret relationships of human being's inner life. »

Conclusion

The list of personalities who are in favour of astrology is increasingly long. It is clear that, in the 21st century, astrology is gradually given back the place it used to enjoy, except during the past three centuries: a human discipline that works well, with its questionings, its research and its evolution, but also with the mystery over the reasons of its accuracy.

Regarding interpersonal relationships, the debate is quite similar to that of astrological forecasts. Although fate is not inescapable, it does not allow to dismiss a great number of peculiar behaviours that everyone finds astonishing. For instance, instinctive sympathies and antipathies, sometimes with no apparent cause and lasting for a whole lifetime, remain definitely mind-boggling.

Astrological rules applied to the comparison between two charts produce a quick answer because basic incompatibilities exist, in the same manner as fire does not blend well with water or a journalist's mind does not match a researcher's because their respective and basic objectives are too different.

Thus, astrology allows to quickly understand what could otherwise be ascertained after quite a long period of time. Isn't it already one of the justifications of its practice?

We do think so and we strive to draw information for the benefit of as many people as possible.

However, do not forget that the results and the explanations provided to you are only indications and that it is up to you, and to you only, to decide which path your couple is to follow: the stars incline but they do not compel.
