Compatibility Report Catherine and William

Introduction: Relationship Analysis

This report integrates all the astrological parameters used by professional astrologers in their comparative studies of a couple's charts, also known as synastry, and uses a comprehensive methodology based on compatibility calculation: we compute the outcome of all the possible combinations existing between two charts and we establish a conjugal index, an affective index, a physical index for the couple's compatibility, and a communication index.

The programme takes eleven major and minor aspects into account, weighing with accuracy formulas for each aspect and rulership. It also analyzes fifteen astrological items (planets and angles, Chiron, Lilith and the Lunar Nodes axis). All the above factors are used for the study of couples and the assessment of our four compatibility ratings or indexes:

The conjugal index

describes the essence of the relationship in view of a marital relationship. It explains the basis and the structure of the link. It is the most important element among the four series of information that are provided here.

The affective index

describes the strength of the sentimental components; it is one of the elements of the relationship structure.

The physical index

gives an idea of the sexual attraction. It indicates only a tendency and you must bear in mind that this very subtle kind of forces may not always express themselves in a constantly equal way, but that they may vary significantly according to other modes of exchange.

The communication index

describes the easy flow of your exchanges, regardless of any affective and physical context. It provides additional and interesting information and may be a binding and amplifying agent among other modes of exchange.

These four indexes or ratings are given a grade between 0% and 100%.

What is the concrete meaning of these ratings? They indicate the smoothness of exchanges between two persons and not the quality of their love. Indeed, both partners retain their own choices, their relationship problems or their peculiarities: therefore, it is possible to get ratings nearing 100% although

the relationship does not have a positive outcome. Please, never forget a few obvious rules and facts such as in the following examples:

- everyone has one's own character and, for instance, if someone has a predisposition for a belated marriage, an encounter at the age of 18 with a compatible person does not necessarily result into a marriage or a relationship, even if the rating is very high.
- each life goes through very different periods. We may not be available for amorous relationships because we are already involved in a couple or because our state of mind is not conducive enough etc. Therefore, meetings with persons with whom ratings are very high do not necessarily result into a relationship.
- some couples may have quite low ratings; this does not mean unhappiness or problems in the relationship. A conjugal rating of 35% or 40% is absolutely not incompatible with a life-long relationship. The ratings cannot really give information on the intensity of your relationship, which defies these types of criteria. We underline again that we are dealing here with smoothness and not with quality and that two persons with an index of 30% or even 10%, will not experience an "inferior" quality of love, compared to a couple with an index of 80%: the difference probably comes from the fact that they will need to put a lot of energy and efforts in the relationship in order to enhance it and to make it last.

Please, do bear in mind that these figures represent a tendency and not a final verdict, because of all the factors we have just explained.

This report describes in detail the characteristics of your couple's relationship, sorted out in order of importance. They are arranged in two chapters, the first one deals with the relationship from an amorous perspective only, while the second chapter deals with its human aspect, not specifically amorous, which is the communication plane; of course, both parts are linked to each other since the relationship forms a whole. Read them once again, you will most probably be amazed and you will see for yourself how accurate they are. However, please bear in mind that a human relationship is complex and may contain contradictions, which our report cannot highlight, for obvious reasons: indeed, the synthesis of the compatibility indexes with their texts is the only tool that allows to understand properly your couple's relationship.

Your four compatibility indexes are provided with a comment regarding their values.

Your personalities

The purpose of this chapter is to describe your psychological portraits and to highlight the most fundamental features on the personal area which may help you understand the way you behave with your partner as soon as you start a romantic relationship. The chapter begins with the analysis of your eleven planetary dominants and outlines your personality's general traits before going into further detail. In this preamble, we advise you to pay special attention to the elements, modes, houses, signs, and planets' dominants. The six other dominants are less important. Your report then delineates the various facets of your personality:

In general, even when relationships are not involved, we express ourselves and we feel according to our character and our personal motivations: this is indicated by the Ascendant and the Sun sign which both give details on the way we function. They shed a tremendously important light which allows to figure out your personality. Here, we describe your Sun sign (your inner self), your Ascendant (your behaviour as seen by others), and the ruler of the Ascendant (interesting additional pieces of information about the style of your personality). These descriptions alone cover nearly a third or a half of your psychological signature, depending on your natal chart characteristics.

Then, we address your sensitivity, or in other words, the way you receive things and how you express your emotions; it works as a constant filter for all your exchanges, even when it becomes a more secondary element in your amorous relationship, because at that moment, affectivity prevails. Sensitivity is the way you perceive things, it is your radar, your daily mood, and at the same time, it indicates how you react to your entourage, on a daily basis. It is what others immediately see of you. In the second paragraph, we explain in which areas of life your sensitivity and your emotions are strongest, therefore, where you are most vulnerable.

After that, it is your affectivity, the way you love and how you charm, that comes into play as soon as you fall in love: the first part indicates its basic structure or its main form. The second part describes the areas where it is best expressed and how you display it, according to your personality.

Another fundamental area deals with your mode of action and your sexuality: how you behave, how you manage to obtain what you want, what kind of desires you have. There are twelve possibilities, very different from one another. The study discloses the specific one that applies to you. In the second paragraph, we explain in which life areas you may most efficiently take advantage of your capacity for action and for conquest.

Your ways of communicating and of thinking are obviously among the major elements that must be integrated into the delineation and the description of your personality. Indeed, they influence your general behaviour and may modify or enhance the image your project (for instance, extraversion may "compensate" a weak affectivity, but a huge number of cases are possible). An additional chapter indicates the favourite areas where you enjoy communicating, thinking and meeting with people.

Besides, we analyze an even more personal aspect that is important to define and understand what may occur within your couple: each of us have a centre of interest, a privileged manner to be fulfilled or to achieve our destiny; this main motivation is indicated by the positions of your Sun and your chart ruler in the astrological houses and we provide you with its detailed description.

A natal chart contains the potential for specific fulfilment and a whole range of assets, protections and qualities. How does the lucky factor manifest in your personality? In which area can you best exploit your qualities? The answers are precisely revealed to you in this chapter.

On the other hand, we all feel in us a part of vulnerability, doubts and fears. How does this part of solemnity play out? How is it possible to handle it in order to evolve and to get rid of useless elements? All this information is provided to you in these two paragraphs.

Then, you can discover three additional traits of your personality that must be considered as secondary ones. They deal with your predispositions, which means that they need to be triggered by external events because they are not influenced by your will; let's call it a part of fate. Please, bear in mind that your destiny can unfold only in accordance with what you are: therefore, even if they belong to your more unconscious self, these characteristics are parts of you, definitely.

The karmic chart complements the psychological portrait or natal chart. It is based on the positions of the Lunar Nodes, the Black Moon, and the Part of Fortune. These elements of the chart, sometimes referred to as fictitious points, provide information about the spiritual meaning of your destiny. Owing to the fact that we all have in us acquired knowledge and the urge to go on a quest, our life is an evolutionary journey... However, these texts must be read with great caution.

Catherine, born January 9, 1982, at 07:00 PM, Reading (Berkshire), United Kingdom [0.59W; 51.28N; 0E00]

Meaning of Stars

Stars indicate the strength of the aspects. Two solid coloured stars (there are half-stars also), mean that the aspect is powerful enough to be noticed at the first reading.

We strongly advise that you read the paragraphs displaying less than two stars later on, after you have absorbed the full import of the other texts.

The yellow colour indicates a soothing and conciliating aspect, and the red colour, a dynamic and tense aspect. The red aspects enable you to evolve, to take action, and to learn to turn your "weaknesses" into assets through your life experiences. The yellow aspects are innate strengths on which you rely in order to grow better with the former...

Synastry Chart

Catherine, born January 9, 1982, at 07:00 PM, Reading (Berkshire), United Kingdom [0.59W; 51.28N; 0E00] and

William, born June 21, 1982, at 09:03 PM, Paddington (Middlesex), United Kingdom [0.12W; 51.32N; 1E00]

N.B: in synastry, most oppositions - in red in your chart - are positive and beneficial for the couple when the planets involved are of a compatible nature; our report takes this principle into account.

Natal Chart

William, born June 21, 1982, at 09:03 PM, Paddington (Middlesex), United Kingdom [0.12W; 51.32N; 1E00]

Preamble

When interpreting a natal chart, the best method is to start gradually from general features to specific ones. Thus, there is usually a plan to be followed, from the overall analysis of the chart and its structure, to the description of its different character traits.

In the first part, an overall analysis of the chart enables us to figure out the personality's main features and to emphasize several points that are confirmed or not in the detailed analysis: in any case, those general traits are taken into account. Human personality is an infinitely intricate entity and describing it is a complex task. Claiming to rapidly summarize it is illusory, although it does not mean that it is an impossible challenge. It is essential to read a natal chart several times in order to absorb all its different meanings and to grasp all this complexity. But the exercise is worthwhile.

In brief, a natal chart is composed of ten planets: two luminaries, the Sun and the Moon, three fast-moving or individual planets, Mercury, Venus and Mars, two slow-moving planets, Jupiter and Saturn, and three very slow-moving planets, Uranus, Neptune and Pluto. Additional secondary elements are: the Lunar Nodes, the Dark Moon or Lilith, Chiron and other minor objects. They are all posited on the Zodiac wheel consisting of twelve signs, from Aries to Pisces, and divided into twelve astrological houses.

The first step is to evaluate the importance of each planet. This is what we call identifying the dominant planets. This process obeys rules that depend on the astrologer's sensitivity and experience but it also has precise and steady bases: thus, we can take into account the parameters of a planet's activity (the number of active aspects a planet forms, the importance of each aspect according to its nature and its exactness), angularity parameters; (proximity to the four angles, Ascendant, Midheaven, Descendant and Imum Coeli or Nadir, all of them being evaluated numerically, according to the kind of angle and the planet-angle distance) and quality parameters (rulership, exaltation, exile and fall). Finally, other criteria such as the rulership of the Ascendant and the Midheaven etc. are important.

These different criteria allow a planet to be highlighted and lead to useful conclusions when interpreting the chart.

The overall chart analysis begins with the observation of three sorts of planetary distributions in the chart: Eastern or Western hemisphere, Northern or Southern hemisphere, and quadrants (North-eastern, North-western, South-eastern and South-western). These three distributions give a general tone in terms of introversion and extraversion, willpower, sociability, and behavioural predispositions.

Then, there are three additional distributions: elements (called triplicity since there are three groups of signs for each one) - Fire, Air, Earth and Water - corresponding to a character typology, modality (or quadruplicity with four groups of signs for each one) - Cardinal, Fixed and Mutable - and polarity (Yin and Yang).

There are three types of dominants: dominant planets, dominant signs and dominant houses. The novice thinks astrology means only "to be Aries" or sometimes, for example, "to be Aries Ascendant Virgo". It is actually far more complex. Although the Sun and the Ascendant alone may reveal a large part of the character - approximately a third or a half of your psychological signature, a person is neither "just the Sun" (called the sign) nor just "the first house" (the Ascendant). Thus, a particular planet's influence

may be significantly increased; a particular sign or house may contain a group of planets that will bring nuances and sometimes weaken the role of the Ascendant, of the Sun sign etc.

Lastly, there are two other criteria: accentuations (angular, succedent and cadent) which are a classification of astrological houses and types of decanates that are occupied (each sign is divided into three decanates of ten degrees each). They provide some additional informations.

These general character traits must not be taken literally; they are, somehow, preparing for the chart reading. They allow to understand the second part of the analysis, which is more detailed and precise. It focuses on every area of the personality and provides a synthesis of all the above-mentioned parameters according to sound hierarchical rules.

As explained in the introduction of your Psychological Portrait report, minor dominants are analysed at the end of Annex 1, for purposes of clarity.

Your Planetary Repartitions

Each quadrant is a combination of the four hemispheres of your birth chart and relates to a character typology. The Southern hemisphere – the top of your chart, around the Midheaven – is associated with extraversion, action, and public life, whereas the Northern hemisphere prompts to introversion, reflexion, and private life. The Eastern hemisphere – the left part, around the Ascendant – is linked to your ego and your willpower, whereas the Western hemisphere indicates how other people influence you, and how flexible you are when you make a decision.

Your Four Quadrants

Catherine, the nocturnal North-western quadrant, consisting of the 4th, 5th and 6th houses, prevails in your chart: this sector favours creativity, conception and some sort of specialization or training, with helpfulness and relations as strong components. You need others' cooperation in order to work properly, although you are not very expansive: creating, innovating and thinking are what matter most to you because this self-expression enriches you and totally satisfies you.

Your Four Quadrants

William, the diurnal South-western quadrant, consisting of the 7th, 8th and 9th houses, prevails in your chart: this sector brings about a thirst for communication and sometimes a need to take risks in your dealings with others. Relations are a factor of your evolution and your transformation, which you accept serenely. Indeed, what matters to you is the movement and the energy that link you to others and that make you gain more awareness. A kind of rebellion or a desire to get away from it all is rooted in you.

Your Modes, Elements, Polarities and Decanates

Catherine, here are the graphs of your Elements and Modalities, based on planets' position and angles in the twelve signs:

Your Four Elements

Cheers for communication and mobility, Catherine! The predominance of Air signs in your chart favours and amplifies your taste for relations and for all kinds of short trips, whether real (travels) or symbolic (new ideas, mind speculations). You gain in flexibility and adaptability what you lose in self-assertion or in pragmatism.

The predominance of Water signs indicates high sensitivity and elevation through feelings, Catherine. Your heart and your emotions are your driving forces, and you can't do anything on Earth if you don't

feel a strong affective charge (as a matter of fact, the word "feeling" is essential in your psychology). You need to love in order to understand, and to feel in order to take action, to the detriment of a certain vulnerability against which you should learn to fight.

Your Four Elements

The predominance of Water signs indicates high sensitivity and elevation through feelings, William. Your heart and your emotions are your driving forces, and you can't do anything on Earth if you don't feel a strong affective charge (as a matter of fact, the word "feeling" is essential in your psychology). You need to love in order to understand, and to feel in order to take action, which causes a certain vulnerability which you should fight against.

Cheers for communication and mobility, William! The predominance of Air signs in your chart favours and amplifies your taste for relations and for all kinds of short trips, whether real (travels) or symbolic (new ideas, mind speculations). You gain in flexibility and adaptability what you lose in self-assertion or in pragmatism.

Earth qualities are under-represented in your chart, with only 6.54% instead of the average 25%. Deficiency in Earth may indicate that you have no interest in material and concrete values. It is likely that you live too much in your heart or in your mind, or even in your enthusiasm! The fact remains that you may end up in tricky situations, due to your lack of good sense or forethought: material life is unavoidable even if you are rather idealistic, dreamy, or easily content. You must tackle concrete life necessities, for fear of... being forced to cope with them, later, in much more unpleasant ways!

The twelve zodiacal signs are split up into three groups or modes, called quadruplicities, a learned word meaning only that these three groups include four signs. The Cardinal, Fixed and Mutable modes are more or less represented in your natal chart, depending on planets' positions and importance, and on angles in the twelve signs.

Your Modes

The Fixed mode corresponds to a majority of elements in your chart, Catherine, and represents the desire for security and durability: you are able to concretely appreciate a situation and its stability. You definitely prefer to play the role of a loyal, obstinate and hard-working person, rather than to try new and risky experiences - beware, however, not to confuse obstinacy with intransigence. You structure, cement, and strengthen everything you find on your way: it is your nature, although you are not especially interested in swiftness: slow and steady...

Your Modes

William, the Cardinal mode is dominant here and indicates a predisposition to action, and more exactly, to impulsion and to undertake: you are very keen to implement the plans you have in mind, to get things going and to create them. This is the most important aspect that inspires enthusiasm and adrenalin in you, without which you can grow weary rapidly. You are individualistic (maybe too much?) and assertive. You let others strengthen and improve the constructions which you built with fervour.

Your Dominants: Planets, Signs and Houses

The issue of dominant planets has existed since the mists of time in astrology: how nice it would be if a person could be described with a few words and one or several planets that would represent their character, without having to analyse such elements as rulerships, angularities, houses, etc!

The ten planets - the Sun throughout Pluto - are a bit like ten characters in a role-play, each one has its own personality, its own way of acting, its own strengths and weaknesses. They actually represent a classification into ten distinct personalities, and astrologers have always tried to associate one or several dominant planets to a natal chart as well as dominant signs and houses.

Indeed, it is quite the same situation with signs and houses. If planets symbolize characters, signs represent hues - the mental, emotional and physical structures of an individual. The sign in which a planet is posited is like a character whose features are modified according to the place where he lives. In a chart, there are usually one, two or three highlighted signs that allow to rapidly describe its owner.

Regarding astrological houses, the principle is even simpler: the twelve houses correspond to twelve fields of life, and planets tenanting any given house increase that house's importance and highlight all relevant life departments: it may be marriage, work, friendship etc.

MAR JUP

Your Dominant Planets

The three planets that are most highlighted in your chart are Jupiter, the Sun and Venus.

MOO MER VEN

Jupiter, the planet of expansion, organization, power and benevolence, is quite emphasized in your chart. Like any Jupiterian, you are warm, open, sociable, consensual, active and optimistic. You can use your self-confidence to erase differences of opinion, and you leave the task of analyzing and perfecting things to specialists. Your role, and you know it since you were young, is to gather, to demonstrate your synthesizing and conciliatory mind, and to naturally reap its fruits - power.

You appreciate legality, social order but also order in general. With you as a leader, every plan or human entity can be organized and structured. You excel at supervising. The Jupiterian type is indeed the politician par excellence, and a positive Jupiter in your chart is synonymous with good integration into society, whatever the chosen path.

Is this idyllic picture really perfect? Certainly not: each planet's typology has its own weaknesses. One of yours is pride, like the Solarian, but your will of expansion at all costs may generate a form of exaggeration in everything, endless pleasure, inappropriate self-confidence that could lead you to rough materialism and the thirst for absurd material comfort - in the worst cases, of course.

One of the dominant planets in your birth chart is the Sun. He symbolizes will, magnetism, sense of honour and dignity. You are a Solar being, and you often display charismatic and leadership qualities. Your warmth and your persuasive power lead you far away from pettiness. You enjoy thinking big and, consequently, you move forward according to what you decide.

Your Solarian weakness may be related to the sin of pride or to excessive authority. The frontier between pride and vanity is tenuous: be careful not to overstep it and to keep the nobleness of heart that is part of your charm.

With Venus among your dominant planets, one of your first reflexes is... to please! Your look, your charm, and your seduction are omnipresent elements in your behaviour.

Your approach to things is connected to your heart, and for you, no real communication can flow if your interlocutors exude no sympathy or warmth. Cold and logical reasoning, clear thoughts and good sense are not important to you: if there is no affective bond with your environment, no connection can be established with the Venusian that you are, and nothing happens.

You have a strong artistic side, and you never neglect subjective but clear concepts such as pleasure, beauty, and also sensuality. However, sometimes to the detriment of efficiency, durability, logic, and... detachment.

William, here is the evaluation diagramme for your planets:

30 20.2 20 14.8 13.7 12.9 12.2 7.4 10 6.4 5.7 4.4 2.3 0 MOO MER VEN MAR JUP SAT URA SUN

Your Dominant Planets

The three planets that are most highlighted in your chart are Jupiter, Neptune and the Moon.

Jupiter, the planet of expansion, organization, power and benevolence, is quite emphasized in your chart. Like any Jupiterian, you are warm, open, sociable, consensual, active and optimistic. You can use your self-confidence to erase differences of opinion, and you leave the task of analyzing and perfecting things to specialists. Your role, and you know it since you were young, is to gather, to demonstrate your synthesizing and conciliatory mind, and to naturally reap its fruits - power.

You appreciate legality, social order but also order in general. With you as a leader, every plan or human entity can be organized and structured. You excel at supervising. The Jupiterian type is indeed the

politician par excellence, and a positive Jupiter in your chart is synonymous with good integration into society, whatever the chosen path.

Is this idyllic picture really perfect? Certainly not: each planet's typology has its own weaknesses. One of yours is pride, like the Solarian, but your will of expansion at all costs may generate a form of exaggeration in everything, endless pleasure, inappropriate self-confidence that could lead you to rough materialism and the thirst for absurd material comfort - in the worst cases, of course.

With Neptune as one of your three dominant planets, you are a secretive and ambiguous person, often confused or unclear about your own motivations! Indeed, you are endowed with unlimited imagination and inspiration, as well as with an extreme sensibility that may turn you into a psychic or a clairvoyant. On the other hand, your impressionability is such that you may have difficulties in separating what is concrete and solid from illusions or dreams.

A mystic, a visionary or a poet, you daydream, like any Neptunian, and you see what few people only can see, all of this being shrouded in aesthetic mists when you are fired with enthusiasm.

A boundless, infinity-loving man like you is inevitably likely to be more vulnerable and easily hurt because of your acute perception of events. In such cases, you are hit full in the face, and you may sink into gloomy daydreamings and dark melancholy.

That said, this mysterious aura definitely gives you an indefinable charm in the eyes of your close friends who are often fascinated by your unique ability to feel and to see what ordinary people can never see!

The Moon is one of the most important planets in your chart and endows you with a receptive, emotive, and imaginative nature. You have an innate ability to instinctively absorb atmospheres and impressions that nurture you, and as a result, you are often dreaming your life away rather than actually living it.

One of the consequences of your spontaneity may turn into popularity, or even fame: the crowd is a living and complex entity, and it always appreciates truth and sincerity rather than calculation and total self-control.

As a Lunar character, you find it difficult to control yourself, you have to deal with your moods, and you must be careful not to stay passive in front of events: nothing is handed on a plate, and although your sensitivity is rich, even richer than most people's, you must make a move and spare some of your energy for... action!

Your Dominant Signs

In your natal chart, the three most important signs, delineated according to the above-mentioned criteria, are, in decreasing order of strength, Aquarius, Libra and Capricorn. They are often prominent because your Ascendant and your Sun are posited there. However, it is not always the case: it may be because they are occupied by a cluster of planets, by a planet near an angle other than the Midheaven and the Ascendant, or because two or three planets are very active and form numerous aspects from these signs. Therefore, you partly take on the three signs' characteristics, which are somehow superimposed on your natal chart, and all the more so if any of the signs in question is highlighted.

Aquarius is one of the most important signs in your natal chart: it endows your personality - at least one of its facets - with originality, to the point of eccentricity in spite of a sometimes distant and humane side. Likeable and impassive at the same time, you are a paradoxical woman, very hard to define because the two planets Uranus and Saturn blend their qualities to create the so complicated and endearing sign that inspires your character. Saturn's seriousness and impassivity is added to Uranus' rebellion, talent, individualism, charisma, extravagance, and unpredictability! One of your main characteristics is that you never open up on a personal basis, but you tend to do so easily in public. You are actually quite strange. Sexy and charming in public, despite your nice and sociable character, you could frustrate many of your admirers in private because of your impossibility to show deep and warm affection, emotions, tears... But appearance and reality are two different things anyway - you are a kind of a genius, or you have at least a tremendous charm with this sign. You have many friends and an active social life. If you are detached in your love life - only in this aspect, since the rest of chart will confirm it or not - this is no big deal!

With Libra as a dominant sign in your birth chart, you love to please, to charm, and to be likeable. Moreover, you are naturally inclined towards tolerance and moderation, as well as elegance and tact, as if you were meant to please! Of course, you always find malcontents who criticize your lack of authenticity or of courage and your half-heartedness, but your aim is to be liked, and in this field, you are an unrivalled champion!

Capricorn is one of your dominant signs and endows you with a grave and serious style that seems to stick to you constantly. But if you have that reserved and cold side - as some extrovert people may think - on the other hand you possess sturdy qualities: you are strong-willed and tough. Your long-term vision, your sense of duty, and your ambition are not affected by the derisory and erratic motions that seem to upset most mortals less steady than you. Besides, you are like a good wine, you age well and your natural solemnity or serious side paradoxically turns into an almost cheerful appearance, as you grow older. You

are actually very sensitive when it comes to love. Faithful, caring, sweet, and sensitive, your behaviour is very different in your everyday, sentimental life. A golden heart beats under your tough and austere appearance...

Your Dominant Signs

In your natal chart, the three most important signs, delineated according to the above-mentioned criteria, are, in decreasing order of strength, Cancer, Sagittarius and Scorpio. They are often prominent because your Ascendant and your Sun are posited there. However, it is not always the case: it may be because they are occupied by a cluster of planets, by a planet near an angle other than the Midheaven and the Ascendant, or because two or three planets are very active and form numerous aspects from these signs. Therefore, you partly take on the three signs' characteristics, which are somehow superimposed on your natal chart, and all the more so if any of the signs in question is highlighted.

Cancer is one of your dominant signs and endows you with imagination and exceptionally shrewd sensitivity. Although suspicious at first sight - and even at second...- as soon as you get familiar with people and let them win your confidence, your golden heart eventually shows up, despite your discretion and your desire for security that make you return into your shell at the slightest alert! Actually, you are a poet and if you are sometimes blamed for your nostalgia and your laziness, it is because your intense inner life is at full throttle...

Sagittarius, an adventurous and conquering fire sign, is dominant in your chart: you are enthusiastic, enterprising, optimistic, very sociable, and mobile - you have itchy feet, both physically and mentally. Nobody gets bored with you because you are always planning things and suggesting excursions, at least... when you are around and not already gone on a trip! Obviously, so many movements for one man may scare people off, and some of them may even criticize your brutality or your tendency to loose your temper, but you are so warm and genuine, so expansive, isn't this a good thing? And all the more so, since your sense of humour is overwhelming...

With Scorpio as a dominant sign, you are a strong and astute person, complicated and passionate, sometimes destructive and intolerant, but strong-willed, tough and daring, sometimes bordering on aggressive. So many qualities and dangers combined in one person! Obviously, this often results in a natural selection of people around you: those who stand up to you or admire you and those who can't bear you anymore! But that is precisely what you want. You are what you are and you are not going to transform yourself just to please. You are too proud and you never dread confrontations, although your

way of fighting is secret, like your nature that, mysteriously enough, you are so reluctant to reveal even to your close friends who will never understand you. That said... what a hellish charm you have!

Your Dominant Houses

Houses 6, 3 and 5 are the most tenanted ones in your natal chart. To compute their strength, planets and angles are weighed according to various astrological criteria such as swiftness, activity, angularity, rulership etc. From the analysis of the most tenanted Houses, the Astrologer deduces the fields of activity that are most relevant to you, be it because of what you are experiencing, or what you may experience in the future, or because of your deep inner motivations.

Your 6th house is quite emphasized and indicates interest in work and daily occupations that take up a lot of your time: in analogy with Virgo, this house inclines towards perfectionism and training; somehow, you may be fulfilled through the process of being useful and investing your energy in your work. An environment appealing to you may be involved - your colleagues, for example - or a passion for one of these daily occupations. Medical positions or pets may play a role in your life; or ancillary love affairs too... These are a few possibilities indicated by an important 6th house.

As the 3rd house is one of the most important houses in your chart, communication plays a major role in your life or in your deep motivations: frequent short trips, open-mindedness - which may offset a lack of mutable signs for instance - listening, discussion, interest in learning, knowledge accumulation or long-term studies, etc., are all areas that greatly appeal to you and are part of your daily life.

The 5th house is one of your dominant houses: hobbies, love life, sports, and games, including speculation and all kinds of entertainment, are fields that you actually take seriously! On a more subtle level, artistic creation as well as other forms of creation - including begetting children - could be one of your assets. You gain from taking part in leisure associations and various activity clubs in which a catchword resounds more than for most people: pleasure.

Your Dominant Houses

Houses 7, 9 and 10 are the most tenanted ones in your natal chart. To compute their strength, planets and angles are weighed according to various astrological criteria such as swiftness, activity, angularity, rulership etc. From the analysis of the most tenanted Houses, the Astrologer deduces the fields of activity that are most relevant to you, be it because of what you are experiencing, or what you may experience in the future, or because of your deep inner motivations.

Your 7th house is one of your dominant houses: it symbolizes other people, marriages, associations, contracts, and partnerships. Your personal achievement and maybe your problems - depending on the rest of your chart - are mainly influenced by your rapports with others, the area in which you tend to commit yourself a lot. You appreciate communication, and you give importance to others' opinions. Success requires the support of others, which seems obvious and natural to you. Your marriage generally contributes to your fulfilment.

Your 9th house being one of your most tenanted house, or at least emphasized, travels and faraway places play a major role for you: travels may take place in a symbolic sense, namely mind speculations or conceptions about political matters, philosophy, religion or spirituality, or in the literal sense, such as real long distance travels by plane. It may also be that you spend a part of your life far from home, etc. You are driven by some kind of rebelliousness, which urges you to explore the Unknown; it may also be the call of the adventure. Besides, if the rest of your chart concurs, you may be considered as a real draught, often up hill and down dale, constantly on the lookout for exciting discoveries and new, enchanting horizons.

With a prominent 10th house, your destiny's achievement may be very notable: the 10th house represents your career, your public life, and your ambitions. A good deal of your energy may thus be used to successfully implement what you have in mind. Instinctively, you are very keen to make your dreams come true. Sooner or later, you will deal with the public, and your personal achievement will go through trials and ordeals: other people and visible actions.

Your Style, Behaviour, and Peculiarities

What is commonly known as "sign" indicates the position of the Sun in the Zodiac. The Sun highlights all the characteristics of the sign he tenants. According to astrology traditional rules, these characteristics are all the more pure and exact when the Sun is strong in the sign, or when the sign is particularly

highlighted within the chart. Here, we indicate the pure characteristics of the sign but you must bear in mind that they may only shed a light on a particular aspect of your personality. Indeed, the sole sign of the Sun, or of the Ascendant, can never describe an astrological chart because it depends on the degree of strength of the said sign in your chart.

Another important point must be underlined. Contrary to the Ascendant, which clearly describes your appearance, your vitality, your physical constitution, your spontaneous behaviour and the image you project, your Sun sign describes your inner self, which you may not completely be aware of, and which may emerge gradually as you mature: it is about your inner personality that you reveal only to the members of your entourage whom you trust. The Sun sign is likely to be the final form of your personality, once it has evolved in line with the energies of the other parts of your chart, the beginning of which is seen in the Ascendant, your external "bark".

The Ascendant is one of the major components of your natal chart. It is the zodiacal sign that rises in the East at the very moment of your birth. To calculate it, it is therefore necessary to know your exact time of birth.

It provides with a wealth of information on your personality. It is one of the key features that allows the analysis of several parts of you, such as your appearance, your character as it is initially perceived and your immediate behaviour. It describes the external aspect of your personality which you always display, but it also describes your physical constitution in the long-term, in other words, your health.

Please be aware that, in spite of the importance of the Ascendant, the accuracy of its description depends on how strongly highlighted it is in your natal chart. We use the entire set of astrological rules to assess the strength of the Ascendant. In most cases, the Ascendant is as revealing as your "sign", i.e., the sign where the Sun is posited at the time of birth.

Catherine was born under the Sign of Capricorn and her Ascendant is in Leo

Before broaching the details of the meaning of your Sun and your Ascendant, as a preamble, we offer a brief generic interpretation of their combination in your chart:

You obviously know what you want! Capricorn and Leo give the place of honour to personal and large-scale undertakings. Self-control, dignity, and sense of duty are their highly regarded qualities. Although they are often said to be as dissimilar as night and day, they both have an excellent opinion of themselves because they want to live up to people's expectations and never forget their legendary perfectionism. When you are in society, you come across as a warm and fun person, but your bombastic and pompous manners are also irritating at times. You are aware that your outward appearance does not match your Capricorn inner self, which is more oriented towards abstraction and restraint. Indeed, Saturn, ruler of your Sun sign, is the Lord of Time and endows you with patience, simplicity, and a strong inclination for asceticism, whereas the Sun, ruler of Leo, suggests generosity and all the glamorous aspects of life. Your brilliant mask thus conceals your solitary nature which is fond of order, long-lasting qualities, and logic. Anyway, it is obvious that you are high-minded and ambitious.

You were born with the Sun in Capricorn

Psychologically speaking, your nature is introverted and cold, totally controlled and phlegmatic, at least regarding the image you project invariably. You seem unemotional and austere. Actually, due to your secondarity, you chew over your strategies or your reactions required by your environment. You are slow but very thoughtful, solid and balanced. You are as curt as you are cold and you put the entire strength of your character at the service of your huge and long-term ambition or of your detachment from earthly riches and you focus on spiritual values.

Like all the persons born under an apparently reserved and tough sign, your inner personality is often charming and gentle, as if the thick armour, forged throughout childhood, had entirely preserved the purity and the warmth of the soul imprisoned within.

As you are born under this sign, you are serious, cold, disciplined, patient, focused, thoughtful, ambitious, indomitable, cautious, lucid, persistent, provident, steady, introverted, stern, wilful, hard-working, responsible, persevering, honest, realistic, loyal, reserved, resolute, moralistic, quiet, rigorous, attached and reliable. But you may also be curt, withdrawn, calculating, petty, cruel, unpleasant, ruthless, selfish, dull, rigid, slow or sceptical.

You are courageous and rational, Madam, but you need affection and tenderness in spite of what you say. You try constantly to be reasonable and to repress the sentimental weaknesses that come up once in a while. In general, there are few amorous encounters at the beginning of your life.

But quite rapidly, you become aware that solitude is not good for your balance. You remain on the defensive, you are hurting in your shell, that convenient ivory tower where you protect yourself in all areas, except this particular one...

With an aching heart, you will finally forsake your defences and you eventually experience a few rare exceptional encounters. Among them, you will meet with your soul mate, to whom you will dedicate all your time and your love with loyalty, faithfulness, a strong sense of duty and maximal efficiency.

You will control your children's education, inculcating in them the values of effort, patience, perseverance and social rules. You will teach them that the old saying applies to them too, that slow and steady wins the race. To be early is not to be on time... but their time will come!

Your Ascendant is in Leo

Psychologically speaking, your nature is powerful and self-assured. You are a leader whose strength and nobleness naturally arouse your entourage's respect and adherence and your legitimacy is unquestioned. Your sense of commandment, the honour your person constantly exudes, your prestige and your charisma is a whole which puts you into the spotlight wherever you go.

As you are born under this sign, you are proud, determined, wilful, loyal, solemn, generous, ambitious, courageous, heroic, full of vitality, creative, confident, seductive, happy, daring, proud, majestic, honest, magnanimous, charismatic, responsible, noble, brilliant, radiant, dramatic, affectionate, full of humour, demonstrative, swaggering and self-confident. You can also be domineering, conceited, touchy, authoritarian, stubborn, intolerant, self-centered, irascible, violent, and nonchalant

In love, Madam, you are so proud and you have so much self-confidence that, at the beginning, you will probably need some time to find the partner whom you deem worthy of you.

You shine and you need to be told so; more often than not, your partner, too, must shine... Pre-requisites seem to abound. However, as you mature, you will understand that all that glitters is not gold and that gold may be even more solid when it is less apparent. Then, you will reach higher levels of harmony with your partner.

Your weakness probably lies in your sensitivity to splits, a sort of major ordeal you will not be able to overcome rapidly.

You are a charming partner, with a lot of humour. You are brilliant, bubbling and you receive your guests wonderfully well, all the more so if they belong to your world. Your children will be particularly important to you and they will immensely contribute to your happiness.

The ruler of your chart is in Capricorn

The ruler of the Ascendant, also referred to as the chart ruler, brings a few interesting nuances to the meanings provided by the Sun and the Ascendant. The sign in which the ruler of the Ascendant is posited fine-tunes the style of personality described by the Sun and the Ascendant. It may strengthen it if the sign is identical to either of them.

In your chart, the ruler of the Ascendant is the Sun. This specific feature means that the Sun's characteristics previously delineated are strengthened.

Aspects to your Ascendant

Several planets form an aspect with your Ascendant, Catherine. Therefore, in their specific way, they modify your behaviour and your personality, which do not take on the pure characteristics of your Leo Ascendant only, but which are a blend of its characteristics with those of the said aspects.

*** Saturn sextile Ascendant, orb 1° 5'

Saturn is in soft aspect with your Ascendant, Catherine. This harmonious configuration brings about a responsible, loyal, persevering, and patient behaviour, and in a word, reliable. Your seriousness is appreciated, and owing to your capacity to easily analyse situations, you come across as a sincere and trustworthy person.

** Neptune trine Ascendant, orb 5° 28'

Neptune in soft aspect with your Ascendant endows you with a sharp intuition which enables you to instinctively adopt the behaviour which your entourage appreciates, Catherine. You have the natural flair which prevents you from making errors of judgment on people. You understand the crowd, and you have the good reflexes for being well-accepted by all.

** Sun inconjunction Ascendant, orb -0° 47'

There may be a contradiction between your will and your external appearance, Catherine, which slows down your natural spontaneity and in some circumstances, gives rise to doubts regarding your behaviour towards other people and the need to be true to your own beliefs. There is certainly nothing serious with this minor dissonance between the Sun and your Ascendant, only choices that are to be made, so as to

remain in harmony with yourself.

Moon semi-sextile Ascendant, orb 1° 18'

Your instinct seldom misleads you, as far as your external appearance is concerned, thanks to the Moon's soft aspect with your Ascendant, Catherine. You keep your emotions under rather good control, in instinctive and smooth ways.

William was born under the Sign of Cancer and his Ascendant is in Sagittarius

Before broaching the details of the meaning of your Sun and your Ascendant, as a preamble, we offer a brief generic interpretation of their combination in your chart:

Ah, bohemian life... Escaping into faraway lands is one of your main aspirations, with Sagittarius' mind and adventurous spirit, or with Cancer's fruitful imagination, the choice is all yours. Owing to your Sagittarius Ascendant, you come across as an enthusiastic, open-minded person who has original ideas and is interested in the diversity of the world as well as in the most different viewpoints. You are philosophy-oriented, and you are fond of lyrical flights which take you very far, to both spiritual and concrete areas. Your friends and relatives know your Cancer inner self and your candour. You dream of a "Home sweet home" where you could laze about alone or in the company of your loved ones. People are often surprised by your mood swings and your emotionalism, which you carefully hide beneath your ordinary behaviour. Your generosity is endearing, but you never know whether you should set out to conquer people and the world, or whether you should wrap yourself up in your imagination, your sloppy, fanciful, but so soothing refuge.

You were born with the Sun in Cancer

Psychologically speaking, your nature is dreamy, oriented towards nostalgia for things past. You are very instinctive and you protect yourself against the outside world. Your inner life is rich, with fertile and even unlimited imagination, a propensity to avoid unnecessary risks and to pursue security. You show your true face only to persons you can trust, when there is a kind of well being triggered by the nostalgia for the past.

As you are born under this sign, you are emotional, sentimental, restful, imaginative, sensitive, loyal, enduring, protective, vulnerable, generous, romantic, tender, poetic, maternal, dreamy, indolent, greedy and dedicated. You may also be fearful, unrealistic, evasive, passive, touchy, anxious, dependent, stubborn, lunatic, backward-looking, lazy, burdensome, impenetrable and a homebody.

Love in the masculine mode: for you, Sir, in love, you are tender, sensitive and quite loyal. You are influenced by a mother-figure and you unconsciously look for a partner who will offer as much attention and affection as you used to receive as a child. You are a homebody and a dreamer and you blossom in the family cocoon you create, dreaming of adventures and extraordinary trips... that you most often take in your head.

Tenderness is more important than sexuality, even though it is also an agent for security and for stability. You tremendously appreciate to be again the spoiled child that you used to be, as you savour tasty little dishes or as you receive the frequent praises you need in order to feel reassured.

You are sheltered from tragedies and life complications because at the very moment when a difficult situation emerges, you nip it in the bud either by ignoring it or by withdrawing into your shell quietly, until the storm subsides.

Your home is happy and rich, quiet and harmonious, throughout your life.

Your Ascendant is in Sagittarius

Psychologically speaking, your nature is extroverted and independent, oriented towards expansion and sociability. You have the soul of a leader, energetic and active. Your charisma and your drive are fully integrated into the collective life. Indeed, as an action-oriented fire sign, you challenge yourself and you succeed in accomplishing the task straight away. Sagittarius is hard to follow because his spirit and his independent mind constantly prompt him to go further and higher.

As you are born under this sign, you are charismatic, fiery, energetic, likeable, benevolent, tidy, jovial, optimistic, extroverted, amusing, straightforward, demonstrative, charming, independent, adventurous, straightforward, bold, exuberant, freedom-loving. But you may also be irascible, selfish, authoritarian, inconsistent, unfaithful, brutal, unreliable, reckless, tactless or unpleasant.

In love, Sir, you are the mobile fire that consumes everything in your way. You are constantly in love, you are passionate and your energy and your extroversion create a love life that could fit a serialized novel: mobile and changing, you are not the man of a single woman, at least until you find the person who resists you and who arouses a love powerful enough to tame you.

Your need for freedom and independence is so strong that it is difficult for you to settle down. Many break-ups are caused by a feeling of smothering, when your love of the moment becomes too demanding. However, since you are also unstable, you often patch up as if nothing had happened and you will be forgiven: this paradox comes from your explosive mixture comprising ardour, energy, benevolence and fickleness.

Similarly to the way in which you run your business, you will settle down when you reach your forties or your fifties. You become a good husband and a good father, well acquainted with the rules of your society, full of contentment and joy. Your home will provide the room you need so that you do not feel imprisoned.

The ruler of your chart is in Scorpio

The ruler of the Ascendant, also referred to as the chart ruler, brings a few interesting nuances to the meanings provided by the Sun and the Ascendant. The sign in which the ruler of the Ascendant is posited fine-tunes the style of personality described by the Sun and the Ascendant. It may strengthen it if the sign is identical to either of them.

The ruler of the Ascendant, William, is Jupiter. It is posited in the sign of Scorpio and makes you appreciate mysteries and the unknown. You need to understand, to solve riddles, and to take action behind the scenes, perhaps so as to be even more efficient. Your criticising skill is a weapon, but it may also backfire on you, just like your sometimes excessive obstinacy.

Aspects to your Ascendant

Several planets form an aspect with your Ascendant, William. Therefore, in their specific way, they modify your behaviour and your personality, which do not take on the pure characteristics of your Sagittarius Ascendant only, but which are a blend of its characteristics with those of the said aspects.

*** Neptune conjunction Ascendant, orb 1° 53'

With Neptune in conjunction with your Ascendant, William, your intuition, your imagination, and your sensitivity may be remarkable. You feel other people even before understanding them. You behaviour is ruled by emotions and instincts rather than by reason. Besides, this beneficial aspect is often found in clairvoyants' charts, and you might be one of them, since your "radar" is so highly-developed! An aura of mystery endows your personality and your behaviour with undeniable charm...

**** Sun opposite Ascendant, orb -2° 4'

The opposition of the Sun to your Ascendantcannot be really interpreted as a dissonance, William, but rather as a conjunction with your Descendant, or DS, the angle symbolising "other people". Thus, although your capacities for self-assertion, decision-making and shining may not entirely match your natural demeanour as an isolated individual, they can be wonderfully expressed through unions and associations. Indeed, there is a discrepancy between the Self and your behaviour. It is obvious that this aspect slightly tones down magnetism and strength, but at the same time, it puts you at the service of other people in a way that neither alters your personal value, nor puts you in tricky situations.

**** Jupiter sextile Ascendant, orb -3° 03'

Jupiter in soft aspect with your Ascendant naturally endows you with a reassuring, calm, and benevolent side, William. You honour your commitments without qualms, and thanks to your heart of gold and your generosity, your behaviour is protective and nice. You like to please other people, and whenever it is possible, you enjoy finding compromise solutions to all problems.

*** Pluto sextile Ascendant, orb 3° 16'

Pluto, the planet of instinct and secret, is in soft aspect with your Ascendant, William. It endows you with exceptional lucidity, which enables you to behave in society in an appropriate, though slightly scathing and domineering way. You exploit your nose and your magnetism, and you do so very successfully!

*** Moon opposite Ascendant, orb -7° 31'

The Moon is in opposition to your Ascendant, William. It is not a dissonance, strictly speaking, since at the same time, the Moon is in conjunction with your Descendant. Your sensitivity is oriented towards other people, and you are endowed with some sort of radar which enables you - sometimes too quickly to feel other people's sympathy or hostility towards you. As a consequence, although your behaviour is flexible and adaptive, it is also less self-confident than it would be if you were less concerned about gossips.

**** Saturn quintile Ascendant, orb -0° 04'

Saturn is in soft aspect with your Ascendant, William. This harmonious configuration brings about a responsible, loyal, persevering, and patient behaviour, and in a word, reliable. Your seriousness is appreciated, and owing to your capacity to easily analyse situations, you come across as a sincere and trustworthy person.

***** Venus inconjunction Ascendant, orb -1° 46'

In certain circumstances, William, you tend to adopt an attitude that is not necessarily in line with your real emotions. This discrepancy between your behaviour and your feelings, caused by Venus, may disconcert the people you mix with. Have self-confidence, don't be too pushy or... withdrawn, and forget your fears. Then, people can have a better perception of your personality, and you can harvest the fruits of your efforts.

Your Sensitivity

Concerning Catherine

Affectivity and intuition are very developed, Catherine, and you are very sensitive to your environment. You "feel" atmospheres, moods and other people's emotions and when you capture negative influences, a feeling of ill-being immediately overwhelms you, all the more so because your lively imagination may destabilize you as it amplifies your receptiveness. Your nature is anxious and you tend to worry for your entourage. You strive to offer them a reassuring family atmosphere, the much needed comforting and warm sort of cocoon where you can laze around, at will. Because you care so much for your family, they may think that you are intrusive and that you try to rule their life through subtle affective blackmail. Trust them... and also learn to have more confidence in yourself!

You are popular with your friends, Catherine. You easily shine, thanks to your sensitivity, your whimsical side, your mobility and your charm tinged with imagination. Even at work, you often win your clientele's favours, and if by chance, you are in a commercial team, you are chosen and sent ahead to deal with customers because you are so likeable!

You can happily express your emotions through shared projects - with your friends, preferably - in which you shine with selflessness and your childlike but endearing charm.

**** Sun opposite Moon, orb -0° 3'

In your chart, two polarities are clearly opposing - or complementing - each other: on the one hand, solar values, the image you project and the models you follow. On the other hand, lunar values, moments of letting-go and well being through casualness. When you commit yourself in a project, it is often to the detriment of your peace of mind. Conversely, you completely feel that you are your true self only when you are no more under the scrutiny of the outside world. Therefore, you separate your social and professional activities from your private life and you seldom match the requirements of the former with those of the latter. It may be a hurdle, a fundamental anxiety. It may also be an obvious asset, when it is well integrated: in that case, you succeed in assigning to yourself, and in fulfilling, objectives that are not necessarily in line with your intimate natural demands, which are preserved and separated from your intentions, your ambitions and your expectations. Thus, a strong will can turn this Sun-Moon hard aspect into a rich instrument for creativity. A shadow zone, or uncertainty, still remains: on the affective plane, you are very sensitive. May be too much, to the extent that you become vulnerable in many circumstances. Because in different periods of your life, your landmarks (solar) and your intimate balance (lunar) will be simultaneously challenged.

*** Moon square Saturn, orb 3° 08'

When this aspect is not well integrated, there is no feeling of integration and security. You feel that you are not understood or even, that you are rejected. It is difficult for you to find inner peace and tranquillity. You lack the quietness and the primordial confidence that would allow you to lay back and to be carried away and pampered by life. This configuration indicates questionings and doubts regarding the unconditional affection that each individual longs for. You do not trust the world. You tend to dismiss social models, as well as your close friends' attachment and tenderness, probably because you need to test them and to get the feeling of being loved that you naturally lack. It would be a mistake not to see that you desperately need affection. You are particularly vulnerable to relationship flaws and you strive to find the gestures of love that would allow you to let go and to be nurtured by life. In such a

context, the sincerity you display, as you give or refuse your trust, is highly commendable.

★ ★ ★ ★ Moon sesqui-quadrate Uranus, orb -0° 33'

The Moon and Uranus intrinsically share little in common: they get along as well as fire and water! It is difficult for you to reconcile your desire for well being and intimacy with your destiny's dazzling passions and thunderbolts. You may feel that your intimate and family realm hampers your freedom. There is a potential for crises, explosions or splits. The desire for independence does not get on well with security concerns. There may be strong temptations endangering your very life foundations and you may embark upon a liberating and personal adventure. However, you fear rash decisions. Your need for security may temper your impulses and put a brake on your individualistic aspirations. To harmonize these tendencies within your intimate life, you must leave yourself enough room for personal expression or for an activity of your own. Otherwise, as days go by, built-up tensions may jeopardize the quiet course of your life.

Concerning William

William, this facet of your personality is the same as that of Catherine. Therefore, you are highly compatible in this area: affectivity and intuition are very developed, William, and you are very sensitive to your environment. You "feel" atmospheres, moods and other people's emotions and when you capture negative influences, a feeling of ill-being immediately overwhelms you, all the more so because your lively imagination may destabilize you as it amplifies your receptiveness. Your nature is anxious and you tend to worry for your entourage. You strive to offer them a reassuring family atmosphere, the much needed comforting and warm sort of cocoon where you can laze around, at will. Because you care so much for your family, they may think that you are intrusive and that you try to rule their life through subtle affective blackmail. Trust them... and also learn to have more confidence in yourself

You are dependent on your relationships for a large part, William, and generally, you can open up only with people you are close to. Contacts are very important for you, however, you tend to listen to the one who spoke last. In fact you are easily influenced.

You will certainly find your dream wife and you will develop a close and intense relationship with her.

You are moody and impressionable. Your relationships with your audience are always put on a pedestal and you have a tendency to constantly change your personal image according to the persons you are dealing with and the reactions you get from them.

*** Sun conjunction Moon, orb 4° 51'

This aspect is a strong homogeneity factor: the image you project is in conformity with your real nature and does not upset your basic balance. This is probably the cause of your feeling at ease, your consistent behaviour and your determination to remain your true self, regardless of external pressures and whatever is expected from you. At best, your will and your sensitivity are in harmony, your unconscious abilities are mobilized and controlled by your conscious will, with no imbalance. However, it is important to avoid the traps of self-satisfaction that would be harmful to your real exchanges and would lock you up in comfortable and rigid schemes. It is possible to remain natural and yet, not be content with the sole well being of those who never cheat themselves.

** Moon trine Jupiter, orb -4° 28'

Why should one complicate one's life if it is possible to enjoy the simple joys of the present? This harmonic Moon-Jupiter aspect indicates a cheerful nature, which earns your entourage's liking and protects the balance of your intimate life. Your sociability is supported by your desire to smoothly adhere to a group, a social or family cell. You are fond of moments where you unwind and relax. You value your daily comfort and, to preserve it, you accept to play by the rules of privacy. When this aspect dictates your attitudes, you behave like a person easy to get along with... even though your personal demands, relegated to the backseat, come up again at top speed and force you to behave more in line with your inner needs.

** Moon square Mars, orb 4° 14'

The Moon-Mars dissonance suggests touchiness and sometimes, aggressiveness. You are irascible and very sensitive to all sorts of threats and dangers. You react very quickly, too hastily. To protect your well being, you must learn to control your mood, to coordinate your actions and to balance your opinions. You are often disturbed by plain facts: Either you seek refuge in your intimate realm and refuse to face the truth or, on the contrary, you are engaged in altercations, which forbid all tranquillity. It is important that you balance these two tendencies and that you alternate moments of action with phases of carelessness and relaxation. These two attitudes are relatively irreconcilable.

**** Moon opposite Neptune, orb -9° 25'

This Moon-Neptune dissonance wonderfully turns on the poetic soul, the exhilaration of feelings and dreams... and disturbs your practical life, as well as the management of contingencies. You do not lack inspiration but your reasons of living may be beyond your entourage's understanding! Bohemian life is pleasant but it is probable that you experience muddled situations. Your aims are noble and your intentions are very good. But you may not have the will to turn them into reality. It is important that you are wary of artificial paradises: escaping in the imaginary is not necessarily the best solution for problem solving. You are in search of an inaccessible tranquillity and you tend to procrastinate chores. Nevertheless, facts remain present and you may see that non-interventionism can only increase your difficulties. You must put an end to this vicious let-go circle. This does not imply that you have to forsake your dreams or to repress your very rich sensitivity.

Your Affectivity

Concerning Catherine

In your chart, the Sun is in Capricorn and Venus, in Aquarius. This configuration opposes two idealisms. For the Sun in Capricorn, love needs to be built, protected and perpetuated... For Venus in Aquarius, love is constantly evolving and desire stems from the promise of an emotion that is yet to come. This configuration is traditionally considered to be of a cerebral nature. Intellectual pursuits, fraternal exchanges and closeness are important components. The balance is certainly fragile but it is so exciting... Venus in Aquarius does not want the relationship to stiffen, whereas the Sun in Capricorn strives to maintain it as it is. What seems assimilated once for all is yet to be reinvented. These signs are either complementary or opposite. Your desires may contradict your aims and upset your beliefs. Or Capricorn's prevailing values may dismiss all unexpected events. It may also be that Venus in Aquarius, attracted by new prospects, upsets the structured world of the Sun in Capricorn. Your affective balance is

based on challenges. These two signs may succeed in their quest for the absolute. You are rightly seen as an idealist. Indeed, is there anything more beautiful than ideals?

In love, you are more cerebral and friendly than really passionate, Catherine. You are made for amorous friendships, for refined and light feelings where each partner retains one's freedom, and almost detachment, without getting really committed. Sometimes, you may be distant from, and indifferent to, love matters for a while, because you can be completely engrossed in original intellectual pursuits and the collective atmosphere which you are so fond of. You substitute a great number of friendly and light contacts to amorous relationships and it is fair to say that they satisfy you. To fall in love, you need spice and a partner who is original, who amazes you and whom you admire; under such conditions, you can freely express your feelings in an ambiance devoid of constraint, where freedom is perfectly respected and shared within the couple.

Catherine, the position of your Venus is quite particular in the sense that the nature of the planet does not blend easily with the house symbolism. Indeed, Venus deals with feelings and the absence of limitations and control, whereas the 6th house deals with constraints, daily life and work, lifestyle, subjection and service rendered to others: as a consequence, feelings are associated with a framework or with obligations, but this is not necessarily disturbing. More often than not, you meet your spouse or your romantic partner in a setting related to work, an association, or a specific occupation (leisure or rather common work project, etc.). It seems that, for you, such contexts can more easily lift the inhibition or the natural restriction produced by this house-planet combination. Besides, it is commonly believed that amorous adventures with servants (i.e. with subordinate or "socially inferior" persons), or with colleagues, are very much favoured by this configuration. In addition, if no adverse aspect affects Venus in the 6th house, your daily life is entertaining, you appreciate your work, you easily combine business with pleasure, experiencing nice encounters and discovering constantly renewed and enthralling centres of interest. Most of the time, you can count on the favour, the dedication and the esteem of your colleagues, particularly women. Therefore, it is in your interest to work. You are one of those rare persons who approach work as a daily pleasure and never as a constraint because you probably know how to aim at what you like. Just beware not to fall in love too often in this context!

**** Mercury conjunction Venus, orb 0° 59'

This aspect sensitizes you to games of seduction. You like to multiply romantic undertakings, you invent new reasons to seduce or to be seduced. Although your romantic life is not a model of stability, it is full of discoveries, varied emotions, both sensual and cerebral. You know how to earn your entourage's liking through your acute sensitivity. You play around with feelings, with relationships and with love... Mercury and Venus commonly share the capacity to sensitize to human topics. Your receptivity towards others is high. Your broad-mindedness goes hand in hand with your heart's generosity. You pay particular attention to the way people look at you and the effect you make when you meet or exchange with someone. Actually, you expect a lot from others: acknowledgement of your qualities, as well as esteem and consideration. You may also be touchy beyond what you may give to think. In many instances, relationship games may turn out to be more serious than expected.

**** Venus square Jupiter, orb -0° 03'

This Venus-Jupiter dissonance indicates a strong will to seduce. However, there may be discrepancies between your words and your actions, as well as between your behaviour and your instinctive reactions. You may be carried away by a maelstrom of emotions, feelings and pleasures and you do not consider the possible consequences of your superficial attitude. Therefore, the apparent state of grace may turn

into delusion. Proprieties and necessities of the moment forbid you to experience your desires. What you deem reasonable does not suit your heart's impulses. What a dilemma... Hopefully, as time goes by, you may reconcile your desires, your life patterns and the reasons of your heart with those of your mind.

*** Venus trine Mars, orb -3° 14'

With this aspect, innate affective behaviours prevail over opportunism and calculations. You do not cheat with feelings and you prefer to be guided by your likes ... or your dislikes. Love is neither to be reasoned upon nor to be explained. It is important to experience one's passions spontaneously and to give free rein to the heart's tumultuous manifestations as well as to the body's demands. In other words, to be one's true self in the "now". You need to live intensely, to try all kinds of situations, sometimes to get hurt. Your sensitivity is the driving force behind your decisions and your actions. Real experiences are worth the best intellectual concepts. Spurred by your thirst for emotions, you try to build your life on bases that match your desires. Here, the trap may be that you pay too much attention to your moods and affects. But without them, life would be so dull. Even though emotionalism betrays you occasionally, it remains your best ally.

★ Venus sextile Uranus, orb 4° 05'

Your charm lies in the originality of your approach to love and in your uncompromising attitudes. Your motto? Freedom of love, whatever the price! Should your sentimental life become dull, you find a solution: you are romantic and you reinvent your couple's life, you give a new and unexpected momentum to your emotions. You create the kind sharpness that contributes to your exceptional affective life. You do not fear love at first sight or blazing passions. On the affective plane, you know where you are heading for, whom you love ... or love not. There is an indisputable intransigence. The heart impulses are irrevocable and implacable. You dream of a sentimental life that fulfils your aspirations and you use all possible means to achieve your ideal. Even though you may have to make the necessary sacrifices.

Concerning William

In your chart, the Sun is in Cancer and Venus, in Taurus. Selectiveness is the obvious element shared by these two signs, complementary in many regards. Not everyone may be part of your sentimental realm! Protection (Sun in Cancer) and resistance (Venus in Taurus) are the major characteristics of your affectivity. This configuration may alter your spontaneity but it deepens your affections. Your apparent desire for quietness may be misleading: your emotions are intense and your sensuality, demanding. All the more so, because you seldom exteriorize your affects which may reach an unusual intensity. This zodiacal couple is sometimes criticized for its relative inertia: it is true that habits are deep-rooted, that affectivity is built up through shared experiences and that you are far from challenging yourself on a daily basis. You must thoroughly understand the way in which you function: the will to build a protected realm (Cancer) is added to the desire to fully enjoy the savour of a love affair (Taurus). Hence the idea that, for a relationship to fully blossom, time, patience, tenderness and gradually understanding your partner are indispensable conditions.

There is so much voluptuousness and so much charm in your personality, William! You are what is called a "nature" and when confidence is established, slowly but steadily, you become deeply attached to your partner and you can be filled with passion. It may take months, even years, but you are so generous and affectionate that, in most cases, your relationship has many chances to blossom, with time. You are very physical and sensual and you are very keen to delight in your intimate moments. This aspect of your

amorous relationship usually contributes to its sustainability. Everything seems idyllic, William. It would be so if your jealousy and your possessiveness did not get started simultaneously with your powerful feelings. But you have so many assets, so be content!

William, your Venus has a natural affinity with this house. She feels very comfortable and she gives her best in terms of intensity of feelings, artistic creativity, inclination for leisure, entertainment, fine arts and music gifts and even, the capacity to easily communicate with children. With Venus in this house, more than in any other position, the affectivity is increased and endows you with an active and enterprising attitude, in this area of life. Creativity is associated with the 5th house and Venus here allows you to blend pleasure and motivation, not only in the field of artistic creation and entertainment, but also in love, where you are prompted to fearlessly create or to actively develop romantic relationships with the elected person. Besides, you are particularly at your best here, more ready to extend extreme kindness, warmth or seduction than in any other of your daily activities. However, the danger with this position is to fall prey of your own great ability to please, to seduce or to enjoy yourself, be it through romantic dissipation or through sheer pleasure to shine.

*** Venus opposite Uranus, orb -5° 49'

You are a hard-liner and you think that love should be genuine or it should not be at all! You have difficulties in resisting your heart impulses and untimely passions that may challenge your affectivity. You need air, freedom and a relative independence. You also need to fully experience your love impulses, regardless of the price to be paid. The heart has its own reasons that no rules can hamper... The obvious danger may be to cause dramatic hurly-burly. Your inflexibility on the affective plane does not favour a quiet life where « one makes do with very little ». You are the all or nothing type. But does the absolute really belong to our world?

**** Venus inconjunction Neptune, orb 0° 07'

You are very idealistic in love and you may be blind. In many circumstances, you deem your sentimental life heavenly and you lay yourself open to delusions. Love is a dream and waking up is often painful. Your imagination distorts the game of intimate situations. It is important that you keep your sense of reality and that you avoid to embark upon dark or muddled paths. Forget about artificial paradises! The Tradition very rightly insists on the tendency for impossible love affairs. Your demand and your thirst for the absolute may make you dread to experience a common life that is inevitably flawed with compromises and vagaries. The object of your affection is idealized « because it was her, because it was me » and you do not reckon objective elements that will resurface later in full force. With this planetary configuration, the danger is in the idealistic, even fanciful, nature of your affectivity. It is certain that love cannot be bought or reasoned. But how is it possible to live an absolute passion on a daily basis? You must control your heart impulses and, without losing the sentimental riches that are part of your charm, you must put what you love in harmony with what you dream of.

*** Venus inconjunction Pluto, orb -1° 3'

Nothing is simple in love. You consider your love life with a distant and remote glance. You do not believe in obvious, transparent relationships. Love is a complex issue and its machinery is beyond you. To avoid delusions and indifference, the rules must be changed. Your feelings are alternately cruel and passionate, distant and burning, often paradoxical. Are you the executioner or the victim? Power struggles are omnipresent in your affective life. You seem unable to take life as it comes and to love without asking yourself questions, without doubting. You often love those who are indifferent towards

you, while you despise those who love you. It is important that you change your attitude if you want a smooth and happy life. Rely on your forte: an indisputable lucidity that makes it impossible to delude your heart.

🗙 🛪 🛪 🛪 Venus sesqui-quadrate Mars, orb -1° 27'

This Venus-Mars aspect indicates a sensitivity all on edge and an impulsive character. Emotions and heart impulses cause a marked tension. Life is an affective battlefield. Love is omnipresent but often fragile: impulsiveness reigns over the realm of feelings. The object of desire may become irresistible and implacable, or the sense of confrontations prevents affective tranquillity. However, the richness of your emotional responses is to be noted: you are more inclined than others to be guided by amorous fevers and you live intense passionate experiences. Your overwhelming impressionability must be contained. Romantic people seldom enjoy tranquillity!

The Way You Take Action and Your Sexuality

Concerning Catherine

No one can say that you are particularly aggressive, Catherine! Actually, it takes a great deal for you to become able to express your anger because you belong to the wavering type and you are not prone to risk-taking; you loathe violence and you would rather not intervene than start a conflict. Moderation and the happy medium in all things are your favourites. One of the only areas that makes you wage war is injustice, whether you are the one who is stricken or whether it is someone who is helpless. In this particular field, as in that of sexuality, you are not impulsive and you appreciate it very much when your partner shows the way, preferably with much serenity and gentleness. Actually, the form and characteristics of your sexuality depend on the rest of your personality.

Your entourage becomes quickly aware of your liveliness and of... your contentious and witty mind, Catherine. Your energy efficiently focuses on communication, writing, verbal jousting, speeches, etc. but also on the numerous short trips you make to meet with people.

For you, to take action means to communicate, to convince, to accumulate contacts and, somehow, to assert yourself as you hold sway over your entourage. You may be restless. You think that communication is the basis of any progress and that it is much more useful than any direct initiative: in your opinion, if people are convinced, everything else always follows naturally.

Your siblings, if you have any, have probably felt the warrior hint in the way you communicate. As you mature, you may learn to tone down your manners as soon as someone is around...

Concerning William

William, this facet of your personality is the same as that of Catherine. Therefore, you are highly compatible in this area: no one can say that you are particularly aggressive, William! Actually, it takes a great deal for you to become able to express your anger because you belong to the wavering type and you are not prone to risk-taking; you loathe violence and you would rather not intervene than start a conflict. Moderation and the happy medium in all things are your favourites. One of the only areas that makes

you wage war is injustice, whether you are the one who is stricken or whether it is someone who is helpless. In this particular field, as in that of sexuality, you are not impulsive and you appreciate it very much when your partner shows the way, preferably with much serenity and gentleness. Actually, the form and characteristics of your sexuality depend on the rest of your personality

You may focus all your energy into your ideal, William, be it political, religious, ethical, moral or, under its highest form, spiritual. Several areas may be involved simultaneously.

Taking action with all your heart may reveal a dialectics, and you will not rest until you are understood and you have earned other people's adherence. You exchange with keen pleasure. You embrace the causes enumerated above, at the exception of spirituality, as it could never be a subject for proselytism.

You are able to instinctively identify the most important element in life from a remote distance and, inevitably, it does not belong to the material plane. You are not too interested in working for the concrete realm. You aim at longer-term objectives... and even further. Your energy is deliberately, fierily and boldly poured into the realms of the thought and the soul. You chose them all, some of them may be more futile than others, but they are all oriented towards abstraction, concepts, some of them being often more essential.

Your nature may also be more fact-oriented. In that case, you feel that the enrichment of your soul is particularly favoured when you deal with persons and environments that are alien to you: you express your capacity of action through frequent and long-distance travels so as to progress in your personal quest for knowledge.

*** Mars conjunction Saturn, orb 6° 18'

Persistent action always bears fruit eventually. All that is needed is patience... A quality you have, undoubtedly. As confrontations become unavoidable, you show strong persistence and indisputable perseverance. Potential obstacles are more stimulating to you than they are discouraging. You are naturally fit for effort and for confronting realities and facts. You quickly overcome difficulties and you respond to crises in an efficient and considerate manner. You are enduring. You handle events with rigour and precision. These are valuable qualities nowadays, for they often come with the capacity to undertake adventurous experiences and to take limited risks!

Your Intellect and Your Communication Style

Concerning Catherine

You are a "free-thinker", Catherine, and you tackle problems with a swift and efficient mind. Freedom, progress and originality are your driving forces. You are resolutely future-oriented and with ingenuity and inventiveness, you reform what is outgrown and you constantly innovate: psychology, computer sciences, new technologies... have almost no secret for you. Your human and idealist qualities are obvious, you are a very pleasant and interesting interlocutor, even though your rebellious and revolutionary side may be criticized. Indeed, you seem to be driven by a strong argumentativeness: you seldom share your friends' views and, although you may come across as obstinate, intransigent and unpleasant, you do not hesitate to speak the truth! Instead of causing sudden break-ups with your

friends, it is advisable that you express your creative potential more persistently whenever your nervous tension is too high.

It is at work that you can release your mental power full steam ahead, Catherine. What's the point of racking one's brains if it's not to show one's professional value, to climb the social ladder, to earn one's colleagues' esteem, and to improve oneself every day. You adjust very well to your work environment or at least, this is one of your main concerns.

Your intelligence is rather practical or concrete and you are often interested in health and sometimes in pets, and you are very keen to turn each day into a source of intellectual stimulation.

**** Mercury square Jupiter, orb -1° 02'

You play with social norms and you scoff at them. Your morality is seldom questioned: you adopt the most rewarding behaviour, precisely the one that wins you your entourage's consideration. But you sometimes cheat. You are an opportunist and you act according to circumstances, particularly because your moral stand is only a superficial mask. You enjoy concealing your beliefs: life is a social game and you change its rules to suit your convenience. Your flexibility and your adaptation abilities are appreciated. However, it is important that you do not behave inconsistently. A stable and transparent course of conduct may help you avoid many pitfalls or delusions. Beware of words spoken thoughtlessly, of empty promises, and do stick to your indisputable cleverness.

** Mercury trine Mars, orb -4° 13'

This harmonic Mercury-Mars aspect is the signature of a quick wit and an energetic character. You take decisions rapidly and you implement them straight away. You never accept stiff situations. You need to design, to take action, to fight to express your acute sense of relation: the world, the people, everything is of concern to you... You need to be involved in relationships and in dialogues. Your sharp retorts earn you a reputation of straightforwardness. On the relations' area, your quick wit and your mobility are greatly appreciated. You find the allies and partners you need at the right time. An art of resourcefulness that is precious...

** Mercury sextile Uranus, orb 3° 06'

Your state of mind is innovative and turns the surrounding world into a constantly moving field of experiences. You ask relevant questions ... and you answer them. Although you are flexible when you ought to, your principles and your beliefs are unwavering. It seems difficult to catch you off your guard. You multiply observations, relationships, contacts and you never lose face: actually, your mobility hides an unshakable determination and a deep lucidity. In a split second, you are able to catch the useful information or the enriching relationship. The original and fanciful steps you take exclude monotony. Your approach to life is amazing!

Concerning William

William, an enquiring intelligence, an instant understanding and a wide range of interests prompt you to go towards other people in all circumstances with a view to exchanging ideas and to show your talent for repartee. Ideas and actions must be quick and you are likely to be impatient, even critical and sarcastic with people who cannot match your frantic rhythm. You are very adaptable, you can do several different things at the same time and also think of a future action because you constantly need to be on the move. You may be criticized for your superficiality, for spreading yourself too thin and for your propensity to

conceal the truth, but you always get out of tricky situations incredibly well because you are very astute, shrewd and charming.

Your thoughts, William, are irresistibly attracted to hobbies and entertainments, or you may be particularly oriented towards creation if you are dealing with something amusing.

Your way of communicating is often pleasant, charming, you are the type who blends humour and charm in your speeches and who can spend many hours telling about your hobbies and detailing them with fire. This state of mind is favourable for love affairs or children's education. Your playful spirit often amazes children.

**** Mercury trine Mars, orb 0° 14'

The harmonic Mercury-Mars aspect is the signature of a quick wit and an energetic character. You take decisions rapidly and you implement them straight away. You never accept stiff situations. You need to design, to take action, to fight to express your acute sense of relation: the world, the people, everything is of concern to you... You need to be involved in relationships and in dialogues. Your sharp retorts earn you a reputation of straightforwardness. On the relations' area, your quick wit and your mobility are greatly appreciated. You find the allies and partners you need at the right time. An art of resourcefulness that is precious...

***** Mercury opposite Uranus, orb -7° 28'

You are the champion for useless intellectual speculations, for crazy and revolutionary ideas. This Mercury-Uranus dissonance is the signature for an eccentric character, more ready to ridicule generally accepted ideas than to build up stable patterns. Your sense of humour reveals a critical and forceful mind. You can stand for an idea in the face of all opposition but you do not hesitate to support the opposite thesis the day after... with the same conviction. The coherence of your points of view is harmed by these spectacular reversals that constitute your speciality. In the relationship area, you may also provoke dramatic turns of events if your ideas are conflicted. The good news is that it seems difficult to convince you to accept points of view running counter to your principles. Intransigence also has its virtues.

*** Mercury sesqui-quadrate Pluto, orb 0° 11'

Forget simplicity! You definitely enjoy acting behind the scenes and dealing with what is going on underneath. You play games and you operate in the dark. You leave the front of the stage to others and to the gullible ones. You don't display much sociability. When you are nice, it is because you are looking for flaws. This Mercury-Pluto dissonance mingles unconscious fantasies with reality. When it is kept under control, this aspect becomes an unparalleled source of discernment. To that aim, you must overcome your strong tendency for provocations. It is certainly amusing to play destabilizing games but it may also be dangerous. Keep this treatment for your opponents only.

*** Mercury trine Saturn, orb 6° 32'

Your vision of the world is rigorous and objective. An exemplary logic characterizes your mental attitude and your human relations. Your discerning faculties overlook no detail. You need to know the whys of your life and to explore the backstage of your surrounding world. The deepness of your relations dismisses superficial connections. It may be the reason why your interest is aroused when you are in touch with elements that are alien to your mode of functioning. You have the soul of a researcher, regardless of the form that your investigations may take. It may be an exacerbated curiosity for human

topics or a will to understand relationship stakes. It may also be a hobby or a course of study that introduces you to a riddle. It does not matter! Life is a perpetual quest for the unknown. Your critical mind is highly developed and you take commonplaces for granted only after thorough consideration.

Your Goals, Motivations, Carreer, and Destiny

Concerning Catherine

Your Sun is posited in the 5th House

Catherine, your main motivations and your will lead you towards activities related to creation or to the outwards expression of yourself. It may take the form of the mobilization of your energy aiming at artistic, literary or technical creations and works, innovative projects design, or symbolically, projecting yourself into your descendants: creation via procreation...

You are usually very sociable, warm, honest and straightforward, but sometimes inflexible and you are interested in leisure under all its forms. Love pleasures, firstly, but also outings, parties, games (gambling and other amusements), and all kinds of activities containing a part of risk that can increase your adrenalin level! You loathe anything that is too solemn and too serious in general and you prefer the authenticity of the present to intellectual meditations that seem too static to you.

Your will to please is very strong and you can shine in the love area. Since the recreational world is linked to that of children, you easily deal with them. When you become a mother, one of your major goals is to dedicate yourself to their success. You are able to dedicate an amazing amount of time to their education and you succeed in that field better than anyone. Besides, you have the knack with children and everyone envy you!

One never gets bored in your company and you have loads of hobbies and occupations that are out of the ordinary. You are creative and playful, to a point that may border on fanaticism. Try to avoid role-plays or casinos that take up so much of your time... Be also wary not to surround yourself with sad or austere people who may not find you serious enough!

You spend too much energy in entertainment activities and you may lose sight of your real interests. If you listen to your instinct rather than to your reason, you take the risk of missing a few dates with your own success: you must sometimes put fun aside and force yourself into solemnity, in order to become more efficient and to achieve your goals more quickly. It is also likely that you face problems within the circle of your friends.

The ruler of your chart is in the 5th House

The ruler of the Ascendant, also referred to as the chart ruler as explained in a previous chapter, is also posited in one of the twelve Houses of the chart. Just like the Sun in his House, the ruler of the Ascendant provides certain abilities, or it makes you appreciate more keenly certain areas of life.

The ruler of your Ascendant is in the same House as your Sun. This specific feature of your chart strengthens the Sun's characteristics previously delineated.

Aspects influencing your ambitions

Regarding your destiny or your career, the following aspects of your natal chart allow to fine-tune what has just been said above:

**** Jupiter opposite Midheaven, orb -1° 58'

As Jupiter, the most beneficial planet of the Zodiac, makes an opposition to your Midheaven, he also makes a conjunction with the opposite angle, the Imum Coeli which represents your family, your home, and your roots. Therefore, it is not correct to talk about a dissonance, strictly speaking. It does not indicate that your social ascent is slowed down, at least, not directly. It is more that you have a certain amount of good luck in the opposite area, meaning your domestic and family spheres. You feel more comfortable in your "home, sweet home" than in society, and you are more sociable or more blossoming when you feel in security with your close friends, in your territory. Indirectly, you may feel that there is a discrepancy between the success of your career and the fulfilment of your family life.

***** Mercury square Midheaven, orb -0° 56'

You are not pleased with the way you intellectually approach your professional goals, or simply your destiny. Because of this mild dissonance between Mercury and your Midheaven, in some circumstances, your communication style is tainted with a few hesitations or clumsinesses. There is nothing serious to worry about, and it is up to you to gradually build self-confidence through the study and mastering of your projects.

*** Venus square Midheaven, orb -1° 55'

Venus is in slight dissonance with your Midheaven, Catherine. There is nothing really serious with this type of configuration, except that in some circumstances, you feel that your natural kindness is not acknowledged rapidly enough, or that it is not as appreciated as it should. It may happen that a female, or the fair sex in general, does not correctly understand you, or that she acts against your interests. There are usually no negative consequences since Venus is not a "harsh" planet. It is up to you to put in the effort to better show your sincerity and to avoid any misunderstanding.

*** Sun square Saturn, orb -2° 38'

The Sun-Saturn dissonance indicates frequent questionings. For the sake of lucidity, you are doubtful of everything that makes up your life environment, as well as of your entourage and of yourself. Past events are the cause of your distrust. Your motivations are not based on conventions or established norms. They may produce a feeling of loneliness or of revolt. However, you withstand difficult situations. You are pre-adapted to changes of direction and you are able to question the very basis of your life. Doubts are often overwhelming and hamper your steps. It is important that you accept facts with more simplicity and that you take life as it comes, without constantly questioning the validity of this or that option. It does not imply that you must lose the lucidity that is your characteristic. It only means that you have to

build the self-confidence that you are lacking.

🙀 🖈 🖈 Sun quintile Jupiter, orb -0° 04'

This harmonious Sun-Jupiter aspect indicates an optimistic background that usually wins the entourage's adherence. It also suggests ambition and generosity and favours social integration and success. The desire to earn general consideration prompts you to display energy, joviality and benevolence. However, opportunism may be the other side of the coin. As you strive to win everyone's esteem, you may fall into disrepute. It is important that you remain clear-sighted so as to persistently pursue your long-term aims without believing that you should always « grab each and every opportunity ». However, this aspect remains an element of success because it allows you to adjust your objectives to the context, to whatever the situation offers or, on the contrary, to force your way through events and to achieve your ideals.

** Pluto opposite Midheaven, orb -8° 28'

Pluto is in opposition to your Midheaven, Catherine. Strictly speaking, this is not a dissonance since at the same time, Pluto is in conjunction with your Imum Coeli which symbolises your roots, the home where you were born, childhood, and your family. This configuration may indicate that transformations and upheavals affecting your career are finally less important to you than those occurring in your home, or at least, that values associated with the place where you dwell, or your family, are particularly sensitive and important to you. Since Pluto is a collective planet, you usually "undergo" removals more than you choose them.

**** Sun semi-square Uranus, orb 1° 04'

This Sun-Uranus dissonance indicates a dazzling will to be the centre of attention and to proclaim your specificity, by all means. This aspect belongs to the rebel and the revolutionary restive to all forms of authority and of model. To balance this interpretation, the strong need for autonomy bordering on frenzied individualism must be highlighted. You allow nothing or no one to hinder your chosen line of conduct. Obviously, your attitudes are inflexible. You prefer to continue to the bitter end, even when you are wrong, rather than to be more open to people's ideas. Tyrannical attitudes often turn against the perpetrator... However, this configuration is a powerful agent for creativity, provided your hothead and extremist nature is kept under control.

**** Uranus inconjunction Midheaven, orb 2° 1'

Uranus is in hard aspect with your Midheaven, Catherine. There is definitely nothing serious to worry about. There may be a lack of perseverance in the efforts you put in order to move forward in your career or your social destiny. When unexpected hurdles crop up, more than anyone else, you must accept the unavoidable changes without losing sight of your aims, and above all, without getting disheartened. More than anyone, you must learn to accept the values of time and duration, if you are to reap their fruits.

★ ★ ★ ★ Sun square Pluto, orb -7° 36'

You are dealing with both sides of the coin. People are mistaken when they think that they know you well, because the image you project does not necessarily depict what you really are. You may look like any given model, whereas you actually consider social values to be empty and childish. Deep down, you are an anti-establishment person and you do not belong to the world and its laws. Or, on the contrary, you may project a more marginalized image and make it a point of honour to literally stick to your aspirations' ethics. You do not know who you are really, and where you stand. You may choose some sort

of marginality, the adherence to another realm and a different scale of values. Unless you choose a life that apparently lives up to the expectations of others. In that case, you preserve a corner for your private secrets, with no norms, no fashion concerns, relationships off the beaten tracks, passions very removed from conventions. Your attitudes may seem paradoxical as you shift from commitment to refusal and from involvement to withdrawal.

**** Moon quintile Midheaven, orb 1° 23'

Your sensitivity and your emotions are in line with your goal and your ambitions, Catherine. You do not need to curb your temper lest other people have a wrong perception of you. Indeed, by being your true self, very simply, your social ascent will unfold naturally.

Concerning William

Your Sun is posited in the 7th House

To assert yourself, William, you cannot rest until you multiply your contacts. Although you do not consciously understand your ambition early in life, you need to shine through your relationships.

It may take the form of a tendency to rapidly get involved in associations, groups or clubs; you feel fine as soon as people are around you because your communication skills are always highlighted and appreciated; your style is not what matters most because your main concern is to be noticed as soon as you are in contact with the world.

You are meant for marriage, the ultimate form of association. Usually, your destiny is dependent on your marriage, either directly through its consequences on your career and your lifestyle, or indirectly and, in the long run, through the supports and help you may gain, particularly owing to your honesty and your assertive skills. Marriage constitutes the apotheosis of your ambitions. As you unconsciously understand it, your entire will strives to achieve this aim since your adolescence. You have the required flexibility and talent to turn the life of your couple into daily harmony.

This area is only one of the facets of the fields where you positively exercise your will but... you do so with so much strength and talent!

With this configuration, everything seems all roses. However, it is not as simple and easy as it may look: your will to shine through others and your almost frantic search for contact may hide a fear of solitude and a lack of self-confidence. Why would you constantly seek confirmation of your own worth into other people's eyes if it were not to dispel your own doubts?

You are easily influenced and your apprehension about loneliness and not being up to it may cause troubles and out-of-proportion reactions; struggles, conflicts of authority or even lawsuits may be harmful. You often get over them because your determination to show that you are at your best is stronger than anything else.

Your challenge is to manage to please others and to conceal your domineering and too assertive side: however, do not make too much effort because, in all cases, you will be equally appreciated. Remember that it's better to let well alone!

The ruler of your chart is in the 10th House

The ruler of the Ascendant, also referred to as the chart ruler as explained in a previous chapter, is also posited in one of the twelve Houses of the chart. Just like the Sun in his House, the ruler of the Ascendant provides certain abilities, or it makes you appreciate more keenly certain areas of life.

The ruler of your chart is in the 10th House, William. Your career - or your social status if you are not working - is highly important to you. You are driven by a certain ambition. You are endowed with the predisposition to lead, to shine, and to climb the hierarchical ladder. When you take action, you bear in mind the possible consequences for your social elevation.

Aspects influencing your ambitions

Regarding your destiny or your career, the following aspects of your natal chart allow to fine-tune what has just been said above:

***** Jupiter conjunction Midheaven, orb 1° 56'

Jupiter, the most beneficial planet of the Zodiac, is in conjunction with your Midheaven, your destiny, William. It is undeniably an auspicious configuration which favours your social ascent or your professional destiny, which are often influenced by your respect for the law, and your natural self-confidence. These qualities remove pitfalls out of your way. With this very nice configuration, your profession or your destiny may also be linked to values symbolised by Jupiter: prominent political figure, medical doctor, businessman, judge, solicitor, or any respectable occupation.

**** Sun trine Jupiter, orb 0° 22'

This harmonious Sun-Jupiter aspect indicates an optimistic background that usually wins the entourage's adherence. It also suggests ambition and generosity and favours social integration and success. The desire to earn general consideration prompts you to display energy, joviality and benevolence. However, opportunism may be the other side of the coin. As you strive to win everyone's esteem, you may fall into disrepute. It is important that you remain clear-sighted so as to persistently pursue your long-term aims without believing that you should always « grab each and every opportunity ». However, this aspect remains an element of success because it allows you to adjust your objectives to the context, to whatever the situation offers or, on the contrary, to force your way through events and to achieve your ideals.

*** Sun opposite Neptune, orb -4° 33'

If this Sun-Neptune dissonance is not well integrated, it may bring about confusions and errors of judgment. It is the signature for Don Quixote in search of chimera, pursuing impossible dreams. Your intuitions may lead to an incorrect estimation of facts. Bohemian life is certainly pleasant. But it is often necessary to remain realistic, lest to be exposed to delusions. Carelessness and letting-go is not suitable. In order to properly integrate this aspect, you must control the possible drift of a wandering and fabulous sensitivity. This aspect favours poetic and romantic inspiration. But you must not let it rule your concrete actions. It is important to allow your intuitive capacities to be fully expressed while keeping a lucid mind, simultaneously.

**** Sun trine Midheaven, orb 2° 19'

In the professional and social status areas, William, you know what you want, and you know how to cleverly obtain it. Because the Sun and your Midheaven are in agreement in your natal chart, you have no

qualms and no hesitations when it comes to defining the strategy for reaching your goal.

*** Moon trine Midheaven, orb -2° 31'

Your sensitivity and your emotions are in line with your goal and your ambitions, William. You do not need to curb your temper lest other people have a wrong perception of you. Indeed, by being your true self, very simply, your social ascent will unfold naturally.

** Sun trine Pluto, orb -5° 56'

This harmonious Sun-Pluto aspect indicates an exemplary clear-sighted mind. Without destabilizing your appearances or your personality mask, Pluto makes you aware of your subjective and questionable character, as well as of your manner. You never take yourself completely seriously. You have a good grasp of human nature's complex games, without gullibility, without excessive simplification. Because you can perceive hidden elements underlying any situation better than anyone else, you are acknowledged as perspicacious. This aspect allows you to distance yourself from difficult circumstances and to remain impassive when you must overcome pitfalls.

*** Pluto conjunction Midheaven, orb 8° 16'

Pluto is in conjunction with your Midheaven, William. This very powerful aspect indicates that you career may have a fatality nature in the sense that, as with all trans-Saturnian planets (Uranus, Neptune, and Pluto), events of the collective category may deeply influence your personal destiny. Pluto is the planet of secret power, domination, unspoken words, taboos, police forces, and investigations. Therefore, depending on the other configurations found in your natal chart, it is possible that your career or your social destiny inherits a Plutonian note, and is connected with mysteries, sexuality, inherited money, or some sort of occult power, such as the grey eminences or leaders working in the dark.

*** Sun inconjunction Uranus, orb 1° 23'

This Sun-Uranus dissonance indicates a dazzling will to be the centre of attention and to proclaim your specificity, by all means. This aspect belongs to the rebel and the revolutionary restive to all forms of authority and of model. To balance this interpretation, the strong need for autonomy bordering on frenzied individualism must be highlighted. You allow nothing or no one to hinder your chosen line of conduct. Obviously, your attitudes are inflexible. You prefer to continue to the bitter end, even when you are wrong, rather than to be more open to people's ideas. Tyrannical attitudes often turn against the perpetrator... However, this configuration is a powerful agent for creativity, provided your hothead and extremist nature is kept under control.

Mercury bi-quintile Midheaven, orb -0° 32'

Mercury in soft aspect to your Midheaven enables you to easily communicate with your entourage and to climb up the social ladder, William. Your strategy is often good, and you correctly think about your interests. Do not change anything!

*** Uranus semi-sextile Midheaven, orb -0° 56'

Thanks to this soft aspect of Uranus to your Midheaven, William, you are endowed with the gift to let yourself be carried away by the changes cropping up on your way. Instead of being disheartening, modifications affecting your professional or social environment... stimulate you! Then, you may show opportunism, in the good sense of the word, and throughout your life, you may experience strokes of good luck, the consequences of which can be increased, thanks to your talent and your lack of fear whenever you face newness.

A Few Special Points

The following paragraphs are of a less personal nature since they involve slower-moving planets. However, they provide a few additional pieces of information about your personality that are not to be overlooked. This comment applies more particularly to the first two paragraphs, which describe your assets and your serious side.

Your Assets and Your Part of Joviality

Concerning Catherine

Oh! The family! It is of utmost importance to you, Catherine, and you are happy there. Besides, the planet of Greater Fortune here gives you all the assets you need to successfully build a harmonious, secure and comfortable home. Your private life is favoured. You feel naturally attracted by the areas dealing with soil, stones and real estates.

The planet Jupiter symbolizes expansion, broadness and generosity. Jupiter is associated with the functions of synthesis, enthusiasm and optimism. In your natal chart, his house position is more important than his sign position because, like Saturn, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Jupiter in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Jupiter in Scorpio strengthens your emotional realm and your instinctive capacity to have more lasting and deeper feelings. Your sensuality and your sexuality are favoured by this configuration. You may enjoy strokes of luck in the areas of finance, speculations, investments and inheritances. More than anyone, you can deal with mysteries and anything linked to the unknown.

Concerning William

This present from the stars is by no means insignificant, William, the house of career, hosting the planet of Greater Fortune, can but favour your professional life. As time unfolds, it develops into a most pleasant scope. Sooner or later, it brings about success and your peers' recognition. You do not fear responsibilities, and you face them properly.

In your chart, Jupiter is in Scorpio, as in Catherine's. Therefore, you are totally compatible regarding the way this planet expresses itself in your respective natal charts.

Your Serious Side

Concerning Catherine

Impersonal detachment or cold-looking demeanours may hamper your communications, Catherine, although they increase your concentration, your patience, and your ability to study and to accumulate knowledge. As far as your entourage is concerned, quality prevails over quantity, and you can easily alternate agitated and eventful periods with periods of solitude.

Your challenge is certainly to make an effort in order to be less demanding from people and to keep a minimal number of relations. Nobody is perfect, and neither are you! Pay attention to people's qualities and forget their flaws, for they should not prevent you from enjoying their company.

The planet Saturn symbolizes contraction, effort, time, limitation and concentration. Saturn eliminates anything that is not authentic, sooner or later. It is impossible to cheat him as he gives an irresistible desire to form a coherent whole with oneself, in responsible and wise ways. He is the great purifier. He represents our limitations but also our truth. In your natal chart, the house position where Saturn is posited is more important than his sign position because, like Jupiter, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Saturn in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Saturn in Libra gives you a serious and solemn nature. You may be tough in your contacts: you naturally focus on the essential and you have no concern for the charm you could display. You are irritated by flatteries or by thoughtless compromises. You are genuine and you value justice and authenticity.

Concerning William

Despite what you may say, William, you perceive all things foreign or remote as worrisome, and during the first part of your life, you do not travel, or you do not enjoy travelling. Your sober, sometimes conformist concepts of things and persons can hardly reconcile with the spirit of adventure, or with amazing and unknown events linked to foreign matters, both literally and figuratively.

With time, you become more and more interested in what you do not know and you often use your natural rigour and seriousness to gain higher knowledge in the fields of moral, philosophy, religion, or politics. During the second part of your life, your reluctance for long-distance trips may turn into a thirst for discoveries and an unbridled freedom to bite, at long last, into the fruit that used to seem so dreadful to you.

In your chart, Saturn is in Libra, as in Catherine's. Therefore, you are totally compatible regarding the way this planet expresses itself in your respective natal charts.

Your Uniqueness and Your Utopias

Concerning Catherine

As a general rule, at the end of your childhood, you quickly leave your parents' home because your thirst for independence is incompatible with a quiet life with your parents; in other cases, the atmosphere in your family is quite extravagant, even chaotic, and it is difficult for you to become stabilized, to feel secure, even though you need it for your balance. You are craving for it and this is what prompts you to leave your roots, sooner or later.

You are prone to unexpected home moves. Paradoxically enough, it seems that, as soon as you achieve

stability, something makes you itch. You may be too sensitive, and when tense situations emerge, you feel an irresistible need for change. The best way to handle these problems may be that you, yourself, organize your instability at home, for instance through extensive outings or trips. In any case, you should manage to create the impression that you are not in the same place for too long.

The stages of your life unfold without continuity as if there was a rupture between each successive environment created as time goes by. The past disappears quite abruptly and allows you to grow faster. It is up to you to find some stability or some security elsewhere!

Concerning William

Powerful protections, friendships, and supports are granted to you at a jerky rhythm throughout your life. There may also be break-ups that are as brutal as they are easy to forget because you manage to ensure that your contacts are brilliantly revived.

The friends you meet have strong personalities, or they may be quite special persons; indeed, you think of friendship as a rich and varied soil in which everyone must bring one's own contribution with one's touch of originality and difference. Otherwise, what's the use?

The danger is that you may embark upon projects that you cannot see through in the long run because they are too utopian. You may also count on partners who are too eccentric to be reliable. Or, on some occasions, you may show too much independence of mind or a boldness that is too strong to really last.

With this typical configuration, your popularity may fluctuate and disappear as quickly as it comes. It is up to you to set the limits of originality that you must not overstep, lest you should undergo unfortunate consequences.

Your Inspiration and Your Illusions

Concerning Catherine

This pleasant combination may magnify your love affairs and your creativity and give them a romantic and whimsical side. If you are an artist, you often feel inspired and carried away by love and emotional impulses.

This area of your life is intense and, as a consequence, you are more vulnerable than other people. It is up to you to sort out among your positive, creative impressions on the one hand, and your out-of-proportion reactions caused by frustrating events, on the other hand.

You must know that you are exposed to love delusions. However, you are also entitled to the best part of love, when all is well.

In the fields of entertainment and relations with children, you are quite easily influenced and you follow your intuition more than your rational mind; rather emotion all on edge than reason...

Concerning William

You are particularly sensitive, intuitive, and you have a very fertile imagination. You may seem mysterious to others, actually to yourself, too, and you may be unaware of the consequences your actions may trigger because you are wrapped up in nebulous impressions and cut off from the material world.

Your behaviour may be surprising because your sixth sense is so developed that you may adopt a completely different attitude and amaze your entourage by your very sharp perception of things that is often beyond ordinary mortals' understanding.

You are interested in new experiences that may not be respectful of proprieties or moral standards, just for fun and due to a certain degree of carelessness... You feel that you are beyond the law and rules, and your emotionalism may take you too far.

Your Passion and Your Authority

Concerning Catherine

Your mind is particularly clear-sighted and, if you are so inclined, you can show creativity in literature because your vision is extremely deep and intuitive.

Your clear-sightedness may be a source of troubles within your entourage or your siblings. Indeed, your penetrating mind may prompt you to say things that you should never utter. You may also show a form of authority that lacks diplomacy when you deal with others.

Your short trips may be surrounded with mystery. In a few rare instances, they may bring about turmoil or on the contrary, happy disruptions.

Concerning William

Your capacity for concentration and your mental power are your major assets for the study of higher knowledge and ideological concepts. You also tend to get away from your usual geographical cocoon! You are inhabited by passion and persistence, and you do not resist the temptation to explore foreign lands or to thoroughly explore ideas.

Besides, once you enter those attractive fields, it is most likely that you become deeply transformed and shattered. Nothing is any more what it used to be, and this is precisely what your unconscious suspected when you were magnetically drawn towards these remote realms.

Sometimes, these transformations may deeply hurt you, but isn't it the only way to change and evolve? Otherwise, all the benefits are yours: adrenaline increased by the passion and creativity of the moment, along with the happiness to be spiritually enriched, later on.

Your Isolated Planets

In general, the ten planets of the chart are connected to other planets by major or minor astrological aspects. It is owing to those ties that the planets' energies can manifest in the chart owner's personality and play out within safeguards according to a specific tonality.

It seldom happens that in a natal chart, a planet is totally disconnected from the nine other planets.

Astrologers have observed that when such a case occurs, the person feels the energy of the unaspected planet in quite a singular way, very jerky and powerful at the same time. Thus, for instance, the famed astrologer Jean-Baptiste Morin de Villefranche wrote that "an unaspected planet heralds that something strange or extraordinary will take place regarding the meanings of the house in which the said planet is posited" (source: l'astrologie selon Morin).

Rules for detecting an unaspected planet: among all the testimonies that we have reviewed to this day, based on our experience, we tend to agree with American astrologer Janis Huntley who accepts seven aspects, which involve the zodiacal twelve sections of 30 degrees. The aspects to be considered are the conjunction (0 degree, cooperation or tension), the semi-sextile (30 degrees), the sextile and the trine (60 and 120 degrees respectively, aspects of cooperation), the square and the opposition (90 and 180 degrees respectively, tensed aspects), and the quincunx (150 degrees, slightly tensed). In this detection, the chart's angles are not taken into account.

In any case, it is important to remember that an isolated planet clearly expresses its influence when it is a personal planet. Thus, when the Sun, the Moon, Mercury, Venus, or Mars is isolated, it is certain that the effects described by Jean-Baptiste Morin de Villefranche will become manifest. As for Jupiter, Saturn, Uranus, Neptune, and Pluto, one must be cautious because the volume of cases documented is not yet large enough.

Concerning Catherine

Your chart has no isolated planet, and this particular case does not apply to you.

Concerning William

Your chart has no isolated planet, and this particular case does not apply to you.

Annex 1: Your Minor Dominants

The five following dominants are less significant than those described at the beginning of your report. They may not be strongly felt. In some cases, they add several minor details to the analysis of your character, but they are rather for curiosity purposes. It is not necessary to take them into account when you first read your portrait.

Your Planetary Repartitions: Northern, Southern, Eastern and Western Hemispheres

The axis linking the 1st house's cuspide (the Ascendant) to the 7th house's cuspide - the Descendant - divides the zodiac into two bowls, a superior bowl, in the South, and an inferior bowl in the North. Quoting an expression by the famous American astrologer Rudhyar, the Southern part and the Northern part correspond to two functions: "being" and "doing". Other concepts are also associated with this North and South distribution, such as introversion - Northern hemisphere - and extraversion - Southern hemisphere - being or appearances, inner life or external life, reflection or action, dreaming one's life or living one's dreams, the abstract or the concrete, backstage or limelight.

This is not about determination but about personal inclination: thus, some people will be thrown into public life despite a prominent Northern hemisphere. If this happens, however, it will not be due to their will, their taste or their deep nature. Conversely, a prominent Southern hemisphere will not bring about a famous destiny to its owner, even if he tends to turn the spotlight on himself, or if he looks for a more active life. It is a matter of deep nature and natural inclination. Of course, none of the typologies is "superior" to another.

In your birth chart, Catherine, the ten main planets are distributed as follows:

Your Northern and Southern Hemispheres

Catherine, the predominance of planets in the Northern hemisphere prompts you to reflect and imagine rather than to exteriorize your actions and to be at the forefront of the stage. So, should you wish to remedy this situation, it is up to you to force your nature to take action in broad daylight, to communicate, and to assert yourself... then, you can move forward in this concrete life and enjoy your newly won situation.

Your Northern and Southern Hemispheres

William, the predominance of planets in the Southern hemisphere prompts you to take action, to draw attention on yourself, and to make your actions and what you have in mind visible to everyone. Sometimes, without giving a single thought to, and to the detriment of, a richer inner life and a deeper and wiser reflection. Action and communication are inevitable in your opinion, and you tend to think that the only thing that matters is what is seen! This is not always true, and it is up to you to progress through the development of inner qualities such as meditation, solitude and imagination so as to become stronger.

The birth chart is divided into two other parts, Eastern and Western, by the axis linking the Midheaven to the Imum Coeli.

The Eastern part, on the Ascendant side, shows the person's ego, will, magnetism, and vitality, whereas the Western part, on the Descendant side, symbolizes other people, communication, relationships and their influence, as well as flexibility and adaptability.

Catherine, here is the planetary repartition in your Eastern and your Western hemispheres:

Your Eastern and Western Hemispheres

The predominance of planets in the Western hemisphere of your chart means that you are quite flexible,

capable of empathy, convivial and communicative. An excellent factor for many professional activities or for your social or sentimental life for example.

A definite asset... provided that you are not at the centre of the decisions you must take in your life: you may be tempted to listen to the last person who spoke, and your flexibility won't always get you out of the tight spot. You are therefore advised to learn to decide alone and to cope with the consequences of your actions with courage and without regrets. This attitude will allow you to combine flexibility and action, adaptability and absence of hesitation.

William, here is the planetary repartition in your Eastern and your Western hemispheres:

Your Eastern and Western Hemisphere:

The predominance of planets in the Western hemisphere of your chart means that you are quite flexible, capable of empathy, convivial and communicative. An excellent factor for many professional activities or for your social or sentimental life for example.

A definite asset... provided that you are not at the centre of the decisions you must take in your life: you may be tempted to listen to the last person who spoke, and your flexibility won't always get you out of the tight spot. You are therefore advised to learn to decide alone and to cope with the consequences of your actions with courage and without regrets. This attitude will allow you to combine flexibility and action, adaptability and absence of hesitation.

Your Yin and Yang Polarity

The twelve signs are divided into two polarities, called active or passive, or sometimes masculine and feminine, positive and negative, Yang and Yin. This classification corresponds to two quite distinct tonalities, the first one bringing extraversion, action, self-confidence and dynamism, the second one, introversion, reactivity, reflection and caution. None is superior to the other, each group has its own assets and shortcomings. Odd signs - Aries, Gemini, Leo, Libra, Sagittarius and Aquarius - belong to the first group, whereas even signs - Taurus, Cancer, Virgo, Scorpio, Capricorn and Pisces - belong to the second group.

N.B.: this dominant is a minor one. It is not essential that you read its meaning in the beginning. You can get back to them later on, once you have read more important interpretations.

Your Yin and Yang Polarity

According to the disposition and qualities of your planets and angles, you are rather influenced by Yang energy, the active polarity, Catherine: more concerned about actions than reflection, you sometimes rush without standing back and without the deepness that is needed. However, your spontaneity prompts you to take fresh starts, even after repeated failures caused by your rashness.

Your Yin and Yang Polarity

According to the disposition and qualities of your planets and angles, you are rather influenced by Yin energy, the passive polarity, William: you are quite introverted, imaginative and sometimes discreet, but you are a deep and wise person who is not content with just noisy and flashy things. At times, you doubt but you think that those who don't are a bit... thoughtless. Allow yourself to take more laid-back attitudes and put your reserve aside, because good equilibrium is always healthier.

Your Houses' Accentuations

Houses are split up into three groups: angular, succedent and cadent.

The first ones are the most important ones, the most "noticeable" and energetic houses. They are the 1st, 4th, 7th and 10th houses. Their cuspides correspond to four famous angles: Ascendant for the 1st house, Imum Coeli for the 4th house, Descendant, opposite the Ascendant, for the 7th house and Midheaven for the 10th house, opposite the Imum Coeli.

Planets are evaluated according to a whole set of criteria that includes comprehensive Western astrology rules. At their turn, planets emphasize specific types of houses, signs, repartitions etc., as previously explained.

N.B.: this dominant is a minor one. It is not essential that you read its meaning in the beginning. You can get back to them later on, once you have read more important interpretations.

Your Houses' Accentuations

Cadent houses, namely the 3rd, 6th, 9th and 12th houses, are very emphasized in your chart, Catherine. They indicate important potential for communication, adaptability and flexibility. These houses are symbolically linked to the mind and intellect. The relative weakness implied by these characteristics indicates your tendency to hesitate or to be indecisive, but also your remarkable ability to start off again, which is a nice quality, finally: you can easily get yourself out of a tight spot thanks to your mobility and casualness, in the best sense of the term. This group of houses corresponds to evolutionary characteristics of your personality. However, they are only indications and you must include them in the rest of your chart in order to see whether they are validated or not!

Your Houses' Accentuations

Your angular houses, namely, the 1st, 4th, 7th and 10th houses, are very emphasized in your chart, William: according to the Tradition, they are the strongest and most dynamic houses. Should the rest of

your chart concur, angular houses suggest that you are an enterprising, energetic and assertive man. Indeed, angular houses are said to generate impulsions and to give a powerful and domineering personality.

Unusual fates are often linked to a predominance of angular houses, but this is only a partial indication...

Your Esoteric Decanates

Each sign contains 30 degrees and can be divided into three equal parts: the decanates. The Tradition indicates that specific meanings can be associated to each of the three decanates. Their sphere of activity is usually limited to the Sun sign, however, it is even more interesting to observe the distribution of all the planets in the chart to get an idea of the respective importance of the three decanates, which can complement the description of the personality.

These meanings must be considered with the greatest caution. Indeed, they are minor characteristics that can only underline other outstanding traits of character.

Traditionally, the first decanate highlights the characteristics of the sign where a planet is located. The two other decanates correspond to sub-dominant planets, depending on the nature of each sign. This system leads to a multiplication of meanings and it is impossible to have a clear understanding: here, we prefer to give only the meaning of one decanate in comparison with the other two, within the birth chart as a whole. Again, the greatest caution is needed with regard to this minor indication as it is not always reliable: it is not essential that you read these texts in the beginning. You can get back to them later on, once you have read more important interpretations

Your Esoteric Decanates

The first decanate, which means the part between 0° and 10° of any zodiacal sign, prevails in your natal chart, Catherine: this decanate is traditionally linked to vitality and physical constitution, and may indicate that you efficiently express your concrete energy on the material and sensual planes.

Your Esoteric Decanates

The first decanate, which means the part between 0° and 10° of any zodiacal sign, prevails in your natal chart, William: this decanate is traditionally linked to vitality and physical constitution, and may indicate that you efficiently express your concrete energy on the material and sensual planes.

Annex 2: Karmic Study

The karmic theme is a good complement to the psychological portrait, or natal chart. This analysis is based on the positions of the Lunar Nodes, the Black Moon and the Part of Fortune: they are also called fictitious points and describe the spiritual purpose of your destiny. Because there is in all of us an experience and a quest, our life is an evolutionary journey... provided that we head towards the right direction, of course! Indian astrologers highly prize the Nodes axis (North Node and South Node). It is the Ariadne's thread that we are invited to follow. The Black Moon indicates the sector where we are most likely to transform or to transcend, whereas the Part of Fortune points out the area where we can easily express our specificity.

The Lunar Nodes: a spiritual path

Lunar Nodes have their roots in the Indian tradition and they are based on a simple concept: each of us have a mission of their own, here on earth, a destiny, a course. According to the Indian philosophy, life is a school: the nodal axis describes our past experiences (South Node, our karma, our spiritual inheritance or our previous lives), and our aims on earth (North Node, our Dharma, the purpose of our current incarnation). This is the reason why the study of the lunar nodes is called "Karmic astrology". Here, we shall not step into hypothetical past lives. Wherever our current trends may come from, all that really matters is that we become aware of the purpose of our life, its finality and our dharma. We are likely to understand our life purpose around the age of 37, when the Lunar Nodes return to their natal position.

Concerning Catherine

Your entourage respects your manner: you belong to the category of persons who arouse their close friends' consideration because of their straightforward, sometimes rigid attitude. The concern that you must "maintain your rank" may increase the severity of your judgments and lead to intransigence. You are sensitive to the prestige of your social standing and you show an acute sense of responsibilities since your youth. You become an adult early in life and you always avoid dependency. Your life's challenge is to learn to handle your intimate and family life as well as you manage your career. In the private sphere, you may undergo difficulties: you are a real loner and you turn down any help and affection offered by your entourage. You deny yourself the sweetness of a comfortable and reassuring home. However, as time goes by, you will overcome your reluctance and you will allow what you most value, deep down: love and tenderness to blossom within a privileged relationship, within a family...

Your doings indicate the challenge to dedicate an important part of yourself to devotion and abnegation. Life imposes a few sacrifices on you, whether agreed upon (and voluntarily taken up) or imposed by daily vagaries. Very early you showed a sharp critical sense and your attitudes were rational, logical and reasonable, although individidualistic. As time goes by, you learn to make concessions and to offer an essential part of yourself so as to outgrow the "every man for himself" principle. Ordeals are meaningful: people may not respond to your games and your entourage may thwart your plans and your ambitions... You may need to achieve the "old souls" detachment, those beings who have learnt that only essentials are to be kept – inner life or survival- and who know that this world "petty things" are vain. Better than anyone else, you cope with situations of crisis because, whatever the circumstances, there is a hidden spiritual dimension and a springboard for evolution. You will slowly get to know the art of accepting things without going back on what you have said or done. Compassion and altruism become the central theme of your life.

Concerning William

Your entourage respects your manner: you belong to the category of persons who arouse their close friends' consideration because of their straightforward, sometimes rigid attitude. The concern that you must "maintain your rank" may increase the severity of your judgments and lead to intransigence. You are sensitive to the prestige of your social standing and you show an acute sense of responsibilities since your youth. You become an adult early in life and you always avoid dependency. Your life's challenge is to learn to handle your intimate and family life as well as you manage your career. In the private sphere, you may undergo difficulties: you are a real loner and you turn down any help and affection offered by your entourage. You deny yourself the sweetness of a comfortable and reassuring home. However, as time goes by, you will overcome your reluctance and you will allow what you most value, deep down: love and tenderness to blossom within a privileged relationship, within a family...

During the first part of your life, you manifested an acute sense of challenge, a taste for personal initiatives and an unfailing fighting spirit: these qualities prove helpful in handling any possible setback today. However, you must make an effort to accept your entourage and adopt more open and accommodating attitudes! Life teaches that you must become more sociable and develop the flexible behaviour that you lack. Do not play around with mavericks; It is important that you earn your close friends' affection and that you rely on their collaboration. You slowly become more aware of other people's reasons, of their desires and their concerns. Your destiny may be influenced by relationships. If you had a tendency to provoke people or events, now you have gained complementary qualities: diplomacy and human tact, cleverness in the art of reconciling opposite views. It is true that it required a huge personal effort!

Lilith or the Dark Moon

The Black Moon is the spark of refusal and distance that is dormant in all of us. Depending on the sign where she is found in your chart, she highlights the desire to transform and to sublimate a part of your life. The Black Moon is unfathomable and mysterious. She gives a different dimension to the sector she touches. Her manifestations are subtle; nonetheless, she is powerful, implacable, demanding to the extreme... The Black Moon is also called Lilith. She is the inner flame of your heroism and insubordination.

Concerning Catherine

The notion of freedom takes a special meaning: to be free does not only mean being able to move as you please here and there, nor does it mean having a few hours of leisure available. Above all, it means being able to lead a spiritual quest, to access a different dimension in life: to encounter, to travel, to love and to never be hampered by contingencies, never be slowed down by daily life. That'll take some doing! The comfortable routine of the contemporary world, in this regard, puts you off.

One of the main drives of your life is your rejection of mediocrity: the intention is commendable although it is two-edged. You attach so much importance to charisma that you may reject a person whom you deem – wrongly – unworthy of your esteem! If you avoid this trap, the requirements that you demand from yourself as well as from your close friends become an exceptional springboard for evolution.

Concerning William

The notion of freedom takes a special meaning: to be free does not only mean being able to move as you please here and there, nor does it mean having a few hours of leisure available. Above all, it means being able to lead a spiritual quest, to access a different dimension in life: to encounter, to travel, to love and to never be hampered by contingencies, never be slowed down by daily life. That'll take some doing! The comfortable routine of the contemporary world, in this regard, puts you off.

Your refusals are irrevocable: you may show violence when the situation is stuck... When facts hamper your aspirations, when everything does not seem to start moving soon, you tend to force your ways through events, regardless of the price to be paid. Your strengths and your weaknesses stem from all that: you may exercise a misplaced extremism, claiming great causes, whereas order can be restored in the simplest of ways. However, better than anyone else, you know how to maintain the pressure whenever it is needed, when the desire for deep changes takes precedence over submission or abdication.

The Part of Fortune in House

Concerning Catherine

The Part of Fortune is a very ancient fictitious point that depends on the lunar phase at the time of birth. The astrological house tenanted is particularly strengthened. In your chart, the Part of Fortune is in the 7th house: you need the presence of the other one (whether the object of your desire, your husband or your partner), as the indispensable mirror of your life. You are in search of privileged contacts, of fusion and harmony. At each step of your life, there is an important relationship that is always experienced with intensity and in an absolute manner, regardless of its positive or negative consequences. Like all the persons born shortly after the new moon, you are particularly interested in the relationship with your loved one, your double and your model.

Concerning William

In your chart, the Part of Fortune is in the 1st house: you aspire to be in full control of yourself. Your wealth is within... early in life you develop the taste for individual initiatives and you find your full balance as you give new impulsions to people and things. You are the initiator, the eternal starter. Like all the persons born at the new moon, you have a very personal way of handling life.

Retrograde Planets

The karmic tradition insists on the issues related to the so-called retrograde planets. They are considered to be the inheritance of a past that was not well experienced, a sort of unfinished business. The interpretations of the retrogradation may seem negative or excessive to you. However, you may relate to a scenario that you have often and repeatedly experienced... as if you underwent several setbacks that all have the same cause. Until the day you become aware of it and you can free yourself from it! Through the slow integration of these planetary energies, you will be able to overcome your difficulties and to pay your karmic debt. Actually, each retrograde planet highlights an opportunity for evolution. Nothing can be achieved without the will to grow spiritually and to defeat your own demons.

Concerning Catherine

Venus retrograding in your natal chart emphasizes love: how did you see yourself when you were a child? You need to accept your identity if you are to fully experience love. As years go by, you learn to better

accept your specificities, to open up and to love... What caused your affective problems during adolescence is slowly fading away. There still is a particularly acute sensitivity regarding the affection you receive: a couple relationship needs time to blossom and it is never perfect right from the start. Your problem is that you hardly take a laid-back attitude. Until you are reassured by the attachment of your loved one, you cannot easily express your desires. Wrongly or rightly, you feel that you lacked affection during your childhood. Your sentimental balance will be all the more satisfactory as you endeavour to pour out love and tenderness, passion and dedication. You will then respect your own affective patterns and you will arouse the attention that you so badly lacked.

Concerning William

With Jupiter retrograding on the day of your birth, the lesson is about grasping the opportunities that are offered to all of us but that some people take advantage of, while others don't. Persons who quickly adjust to circumstances are more likely to achieve their ambitions than those who need to be encouraged to take action. During your childhood, you may not have efficiently responded to life's concrete enticements, leaving other "luckier" people to achieve what you were dreaming of. You preferred to enjoy yourself, here and now, rather than to look for new paths of development or exploration. It is possible that you were not optimistic enough. Enterprising minds were alien to you... Later, you find out that, indeed, you give little importance to the credit of the frenzied expansion praised by the modern world. Your path in not oriented towards personal prestige. With subtlety, you integrate non-material values and you accept well the fact that you missed past opportunities.

Uranus was retrograding on the day of your birth: you have the soul of a rebel and your behaviour may often be tyrannical or extremist. Your manner has brought you setbacks. You lack the flexibility that spares you the pain of forcing your ways through events. The danger may be that you get trapped into rigid patterns and into personal logics incompatible with others'. This is precisely what your life's lesson is about: as years go by, your judgments are more qualified and your attitudes become less cut-and-dried, less stubborn. You must lose the essentially individualistic character of your childhood and be more open to other people's ideas and problems. In other words, a path of love. Without losing your remarkable resolution, you must practice some form of renunciation and be sensitive to various logics that constitute the wealth of your social life.

Neptune retrograding concerns spirituality. You may have expressed early in life a few reluctances about the subtle world of faith. You may have ignored destiny's signs and winks and you preferred to stick to your certainties, to a rigorous and objective control of your life. You dread your own aspirations and you readily trust others': this causes a lack of autonomy and the feeling that you may not receive as much as you give. However, several delusions teach you that you must relativize your calculating and methodical attitude and open up to the irrationality of love in order to find an inner and more spiritual progression. Embracing the invisible is a process that unfolds as years and experiences go by. Your own generosity increases as you become aware of your entourage's generosity.

Pluto retrograde suggests power issues and mishandled relations: for you, everything comes down to power struggles, submission and domination, Machiavellian manoeuvres, including within your couple... The results are complex behaviours and an obsession for the power to influence people. Yet, life teaches that you must simplify your relations and adopt more transparent attitudes and healthier desires... As years go by, you will tend towards more simplicity and you will slowly discover that human energy can, and must, be at the service of the good, or of well being, in compliance with our individual progression.

N.B: modern astrology attaches less and less importance to the principles of retrograding planets.

Love Characteristics

Your Strong Points

**** Conciliation aspect Q Venus Q Mercury, Strength: 39.5

Gentleness and affection on the one hand, and easy communication on the other hand, your qualities are in a state of permanent receptivity and bring about a most pleasant comprehension. William enjoys continuously talking, explaining and expressing his ideas, while Catherine encourages him through a warm attitude, which provides him with the necessary confidence and stimulation. In this way, Catherine can inspire William's literary or intellectual creativity and, why not, she can help him disseminate his ideas and contribute to achieve success in this regard. William will always find in Catherine the affectionate support he needs in his difficult moments or when his creativity lacks inspiration.

**** Conciliation aspect Q Venus O Mars, Strength: 37.3

This is the best possible sign of physical compatibility between two persons and it had to be yours! Both of you have the luck of the devil because you can freely express all your desires and experience them together without restraint, with harmony and voluptuous pleasure. It is not exaggerated to say that the contact between you is magnetic, even electric: you are highly sensitive to the physical presence of your partner and both of you equally appreciate the other one, a little bit in the way children appreciate chocolate! In your couple, William is more active and dynamic, but it does not prevent Catherine from launching charm offensives and being very successful at it. Sometimes, the relationship is not an amorous one but both of you tremendously enjoy being together.

**** Conciliation aspect 4 Jupiter Moon, Strength: 33.3

You feel a soothing pleasure and a sheer comfort when you are together. Even when you are under the influence of other mutually tensed stimulations, the essential trend of your relationship is towards appearsement, generosity and esteem. Indeed, Catherine appears as a really generous person who provides all the protection William needs. And William easily adjusts his mood and his character to Catherine's reassuring and benevolent personality. Your easy and harmonious relationship is a token of

success on the human, professional, and amorous planes. Your relationship may not be symmetrical, however, it is positive for both of you and if you are too lenient towards each other, who could ever blame you for that?

**** Conciliation aspect Pluto OSun, Strength: 23.1

There is an obvious and mutual need for deep transformation between you. If each of you is open to important self-questionings, your relationship promises to be intense: an almost innate understanding, as well as emotional and sexual compatibility are likely to settle in. William is under the spell and wants to help Catherine to gain confidence in her own capacity for self-expression, while in return, Catherine tremendously admires his determination and his radiance and encourages its revival in order to start anew. Catherine plays a sort of catalyst role for a remarkable evolution of your couple and she deeply influences the future of your relationship.

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

*** Conciliation aspect W Neptune Q Venus, Strength: 13.1

Your relationship is so deeply marked with purity and an almost mystical quality that both of you feel on cloud nine. Both of you may have difficulties in discriminating between dream and reality because for you, everything plays out at a subtle and ethereal level. Your heart impulses are immediately echoed in the other one's feelings and you may experience a quality of love that Romeo and Juliet would envy you. Catherine tends towards selflessness and self-sacrifice for the sake of William's happiness, but there is no need for that because mutual tenderness and affection are strong. If physical attraction is also prevailing between you, the quality of your couple may reach a state of perfection. Artistic cooperation is an excellent outlet, should your respective contexts not be conducive to a love relationship.

** Conciliation aspect Pluto Venus, Strength: 6.1

Passion may just lay hold of you! Physical or sentimental fascination, or both at the same time, most often. It is obvious that there is a potent link between you and that it is meant to be experienced intensely. Catherine is instinctively, almost irresistibly drawn to William as soon as you are together, while William feels a deep fascination for Catherine. It is very unlikely that you can avoid each other and, sooner or later, you will feel in your flesh and your soul the unforgettable experience of this privileged, animal and long-lasting relationship.

Your Weak Points

**** Tension aspect Moon Saturn, Strength: 25.4

This is a serious warning for caution. It is likely that in the course of time, sometimes quite rapidly, communication gets bogged down. Catherine may be frustrated by William's lack of warmth and in return, William may be irritated by Catherine's lack of seriousness. The danger is present, clear and tangible, and both of you must put in a lot of effort in order to adjust to each other. Catherine often feels that William's judgement is harsh, that he is too disciplined, too tidy and too selfish, while William

deplores Catherine's lightness and triviality. If you really love each other, with time, you can overcome your differences but you must not allow time to wear out the excitement of the first moments. The ball is in your court...

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

*** Tension aspect OSun Pluto, Strength: 13.7

Both of you need to assert yourselves within your couple and you both feel a personal pride in achieving your objectives. Your feelings are often excessive and you are both exposed to conflicts where rivalries and struggles for power prevail. William wants to change Catherine, he expects too many efforts from her and he manoeuvres insidiously with a view to get what he wants. Then, Catherine may lose confidence in her own capacities and, because she feels threatened by William's psychical power, she also uses her authority in order to resist this imposed metamorphosis; as a result, anger is stirred up on both sides.

Tension aspect O Mars Q Venus, Strength: 9.1

Physical attraction between you is strong but it may not be expressed in the most harmonious way. William often feels that Catherine is violent or pressing. Although Catherine is drawn to William, she is unable to find the right attitude that would win his favours. Jealousy may also be an important risk factor in your couple. Therefore, tensions may settle in, blending desire and frustration. If Catherine does not understand that she is being brutal with William, there is a real danger that the relationship wears out. Similarly, William may be partly responsible for those disharmonious exchanges, for instance when he wrongly suspects Catherine of being ill-intentioned.

*** Tension aspect Q Venus MCMC, Strength: 8.5

Catherine may take advantage of William's position quite unfairly. Or William's reputation may be tarnished because of Catherine's whims and lack of effort. William's generosity may be misused but there is nothing really harmful for none of you. It is just a matter of discrepancy between Catherine's doings and William's interests.

** Tension aspect O Mars Moon, Strength: 6.1

The relationship is quite... explosive. Catherine can't help trying to dominate William who doesn't agree. The atmosphere is often electrical and the danger for you always comes from William's too deep receptivity as well as from Catherine's apparent violence. Unwillingly, Catherine may hurt William to the extent that fights occur and cannot be easily brought to an end because no one is ready to give in. To find the antidote against this type of behaviour, Catherine must curb her active and domineering ardour and William must tone down his touchiness. It is difficult for both of you to do so, but if you really love each other, you will succeed because your relationship is really worth it. In any case, there is always something going on!

*** Tension aspect Moon Pluto, Strength: 4.5

There is a strong sign of fascination between you but you must not allow it to turn into a power of domination from William over Catherine. The danger is there, clearly indicated, but it remains only a danger... Catherine may feel this power of domination, even some aggressiveness, in William's behaviour because William immediately finds her vulnerable spots. To solve the problem, William must become aware that he should exercise some self-restraint within his quite "predatory" approach and Catherine must tone down her natural touchiness. For both of you, caution must be borne in mind and, on this condition, you will stay together if you wish to.

Communication Characteristics

Your Strong Points

**** Conciliation aspect O Mars, Strength: 71.4

Some sort of enriching dynamism marks your relationship. Thus, you always feel that your joint efforts significantly increase your respective successes. Your presence boosts your partner's temperament and ardour, and vice-versa. You stimulate each other and it is very likely that you happily share many concrete activities such as sport etc. If you are already a couple, your physical relationship is lively and fulfilling. You are able to implement common projects and to work together efficiently, even though both of you must sometimes personally adjust to the other one's dynamism.

**** Conciliation aspect O Mars V Mercury, Strength: 57.7

You mutually stimulate each other but in different ways. Catherine's dynamism and provocations put William on the alert. They prompt him to sharpen his mind and his conceptions, and thus, to constantly improve himself. Despite the tricky side of your exchanges, they constitute a positive drive. In the end, you are delighted by this pleasant joust because Catherine always feels a real intellectual excitement in William and the latter has only one desire: to brilliantly do more, in order to overcome her criticisms and to improve his own verbal strategies, which are already very impressive. Besides, you can efficiently cooperate on the professional plane, as the combination of your complementary talents proves very fruitful.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

**** Conciliation aspect Pluto 4 Jupiter, Strength: 42.6

Catherine's ascendancy over William may have a positive transforming effect and may encourage his ambitions and his actions in the fields of business, politics, as well as his moral and philosophical ideas. As both of you unite your strong intuition and optimism, you give yourselves the means to achieve projects together and also, to be successful on a more personal plane, in your couple's life.

***** Conciliation aspect MCMC Moon, Strength: 42.4

William instinctively understands Catherine's major objectives and contributes to their achievement. Catherine finds in William all the support and the warmth she needs in order to believe in her own capacities. William is often behind Catherine's meetings with an audience, or he finds supportive persons within the circle of your friends or your customers, if you work together in the same company. Catherine's reputation and fame are shown in a flattering light when William stands by her side. This excellent sign of shared ambitions and objectives may also greatly contribute to your couple's harmony and further its integration within your respective entourages.

**** Conciliation aspect MCMC 4 Jupiter, Strength: 32.2

This excellent combination indicates that with William's unconditional support and benevolence, Catherine can discover new social circles or achieve her human or professional objectives. Catherine's social status is enhanced as William spares no effort in order to favour Catherine's position and to encourage her self-confidence. This is a sign of strong protection from William to Catherine who, in return, will play an important role in the development of William's abilities to display his own assets in your joint projects.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

*** Conciliation aspect W Neptune ASAS, Strength: 28.2

The relationship may appear to both of you to be marvellous and ideal, straight away. Magic seems to prevail, you both feel that you are living something unique and that you have found your soul mate. Understanding is innate, almost intuitive. Catherine encourages William to develop his imagination and his spirituality, while William helps her to better formulate her mystical vision of things. In your relationship, the danger may lie in a tendency to over-idealize the partner and to create illusions.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

Your thoughts are always in phase, they are identical or, even better, complementary. It is an on-going renewed pleasure for both of you to talk, to reinvent the world, to weigh the alertness of your minds, and to exchange ideas, till your thirst is quenched. You share a very great number of centres of interest. You are able, not only to share many entertaining activities, but also to work together most efficiently and in a pleasant atmosphere. Learning, understanding and communicating are the major assets of your relationship.

**** Conciliation aspect O Mars 5 Saturn, Strength: 27.4

Action and movement are coupled with stability and patience: this is an original mix that may bring about excellent assets to both of you. Catherine is the mobile and active element, while William is the moderating agent who never loses sight of your common responsibilities. It is clear that your cooperation requires some time to get started but you both take advantage of it and, once it gets into its stride, you know perfectly well your roles within your couple. You can work together very well, with exemplary complementarity.

**** Conciliation aspect Mercury Sun, Strength: 24.9

Both of you have a very strong capacity to communicate and an obvious intellectual tie that allows Catherine to most efficiently express all her ideas, while William is always available and lends a sympathetic ear. The smoothness of your connection benefits the comprehension within the couple but it is also a major asset for any professional cooperation where contacts, communication and words play an important role. Whether you share a commercial activity, or whether you participate together in a more literary work, you can work together very well: William usually shows the way while Catherine analyzes all the possibilities and dissects the best strategies.

**** Conciliation aspect 4 Jupiter 4 Jupiter, Strength: 23.2

This is a plain sign of good compatibility between you on the professional and business plane. It may play out in the moral, philosophical or political areas. It may also simply indicate that both of you appreciate each other. It applies to your couple and to your relationships in general, where there is a strong tendency for appearement, warmth and mutual esteem.

**** Conciliation aspect W Neptune O Sun, Strength: 21.5

You certainly have the feeling that you are experiencing a privileged and mystical relationship where both of you share the same spiritual values. Each partner is idealized and your feelings are stamped with great romanticism. Catherine deeply values William's brilliant abilities and helps him express himself with more sensitivity and develop his intuition. William welcomes Catherine's adoration and, in return, he encourages her to give concrete expression to her dreams through increased creativity. You enjoy participating in artistic activities where each of you can improve at the other one's contact.

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

*** Conciliation aspect Pluto ASAS, Strength: 15.5

Your bond is instinctive and brings about a very subtle, sensitive and sensual communication that is able to arouse very powerful feelings on both sides. You encourage each other to improve yourselves: Catherine helps William gain awareness about the necessity to question himself and to develop his own priorities, while William strongly boosts Catherine's psychical energy. You can experience a great, intense and exclusive passion, however, Catherine tends to dominate and control William who may develop a sort of dependency that, strangely enough, will be well accepted because the relationship is such a harmonious one.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

*** Conciliation aspect Pluto MCMC, Strength: 12.6

Whether you like it or not, there are power struggles between you. Catherine's authority and strength have a determining influence on William whose destiny is irresistibly and positively transformed by Catherine. In William's view, Catherine appears as a demanding but mysterious and fascinating figure,

whose charisma and hidden powers impress William very deeply. All this makes your couple all the more steady.

*** Conciliation aspect Mercury Moon, Strength: 10.3

You are so lucky: Catherine instantly and almost magnetically understands William's mood and can communicate with the right words, in the simplest and most natural way. William can rejoice that his sensitivity is instinctively perceived by Catherine. This type of communication is excellent for all forms of cooperation, far beyond the amorous relationship. William's imagination and mood influence Catherine's intellectual inspiration and the sole fact that you are together constitutes the perfect stimulation. William appreciates Catherine's brilliant mind and communication is strengthened and enriched for both of you.

**** Conciliation aspect 5 Saturn 4 Jupiter, Strength: 9.8

A strong complementarity allows you to pool your talents for the sake of your professional or financial interests. Indeed, Catherine puts her entire experience and rigour at the service of William's will to expand and to improve: caution coupled with broadness of vision brings a significant dynamism that is very profitable to your couple or your association.

*** Conciliation aspect *Uranus * Mercury, Strength: 8.5

So many mutual intellectual and nervous stimulations! It is certain that there can be no boredom when you are together. One of the partner's original ideas and style of personality arouse the interest and the curiosity of the other one. Your exchanges are continuously lively and almost telepathic! Swiftness prevails and reactions are quick. You can spend hours shifting from one topic to the next, both of you being carried away by innovative ideas or off the beaten path concepts, irresistibly engrossed in bright, endless, verbal and mental jousts. Your shared mental activities stir up your creativity with dazzling ideas sprouting all over. They make you evolve in such exquisitely original ways.

Your Weak Points

**** Tension aspect Sun Saturn, Strength: 31.3

Because William gives too many pieces of advice and sets too many limits to Catherine, whom he sees as an irresponsible person, he tends to undermine Catherine's enthusiasm and creativity. As a result, Catherine may feel frustrated and guilty, with doubts and complexes developing sooner or later, as a reaction to William's determination to prevent her from succeeding. It is likely that both of you take on your responsibilities as a burden: Catherine is overwhelmed by too many criticisms and William feels threatened in his position of authority. Therefore, your relationship is not too fulfilling, unless William shows more detachment and flexibility and Catherine strives to understand the elements of her attitude that arouse William's unconscious fears.

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

*** Tension aspect ASAS Moon, Strength: 15.8

You do not really share the same approach to cooperation in a couple and both of you may have difficulties in understanding the other one's reactions. Catherine, who wishes that William were less sedentary, may be irritated by his excessive attachment to life principles and habits, whereas William disapproves of Catherine's impulsive way of expressing herself. Therefore, conflicts may crop up about domestic matters or children's education.

*** Tension aspect Mercury MCMC, Strength: 13.8

Catherine has many difficulties in explaining her objectives to William. Your discussions lead to nowhere and, despite Catherine's efforts to explain herself or to contribute to William's ambitions, the outcomes are likely to be insignificant. There is nothing really serious, but in the long run, there may be a danger that you avoid all intellectual exchanges because, at the end of the day, most of the time, they produce no benefits.

When you are thinking or discussing together, try to be wary about erroneous judgements or ideas. William tends to accept Catherine's views with too much leniency or sometimes, he may use them ill-advisedly. Catherine may be influenced by his excessive kindness or she may be disappointed by his pretentious and authoritarian attitude. However, you can try to think and work together but in that case, exercise some caution, and all will be fine.

Potential Mutual Influences

When we compare two astrological themes, in addition to the blatant and directly active relations that were delineated above, there is a number of potentialities which describe secondary mutual influences playing out in different life areas: they are not visible at once, as their effect is not direct, but they shed complementary light which fine-tunes certain attitudes between two persons. Indeed, in the long run, these different energies play out in a more noticeable way and will contribute to the relationship's richness and complexity. We analyze them here in ten short chapters addressing each of the ten types of energy involved. Please, keep in mind that they will not be understood and felt until the relationship has matured.

Your Mutual Encouragements

Sympathy and mutual closeness develops instantly between you. You often have the same reactions, and this fact favours the emergence of a feeling of familiarity giving rise to a very tight link. Your instinctive trust in the other one facilitates your exchanges, encourages you to mutually give the best image of yourselves and to develop your self-confidence. Both of you find your respective place within your couple and, without rivalry, you can cooperate with a view to achieving a common task, with Catherine as the most active pole of your bond. The other side of the coin is that there may be some competition between two strong wills striving to impress each other. Thus, the image that both of you project is accentuated by the partner and this "mirror" effect highlights realities that you both would have preferred to leave in the dark.

Friendly ties and mutual aid are prevailing between you: William naturally plays the role of advisor and allows Catherine to move more efficiently towards her own goals and ideals. It is very likely that you have many centres of interests in common and that dialogue flows smoothly and pleasantly between you.

Your Mutual Influence When Facing External Events

Catherine contributes significantly to the development of William's relations in order to get him involved into more important and varied circles. Your cooperation is tight and in most cases, it constitutes a factor that brings together conjugal partners in happy and pleasant ways.

Your relations seem natural and obvious. You both feel in confidence and you give free rein to your emotions in a warm and relaxed way, without having to worry about what the other one thinks. Catherine has her head full of projects and she widens your couple's scope of vision, through meetings with new friends for instance, while William welcomes them in a convivial and fanciful atmosphere. William may also offer his intuition and his imagination, which are beneficial to Catherine's undertakings.

Your Mutual Stimulations in the Field of Communication

Your relationship is intellectually very stimulating, with each partner positively influencing the other one's personality and thoughts. Catherine gives William ideas so that William can improve his self-expression, while William encourages Catherine to take action and to implement her own theoretical representations. Your capacity for communication alleviates any possible difficulty and allows you to pursue together this positive association of thought and action. However, Catherine's remarks may be too impulsive, which may hurt William's sensitivity.

This is an excellent factor for bringing you together, thanks to the fact that William easily understands Catherine's objectives. It greatly facilitates your exchanges and, for instance, if you are in a business or work together, Catherine benefits from William's ingenuity and sense of communication. Indeed, William readily puts his entire intelligence at the service of Catherine's career or destiny. In a couple, this kind of bond favours the development of common projects, even though Catherine is the one who benefits most from William's excellent ideas. In some cases, your discussions are not right to the point but, sooner or later, your capacity to understand each other will come into play.

Your Reciprocal Abilities for Creating Harmony

Both of you immediately feel the pleasure of being together. Catherine irresistibly attracts William who falls under her spell straight away. Your amorous attachment is obvious and both of you are aware that you have the same feelings of mutual gratitude. Therefore, you emotionally identify yourself with your partner. One of the consequences of your relationship's nice characteristics is that the partner who pays the most importance to physical aspects can help the other one evolve aesthetically and find the best style or the best look!

William exerts great fascination over Catherine who is not far from idealizing William. The relationship is warm and William is happy to be the subject of Catherine's idolatry. In return, William generally contributes to the achievement of Catherine's objectives or he supports Catherine, so that the latter successfully accomplishes her professional destiny. Catherine's unlimited admiration for William is a guarantee for the solidity of your relationship, which both of you enjoy as your reward. William must be

careful that, at times, his whims don't tarnish Catherine's image.

Your Mutual Stimulations in the Field of Action

In your couple, Catherine encourages William to discover new horizons and to compare new intellectual and philosophical ideas. Both of you have many debates about different approaches to life and you also share a deep interest in foreign cultures. Thanks to Catherine's enthusiastic and dynamic initiatives, you travel frequently in order to put your beliefs into practice and to test them.

Intellectual communication is stimulated in your couple: you spend lots of time discussing, phoning, writing... To you, all means are good! You need to constantly exchange ideas and to share an activity with your partner. William is the driving force in your relationship and, under his impulse, both of you have a very eventful life. You make numerous short trips, which allow you to keep on learning, and then, to carry on your long and rich conversations... In this pleasant atmosphere, Catherine feels in confidence in William's company and does not hesitate to share her problems and to confide her most intimate doubts.

Your Assets, Protections and Abilities for Success

This excellent combination allows William to benefit from Catherine's unconditional support and benevolence, to discover new social circles, or to achieve his human or professional objectives. Therefore, William improves his own social status and will spare no effort in order to favour Catherine's position and self-confidence. This is a sign of strong protection from Catherine to William who, in return, will play an important role in the development of Catherine's abilities to make use of her assets in your joint projects. However, Catherine may overestimate her capacities when you are together.

William's maturity and experience rapidly offer Catherine the possibility to enlarge her knowledge and, in an atmosphere of sympathy and trust, to fill her shortcomings in the field of studies or in dealing with others. William may tend to exaggerate, which brings about a few misjudgements, and it will be Catherine's turn to make allowances and to retain only the meaningful parts of William's remarks.

Lessons Drawn From Experience and Your Responsibilities

Catherine's wisdom and detachment positively influence William in areas dealing with life's higher purpose: spirituality, religion, and philosophy. All the pieces of advice Catherine provides on these topics take a peculiar dimension and incite William to tend towards more serenity and depth. According to the Tradition, with this configuration, Catherine has a propensity to limit William's travels, probably in order that William can dedicate himself to more important tasks.

William encourages Catherine to improve her intellectual stability and concentration, to sharpen her critical mind and, finally, to learn to get rid of superfluous and outgrown ideas; in short, to go right to the point... At the same time, William's serious side, or the context of your situation, may prompt him to restrict the contacts and the bustle in Catherine's environment. But here, it may only be a matter of learning some sort of stability.

How You Motivate Each Other and the Impact on Your Uniqueness

A genuine friendship unites you - in addition to other more intimate ties existing between you, of course - and both of you evolve in a spirit of mutual respect and tolerance, without ever trying to impose yourself. You always encourage each other to show more independence in your words and your actions. Catherine's dynamic personality prompts William to take increasing risks and to instil more originality into his projects. Your very unusual relationship may lead you to commit yourselves in joint humanitarian or collective actions.

Catherine tends to take on a mother-like, protective role, with a propensity to decree strict rules within your couple. But William may upset the established order as he tries to get Catherine to forsake overwhelming values passed on since childhood and urges her to undertake experiences which are new and liberating from past influences. Therefore, all changes are possible since William is unpredictable! Be careful, however, because things may get moving, in all the senses of the term...

Idealism, Compassion and Euphoria

Straight away, the relationship may appear as marvellous and ideal to both of you. Magic prevails and you both feel that you are living something unique and that you have found your soul mate. Understanding is innate, almost intuitive. Catherine encourages William to develop his imagination and his spirituality, while William helps Catherine to better formulate her mystical vision of things. In your relationship, the danger lies in a tendency to over-idealize the partner and to create illusions.

Exacerbated romanticism or delusion: it is up to you to choose the lot awaiting you in this very peculiar relationship. William's affectivity may drag you towards situations where your imaginations flare up and your bond get strengthened in an atmosphere loaded with emotions and poetry. In any case, your tie provides Catherine with inspiration and an almost magical liveliness or feeling, whenever you share entertaining or creative activities.

Awareness Gaining and Transformation Factors

William's religious or spiritual ideas are deeply influenced by Catherine's conceptions in this area and may bring about a beneficial transformation of his personality. Your numerous exchanges favour your mutual enrichment and increase your knowledge in matters of a higher order or in topics related to remote travels of the initiatory kind, for instance.

In the area of ideas, as well as in that of daily and close relationships, William may bring the puff of renewal and evolution into Catherine's life and make her gain awareness of several aspects that were concealed so far. Sometimes, these pieces of advice, or influences, may be expressed in a domineering way. But, at the end of the day, it does not really matter, because positive transformation is achieved.

Indexes and Couple's Diagnosis

Your relationship is smooth, and everything is possible. You simply need to adjust to each other and you can easily do so. It only takes a minimum of warmth and mutual understanding for your couple to function steadily in spite of some rare disagreements. You must turn your marvellous relationship into a success love story because you have all the necessary keys and assets to this end. So, go for it!

Disclaimer

As explained in our introduction, the above ratings and comments constitute only average figures based on the inter-aspects found in your synastry. The most significant part you should read is in the important relevant paragraphs and not in this conclusion, which is given for information purposes only.

Very low compatibility ratings do not rule out long and fulfilling relationships. Conversely, high ratings may not lead to the couple you are dreaming of: one's astrological climate - especially that given by your transits - as well as your natal chart may provide valuable and additional indications for the future of your relationship.

Conclusion

We hope that this report has shed light on how your relationship works, as well as on the various aspects of your respective personalities.

A few remarks are needed here in order to allow you to fully take advantage of your astrological portraits: firstly, do not forget that a birth chart is also a photograph of the sky at birth and a structure that not only contains the personality's characteristics, but also its potential evolution.

We all know that, in real life, people begin to know themselves when they are in their forties, or even later. Likewise, several traits of character in a portrait may seem surprising: in most cases, it means that such features are not yet developed.

Some personalities reveal themselves late in life, whereas others are more precocious. It must be remembered that psychological structures are in a state of continuous evolution because they are influenced by unfolding events and gradual maturity. We can never underline strongly enough the "mobile" nature of the personality, throughout a lifetime.

On the other hand, it is difficult to discriminate what is "already present" at this moment in your life when you are reading your chart's interpretation, from what will appear later in the logic of your evolution: you must sort out all the pieces of information provided and, in most cases, you will see that your astrological portrait is helpful for your endeavours to know yourself better.

Finally, several readings of an astrological portrait are usually necessary in order to absorb all its different meanings and to evaluate the relevance of each character trait.

In any case, better self-knowledge obviously contributes to faster personal blossoming, and it is undoubtedly one of astrology's major roles: contributing to know oneself better, in order to improve more rapidly, to deal with one's weaknesses and to avoid its drawbacks, and to take advantage of one's assets as efficiently as possible.

There is a also a point that we deem necessary to underline: in our conclusion, we want to insist one last time on the meaning of the compatibility ratings; the marks that quantify your affinities never give an implacable verdict regarding the quality of your couple's relationship.

Here, we are dealing with the more or less smooth way in which you actually experience your relationship, and under no circumstances, are we addressing its beauty or its strength.

For the sceptical ones who do not believe in astrology, we do not resist the pleasure to quote a few comments by persons of authority in this area. They are drawn from the excellent book authored by one of the undisputed French masters, André Barbault, Traité Pratique d'Astrologie (Practical Treatise of Astrology), published by the Editions du Seuil:

Kepler: « Twenty years of practical studies have convinced my rebellious mind of the reality of astrology. »

Henry Miller: « Astrology considers man in his wholeness and I believe that it is essential: man is a

comprehensive being. Astrology shows that nature has its rhythms and that each human being participates in these rhythms... »

C.G. Jung: « If people whose education leaves a lot to be desired have thought that they could, until recently, make fun of astrology, considering it as a pseudo-science dead a long time ago, this astrology, dating back to the depths of popular wisdom, comes up again at the door of our universities, which they left three centuries ago. »

Saint Jerome: « I remain silent on philosophers, astronomers, astrologers whose science, very useful for men, is asserted through dogma, explained through method, justified through experience... »

Aristotle: « This world is linked in a necessary way to the movements of the superior world. Any power, in our world, is ruled by these movements. »

Balzac: « Astrology is a huge science that has ruled the most intelligent minds. »

Pierre Schaeffer: « It seems to me that astrology can, in its way, through the configurations studied, detect the most secret relationships of human being's inner life. »

The list of personalities who are in favour of astrology is increasingly long. It is clear that, in the 21st century, astrology is gradually given back the place it used to enjoy, except during the past three centuries: a human discipline that works well, with its questionings, its research and its evolution, but also with the mystery over the reasons of its accuracy.

Regarding interpersonal relationships, the debate is quite similar to that of astrological forecasts. Although fate is not inescapable, it does not allow to dismiss a great number of peculiar behaviours that everyone finds astonishing. For instance, instinctive sympathies and antipathies, sometimes with no apparent cause and lasting for a whole lifetime, remain definitely mind-boggling.

Astrological rules applied to the comparison between two charts produce a quick answer because basic incompatibilities exist, in the same manner as fire does not blend well with water or a journalist's mind does not match a researcher's because their respective and basic objectives are too different.

Thus, astrology allows to quickly understand what could otherwise be ascertained after quite a long period of time. Isn't it already one of the justifications of its practice?

We do think so and we strive to draw information for the benefit of as many people as possible.

However, do not forget that the results and the explanations provided to you are only indications and that it is up to you, and to you only, to decide which path your couple is to follow: the stars incline but they do not compel.
