Salma Hayek's Astrological Portrait

Introduction

To fully benefit from this portrait, we suggest that you read its introduction and its preamble carefully, and then that to take the time to soak up the interpretations of each chapter. Given the large number of texts, which mirrors the human being's complexity, you may need to go through the contents several times, so as to get a good grasp of their meaning and to know yourself better. This will reward your patience.

The purpose of this report is to describe your psychological portrait and to highlight the most fundamental features on the personal area. The report begins with the analysis of your planetary dominants and outlines your personality's general traits before going into further detail. Minor dominants are analysed at the end of Annex 1, for purposes of clarity. Your report then delineates the various facets of your personality:

In general, even when relationships are not involved, we express ourselves and we feel according to our character and our personal motivations: this is indicated by the Ascendant and the Sun sign which both give details on the way we function. They shed a tremendously important light which allows to figure out your personality. Here, we describe your Sun sign (your inner self), your Ascendant (your behaviour as seen by others), and the ruler of the Ascendant (interesting additional pieces of information about the style of your personality). These descriptions alone cover nearly a third or a half of your psychological signature, depending on your natal chart characteristics.

Then, we address your sensitivity, or in other words, the way you receive things and how you express your emotions ; it works as a constant filter for all your exchanges, even when it becomes a more secondary element in your amorous relationship, because at that moment, affectivity prevails. Sensitivity is the way you perceive things, it is your radar, your daily mood, and at the same time, it indicates how you react to your entourage, on a daily basis. It is what others immediately see of you. In the second paragraph, we explain in which areas of life your sensitivity and your emotions are strongest, therefore, where you are most vulnerable.

After this, it is your affectivity, the way you love and how you charm, that comes into play as soon as you fall in love: the first part indicates its basic structure or its main form. The second part describes the areas where it is best expressed and how you display it, according to your personality.

A third fundamental area deals with your mode of action and your sexuality: how you behave, how you manage to obtain what you want, what kind of desires you have. There are twelve possibilities, very

different from one another. The study discloses the specific one that applies to you. In the second paragraph, we explain in which life areas you may most efficiently take advantage of your capacity for action and for conquest.

Your ways of communicating and of thinking are obviously among the major elements that must be integrated into the delineation and the description of your personality. Indeed, they influence your general behaviour and may modify or enhance the image your project (for instance, extraversion may “compensate” a weak affectivity, but a huge number of cases are possible). An additional chapter indicates the favourite areas where you enjoy communicating, thinking and meeting with people.

Besides, we analyze an even more personal aspect that is important to define and understand what may occur within your couple: each of us have a centre of interest, a privileged manner to be fulfilled or to achieve our destiny; this main motivation is indicated by the positions of your Sun and your chart ruler in the astrological houses and we provide you with its detailed description.

A natal chart contains the potential for specific fulfilment and a whole range of assets, protections and qualities. How does the lucky factor manifest in your personality? In which area can you best exploit your qualities? The answers are precisely revealed to you in this chapter.

On the other hand, we all feel in us a part of vulnerability, doubts and fears. How does this part of solemnity or serious side play out? How is it possible to handle it in order to evolve and to get rid of useless elements? All this information is provided to you in these two paragraphs.

Then, you can discover three additional traits of your personality that must be considered as secondary ones. They deal with your predispositions, which means that they need to be triggered by external events because they are not influenced by your will; let's call it a part of fate. Please, bear in mind that your destiny can unfold only in accordance with what you are: therefore, even if they belong to your more unconscious self, these characteristics are parts of you, definitely.

The karmic chart complements the psychological portrait or natal chart. It is based on the positions of the Lunar Nodes, the Black Moon, and the Part of Fortune. These elements of the chart, sometimes referred to as fictitious points, provide information about the spiritual meaning of your destiny. Owing to the fact that we all have in us acquired knowledge and the urge to go on a quest, our life is an evolutionary journey... However, these texts must be read with great caution: this is the reason why you will find this analysis in the Annex 2 of your report.

Meaning of Stars

Stars indicate the strength of the aspects. Two solid coloured stars (there are half-stars also), mean that the aspect is powerful enough to be noticed at the first reading.

We strongly advise that you read the paragraphs displaying less than two stars later on, after you have absorbed the full import of the other texts.

The yellow colour indicates a soothing and conciliating aspect, and the red colour, a dynamic and tense aspect. The red aspects enable you to evolve, to take action, and to learn to turn your "weaknesses" into

assets through your life experiences. The yellow aspects are innate strengths on which you rely in order to grow better with the former...

Preamble

When interpreting a natal chart, the best method is to start gradually from general features to specific ones. Thus, there is usually a plan to be followed, from the overall analysis of the chart and its structure, to the description of its different character traits.

In the first part, an overall analysis of the chart enables us to figure out the personality's main features and to emphasize several points that are confirmed or not in the detailed analysis: in any case, those general traits are taken into account. Human personality is an infinitely intricate entity and describing it is a complex task. Claiming to rapidly summarize it is illusory, although it does not mean that it is an impossible challenge. It is essential to read a natal chart several times in order to absorb all its different meanings and to grasp all this complexity. But the exercise is worthwhile.

In brief, a natal chart is composed of ten planets: two luminaries, the Sun and the Moon, three fast-moving or individual planets, Mercury, Venus and Mars, two slow-moving planets, Jupiter and Saturn, and three very slow-moving planets, Uranus, Neptune and Pluto. Additional secondary elements are: the Lunar Nodes, the Dark Moon or Lilith, Chiron and other minor objects. They are all posited on the Zodiac wheel consisting of twelve signs, from Aries to Pisces, and divided into twelve astrological houses.

The first step is to evaluate the importance of each planet. This is what we call identifying the dominant planets. This process obeys rules that depend on the astrologer's sensitivity and experience but it also has precise and steady bases: thus, we can take into account the parameters of a planet's activity (the number of active aspects a planet forms, the importance of each aspect according to its nature and its exactness), angularity parameters; (proximity to the four angles, Ascendant, Midheaven, Descendant and Imum Coeli or Nadir, all of them being evaluated numerically, according to the kind of angle and the planet-angle distance) and quality parameters (rulership, exaltation, exile and fall). Finally, other criteria such as the rulership of the Ascendant and the Midheaven etc. are important.

These different criteria allow a planet to be highlighted and lead to useful conclusions when interpreting the chart.

The overall chart analysis begins with the observation of three sorts of planetary distributions in the chart: Eastern or Western hemisphere, Northern or Southern hemisphere, and quadrants (North-eastern, North-western, South-eastern and South-western). These three distributions give a general tone in terms of introversion and extraversion, willpower, sociability, and behavioural predispositions.

Then, there are three additional distributions: elements (called triplicity since there are three groups of signs for each one) - Fire, Air, Earth and Water - corresponding to a character typology, modality (or quadruplicity with four groups of signs for each one) - Cardinal, Fixed and Mutable - and polarity (Yin and Yang).

There are three types of dominants: dominant planets, dominant signs and dominant houses. The novice thinks astrology means only "to be Aries" or sometimes, for example, "to be Aries Ascendant Virgo". It is actually far more complex. Although the Sun and the Ascendant alone may reveal a large part of the character - approximately a third or a half of your psychological signature, a person is neither "just the Sun" (called the sign) nor just "the first house" (the Ascendant). Thus, a particular planet's influence

may be significantly increased; a particular sign or house may contain a group of planets that will bring nuances and sometimes weaken the role of the Ascendant, of the Sun sign etc.

Lastly, there are two other criteria: accentuations (angular, succedent and cadent) which are a classification of astrological houses and types of decanates that are occupied (each sign is divided into three decanates of ten degrees each). They provide some additional informations.

These general character traits must not be taken literally; they are, somehow, preparing for the chart reading. They allow to understand the second part of the analysis, which is more detailed and precise. It focuses on every area of the personality and provides a synthesis of all the above-mentioned parameters according to sound hierarchical rules.

As explained in the introduction of your Psychological Portrait report, minor dominants are analysed at the end of Annex 1, for purposes of clarity.

Your Planetary Repartitions

Each quadrant is a combination of the four hemispheres of your birth chart and relates to a character typology. The Southern hemisphere – the top of your chart, around the Midheaven – is associated with extraversion, action, and public life, whereas the Northern hemisphere prompts to introversion, reflexion, and private life. The Eastern hemisphere – the left part, around the Ascendant – is linked to your ego and your willpower, whereas the Western hemisphere indicates how other people influence you, and how flexible you are when you make a decision.

Your Four Quadrants

Salma Hayek, the diurnal South-eastern quadrant, consisting of the 10th, 11th and 12th houses, prevails in your chart: assertion and goals achievement are at the centre of your concerns. You are very keen to implement your dreams and your plans. You achieve your ambitions as soon as possible, whether through an active social life, highly charged friendly relations, or an urge to take actions in order to reap - in the eyes of the world, of course - the rewards of your dynamism. It is likely that spirituality or humanitarian actions are part of your motivations, sometimes at the price of some degree of isolation.

Your Dominant Modes and Elements

Salma Hayek, here are the graphs of your Elements and Modes, based on planets' position and angles in the twelve signs:

Your Four Elements

Like the majority of Earth signs, Salma Hayek, you are efficient, concrete and not too emotional. What matters to you is what you see: you judge the tree by its fruits. Your ideas keep changing, words disappear, but actions and their consequences are visible and remain. Express your sensitivity, even if it means revealing your vulnerability. Emotions, energy and communication must not be neglected; concrete action is meaningless if it is not justified by your heart, your intellect or your enthusiasm.

Salma Hayek, Fire is dominant in your natal chart and endows you with intuition, energy, courage, self-confidence, and enthusiasm! You are inclined to be passionate, you assert your willpower, you move forward, and come hell or high water, you achieve your dreams and your goals. The relative weakness of this element is the difficulty to step back or a kind of boldness that may prompt you to do foolish things.

Air is under-represented in your natal chart, with only 5.97% instead of the average 25%. Air symbolizes the values of communication, exchanges with others, but also adaptability and flexibility abilities: if you don't get out of your cocoon to talk, to show interest in others, and to socialize, you may have problems understanding others. Because of your lack of flexibility or of your refusal to adapt yourself, you may be suddenly overwhelmed by events. You should get into the habit of talking, of phoning, and of thinking in terms of "mobility, flexibility, adaptability, change" in every circumstance. It will spare you so many troubles!

The twelve zodiacal signs are split up into three groups or modes, called quadruplicities, a learned word meaning only that these three groups include four signs. The Cardinal, Fixed and Mutable modes are more or less represented in your natal chart, depending on planets' positions and importance, and on angles in the twelve signs.

Your Modes

The Mutable mode is the most emphasized one in your natal chart, Salma Hayek, which indicates a mobile character that is curious and thirsty for new experiences and evolution. You are lively and flexible, and you like to react quickly to solicitations, but don't confuse mobility with agitation, since this is the danger with this configuration - and with you, stagnation is out of the question. Security doesn't matter as long as you are not bored. You optimize, you change things, you change yourself... all this in a speedy way.

Your Dominants: Planets, Signs and Houses

The issue of dominant planets has existed since the mists of time in astrology: how nice it would be if a person could be described with a few words and one or several planets that would represent their character, without having to analyse such elements as rulerships, angularities, houses, etc!

The ten planets - the Sun throughout Pluto - are a bit like ten characters in a role-play, each one has its own personality, its own way of acting, its own strengths and weaknesses. They actually represent a classification into ten distinct personalities, and astrologers have always tried to associate one or several dominant planets to a natal chart as well as dominant signs and houses.

Indeed, it is quite the same situation with signs and houses. If planets symbolize characters, signs represent hues - the mental, emotional and physical structures of an individual. The sign in which a planet is posited is like a character whose features are modified according to the place where he lives. In a chart, there are usually one, two or three highlighted signs that allow to rapidly describe its owner.

Regarding astrological houses, the principle is even simpler: the twelve houses correspond to twelve fields of life, and planets tenanted any given house increase that house's importance and highlight all relevant life departments: it may be marriage, work, friendship etc.

Salma Hayek, here is the evaluation diagramme for your planets:

The three planets that are most highlighted in your chart are Pluto, Uranus and Mercury.

With Pluto as a dominant planet in your chart, you are a magnetic and mighty predator, like the Scorpio sign ruled by this planet, who needs to exert pressure on others in order to "test" them. You are always ready to evolve, to risk destruction for reconstruction - including your own - to live more intensely whilst imposing your secret authority on things and on people you encounter.

You may come across as wicked, cruel or too authoritarian, but actually you only follow your instinct, you sound people out, and you like to exert your domination simply because your vital energy is too powerful to remain inside. You are inclined to be passionate, with hidden motivations. You are sometimes misunderstood but one of your great Plutonian assets is to go successfully through each life ordeal with ever growing strength.

Uranus among your dominant planets: just like Neptune and Pluto, Uranian typology is less clearly defined than the so-called classical seven planets that are visible to the naked eye, from the Sun to Saturn. However, it is possible to associate your Uranian nature with a few clear characteristics: Uranus rhymes with independence, freedom, originality, or even rebelliousness and marginality, when things go wrong...

Uranus is Mercury's higher octave and as such, he borrows some of its traits of character; namely, a tendency to intellectualize situations and emotions with affective detachment, or at least jagged affectivity.

Therefore, you are certainly a passionate woman who is on the lookout for any kind of action or revolutionary idea, and you are keen on new things. Uranians are never predictable, and it is especially when they are believed to be stable and well settled that... they change everything - their life, partner, and job! In fact, you are allergic to any kind of routine, although avoiding it must give way to many risks.

With Mercury among your dominant planets, you are certainly cerebral, nervous, swift, curious, quick-witted, and you love to communicate. Your psychological pattern is intellectual, all the more so since Mercury is important, with its whole set of assets but also of weaknesses, obviously.

Your sensitivity, emotions, and heart's impulses give precedence to thinking, which can lead people to believe that you are a playful and witty but heartless person, intellectualizing situations and juggling with words and numbers whilst ignoring human aspects of things. Of course, it is said that cats always land on their feet - this is your Mercurian strength and your trump card!

Your weakness lies in your nervousness, and you may miss your goal because of your "over-intellectualization" that may be detrimental to other kind of energies such as instinct, spontaneity, heart, sensitivity, etc.

Your Dominant Signs

In your natal chart, the three most important signs, delineated according to the above-mentioned criteria, are, in decreasing order of strength, Virgo, Leo and Aries. They are often prominent because your Ascendant and your Sun are posited there. However, it is not always the case: it may be because they are occupied by a cluster of planets, by a planet near an angle other than the Midheaven and the Ascendant, or because two or three planets are very active and form numerous aspects from these signs. Therefore, you partly take on the three signs' characteristics, which are somehow superimposed on your natal chart, and all the more so if any of the signs in question is highlighted.

Virgo, associated with perfectionism, numbers and reason, is among your dominant signs: you inherit its sense of responsibility and tidiness, a clear mind, an unfailing logic, as well as a need to be useful and to fulfil your task to the best of your abilities. Obviously, people may think that you are too modest or reserved, suspicious or pessimistic because of your exceedingly critical mind, but aren't logic and wisdom great qualities? Of course, they are. Moreover, you keep your feet on the ground, you never behave irrationally and you are helpful and hardworking - what more can you ask for?!

With Leo as a dominant sign, you naturally shine brightly. Your dignity, your sense of honour, and your generosity can almost turn you into a solar mythological hero, a knight or a lord from the ancient times. People may blame you for your selfishness, your pride or your somewhat loud authority, but if you are self-confident, kind-hearted and strong-willed, it surely makes up for your little flaws, as long as they remain moderate...

Arian blood runs through your veins! You have that enthusiasm, frankness, courage, and fastness which usually make you so likeable in spite of your somewhat rough, naive, or violent side. As a bonus, Aries' gushing fire always gives you the impetus to make a fresh start, should you stumble or undergo life

hardship!

Houses 12, 1 and 7 are the most tenanted ones in your natal chart. To compute their strength, planets and angles are weighed according to various astrological criteria such as swiftness, activity, angularity, rulership etc. From the analysis of the most tenanted Houses, the Astrologer deduces the fields of activity that are most relevant to you, be it because of what you are experiencing, or what you may experience in the future, or because of your deep inner motivations.

The 12th house is emphasized in your chart: like the 8th house, it has a rich and complex meaning. Although its bad reputation is likely to scare most readers in the first place - it is indeed the house of hidden or isolated places, of solitude, of ordeals or enemies - it can also mean that a part of your life is very deep and intense. If your achievements are not visible in the public eye, you may fulfil yourself in a different but equally important way: you may be involved in secret activities, humanitarian causes, and projects in favour of disadvantaged people. You are likely to work in quiet and remote places. In many cases, you will gain from these hidden activities as many treasures as people who have a more public destiny. It may be because you sublimate your work, or only because you successfully carry out your task within your environment. There is no such things as a good or a bad house, because each area of life is necessary in its own way, and we need all of them, if we are to improve spiritually.

With a dominant 1st house, your magnetism is powerful, and your individuality as well as your willpower are out of the ordinary. You are a determined, strong-willed, and assertive person, with this relative criterion at least.

It is likely that you never go unnoticed when you are in a crowd or a in reunion: an important 1st house suggests that you are a charismatic person with above average vital energy, especially if the Sun is present in this sector.

Your personal interests are always important and you never forget them, which doesn't mean that you are self-centered, but only that you behave according to what is in harmony with your deep nature!

Your 7th house is one of your dominant houses: it symbolizes other people, marriages, associations, contracts, and partnerships. Your personal achievement and maybe your problems - depending on the rest of your chart - are strongly influenced by your rapports with others, the area in which you tend to

commit yourself deeply. You appreciate communication, and you give importance to others' opinions. Success requires the support of others, which seems obvious and natural to you. Your marriage generally contributes to your fulfilment.

Your Style, Behaviour, and Peculiarities

What is commonly known as "sign" indicates the position of the Sun in the Zodiac. The Sun highlights all the characteristics of the sign he tenants. According to astrology traditional rules, these characteristics are all the more pure and exact when the Sun is strong in the sign, or when the sign is particularly highlighted within the chart. Here, we indicate the pure characteristics of the sign but you must bear in mind that they may only shed a light on a particular aspect of your personality. Indeed, the sole sign of the Sun, or of the Ascendant, can never describe an astrological chart because it depends on the degree of strength of the said sign in your chart.

Another important point must be underlined. Contrary to the Ascendant, which clearly describes your appearance, your vitality, your physical constitution, your spontaneous behaviour and the image you project, your Sun sign describes your inner self, which you may not completely be aware of, and which may emerge gradually as you mature: it is about your inner personality that you reveal only to the members of your entourage whom you trust. The Sun sign is likely to be the final form of your personality, once it has evolved in line with the energies of the other parts of your chart, the beginning of which is seen in the Ascendant, your external "bark".

The Ascendant is one of the major components of your natal chart. It is the zodiacal sign that rises in the East at the very moment of your birth. To calculate it, it is therefore necessary to know your exact time of birth.

It provides with a wealth of information on your personality. It is one of the key features that allows the analysis of several parts of you, such as your appearance, your character as it is initially perceived and your immediate behaviour. It describes the external aspect of your personality which you always display, but it also describes your physical constitution in the long-term, in other words, your health.

Please be aware that, in spite of the importance of the Ascendant, the accuracy of its description depends on how strongly highlighted it is in your natal chart. We use the entire set of astrological rules to assess the strength of the Ascendant. In most cases, the Ascendant is as revealing as your "sign", i.e., the sign where the Sun is posited at the time of birth.

You were born under the sign of Virgo and your Ascendant is in Virgo

Before broaching the details of the meaning of your Sun and your Ascendant, as a preamble, we offer a brief generic interpretation of their combination in your chart:

You are twice a Virgo and therefore, there is no discrepancy between your inner self and your outward appearance. You are a Virgo to your fingertips. Your outstanding feature is your laser-like mind which sorts out all the pieces of information you need in order to improve your situation or to defeat potential enemies. You are smart, observant, and high-strung, and you appreciate clarity in all things. With all these qualities, you are fully-equipped against vagaries and misfortunes, and you can be likened to the provident ant in Jean de la Fontaine's Fables "The Cicada and the Ant". You may be criticised for your maniac and pernickety side, but you go about your business with discretion and humility without disturbing anyone. Actually, the mean cicadas will be very relieved to see you rushing to rescue them after they have sung for too long! Because you are a perfectionist, you prefer to tackle the modest tasks in

which you excel and which you can improve, rather than to embark upon large-scale undertakings which are impossible to properly control. Your ambitions are limited, and it is really a pity because your meticulousness and your pragmatism are outstanding and would be highly appreciated. Sometimes, as you feel quite tired of exerting self-control, you forget all about it, and you allow the wild side of Virgo to enter the stage. In such cases, you lose all your usual modesty and reason, but it is only to cling to them even more tightly afterwards. Quite a healthy reaction, actually...

The sign and the Ascendant in Virgo

Psychologically speaking, your nature is nervous and secondary. Before you take action, you cautiously ponder over things and you review any possible alternative and reaction. You strive systematically to find the best possible response to any given problem. You are a perfectionist above all and you have no rest until you optimize a situation, in each and every area, be it professional, pragmatic, aesthetic or in pleasure. You do not accept spontaneity and, to fully enjoy life and go further, you consider that demanding the best is the least you can do, even though it is detrimental to the rough force associated with your instinct. The intellectual element intervenes before both the physical ones and your feelings: it is one of the essential clues to understanding your personality.

As you are born under this sign, you are cerebral, clear-sighted, focused on details and on numbers, analytic, serious, competent, reasonable, modest, tidy, organized, spruce, industrious, provident, honest, loyal, reserved, shy, helpful, willing to progress, talkative, perfectionist, logical, hardworking, tactful, patient, precise, concrete, spiritual. You can also be narrow-minded, calculating, irritating, petty, pernickety, hung up, anxious, cold, repressed or sarcastic.

In love, Madam, you are discreet, modest and intellectual. You may experience love only in the second part of your life if you do not make the effort to become aware that feelings and sexuality don't fare well with excessive reflection and prudence. In this area, one must not rely on reason...

Once you understand this principle, you will become the best wife, meticulous, tidy, but warm and withdrawn, caring for your family's well being and perfectly tackling your children's minor health problems. Your concern for tidiness and cleanliness allows you to have a healthy, safe and refined home.

You are fond of changes, variety and humour and you attach a special importance to your partner's comments and attentions.

You may marry twice or you may have a secret love affair, in spite of your seriousness, because Virgo is a dual sign, like Gemini, Pisces and Sagittarius.

The ruler of your chart is in Virgo

The ruler of the Ascendant, also referred to as the chart ruler, brings a few interesting nuances to the meanings provided by the Sun and the Ascendant. The sign in which the ruler of the Ascendant is posited fine-tunes the style of personality described by the Sun and the Ascendant. It may strengthen it if the sign is identical to either of them.

The ruler of your Ascendant is in the same sign as your Sun and your Ascendant. This specific feature means that the Sun's characteristics previously delineated are strengthened.

Aspects to your Ascendant

Several planets form an aspect with your Ascendant, Salma Hayek. Therefore, in their specific way, they modify your behaviour and your personality, which do not take on the pure characteristics of your Virgo Ascendant only, but which are a blend of its characteristics with those of the said aspects.

★★★★★ Pluto conjunction Ascendant, orb 0° 3'

Pluto is in conjunction with your Ascendant, Salma Hayek. The planet of taboos, power, secrets, and instinct endows your behaviour with an uncontrollable domineering note which is not negative as such. At the same time, it also provides you with exceptional lucidity. In spite of yourself, Pluto prompts you to discover people's secrets, to provoke them in order to better understand their "truth". Your mysterious and slightly frightening magnetism is definitely part of your seduction!

★★★★★ Uranus conjunction Ascendant, orb 1° 55'

Uranus is in conjunction with your Ascendant, Salma Hayek. Therefore, your behaviour has a good dose of originality. Somehow, it is through your external appearance that you tell other people... that you are different. You do not like to merge into the crowd. Uranus forces you to set yourself apart from people and to distance yourself from the multitude. The other peculiarity of the configuration is that your behaviour is at the same time very individualistic and marked by your love for freedom, Salma Hayek. When you face constraints, you just remove them. For this reason, you may be taken for a rebel or a person who fears neither God nor man, although it is completely wrong, of course. The sheer truth is that freedom of thought and action is your sacred value.

★★★★★ Neptune sextile Ascendant, orb 2° 15'

Neptune in soft aspect with your Ascendant endows you with a sharp intuition which enables you to instinctively adopt the behaviour which your entourage appreciates, Salma Hayek. You have the natural flair which prevents you from making errors of judgment on people. You understand the crowd, and you have the good reflexes for being well-accepted by all.

★★★★★ Sun conjunction Ascendant, orb 7° 49'

The conjunction of the Sun with the Ascendant represents the perfect fusion of will and vitality, and will and external appearance, Salma Hayek. This conjunction indicates an above average charisma or magnetism. Moreover, there is a concentration of energy which enables you to naturally shine and attract, as well as to move mountains provided... you decide to do so!

Your Sensitivity

Your temperament is impulsive, Salma Hayek, you are fond of instant thrills and you do not like to wait because you grow weary quickly. With you, things must keep moving fast! Your vivid imagination triggers enthusiasm, audacity and independence because you need to undertake and to achieve. You do not fear to be defeated and, far from slowing you down, rivalry and struggle have a stimulating effect. Because of your sensitivity all on edge, you are irascible and unpredictable: it is easy to unwillingly get you started and this makes your life a bit difficult with the family and with friends. You are perceived as an impatient person, short-tempered, whimsical, unstable and even, aggressive, and people think that you don't take your entourage's needs into account. However, you may also be warm, ready to help and to comfort whenever you are able to control your impulsiveness. You must not be worried about losing your identity when you listen more to your close friends...

You are dependent on your relationships for a large part, Salma Hayek, and generally, you can open up only with people you are close to. Contacts are very important for you, however, you tend to listen to the one who spoke last. In fact you are easily influenced.

You will certainly find your dream husband and you will develop a close and intense relationship with him.

You are moody and impressionable. Your relationships with your audience are always put on a pedestal and you have a tendency to constantly change your personal image according to the persons you are dealing with and the reactions you get from them.

★★★★★ Moon trine Mars, orb -1° 59'

Your vivid imagination goes hand in hand with you desire to make your dream come true and to fight, so as to remain true to yourself. You easily mobilize your energy and your resources. This harmonic Moon-Mars aspect indicates the will to keep your intimate balance under all circumstances. You thrive in action; you court danger, particularly when your regular environment is endangered. In the private sphere, you exhibit complete straightforwardness. This planetary configuration allows you to quickly get back on your feet within a new context. You adjust well to unprecedented situations. Your capacity to integrate events rapidly can only increase your adaptation abilities.

★★★☆☆ Moon sesqui-square Venus, orb 0° 01'

With this Moon-Venus aspect, passion and sensuality may often upset your well being and your tranquillity. Your way of loving is dual. You either accept life's simple joys, or you live through intense emotions and consuming fevers. It is difficult for you to reconcile your daily life with your affective or sensual desire. Habits kill passion, whereas passion forbids the carelessness that is yet indispensable for your fulfilment. This aspect suggests the traditional mother/woman and father/lover antagonisms that are incompatible, although it is possible to experience them alternately. It is important that you balance these antinomial desires: you may let the turmoil of your heart break the monotony of an amorous life devoid of excitement but it does not mean that you must forsake the reassuring values of a couple, or family cell, where you can rest at will and give free rein to your intimate behaviour. You may indulge yourself but don't forget that you must deserve love.

★★★★★ Moon conjunction Saturn, orb 9° 27'

This harmonious Moon-Saturn aspect is an element of stability for your private life. Your daily life lives up to your demands, you are totally true to yourself and logical through your very intimate behaviour. You do not choose the easy way out: on the contrary, it is in difficult situations that you are at your best. It is very unlikely that you become destabilized by trifles. This aspect indicates stability and also perfectionism. You are longing for a private life respectful of your heart of hearts and your genuine desires. Your well being is at this price, and its quest remains perpetual. Despite your reserved private behaviour, your emotions run very deep. You have a strong need for protection and for security. Your aspirations lead you towards contemplation or studies, more than towards social futilities.

★★★★★ Moon sesqui-quadrate Neptune, orb 2° 19'

This Moon-Neptune dissonance wonderfully turns on the poetic soul, the exhilaration of feelings and dreams... and disturbs your practical life, as well as the management of contingencies. You do not lack inspiration but your reasons of living may be beyond your entourage's understanding! Bohemian life is pleasant but it is probable that you experience muddled situations. Your aims are noble and your intentions are very good. But you may not have the will to turn them into reality. It is important that you are wary of artificial paradises: escaping in the imaginary is not necessarily the best solution for problem solving. You are in search of an inaccessible tranquillity and you tend to procrastinate chores. Nevertheless, facts remain present and you may see that non-interventionism can only increase your difficulties. You must put an end to this vicious let-go circle. This does not imply that you have to forsake your dreams or to repress your very rich sensitivity.

★★★★★ Sun inconjunction Moon, orb 2° 34'

In your chart, two polarities are clearly opposing - or complementing – each other: on the one hand, solar values, the image you project and the models you follow. On the other hand, lunar values, moments of letting-go and well being through casualness. When you commit yourself in a project, it is often to the detriment of your peace of mind. Conversely, you completely feel that you are your true self only when you are no more under the scrutiny of the outside world. Therefore, you separate your social and professional activities from your private life and you seldom match the requirements of the former with those of the latter. It may be a hurdle, a fundamental anxiety. It may also be an obvious asset, when it is well integrated: in that case, you succeed in assigning to yourself, and in fulfilling, objectives that are not necessarily in line with your intimate natural demands, which are preserved and separated from your intentions, your ambitions and your expectations. Thus, a strong will can turn this Sun-Moon hard aspect into a rich instrument for creativity. A shadow zone, or uncertainty, still remains: on the affective plane, you are very sensitive. May be too much, to the extent that you become vulnerable in many circumstances. Because in different periods of your life, your landmarks (solar) and your intimate balance (lunar) will be simultaneously challenged.

Your Affectivity

In your chart, the Sun is in Virgo and Venus, in Leo. Your solar and Venusian signs agree as much as fire and water! The natural reserve of the Sun in Virgo reacts to the excited and burning character of Venus in Leo. The modesty of the former opposes the passion of the latter. This contradiction may be part of your richness but it does not facilitate the consistency of your attachments: when you love, when you give free rein to your desires and your affections, you are Leo... unyielding, passionate, demanding and

extremist. You are conquering, too, even domineering. However, your Sun in Virgo does not feel too comfortable in this style. During your periods of defence and of withdrawal, love fever turns into a reasoned and organized retreat. Your behaviours may be paradoxical: you are sensitive to flatteries but you pretend to be indifferent. You are enthusiastic when your desire is aroused, but you project a more balanced, distant and discreet image. It is necessary that your partner feel the dormant volcano that is often hidden by your will to control. Without that will, you would lose all your landmarks. The adventure is wildly alluring, but you hesitate to play the game and to indulge in frenzy, absolute and destabilizing infatuations. When the configuration is well integrated, it allows you to master various styles and to experience devouring passions... without being devoured!

You are so proud and generous, Salma Hayek, that the power of your love contains in itself your vulnerability. However, this is precisely what makes you charming and original. You are loyal and straightforward and you need to love as much as you need to be loved. Both feelings are tightly linked and there is a real danger that love is broken up by trivial misunderstandings, just because your touchiness is affected. You are demonstrative, brilliant, and even dramatic, with a legendary generosity. For you, everything is, or must be, excessive: gestures of love towards your partner, your presents, your comfort and the luxury, which marks your outings and your travels. You are physically a lion, at least, you have its sexual appetite; you are voluptuous and passionate. Flexibility is the only thing that is out of your reach, in the ways you show your love, as well as in your responses to annoying events.

Salma Hayek, whether you want it or not, you are the illustration of the famous French saying that: "To live happily, let's live in hiding!" Nothing suits you better than tranquillity, peace and, finally, to some extent, privacy in your love life. It may be caused by many different reasons, sometimes shyness, romanticism, modesty etc. but in any case, you are prone to experience love better in the clandestine mode. The legalization of your union, so often sought after by others, is something you dread more than anything else. You are romantic, secretive, even melancholy, sometimes, and you tend to sublimate or to spiritualize your feelings, with the effects of bringing about moments of affective loneliness that do not really take a toll on you. Indeed, you operate a sort of fatalistic association of love with ordeals in general: often, you meet with your soul mate during difficult circumstances or in a climate of sorrow. Is it due to your highly dedicated and loving nature, or to your innate goodness? Whatever the answer may be, you often establish serious links during such occasions. It may occur in a closed setting, a hospital or a convent, or a prison. Mysteriously enough, love is born and develops easily. You are a philanthropist with genuine compassion at the bottom of your soul and you give of your best when the period is filled with sorrows and doubts. You are among those who can commit themselves in all sincerity and fervour to charities. There, your feelings will certainly find a natural outlet, in so far as you are unable to express them strongly enough in your concrete love life. In spite of your misleading appearances, you are rather the shy and reserved kind in the very intimate area of feelings but you are so nice, dedicated and generous that you are not any worse off than others: you successfully turn your ordeals into periods of personal enrichment and beneficial growth, on the spiritual plane as well as for your destiny. Besides, you are blessed with a kind of protection against life hardships. The ravages of loneliness have absolutely no effect on you, to your close relations' deep astonishment.

★★★★★ Venus square Neptune, orb -2° 21'

You are very idealistic in love and you may be blind. In many circumstances, you deem your sentimental life heavenly and you lay yourself open to delusions. Love is a dream and waking up is often painful. Your imagination distorts the game of intimate situations. It is important that you keep your sense of reality and that you avoid to embark upon dark or muddled paths. Forget about artificial paradises! The

Tradition very rightly insists on the tendency for impossible love affairs. Your demand and your thirst for the absolute may make you dread experiencing a common life that is inevitably flawed with compromises and vagaries. The object of your affection is idealized « because it was him, because it was me » and you do not reckon objective elements that will resurface later in full force. With this planetary configuration, the danger is in the idealistic, even fanciful, nature of your affectivity. It is certain that love cannot be bought or reasoned. But how is it possible to live an absolute passion on a daily basis? You must control your heart impulses and, without losing the sentimental riches that are part of your charm, you must put what you love in harmony with what you dream of.

★★★★★ Venus bi-quintile Saturn, orb 0° 28'

You favour deep feelings and a sincere affective life. In love, you are not content with shams or uncertain compromises. Your couple's relationship is based on mutual trust. You strive to build a lasting link, a true love that complies with your aspirations and your heart of hearts. This harmonious Venus-Saturn aspect indicates wisdom. Inexpressible truth is preferred to appearances. A love affair is an adventure, above all. Discovering the other one, step by step... any relationship takes a fundamental dimension right away. It is relevant to mention a little puff of romanticism and a passionate nature, although quite modest and reserved. You do not commit yourself thoughtlessly! This is a major asset for long lasting love. You are able to question your affective behaviour and to adjust to your significant other. You handle crises quite well and you overcome all the difficulties inherent to amorous rapports.

★★★★★ Mercury conjunction Venus, orb 10° 04'

This aspect sensitizes you to games of seduction. You like to multiply romantic undertakings, you invent new reasons to seduce or to be seduced. Although your romantic life is not a model of stability, it is full of discoveries, varied emotions, both sensual and cerebral. You know how to earn your entourage's liking through your acute sensitivity. You play around with feelings, with relationships and with love... Mercury and Venus commonly share the capacity to sensitize to human topics. Your receptivity towards others is high. Your broad-mindedness goes hand in hand with your heart's generosity. You pay particular attention to the way people look at you and the effect you make when you meet or exchange with someone. Actually, you expect a lot from others: acknowledgement of your qualities, as well as esteem and consideration. You may also be touchy beyond what you may give to think. In many instances, relationship games may turn out to be more serious than expected.

The Way You Take Action and Your Sexuality

What an energy, Salma Hayek! You take so many initiatives, you have so much strength for action, construction and struggle! You are part of the conquerors, loyal and concerned about panache. Your vitality is such that you can achieve your objectives and release all your creativity. However, you are so proud and so unyielding that you cannot tolerate the faintest annoyance on your way: if you are vexed, you may turn into the opposite direction as a matter of reaction. Sexually, your magnetism and your energy work wonders. You are not complicated and, as long as your slightly domineering nature is respected and you are granted due admiration, all goes perfectly well. You usually have a lot of self-confidence and you believe in you. This characteristic feature may turn you into a hero with Hercules's strength and solar charisma.

It is in the area of friendship and collective life (common projects, associations, etc.) that you express your impulsivity, your warmth, and your capacity for action, Salma Hayek.

You are cut-and-dried and your motto is "either succeed or die". In case of success, it is your responsibility to make the relationship last because you are not the submissive type and you hardly compromise. You put a lot of passion in your friendly relationships. You are not interested in lukewarm or insipid acquaintances. Things must be moving, even though it may mean that the relationship is cut short.

In any case, you enjoy participating actively within a community and, whenever possible, you take the leadership role, in your own way. As soon as you are more or less under the public eye, you become enterprising. When you are on your own, you do not feel the need to use your energy.

★★★★★ Mars semi-square Uranus, orb -0° 4'

This Uranus-Mars dissonance indicates frequent commotions. Your actions may be foolhardy and thoughtless. You may not control your temper and you let impulsiveness take over logics. This brings about drastic, whimsical or untimely decisions. There is no monotony in your life: thunders and tyrannical behaviour are on the agenda! Your fighting spirit certainly allows you to cope with life hardships. Nevertheless, beware of damages. As one wants to act as a hero, one can make mistakes. Because forces are overestimated or because inflexibility forbids compromise solutions. Therefore, it is important to balance your decisions and to avoid solutions that are as final as inappropriate.

★★★★★ Mars conjunction Jupiter, orb 9° 19'

Coordinated action wins over almost all obstacles! You mobilize your energy and your fighting spirit advisedly and you take timely action. This is the reason why you are efficient in situations requiring courage, determination, swift responses and diplomacy, altogether. You do not fear confrontations but you never provoke them unnecessarily. You take advantage of your chances and you adjust your behaviour to concrete situations. You empirically handle events with relevance. The only danger is that you may be overzealous to seize any opportunity... even those that are not necessarily good in the long run. You should take the time to carefully consider the facts and their consequences. The swiftness of your reactions must remain an asset.

★★★★★ Mars trine Saturn, orb 7° 28'

Persistent action always bears fruit eventually. All that is needed is patience... A quality you have, undoubtedly. As confrontations become unavoidable, you show strong persistence and indisputable perseverance. Potential obstacles are more stimulating to you than they are discouraging. You are naturally fit for effort and for confronting realities and facts. You quickly overcome difficulties and you respond to crises in an efficient and considerate manner. You are enduring. You handle events with rigour and precision. These are valuable qualities nowadays, for they often come with the capacity to undertake adventurous experiences and to take limited risks!

Your Intellect and Your Communication Style

Your capacities for logic and analysis are very good, Salma Hayek, and you evaluate each and every aspect of a given situation in objective and critical ways. You are industrious, methodical, with a lot of nervous energy, you pay attention to details and you may spend lots of time in intellectual and painstaking works. Although you are articulate, you do not like to be in the forefront and you prefer to work in team rather than to take initiatives: you feel less anxious when you know what is exactly

expected from you and what you need to do. You tackle problems with rationalism and you distrust imagination and intuition. You love letters as much as you love figures. Your caustic humour may destabilize your entourage who may prefer that you were less demanding and more demonstrative. Please bear in mind that not everything can be kept under control...

Your thoughts remain often secretive, Salma Hayek, and you communicate in a discreet and sober way. The reasons may be your upbringing or your temperament. Actually, you may be interested in noble and compassionate goals, and of course, you don't advertise them.

Your strength lies in your steady concentration and your adaptability to ordeals. You are quite mysterious, interested in humanitarian issues. Your intellectual vision is strangely tinted with some form of mysticism and individual withdrawal.

Let's say that you enjoy communication and thinking, although you don't want others to notice it. The power behind the throne, somehow.

★★★★★ Sun conjunction Mercury, orb 7° 28'

You know how to play with your image, how to give multiple representations of yourself. A precious asset: you are sensitive to other people's opinion and you adapt yourself to the audience. Of course, there is a "show" side in your manner that may prevent perfect cohesion. But that's the other side of the coin, for an extraordinary capacity to discover. This aspect translates into an acute sense of observation, an intense desire to learn and to bring everything to light. You strive to be informed in many circumstances, to understand the machinery of the world surrounding you, particularly regarding all human topics. And you will change according to that information and the knowledge gained. You have the chameleon's adaptation powers. And its vulnerability, as well.

★★★★★ Moon bi-quintile Mercury, orb 1° 06'

Curiosity is part of your nature. You perceive everything with sharp acuity. You increase your attempts to establish connections and to exchange opinions and information, particularly when you are in a familiar and intimate context. When this configuration is well integrated, it underlines the multi-faceted nature of the mobility that defines your behaviour and your living conditions and endows you with strong adaptation abilities. You also show a remarkable gift for improvisation and you pick up the quality of the atmosphere so swiftly that you get off any tricky situations. However, you must keep your adaptation capacity under control because when it is overdeveloped, it may become an agent for instability.

Your Goals, Motivations, Career, and Destiny

Your Sun is posited in the 12th House

Salma Hayek, your desire for accomplishment goes through a quite peculiar and original form, in the sense that you cannot resist the appeal of mystery and of withdrawing from events and situations. Your natural inclinations often prompt you to isolate yourself and to keep your private secrets intact. Indeed, it is during such privileged moments, when you are alone, that you can recharge your batteries and eventually blossom up.

Somewhere in you, there is a propensity for introversion, quietness and even a kind of isolation, whether

they stem from a natural taste or from force of habit. However, beware... you are more secretive and more enigmatic than you are solitary. The reason is because a more or less important part of you (depending on the rest of your chart) is hidden and inaccessible to others.

You are sociable but you appreciate discretion. You often show a real dedication towards people and your compassion is one of the original facets of your personality, which is difficult to figure out. Your individuality is finally forgotten, almost negated in some cases: you are not interested in personal glory, which is all to your credit. You thrive through dedication, volunteer work, humanitarian action and alleviating the distress around you, since you perceive the weight of injustice more acutely than others.

Here is the paradox you are entangled in: the more you keep your distance from society, the more you are successful, at least regarding the things that strengthen you and make you evolve. Working in secret or in a withdrawn environment suits you very well: you are favoured if you are a writer, a painter, a medical practitioner, a psychiatrist or even a monk. You may also work in a penitentiary institution etc., as well as in any occupation conducive to quietness and contemplation. It does not imply that you cannot achieve fame, but when you do, a hidden part of you must express itself in one of the above areas, for your own good.

The Tradition indicates that with this configuration, your evolution goes through ordeals or obstacles that lead to a crisis and to a period of solitude so that you are on your own and, may be, that you have the time to ponder over what is really important in your life journey that seems at first sight so absurd and crazy. Do not worry, there is no such thing as a better predisposition. Everyone has one's own path and yours goes through an unpretentious authenticity, secrecy and the regeneration of your whole being during a few periods of your life, faraway from social whirls and false relations that are time wasting.

Your accomplishment may turn you into the power behind the throne. It may also take you into hidden topics people do not talk about, the supernatural, occultism, great mysteries etc.

Your destiny contains a mysterious part that no one suspects: you are far from being as simple as people might think.

Although nothing appears externally, you know to which extent you are remote from the idea that the majority of people have of you. You are interested in situations that allow you to hide or to withdraw at some periods of your life; it is often due to a series of ordeals. But beyond your reaction of defence while facing events, you have a true inclination for mystery and secret.

You must overcome the periods of isolation or of ordeals because the reward is proportional to what you are entitled to expect: a more rapid moral and spiritual evolution, wisdom, and a blooming personality. Some people may choose small roads in the countryside to unfold their life. You choose highways to earn your salvation and you avoid the socialite and false delusions inherent to an ordinary life in society. More than anyone, you are favoured, you are prompted to overcome pitfalls and to never let pessimism discourage you.

The ruler of your chart is in the 12th House

The ruler of the Ascendant, also referred to as the chart ruler as explained in a previous chapter, is also posited in one of the twelve Houses of the chart. Just like the Sun in his House, the ruler of the Ascendant provides certain abilities, or it makes you appreciate more keenly certain areas of life.

The ruler of your Ascendant is in the same House as your Sun. This specific feature of your chart strengthens the Sun's characteristics previously delineated.

Aspects influencing your ambitions

Regarding your destiny or your career, the following aspects of your natal chart allow to fine-tune what has just been said above:

★★★★★ Pluto square Midheaven, orb 0° 04'

Owing to this dissonance of Pluto with your Midheaven, Salma Hayek, you may experience brutal changes in your professional or your living conditions. These upheavals are imposed on you by fate, and they sometimes take on a mysterious nature. Although you do not always understand the cause behind them, you must accept these changes as they occur, in order to bounce back in a different path, or just elsewhere.

★★★★★ Uranus square Midheaven, orb 1° 29'

Uranus is in hard aspect with your Midheaven, Salma Hayek. There is definitely nothing serious to worry about. There may be a lack of perseverance in the efforts you put in order to move forward in your career or your social destiny. When unexpected hurdles crop up, more than anyone else, you must accept the unavoidable changes without losing sight of your aims, and above all, without getting disheartened. More than anyone, you must learn to accept the values of time and duration, if you are to reap their fruits.

★★★★★ Jupiter trine Saturn, orb -1° 51'

Jupiter and Saturn are favourably linked to each other in your natal chart. The Tradition indicates that this planetary aspect is a good omen for your social success and good integration in the society. Indeed, Jupiter stands for public life, respect for laws and hierarchy, and acceptance of established rules, whereas Saturn symbolises wisdom, time, seriousness, and perseverance. Therefore, it is only logical that with this Jupiter - Saturn configuration, your career, or your social destiny if you do not work, is well thought of by society, and that you are most likely to experience its happy outcomes sooner or later.

★★★★★ Sun conjunction Pluto, orb 8° 2'

This harmonious Sun-Pluto aspect indicates an exemplary clear-sighted mind. Without destabilizing your appearances or your personality mask, Pluto makes you aware of your subjective and questionable character, as well as of your manner. You never take yourself completely seriously. You have a good grasp of human nature's complex games, without gullibility, without excessive simplification. Because you can perceive hidden elements underlying any situation better than anyone else, you are acknowledged as perspicacious. This aspect allows you to distance yourself from difficult circumstances and to remain impassive when you must overcome pitfalls.

★★★★★ Venus sextile Midheaven, orb 4° 1'

In your natal chart, Salma Hayek, sweet Venus is in soft aspect with your Midheaven. It means that your natural charm and the way you express your feelings are appreciated in society. Usually, this configuration speeds up the achievement of your professional goals, or in any case, of a certain social status. A female - or females - may prove helpful for your career or your destiny.

★★★★★ Neptune inconjunction Midheaven, orb 1° 49'

Owing to this dissonance between Neptune and your Midheaven, Salma Hayek, you may have difficulties in knowing what you want regarding your professional orientation. Your imagination and your flexibility cause contradictory feelings and sometimes result in indecisiveness. You are doubtful about the path your social or professional destiny should follow. There is definitely nothing serious to worry about. It is just that Neptune represents a heavy emotional burden which you must firmly deal with, so as not to delay your trek towards success!

★★★★★ Sun conjunction Uranus, orb 9° 45'

This aspect reinforces the determination as well as the will to further your original, sometimes revolutionary, ideas and designs. Your capacity of innovation is important for your image. You have the soul of a leader. You display a forceful and synthesizing mind. You may tend to oversimplify or to schematize situations. In most cases, you know where you are heading to and how to reach your goals. Your determination is two-edged... not everybody will appreciate your contrasted standpoints. It is yes or no, black or white! This planetary configuration indicates certainties. When it comes to acting according to your inner motivations and to respecting your models, you can show an unusual willpower and sweep aside all obstacles lying on your path.

★★★★★ Sun semi-square Jupiter, orb -1° 06'

This Sun-Jupiter aspect indicates a strong desire for social and professional integration but it may cause a few difficulties of expression in that regard, owing to excesses or immoderation. There may be discrepancies between your objectives and the means implemented to achieve them. The danger of this configuration may be that you forsake an essential part of yourself for some ambitious but out of proportion plan. Too many efforts of adaptation and an excess of opportunism may make you miss the target. It is important that you remain true to your values and that you do not seek, at any cost, to adjust your attitudes to the situation. However, do not fall into the opposite trap: a need for the absolute that forbids compromises, although they are so necessary. You must reconcile idealism with the demands of the moment, the respect for principles with the sense of timeliness. When this configuration is not well integrated, things get out of hand. Extravagances are glaring. They may translate into an exuberant, overly demonstrative disposition. Personal ambition turns into pride, and joviality becomes immoderation. Outbursts of anger are frequent. However, in a reserved and cautious context, this configuration reveals its positive nature.

★★★★★ Moon quintile Midheaven, orb -1° 09'

Your sensitivity and your emotions are in line with your goal and your ambitions, Salma Hayek. You do not need to curb your temper lest other people have a wrong perception of you. Indeed, by being your true self, very simply, your social ascent will unfold naturally.

Your Assets and Your Part of Joviality

This planetary configuration in your chart is very positive, Salma Hayek, because Jupiter, the planet of Greater Fortune, is in his exaltation, which means, in a privileged position. Jupiter protects your family area and later, your own home. Your sense of responsibilities is increased, your inclinations for comfort and customs are strengthened; usually, you are well integrated in society. You mature affectively early, and this fact enables you to avoid many setbacks. The only danger with this pleasant configuration may be your attraction to good things, in all areas, and their consequences.

You inherit a heaven-sent present in the guise of your guardian angel, Salma Hayek! You are protected by powerful higher-ups or by your family. Your position with groups is favoured! Friendships, protections, and collective projects are three key words you should keep in mind as they constitute your... real assets, throughout your life.

The planet Jupiter symbolizes expansion, broadness and generosity. Jupiter is associated with the functions of synthesis, enthusiasm and optimism. In your natal chart, his house position is more important than his sign position because, like Saturn, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Jupiter in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Jupiter in Cancer is in the sign of his exaltation, which means that he is at great ease and he can express his essence more powerfully. He amplifies your emotions, your imagination and your optimism. You can be a good head of family or you develop a natural interest for matters linked to your home, your roots, your patrimony or that of your family. All your domestic affairs are protected.

Your Serious Side

The side effects of melancholy or isolation are the capacity to accumulate wisdom and the ability to step back. Therefore, if you really mean it, you have the possibility to make a better distinction between the concrete values that enable you to progress in actual life, and sugary daydreams that only bring some virtual pleasure and no real meaning.

Salma Hayek, you have a natural reluctance to grant your trust: as a consequence, associations, union, and sharing with others are difficult for you. On the bright side, you are endowed with caution and wisdom.

You ought to tone down this attitude because it may turn against you in the long run. You may marry late or with a person much older than you. This does not imply unhappiness! It is in your interest to open up to others, although it is hard for you to do so. At the end of the day, your harvest benefits your destiny and your evolution alike.

The planet Saturn symbolizes contraction, effort, time, limitation and concentration. Saturn eliminates anything that is not authentic, sooner or later. It is impossible to cheat him as he gives an irresistible desire to form a coherent whole with oneself, in responsible and wise ways. He is the great purifier. He represents our limitations but also our truth. In your natal chart, the house position where Saturn is posited is more important than his sign position because, like Jupiter, Uranus, Neptune and Pluto, he is

a slow planet. Many people born in the same period have Saturn in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Saturn in Pisces limits your ability to feel other people's emotions or to profusely express your own feelings. For this reason, you are less vulnerable but at the same time, you can revel in isolation. On the other hand, you are genuine, you cannot be satisfied with chimeras and you remain far away from illusions but also... from dreams!

A Few Special Points

Your Uniqueness and Your Utopias

You are an original person, sometimes eccentric, even extravagant, and your actions or your words are always surprising. The expression of your humour is out of touch with reality and unpredictable. Most of the times, things are fine and you radiate with a peculiar and very special charm. With you, it is impossible to get bored!

Your will to behave differently from the mass of your fellow creatures and to assert your independence is part of your pride. Be wary that it does not backfire on you. It would be a pity if excessive unpredictability made you appear as... bizarre!

Your Inspiration and Your Illusions

The way you think and communicate, as well as the organization of your trips, are deeply emotional and sensitive and lack rigour. On the other hand, you are able to "sense" things directly. Your mind gains in synthesizing ability what it loses in analysis capacity.

You have bohemian ideas, and the way you look at things is quite flexible. As you daydream and you indulge in your emotions, you may be cut off from reality and may lose important relationships! Do not run away, do not tell lies, and take advantage of the best aspects of this configuration: intuition and inspiration.

Your Passion and Your Authority

Your close friends are aware that your underlying tension may break open as soon as you feel threatened or when your honour is tarnished by ambiguous actions or talks. You have an innate taste for power, and you exude a strong form of magnetism and authority.

Your need to transform both your environment and your personality may prompt you to display aggressiveness. But more often than not, it remains a form of blackmail in order to dominate others, something similar to the chess principle that "threat is better than implementation".

Your Isolated Planets

In general, the ten planets of the chart are connected to other planets by major or minor astrological aspects. It is owing to those ties that the planets' energies can manifest in the chart owner's personality and play out within safeguards according to a specific tonality.

It seldom happens that in a natal chart, a planet is totally disconnected from the nine other planets.

Astrologers have observed that when such a case occurs, the person feels the energy of the unaspected planet in quite a singular way, very jerky and powerful at the same time. Thus, for instance, the famed astrologer Jean-Baptiste Morin de Villefranche wrote that "an unaspected planet heralds that something strange or extraordinary will take place regarding the meanings of the house in which the said planet is posited" (source : l'astrologie selon Morin).

Rules for detecting an unaspected planet: among all the testimonies that we have reviewed to this day, based on our experience, we tend to agree with American astrologer Janis Huntley who accepts seven aspects, which involve the zodiacal twelve sections of 30 degrees. The aspects to be considered are the conjunction (0 degree, cooperation or tension), the semi-sextile (30 degrees), the sextile and the trine (60 and 120 degrees respectively, aspects of cooperation), the square and the opposition (90 and 180 degrees respectively, tensed aspects), and the quincunx (150 degrees, slightly tensed). In this detection, the chart's angles are not taken into account.

In any case, it is important to remember that an isolated planet clearly expresses its influence when it is a personal planet. Thus, when the Sun, the Moon, Mercury, Venus, or Mars is isolated, it is certain that the effects described by Jean-Baptiste Morin de Villefranche will become manifest. As for Jupiter, Saturn, Uranus, Neptune, and Pluto, one must be cautious because the volume of cases documented is not yet large enough.

Your chart has no isolated planet, and this particular case does not apply to you.

Annex 1: Your Minor Dominants

The five following dominants are less significant than those described at the beginning of your report. They may not be strongly felt. In some cases, they add several minor details to the analysis of your character, but they are rather for curiosity purposes. It is not necessary to take them into account when you first read your portrait.

Your Planetary Repartitions: Northern, Southern, Eastern and Western Hemispheres

The axis linking the 1st house's cuspide (the Ascendant) to the 7th house's cuspide - the Descendant - divides the zodiac into two bowls, a superior bowl, in the South, and an inferior bowl in the North. Quoting an expression by the famous American astrologer Rudhyar, the Southern part and the Northern part correspond to two functions: "being" and "doing". Other concepts are also associated with this North and South distribution, such as introversion - Northern hemisphere - and extraversion - Southern hemisphere - being or appearances, inner life or external life, reflection or action, dreaming one's life or living one's dreams, the abstract or the concrete, backstage or limelight.

This is not about determination but about personal inclination: thus, some people will be thrown into public life despite a prominent Northern hemisphere. If this happens, however, it will not be due to their will, their taste or their deep nature. Conversely, a prominent Southern hemisphere will not bring about a famous destiny to its owner, even if he tends to turn the spotlight on himself, or if he looks for a more active life. It is a matter of deep nature and natural inclination. Of course, none of the typologies is "superior" to another.

In your birth chart, Salma Hayek, the ten main planets are distributed as follows:

Your Northern and Southern Hemispheres

Salma Hayek, the predominance of planets in the Southern hemisphere prompts you to take action, to draw attention on yourself, and to make your actions and what you have in mind visible to everyone. Sometimes, without giving a single thought to, and to the detriment of, a richer inner life and a deeper and wiser reflection. Action and communication are inevitable in your opinion and you tend to think that the only thing that matters is what is seen! This is not always true, and it is up to you to progress through the development of inner qualities such as meditation, solitude and imagination so as to become stronger.

The birth chart is divided into two other parts, Eastern and Western, by the axis linking the Midheaven to the Imum Coeli.

The Eastern part, on the Ascendant side, shows the person's ego, will, magnetism, and vitality, whereas the Western part, on the Descendant side, symbolizes other people, communication, relationships and their influence, as well as flexibility and adaptability.

Salma Hayek, here is the planetary repartition in your Eastern and your Western hemispheres:

Your Eastern and Western Hemisphere:

The predominance of planets in the Eastern hemisphere of your chart enables you, Salma Hayek, to assert yourself and to rely on your determination: you know what you want and you have a tendency to take action and to decide with your personal goals as priorities, even if they can be in contradiction with what others think.

A definite asset... provided that you never make mistakes in your choices. You should pay more attention to your entourage in order to counterbalance your nature and to take advantage of your assets wisely. The danger is that you may be too authoritarian and not conciliating enough. Strong determination coupled with flexibility and acute sense of communication are qualities you should develop.

Your Yin and Yang Polarity

The twelve signs are divided into two polarities, called active or passive, or sometimes masculine and feminine, positive and negative, Yang and Yin. This classification corresponds to two quite distinct tonalities, the first one bringing extraversion, action, self-confidence and dynamism, the second one, introversion, reactivity, reflection and caution. None is superior to the other, each group has its own assets and shortcomings. Odd signs - Aries, Gemini, Leo, Libra, Sagittarius and Aquarius - belong to the first group, whereas even signs - Taurus, Cancer, Virgo, Scorpio, Capricorn and Pisces - belong to the second group.

Your Yin and Yang Polarity

According to the disposition and qualities of your planets and angles, you are rather influenced by Yin energy, the passive polarity, Salma Hayek: you are quite introverted, imaginative and sometimes discreet, but you are a deep and wise person who is not content with just noisy and flashy things. At times, you doubt but you think that those who don't are a bit... thoughtless. Allow yourself to take more laid-back attitudes and put your reserve aside, because good equilibrium is always healthier.

Your Houses' Accentuations

Houses are split up into three groups: angular, succedent and cadent.

The first ones are the most important ones, the most "noticeable" and energetic houses. They are the 1st, 4th, 7th and 10th houses. Their cusps correspond to four famous angles: Ascendant for the 1st house, Imum Coeli for the 4th house, Descendant, opposite the Ascendant, for the 7th house and Midheaven for the 10th house, opposite the Imum Coeli.

Planets are evaluated according to a whole set of criteria that includes comprehensive Western astrology rules. At their turn, planets emphasize specific types of houses, signs, repartitions etc., as previously explained.

Your Houses' Accentuations

Your angular houses, namely, the 1st, 4th, 7th and 10th houses, are very emphasized in your chart, Salma Hayek: according to the Tradition, they are the strongest and most dynamic houses. Should the rest of your chart concur, angular houses suggest that you are an enterprising, energetic and assertive woman. Indeed, angular houses are said to generate impulsions and to give a powerful and domineering personality.

Unusual fates are often linked to a predominance of angular houses, but this is only a partial indication...

Your Esoteric Decanates

Each sign contains 30 degrees and can be divided into three equal parts: the decanates. The Tradition indicates that specific meanings can be associated to each of the three decanates. Their sphere of activity is usually limited to the Sun sign, however, it is even more interesting to observe the distribution of all the planets in the chart to get an idea of the respective importance of the three decanates, which can complement the description of the personality.

These meanings must be considered with the greatest caution. Indeed, they are minor characteristics that can only underline other outstanding traits of character.

Traditionally, the first decanate highlights the characteristics of the sign where a planet is located. The two other decanates correspond to sub-dominant planets, depending on the nature of each sign. This system leads to a multiplication of meanings and it is impossible to have a clear understanding: here, we prefer to give only the meaning of one decanate in comparison with the other two, within the birth chart as a whole. Again, the greatest caution is needed with regard to this minor indication as it is not always reliable: it is not essential that you read these texts in the beginning. You can get back to them later on, once you have read more important interpretations

Your Esoteric Decanates

The first decanate, which means the part between 0° and 10° of any zodiacal sign, prevails in your natal chart, Salma Hayek: this decanate is traditionally linked to vitality and physical constitution, and may indicate that you efficiently express your concrete energy on the material and sensual planes.

Annex 2: Karmic Study

The karmic theme is a good complement to the psychological portrait, or natal chart. This analysis is based on the positions of the Lunar Nodes, the Black Moon and the Part of Fortune: they are also called fictitious points and describe the spiritual purpose of your destiny. Because there is in all of us an experience and a quest, our life is an evolutionary journey... provided that we head towards the right direction, of course! Indian astrologers highly prize the Nodes axis (North Node and South Node). It is the Ariadne's thread that we are invited to follow. The Black Moon indicates the sector where we are most likely to transform or to transcend, whereas the Part of Fortune points out the area where we can easily express our specificity.

The Lunar Nodes: a spiritual path

Lunar Nodes have their roots in the Indian tradition and they are based on a simple concept: each of us have a mission of their own, here on earth, a destiny, a course. According to the Indian philosophy, life is a school: the nodal axis describes our past experiences (South Node, our karma, our spiritual inheritance or our previous lives), and our aims on earth (North Node, our Dharma, the purpose of our current incarnation). This is the reason why the study of the lunar nodes is called "Karmic astrology". Here, we shall not step into hypothetical past lives. Wherever our current trends may come from, all that really matters is that we become aware of the purpose of our life, its finality and our dharma. We are likely to understand our life purpose around the age of 37, when the Lunar Nodes return to their natal position.

You are a rebel. Your extremist attitude earns you successes and setbacks, alternately, and prompts you to transform your lifestyle. However, you long for stability. Your life challenge is to accept to enjoy life's simple joys without gratuitously challenging your assets. As years and experiences go by, you learn the value of what you possess. Things that used to make you indignant, because they were too comfortable, become gradually highly worthy. Your progression encourages your level-headedness: in a first stage, you are prone to struggles, dissidence and contestations... that cause more delusions than satisfactions. Therefore, you set aside your outbursts of anger and strive towards wisdom: acceptance of facts – which does not mean resignation –, renunciation without submission. Although it may not please the frenzied adventurers, you need a minimal dose of quietness and comfort if you are to give of your best and to fully blossom!

Your destiny hinges on spiritual values. Early in life, you developed relationship abilities and you showed a healthy curious mind. You are insatiable when it comes to exchanging new concepts but you limit your horizon line to tangible and useful facts. As time goes by, you feel the desire to leap further and to discover new territories or different philosophies. You may have a growing interest in metaphysics or in religions, or you may travel, so as to keep up with your desire for evolution. Never mind! What is essential is that you never stagnate and that the vagaries of life do not take precedence over your thinking process or your spiritual growth. You dream of getting rid of everyday constraints and of reaching another dimension of life pertaining to large spaces and to ideals. You need to live intensely, to discover again and again. You long for a better world? The danger is that you may get trapped in illusions and utopias. But life would be so dull without an ideal!

Lilith or the Dark Moon

The Black Moon is the spark of refusal and distance that is dormant in all of us. Depending on the sign where she is found in your chart, she highlights the desire to transform and to sublimate a part of your life. The Black Moon is unfathomable and mysterious. She gives a different dimension to the sector she

touches. Her manifestations are subtle; nonetheless, she is powerful, implacable, demanding to the extreme... The Black Moon is also called Lilith. She is the inner flame of your heroism and insubordination.

The Black Moon here readily sacrifices the ties of this world to the essential: spiritual life and renunciation, fusion into an ideal. Your dreams are strange: life vagaries do not matter since your quest is internal. In the course of your progression, you may often show an unusual faculty of detachment. Although the reasons why you give up a given road for another one may not be always understood... though deep down, you know the reason why.

You decidedly assert yourself as a person made of desires, love and the absolute. If this configuration is not well controlled enough, your thirst for timeless relationships may hamper simple, natural and obvious affairs. You may reject persons whose attitudes do not perfectly live up to your expectations. However, as you keep on looking for your hero, it is very likely that you will find the person to whom fate has relentlessly tied you.

The Part of Fortune in House

The Part of Fortune is a very ancient fictitious point that depends on the lunar phase at the time of birth. The astrological house tenanted is particularly strengthened. In your chart, the Part of Fortune is in the 7th house: you need the presence of the other one (whether the object of your desire, your husband or your partner), as the indispensable mirror of your life. You are in search of privileged contacts, of fusion and harmony. At each step of your life, there is an important relationship that is always experienced with intensity and in an absolute manner, regardless of its positive or negative consequences. Like all the persons born shortly after the full moon, you are particularly interested in the relationship with your loved one, your double and your model.

Retrograde Planets

The karmic tradition insists on the issues related to the so-called retrograde planets. They are considered to be the inheritance of a past that was not well experienced, a sort of unfinished business. The interpretations of the retrogradation may seem negative or excessive to you. However, you may relate to a scenario that you have often and repeatedly experienced... as if you underwent several setbacks that all have the same cause. Until the day you become aware of it and you can free yourself from it! Through the slow integration of these planetary energies, you will be able to overcome your difficulties and to pay your karmic debt. Actually, each retrograde planet highlights an opportunity for evolution. Nothing can be achieved without the will to grow spiritually and to defeat your own demons.

The karma associated with Saturn may border on self-censorship: during your childhood, particularly, you were doubtful of your abilities and your talents. You had a propensity to put yourself in a no-win situation and to under-estimate yourself. Obstacles abound: taboos and prohibitions of all kind slow down your evolution. Little by little, you learn to re-evaluate your possibilities and to gain more self-confidence. Your personal rigour then turns out to be constructive: you are not destabilized by life ordeals and you practice a self-discipline that favours steady evolution. Although your path may be steep, it is nonetheless safe.

N.B: modern astrology attaches less and less importance to the principles of retrograding planets.

Conclusion

A few remarks are needed here in order to allow you to fully take advantage of your astrological portrait: firstly, do not forget that a birth chart is also a photograph of the sky at birth and a structure that not only contains the personality's characteristics, but also its potential evolution.

We all know that, in real life, people begin to know themselves when they are in their forties, or even later. Likewise, several traits of character in a portrait may seem surprising: in most cases, it means that such features are not yet developed.

Some personalities reveal themselves late in life, whereas others are more precocious. It must be remembered that psychological structures are in a state of continuous evolution because they are influenced by unfolding events and gradual maturity. We can never underline strongly enough the "mobile" nature of the personality, throughout a lifetime.

On the other hand, it is difficult to discriminate what is "already present" at this moment in your life when you are reading your chart's interpretation, from what will appear later in the logic of your evolution: you must sort out all the pieces of information provided and, in most cases, you will see that your astrological portrait is helpful for your endeavours to know yourself better.

Finally, several readings of an astrological portrait are usually necessary in order to absorb all its different meanings and to evaluate the relevance of each character trait.

In any case, better self-knowledge obviously contributes to faster personal blossoming, and it is undoubtedly one of astrology's major roles: contributing to know oneself better, in order to improve more rapidly, to deal with one's weaknesses and to avoid its drawbacks, and to take advantage of one's assets as efficiently as possible.
