Tyra Banks's Astrological Portrait

Introduction

To fully benefit from this portrait, we suggest that you read its introduction and its preamble carefully, and then that to take the time to soak up the interpretations of each chapter. Given the large number of texts, which mirrors the human being's complexity, you may need to go through the contents several times, so as to get a good grasp of their meaning and to know yourself better. This will reward your patience.

The purpose of this report is to describe your psychological portrait and to highlight the most fundamental features on the personal area. The report begins with the analysis of your planetary dominants and outlines your personality's general traits before going into further detail. Minor dominants are analysed at the end of Annex 1, for purposes of clarity. Your report then delineates the various facets of your personality:

In general, even when relationships are not involved, we express ourselves and we feel according to our character and our personal motivations: this is indicated by the Ascendant and the Sun sign which both give details on the way we function. They shed a tremendously important light which allows to figure out your personality. Here, we describe your Sun sign (your inner self), your Ascendant (your behaviour as seen by others), and the ruler of the Ascendant (interesting additional pieces of information about the style of your personality). These descriptions alone cover nearly a third or a half of your psychological signature, depending on your natal chart characteristics.

Then, we address your sensitivity, or in other words, the way you receive things and how you express your emotions ; it works as a constant filter for all your exchanges, even when it becomes a more secondary element in your amorous relationship, because at that moment, affectivity prevails. Sensitivity is the way you perceive things, it is your radar, your daily mood, and at the same time, it indicates how you react to your entourage, on a daily basis. It is what others immediately see of you. In the second paragraph, we explain in which areas of life your sensitivity and your emotions are strongest, therefore, where you are most vulnerable.

After this, it is your affectivity, the way you love and how you charm, that comes into play as soon as you fall in love: the first part indicates its basic structure or its main form. The second part describes the areas where it is best expressed and how you display it, according to your personality.

A third fundamental area deals with your mode of action and your sexuality: how you behave, how you manage to obtain what you want, what kind of desires you have. There are twelve possibilities, very

different from one another. The study discloses the specific one that applies to you. In the second paragraph, we explain in which life areas you may most efficiently take advantage of your capacity for action and for conquest.

Your ways of communicating and of thinking are obviously among the major elements that must be integrated into the delineation and the description of your personality. Indeed, they influence your general behaviour and may modify or enhance the image your project (for instance, extraversion may “compensate” a weak affectivity, but a huge number of cases are possible). An additional chapter indicates the favourite areas where you enjoy communicating, thinking and meeting with people.

Besides, we analyze an even more personal aspect that is important to define and understand what may occur within your couple: each of us have a centre of interest, a privileged manner to be fulfilled or to achieve our destiny; this main motivation is indicated by the positions of your Sun and your chart ruler in the astrological houses and we provide you with its detailed description.

A natal chart contains the potential for specific fulfilment and a whole range of assets, protections and qualities. How does the lucky factor manifest in your personality? In which area can you best exploit your qualities? The answers are precisely revealed to you in this chapter.

On the other hand, we all feel in us a part of vulnerability, doubts and fears. How does this part of solemnity or serious side play out? How is it possible to handle it in order to evolve and to get rid of useless elements? All this information is provided to you in these two paragraphs.

Then, you can discover three additional traits of your personality that must be considered as secondary ones. They deal with your predispositions, which means that they need to be triggered by external events because they are not influenced by your will; let's call it a part of fate. Please, bear in mind that your destiny can unfold only in accordance with what you are: therefore, even if they belong to your more unconscious self, these characteristics are parts of you, definitely.

The karmic chart complements the psychological portrait or natal chart. It is based on the positions of the Lunar Nodes, the Black Moon, and the Part of Fortune. These elements of the chart, sometimes referred to as fictitious points, provide information about the spiritual meaning of your destiny. Owing to the fact that we all have in us acquired knowledge and the urge to go on a quest, our life is an evolutionary journey... However, these texts must be read with great caution: this is the reason why you will find this analysis in the Annex 2 of your report.

Meaning of Stars

Stars indicate the strength of the aspects. Two solid coloured stars (there are half-stars also), mean that the aspect is powerful enough to be noticed at the first reading.

We strongly advise that you read the paragraphs displaying less than two stars later on, after you have absorbed the full import of the other texts.

The yellow colour indicates a soothing and conciliating aspect, and the red colour, a dynamic and tense aspect. The red aspects enable you to evolve, to take action, and to learn to turn your "weaknesses" into assets through your life experiences. The yellow aspects are innate strengths on which you rely in order to grow better with the former...

Preamble

When interpreting a natal chart, the best method is to start gradually from general features to specific ones. Thus, there is usually a plan to be followed, from the overall analysis of the chart and its structure, to the description of its different character traits.

In the first part, an overall analysis of the chart enables us to figure out the personality's main features and to emphasize several points that are confirmed or not in the detailed analysis: in any case, those general traits are taken into account. Human personality is an infinitely intricate entity and describing it is a complex task. Claiming to rapidly summarize it is illusory, although it does not mean that it is an impossible challenge. It is essential to read a natal chart several times in order to absorb all its different meanings and to grasp all this complexity. But the exercise is worthwhile.

In brief, a natal chart is composed of ten planets: two luminaries, the Sun and the Moon, three fast-moving or individual planets, Mercury, Venus and Mars, two slow-moving planets, Jupiter and Saturn, and three very slow-moving planets, Uranus, Neptune and Pluto. Additional secondary elements are: the Lunar Nodes, the Dark Moon or Lilith, Chiron and other minor objects. They are all posited on the Zodiac wheel consisting of twelve signs, from Aries to Pisces, and divided into twelve astrological houses.

The first step is to evaluate the importance of each planet. This is what we call identifying the dominant planets. This process obeys rules that depend on the astrologer's sensitivity and experience but it also has precise and steady bases: thus, we can take into account the parameters of a planet's activity (the number of active aspects a planet forms, the importance of each aspect according to its nature and its exactness), angularity parameters; (proximity to the four angles, Ascendant, Midheaven, Descendant and Imum Coeli or Nadir, all of them being evaluated numerically, according to the kind of angle and the planet-angle distance) and quality parameters (rulership, exaltation, exile and fall). Finally, other criteria such as the rulership of the Ascendant and the Midheaven etc. are important.

These different criteria allow a planet to be highlighted and lead to useful conclusions when interpreting the chart.

The overall chart analysis begins with the observation of three sorts of planetary distributions in the chart: Eastern or Western hemisphere, Northern or Southern hemisphere, and quadrants (North-eastern, North-western, South-eastern and South-western). These three distributions give a general tone in terms of introversion and extraversion, willpower, sociability, and behavioural predispositions.

Then, there are three additional distributions: elements (called triplicity since there are three groups of signs for each one) - Fire, Air, Earth and Water - corresponding to a character typology, modality (or quadruplicity with four groups of signs for each one) - Cardinal, Fixed and Mutable - and polarity (Yin and Yang).

There are three types of dominants: dominant planets, dominant signs and dominant houses. The novice thinks astrology means only "to be Aries" or sometimes, for example, "to be Aries Ascendant Virgo". It is actually far more complex. Although the Sun and the Ascendant alone may reveal a large part of the character - approximately a third or a half of your psychological signature, a person is neither "just the Sun" (called the sign) nor just "the first house" (the Ascendant). Thus, a particular planet's influence

may be significantly increased; a particular sign or house may contain a group of planets that will bring nuances and sometimes weaken the role of the Ascendant, of the Sun sign etc.

Lastly, there are two other criteria: accentuations (angular, succedent and cadent) which are a classification of astrological houses and types of decanates that are occupied (each sign is divided into three decanates of ten degrees each). They provide some additional informations.

These general character traits must not be taken literally; they are, somehow, preparing for the chart reading. They allow to understand the second part of the analysis, which is more detailed and precise. It focuses on every area of the personality and provides a synthesis of all the above-mentioned parameters according to sound hierarchical rules.

As explained in the introduction of your Psychological Portrait report, minor dominants are analysed at the end of Annex 1, for purposes of clarity.

Your Planetary Repartitions

Each quadrant is a combination of the four hemispheres of your birth chart and relates to a character typology. The Southern hemisphere – the top of your chart, around the Midheaven – is associated with extraversion, action, and public life, whereas the Northern hemisphere prompts to introversion, reflexion, and private life. The Eastern hemisphere – the left part, around the Ascendant – is linked to your ego and your willpower, whereas the Western hemisphere indicates how other people influence you, and how flexible you are when you make a decision.

Your Four Quadrants

Tyra Banks, the diurnal South-eastern quadrant, consisting of the 10th, 11th and 12th houses, prevails in your chart: assertion and goals achievement are at the centre of your concerns. You are very keen to implement your dreams and your plans. You achieve your ambitions as soon as possible, whether through an active social life, highly charged friendly relations, or an urge to take actions in order to reap - in the eyes of the world, of course - the rewards of your dynamism. It is likely that spirituality or humanitarian actions are part of your motivations, sometimes at the price of some degree of isolation.

Your Dominant Modes and Elements

Tyra Banks, here are the graphs of your Elements and Modes, based on planets' position and angles in the twelve signs:

Your Four Elements

Tyra Banks, Fire is dominant in your natal chart and endows you with intuition, energy, courage, self-confidence, and enthusiasm! You are inclined to be passionate, you assert your willpower, you move forward, and come hell or high water, you achieve your dreams and your goals. The relative weakness of this element is the difficulty to step back or a kind of boldness that may prompt you to do foolish things.

The predominance of Water signs indicates high sensitivity and elevation through feelings, Tyra Banks. Your heart and your emotions are your driving forces, and you can't do anything on Earth if you don't feel a strong affective charge (as a matter of fact, the word "feeling" is essential in your psychology). You need to love in order to understand, and to feel in order to take action, to the detriment of a certain vulnerability against which you should learn to fight.

Earth qualities are under-represented in your chart, with only 8.23% instead of the average 25%. Deficiency in Earth may indicate that you have no interest in material and concrete values. It is likely that you live too much in your heart or in your mind, or even in your enthusiasm! The fact remains that you may end up in tricky situations, due to your lack of good sense or forethought: material life is unavoidable even if you are rather idealistic, dreamy, or easily content. You must tackle concrete life necessities, for fear of... being forced to cope with them, later, in much more unpleasant ways!

The twelve zodiacal signs are split up into three groups or modes, called quadruplicities, a learned word meaning only that these three groups include four signs. The Cardinal, Fixed and Mutable modes are more or less represented in your natal chart, depending on planets' positions and importance, and on angles in the twelve signs.

Your Modes

Tyra Banks, the Cardinal mode is dominant here and indicates a predisposition to action, and more exactly, to impulsion and to undertake: you are very keen to implement the plans you have in mind, to get things going and to create them. This is the most important aspect that inspires enthusiasm and adrenalin in you, without which you can grow weary rapidly. You are individualistic (maybe too much?) and assertive. You let others strengthen and improve the constructions which you built with fervour.

Your Dominants: Planets, Signs and Houses

The issue of dominant planets has existed since the mists of time in astrology: how nice it would be if a person could be described with a few words and one or several planets that would represent their character, without having to analyse such elements as rulerships, angularities, houses, etc!

The ten planets - the Sun throughout Pluto - are a bit like ten characters in a role-play, each one has its own personality, its own way of acting, its own strengths and weaknesses. They actually represent a classification into ten distinct personalities, and astrologers have always tried to associate one or several dominant planets to a natal chart as well as dominant signs and houses.

Indeed, it is quite the same situation with signs and houses. If planets symbolize characters, signs represent hues - the mental, emotional and physical structures of an individual. The sign in which a planet is posited is like a character whose features are modified according to the place where he lives. In a chart, there are usually one, two or three highlighted signs that allow to rapidly describe its owner.

Regarding astrological houses, the principle is even simpler: the twelve houses correspond to twelve fields of life, and planets tenanted any given house increase that house's importance and highlight all relevant life departments: it may be marriage, work, friendship etc.

Tyra Banks, here is the evaluation diagramme for your planets:

Your Dominant Planets

The three planets that are most highlighted in your chart are the Moon, Pluto and Mars.

The Moon is one of the most important planets in your chart and endows you with a receptive, emotive, and imaginative nature. You have an innate ability to instinctively absorb atmospheres and impressions that nurture you, and as a result, you are often dreaming your life away rather than actually living it.

One of the consequences of your spontaneity may turn into popularity, or even fame: the crowd is a living and complex entity, and it always appreciates truth and sincerity rather than calculation and total self-control.

As a Lunar character, you find it difficult to control yourself, you have to deal with your moods, and you must be careful not to stay passive in front of events: nothing is handed on a plate, and although your sensitivity is rich, even richer than most people's, you must make a move and spare some of your energy for... action!

With Pluto as a dominant planet in your chart, you are a magnetic and mighty predator, like the Scorpio sign ruled by this planet, who needs to exert pressure on others in order to "test" them. You are always ready to evolve, to risk destruction for reconstruction - including your own - to live more intensely whilst imposing your secret authority on things and on people you encounter.

You may come across as wicked, cruel or too authoritarian, but actually you only follow your instinct, you sound people out, and you like to exert your domination simply because your vital energy is too powerful to remain inside. You are inclined to be passionate, with hidden motivations. You are sometimes misunderstood but one of your great Plutonian assets is to go successfully through each life ordeal with ever growing strength.

Mars is one of your dominant planets and provides you with its efficient energy and enthusiasm: with a powerful Mars in your chart, action - but also will and ability to undertake - is not an empty word for you. You are active, dynamic, willing to fight, courageous, and you are never afraid to move mountains, even though risks are part of the adventures that you start with determination.

However, your patience is not always up to your boldness and a kind of feverishness, or even anger, can

tarnish the quality of your achievements. That would be a pity since the Marsian is a champion in matters of efficiency! Mars symbolizes display of action, conquering spirit that favours discipline and order - beware of not being fussy - and lies at the frontier between action and brutality, between conquest and potential aggressiveness.

In your natal chart, the three most important signs, delineated according to the above-mentioned criteria, are, in decreasing order of strength, Aries, Cancer and Sagittarius. They are often prominent because your Ascendant and your Sun are posited there. However, it is not always the case: it may be because they are occupied by a cluster of planets, by a planet near an angle other than the Midheaven and the Ascendant, or because two or three planets are very active and form numerous aspects from these signs. Therefore, you partly take on the three signs' characteristics, which are somehow superimposed on your natal chart, and all the more so if any of the signs in question is highlighted.

Arian blood runs through your veins! You have that enthusiasm, frankness, courage, and fastness which usually make you so likeable in spite of your somewhat rough, naive, or violent side. As a bonus, Aries' gushing fire always gives you the impetus to make a fresh start, should you stumble or undergo life hardship!

Cancer is one of your dominant signs and endows you with imagination and exceptionally shrewd sensitivity. Although suspicious at first sight - and even at second...- as soon as you get familiar with people and let them win your confidence, your golden heart eventually shows up, despite your discretion and your desire for security that makes you return into your shell at the slightest alert! Actually, you are a poetess and if you are sometimes blamed for your nostalgia and your laziness, it is because your intense inner life is at full throttle...

Sagittarius, an adventurous and conquering fire sign, is dominant in your chart: you are enthusiastic, enterprising, optimistic, very sociable, and mobile - you have itchy feet both physically and mentally. Nobody gets bored with you because you are always planning things and suggesting excursions, at least... when you are around and not already gone on a trip! Obviously, so many movements for one woman may scare people off, and some of them may even criticize your brutality or your tendency to loose your temper, but you are so warm and genuine, so expansive, isn't this a good thing? And all the more so, since your sense of humour is overwhelming...

Your Dominant Houses

Houses 10, 5 and 4 are the most tenanted ones in your natal chart. To compute their strength, planets and angles are weighed according to various astrological criteria such as swiftness, activity, angularity, rulership etc. From the analysis of the most tenanted Houses, the Astrologer deduces the fields of activity that are most relevant to you, be it because of what you are experiencing, or what you may experience in the future, or because of your deep inner motivations.

With a prominent 10th house, your destiny's achievement may be very notable: the 10th house represents your career, your public life, and your ambitions. A good deal of your energy may thus be used to successfully implement what you have in mind. Instinctively, you are very keen to make your dreams come true. Sooner or later, you will deal with the public, and your personal achievement will go through trials and ordeals: other people and visible actions.

The 5th house is one of your dominant houses: hobbies, love life, sports, and games, including speculation and all kinds of entertainment, are fields that you actually take seriously! On a more subtle level, artistic creation as well as other forms of creation - including begetting children - could be one of your assets. You gain from taking part in leisure associations and various activity clubs in which a catchword resounds more than for most people: pleasure.

With an important 4th house in your chart, your private life, your intimacy, as well as your family and home, play a fundamental role. Your security and your family unit, the one you come from, but also the one you set up when you get married and start a family - or even as a girl bachelor living alone in your sweet home - are necessary for you to blossom. According to the Tradition, your father may play an important role in your life.

Your Style, Behaviour, and Peculiarities

What is commonly known as "sign" indicates the position of the Sun in the Zodiac. The Sun highlights all the characteristics of the sign he tenants. According to astrology traditional rules, these characteristics are all the more pure and exact when the Sun is strong in the sign, or when the sign is particularly highlighted within the chart. Here, we indicate the pure characteristics of the sign but you must bear in mind that they may only shed a light on a particular aspect of your personality. Indeed, the sole sign of the Sun, or of the Ascendant, can never describe an astrological chart because it depends on the degree of strength of the said sign in your chart.

Another important point must be underlined. Contrary to the Ascendant, which clearly describes your appearance, your vitality, your physical constitution, your spontaneous behaviour and the image you project, your Sun sign describes your inner self, which you may not completely be aware of, and which may emerge gradually as you mature: it is about your inner personality that you reveal only to the members of your entourage whom you trust. The Sun sign is likely to be the final form of your personality, once it has evolved in line with the energies of the other parts of your chart, the beginning of which is seen in the Ascendant, your external "bark".

The Ascendant is one of the major components of your natal chart. It is the zodiacal sign that rises in the East at the very moment of your birth. To calculate it, it is therefore necessary to know your exact time of birth.

It provides with a wealth of information on your personality. It is one of the key features that allows the analysis of several parts of you, such as your appearance, your character as it is initially perceived and your immediate behaviour. It describes the external aspect of your personality which you always display, but it also describes your physical constitution in the long-term, in other words, your health.

Please be aware that, in spite of the importance of the Ascendant, the accuracy of its description depends on how strongly highlighted it is in your natal chart. We use the entire set of astrological rules to assess the strength of the Ascendant. In most cases, the Ascendant is as revealing as your "sign", i.e., the sign where the Sun is posited at the time of birth.

You were born under the sign of Sagittarius and your Ascendant is in Cancer

Before broaching the details of the meaning of your Sun and your Ascendant, as a preamble, we offer a brief generic interpretation of their combination in your chart:

These two very different signs are inspired by the same wandering spirit, and they blend together to endow you with a strong inclination for escaping through actual trips but also through your imagination! Owing to your Cancer Ascendant, you come across as a calm and careful person at first glance. The truth is that you protect your private sphere so as not to get lost in the frenzy and short-lived relationships which you deem a threat to your tranquillity. However, since you excel in contradictions, you deplore your propensity to beware of all things which are unknown to you. Indeed, your thirst for discoveries and your craving for the exploration of the immense world are the signature of your Sagittarius Sun. You are deeply attracted to that which is different from you, and once you become used to it, you display an amazingly broad mind which is sometimes accompanied by uncalled for enthusiasm and ardour. Both

Sagittarius and Cancer are often wrapped up in their thoughts. Cancer is deeply attached to its fortress and is easily moved by its imagination, which opens the road to roaming all over a world, far from the reality of daily life. Since Sagittarius is more fiery and mobile, it gives you itchy feet and urges you to go out to meet the outer world.

You were born with the Sun in Sagittarius

Psychologically speaking, your nature is extroverted and independent, oriented towards expansion and sociability. You have the soul of a leader, energetic and active. Your charisma and your drive are fully integrated into the collective life. Indeed, as an action-oriented fire sign, you challenge yourself and you succeed in accomplishing the task straight away. Sagittarius is hard to follow because his spirit and his independent mind constantly prompt him to go further and higher.

As you are born under this sign, you are charismatic, fiery, energetic, likeable, benevolent, tidy, jovial, optimistic, extroverted, amusing, straightforward, demonstrative, charming, independent, adventurous, straightforward, bold, exuberant, freedom-loving. But you may also be irascible, selfish, authoritarian, inconsistent, unfaithful, brutal, unreliable, reckless, tactless or unpleasant.

In love, Madam, you are a whirlwind made of life and warmth. You are mobile, cheerful, extroverted, always feeling comfortable and dynamic, a freedom-lover who appreciates variety. Had you not been so sane and so benevolent, you would have been mistaken for an Amazon of the mythological era.

You are pleasant to deal with, as long as your partner accepts your desire to constantly move. You are not fussy, you are lively, with numerous centres of interest. You often take the initiative in your amorous encounters that are likely to take place during your holidays or business trips. With you, no tragedies, no complication no questioning! You fully enjoy the present moment when you are around, unless you are already in your plane, flying towards new adventures...

Once you calm down, you will be a wonderful wife and mother. You will set up a home and start a family where your husband and your children will move with you as often as possible during school holidays. You may also move into a different city or a different country, because of professional changes.

Because Sagittarius is a dual sign, it may happen that you marry more than once, if your needs for freedom and mobility, which are so important to you, are not fully met.

Your Ascendant is in Cancer

Psychologically speaking, your nature is dreamy, oriented towards nostalgia for things past. You are very instinctive and you protect yourself against the outside world. Your inner life is rich, with fertile and even unlimited imagination, a propensity to avoid unnecessary risks and to pursue security. You show your true face only to persons you can trust, when there is a kind of well being triggered by the nostalgia for the past.

As you are born under this sign, you are emotional, sentimental, restful, imaginative, sensitive, loyal, enduring, protective, vulnerable, generous, romantic, tender, poetic, maternal, dreamy, indolent, greedy and dedicated. You may also be fearful, unrealistic, evasive, passive, touchy, anxious, dependent, stubborn, lunatic, backward-looking, lazy, burdensome, impenetrable and a homebody.

In love, Madam, you are so romantic and dreamy, that you are in love practically all the time, even though it never shows... because you are so subtle and interiorized that everything is actually occurring in your head, most of the time.

You need to be in confidence, you need time and certainties, otherwise your powerful feelings and the marvellous stories you invented will have little chance to translate into concrete reality. But when they do, nothing will stop you and you will live through the destiny that your intuition identified.

Your nature is deeply maternal, charming, amusing too, when you feel in harmony with yourself. You will really blossom when you have your own home and when you dedicate yourself to your children's happiness; as you do so, try not to forget your husband... It is certain that you will then be the most gifted woman for the creation of a cosy and protective cocoon and of a family network that will allow you to actively give free rein to your rich and deep qualities.

You need a strong and stable partner whom you can rely on.

The ruler of your chart is in Aries

The ruler of the Ascendant, also referred to as the chart ruler, brings a few interesting nuances to the meanings provided by the Sun and the Ascendant. The sign in which the ruler of the Ascendant is posited fine-tunes the style of personality described by the Sun and the Ascendant. It may strengthen it if the sign is identical to either of them.

The ruler of the Ascendant, Tyra Banks, is the Moon. It is located in Aries and adds a note of rapidity and impulsiveness into your chart. You have a spontaneous and enterprising side which prompts you to take action quickly and to be a pioneer. However, as a consequence of this refreshing impetuosity, you may get bored quite quickly and move on to something else if you lose your enthusiasm.

Aspects to your Ascendant

Several planets form an aspect with your Ascendant, Tyra Banks. Therefore, in their specific way, they modify your behaviour and your personality, which do not take on the pure characteristics of your Cancer Ascendant only, but which are a blend of its characteristics with those of the said aspects.

★★★★★ Mercury trine Ascendant, orb 6° 31'

You are endowed with quite good adaptation capacities, Tyra Banks. Thanks to Mercury, your behaviour matches your intellectual concepts, or your style of communication, which is quite an effortless one.

★★★★★ Sun bi-quintile Ascendant, orb 0° 42'

Your will is fuelled by a strong energy, Tyra Banks. It enables you to take quick decisions which totally match your personal ethics. Thanks to this good harmony between the Sun and your Ascendant, you feel rather good about yourself, and your inner self perfectly matches the image you are willing to show!

★★★★★ Venus opposite Ascendant, orb -9° 44'

Venus is in opposition to your Ascendant, Tyra Banks. This configuration is not dissonant, since it is at the same time a conjunction with the Descendant which symbolises your relationship with other people. You need to charm and to be sincerely loved, even though there may be a small gap in the way you would behave, had other people not been around. You definitely like to charm, even though to do so, you

must go a bit out of your way. What seems important to you, finally, is to use this special facet indicated by Venus on the Descendant in order to earn your entourage's warm and sympathetic approval, although it requires a little effort from your part.

★★★★★ Mars square Ascendant, orb -7° 42'

When Mars is in dissonance with the Ascendant, Tyra Banks, in some particular circumstances, it may translate into hastiness, and even hostility on your part, which your entourage may not understand. You have audacity galore, but it is up to you to show alertness, so that you don't come across as a short-tempered person unable of self-control.

Your Sensitivity

Your temperament is impulsive, Tyra Banks, you are fond of instant thrills and you do not like to wait because you grow weary quickly. With you, things must keep moving fast! Your vivid imagination triggers enthusiasm, audacity and independence because you need to undertake and to achieve. You do not fear to be defeated and, far from slowing you down, rivalry and struggle have a stimulating effect. Because of your sensitivity all on edge, you are irascible and unpredictable: it is easy to unwillingly get you started and this makes your life a bit difficult with the family and with friends. You are perceived as an impatient person, short-tempered, whimsical, unstable and even, aggressive, and people think that you don't take your entourage's needs into account. However, you may also be warm, ready to help and to comfort whenever you are able to control your impulsiveness. You must not be worried about losing your identity when you listen more to your close friends...

Your career or professional achievements, Tyra Banks, are fields where your emotions will be more easily channelled. You are often popular, especially with women, and you instinctively have the desire to please audiences or crowds.

Your fame is often due to your changeable side, light-hearted, emotional and moody sometimes. It also means that it is very likely that you experience professional changes several times during your life. Each time, you will contrive to be the star, in your way...

★★★★★ Moon opposite Pluto, orb -0° 5'

This planetary configuration causes distrust (Plutonian distance) towards individuals, groups, or your own family environment (lunar values). It may bring about a feeling of affective or relational wound. The feeling of security is absent, or fragmented or illusive. How is it possible to feel integrated whereas you know that you are different and on your own? It is the myth of the « ugly duckling », with its different specific characteristics, an alien to its origins and its roots. It is important that you accept your differences and that you have them accepted by others, without forsaking your essential values. This is how you can exercise your group ownership without allowing them to exclude you or to repress your secret determinations. When this aspect is well integrated, it is a factor of lucidity for your emotions. You perceive without gullibility what is really at stake in your intimate relationships and the flaws of your environment. The fact that you do not readily trust people spares you many traps and delusions.

★★★★★ Moon trine Neptune, orb -0° 03'

This harmonious Moon-Neptune aspect indicates an exceptional receptivity. You are sensitive to ambiances and you can grasp what is at stake in any given situation. You can pick up things in the general atmosphere that the majority of people miss out. Your deep intuition allows you to feel the subtlest details, that « little nothing » which is the key to behavioural patterns. Inspiration is your guide and imagination accompanies your daily rhythms. Mysteries, psychology, esoterism, fantasy, the supernatural... one of these fields, at least, is of concern to you. You pay utmost attention to your inner life, to moments of tranquillity when you relax, when you allow your mind to wander at will. The danger is that you may seek refuge in the imaginary and that you shirk reality.

★★★★★ Moon sextile Jupiter, orb -1° 41'

Why should one complicate one's life if it is possible to enjoy the simple joys of the present? This harmonic Moon-Jupiter aspect indicates a cheerful nature, which earns your entourage's liking and protects the balance of your intimate life. Your sociability is supported by your desire to smoothly adhere to a group, a social or family cell. You are fond of moments where you unwind and relax. You value your

daily comfort and, to preserve it, you accept to play by the rules of privacy. When this aspect dictates your attitudes, you behave like a person easy to get along with... even though your personal demands, relegated to the backseat, come up again at top speed and force you to behave more in line with your inner needs.

★★★★★ Moon square Saturn, orb $-4^{\circ} 36'$

When this aspect is not well integrated, there is no feeling of integration and security. You feel that you are not understood or even, that you are rejected. It is difficult for you to find inner peace and tranquillity. You lack the quietness and the primordial confidence that would allow you to lay back and to be carried away and pampered by life. This configuration indicates questionings and doubts regarding the unconditional affection that each individual longs for. You do not trust the world. You tend to dismiss social models, as well as your close friends' attachment and tenderness, probably because you need to test them and to get the feeling of being loved that you naturally lack. It would be a mistake not to see that you desperately need affection. You are particularly vulnerable to relationship flaws and you strive to find the gestures of love that would allow you to let go and to be nurtured by life. In such a context, the sincerity you display, as you give or refuse your trust, is highly commendable.

★★★★★ Sun trine Moon, orb $-5^{\circ} 31'$

This aspect is a strong homogeneity factor: the image you project is in conformity with your real nature and does not upset your basic balance. This is probably the cause of your feeling at ease, your consistent behaviour and your determination to remain your true self, regardless of external pressures and whatever is expected from you. At best, your will and your sensitivity are in harmony, your unconscious abilities are mobilized and controlled by your conscious will, with no imbalance. However, it is important to avoid the traps of self-satisfaction that would be harmful to your real exchanges and would lock you up in comfortable and rigid schemes. It is possible to remain natural and yet, not be content with the sole well being of those who never cheat themselves.

Your Affectivity

In your chart, the Sun is in Sagittarius and Venus, in Capricorn. Sagittarius is enthusiastic, an explorer, a discoverer of the soul and the hearts. Your affective behaviours may obey a different logic. Capricorn (your Venusian sign) is cautious, reserved, and moderate. He is an elitist, with the will to protect himself, alone in the middle of the world and he cannot accept the object of his desires without precaution. Some degree of vulnerability tempers the natural momentum of your solar sign. This zodiacal configuration indicates a form of reserve that is often mistaken for shyness. Confidence must be built before any dialogue can start. We are far from the Conqueror-Sagittarius, affable and inconstant. You accept to leave your ivory tower to make discoveries, but you are not willing to allow everybody in. Love has its own laws and rules. The most difficult thing for you is to take the initiative and to yield to the call of a desire that you fear, paradoxically. You remain on the defensive for quite a long time and you give free rein to Sagittarius' enthusiasm only if you think that you may achieve the absolute in your affective sphere. The danger, of course, is that you have to wait forever, until the fires of passion fade away. But as long as the area of your private secrets is accessible, you are able to build a relationship made of spontaneity and certainties.

Tyra Banks, it is obvious that you do not easily fall in love. But when you do, your feelings are deep, quiet, serious, and above all, lasting. Your need for security is indispensable for your well being and to

enable you to give. You offer security and stability with your sense of duty even though you mix up responsibility and love. The charm of your partner does not only include physical features or aroused sentimental attraction, but also intellectual and moral qualities: you fiercely need authenticity and seriousness because this is the way you are. In general, your loves are not numerous and you become able to express yourself quite late in life. Your quiet and stable feelings are really worth it. If you do not get what you want, the danger is that you may seek refuge in cynicism and that you isolate yourself.

Tyra Banks, your warmth and your attractiveness are at the service of your future or current marriage! In the 7th house, Venus colours the expression of your feelings with commitment, a request for reciprocation and for something concrete. Venus gives way, to a great extent, to your desire to be loved as much as to love: in the romantic field, your entire being aims at harmony, diplomacy, mind-openness so as to find, at any cost, a common ground where you can achieve your aim, that is to say a sweet idyll and, why not if it is possible, a nice marriage as an ending. Are problems arising? A disagreement? A lack of understanding? Immediately, you undertake to soothe your partner and to highlight what brings you together, while skilfully omitting anything that might harm the so much sought after harmony. Of course, this merely complacent attitude seems to allow you to progress with conviction towards your goals but there is a price to be paid. The dependency upon your couple becomes tangible. Paradoxically, anyway, you care little about that because it is just the way you are and that, worst comes to worst, you prefer to continue this constant game consisting in a kind of self-sacrifice with its fruitful benefits, rather than to push yourself to the forefront and to take the risk of being less attractive... Actually, you are never happier than when you formalize your union and there is no doubt that, once you are married, you will be a charming spouse and you will strive to make your conjugal life a pleasant one in a spirit of sharing and warmth.

★★★★☆ Venus square Uranus, orb 1° 34'

Your sentimental life is adventurous: you prefer Bohemia to the comfort of a quiet but shaky love affair. You are a hard-liner and you think that love should be genuine or it should not be at all! You have difficulties in resisting your heart impulses and untimely passions that may challenge your affectivity. You need air, freedom and a relative independence. You also need to fully experience your love impulses, regardless of the price to be paid. The heart has its own reasons that no rules can hamper... The obvious danger may be to cause dramatic hurly-burly. Your inflexibility on the affective plane does not favour a quiet life where « one makes do with very little ». You are the all or nothing type. But does the absolute really belong to our world?

★★★★☆ Venus square Mars, orb -2° 01'

This Venus-Mars aspect indicates a sensitivity all on edge and an impulsive character. Emotions and heart impulses cause a marked tension. Life is an affective battlefield. Love is omnipresent but often fragile: impulsiveness reigns over the realm of feelings. The object of desire may become irresistible and implacable, or the sense of confrontations prevents affective tranquillity. However, the richness of your emotional responses is to be noted: you are more inclined than others to be guided by amorous fevers and you live intense passionate experiences. Your overwhelming impressionability must be contained. Romantic people seldom enjoy tranquillity!

★★★★☆ Mercury sextile Venus, orb 3° 12'

This aspect sensitizes you to games of seduction. You like to multiply romantic undertakings, you invent new reasons to seduce or to be seduced. Although your romantic life is not a model of stability, it is full of discoveries, varied emotions, both sensual and cerebral. You know how to earn your entourage's liking

through your acute sensitivity. You play around with feelings, with relationships and with love... Mercury and Venus commonly share the capacity to sensitize to human topics. Your receptivity towards others is high. Your broad-mindedness goes hand in hand with your heart's generosity. You pay particular attention to the way people look at you and the effect you make when you meet or exchange with someone. Actually, you expect a lot from others: acknowledgement of your qualities, as well as esteem and consideration. You may also be touchy beyond what you may give to think. In many instances, relationship games may turn out to be more serious than expected.

★★★★★ Sun semi-square Venus, orb 0° 01'

The Sun and Venus form a mild dissonance in your natal chart. There is nothing very serious to worry about. There is only a small gap between what you really want on the one hand, and your natural need to charm and the warmth you display on the other hand. Thus, will and affectivity are slightly out of phase, but it is most likely that you are the only one who feels it. This is a quite trivial characteristic, and you probably do not have to correct it, since it is so mild.

The Way You Take Action and Your Sexuality

Impulsive, impatient, quick and energetic? You? Yes of course, Tyra Banks. You are courageous and able to make intense and huge efforts for a short while; and what a terrific rhythm! In sport, of course, or in your sexuality, you are not the type who ponders, you take action instinctively, "in a rough and ready way". You are outspoken, you do not worry about other people's opinion and you do not allow them to slow you down or to judge you. You must succeed or fall apart. You cannot be bothered with diplomacy or with compromises. You are too straightforward and unyielding to waste time with finesse or shrewdness. This is what makes you charming because, with you, one always knows where one stands.

Your energy and your capacity for action are at the service of your career and your destiny, Tyra Banks : No doubt, this is one of the simplest and most transparent planetary configurations. You do not hesitate. For you, action means climbing up the social ladder, sooner or later, winning the marshal's baton, defeating setbacks through efforts and work, and overcoming the obstacles on your path.

You get your reward by the sweat of your brow, and you are aware that it is no easy business. Your personal approach is that nothing can be achieved without an effort because you are wise enough to be aware of it.

It is so deeply rooted in you that you may feel that you will get nothing if you do not fight for it. You are right, actually, at least as far as you are concerned, because it is your manner. Your destiny implies many struggles, and you have the necessary courage to join battle. However, as time unfolds, try to be gentle with yourself and indulge in a few moments of well-deserved rest and respite!

★★★★★ Mars opposite Uranus, orb -0° 26'

This Uranus-Mars dissonance indicates frequent commotions. Your actions may be foolhardy and thoughtless. You may not control your temper and you let impulsiveness take over logics. This brings about drastic, whimsical or untimely decisions. There is no monotony in your life: thunders and tyrannical behaviour are on the agenda! Your fighting spirit certainly allows you to cope with life hardships. Nevertheless, beware of damages. As one wants to act as a hero, one can make mistakes. Because forces are overestimated or because inflexibility forbids compromise solutions. Therefore, it is

important to balance your decisions and to avoid solutions that are as final as inappropriate.

★★★★★ Sun sesqui-square Mars, orb -1° 59'

This aspect shows impulsiveness, a fiery character and sensitivity all on edge. Excess of strength and of energy may jeopardize your life balance and cause impulsive and unconsidered actions. Your ideals are not always in line with your deeds. You are certainly reactive and you stand for yourself heroically. But your untimely fits of anger may worsen existing tensions and bring about uncontrollable situations. Facts contradict your aspirations. When this configuration is properly reined in, it becomes an inexhaustible source of passion and energy.

Your Intellect and Your Communication Style

You are the very type of the researcher endowed with great intellectual and imaginative capacities, Tyra Banks, and your curiosity is very deep. Researches, riddles and mysteries appeal to you and with a remarkable sixth sense and intuition, you endlessly try to unearth the truth, in all areas, like a psychoanalyst or a detective. You are a very secretive and introverted person, you find it difficult to open up and you rather prefer psychoanalysis. In spite of your clear-sightedness, you find it hard to deal with people: your critical mind, tinted with irony and causticity, may be destructive, especially since your determination and your stubbornness do not incline you to giving up. You are fond of provocations and you handle contradictions skilfully even though you may come across as dishonest.

Your thoughts, Tyra Banks, are irresistibly attracted to hobbies and entertainments, or you may be particularly oriented towards creation if you are dealing with something amusing.

Your way of communicating is often pleasant, charming, you are the type who blends humour and charm in your speeches and who can spend many hours telling about your hobbies and detailing them with fire. This state of mind is favourable for love affairs or children's education. Your playful spirit often amazes children.

★★★★★ Mercury inconjunction Mars, orb 1° 11'

This Mercury-Mars dissonance brings about impulsiveness into relationships and contacts. Your sense of controversy and criticism leads to blunders and thoughtless actions. Your verbal violence may harm the efficiency of your actions. You certainly display your views without circumlocution. Your straightforwardness would be commendable if it did not cause those blunders that spoil many situations. It is important that you learn to control your decisions, to coordinate your mental abilities and your fieriness, so as to fully express the quickness of your mind and of your action. Learn to count to ten before you say anything, as it is an excellent exercise for you!

★★★★★ Moon sesqui-square Mercury, orb -2° 2'

The Moon suggests relaxation, whereas Mercury implies a discoverer's mind. They both make sense and each one requires special attention, as they are sometimes upsetting. This Moon-Mercury aspect is likely to bring about nervousness or instability. Nervousness stems from the multiplication of your spots of interest and the perpetual restlessness of your mind, which prevents relaxation and well being from settling in. The outside world constantly appeals to your attention and you shift from one issue to another, to the detriment of your tranquillity. Therefore, it is important that you find the balance between two antinomial attitudes: letting-go versus curiosity, tranquillity versus communication. The new

persons you meet with are not necessarily trustworthy and there is no certainty that the contact is harmonious. It is important that you use both influences alternately.

Your Goals, Motivations, Career, and Destiny

Your Sun is posited in the 5th House

Tyra Banks, your main motivations and your will lead you towards activities related to creation or to the outwards expression of yourself. It may take the form of the mobilization of your energy aiming at artistic, literary or technical creations and works, innovative projects design, or symbolically, projecting yourself into your descendants: creation via procreation...

You are usually very sociable, warm, honest and straightforward, but sometimes inflexible and you are interested in leisure under all its forms. Love pleasures, firstly, but also outings, parties, games (gambling and other amusements), and all kinds of activities containing a part of risk that can increase your adrenalin level! You loathe anything that is too solemn and too serious in general and you prefer the authenticity of the present to intellectual meditations that seem too static to you.

Your will to please is very strong and you can shine in the love area. Since the recreational world is linked to that of children, you easily deal with them. When you become a mother, one of your major goals is to dedicate yourself to their success. You are able to dedicate an amazing amount of time to their education and you succeed in that field better than anyone. Besides, you have the knack with children and everyone envy you!

One never gets bored in your company and you have loads of hobbies and occupations that are out of the ordinary. You are creative and playful, to a point that may border on fanaticism. Try to avoid role-plays or casinos that take up so much of your time... Be also wary not to surround yourself with sad or austere people who may not find you serious enough!

You spend too much energy in entertainment activities and you may lose sight of your real interests. If you listen to your instinct rather than to your reason, you take the risk of missing a few dates with your own success: you must sometimes put fun aside and force yourself into solemnity, in order to become more efficient and to achieve your goals more quickly. It is also likely that you face problems within the circle of your friends.

The ruler of your chart is in the 10th House

The ruler of the Ascendant, also referred to as the chart ruler as explained in a previous chapter, is also posited in one of the twelve Houses of the chart. Just like the Sun in his House, the ruler of the Ascendant provides certain abilities, or it makes you appreciate more keenly certain areas of life.

The ruler of your chart is in the 10th House, Tyra Banks. Your career - or your social status if you are not working - is highly important to you. You are driven by a certain ambition. You are endowed with the predisposition to lead, to shine, and to climb the hierarchical ladder. When you take action, you bear in mind the possible consequences for your social elevation.

Aspects influencing your ambitions

Regarding your destiny or your career, the following aspects of your natal chart allow to fine-tune what has just been said above:

★★★★★ Pluto opposite Midheaven, orb -2° 28'

Pluto is in opposition to your Midheaven, Tyra Banks. Strictly speaking, this is not a dissonance since at the same time, Pluto is in conjunction with your Imum Coeli which symbolises your roots, the home where you were born, childhood, and your family. This configuration may indicate that transformations and upheavals affecting your career are finally less important to you than those occurring in your home, or at least, that values associated with the place where you dwell, or your family, are particularly sensitive and important to you. Since Pluto is a collective planet, you usually "undergo" removals more than you choose them.

★★★★★ Moon conjunction Midheaven, orb 3° 18'

The Moon in conjunction with the Midheaven receives good press, Tyra Banks. She indicates potential fame, or in any case, some degree of popularity. Your sensitivity is well perceived and, above all, it perfectly fits your professional destiny and your social ascent. Females may greatly influence your success. Your social status or your profession may be tightly linked to lunar values, such as frequent contacts with the crowd, children, women, daily matters, imagination, school, administration, leisure and sports for children, hotel and restaurant industry, bakery, poetry, the arts...

★★★★★ Saturn square Midheaven, orb -1° 17'

Saturn is in dissonance with your Midheaven, Tyra Banks. Of course, nothing really serious is to be feared. It is just that sometimes, you feel that an unfair slowness keeps on delaying the achievements you deem that you deserve right now. You must work twice as hard to climb up the rungs of success, and above all, you must not get disheartened. Effort is one of the values you must work on, and it is a punishment by no means. It is obvious that your goals are achievable, but you must remain on the right track and show perseverance. That's all!

★★★★★ Sun conjunction Neptune, orb 5° 28'

This harmonious Sun-Neptune aspect indicates a highly developed intuition and clear-sightedness and sometimes, a sixth sense. Mental images or information drawn from the unconsciousness impress your mind. What was only a muddled feeling turns into certainty and deep conviction. You do not necessarily need to justify your attitudes: you take a decision because you feel that you have to do so, although you may not control the underlying logics. The danger is that you may follow fanciful or adventurous roads. Beliefs you cannot explain may prove wrong or over-optimistic. However, your intuition is seldom misleading. One last comment: there is often a keen curiosity for the « bizarre » and the paranormal with this planetary aspect.

★★★★★ Neptune trine Midheaven, orb -3° 21'

Thanks to this soft aspect of Neptune to your Midheaven, Tyra Banks, your intuition is very sharp, as far as your possibilities for success are concerned. Thus, you have no difficulties in finding your professional or social path, and your nose tells you whether something is good or not for you, even before you start to analyse it. Your imagination and your visionary qualities accompany you along your journey towards success.

★★★★★ Sun sextile Jupiter, orb -3° 49'

This harmonious Sun-Jupiter aspect indicates an optimistic background that usually wins the entourage's adherence. It also suggests ambition and generosity and favours social integration and success. The desire to earn general consideration prompts you to display energy, joviality and benevolence. However, opportunism may be the other side of the coin. As you strive to win everyone's esteem, you may fall into disrepute. It is important that you remain clear-sighted so as to persistently pursue your long-term aims without believing that you should always « grab each and every opportunity ». However, this aspect remains an element of success because it allows you to adjust your objectives to the context, to whatever the situation offers or, on the contrary, to force your way through events and to achieve your ideals.

★★★★★ Jupiter bi-quintile Saturn, orb -0° 18'

Jupiter and Saturn are favourably linked to each other in your natal chart. The Tradition indicates that this planetary aspect is a good omen for your social success and good integration in the society. Indeed, Jupiter stands for public life, respect for laws and hierarchy, and acceptance of established rules, whereas Saturn symbolises wisdom, time, seriousness, and perseverance. Therefore, it is only logical that with this Jupiter - Saturn configuration, your career, or your social destiny if you do not work, is well thought of by society, and that you are most likely to experience its happy outcomes sooner or later.

★★★★★ Jupiter sextile Midheaven, orb -5'

Jupiter is in soft aspect with your Midheaven, Tyra Banks. It means that you are often lucky, or that you receive support in your career or your social destiny. You trust your abilities to overcome obstacles coming up in your way, and you respect authority and laws. So, thanks to this configuration, you make your way in the world with the feeling that you move forward rather quickly, as compared to average people.

★★★★★ Sun semi-square Uranus, orb 1° 33'

This Sun-Uranus dissonance indicates a dazzling will to be the centre of attention and to proclaim your specificity, by all means. This aspect belongs to the rebel and the revolutionary restive to all forms of authority and of model. To balance this interpretation, the strong need for autonomy bordering on frenzied individualism must be highlighted. You allow nothing or no one to hinder your chosen line of conduct. Obviously, your attitudes are inflexible. You prefer to continue to the bitter end, even when you are wrong, rather than to be more open to people's ideas. Tyrannical attitudes often turn against the perpetrator... However, this configuration is a powerful agent for creativity, provided your hothead and extremist nature is kept under control.

★★★★★ Sun sextile Pluto, orb 6° 22'

This harmonious Sun-Pluto aspect indicates an exemplary clear-sighted mind. Without destabilizing your appearances or your personality mask, Pluto makes you aware of your subjective and questionable character, as well as of your manner. You never take yourself completely seriously. You have a good grasp of human nature's complex games, without gullibility, without excessive simplification. Because you can perceive hidden elements underlying any situation better than anyone else, you are acknowledged as perspicacious. This aspect allows you to distance yourself from difficult circumstances and to remain impassive when you must overcome pitfalls.

Your Assets and Your Part of Joviality

Your mental activity, your enthusiasm when you handle your projects, especially the collective ones, are very favoured by this planetary configuration: one of your best qualities, Tyra Banks, is your capacity to be integrated in a group and at the same time, to keep your originality intact. As a natural consequence, your friendships are favoured and your protections last throughout your life.

Tyra Banks, the planet of Greater Fortune in this house is a heaven-sent present. It indicates inheritances, intense and fulfilling sexuality as well as a strong and secret intuition. You may be content! Your feelings also are magnified and deep. Undeniably, you are very lucky with this position of Jupiter in your chart.

The planet Jupiter symbolizes expansion, broadness and generosity. Jupiter is associated with the functions of synthesis, enthusiasm and optimism. In your natal chart, his house position is more important than his sign position because, like Saturn, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Jupiter in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Jupiter in Aquarius stimulates your mental activities and favours the area of collective or humanitarian projects. In these fields, you can easily assert your originality and develop your interests for new topics and unusual things in general: sciences, higher technologies, but also esoterism, astrology and occultism. Your friendship life is favoured too by this configuration.

Your Serious Side

Your emotions are controlled and your imagination is analyzed through a magnifying glass. You gain in lucidity what you lose in emotionalism. You may be interested in your origins, in your roots and in real estate matters. You become thrifty as time goes by.

The combination of the house of ordeals and sacrifices with the planet of renunciation may seem awkward at first. However, Tyra Banks, it may help you assert yourself when you are facing painful circumstances, or when destiny's strikes bring about periods of isolation.

If your generosity of spirit and your will are up to the stake – your quick and intense evolution - you may take advantage of this promising but difficult configuration. Then, you become stronger, more lucid, and more dedicated than ever.

The planet Saturn symbolizes contraction, effort, time, limitation and concentration. Saturn eliminates anything that is not authentic, sooner or later. It is impossible to cheat him as he gives an irresistible desire to form a coherent whole with oneself, in responsible and wise ways. He is the great purifier. He represents our limitations but also our truth. In your natal chart, the house position where Saturn is posited is more important than his sign position because, like Jupiter, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Saturn in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Saturn in Cancer decreases your emotionalism. You are less vulnerable as you build a protective carapace, with all the good and the bad consequences that may be implied. You are provident and wise in the family and real estate areas, may be a bit too much.

A Few Special Points

Your Uniqueness and Your Utopias

As a general rule, at the end of your childhood, you quickly leave your parents' home because your thirst for independence is incompatible with a quiet life with your parents; in other cases, the atmosphere in your family is quite extravagant, even chaotic, and it is difficult for you to become stabilized, to feel secure, even though you need it for your balance. You are craving for it and this is what prompts you to leave your roots, sooner or later.

You are prone to unexpected home moves. Paradoxically enough, it seems that, as soon as you achieve stability, something makes you itch. You may be too sensitive, and when tense situations emerge, you feel an irresistible need for change. The best way to handle these problems may be that you, yourself, organize your instability at home, for instance through extensive outings or trips. In any case, you should manage to create the impression that you are not in the same place for too long.

The stages of your life unfold without continuity as if there was a rupture between each successive environment created as time goes by. The past disappears quite abruptly and allows you to grow faster. It is up to you to find some stability or some security elsewhere!

Your Inspiration and Your Illusions

This pleasant combination may magnify your love affairs and your creativity and give them a romantic and whimsical side. If you are an artist, you often feel inspired and carried away by love and emotional impulses.

This area of your life is intense and, as a consequence, you are more vulnerable than other people. It is up to you to sort out among your positive, creative impressions on the one hand, and your out-of-proportion reactions caused by frustrating events, on the other hand.

You must know that you are exposed to love delusions. However, you are also entitled to the best part of love, when all is well.

In the fields of entertainment and relations with children, you are quite easily influenced and you follow your intuition more than your rational mind; rather emotion all on edge than reason...

Your Passion and Your Authority

In general, your childhood was under stress, for many different reasons. Your early life was not very easy, and you probably felt a deep anxiety for reasons... that were not always real.

In your intimate and private sphere, when you feel in confidence, you may be domineering and authoritarian, whereas in public, you never show this facet of your personality.

Your sensitivity is acute, and you may be affected by trivial things without ever displaying your hurt feelings. But as you mature, your finesse becomes an asset instead of an element of vulnerability.

Symbolically, according to the Tradition, your father was authoritarian or domineering. This is not always true, but this is how you perceived him when you were a child.

Your Isolated Planets

In general, the ten planets of the chart are connected to other planets by major or minor astrological aspects. It is owing to those ties that the planets' energies can manifest in the chart owner's personality and play out within safeguards according to a specific tonality.

It seldom happens that in a natal chart, a planet is totally disconnected from the nine other planets.

Astrologers have observed that when such a case occurs, the person feels the energy of the unaspected planet in quite a singular way, very jerky and powerful at the same time. Thus, for instance, the famed astrologer Jean-Baptiste Morin de Villefranche wrote that "an unaspected planet heralds that something strange or extraordinary will take place regarding the meanings of the house in which the said planet is posited" (source : l'astrologie selon Morin).

Rules for detecting an unaspected planet: among all the testimonies that we have reviewed to this day, based on our experience, we tend to agree with American astrologer Janis Huntley who accepts seven aspects, which involve the zodiacal twelve sections of 30 degrees. The aspects to be considered are the conjunction (0 degree, cooperation or tension), the semi-sextile (30 degrees), the sextile and the trine (60 and 120 degrees respectively, aspects of cooperation), the square and the opposition (90 and 180 degrees respectively, tensed aspects), and the quincunx (150 degrees, slightly tensed). In this detection, the chart's angles are not taken into account.

In any case, it is important to remember that an isolated planet clearly expresses its influence when it is a personal planet. Thus, when the Sun, the Moon, Mercury, Venus, or Mars is isolated, it is certain that the effects described by Jean-Baptiste Morin de Villefranche will become manifest. As for Jupiter, Saturn, Uranus, Neptune, and Pluto, one must be cautious because the volume of cases documented is not yet large enough.

Your chart has no isolated planet, and this particular case does not apply to you.

Annex 1: Your Minor Dominants

The five following dominants are less significant than those described at the beginning of your report. They may not be strongly felt. In some cases, they add several minor details to the analysis of your character, but they are rather for curiosity purposes. It is not necessary to take them into account when you first read your portrait.

Your Planetary Repartitions: Northern, Southern, Eastern and Western Hemispheres

The axis linking the 1st house's cuspide (the Ascendant) to the 7th house's cuspide - the Descendant - divides the zodiac into two bowls, a superior bowl, in the South, and an inferior bowl in the North. Quoting an expression by the famous American astrologer Rudhyar, the Southern part and the Northern part correspond to two functions: "being" and "doing". Other concepts are also associated with this North and South distribution, such as introversion - Northern hemisphere - and extraversion - Southern hemisphere - being or appearances, inner life or external life, reflection or action, dreaming one's life or living one's dreams, the abstract or the concrete, backstage or limelight.

This is not about determination but about personal inclination: thus, some people will be thrown into public life despite a prominent Northern hemisphere. If this happens, however, it will not be due to their will, their taste or their deep nature. Conversely, a prominent Southern hemisphere will not bring about a famous destiny to its owner, even if he tends to turn the spotlight on himself, or if he looks for a more active life. It is a matter of deep nature and natural inclination. Of course, none of the typologies is "superior" to another.

In your birth chart, Tyra Banks, the ten main planets are distributed as follows:

Your Northern and Southern Hemispheres

Tyra Banks, the predominance of planets in the Southern hemisphere prompts you to take action, to draw attention on yourself, and to make your actions and what you have in mind visible to everyone. Sometimes, without giving a single thought to, and to the detriment of, a richer inner life and a deeper and wiser reflection. Action and communication are inevitable in your opinion and you tend to think that the only thing that matters is what is seen! This is not always true, and it is up to you to progress through the development of inner qualities such as meditation, solitude and imagination so as to become stronger.

The birth chart is divided into two other parts, Eastern and Western, by the axis linking the Midheaven to the Imum Coeli.

The Eastern part, on the Ascendant side, shows the person's ego, will, magnetism, and vitality, whereas the Western part, on the Descendant side, symbolizes other people, communication, relationships and their influence, as well as flexibility and adaptability.

Tyra Banks, here is the planetary repartition in your Eastern and your Western hemispheres:

Your Eastern and Western Hemisphere:

Tyra Banks, the East and West sides are well balanced in your chart. This means that you are not too determined or authoritarian, and that you are neither impressionable nor fragile. You are capable of taking decisions, in full awareness, without anyone's help when circumstances so require. However, you have no problem taking your entourage's viewpoints into consideration, with tact and intelligence.

Your Yin and Yang Polarity

The twelve signs are divided into two polarities, called active or passive, or sometimes masculine and feminine, positive and negative, Yang and Yin. This classification corresponds to two quite distinct tonalities, the first one bringing extraversion, action, self-confidence and dynamism, the second one, introversion, reactivity, reflection and caution. None is superior to the other, each group has its own assets and shortcomings. Odd signs - Aries, Gemini, Leo, Libra, Sagittarius and Aquarius - belong to the first group, whereas even signs - Taurus, Cancer, Virgo, Scorpio, Capricorn and Pisces - belong to the second group.

Your Yin and Yang Polarity

According to the disposition and qualities of your planets and angles, you are rather influenced by Yang energy, the active polarity, Tyra Banks: more concerned about actions than reflection, you sometimes rush without standing back and without the deepness that is needed. However, your spontaneity prompts you to take fresh starts, even after repeated failures caused by your rashness.

Your Houses' Accentuations

Houses are split up into three groups: angular, succedent and cadent.

The first ones are the most important ones, the most "noticeable" and energetic houses. They are the 1st, 4th, 7th and 10th houses. Their cusps correspond to four famous angles: Ascendant for the 1st house, Imum Coeli for the 4th house, Descendant, opposite the Ascendant, for the 7th house and Midheaven for the 10th house, opposite the Imum Coeli.

Planets are evaluated according to a whole set of criteria that includes comprehensive Western astrology rules. At their turn, planets emphasize specific types of houses, signs, repartitions etc., as previously explained.

Your Houses' Accentuations

Your angular houses, namely, the 1st, 4th, 7th and 10th houses, are very emphasized in your chart, Tyra

Banks: according to the Tradition, they are the strongest and most dynamic houses. Should the rest of your chart concur, angular houses suggest that you are an enterprising, energetic and assertive woman. Indeed, angular houses are said to generate impulsions and to give a powerful and domineering personality.

Unusual fates are often linked to a predominance of angular houses, but this is only a partial indication...

Your Esoteric Decanates

Each sign contains 30 degrees and can be divided into three equal parts: the decanates. The Tradition indicates that specific meanings can be associated to each of the three decanates. Their sphere of activity is usually limited to the Sun sign, however, it is even more interesting to observe the distribution of all the planets in the chart to get an idea of the respective importance of the three decanates, which can complement the description of the personality.

These meanings must be considered with the greatest caution. Indeed, they are minor characteristics that can only underline other outstanding traits of character.

Traditionally, the first decanate highlights the characteristics of the sign where a planet is located. The two other decanates correspond to sub-dominant planets, depending on the nature of each sign. This system leads to a multiplication of meanings and it is impossible to have a clear understanding: here, we prefer to give only the meaning of one decanate in comparison with the other two, within the birth chart as a whole. Again, the greatest caution is needed with regard to this minor indication as it is not always reliable: it is not essential that you read these texts in the beginning. You can get back to them later on, once you have read more important interpretations

Your Esoteric Decanates

The first decanate, which means the part between 0° and 10° of any zodiacal sign, prevails in your natal chart, Tyra Banks: this decanate is traditionally linked to vitality and physical constitution, and may indicate that you efficiently express your concrete energy on the material and sensual planes.

Annex 2: Karmic Study

The karmic theme is a good complement to the psychological portrait, or natal chart. This analysis is based on the positions of the Lunar Nodes, the Black Moon and the Part of Fortune: they are also called fictitious points and describe the spiritual purpose of your destiny. Because there is in all of us an experience and a quest, our life is an evolutionary journey... provided that we head towards the right direction, of course! Indian astrologers highly prize the Nodes axis (North Node and South Node). It is the Ariadne's thread that we are invited to follow. The Black Moon indicates the sector where we are most likely to transform or to transcend, whereas the Part of Fortune points out the area where we can easily express our specificity.

The Lunar Nodes: a spiritual path

Lunar Nodes have their roots in the Indian tradition and they are based on a simple concept: each of us have a mission of their own, here on earth, a destiny, a course. According to the Indian philosophy, life is a school: the nodal axis describes our past experiences (South Node, our karma, our spiritual inheritance or our previous lives), and our aims on earth (North Node, our Dharma, the purpose of our current incarnation). This is the reason why the study of the lunar nodes is called "Karmic astrology". Here, we shall not step into hypothetical past lives. Wherever our current trends may come from, all that really matters is that we become aware of the purpose of our life, its finality and our dharma. We are likely to understand our life purpose around the age of 37, when the Lunar Nodes return to their natal position.

Your destiny hinges on spiritual values. Early in life, you developed relationship abilities and you showed a healthy curious mind. You are insatiable when it comes to exchanging new concepts but you limit your horizon line to tangible and useful facts. As time goes by, you feel the desire to leap further and to discover new territories or different philosophies. You may have a growing interest in metaphysics or in religions, or you may travel, so as to keep up with your desire for evolution. Never mind! What is essential is that you never stagnate and that the vagaries of life do not take precedence over your thinking process or your spiritual growth. You dream of getting rid of everyday constraints and of reaching another dimension of life pertaining to large spaces and to ideals. You need to live intensely, to discover again and again. You long for a better world? The danger is that you may get trapped in illusions and utopias. But life would be so dull without an ideal!

A part of you is bohemian: you may shirk realities (at least during the first years of adulthood) and you keep your distance from the constraints of this world! However, life reminds you of them... As years go by, you show more pragmatism. Of course, you must keep your assets: a sharp intuition of people and things, a profitable detachment that allows you to cope with daily petty things. But you must also control the vagaries of life that may fall into the bad side of a "bohemian life" if you are not careful. The consequences may be setbacks and delusions that will cease only when you become aware of realities. As you progress, you may be a therapist who heals the body (a medical occupation)... or the soul because you are altruistic and you know how to listen.

Lilith or the Dark Moon

The Black Moon is the spark of refusal and distance that is dormant in all of us. Depending on the sign where she is found in your chart, she highlights the desire to transform and to sublimate a part of your life. The Black Moon is unfathomable and mysterious. She gives a different dimension to the sector she touches. Her manifestations are subtle; nonetheless, she is powerful, implacable, demanding to the extreme... The Black Moon is also called Lilith. She is the inner flame of your heroism and

insubordination.

You have the feeling that you are different from your entourage because you are in charge of both a special mission, and an extraordinary destiny. This configuration may indicate an immoderate pride (when the Black Moon is not well integrated enough). However, when she is well integrated (and she will be, as time goes by), the Black Moon forges an exceptional destiny that implies sacrifices, asceticism and solitude to some extent. The danger is to show too strong an intransigence and to be unable to forgive your entourage's weaknesses as well as your own. But it is also where your strength is found: an innate sense of duty, regardless of the price to be paid for a slow ascension.

You are a person thirsting for precision and perfection. Your rebellions are frequent: any mechanism that is not running perfectly smoothly is dismissed. Any person whose attitudes seem inconsistent becomes the object of your refusal. Better than anyone else, you can ridicule social stereotyped models, too conventional and ineffective. It is likely that you often succeed in giving a logical dimension to the craziest situations.

The Part of Fortune in House

The Part of Fortune is a very ancient fictitious point that depends on the lunar phase at the time of birth. The astrological house tenanted is particularly strengthened. In your chart, the Part of Fortune is in the 9th house: you live for adventures and you want to go beyond the limits of your abilities with a view to discover new schools of thought. The key to your motivations is travel under all its forms, geographical, spiritual or inner exploration. You need to broaden your field of consciousness, which can be too ambitious a word to describe simple experiences: the taste for foreign or strange cultures, accepting and understanding differences.

Retrograde Planets

The karmic tradition insists on the issues related to the so-called retrograde planets. They are considered to be the inheritance of a past that was not well experienced, a sort of unfinished business. The interpretations of the retrogradation may seem negative or excessive to you. However, you may relate to a scenario that you have often and repeatedly experienced... as if you underwent several setbacks that all have the same cause. Until the day you become aware of it and you can free yourself from it! Through the slow integration of these planetary energies, you will be able to overcome your difficulties and to pay your karmic debt. Actually, each retrograde planet highlights an opportunity for evolution. Nothing can be achieved without the will to grow spiritually and to defeat your own demons.

The karma associated with Saturn may border on self-censorship: during your childhood, particularly, you were doubtful of your abilities and your talents. You had a propensity to put yourself in a no-win situation and to under-estimate yourself. Obstacles abound: taboos and prohibitions of all kind slow down your evolution. Little by little, you learn to re-evaluate your possibilities and to gain more self-confidence. Your personal rigour then turns out to be constructive: you are not destabilized by life ordeals and you practice a self-discipline that favours steady evolution. Although your path may be steep, it is nonetheless safe.

N.B: modern astrology attaches less and less importance to the principles of retrograding planets.

Conclusion

A few remarks are needed here in order to allow you to fully take advantage of your astrological portrait: firstly, do not forget that a birth chart is also a photograph of the sky at birth and a structure that not only contains the personality's characteristics, but also its potential evolution.

We all know that, in real life, people begin to know themselves when they are in their forties, or even later. Likewise, several traits of character in a portrait may seem surprising: in most cases, it means that such features are not yet developed.

Some personalities reveal themselves late in life, whereas others are more precocious. It must be remembered that psychological structures are in a state of continuous evolution because they are influenced by unfolding events and gradual maturity. We can never underline strongly enough the "mobile" nature of the personality, throughout a lifetime.

On the other hand, it is difficult to discriminate what is "already present" at this moment in your life when you are reading your chart's interpretation, from what will appear later in the logic of your evolution: you must sort out all the pieces of information provided and, in most cases, you will see that your astrological portrait is helpful for your endeavours to know yourself better.

Finally, several readings of an astrological portrait are usually necessary in order to absorb all its different meanings and to evaluate the relevance of each character trait.

In any case, better self-knowledge obviously contributes to faster personal blossoming, and it is undoubtedly one of astrology's major roles: contributing to know oneself better, in order to improve more rapidly, to deal with one's weaknesses and to avoid its drawbacks, and to take advantage of one's assets as efficiently as possible.
