# Uma Thurman's Astrological Portrait

## Introduction

To fully benefit from this portrait, we suggest that you read its introduction and its preamble carefully, and then that to take the time to soak up the interpretations of each chapter. Given the large number of texts, which mirrors the human being's complexity, you may need to go through the contents several times, so as to get a good grasp of their meaning and to know yourself better. This will reward your patience.

The purpose of this report is to describe your psychological portrait and to highlight the most fundamental features on the personal area. The report begins with the analysis of your planetary dominants and outlines your personality's general traits before going into further detail. Minor dominants are analysed at the end of Annex 1, for purposes of clarity. Your report then delineates the various facets of your personality:

In general, even when relationships are not involved, we express ourselves and we feel according to our character and our personal motivations: this is indicated by the Ascendant and the Sun sign which both give details on the way we function. They shed a tremendously important light which allows to figure out your personality. Here, we describe your Sun sign (your inner self), your Ascendant (your behaviour as seen by others), and the ruler of the Ascendant (interesting additional pieces of information about the style of your personality). These descriptions alone cover nearly a third or a half of your psychological signature, depending on your natal chart characteristics.

Then, we address your sensitivity, or in other words, the way you receive things and how you express your emotions ; it works as a constant filter for all your exchanges, even when it becomes a more secondary element in your amorous relationship, because at that moment, affectivity prevails. Sensitivity is the way you perceive things, it is your radar, your daily mood, and at the same time, it indicates how you react to your entourage, on a daily basis. It is what others immediately see of you. In the second paragraph, we explain in which areas of life your sensitivity and your emotions are strongest, therefore, where you are most vulnerable.

After this, it is your affectivity, the way you love and how you charm, that comes into play as soon as you fall in love: the first part indicates its basic structure or its main form. The second part describes the areas where it is best expressed and how you display it, according to your personality.

A third fundamental area deals with your mode of action and your sexuality: how you behave, how you manage to obtain what you want, what kind of desires you have. There are twelve possibilities, very

different from one another. The study discloses the specific one that applies to you. In the second paragraph, we explain in which life areas you may most efficiently take advantage of your capacity for action and for conquest.

Your ways of communicating and of thinking are obviously among the major elements that must be integrated into the delineation and the description of your personality. Indeed, they influence your general behaviour and may modify or enhance the image your project (for instance, extraversion may “compensate” a weak affectivity, but a huge number of cases are possible). An additional chapter indicates the favourite areas where you enjoy communicating, thinking and meeting with people.

Besides, we analyze an even more personal aspect that is important to define and understand what may occur within your couple: each of us have a centre of interest, a privileged manner to be fulfilled or to achieve our destiny; this main motivation is indicated by the positions of your Sun and your chart ruler in the astrological houses and we provide you with its detailed description.

A natal chart contains the potential for specific fulfilment and a whole range of assets, protections and qualities. How does the lucky factor manifest in your personality? In which area can you best exploit your qualities? The answers are precisely revealed to you in this chapter.

On the other hand, we all feel in us a part of vulnerability, doubts and fears. How does this part of solemnity or serious side play out? How is it possible to handle it in order to evolve and to get rid of useless elements? All this information is provided to you in these two paragraphs.

Then, you can discover three additional traits of your personality that must be considered as secondary ones. They deal with your predispositions, which means that they need to be triggered by external events because they are not influenced by your will; let's call it a part of fate. Please, bear in mind that your destiny can unfold only in accordance with what you are: therefore, even if they belong to your more unconscious self, these characteristics are parts of you, definitely.

The karmic chart complements the psychological portrait or natal chart. It is based on the positions of the Lunar Nodes, the Black Moon, and the Part of Fortune. These elements of the chart, sometimes referred to as fictitious points, provide information about the spiritual meaning of your destiny. Owing to the fact that we all have in us acquired knowledge and the urge to go on a quest, our life is an evolutionary journey... However, these texts must be read with great caution: this is the reason why you will find this analysis in the Annex 2 of your report.

## Meaning of Stars

Stars indicate the strength of the aspects. Two solid coloured stars (there are half-stars also), mean that the aspect is powerful enough to be noticed at the first reading.

We strongly advise that you read the paragraphs displaying less than two stars later on, after you have absorbed the full import of the other texts.

The yellow colour indicates a soothing and conciliating aspect, and the red colour, a dynamic and tense aspect. The red aspects enable you to evolve, to take action, and to learn to turn your "weaknesses" into assets through your life experiences. The yellow aspects are innate strengths on which you rely in order to grow better with the former...

## Preamble

When interpreting a natal chart, the best method is to start gradually from general features to specific ones. Thus, there is usually a plan to be followed, from the overall analysis of the chart and its structure, to the description of its different character traits.

In the first part, an overall analysis of the chart enables us to figure out the personality's main features and to emphasize several points that are confirmed or not in the detailed analysis: in any case, those general traits are taken into account. Human personality is an infinitely intricate entity and describing it is a complex task. Claiming to rapidly summarize it is illusory, although it does not mean that it is an impossible challenge. It is essential to read a natal chart several times in order to absorb all its different meanings and to grasp all this complexity. But the exercise is worthwhile.

In brief, a natal chart is composed of ten planets: two luminaries, the Sun and the Moon, three fast-moving or individual planets, Mercury, Venus and Mars, two slow-moving planets, Jupiter and Saturn, and three very slow-moving planets, Uranus, Neptune and Pluto. Additional secondary elements are: the Lunar Nodes, the Dark Moon or Lilith, Chiron and other minor objects. They are all posited on the Zodiac wheel consisting of twelve signs, from Aries to Pisces, and divided into twelve astrological houses.

The first step is to evaluate the importance of each planet. This is what we call identifying the dominant planets. This process obeys rules that depend on the astrologer's sensitivity and experience but it also has precise and steady bases: thus, we can take into account the parameters of a planet's activity (the number of active aspects a planet forms, the importance of each aspect according to its nature and its exactness), angularity parameters; (proximity to the four angles, Ascendant, Midheaven, Descendant and Imum Coeli or Nadir, all of them being evaluated numerically, according to the kind of angle and the planet-angle distance) and quality parameters (rulership, exaltation, exile and fall). Finally, other criteria such as the rulership of the Ascendant and the Midheaven etc. are important.

These different criteria allow a planet to be highlighted and lead to useful conclusions when interpreting the chart.

The overall chart analysis begins with the observation of three sorts of planetary distributions in the chart: Eastern or Western hemisphere, Northern or Southern hemisphere, and quadrants (North-eastern, North-western, South-eastern and South-western). These three distributions give a general tone in terms of introversion and extraversion, willpower, sociability, and behavioural predispositions.

Then, there are three additional distributions: elements (called triplicity since there are three groups of signs for each one) - Fire, Air, Earth and Water - corresponding to a character typology, modality (or quadruplicity with four groups of signs for each one) - Cardinal, Fixed and Mutable - and polarity (Yin and Yang).

There are three types of dominants: dominant planets, dominant signs and dominant houses. The novice thinks astrology means only "to be Aries" or sometimes, for example, "to be Aries Ascendant Virgo". It is actually far more complex. Although the Sun and the Ascendant alone may reveal a large part of the character - approximately a third or a half of your psychological signature, a person is neither "just the Sun" (called the sign) nor just "the first house" (the Ascendant). Thus, a particular planet's influence

may be significantly increased; a particular sign or house may contain a group of planets that will bring nuances and sometimes weaken the role of the Ascendant, of the Sun sign etc.

Lastly, there are two other criteria: accentuations (angular, succedent and cadent) which are a classification of astrological houses and types of decanates that are occupied (each sign is divided into three decanates of ten degrees each). They provide some additional informations.

These general character traits must not be taken literally; they are, somehow, preparing for the chart reading. They allow to understand the second part of the analysis, which is more detailed and precise. It focuses on every area of the personality and provides a synthesis of all the above-mentioned parameters according to sound hierarchical rules.

As explained in the introduction of your Psychological Portrait report, minor dominants are analysed at the end of Annex 1, for purposes of clarity.

## Your Planetary Repartitions

Each quadrant is a combination of the four hemispheres of your birth chart and relates to a character typology. The Southern hemisphere – the top of your chart, around the Midheaven – is associated with extraversion, action, and public life, whereas the Northern hemisphere prompts to introversion, reflexion, and private life. The Eastern hemisphere – the left part, around the Ascendant – is linked to your ego and your willpower, whereas the Western hemisphere indicates how other people influence you, and how flexible you are when you make a decision.

### Your Four Quadrants

Uma Thurman, the diurnal South-western quadrant, consisting of the 7th, 8th and 9th houses, prevails in your chart: this sector brings about a thirst for communication and sometimes, a need to take risks in your dealings with others. Relations are a factor of your evolution and your transformation, which you accept serenely. Indeed, what matters to you is the movement and the energy that link you to others and that make you gain more awareness. A kind of rebellion or a desire to get away from it all is rooted in you.

## Your Dominant Modes and Elements

Uma Thurman, here are the graphs of your Elements and Modes, based on planets' position and angles in the twelve signs:

### Your Four Elements

Like the majority of Earth signs, Uma Thurman, you are efficient, concrete and not too emotional. What matters to you is what you see: you judge the tree by its fruits. Your ideas keep changing, words disappear, but actions and their consequences are visible and remain. Express your sensitivity, even if it means revealing your vulnerability. Emotions, energy and communication must not be neglected; concrete action is meaningless if it is not justified by your heart, your intellect or your enthusiasm.

Cheers for communication and mobility, Uma Thurman! The predominance of Air signs in your chart favours and amplifies your taste for relations and for all kinds of short trips, whether real (travels) or symbolic (new ideas, mind speculations). You gain in flexibility and adaptability what you lose in self-assertion or in pragmatism.

Fire's qualities are not very present in your chart, with only 7.96% instead of the average 25%, which means that you may lack warmth, enthusiasm, conquering spirit, or energy. You may look indifferent to others, with almost no desire, no joy of life or no enterprising ability. Actually, it is not true, but you should let go, force yourself to be more daring, and show your amazement as well as your vitality. You certainly have as much energy as others, you just need to release it, and it is up to you to display more of it, since it will be all to your benefit: shout, sing, pull faces, dance! That's the right mean for you... In the end, you'll never be accused of being sad, phlegmatic or a killjoy!

Your natal chart shows a lack of the Water element, with only 3.74% instead of the average 25%. Whether you are aware of it or not, affective values bring about problems, for you or your close friends. In general, a lack of Water does not necessarily mean that you are unable to love as much as others do. However, you may find it difficult to express the deepness of your heart and of your feelings. In the best cases, you come to terms with it, you adjust, you manage to show more affection or, why not, you pretend to be really affected! In the worst cases, you get into the terrible habit of repressing these essential values and you tend to forget that they are the basis of the richest and strongest bonds between human beings.

The twelve zodiacal signs are split up into three groups or modes, called quadruplicities, a learned word meaning only that these three groups include four signs. The Cardinal, Fixed and Mutable modes are more or less represented in your natal chart, depending on planets' positions and importance, and on angles in the twelve signs.

### Your Modes

The Fixed mode corresponds to a majority of elements in your chart, Uma Thurman, and represents the desire for security and durability: you are able to concretely appreciate a situation and its stability. You definitely prefer to play the role of a loyal, obstinate and hard-working person, rather than to try new and risky experiences - beware, however, not to confuse obstinacy with intransigence. You structure, cement, and strengthen everything you find on your way: it is your nature, although you are not especially interested in swiftness: slow and steady...

## Your Dominants: Planets, Signs and Houses

The issue of dominant planets has existed since the mists of time in astrology: how nice it would be if a person could be described with a few words and one or several planets that would represent their character, without having to analyse such elements as rulerships, angularities, houses, etc!

The ten planets - the Sun throughout Pluto - are a bit like ten characters in a role-play, each one has its own personality, its own way of acting, its own strengths and weaknesses. They actually represent a classification into ten distinct personalities, and astrologers have always tried to associate one or several dominant planets to a natal chart as well as dominant signs and houses.

Indeed, it is quite the same situation with signs and houses. If planets symbolize characters, signs represent hues - the mental, emotional and physical structures of an individual. The sign in which a planet is posited is like a character whose features are modified according to the place where he lives. In a chart, there are usually one, two or three highlighted signs that allow to rapidly describe its owner.

Regarding astrological houses, the principle is even simpler: the twelve houses correspond to twelve fields of life, and planets tenanted any given house increase that house's importance and highlight all relevant life departments: it may be marriage, work, friendship etc.

Uma Thurman, here is the evaluation diagramme for your planets:

The three planets that are most highlighted in your chart are Mercury, Venus and Neptune.

With Mercury among your dominant planets, you are certainly cerebral, nervous, swift, curious, quick-witted, and you love to communicate. Your psychological pattern is intellectual, all the more so since Mercury is important, with its whole set of assets but also of weaknesses, obviously.

Your sensitivity, emotions, and heart's impulses give precedence to thinking, which can lead people to believe that you are a playful and witty but heartless person, intellectualizing situations and juggling with words and numbers whilst ignoring human aspects of things. Of course, it is said that cats always land on their feet - this is your Mercurian strength and your trump card!

Your weakness lies in your nervousness, and you may miss your goal because of your "over-intellectualization" that may be detrimental to other kind of energies such as instinct, spontaneity, heart, sensitivity, etc.

With Venus among your dominant planets, one of your first reflexes is... to please! Your look, your charm, and your seduction are omnipresent elements in your behaviour.

Your approach to things is connected to your heart, and for you, no real communication can flow if your interlocutors exude no sympathy or warmth. Cold and logical reasoning, clear thoughts and good sense are not important to you: if there is no affective bond with your environment, no connection can be established with the Venusian that you are, and nothing happens.

You have a strong artistic side, and you never neglect subjective but clear concepts such as pleasure, beauty, and also sensuality. However, sometimes to the detriment of efficiency, durability, logic, and... detachment.

With Neptune as one of your three dominant planets, you are a secretive and ambiguous person, often confused or unclear about your own motivations! Indeed, you are endowed with unlimited imagination and inspiration, as well as with an extreme sensibility that may turn you into a psychic or a clairvoyant.

On the other hand, your impressionability is such that you may have difficulties in separating what is concrete and solid from illusions or dreams.

A mystic, a visionary or a poetess, you daydream, like any Neptunian, and you see what few people only can see, all of this being shrouded in aesthetic mists when you are fired with enthusiasm.

A boundless, infinity-loving woman like you is inevitably likely to be more vulnerable and easily hurt because of your acute perception of events. In such cases, you are hit full in the face, and you may sink into gloomy daydreamings and dark melancholy.

That said, this mysterious aura definitely gives you an indefinable charm in the eyes of your close friends who are often fascinated by your unique ability to feel and to see what ordinary people can never see!

### Your Dominant Signs

In your natal chart, the three most important signs, delineated according to the above-mentioned criteria, are, in decreasing order of strength, Taurus, Gemini and Virgo. They are often prominent because your Ascendant and your Sun are posited there. However, it is not always the case: it may be because they are occupied by a cluster of planets, by a planet near an angle other than the Midheaven and the Ascendant, or because two or three planets are very active and form numerous aspects from these signs. Therefore, you partly take on the three signs' characteristics, which are somehow superimposed on your natal chart, and all the more so if any of the signs in question is highlighted.

With the Taurus sign so important in your chart, you are constructive, stable, and sensual. Good taste, sense of beauty, manners, and unfailing good sense - all these qualities contribute to your charm and seductive power. Furthermore, if some people criticize your slow pace and your stubbornness, you rightly reply that this is the price for your security, and that you like the way it is - slow and steady....

With Gemini as a dominant sign, your qualities include being lively, curious, mobile, clever, and flexible: you often make others dizzy, and you may come across as a dilettante - a bit inquisitive, shallow, and insensitive because you may be too intellectualizing. However, your natural curiosity, a nice quality, and your quick humour, allow you to demonstrate to everyone how much they may gain from your company, and that your apparent flightiness hides an appetite (particularly mental) for life, which itself conceals a terrific charm!

Virgo, associated with perfectionism, numbers and reason, is among your dominant signs: you inherit its sense of responsibility and tidiness, a clear mind, an unflinching logic, as well as a need to be useful and to fulfil your task to the best of your abilities. Obviously, people may think that you are too modest or reserved, suspicious or pessimistic because of your exceedingly critical mind, but aren't logic and wisdom great qualities? Of course, they are. Moreover, you keep your feet on the ground, you never behave irrationally and you are helpful and hardworking - what more can you ask for?!

### Your Dominant Houses

Houses 9, 10 and 6 are the most tenanted ones in your natal chart. To compute their strength, planets and angles are weighed according to various astrological criteria such as swiftness, activity, angularity, rulership etc. From the analysis of the most tenanted Houses, the Astrologer deduces the fields of activity that are most relevant to you, be it because of what you are experiencing, or what you may experience in the future, or because of your deep inner motivations.

Your 9th house being one of your most tenanted house, or at least emphasized, travels and faraway places play a major role for you: travels may take place in a symbolic sense, namely mind speculations or conceptions about political matters, philosophy, religion or spirituality, or in the literal sense, such as real long distance travels by plane. You may also spend a part of your life far from home, etc. You are driven by a kind of rebelliousness, which urges you to explore the Unknown; it may also be the call of the adventure. Besides, if the rest of your chart concurs, you may be considered as a real draught, often up hill and down dale, constantly on the lookout for exciting discoveries and new, enchanting horizons.

With a prominent 10th house, your destiny's achievement may be very notable: the 10th house represents your career, your public life, and your ambitions. A good deal of your energy may thus be used to successfully implement what you have in mind. Instinctively, you are very keen to make your dreams come true. Sooner or later, you will deal with the public, and your personal achievement will go through trials and ordeals: other people and visible actions.

Your 6th house is quite emphasized and indicates interest in work and daily occupations that take up a lot of your time: in analogy with Virgo, this house inclines towards perfectionism and training; somehow, you may be fulfilled through the process of being useful and investing your energy in your work. An environment appealing to you may be involved - your colleagues, for example - or a passion for one of these daily occupations. Medical positions or pets may play a role in your life; or ancillary love affairs too... These are a few possibilities indicated by an important 6th house.

## Your Style, Behaviour, and Peculiarities

What is commonly known as "sign" indicates the position of the Sun in the Zodiac. The Sun highlights all the characteristics of the sign he tenants. According to astrology traditional rules, these characteristics are all the more pure and exact when the Sun is strong in the sign, or when the sign is particularly highlighted within the chart. Here, we indicate the pure characteristics of the sign but you must bear in mind that they may only shed a light on a particular aspect of your personality. Indeed, the sole sign of the Sun, or of the Ascendant, can never describe an astrological chart because it depends on the degree of strength of the said sign in your chart.

Another important point must be underlined. Contrary to the Ascendant, which clearly describes your appearance, your vitality, your physical constitution, your spontaneous behaviour and the image you project, your Sun sign describes your inner self, which you may not completely be aware of, and which may emerge gradually as you mature: it is about your inner personality that you reveal only to the members of your entourage whom you trust. The Sun sign is likely to be the final form of your personality, once it has evolved in line with the energies of the other parts of your chart, the beginning of which is seen in the Ascendant, your external "bark".

The Ascendant is one of the major components of your natal chart. It is the zodiacal sign that rises in the East at the very moment of your birth. To calculate it, it is therefore necessary to know your exact time of birth.

It provides with a wealth of information on your personality. It is one of the key features that allows the analysis of several parts of you, such as your appearance, your character as it is initially perceived and your immediate behaviour. It describes the external aspect of your personality which you always display, but it also describes your physical constitution in the long-term, in other words, your health.

Please be aware that, in spite of the importance of the Ascendant, the accuracy of its description depends on how strongly highlighted it is in your natal chart. We use the entire set of astrological rules to assess the strength of the Ascendant. In most cases, the Ascendant is as revealing as your "sign", i.e., the sign where the Sun is posited at the time of birth.

## You were born under the sign of Taurus and your Ascendant is in Virgo

Before broaching the details of the meaning of your Sun and your Ascendant, as a preamble, we offer a brief generic interpretation of their combination in your chart:

Organisation and pragmatism... These words strike a chord, don't they? You usually come across as a serious and reliable person who is always willing to provide assistance in case of problem because you always have all the tools required to help people out, in the literal and the figurative senses. Taurus and Virgo both have their feet on the ground. With your Virgo Ascendant, you pay great attention to details, and you tend to protect yourself against the vagaries which often prove upsetting. You are quite reserved, and if you do not easily extend praises, it is because you do not want to make mistakes. Since perfection does not belong to our world, you prefer to wait until you know the person more thoroughly before making any judgment. Your Taurus Sun is peaceful, nonchalant, and charming with its interlocutors. It has some sort of warm ruggedness which offsets the instinctive mistrust and the shy side of your Virgo

Ascendant.

### **You were born with the Sun in Taurus**

Peace, joy of life and sensuality are essential to you: You have a simple and quiet nature. You easily find happiness because you are not competitive. In addition, your relaxed attitude and your common sense always take you to places where you are happy, even though you are not the number one, even though you do not move in haste. The important thing for you is to construct, with patience and persistence. These two qualities yield strong, steadfast, and sustainable efforts that can withstand any pitfalls.

You are gentle, with a slow thinking process, but once you have opted for an orientation, nothing, no one, can make you change your mind. You loathe changes in general, and once you have taken the few major unavoidable decisions in the course of your life, you are on track!

As you are born under this sign, you are loyal, steadfast, strong, patient, enduring, persistent, attached, sensual, realistic, constructive, tenacious, with a strong need for security. But you may also be stubborn, rigid, possessive, materialistic, static and slow.

In love, Madam, you are sensual and seductive. Your appetite for life is huge: Taurus is the most feminine sign of the Zodiac, therefore, you are the essence of femininity and you can be the mistress and the wife, in turn, without difficulty. You enjoy carnal pleasures as much as gastronomy and conjugal life.

You are possessive and jealous but, if your partner provides you with the harmony that you forcefully demand, you become an accomplished housewife. You will make a palace out of your house, you excel in all domestic tasks, you are an exceptional cook and, with your talent for interior decoration, you beautifully arrange lush plants with flowers and exquisite furniture. Your home is a haven of peace, richness, harmony and calm, with children radiant with health around you.

### **Your Ascendant is in Virgo**

Psychologically speaking, your nature is nervous and secondary. Before you take action, you cautiously ponder over things and you review any possible alternative and reaction. You strive systematically to find the best possible response to any given problem. You are a perfectionist above all and you have no rest until you optimize a situation, in each and every area, be it professional, pragmatic, aesthetic or in pleasure. You do not accept spontaneity and, to fully enjoy life and go further, you consider that demanding the best is the least you can do, even though it is detrimental to the rough force associated with your instinct. The intellectual element intervenes before both the physical ones and your feelings: it is one of the essential clues to understanding your personality.

As you are born under this sign, you are cerebral, clear-sighted, focused on details and on numbers, analytic, serious, competent, reasonable, modest, tidy, organized, spruce, industrious, provident, honest, loyal, reserved, shy, helpful, willing to progress, talkative, perfectionist, logical, hardworking, tactful, patient, precise, concrete, spiritual. You can also be narrow-minded, calculating, irritating, petty, picky, hung up, anxious, cold, repressed or sarcastic.

In love, Madam, you are discreet, modest and intellectual. You may experience love only in the second part of your life if you do not make the effort to become aware that feelings and sexuality don't fare well with excessive reflection and prudence. In this area, one must not rely on reason...

Once you understand this principle, you will become the best wife, meticulous, tidy, but warm and withdrawn, caring for your family's well being and perfectly tackling your children's minor health problems. Your concern for tidiness and cleanliness allows you to have a healthy, safe and refined home.

You are fond of changes, variety and humour and you attach a special importance to your partner's comments and attentions.

You may marry twice or you may have a secret love affair, in spite of your seriousness, because Virgo is a dual sign, like Gemini, Pisces and Sagittarius.

### **The ruler of your chart is in Taurus**

The ruler of the Ascendant, also referred to as the chart ruler, brings a few interesting nuances to the meanings provided by the Sun and the Ascendant. The sign in which the ruler of the Ascendant is posited fine-tunes the style of personality described by the Sun and the Ascendant. It may strengthen it if the sign is identical to either of them.

The ruler of your Ascendant is in the same sign as your Sun. This specific feature means that the Sun's characteristics in sign previously delineated are strengthened.

### **Aspects to your Ascendant**

Several planets form an aspect with your Ascendant, Uma Thurman. Therefore, in their specific way, they modify your behaviour and your personality, which do not take on the pure characteristics of your Virgo Ascendant only, but which are a blend of its characteristics with those of the said aspects.

#### **★★★★★ Venus square Ascendant, orb -0° 2'**

In certain circumstances, Uma Thurman, you tend to adopt an attitude that is not necessarily in line with your real emotions. This discrepancy between your behaviour and your feelings, caused by Venus, may disconcert the people you mix with. Have self-confidence, don't be too pushy or... withdrawn, and forget your fears. Then, people can have a better perception of your personality, and you can harvest the fruits of your efforts.

#### **★★★★★ Neptune square Ascendant, orb -1° 52'**

Neptune is in dissonance with your Ascendant, Uma Thurman. You may have difficulties in controlling your emotions, and you tend to hesitate about the behaviour to adopt in society. In some circumstances, you distrust everyone, yourself and other people, without knowing the reason why. Keep your feet on the ground and do not allow your imagination to carry you too far away from sheer reality! No one nurtures bad intentions towards you. This is something you must realise if you do not want to get worked up about... nothing.

#### **★★★★★ Jupiter sextile Ascendant, orb -1° 53'**

Jupiter in soft aspect with your Ascendant naturally endows you with a reassuring, calm, and benevolent side, Uma Thurman. You honour your commitments without qualms, and thanks to your heart of gold and your generosity, your behaviour is protective and nice. You like to please other people, and whenever it is possible, you enjoy finding compromise solutions to all problems.

★★★★★ Mars square Ascendant, orb -5° 31'

When Mars is in dissonance with the Ascendant, Uma Thurman, in some particular circumstances, it may translate into hastiness, and even hostility on your part, which your entourage may not understand. You have audacity galore, but it is up to you to show alertness, so that you don't come across as a short-tempered person unable of self-control.

★★★★★ Sun trine Ascendant, orb -7° 01'

Your will is fuelled by a strong energy, Uma Thurman. It enables you to take quick decisions which totally match your personal ethics. Thanks to this good harmony between the Sun and your Ascendant, you feel rather good about yourself, and your inner self perfectly matches the image you are willing to show!

★★★★★ Moon opposite Ascendant, orb -9° 29'

The Moon is in opposition to your Ascendant, Uma Thurman. It is not a dissonance, strictly speaking, since at the same time, the Moon is in conjunction with your Descendant. Your sensitivity is oriented towards other people, and you are endowed with some sort of radar which enables you - sometimes too quickly - to feel other people's sympathy or hostility towards you. As a consequence, although your behaviour is flexible and adaptive, it is also less self-confident than it would be if you were less concerned about gossips.

## Your Sensitivity

Your sensitivity is devoid of infatuation or carelessness, Uma Thurman; you belong to the cerebral type and, due to your needs for inner security and for freedom, you consider feelings and emotions as burdens. You are apparently phlegmatic and almost detached. However, your swift reactivity and your fertile imagination make you appreciate friendly gatherings with numerous and varied exchanges. You do not wear your heart on your sleeve. At first, you seem cold but those who know you are aware of your very original and unique sense of humour. Your receptiveness is remarkable. Your observation talents and your detachment work wonders in the defence of your anti-conformist and rebellious ideas. Your stubbornness is obvious and it is very difficult to make you change your mind because you are affectively too vulnerable: it would require lengthy and thorough argumentations aiming at your intellect...

Uma Thurman, it is likely that you are popular in your work environment, and you may even be considered to be some kind of star by your colleagues. Or, if it is not the case, you have a clear tendency to react emotionally, very quickly and strongly in this sphere. At work, you need to feel liked and appreciated and to be shown accordingly!

You are mobile and changeable in your profession, and to tell the truth, your everyday life is full of surprises. Sensitive and imaginative, you are vulnerable to others' opinions. Health issues concern you more than they should; beware of not becoming a hypochondriac, some day...

### ★★★★★ Moon trine Jupiter, orb -7° 36'

Why should one complicate one's life if it is possible to enjoy the simple joys of the present? This harmonic Moon-Jupiter aspect indicates a cheerful nature, which earns your entourage's liking and protects the balance of your intimate life. Your sociability is supported by your desire to smoothly adhere to a group, a social or family cell. You are fond of moments where you unwind and relax. You value your daily comfort and, to preserve it, you accept to play by the rules of privacy. When this aspect dictates your attitudes, you behave like a person easy to get along with... even though your personal demands, relegated to the backseat, come up again at top speed and force you to behave more in line with your inner needs.

### ★★★★★ Moon sesqui-quadrate Uranus, orb 2° 01'

The Moon and Uranus intrinsically share little in common: they get along as well as fire and water! It is difficult for you to reconcile your desire for well being and intimacy with your destiny's dazzling passions and thunderbolts. You may feel that your intimate and family realm hampers your freedom. There is a potential for crises, explosions or splits. The desire for independence does not get on well with security concerns. There may be strong temptations endangering your very life foundations and you may embark upon a liberating and personal adventure. However, you fear rash decisions. Your need for security may temper your impulses and put a brake on your individualistic aspirations. To harmonize these tendencies within your intimate life, you must leave yourself enough room for personal expression or for an activity of your own. Otherwise, as days go by, built-up tensions may jeopardize the quiet course of your life.

### ★★★★★ Moon square Neptune, orb -7° 37'

This Moon-Neptune dissonance wonderfully turns on the poetic soul, the exhilaration of feelings and dreams... and disturbs your practical life, as well as the management of contingencies. You do not lack inspiration but your reasons of living may be beyond your entourage's understanding! Bohemian life is pleasant but it is probable that you experience muddled situations. Your aims are noble and your intentions are very good. But you may not have the will to turn them into reality. It is important that you

are wary of artificial paradises: escaping in the imaginary is not necessarily the best solution for problem solving. You are in search of an inaccessible tranquillity and you tend to procrastinate chores. Nevertheless, facts remain present and you may see that non-interventionism can only increase your difficulties. You must put an end to this vicious let-go circle. This does not imply that you have to forsake your dreams or to repress your very rich sensitivity.

★ ★ ★ ★ ★ Moon inconjunction Pluto, orb -2° 33'

This planetary configuration causes distrust (Plutonian distance) towards individuals, groups, or your own family environment (lunar values). It may bring about a feeling of affective or relational wound. The feeling of security is absent, or fragmented or illusive. How is it possible to feel integrated whereas you know that you are different and on your own? It is the myth of the « ugly duckling », with its different specific characteristics, an alien to its origins and its roots. It is important that you accept your differences and that you have them accepted by others, without forsaking your essential values. This is how you can exercise your group ownership without allowing them to exclude you or to repress your secret determinations. When this aspect is well integrated, it is a factor of lucidity for your emotions. You perceive without gullibility what is really at stake in your intimate relationships and the flaws of your environment. The fact that you do not readily trust people spares you many traps and delusions.

## Your Affectivity

In your chart, the Sun is in Taurus and Venus, in Gemini. Two signs may follow each other and be quite different: Taurus' essential and fragile desire for balance opposes Gemini's will to discover, to experiment, to increase the variety of emotions and encounters (Venus). These two signs are definitely complementary. The Sun in Taurus facilitates the establishment of long-lasting affective adventures and therefore, it achieves fulfilment. Venus in Gemini hates to lock up the couple in a routine inevitably detrimental to the spontaneity and the plenitude of feelings. However, perfect balance can be achieved only when both tendencies are expressed – although they are antinomial in many regards. Selecting your partner, understanding and evolving abilities are decisive here. You must satisfy your solar sign's thirst for tranquillity and Venus' needs for novelty, alternately. You must meet the urges for intimacy, stability and the pressing necessity to fuel your passion, over and over again. As paradoxical as it may seem, you love only that very person who sometimes upsets Taurus' quietness and who challenges the serenity you dream of. Because passion is priceless. This is the price you have to pay for it.

What is it, that really appeals to you, Uma Thurman, to love or to please? You have so much charm and so much volubility that you easily manage to be what is known as a femme fatale. Feelings and intellect are so tightly mingled that you may not know any more whether you are really in love or whether you are acting. You have a taste for flirt and variety, and you appreciate very much complicated situations where no one knows where the truth lies any more. You shift from one game to another. To you, everything can be an agent for seduction, be it your attitudes, your words or the way you dress. You do not separate your actions from your desire to please. People who do not understand this are in trouble because, if they take your sweet and well-phrased speeches too literally, they are likely to undergo cruel disappointments: for you, it is only a matter of living in the moment and you never commit yourself because, above all, you loathe confinement, even just its thought.

If there are no tense aspects with other planets in your chart, this configuration suggests that you are prone, Uma Thurman, to create a link between your career and the sentimental area, even though it may

come under various guises: you may be in favour with women in general and enjoy their support as you climb the social ladder and you achieve success more quickly making use of your charm and of your seductive ability. Sometimes, you may mingle love and career (or marriage), thus combining business with pleasure and indeed even... with your destiny. In other cases, you will be interested in Venusian occupations such as the arts, aesthetics, decoration, luxury trade or diplomacy. Whatever your activity, you will appreciate it tremendously and you will feel very much at ease. You will enjoy affective popularity and consequently, an aura of the luck of the devil that can propel you to the top or, at least, to where you dream of being. You are often a perfectionist and the careful zeal you dedicate to the attainment of your objectives greatly contributes to their achievement. Never do you forget them, and nothing pleases you more than to rub shoulders with important people in the higher spheres of diplomacy, politics or business. You love to act as the mediator or the go-between and to have your irresistible charm duly acknowledged and rewarded. In some adverse circumstances, you may lack constancy or perseverance in love, or this area may, to some extent, contradict your career objectives, owing to your carelessness. You may be dominated by women, lack authority or you may find yourself doing a balancing act between your love life and your professional life, and being unable to make a choice, thus damaging both.

★★★★★ Venus opposite Neptune, orb -2° 13'

You are very idealistic in love and you may be blind. In many circumstances, you deem your sentimental life heavenly and you lay yourself open to delusions. Love is a dream and waking up is often painful. Your imagination distorts the game of intimate situations. It is important that you keep your sense of reality and that you avoid to embark upon dark or muddled paths. Forget about artificial paradises! The Tradition very rightly insists on the tendency for impossible love affairs. Your demand and your thirst for the absolute may make you dread experiencing a common life that is inevitably flawed with compromises and vagaries. The object of your affection is idealized « because it was him, because it was me » and you do not reckon objective elements that will resurface later in full force. With this planetary configuration, the danger is in the idealistic, even fanciful, nature of your affectivity. It is certain that love cannot be bought or reasoned. But how is it possible to live an absolute passion on a daily basis? You must control your heart impulses and, without losing the sentimental riches that are part of your charm, you must put what you love in harmony with what you dream of.

★★★★★ Venus conjunction Mars, orb 5° 11'

With this aspect, innate affective behaviours prevail over opportunism and calculations. You do not cheat with feelings and you prefer to be guided by your likes ... or your dislikes. Love is neither to be reasoned upon nor to be explained. It is important to experience one's passions spontaneously and to give free rein to the heart's tumultuous manifestations as well as to the body's demands. In other words, to be one's true self in the "now". You need to live intensely, to try all kinds of situations, sometimes to get hurt. Your sensitivity is the driving force behind your decisions and your actions. Real experiences are worth the best intellectual concepts. Spurred by your thirst for emotions, you try to build your life on bases that match your desires. Here, the trap may be that you pay too much attention to your moods and affects. But without them, life would be so dull. Even though emotionalism betrays you occasionally, it remains your best ally.

★★★★★ Venus trine Uranus, orb 3° 08'

Your charm lies in the originality of your approach to love and in your uncompromising attitudes. Your motto? Freedom of love, whatever the price! Should your sentimental life become dull, you find a solution: you are romantic and you reinvent your couple's life, you give a new and unexpected

momentum to your emotions. You create the kind sharpness that contributes to your exceptional affective life. You do not fear love at first sight or blazing passions. On the affective plane, you know where you are heading for, whom you love ... or love not. There is an indisputable intransigence. The heart impulses are irrevocable and implacable. You dream of a sentimental life that fulfils your aspirations and you use all possible means to achieve your ideal. Even though you may have to make the necessary sacrifices.

★★★★★ Venus trine Pluto, orb -7° 17'

You exercise exceptional clear-sightedness in love. Your passions are subtle, deep, although disconcerting and imperceptible to the outsider. You display no gullibility and you keep your distance. This is part of your charm. You detect what is really at stake in your couple's relationship and in your sentimental attitude. You drive the boat of your sensitivity without falling victim to mirages and affective traps. The only danger is that you may be too calculating. As you try to totally control love and to constantly pull the strings, you may lose the ingenuity and innocence which are necessary to nurture a relationship. You give proofs of your love in a very personal way and you never hesitate to use paradoxes to preserve the authenticity of your relations. You can anticipate problems and prevent difficulties.

★★★★★ Mercury conjunction Venus, orb 9° 53'

This aspect sensitizes you to games of seduction. You like to multiply romantic undertakings, you invent new reasons to seduce or to be seduced. Although your romantic life is not a model of stability, it is full of discoveries, varied emotions, both sensual and cerebral. You know how to earn your entourage's liking through your acute sensitivity. You play around with feelings, with relationships and with love... Mercury and Venus commonly share the capacity to sensitize to human topics. Your receptivity towards others is high. Your broad-mindedness goes hand in hand with your heart's generosity. You pay particular attention to the way people look at you and the effect you make when you meet or exchange with someone. Actually, you expect a lot from others: acknowledgement of your qualities, as well as esteem and consideration. You may also be touchy beyond what you may give to think. In many instances, relationship games may turn out to be more serious than expected.

★★★★★ Venus inconjunction Jupiter, orb -2° 14'

This Venus-Jupiter dissonance indicates a strong will to seduce. However, there may be discrepancies between your words and your actions, as well as between your behaviour and your instinctive reactions. You may be carried away by a maelstrom of emotions, feelings and pleasures and you do not consider the possible consequences of your superficial attitude. Therefore, the apparent state of grace may turn into delusion. Proprieties and necessities of the moment forbid you to experience your desires. What you deem reasonable does not suit your heart's impulses. What a dilemma... Hopefully, as time goes by, you may reconcile your desires, your life patterns and the reasons of your heart with those of your mind.

## The Way You Take Action and Your Sexuality

Uma Thurman, your mental activity is exuberant. Ideas are buzzing at high speed and you have the ability to think of several different things and to simultaneously process them. You are less interested in actions on the concrete or physical plane, because once you "see" a solution, its implementation is not that important any more since the crucial thing is that your mind remains bubbling with excitement. You are cerebral and curious and your sexuality is filled with fantasies, where pleasant ideas are mixed up with amplifying and enriching desires. Therefore, you are not simple but if your partner follows you, the

stake is really worth it. Verbal jousting, the pleasure to debate and to discuss are continuous, with you. The only danger is to irritate people who may not have your swiftness or your sense of humour.

Your energy and your capacity for action are at the service of your career and your destiny, Uma Thurman : No doubt, this is one of the simplest and most transparent planetary configurations. You do not hesitate. For you, action means climbing up the social ladder, sooner or later, winning the marshal's baton, defeating setbacks through efforts and work, and overcoming the obstacles on your path.

You get your reward by the sweat of your brow, and you are aware that it is no easy business. Your personal approach is that nothing can be achieved without an effort because you are wise enough to be aware of it.

It is so deeply rooted in you that you may feel that you will get nothing if you do not fight for it. You are right, actually, at least as far as you are concerned, because it is your manner. Your destiny implies many struggles, and you have the necessary courage to join battle. However, as time unfolds, try to be gentle with yourself and indulge in a few moments of well-deserved rest and respite!

★★★★★ Mars trine Uranus, orb -2° 03'

This harmonious Mars-Uranus aspect indicates an unshakable determination and the will to further your ideas through drastic, sudden, sometimes dramatic actions. You bend the string of your bow before taking action and you hit at the right time. The secret of your feats? An excellent command of your blitz actions. You concoct your plans in the dark, and then you move to an efficient and quick execution step that is often dazzling. You do not have the temperament of a loser. When you face an ordeal, you focus your entire energy and will on your unique aim: victory over any obstacle. This planetary configuration may lead to dangerous, even heroic actions. The danger is that you may over-estimate your strength or your chances for success.

★★★☆☆ Mars opposite Neptune, orb -7° 24'

You behave like a bohemian person and you are led by an ideal that you may not control. Your passions are undoubtedly sincere. However, you may target wrong objectives. You engage on hopeless struggles and meaningless confrontations. It is important that you watch out for fanaticisms from all sides and that you remain clear-sighted in the face of your exalted feelings. Your sincerity may work wonders when you champion lost causes. The most difficult thing is probably to keep your exacerbated sensitivity under control. Because you are deeply moved by facts, because you are sensitive to injustices and to the world's woes more than the average people, you embark on incessant battles, at the risk of undergoing a few delusions, on occasions.

★★★★★ Sun semi-sextile Mars, orb -1° 29'

This planetary Sun-Mars aspect reinforces courage, determination and energy. The need for action is obvious. Whatever your will designs is implemented with fieriness, despite all oppositions. You are decisive and wilful, even foolhardy. Your behaviour may be heroic: you know how to face adversity, to stand for your rights and your decisions, regardless of any confrontation you may have to cope with. The only danger may be that you overestimate your chances and your strength. But your audacity turns out to be rewarding, more often than not.

## Your Intellect and Your Communication Style

Your mind is calm and balanced; even though you assimilate slowly, your memory is remarkable. Your judgment is based on reflection and reason and draws on past experiences. Uma Thurman, you are a good adviser, a reliable person whom people can confide in discreetly. You are full of good sense, cautious, methodical and disciplined and you are able to carry many good projects to a successful conclusion. You are very opinionated and determined in your actions. However, your tendency for intolerance and prejudices may offend your entourage. They wish that you exercised more flexibility instead of systematically refusing what cannot be immediately checked. You usually express yourself with a lot of charm and this is what allows you to get people to better accept your well-established habits.

You have a roaming mind, Uma Thurman, in the best sense of the term: you are interested in higher knowledge, whether in the moral, spiritual, political or religious field. You are attracted to what is far away and you want to travel to discover new horizons. It is possible that, early in your life, there was a kind of rebelliousness against preconceived ideas and sometimes, against the education within your family.

You have broad and open ideas. No petty or too concrete thoughts for you! Going further and higher is what matters to you. In accordance with your childhood aspirations, as an adult, you are a great traveller, both in mental travels and physical ones. In all cases, the foreign world's riches stimulate you.

### ★★★★★ Moon square Mercury, orb -0° 03'

The Moon suggests relaxation, whereas Mercury implies a discoverer's mind. They both make sense and each one requires special attention, as they are sometimes upsetting. This Moon-Mercury aspect is likely to bring about nervousness or instability. Nervousness stems from the multiplication of your spots of interest and the perpetual restlessness of your mind, which prevents relaxation and well being from settling in. The outside world constantly appeals to your attention and you shift from one issue to another, to the detriment of your tranquillity. Therefore, it is important that you find the balance between two antinomial attitudes: letting-go versus curiosity, tranquillity versus communication. The new persons you meet with are not necessarily trustworthy and there is no certainty that the contact is harmonious. It is important that you use both influences alternately.

### ★★★★★ Mercury trine Pluto, orb 2° 36'

Gullibility does not belong to the collection of your faults! You have a good grasp of human mechanisms and you easily detect flaws, calculations and hidden motivations. Human relations are subtle, never black or white, always complex. You often speak in riddles or in negations and you prefer to use the ambiguous language of symbols rather than the simplistic clarity of words. In this way, you fuel your mystery. On the relationship plane, your strength lies in the delicate art of highlighting flaws, detecting what destabilizes the enemy or, on the contrary, identifying what is relevant to your friends. You are more interested in what is concealed than in what is openly said. More often than not, you exercise an indisputable clear-sightedness.

### ★★★★★ Mercury opposite Neptune, orb -7° 4'

With this Mercury-Neptune dissonance, relations may be distorted by the mirages of sensitivity. You have to make an effort to keep your objectivity. If this aspect is not well integrated, it may harm your good evaluation of human stakes. Your intimate beliefs may limit the dialogue, as if a very specific sensitivity prevented true communication. It may be difficult to find the right wording to express fragile and ineffable experiences. Imagination in power is not easy to share and the poetry of your speeches may

be beyond your audience's understanding!

★★★★★ Mercury sesqui-quadrate Uranus, orb -1° 58'

You are the champion for useless intellectual speculations, for crazy and revolutionary ideas. This Mercury-Uranus dissonance is the signature for an eccentric character, more ready to ridicule generally accepted ideas than to build up stable patterns. Your sense of humour reveals a critical and forceful mind. You can stand for an idea in the face of all opposition but you do not hesitate to support the opposite thesis the day after... with the same conviction. The coherence of your points of view is harmed by these spectacular reversals that constitute your speciality. In the relationship area, you may also provoke dramatic turns of events if your ideas are conflicted. The good news is that it seems difficult to convince you to accept points of view running counter to your principles. Intransigence also has its virtues.

## Your Goals, Motivations, Career, and Destiny

### Your Sun is posited in the 9th House

Uma Thurman, early in life, you apply to yourself the saying "No man is a prophet in his own country". Since you were a little girl, you had the impression that something in you was different and could not be understood by your close friends. Your natal environment prompts you to venture into unknown territories and remote lands, where you hope your real talents and qualities will be acknowledged.

You are more comfortable when you are away from home because of your rebellious mind, because you feel different or because of an awareness which stems from your good sense: what attracts you is far too original, compared to what your family or your roots may offer or may apprehend.

This peculiarity may take various forms, depending on your destiny and your personality: an inclination or a strong aspiration for distant trips, higher and abstract studies, higher knowledge, spirituality, philosophy, religion, moral or culture. You are also interested in occupations allowing you to meet your need to be elsewhere, physically or intellectually, such as for instance, the positions of ambassador, judge, exporter, philosopher, researcher, university teacher, reporter or in any job with the clergy.

It is clear that your social status can be improved in places located far from your home. Your ambitions are not hampered because you are favoured and predisposed for international contacts, or for contacts that are different from your natal environment. You have no problem learning foreign languages and you study this area with the certainty that you are forging valuable assets for the rest of your life.

Your self-assertion and your success go through experiences abroad or connected with foreigners.

As you mature, there is a spiritual, moral or intellectual brilliance linked to higher knowledge that radiates from you. It may also be due to the fact that you are dedicated to a noble cause for which you sincerely spare no effort.

When great planetary configurations of tension are formed in very few moments of your life, you may be affected by illnesses or fevers contracted abroad; or in your profession, where foreign matters are involved, you may have to bear the consequences of conflicts that tarnish your prestige or your honour.

What constitutes your strength does not exclude cautiousness. Too much ease may lead to unforeseen situations: even though this applies obviously to all life areas, it is certain that, when exotic trips are involved, or figuratively, when you take intellectual, moral or spiritual stands, you must cautiously step back and show restraint.

### **The ruler of your chart is in the 9th House**

The ruler of the Ascendant, also referred to as the chart ruler as explained in a previous chapter, is also posited in one of the twelve Houses of the chart. Just like the Sun in his House, the ruler of the Ascendant provides certain abilities, or it makes you appreciate more keenly certain areas of life.

The ruler of your Ascendant is in the same House as your Sun. This specific feature of your chart strengthens the Sun's characteristics previously delineated.

### **Aspects influencing your ambitions**

Regarding your destiny or your career, the following aspects of your natal chart allow to fine-tune what has just been said above:

#### **★★★★★ Sun conjunction Saturn, orb 2° 43'**

This aspect indicates a firm and discreet will, a rigorous and objective character. You are clear-sighted, particularly in difficult situations. You enjoy the moments of calm and solitude during which you can review your life at will. Your judgments are enduring and often extremist. You are outraged by injustice and inconsistency. When a problem arises, you do not take the easy way out with short-term solutions, on the contrary, you strive to solve the issue thoroughly. Better than anyone else, you challenge yourself, you review your choices and your attitudes. This is the reason why you are capable of handling crises and of overcoming any obstacle that requires an in-depth and relevant response. You may lack spontaneity but your behaviour reveals your wisdom. When you are facing an issue, you put forward the good question, to others, but also to yourself.

#### **★★★★★ Pluto trine Midheaven, orb -1° 15'**

Pluto is in soft aspect with your Midheaven, Uma Thurman. Your natural perspicacity and your propensity to move deeper into the understanding of all the things surrounding you may favour your career. Besides, in some circumstances, secret protections or relationships at work in the dark may very well help you climb up the stairs to success. At the same time, your intuition and your capacity to overcome pitfalls are your constant assets.

#### **★★★★★ Mercury conjunction Midheaven, orb 3° 51'**

With Mercury in conjunction with your Midheaven, Uma Thurman, it is obvious that your style of communication and your thinking process reliably serve the interests of your social ascent. The subtlety of your mind works wonders in society. You adapt yourself quickly, which favours your career and your ambitions in general. Your career or your social destiny may be linked to Mercurian values, meaning anything that has to do with communication, exchanges, dexterity, and short trips: journalist, recruiter, writer, television presenter, lawyer, postwoman, conjurer, juggler, reporter, advertising executive, real estate agent, consultant, etc.

★★★★★ Neptune opposite Midheaven, orb  $-3^{\circ} 48'$

Neptune is in opposition to your Midheaven, and therefore, he is at the same time in conjunction with your Imum Coeli which symbolises your roots, your family, the home where you were born, as well as the home you set up, Uma Thurman. Thus, this is not a dissonance strictly speaking, but a capacity of fusion with your original environment through emotion and instinct, and which you use amazingly well. There is a counterpart, of course, and with this configuration, you feel deeply comfortable at home, to the extent that you tend to set aside your professional goals, or to postpone them. Nevertheless, your empathy, your abilities to understand your close friends, and your propensity to create osmosis within your private sphere are very much worthwhile! You must not forget that, ineluctably, you must also plunge into the great bath of society and take a chance with people you do not know. Taking action in society is not necessarily in contradiction with feeling comfortable at home. You must totally integrate this truth in order to experience your professional life as successfully as your family life.

★★★★★ Venus conjunction Midheaven, orb  $6^{\circ} 01'$

With Venus in conjunction with your Midheaven, Uma Thurman, it is all your natural warmth, or just your natural way to express your feelings, that is well received in society. This usually enables you to shine with happiness in your professional circles, or to accomplish your social destiny with reliable assets. It may be that a female, or the fair sex in general, favours your career progression and helps you because your personality arouses spontaneous sympathy. The professions you thrive in are of a Venusian nature, meaning that you deal with the world of beauty, the arts, pleasures, fashion, aestheticism...

★★★★★ Moon square Midheaven, orb  $3^{\circ} 48'$

There is a dissonance between the Moon and your Midheaven, Uma Thurman. It may indicate a discrepancy between your sensitivity and the goals you set for yourself in life, although this dissonance seldom plays out dramatically. You may feel that your emotions sometimes catch you off your guard in society, and that the level of your popularity is not too satisfactory, without your knowing the reasons why. In some cases, females may thwart your social ascent.

★★★★★ Sun sesqui-quadrate Pluto, orb  $1^{\circ} 01'$

You are dealing with both sides of the coin. People are mistaken when they think that they know you well, because the image you project does not necessarily depict what you really are. You may look like any given model, whereas you actually consider social values to be empty and childish. Deep down, you are an anti-establishment person and you do not belong to the world and its laws. Or, on the contrary, you may project a more marginalized image and make it a point of honour to literally stick to your aspirations' ethics. You do not know who you are really, and where you stand. You may choose some sort of marginality, the adherence to another realm and a different scale of values. Unless you choose a life that apparently lives up to the expectations of others. In that case, you preserve a corner for your private secrets, with no norms, no fashion concerns, relationships off the beaten tracks, passions very removed from conventions. Your attitudes may seem paradoxical as you shift from commitment to refusal and from involvement to withdrawal.

★★★★★ Sun opposite Jupiter, orb  $-8^{\circ} 55'$

This Sun-Jupiter aspect indicates a strong desire for social and professional integration but it may cause a few difficulties of expression in that regard, owing to excesses or immoderation. There may be discrepancies between your objectives and the means implemented to achieve them. The danger of this configuration may be that you forsake an essential part of yourself for some ambitious but out of proportion plan. Too many efforts of adaptation and an excess of opportunism may make you miss the

target. It is important that you remain true to your values and that you do not seek, at any cost, to adjust your attitudes to the situation. However, do not fall into the opposite trap: a need for the absolute that forbids compromises, although they are so necessary. You must reconcile idealism with the demands of the moment, the respect for principles with the sense of timeliness. When this configuration is not well integrated, things get out of hand. Extravagances are glaring. They may translate into an exuberant, overly demonstrative disposition. Personal ambition turns into pride, and joviality becomes immoderation. Outbursts of anger are frequent. However, in a reserved and cautious context, this configuration reveals its positive nature.

## Your Assets and Your Part of Joviality

The present of the planet of Greater Fortune to you Uma Thurman, is the gift for investigation, the taste for mysteries and... the capacity to solve them. Your emotions are amplified and prompt you to take your actions to the end, without fear or restraint. You also have the talent to cleverly manage your financial investments. According to the Tradition, sexuality and sensuality are equally balanced with this lucky configuration. So enjoy and be happy!

Uma Thurman, the position of the planet of Greater Fortune in this astrological house brings about easy interpersonal relations, your siblings' love, great communication abilities within your neighbourhood, and pleasant short trips throughout your life.

The planet Jupiter symbolizes expansion, broadness and generosity. Jupiter is associated with the functions of synthesis, enthusiasm and optimism. In your natal chart, his house position is more important than his sign position because, like Saturn, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Jupiter in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Jupiter in Scorpio strengthens your emotional realm and your instinctive capacity to have more lasting and deeper feelings. Your sensuality and your sexuality are favoured by this configuration. You may enjoy strokes of luck in the areas of finance, speculations, investments and inheritances. More than anyone, you can deal with mysteries and anything linked to the unknown.

## Your Serious Side

Material, practical or frivolous matters (comfort etc.) are highlighted. Obstinacy, even stubbornness, and the instinct of possession may get you into trouble. On the other hand, you can learn how to step back and to improve the practical management of your assets.

Despite what you may say, Uma Thurman, you perceive all things foreign or remote as worrisome, and during the first part of your life, you do not travel, or you do not enjoy travelling. Your sober, sometimes conformist concepts of things and persons can hardly reconcile with the spirit of adventure, or with amazing and unknown events linked to foreign matters, both literally and figuratively.

With time, you become more and more interested in what you do not know and you often use your

natural rigour and seriousness to gain higher knowledge in the fields of moral, philosophy, religion, or politics. During the second part of your life, your reluctance for long-distance trips may turn into a thirst for discoveries and an unbridled freedom to bite, at long last, into the fruit that used to seem so dreadful to you.

The planet Saturn symbolizes contraction, effort, time, limitation and concentration. Saturn eliminates anything that is not authentic, sooner or later. It is impossible to cheat him as he gives an irresistible desire to form a coherent whole with oneself, in responsible and wise ways. He is the great purifier. He represents our limitations but also our truth. In your natal chart, the house position where Saturn is posited is more important than his sign position because, like Jupiter, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Saturn in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Saturn in Taurus decreases your appetite for material things but he endows you with more caution and wisdom in the financial area in general. He also gives you a more obstinate and deeper nature.

## **A Few Special Points**

### **Your Uniqueness and Your Utopias**

Material topics often take an unexpected turn and may even thrive in sudden and exceptional ways. Conversely, they may also cause serious troubles. This area of your life is filled with ups and downs.

On a more symbolical plane, your attachments to people, as well as your sensual behaviour, are devoid of conventional steadfastness and quietness: you may be possessive or surprisingly detached. You are impossible to categorized and you are definitely special.

### **Your Inspiration and Your Illusions**

Your vision of your childhood home, or of your father, is quite vague, but your emotions in these areas are intense. There is a vital need for you to feel comfortable at home because, otherwise, you tend to imagine horrors that exist only in your mind!

You may encounter complications, lack of understanding, or mystery regarding your origins or your real estate. In any case, it is hard for you to discern when you are "at home" and, even when all is well, you tend to idealize your household.

### **Your Passion and Your Authority**

This configuration may equally indicate an extreme greed for material gains or, on the contrary, a complete lack of interest in them. Your relationship to money may be secretive and obsessive.

You may earn huge amounts of money, with stubbornness and harshness, in a concealed but actual way,

or in the darkness of risky speculations; in all cases, your attitude towards your earnings is... passionate, although you do not acknowledge it. The danger is that you may lose a lot. However, it is only when one is prepared to lose that one has a chance to gain a lot, and you certainly know it.

On a more symbolical plane, your sensuality and your possessiveness may be particularly strong. It is advisable that you step back, in order to become able to retain only the best of this configuration.

## Your Isolated Planets

In general, the ten planets of the chart are connected to other planets by major or minor astrological aspects. It is owing to those ties that the planets' energies can manifest in the chart owner's personality and play out within safeguards according to a specific tonality.

It seldom happens that in a natal chart, a planet is totally disconnected from the nine other planets.

Astrologers have observed that when such a case occurs, the person feels the energy of the unaspected planet in quite a singular way, very jerky and powerful at the same time. Thus, for instance, the famed astrologer Jean-Baptiste Morin de Villefranche wrote that "an unaspected planet heralds that something strange or extraordinary will take place regarding the meanings of the house in which the said planet is posited" (source : l'astrologie selon Morin).

Rules for detecting an unaspected planet: among all the testimonies that we have reviewed to this day, based on our experience, we tend to agree with American astrologer Janis Huntley who accepts seven aspects, which involve the zodiacal twelve sections of 30 degrees. The aspects to be considered are the conjunction (0 degree, cooperation or tension), the semi-sextile (30 degrees), the sextile and the trine (60 and 120 degrees respectively, aspects of cooperation), the square and the opposition (90 and 180 degrees respectively, tensed aspects), and the quincunx (150 degrees, slightly tensed). In this detection, the chart's angles are not taken into account.

In any case, it is important to remember that an isolated planet clearly expresses its influence when it is a personal planet. Thus, when the Sun, the Moon, Mercury, Venus, or Mars is isolated, it is certain that the effects described by Jean-Baptiste Morin de Villefranche will become manifest. As for Jupiter, Saturn, Uranus, Neptune, and Pluto, one must be cautious because the volume of cases documented is not yet large enough.

Your chart has no isolated planet, and this particular case does not apply to you.

## Annex 1: Your Minor Dominants

The five following dominants are less significant than those described at the beginning of your report. They may not be strongly felt. In some cases, they add several minor details to the analysis of your character, but they are rather for curiosity purposes. It is not necessary to take them into account when you first read your portrait.

### Your Planetary Repartitions: Northern, Southern, Eastern and Western Hemispheres

The axis linking the 1st house's cuspid (the Ascendant) to the 7th house's cuspid - the Descendant - divides the zodiac into two bowls, a superior bowl, in the South, and an inferior bowl in the North. Quoting an expression by the famous American astrologer Rudhyar, the Southern part and the Northern part correspond to two functions: "being" and "doing". Other concepts are also associated with this North and South distribution, such as introversion - Northern hemisphere - and extraversion - Southern hemisphere - being or appearances, inner life or external life, reflection or action, dreaming one's life or living one's dreams, the abstract or the concrete, backstage or limelight.

This is not about determination but about personal inclination: thus, some people will be thrown into public life despite a prominent Northern hemisphere. If this happens, however, it will not be due to their will, their taste or their deep nature. Conversely, a prominent Southern hemisphere will not bring about a famous destiny to its owner, even if he tends to turn the spotlight on himself, or if he looks for a more active life. It is a matter of deep nature and natural inclination. Of course, none of the typologies is "superior" to another.

In your birth chart, Uma Thurman, the ten main planets are distributed as follows:

### Your Northern and Southern Hemispheres

Uma Thurman, the predominance of planets in the Southern hemisphere prompts you to take action, to draw attention on yourself, and to make your actions and what you have in mind visible to everyone. Sometimes, without giving a single thought to, and to the detriment of, a richer inner life and a deeper and wiser reflection. Action and communication are inevitable in your opinion and you tend to think that the only thing that matters is what is seen! This is not always true, and it is up to you to progress through the development of inner qualities such as meditation, solitude and imagination so as to become stronger.

The birth chart is divided into two other parts, Eastern and Western, by the axis linking the Midheaven to the Imum Coeli.

The Eastern part, on the Ascendant side, shows the person's ego, will, magnetism, and vitality, whereas the Western part, on the Descendant side, symbolizes other people, communication, relationships and their influence, as well as flexibility and adaptability.

Uma Thurman, here is the planetary repartition in your Eastern and your Western hemispheres:

### Your Eastern and Western Hemisphere:

Uma Thurman, the East and West sides are well balanced in your chart. This means that you are not too determined or authoritarian, and that you are neither impressionable nor fragile. You are capable of taking decisions, in full awareness, without anyone's help when circumstances so require. However, you have no problem taking your entourage's viewpoints into consideration, with tact and intelligence.

### Your Yin and Yang Polarity

The twelve signs are divided into two polarities, called active or passive, or sometimes masculine and feminine, positive and negative, Yang and Yin. This classification corresponds to two quite distinct tonalities, the first one bringing extraversion, action, self-confidence and dynamism, the second one, introversion, reactivity, reflection and caution. None is superior to the other, each group has its own assets and shortcomings. Odd signs - Aries, Gemini, Leo, Libra, Sagittarius and Aquarius - belong to the first group, whereas even signs - Taurus, Cancer, Virgo, Scorpio, Capricorn and Pisces - belong to the second group.

## Your Yin and Yang Polarity

According to the disposition and qualities of your planets and angles, you are rather influenced by Yin energy, the passive polarity, Uma Thurman: you are quite introverted, imaginative and sometimes discreet, but you are a deep and wise person who is not content with just noisy and flashy things. At times, you doubt but you think that those who don't are a bit... thoughtless. Allow yourself to take more laid-back attitudes and put your reserve aside, because good equilibrium is always healthier.

### Your Houses' Accentuations

Houses are split up into three groups: angular, succedent and cadent.

The first ones are the most important ones, the most "noticeable" and energetic houses. They are the 1st, 4th, 7th and 10th houses. Their cusps correspond to four famous angles: Ascendant for the 1st house, Imum Coeli for the 4th house, Descendant, opposite the Ascendant, for the 7th house and Midheaven for the 10th house, opposite the Imum Coeli.

Planets are evaluated according to a whole set of criteria that includes comprehensive Western astrology rules. At their turn, planets emphasize specific types of houses, signs, repartitions etc., as previously explained.

## Your Houses' Accentuations

Cadent houses, namely the 3rd, 6th, 9th and 12th houses, are very emphasized in your chart, Uma Thurman. They indicate important potential for communication, adaptability and flexibility. These houses are symbolically linked to the mind and intellect. The relative weakness implied by these characteristics indicates your tendency to hesitate or to be indecisive, but also your remarkable ability to start off again, which is a nice quality, finally: you can easily get yourself out of a tight spot thanks to your mobility and casualness, in the best sense of the term. This group of houses corresponds to evolutionary characteristics of your personality. However, they are only indications and you must include them in the rest of your chart in order to see whether they are validated or not!

### Your Esoteric Decanates

Each sign contains 30 degrees and can be divided into three equal parts: the decanates. The Tradition indicates that specific meanings can be associated to each of the three decanates. Their sphere of activity is usually limited to the Sun sign, however, it is even more interesting to observe the distribution of all the planets in the chart to get an idea of the respective importance of the three decanates, which can complement the description of the personality.

These meanings must be considered with the greatest caution. Indeed, they are minor characteristics that can only underline other outstanding traits of character.

Traditionally, the first decanate highlights the characteristics of the sign where a planet is located. The two other decanates correspond to sub-dominant planets, depending on the nature of each sign. This system leads to a multiplication of meanings and it is impossible to have a clear understanding: here, we prefer to give only the meaning of one decanate in comparison with the other two, within the birth chart as a whole. Again, the greatest caution is needed with regard to this minor indication as it is not always reliable: it is not essential that you read these texts in the beginning. You can get back to them later on, once you have read more important interpretations

### Your Esoteric Decanates

The first decanate, which means the part between 0° and 10° of any zodiacal sign, prevails in your natal chart, Uma Thurman: this decanate is traditionally linked to vitality and physical constitution, and may indicate that you efficiently express your concrete energy on the material and sensual planes.

## Annex 2: Karmic Study

The karmic theme is a good complement to the psychological portrait, or natal chart. This analysis is based on the positions of the Lunar Nodes, the Black Moon and the Part of Fortune: they are also called fictitious points and describe the spiritual purpose of your destiny. Because there is in all of us an experience and a quest, our life is an evolutionary journey... provided that we head towards the right direction, of course! Indian astrologers highly prize the Nodes axis (North Node and South Node). It is the Ariadne's thread that we are invited to follow. The Black Moon indicates the sector where we are most likely to transform or to transcend, whereas the Part of Fortune points out the area where we can easily express our specificity.

### The Lunar Nodes: a spiritual path

Lunar Nodes have their roots in the Indian tradition and they are based on a simple concept: each of us have a mission of their own, here on earth, a destiny, a course. According to the Indian philosophy, life is a school: the nodal axis describes our past experiences (South Node, our karma, our spiritual inheritance or our previous lives), and our aims on earth (North Node, our Dharma, the purpose of our current incarnation). This is the reason why the study of the lunar nodes is called "Karmic astrology". Here, we shall not step into hypothetical past lives. Wherever our current trends may come from, all that really matters is that we become aware of the purpose of our life, its finality and our dharma. We are likely to understand our life purpose around the age of 37, when the Lunar Nodes return to their natal position.

Your doings indicate the challenge to dedicate an important part of yourself to devotion and abnegation. Life imposes a few sacrifices on you, whether agreed upon (and voluntarily taken up) or imposed by daily vagaries. Very early you showed a sharp critical sense and your attitudes were rational, logical and reasonable, although individualistic. As time goes by, you learn to make concessions and to offer an essential part of yourself so as to outgrow the "every man for himself" principle. Ordeals are meaningful: people may not respond to your games and your entourage may thwart your plans and your ambitions... You may need to achieve the "old souls" detachment, those beings who have learnt that only essentials are to be kept – inner life or survival- and who know that this world "petty things" are vain. Better than anyone else, you cope with situations of crisis because, whatever the circumstances, there is a hidden spiritual dimension and a springboard for evolution. You will slowly get to know the art of accepting things without going back on what you have said or done. Compassion and altruism become the central theme of your life.

During the first part of your life, you manifested an acute sense of challenge, a taste for personal initiatives and an unflinching fighting spirit: these qualities prove helpful in handling any possible setback today. However, you must make an effort to accept your entourage and adopt more open and accommodating attitudes! Life teaches that you must become more sociable and develop the flexible behaviour that you lack. Do not play around with mavericks; It is important that you earn your close friends' affection and that you rely on their collaboration. You slowly become more aware of other people's reasons, of their desires and their concerns. Your destiny may be influenced by relationships. If you had a tendency to provoke people or events, now you have gained complementary qualities: diplomacy and human tact, cleverness in the art of reconciling opposite views. It is true that it required a huge personal effort!

## **Lilith or the Dark Moon**

The Black Moon is the spark of refusal and distance that is dormant in all of us. Depending on the sign where she is found in your chart, she highlights the desire to transform and to sublimate a part of your life. The Black Moon is unfathomable and mysterious. She gives a different dimension to the sector she touches. Her manifestations are subtle; nonetheless, she is powerful, implacable, demanding to the extreme... The Black Moon is also called Lilith. She is the inner flame of your heroism and insubordination.

One of the main drives of your life is your rejection of mediocrity: the intention is commendable although it is two-edged. You attach so much importance to charisma that you may reject a person whom you deem – wrongly – unworthy of your esteem! If you avoid this trap, the requirements that you demand from yourself as well as from your close friends become an exceptional springboard for evolution.

The Black Moon here readily sacrifices the ties of this world to the essential: spiritual life and renunciation, fusion into an ideal. Your dreams are strange: life vagaries do not matter since your quest is internal. In the course of your progression, you may often show an unusual faculty of detachment. Although the reasons why you give up a given road for another one may not be always understood... though deep down, you know the reason why.

## **The Part of Fortune in House**

The Part of Fortune is a very ancient fictitious point that depends on the lunar phase at the time of birth. The astrological house tenanted is particularly strengthened. In your chart, the Part of Fortune is in the 10th house: you give top priority to your social status and to the level of your "rank". You are very ambitious and you have every chance to achieve social and professional successes. You identify yourself with the part you are to play and with the expectations of your environment. Therefore, you can fully blossom through the adherence to the collective pattern that you are the first one to understand and that you personify. In other words, deep down, you are what your entourage admires and respects: you have a job that is "under the spotlight" and you fulfil your responsibilities as if you were in charge of a "mission".

## **Retrograde Planets**

The karmic tradition insists on the issues related to the so-called retrograde planets. They are considered to be the inheritance of a past that was not well experienced, a sort of unfinished business. The interpretations of the retrogradation may seem negative or excessive to you. However, you may relate to a scenario that you have often and repeatedly experienced... as if you underwent several setbacks that all have the same cause. Until the day you become aware of it and you can free yourself from it! Through the slow integration of these planetary energies, you will be able to overcome your difficulties and to pay your karmic debt. Actually, each retrograde planet highlights an opportunity for evolution. Nothing can be achieved without the will to grow spiritually and to defeat your own demons.

The planet Mercury was retrograde on the day of your birth. You probably have to make an effort to harmonize your relations: you are prone to screen others with a critical eye and you do not overlook the slightest flaw. You are exceedingly clear-sighted and you approach your contemporaries with distance rather than with natural. This type of behaviour may be an asset: your enquiring and picky mind prevents you from being too gullible. However, your reservations may impede your communication. As

time goes by, you learn to establish contacts more spontaneously. During your childhood, you faced problems of expression in your heart of hearts: your doubts prompted you to project an image that was out of touch with the reality... turbulent or withdrawn, you could hardly establish conventional ties. As an adult, you are in a better control of these elements. You still have to find the right way to tell who you really are: this is how you can improve your relationships.

With Jupiter retrograding on the day of your birth, the lesson is about grasping the opportunities that are offered to all of us but that some people take advantage of, while others don't. Persons who quickly adjust to circumstances are more likely to achieve their ambitions than those who need to be encouraged to take action. During your childhood, you may not have efficiently responded to life's concrete enticements, leaving other "luckier" people to achieve what you were dreaming of. You preferred to enjoy yourself, here and now, rather than to look for new paths of development or exploration. It is possible that you were not optimistic enough. Enterprising minds were alien to you... Later, you find out that, indeed, you give little importance to the credit of the frenzied expansion praised by the modern world. Your path is not oriented towards personal prestige. With subtlety, you integrate non-material values and you accept well the fact that you missed past opportunities.

Uranus was retrograding on the day of your birth: you have the soul of a rebel and your behaviour may often be tyrannical or extremist. Your manner has brought you setbacks. You lack the flexibility that spares you the pain of forcing your ways through events. The danger may be that you get trapped into rigid patterns and into personal logics incompatible with others'. This is precisely what your life's lesson is about: as years go by, your judgments are more qualified and your attitudes become less cut-and-dried, less stubborn. You must lose the essentially individualistic character of your childhood and be more open to other people's ideas and problems. In other words, a path of love. Without losing your remarkable resolution, you must practice some form of renunciation and be sensitive to various logics that constitute the wealth of your social life.

Neptune retrograding concerns spirituality. You may have expressed early in life a few reluctances about the subtle world of faith. You may have ignored destiny's signs and winks and you preferred to stick to your certainties, to a rigorous and objective control of your life. You dread your own aspirations and you readily trust others': this causes a lack of autonomy and the feeling that you may not receive as much as you give. However, several delusions teach you that you must relativize your calculating and methodical attitude and open up to the irrationality of love in order to find an inner and more spiritual progression. Embracing the invisible is a process that unfolds as years and experiences go by. Your own generosity increases as you become aware of your entourage's generosity.

Pluto retrograde suggests power issues and mishandled relations: for you, everything comes down to power struggles, submission and domination, Machiavellian manoeuvres, including within your couple... The results are complex behaviours and an obsession for the power to influence people. Yet, life teaches that you must simplify your relations and adopt more transparent attitudes and healthier desires... As years go by, you will tend towards more simplicity and you will slowly discover that human energy can, and must, be at the service of the good, or of well being, in compliance with our individual progression.

**N.B:** modern astrology attaches less and less importance to the principles of retrograding planets.

## Conclusion

A few remarks are needed here in order to allow you to fully take advantage of your astrological portrait: firstly, do not forget that a birth chart is also a photograph of the sky at birth and a structure that not only contains the personality's characteristics, but also its potential evolution.

We all know that, in real life, people begin to know themselves when they are in their forties, or even later. Likewise, several traits of character in a portrait may seem surprising: in most cases, it means that such features are not yet developed.

Some personalities reveal themselves late in life, whereas others are more precocious. It must be remembered that psychological structures are in a state of continuous evolution because they are influenced by unfolding events and gradual maturity. We can never underline strongly enough the "mobile" nature of the personality, throughout a lifetime.

On the other hand, it is difficult to discriminate what is "already present" at this moment in your life when you are reading your chart's interpretation, from what will appear later in the logic of your evolution: you must sort out all the pieces of information provided and, in most cases, you will see that your astrological portrait is helpful for your endeavours to know yourself better.

Finally, several readings of an astrological portrait are usually necessary in order to absorb all its different meanings and to evaluate the relevance of each character trait.

In any case, better self-knowledge obviously contributes to faster personal blossoming, and it is undoubtedly one of astrology's major roles: contributing to know oneself better, in order to improve more rapidly, to deal with one's weaknesses and to avoid its drawbacks, and to take advantage of one's assets as efficiently as possible.
